No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investment in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue, including the risks involved. The Equity Shares in the Issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Red Herring Prospectus. Specific attention of the investors is invited to "Risk Factors" beginning on page 22.

COMPANY'S AND SELLING SHAREHOLDERS' ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Red Herring Prospectus contains all information with regard to our Company and the Issue, which is material in the context of the Issue, that the information contained in this Draft Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect. Each of the Selling Shareholders, severally and not jointly, accepts responsibility for and confirms the statements made by it in this Draft Red Herring Prospectus to the extent of information specifically pertaining to such Selling Shareholder and its respective portion of the Offered Shares and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect.

CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Certain Conventions

All references in this Draft Red Herring Prospectus to “India” are to the Republic of India; to the “U.S.”, “USA” or “United States” are to the United States of America and to the “U.A.E.” are to the United Arab Emirates. All references to the “Government”, “Indian Government”, “GOI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time. Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless the context requires otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Unless otherwise stated or context requires otherwise, the financial data included in this Draft Red Herring Prospectus is derived from our Restated Financial Statements. The Restated Financial Statements have been prepared, based on financial statements for the Fiscals 2020, 2019 and 2018 in accordance with Ind AS notified under section 133 of Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and other applicable provisions of the Companies Act, 2013, if any.

There are significant differences between Ind AS and US GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or US GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

EBITDA presented in this Draft Red Herring Prospectus is a supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, IFRS or US GAAP. Furthermore, EBITDA is not a measurement of our financial performance or liquidity under Ind AS, IFRS or US GAAP and should not be considered as an alternative to net profit/loss, revenue from operations or any other performance measures derived in accordance with Ind AS, IFRS or US GAAP or as an alternative to cash flow from operations or as a measure of our liquidity. In addition, EBITDA is not a standardised term, hence a direct comparison of EBITDA between companies may not be possible. Other companies may calculate EBITDA differently from us, limiting its usefulness as a comparative measure.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals, including percentage figures, have been rounded off to the second decimal.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year; accordingly, all references to a particular financial year or fiscal, unless stated otherwise, are to the 12-month period ended on March 31 of that year.

Unless the context requires otherwise, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 22, 113 and 270, respectively, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of the Restated Financial Statements.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” are to United States Dollar, the official currency of the United States;

Except otherwise specified, our Company has presented certain numerical information in this Draft Red Herring Prospectus in “million” units. One million represents 1,000,000 and one billion represents 1,000,000,000.

Exchange Rates

This Draft Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, as at the dated indicated, the exchange rate between the Rupee and the U.S. dollar:

(in ₹)			
Currency	As on March 31, 2020	As on March 31, 2019	As on March 31, 2018

On instances where the given day is a holiday, the exchange rate from the previous working day has been considered.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Draft Red Herring Prospectus has been obtained or derived from publicly available information as well as various industry publications and sources. Further, information has also been derived from report dated September 22, 2020, titled “India Solid Waste Management Review” by Frost & Sullivan, which has been commissioned by our Company. For risks in relation to commissioned reports, see “This Draft Red Herring Prospectus contains information from the “India Solid Waste Management Overview” Report prepared by Frost and Sullivan, which we have commissioned” on page 26. The Frost & Sullivan Report is subject to the following disclaimer:

“This independent market research study “India Solid Waste Management Overview” has been prepared for the proposed initial public offering of equity shares by Antony Waste Handling Cell Limited (the “Company”).

This study has been undertaken through extensive primary and secondary research, which involves discussing the status of the industry with leading market participants and experts, and compiling inputs from publicly available sources, including official publications and research reports. The recipients should not construe any of the contents in this report as advice relating to business, financial, legal, taxation or investment matters and are advised to consult their own business, financial, legal, taxation, and other advisors concerning the transaction.”

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable, but their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although the industry and market data used in this Draft Red Herring Prospectus is reliable, it has not been independently verified by us, the Book Running Lead Managers, or any of its affiliates or advisors. The data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable.

The extent to which the market and industry data used in this Draft Red Herring Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data

gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*” beginning on page 22. Accordingly, investment decisions should not be based solely on such information.

FORWARD-LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “will”, “will continue”, “will pursue”, “seek to” or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans, prospects or goals are also forward-looking statements. Moreover, all forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results of operations may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated without expectations with respect to, but not limited to, regulatory changes pertaining to the logistics sector and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our Company’s exposure to market risks, general economic and political conditions in India which have an impact on our Company’s business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industry we operate in.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- Municipal Solid Waste (“MSW”) projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new projects are not awarded to us or if contracts awarded to us are prematurely terminated;
- Most of our projects are awarded by various Municipalities. Many Municipalities have been struggling to fund various solid waste management projects from their own revenue receipts. Hence, Municipalities are highly dependent on state/central grants/budget allocation to fund various projects. Any adverse change in government policies or focus, delay in payment may adversely affect our business, financial condition, results of operations and prospects;
- Our projects are exposed to various implementation and other risks and uncertainties, which may adversely affect our business, financial condition, results of operations, and prospects;
- We may be exposed to liabilities arising under our warranties/claims, which may adversely affect our business, financial condition, results of operations and prospects;
- Uncertainty in relation to continuing effect of the COVID-19 pandemic on our business and operations;
- Our Company, Subsidiaries, Directors, Promoters and Group Companies are involved in certain outstanding legal proceedings, which if determined adversely, may adversely affect our business, financial condition, results of operations and prospects;
- Our actual cost in executing a contract may vary substantially from the assumptions underlying our bid. We may be unable to recover all or some of the additional expenses, which may have an adverse effect on our business, financial condition, results of operations, and prospects; and
- We have significant working capital requirements. If we experience insufficient cash flows to enable us to make required payments on our debt or fund working capital requirements, there may be an adverse effect on our business, financial condition, results of operations and prospects.

For further details, see “Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 22, 113 and 270, respectively. By their nature, certain risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectation reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on the management's beliefs and assumptions, which in turn are based on currently available information. Although the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Selling Shareholders, the Book Running Lead Managers, the Syndicate Members nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations and the SEBI Listing Regulations, our Company and the Book Running Lead Managers will ensure that investors in India are informed of material developments from the date of this Draft Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges. In accordance with requirements of SEBI and as prescribed under applicable law, each of the Selling Shareholders shall ensure that the Bidders in India are informed of material developments, in relation to statements and undertakings specifically undertaken or confirmed by each of the Selling Shareholders in relation to itself and its respective Offered Shares in the Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges. Only statements and undertakings which are specifically "confirmed" or "undertaken" by the Selling Shareholders, as the case may be, in this Draft Red Herring Prospectus shall be deemed to be statements and undertakings made by the Selling Shareholders.

SUMMARY OF THIS DRAFT RED HERRING PROSPECTUS

Unless otherwise stated or the context otherwise requires, references in this section to “we”, “our” or “us” refers to our Company. This section should be read in conjunction with the sections titled “Risk Factors”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 22, 89 and 270 of this Draft Red Herring Prospectus, respectively, as well as the Restated Financial Statements included in “Financial Statements” beginning on page 178 of this Draft Red Herring Prospectus.

1. Summary of our Primary Business and the Industry in which we operate:

We are one of the top five players in the MSW management industry, providing full spectrum of MSW services which includes solid waste collection, transportation, processing and disposal services across the country, primarily catering to Indian Municipalities. We primarily undertake MSW collection and transportation projects, MSW processing projects and mechanized sweeping projects through ourselves and/or our Subsidiaries. Our Company has undertaken more than 25 projects as of August 31, 2020, of which 17 are ongoing. We also have one upcoming project.

Urbanization is a critical factor driving the MSW generation in the country. Changing lifestyle patterns, increasing disposable incomes, have paved way for consumerism, have also contributed to waste generation in urban India. MSW generation is expected to grow at a CAGR of 8.9 % (FY 2020-25) to reach 115 million TPA by FY2025. The MSW Management market is estimated at INR 50,000 million for FY2020 and is expected to reach INR 98,000 million by FY 2025 at a CAGR of 14.4%. Increasing participation of professional players in collection and transportation services and development of scientific recycling and disposal methods for management of MSW is expected to be key driver for the market. SECTION II: RISK FACTORS

This section describes the risks that we currently believe may materially affect our business and operations. An investment in Equity Shares involves a high degree of risk. You should carefully consider the following, in addition to any forward-looking statements and the cautionary statements in this Draft Red Herring Prospectus and the other information contained in this Draft Red Herring Prospectus, before making any investment decision relating to the Equity Shares. Prospective investors should read this section in conjunction with the sections “Our Business”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 113, 89 and 270, respectively, as well as other financial and statistical information contained in this Draft Red Herring Prospectus. Prospective investors should carefully consider the risks and uncertainties described below, in addition to the other information contained in this Draft Red Herring Prospectus before making any investment decision relating to our Equity Shares. The occurrence of any of the following events, or the occurrence of other risks that are not currently known or are now deemed immaterial, could cause our business, results of operations, cash flows, financial condition and prospects to suffer and could cause the market price of our Equity Shares to decline or fall significantly and you may lose all or part of your investment. This Draft Red Herring Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. See “Forward-Looking Statements” beginning on page 16.

*The risks described below are not the only ones relevant to us or the Equity Shares. Additional risks that may be unknown to us and some risks that we do not currently believe to be material could subsequently turn out to be material. Some risks may have an impact which is qualitative though not quantitative. Although we seek to mitigate or minimize these risks, one or more of a combination of these risks could materially and adversely impact our business, financial condition and results of operations. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Offer, including the merits and risks involved. Investors should pay particular attention to the fact that our Company is an Indian company and is subject to a legal and regulatory regime which in some respects may be different from that applicable in other countries. Investors should consult tax, financial and legal advisors about the particular consequences of an investment in the Issue. Our Company had filed a draft red herring prospectus dated December 24, 2018 with SEBI and Stock Exchanges and a red herring prospectus dated February 26, 2020 with RoC, SEBI and Stock Exchanges (“**Erstwhile Offer Documents**”). However, the same was subsequently withdrawn pursuant to the resolution passed by the IPO Committee dated March 16, 2020. Bidders are advised not to place any reliance on the Erstwhile Offer Documents and refer to this Draft Red Herring Prospectus in relation to the Issue and details with respect to our Company.*

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section.

Internal risk factors

- 1. We are dependent on municipal authorities for a substantial proportion of our business and revenue. Many Municipalities have been struggling to fund various solid waste management projects from their own revenue receipts and are highly dependent on state/central grants/budget allocation. Any decline in the budgetary allocation towards MSW projects will have a material adverse impact on our business, financial condition, and results of operations.***

Our business and revenues are substantially dependent on projects awarded by municipal authorities. We expect that contracts awarded by municipal authorities will continue to account for a substantial proportion of our business.

Traditionally in India, municipal waste management services have been controlled by relevant municipal corporations. Municipalities have been responsible for developing action plans for MSW management. Municipalities need an adequate and recurrent cash flow to provide a service. Poor property tax collection record among municipalities has resulted in negligible revenue generation for them. Many Municipalities have been struggling to fund various solid waste management projects from their own revenue receipts. On average municipalities in India generate only 39% of the funds they spend. Hence, Municipalities are highly dependent on state/central grants/budget allocation to fund various infrastructural projects. Moreover, funds allocated by state or central governments are primarily used in infrastructural projects such as building roads and bridges and less toward SWM projects (**Source: Frost & Sullivan Report**). Any adverse changes in municipal policies, expenditures or fund allocations may lead to our agreements being restructured or renegotiated or terminated and could materially and adversely affect business, financial condition and results of operation.

2. ***MSW projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new MSW projects are not awarded to us.***

MSW projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. While track record, experience of project execution, adequate infrastructure service quality, health and safety records, qualified and experienced personnel including technical staff, and sufficiency of financial resources are important considerations in awarding contracts, there can be no assurance that we would be able to meet such technical and financial qualification criteria, whether independently or together with other joint venture partners. Further, once prospective bidders satisfy the prequalification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are onetime non-reimbursable costs. We cannot assure you that we would be bidding for projects, where we are pre-qualified to submit a bid, or that our bids, when submitted or if already submitted, would result in projects being awarded to us.

3. ***We depend on a limited number of customers for a significant portion of our revenue. The loss of any of our major customer due to any adverse development or significant reduction in business from our major customer may adversely affect our business, financial condition, results of operations and future prospects.***

We have in the past derived a significant portion of our revenue from limited number of customer and we may continue to derive a significant portion of our revenue from such customer. The top five clients contributed, 90.78%, 93.70%, and 81.76% of our total revenue in Fiscal years 2018, 2019 and 2020 respectively as per the Restated Financial Statements. As our business is currently concentrated to a select number of customers, any adverse development with such customer, including as a result of a dispute with or disqualification by such major customers, may result in us experiencing significant reduction in our cash flows and liquidity. If our customers are able to fulfil their requirements through any of our existing or new competitors, providing MSW services with better quality and / or cheaper cost, we may lose significant portion of our business.

Substantial portion of our business contracts are with municipal authorities. Thus, we derive a high proportion of our revenues from a small number of customers. Our major contracts relate to cleaning, sweeping, collection, transfer, disposal, aggregation and treatment of waste awarded by regional government authorities and agencies like Municipal Corporation of Greater Mumbai, Navi Mumbai Municipal Corporation, Thane Municipal Corporation, New Okhla Industrial Development Authority, Nagpur Municipal Corporation, Pimpri Chinchwad Municipal Corporation, etc. Government projects are typically awarded through a bidding process where the tender documents specify certain pre-qualification criteria which may vary from client to client and from project to project. Our business therefore requires that we satisfy the pre-qualified status with key clients. The loss of significant clients, or projects from such clients for any reason, including as a result of disqualification or dispute, may have a material and adverse effect on our business and results of operations.

4. ***We operate in limited geographies for a significant portion of our revenue. Projects in new geographies may not be as profitable as the current major contracts that our Company has.***

Our clients are based out of limited geographies and we work with limited municipal corporations. Our major contracts have been with agencies such as Municipal Corporation of Greater Mumbai, Navi Mumbai Municipal Corporation, Thane Municipal Corporation, New Okhla Industrial Development Authority, Nagpur Municipal Corporation, Pimpri Chinchwad Municipal Corporation, etc. Exposure to projects in new geographies and with other municipal corporations may not be as profitable as our current contracts. This may have a have a material adverse effect on our business, results of operations and financial condition.

5. ***The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.***

In latter part of calendar year 2019, COVID-19 emerged and by March 11, 2020 was declared a global pandemic by The World Health Organization. Governments and local governing bodies around the world instituted measures in an effort to control the spread of COVID-19, including quarantines, shelter-in-place orders, school closings, travel restrictions, lock down of cities and closure of non-essential businesses. By the end of March, the macroeconomic impacts became significant, exhibited by, among other things, a rise in unemployment and market volatility. The outbreak of COVID-19 in many countries, including India, the United Kingdom and the United States, has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global

economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally. On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy remain unknown and no prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced.

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could materially adversely affect overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our clients and service providers, which could adversely affect our business, financial condition and results of operations. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and shutdowns. These measures have impacted and may further impact our workforce and operations, the operations of our clients, and those of our respective service providers. There is currently substantial medical uncertainty regarding COVID-19 and no government-certified treatment or vaccine is available. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities used for our operations. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession. The spread of COVID-19 has caused us to modify our business practices (including employee travel, employee work locations, and cancellation of physical participation in meetings, events and conferences), and we may take further actions as may be required by government authorities or that we determine are in the best interests of our employees, customers, partners, and suppliers. There is no certainty that such measures will be sufficient to mitigate the risks posed by the outbreak, and our ability to perform critical functions could be harmed. The extent to which the COVID-19 further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions taken globally to contain the coronavirus or treat its impact, among others. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. We are still assessing our business operations and system supports and the impact COVID-19 may have on our results and financial condition, but there can be no assurance that this analysis will enable us to avoid part or all of any impact from the spread of COVID-19 or its consequences, including downturns in business sentiment generally or in our sector in particular. The degree to which COVID-19 impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to, the duration and spread of the outbreak, its severity, the actions taken to contain the outbreak or treat its impact, and how quickly and to what extent normal economic and operating conditions can resume. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people.

Further in case the lockdown is extended, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company. The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including: the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect of actions taken by local governing bodies, the impact on our capital expenditure; disruptions or restrictions on our employees' and suppliers' ability to work and travel; volatility in foreign exchange rates; any extended period of remote work arrangements; and strain on our or business continuity plans, and resultant operational risk.

Further, due to the COVID-19 pandemic, our MSW tonnage has seen a significant decline mainly due to the closure / partial closure of commercial activities. We have made applications to various municipal authorities with respect to the compensation to be received for the period under lockdown. While MCGM has passed an order to make payments on minimum average tonnage for certain period in case of actual tonnage collection being lower than the minimum average tonnage subject to certain conditions, there can be no assurance that other municipalities will also pass such an order.

6. Certain of our Group Companies, Subsidiaries and our Company have incurred losses in the preceding three Fiscals.

Certain of our Group Companies, Subsidiaries and our Company have incurred losses in some and / or all the Fiscals 2018, 2019 and / or 2020, based on their last audited financial statements available. We cannot assure you that our Group Companies, our Subsidiaries and our Company will not incur such losses in the future.

Set forth are the details of the certain Group Companies, Subsidiaries and our Company which have incurred losses in Fiscals 2018, 2019 and / or 2020, based on their last audited financial statements:

(amount in ₹ million)

Sr. No	Name of the entity	Profit / (Loss) after Tax for the Fiscal		
		2020	2019	2018
Company				
1.	Antony Waste Handling Cell Limited	(135.80)	96.48	83.60
Group Companies				
1.	KL Crescent Infrastructure Private Limited	(7.44)	(1.35)	(2.58)
Subsidiaries*				
1.	KL EnviTech Private Limited	(1.78)	(17.07)	(4.09)
2.	Antony Revive Ewaste Private Limited	(2.73)	(8.64)	(5.69)
3.	Antony Lara Renewable Energy Private Limited**	28.62	(3.32)	

* Since Antony Lara Renewable Energy Private Limited was incorporated on July 24, 2018, there have been no financial statements for Fiscal 2018.

For further details, see “Group Companies”, “Our Subsidiaries” and “Financial Statements” on page 169, 144 and page 178, respectively.

7. We operate in an industry which may require us to have high working capital. Our inability to meet such working capital requirements may have a material adverse effect on our business, financial condition and results of operations.

The cleaning of waste requires the Company to employ large numbers of workers, whereas the collection, sweeping, storage, transportation, disposal and processing requires the deployment of heavy transport vehicles which pose transportation and fuel costs to the Company. Further, in our area of business, significant amounts of capital is required towards financing the purchase of vehicles, materials and equipment. Similarly, the processing units pose the Company with electricity and other fuel costs. In addition, a portion of the contract value, generally 5% or more of the value of the contract, is withheld by the client as security deposit / performance security and is released only upon the evaluation of the work or the completion date. Our working capital requirements will increase as we seek to expand our businesses. Our working capital requirements may also increase if, in certain contracts, payment terms include reduced advance payments or payment schedules that specify payment towards the end of a project. Delays in progressive payments or release of retention money or bank guarantees from our clients may increase our working capital needs. We may also experience significant cash outflows to satisfy any indemnity and liability claims, which may cause liquidity issues, due to which we might be unable to arrange for the appropriate earnest money deposit to bid for new projects. We may need to incur additional indebtedness and capital expenditures in the future to satisfy our working capital needs. Continued increases in working capital requirements may have an adverse effect on our financial condition and results of operations.

Thus, our business operations may require us to invest a significant amount in working capital, depending on the nature of the project. The rotation of money with municipalities is in the cycle of more than three months (*Source: Frost & Sullivan Report*). The working capital requirement of the Company was ₹ 316.01 million, ₹ 427.95 million and ₹ 846.55 million for Fiscal 2018, Fiscal 2019 and Fiscal 2020, respectively. The working capital as a percentage of total revenue was 10.87%, 14.34% and 18.22% for Fiscal 2018, Fiscal 2019 and Fiscal 2020, respectively.

8. Our operations include activities that could be hazardous to the health of our employees and other risks which could expose us to material liabilities and increased expenses and negatively impact employee morale.

Our operations include activities that could be hazardous to the health of our employees which include risks such as infections, exposition to harmful waste materials, equipment malfunctions, work accidents, fire or explosion, including hazards that may cause injury and loss of life, environmental damage. We may be unable to mitigate these risks through contractual limitations of liability, indemnities and insurance. Losses may arise from risks not addressed in our agreements or insurance policies, or we may be unable to obtain adequate insurance against some

risks on commercially reasonable terms. Workplace accidents and high accident rates may expose us (or our consortium or joint venture partners) to litigation, take up our management's time and resources and materially increase our future insurance and other operating costs. Additionally, the occurrence of any of these risks may also adversely affect public perception about our operations, the perception of our suppliers and clients and the morale and attrition rate of our employee. These liabilities and costs could have a material adverse effect on our business, results of operations and financial condition.

9. *Certain contracts that we have entered into may have warranties that could result in liabilities in the future.*

We enter into agreements and contracts with the municipal corporations for cleaning, sweeping, collection, transfer, disposal, aggregation and treatment of waste. There may be certain warranties in such agreements and contracts that could result in liabilities in the future. We may be unable to mitigate these risks through contractual limitations of liability, indemnities and insurance. We may also experience significant cash outflows to satisfy any indemnity and liability claims, which may cause liquidity issues.

10. *Any increase in or occurrence of our contingent liabilities may adversely affect our financial condition.*

As of March 31, 2020, our contingent liabilities as indicated in our Restated Financial Statements were as follows:

Contingent Liabilities	As at March 31, 2020 (in ₹ million)
Disputed demands of income-tax	30.08
Claims against the Group, not acknowledged as debts	54.54
Total	84.62

The Honourable Supreme Court, has passed a decision on 28th February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The Group, based on legal advice, is awaiting further clarifications in this matter in order to reasonably assess the impact on its financial statements, if any. Accordingly, the applicability of the judgement to the Group, with respect to the period and the nature of allowances to be covered, and resultant impact on the past provident fund liability, cannot be reasonably ascertained, at present.

Our aggregate contingent liabilities as indicated in the Restated Financial Statements as of March 31, 2020 was ₹ 84.62 million, forming 4.02% of our net worth. Any increase in our contingent liabilities or occurrence of these liabilities may materially and adversely affect our financial position, results of operations and cash flows. For details, please see "Financial Statements" on page 178.

11. *This Draft Red Herring Prospectus contains information from the "India Solid Waste Management Overview" Report prepared by Frost and Sullivan, which we have commissioned.*

Certain information in the sections entitled "Industry Overview", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on pages 22, 113 and 270, respectively, are derived from the "India Solid Waste Management Overview" report dated September 22, 2020. We commissioned the "India Solid Waste Management Overview" report, from Frost & Sullivan, a research firm independent from us for the purposes of confirming our understanding of the industry in connection with the Issue. Neither we, nor any of the BRLMs, nor any other person connected with the Issue has independently verified the information in the "India Solid Waste Management Overview" Report. Accordingly, investors should read the industry related disclosure in this Draft Red Herring Prospectus in this context. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

12. *Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.*

Our operations are subject to government regulation and in respect of our existing operations we are required to obtain and maintain various statutory and regulatory permits, certificates and approvals including various environmental approvals, labour related and tax related approvals.

We will be required to make applications for permits / approvals for our upcoming projects. There can be no assurance that the relevant authorities will issue or rectify such permits or approvals in time or at all. Failure or delay

in obtaining or maintaining or renewing the required permits or approvals within applicable time or at all may result in interruption of our operations. Further, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all. Consequently, failure or delay to obtain such approvals could have a material adverse effect on our business, financial condition and profitability. If there is any failure by us to comply with the applicable regulations or if the regulations governing our business are amended, we may incur increased costs, be subject to penalties, or suffer disruption in our activities, any of which could adversely affect our business. For further details see “Government and Other Approvals” on page 310.

13. We have had negative cash flows in the past and may have negative cash flows in the future.

The following table sets forth our restated consolidated cash flows for the periods indicated:

(in ₹ million)			
Particulars	Fiscal 2020	Fiscal 2019	Fiscal 2018
Net cash generated from / (used in) operating activities	957.94	306.85	360.50
Net cash generated from / (used in) investing activities	(1,037.39)	(537.49)	140.63
Net cash generated from / (used in) financing activities	138.56	111.41	(294.97)

Our Company has incurred negative cash flows from financing and investing activities in the past. We cannot assure you that our net cash flows will be positive in the future.

For details, please see “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 178 and 270, respectively.

14. The audit reports on our audited financial statements for the Fiscals 2020, 2019 and 2018 contain certain audit qualifications and emphasis of matter.

The audit reports on our audited financial statements for the Fiscals 2020, 2019 and 2018 contain certain qualifications and emphasis of matter. For further details, please see “Financial Statements” beginning on page 178.

We cannot assure you that our audit reports for any future Fiscal periods will not contain adverse remarks, emphasis of matters, qualifications or other observations which affect our results of operations in such future periods.

15. There are outstanding legal proceedings involving the Company, our Subsidiaries, our Directors and our Promoters.

There are outstanding legal proceedings involving the Company, its Subsidiaries, its Directors, its Promoters and Group Companies. These proceedings are either currently being, or have already been adjudicated by various courts, tribunals and other authorities. The following table sets out brief details of such outstanding proceedings:

Nature of Cases	Number of Cases	(Approximate) Total amount involved (in ₹ million)*
Proceedings involving the Company		
Civil	9	924.22
Criminal	6	13
Tax	Nil	Nil
Proceedings involving Subsidiaries

* Amount to the extent quantifiable

In addition to the cases as disclosed in the section, “Outstanding Litigation and Material Developments” starting on page 299, M/s. Techno Trade Impex India Private Limited (“**Complainant**”) had alleged that the Company deceived the Complainant to enter into a subcontracting arrangement and carry out work without consideration. The Complainant further contended that a criminal matter was filed by the Complainant in the year 2016 before the court of the Metropolitan Magistrate. However, the Company has not received any notice or summons or any other form of communication from the Complainant in relation to such a matter. The Complainant filed a complaint against the Company with SEBI (the “**Complaint**”) in relation to non-disclosure of the said matter in the previous red herring prospectus filed by the Company. Currently the Company has not received a response from either the Complainant or from the court of the Metropolitan Magistrate.

There can be no assurance that any of these matters will be settled in our favour or in favour of our Subsidiaries, our Directors, our Promoter or our Group Companies or that no additional liability will arise out of these proceedings. An adverse outcome in any of these proceedings could have a material adverse effect on the Company, our Subsidiaries, our Directors our Promoter and/or our Group Companies, as well as on our business, prospects, financial condition and results of operations and that of the Group Companies of our Promoter.

For further details, please see the section “Outstanding Litigation and Material Developments” beginning on page 299 of this Draft Red Herring Prospectus.

16. We may not be able to collect receivables due from our customers, in a timely manner, or at all, which may adversely affect our business, financial condition, results of operations and prospects.

There may be delays in the collection of receivables from our customers. Our failure to collect such receivables due from our customers, in a timely manner, or at all, may adversely affect our business, financial condition, results of operations and prospects. The trade receivables of the Company for Fiscal 2018, Fiscal 2019 and Fiscal 2020 ₹ 726.71 million, ₹ 887.14 million and ₹ 1,130.33 million, respectively.

Additionally, we may, at times, be required to claim additional payments from our customers for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims may typically arise from changes in the initial scope of work or from delays caused by our clients. The costs associated with these changes or client caused delays may include direct costs such as labor and material costs associated with the performance of additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as high fixed costs for maintaining idle labor and machinery while such projects are delayed or stalled.

We may not always have the escalation clauses in our project contracts in respect of the additional work to support our claims. Where we have escalation clauses in our project contracts, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we can recover adequately our claims. Our debtors may have insufficient assets to pay the amounts owed to us even if we win our cases. In addition, we may incur substantial costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfil significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

17. Our actual cost in executing an MSW contract may vary substantially from the assumptions underlying our bid. We may be unable to recover all or some of the additional expenses, which may have an adverse effect on our business, financial condition, results of operations, and prospects.

Under the terms and conditions of most of our MSW contracts, we have escalation provisions in the cost estimates including materials, provisions for cost escalation due to increase or decrease in rates and price of labour, equipment, fleet of vehicles and other material inputs at the time of entering into the contract. Currently, 76.47% out of the current ongoing projects have an escalation clause embedded in the contracts with clients. The remaining current ongoing contracts do not have any escalation clauses to cover any increase in the cost of power & fuel, material, labour and other inputs. Further, we may, in the future enter into contracts which may not contain price escalation clauses covering increase in the cost of fuel, labour and other inputs. Accordingly, our actual expense in executing the contract may vary substantially from the assumptions underlying our bid for several reasons, including, but not limited to unanticipated increases in the cost of fuel, material labour or other inputs, unforeseen construction

conditions, delay in transfer of land by the government or obtaining rights of way, our inability to obtain requisite environmental and other approvals, permits and clearances resulting in delays and increased costs, delays caused by local weather conditions. Unanticipated increases in the price of materials, fuel costs, labour or other inputs not taken into account in our bid may also have compounding effects by increasing costs of performing other parts of the contract. Our ability to pass on increases in the cost of fuel, equipment, labour and other inputs may be limited in the case of contracts with limited or no price escalation provisions and we cannot assure you that these variations in cost will not lead to financial losses to our Company.

18. *We operate in a highly competitive business and increased competitive pressure may adversely affect our results of operations.*

There are approximately 20-30 participants in the MSW management market offering various services. Many infrastructure and environment services companies are present in this market. Logistics companies are also present in this market providing only transportation and fleet management services. Competitors can be categorized into two tiers – national and local. National participants are large infrastructure and environmental services firms. Local participants are largely transport companies and small firms involved in making compost. (*Source: Frost & Sullivan Report*). Most of our contracts are won through a competitive bidding process. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. In selecting contractors for projects, clients generally limit the tender to pre-qualified contractors based on criteria such as experience, technical ability, past performance, reputation for quality, safety record, financial strength and the size of previous contracts executed in similar projects with them or otherwise. Our ability to meet the qualification criteria in our various business areas is critical to being considered for any project. Additionally, while these are important considerations, price is a major factor in most tender awards negotiated contracts, and our business is subject to intense price competition. Our competitors may be larger, better qualified, and may have better access to financial resources. Our inability to compete successfully with them could materially and adversely affect our business prospects and results of operations.

19. *We have, until date, not completed execution of any WTE project. We cannot assure you that we will be successful in executing the project or if we will achieve better returns as compared to our existing MSW C&T projects, or any returns at all.*

Our portfolio of 17 ongoing projects as on August 31, 2020, comprised eleven MSW C&T projects, two MSW processing (including WTE) project and four mechanized sweeping projects. We do not have any past experience in executing a WTE project. The WTE project has been recently awarded to us. We may also be subject to the various risks that arise due to fluctuating interest rate, including the risk of an increase in the overall cost of undertaking a project. Further, annuity projects typically require a long gestation period and substantial capital outlay before completion and may take months or years before positive cash flows can be generated, if at all. We cannot assure you if we will be successful in executing the project or if we will achieve better returns as compared to our other ongoing projects, or any returns at all, which may have a material adverse effect on our financial condition and results of operations.

20. *Our ability to negotiate the standard form of municipal contracts for our projects may be limited and certain unusual or onerous provisions may be imposed on us, which may restrict our flexibility in undertaking our business and thereby affect the efficient execution and profitability of our projects.*

Majority of our projects are awarded to us by municipal authorities. Our ability to negotiate the terms of contracts with our clients, particularly governmental agencies, is limited and certain unusual or onerous provisions may be imposed on us. Annuity contracts typically have certain inherent risks associated with them, including fixed concession periods without automatic renewal, fixed payment intervals and terms, and our inability to renegotiate financial terms or to seek extension on the expiry of the initial term. The contract would also impose certain onerous provisions on us including restrictions in relation right to terminate the contract unilaterally without assigning any reason, liability of defects arising after termination of agreements, commitment compliance with operation and maintenance requirements, right to change the scope of work and associated details unilaterally. These onerous conditions in Government contracts may affect the efficient execution of our projects and may have adverse effects on our profitability.

21. *We may not be able to successfully implement our growth strategy*

We are embarking on a growth strategy which involves increasing our geographical footprint, expanding our customer base, moving up the MSW value chain, focusing on operational efficiencies to improve returns. These

strategic initiatives may require significant capital and other resources, as well as management attention, which could place a burden on our resources and abilities. Our diversification into some of these business verticals is at a nascent stage and we may not be able to properly assess the risks, economic viability and prospects of business opportunities in such verticals. As a result, we may not be successful in developing these businesses to the extent of and in accordance with our expectations and business strategies and there can be no assurance relating to any revenues from or profitability of such strategies we intend to pursue.

22. *We are exposed to significant cost variations on fixed-rate contracts.*

Under the terms and conditions of our contracts, we generally agree to a fixed rate for providing waste collection, cleaning, sweeping, disposal waste aggregation and waste processing services. We are provided with limited escalation in price after a specified period. The actual expenses incurred by us while executing a fixed-price contract may vary substantially from our bid for various reasons, including but not limited to:

- unanticipated increases in the cost of equipment, materials or manpower;
- changes in taxes and duties;
- delays due to non-receipt of client approvals or payments at specific project milestones.
- delays associated with the delivery of equipment and materials to the project site;
- delays caused by local weather conditions;
- disputes arising out of the contract; and
- suppliers' or subcontractors' failure to perform;

Unanticipated costs or delays in performing a part of the contract can also have compounding effects by increasing costs of performing other parts of the contract. In addition, we may be required to pay liquidated damages to the client for any delay. These variations and the risks are generally inherent to the businesses in which we operate and may result in our revenues or profits being different from those originally estimated resulting in reduced profitability or losses on projects. Depending on the size of a project, these variations from estimated contract performance could have a significant adverse effect on our results of operations.

23. *Our indebtedness, including various conditions and restrictive covenants imposed on us under our financing agreements and could adversely affect our ability to grow our business or react to changes in our business environment.*

As of March 31, 2020, the outstanding amount under the borrowings of our Company, on a consolidated basis was ₹ 2,093.76 million.

There can be no assurance that we will be able to generate enough cash flow from operations or that we will be able to obtain enough capital to service our debt or fund our planned capital expenditures. In addition, we may need to refinance some or all our indebtedness on or before maturity. There can be no assurance that we will be able to refinance our indebtedness on commercially reasonable terms or at all. If we cannot obtain alternative sources of financing or our costs of borrowings become significantly more expensive, our financial condition and results of operations will be materially and adversely affected. There are certain unsecured loans taken by us which can be recalled by the lenders at any time.

We are required to furnish financial and performance bank guarantees as part of our business. Our inability to arrange such guarantees or the invocation of such guarantees may adversely affect our cash flows and financial condition.

The agreements governing certain of our debt obligations include terms that restrict our ability to make capital expenditures and investments, declare dividends, merge with other entities, incur further indebtedness and incur liens on, or dispose of, our assets, undertake new projects, change our management and board of directors, materially amend or terminate any material contract or document and modify our capital structure. Certain credit facilities extended by the banks are repayable on demand. Further, under the terms of certain loan documentation, we are required to assign all the material project contracts, land documents, insurance policies, permits and approvals and all our other rights and interests related to certain projects in favour of the lenders. In addition, certain loans require the cash inflows from projects to be deposited in escrow accounts opened with our lenders and the proceeds to be utilized in a manner as agreed between such lender and us.

A failure on our part to comply with the terms of our loan agreements may result in an event of default under such agreements. In such a case, the lenders may, at their discretion, accelerate payment and declare the entire outstanding amounts under these loans due and payable, and in certain instances, enforce their security which has been

constituted over our various assets and take possession of those assets, any of which could materially and adversely affect our liquidity, financial condition and business operations. In addition, to the extent that we cannot make payments on accelerated amounts, such non-payment could result in the cross-default and/or cross acceleration of some or all of our other outstanding indebtedness, and payment of penalty interest, which could also materially and adversely affect our liquidity, financial condition and business operations. For further details, please see “*Financial Indebtedness*” on page 296.

24. *We are exposed to claims from inadequate performance and defects that may affect our projects and which may have an adverse effect on our business.*

We are subject to deliver the goods and perform our service within the stipulated period under each of our contract. If we fail to deliver any or all of the goods or fail to perform our services under the stipulated period, a penalty is deducted. We may further be subject to claims resulting from inadequate performance and defects arising from procurement and/or management services provided by us. Further, we have faced delays in our past projects. The penalty amounts levied on the Company along with its Subsidiaries for failing to deliver services as stipulated in the terms of the contract were ₹ 50.25 million, ₹ 62.56 million and ₹ 109.08 million for Fiscal 2018, Fiscal 2019 and Fiscal 2020, respectively.

Actual or claimed defects in the quality of service could give rise to claims, liabilities, costs and expenses, relating to loss of life, personal injury, damage to property, damage to equipment and facilities, pollution, inefficient operating processes, loss of production or suspension of operations. Any significant operational problems or the loss of our machines and equipment for an extended period of time could result in delays or incomplete projects or services and adversely affect our results of operations.

25. *We own a large fleet of vehicles resulting in fixed costs to our Company. The increase in the age of our vehicles and an increase in the prices of new vehicles as well as the automobile spares may adversely affect our business and results of operations.*

We have built a significant fleet of vehicle in the past few years. As on August 31, 2020, we have a fleet of 1,147 vehicles. Our fleet includes specialised vehicles such as tipplers, refuse compactors, dumper placers, dumpers, power sweeping machines and loaders. Typically, our municipal project contracts require us to deploy new equipment and vehicles for the purposes of the relevant project, thereby increasing our fixed cost. Besides, as the age of our fleet increases, we expect maintenance costs related to our fleet to also increase. Further, we may also face an increase in the cost of automobile spares that we are required to procure over the course of our contracts such as tyres, batteries, lubricants, etc. We may also acquire new vehicles to expand our business or to manage operational efficiencies and reduce cost of maintenance. Unless we continue to expand and upgrade our fleet of vehicles and acquire such vehicles on commercially favourable terms, our aging fleet may result in increased operating and maintenance costs. If we do not utilize the entire fleet of vehicles sufficiently, we may incur operating and maintenance costs without any benefit accruing from such vehicles. If the price of new vehicles increases, we will also incur increased depreciation expenses which may adversely affect our results of operations.

26. *We are exposed to risks related to availability and cost of fuel and electricity for our projects which could adversely affect our business and results of operations. Any anticipated fluctuations in fuel costs may adversely affect our business and profitability.*

Fuel is one of the Company’s largest operating expenses. As a result of the GoI’s deregulation of fuel prices in India, oil marketing companies are now able to decide on the prices of fuel and that the fuel prices will be benchmarked to international crude oil prices on a daily basis. The cost of fuel has fluctuated significantly in recent periods due to various factors beyond our control, including international prices of crude oil and petroleum products, global and regional demand and supply conditions, geopolitical uncertainties, import cost of crude oil, government policies and regulations and the availability of alternative fuels. As per the Restated Financial Statements, in Fiscals 2018, 2019 and 2020, our power & fuel expense was ₹ 286.72 million, ₹ 357.66 million and ₹ 555.50 million, respectively, constituting 11.85%, 14.26% and 14.64%, respectively, of our consolidated total expense for such periods. Significant fuel cost increases, shortages or supply disruptions could materially and adversely affect its results of operations and financial condition. Further, we cannot assure you that we will be able to pass on the increased cost of power & fuel to our counterparties partially or at all. Increases in fuel costs, to the extent not offset by rate per mile increases or have an adverse effect on our operating margins and consequentially, our business and profitability.

27. *We employ a significant number of personnel in our business operations which are a substantial part of our total expense and such number may increase substantially in future. We may be subject to work stoppages and face*

labour disruptions with our employees or contract workers in the future that would interfere with our operations and adversely impact our business and financial condition.

As of August 31, 2020, we had an aggregate of 7,154 employees. In Fiscals 2018, 2019 and 2020 our expense on salaries, wages and bonus was ₹ 550.95 million, ₹ 543.88 million and ₹ 986.10 million, respectively, constituting 22.77 %, 21.68 % and 25.99 % respectively, of our consolidated total expense for such periods. Some of our business operations are labour intensive. The employees are also required to have certain skill sets and require necessary clearances from government agencies. There can be no assurance that we will be able to procure and train, on time or at all, sufficient employees for any project or that we will be able to successfully re-deploy such employees in our organization upon the completion of a project. We have experienced labour disruptions in the past and as our workforce is currently unionized at Thane and Navi Mumbai Municipal Corporation and it may unionize at other places. It may be difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages and diversion of management's attention due to union intervention. We cannot guarantee that we will not experience any strike, work stoppage or other industrial action in the future. Also, our consortium and joint venture partners may experience strikes or other industrial action. Any such event could disrupt our operations, possibly for a significant period of time, result in increased wages and other costs and otherwise have a material adverse effect on our business, results of operations or financial condition.

28. *If more stringent labour laws or other industry standards in India become applicable to us, our profitability may be adversely affected.*

We are subject to a number of stringent labour laws. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal and legislation that imposes financial obligations on employers upon retrenchment and periodic revisions to minimum wage. We are also subject to international, federal, state and local laws and regulations, in all jurisdictions where we have operations, governing our relationships with our employees, including those relating to minimum wage, overtime, working conditions, hiring and firing, non-discrimination, work permits and employee benefits. If labour laws become more stringent or are more strictly enforced, it may become difficult for us to maintain flexible human resource policies, discharge employees or downsize, any of which could have an adverse effect on our business, results of operations, financial condition and cash flows.

29. *We have had instances of non-compliances in relation to regulatory filings to be made with the RoC and the RBI under applicable law.*

We have had instances of certain non-compliances in the past in relation to Companies Act. For instance, AG Enviro Infra Projects Private Limited ("AGEIPL") had failed to comply with the requirement of ensuring that it spends at least two percent of its average net profit as per the provisions of the Companies Act, 2013 in relation to its corporate social responsibility in Fiscal 2014. These non-compliances have been compounded by the Mumbai Bench of the National Company Law Tribunal by way of orders dated January 30, 2019 and July 4, 2019 by payment of compounding fee of ₹ 500,000 by AGEIPL and ₹ 100,000 on each of its then incumbent five directors. There can be no assurance such non-compliances will not recur and that the relevant authorities or the RoC will not take cognizance of our non-compliance and impose penalties on us.

There has also been an instance where an incorrect statutory form has been filed with the relevant authority. The Form-2 filed for allotment of 2,00,000 equity shares on March 31, 2005 erroneously records that 2,00,000 equity shares have been allotted jointly to Jose Jacob Kallarakal and Shiju Jacob Kallarakal. However, 2,00,000 equity shares had been allotted only to Jose Jacob Kallarakal. The same has been correctly reflected in our board minutes, the register of members of the Company along with the share certificate issued on allotment of the aforementioned shares of our Company.

Further, we had given advances as well as paid share application money to Mazaya Waste Management, LLC, an entity incorporated outside India, in tranches aggregating ₹ 48.92 million. We have not received adequate proof of some of the tranches for the said investment. The lack / non-receipt of certain documents as evidence of investment had resulted in our inability to file the annual performance report to the RBI within the timelines stipulated under FED Master Direction No. 15/2015-16 by RBI. Non-submission / delayed submission of the APR / share certificates entails penalties under the applicable regulations. We had filed an application with RBI for the write-off of the investment in Mazaya Waste Management, LLC. We cannot assure you that the RBI will accept our filing in future and it may impose a penalty on our Company for the said lapse. For further details, please see "Financial Statements" on page 178.

With the expansion of our operations there can be no assurance that deficiencies in our internal controls and compliances will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all.

30. *We may be unable to sustain growth at historical levels. Our inability to manage growth may have an adverse effect on our business and results of operations.*

As per our Restated Financial Statements, our total revenue for Fiscal 2018, Fiscal 2019 and Fiscal 2020 was ₹ 2,907.78 million, ₹ 2,985.18 million and ₹ 4,646.11 million respectively and our net profit after tax was ₹ 398.84 million, ₹ 346.82 million and ₹ 620.76 million in Fiscal 2018, Fiscal 2019 and Fiscal 2020. While no assurance can be given that the past increases in our revenue and profits will continue, if this growth continues, it will place significant demands on us and require us to continuously evolve and improve our operational, financial and internal controls across the organization. In particular, continued expansion increases the challenges involved in:

- i. recruiting, training and retaining sufficient skilled personnel;
- ii. adhering to health, safety and environment and quality and process execution standards that meet client expectations; and
- iii. developing and improving our internal administrative infrastructure, particularly our financial, operational, communications and other internal systems.

Any inability to manage our growth may have an adverse effect on our business and results of operations.

31. *We may be liable for the non-performance of our consortium or joint venture partners.*

We selectively enter into consortium arrangements and joint ventures in our waste management and processing business, including meeting pre-qualification criteria for certain projects. Under the contracts we enter into with our clients, we are often jointly and severally liable with our joint venture or consortium partners for, among other things, any breach or non-performance of the contract. A breach or inability of our partner to continue with a project, due to financial, legal or other difficulties, could result in us being required to bear increased and, at times, sole responsibility for the completion of the project and a greater share of the financial risk of the project. In the event that a claim, arbitration award or judgment is awarded against the joint-venture or the consortium, we may be responsible to the client for the entire claim, irrespective of whether or not we are indemnified by our consortium partner. Since our consortium partners also include foreign parties, including entities such as Lara Central De Tratamento De Residuos LTDA, based in Brazil. Thus, there is a risk that we may not be able to obtain compensation or indemnification from such partners in a reasonable period or at all.

32. *Our insurance coverage may not adequately protect us against certain risks and claims and we may be subject to losses that might not be covered in whole or in part by our existing insurance coverage.*

We maintain insurance coverage of the type and in amounts that we believe are commensurate with our operations, including motor vehicles insurance, workers' compensation, accident and medical insurance. As on March 31, 2020, the total insurance coverage maintained by us was ₹ 2,910.62 million which was 1.38 times the net assets as per the Restated Financial Statement for Fiscal 2020. Under many of our contracts with clients, we are required to obtain insurance for the projects undertaken by us, and we may also purchase specific business operations insurance policies for individual projects. However, in some cases, we may have not obtained the required insurance, or our insurance policies may have lapsed prior to the completion of a delayed project. Further, we may not have obtained insurance cover for some of our projects that do not require us to maintain insurance. There are various other types of risks and losses for which we are not insured, such as loss of business, environmental liabilities and natural disasters, because they are either uninsurable or not insurable on commercially acceptable terms. Should an uninsured loss or a loss in excess of insured limits occur, we could incur liabilities, lose capital invested in that property or lose the anticipated future income derived from that business or property, while remaining obligated for any operational or financial obligation. Any such loss could result in a material adverse effect on our financial condition and results of operations.

33. *Timely and successful completion of our projects is dependent upon the performance of the obligations by our clients or other related parties. Any failure or delay in the performance by our clients or related parties could adversely affect the timely execution of our projects and reputation.*

Our business is majorly dependent upon contracts awarded by municipal authorities like Municipal Corporation of Greater Mumbai, Pimpri Chinchwad Municipal Corporation, Navi Mumbai Municipal Corporation, Municipal Corporation of Delhi etc. The commencement of our work often depends upon the performance of our clients or other related parties. These obligations may consist of sanctioning of money for the conduction of work, or certain permissions related to the accessibility to the concerned activity regions. Any delay on the part of our clients or any other authority whose involvement is necessary for the completion of the business activity, though not attributable to us, may cause material adverse effects to occur on the business.

- 34. *We are dependent on our directors and senior management and our inability to retain them and attract new key personnel may have an adverse impact on the functioning of our business.***

Our success is substantially dependent on the expertise and services of our directors namely, Jose Jacob Kallarakal, Shiju Jacob Kallarakal, Karthikeyan Muthuswamy and other members of our senior management. We cannot assure you that we will be able to retain any or all of the key members of our management. In the event we lose the services of any of the key members of our management, our business may be materially and adversely affected. For further details of our directors and management, please see the section “*Our Management*” beginning on page 151 of this Draft Red Herring Prospectus.

- 35. *Certain of our projects are running on an extension basis without written confirmation of terms and conditions by the respective authorities, which may lead to a potential dispute with the authorities.***

Certain of our projects are on an extension basis and/or are being undertaken by us without an extension letter granted by the respective authorities and without confirmation of terms and conditions. For details of such projects, please refer to the section titled “*Our Business*” beginning on page 113. This may result into dispute with the authorities with respect to terms and conditions with respect to the work already undertaken and further delay in release of payment by the authorities. We cannot assure you that we would be able to retain such projects in the future. The non-retention of such projects may have an adverse effect on our business and results of operations.

- 36. *Our inability to attract and retain skilled personnel could adversely affect our business and results of operations.***

Our ability to meet future business challenges depends on our ability to attract and recruit talented and skilled personnel. We face strong competition to recruit and retain skilled and professionally qualified staff in all the businesses that we operate. We are not certain that we will be able to increase salaries at historical rates in future and maintain our profitability margins. Further, there can be no assurance that an increase in salary will result in increased retention. Our future performance will depend upon the continued services of these persons. An inability to retain employees in different categories may materially and adversely impact our business and results of operations. In addition, we cannot assure you that we will be successful in our efforts to retain or attract qualified personnel when needed.

- 37. *We have entered into certain transactions with related parties. These transactions or any future transactions with our related parties could potentially involve conflicts of interest.***

We have entered into certain transactions with related parties, including with respect to the payment of remuneration of certain of our Directors and our Key Managerial Personnel, loans given to subsidiaries etc. While we believe that all such transactions have been conducted on an arm’s length basis, in the ordinary course of our business and on commercially reasonable terms, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. While in terms of the Companies Act, 2013 and the SEBI Listing Regulations, certain related party transactions require Audit Committee and shareholders’ approval, there can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favourable terms if such transactions had not been entered into with related parties. Additionally, any future transactions with our related parties could potentially involve conflicts of interest. For details, see “*Related Party Transactions*” on page 175.

- 38. *Obsolescence, destruction, theft or breakdown of our equipment, or failure to repair or maintain such equipment, or the enforcement of any security rights over such assets, where such assets are mortgaged as security for our borrowings, may adversely affect our business, financial condition, results of operations, and prospects.***

To maintain our capability to undertake large projects, we seek to purchase equipment built with the latest technology and knowhow and keep them readily available for our project through careful and comprehensive repairs

and maintenance. However, we cannot assure you that we will be immune from the associated operational risks such as the obsolescence of our equipment, destruction, theft or major equipment breakdowns or failures to repair our equipment, which may result in their unavailability, project delays, cost overruns and even defaults under our contracts.

We may not be able to acquire new equipment, repair or replace damaged or lost equipment in time or at all, particularly where such equipment is not readily available from the market, at commercially reasonable terms or at the time we require, or requires services from original equipment manufacturers. Additionally, rapid and frequent technology and market demand changes can often render existing technologies and other equipment obsolete requiring substantial new capital expenditure and/or write-downs of assets. Some of our major equipment or parts may be costly to replace or repair. We may experience significant price increases or delays in supply due to supply shortages, inflation, transportation difficulties or unavailability of bulk discounts. Such obsolescence, destruction, theft, breakdowns, repair or maintenance failure or price increases may not be adequately covered by the insurance policies availed by our Company and may have an adverse effect on our business, financial condition and prospects.

39. *We are subject to risks arising from interest rate fluctuations, which could adversely affect our business, financial condition and results of operations.*

Changes in interest rates could significantly affect our financial condition and results of operations. The interest rates of certain of our borrowings are subject to floating rates of interest based on changes in the prime lending rate of the respective lenders, which are subject to renegotiation on a yearly basis. If the interest rates for our existing or future borrowings increase significantly, our cost of funds will increase. This may adversely impact our results of operations, planned capital expenditures and cash flows.

40. *If we are unable to protect our trademark beyond the expiry period, others may be able to use our trademarks and tradenames to compete more effectively.*

Our Company holds one registered trademark in India, namely the “Antony Waste Handling Cell Pvt Ltd” logo and our Material Subsidiaries – AG Enviro Infra Projects Private Limited and Antony Lara Enviro Solutions Private Limited, hold one registered trademark in India each, namely the “AG Enviro Infra Projects Pvt Ltd” logo and the ‘City Compo’ logo respectively. Certain trademarks applied for by us have been objected to. We cannot assure you that we will be able to obtain the registration or renewal for the same in a timely manner or at all. As a result, we may be unable to prevent the use of these names or variations thereof by any other party or ensure that we will continue to have a right to use it. We further cannot assure you that third parties will not infringe upon our trademark, logo and/or trade name in a manner that may have a material adverse effect on our business prospects, reputation and goodwill.

41. *Deployment of the Net Proceeds of the Fresh Issue are based on management estimates and have not been independently appraised and form of investment into our Subsidiaries have not been finalised.*

We intend to use the net proceed of the Fresh Issue for purposes described in the section “Objects of the Issue” beginning on page 70 of this Draft Red Herring Prospectus. Our funding requirements and deployment of the Net Proceeds of the Fresh Issue are based on management estimates, and our current business plans and have not been appraised by any bank or financial institution. Since the quantum of the Fresh Issue does not exceed ₹ 1,000 million, we are not required to appoint any monitoring agency for the Issue. Owing to the competitive and dynamic nature of the businesses that we operate, we may need to revise our expenditure and fund requirements due to changes in the cost structure, changes in estimates, changes in quotations, exchange rate fluctuations and external factors, which may not be within the control of our management. In the event of an increase in expenditure and fund requirements, we intend to try and meet these increased requirements through our internal accruals and additional debt or equity arrangements.

42. *Our Company, certain of our Subsidiaries and certain of our Group Companies have availed unsecured loans, and may in the future avail, unsecured loans that may be recalled by the lenders at any time.*

Our Company, certain of our Subsidiaries and certain of Group Companies have availed and may in the future avail, unsecured loans which may be recalled by the lenders at any time. In such cases, the lender is empowered to require repayment of the facility at any point in time during the tenor. In case the loan is recalled on demand by the lender and our Company or the relevant Subsidiary or the relevant Group Company is unable to repay the outstanding

amounts under the facility at that point, it would constitute an event of default under the respective loan agreements. As a result, of any such demand with respect to the loans of our Company and our Subsidiaries may affect our business, cash flows, financial condition and results of operations and any such demand with respect to the loans of our Group Companies may affect their business, cash flows, financial condition and results of operations. As on March 31, 2020, we had unsecured loans from related parties of ₹ 32.60 million.

For further details, see “*Financial Indebtedness*”, and “*Group Companies*” beginning on pages 296 and 169, respectively.

43. *We are subject to the risk of failure of, or weakness in, our internal control systems, which may have an adverse impact on our business, financial condition, results of operations and prospects.*

In order to manage our growth effectively, we must implement, upgrade and improve our operational systems, procedures and internal controls on a timely basis. If we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customer’s needs, hire and retain new employees or operate our business effectively. Moreover, our ability to sustain our rate of growth depends significantly upon our ability to select and retain key managerial personnel, maintaining effective risk management policies and training managerial personnel to address emerging challenges. We cannot assure you that our existing or future management, operational and financial systems, procedures and controls will be adequate to support future operations or establish or develop business relationships beneficial to future operations.

44. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements and capital expenditures.*

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements and capital expenditures. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements.

We cannot assure you that we will be able to pay dividends in the future. In addition, dividends distributed by us will be subject to taxes payable by the shareholders, in accordance with the provisions of the applicable laws. For details of dividend paid by our Company in the past, see “*Dividend Policy*” on page 176.

45. *Certain premises including our Registered Office and our Corporate Office are not owned by us and we have only leave and license rights over it. Further, some of our lease agreements may have certain irregularities. In the event we lose such rights or are required to negotiate it, our cash flows, business, financial conditions and results of operations could be adversely affected.*

Our Company has entered into certain lease agreements and leave and license agreements in relation to our Registered Office and Corporate Office. Some of the lease agreements have not been registered or are not adequately stamped. Further, any of these lease or license agreements can be terminated, and any such termination could result in any of these warehouses being shifted or shut down. There can be no assurance that we will, in the future, be able to retain, renew or extend the leases for the existing locations on same or similar terms, or will be able to find alternate locations on similar terms favourable to us, in time or at all. Accordingly, we may experience business disruption, and this may materially and adversely affect our business, financial condition and result of operations.

46. *The contracts in our order book may be adjusted, cancelled or suspended by our customers and, therefore our order book is not necessarily indicative of our future revenues or profit.*

There can be no assurance that our order book will actually be realized as revenues or, if realized, will result in profits. All of our contracts are subject to cancellation, termination, or suspension at the discretion of the customer at any stage of the contract. There have been instances of cancellation of contracts awarded to the Company by municipal corporations due to reasons including, *inter alia*, disputes over compliance with the conditions of the contracts. At present, litigations / arbitrations in relation to the cancellation of these contracts are ongoing, and details of the same have been disclosed under the section “*Outstanding Litigation and Material Developments*” beginning on page 299 of this Draft Red Herring Prospectus. In addition, the contracts in our order book are subject to changes in the scope of services and products to be supplied as well as adjustments to the costs relating to the contracts or place of delivery. Projects can remain in order book for extended periods of time because of the nature

of the project and the timing of the particular services required by the project. In addition, even where a project proceeds as scheduled, it is possible that contracting parties may default and fail to pay amounts owed. There may also be disputes in relation to our order book. Any delay, cancellation, dispute or payment default could adversely affect our business, results of operations and financial condition.

47. *Enforcement of pledge of shares held by our Company in our Subsidiaries, in favor of lenders to our Subsidiaries, may adversely affect our business and results of operations.*

Our Company has pledged their shares in our Subsidiaries to the lenders. If we fail to satisfy our debt service obligations as they become due, the lenders could exercise their creditors' rights, and enforce the pledge of shares held by our Company in such Subsidiaries. If this occurs, we would not be able to continue operate properly as our working capital would get lower. If we are unable to source funds to repay such indebtedness within the period specified by the creditors, the creditors could sell our shares to third parties. We may not be able to repurchase the shares and a large part of our Subsidiaries would be held by lenders and third parties which would adversely affect our business and the results of operation.

48. *The Selling Shareholders shall have a right to nominate a director on the Board post completion of the Issue.*

Post-completion of the Issue, the Selling Shareholders shall have the right to nominate a director to our Board. The exercise of this right by the Selling Shareholders, post the completion of Issue, is subject to confirmation by the Shareholders at the first general meeting held after the completion of the Issue. For further details, please see "History and Certain Corporate Matters – Details regarding material acquisition or divestments of business/undertaking, mergers, amalgamation and revaluation of assets, if any in the last ten years – Shareholders' Agreement" on page 140.

49. *The Restated Financial Statements included in this Draft Red Herring Prospectus may not be comparable with the audited financial statements for the corresponding periods.*

The Restated Financial Statements included in this Draft Red Herring Prospectus have taken into consideration all the audit qualifications and other material adjustments, as applicable, which have been reflected in the corresponding period and accordingly the Restated Financial Statements may vary from the audited financials for the respective years or periods, as available on the website of the Company at <http://antony-waste.com/FinancialStatement.html>. Further we cannot assure you that the comparative descriptions of Restated Financial Statements included in this Draft Red Herring Prospectus, including in the section "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on page 270 provide any meaningful analysis for audited financials for the same periods.

On account of such differences, our, investors will not have the benefit of considering comparable performance over prior periods and any reliance on our Restated Financial Statements or the audited financial statements for any of our prior periods should be accordingly limited.

External Risk Factors

50. *A decline in economic growth or political instability nationally or internationally or changes in the Government in India could adversely affect our business.*

Our performance and the growth of our business are necessarily dependent on the health and performance of the overall Indian economy. In the recent past, Indian economy has been affected by global economic uncertainties and liquidity crisis, domestic policy and political environment, volatility in interest rates, currency exchange rates, commodity and electricity prices, adverse conditions affecting agriculture, rising inflation rates and various other factors. Risk management initiatives by banks and lenders in such circumstances could affect the availability of funds in the future or the withdrawal of our existing credit facilities. The Indian economy is undergoing many changes and it is difficult to predict the impact of certain fundamental economic changes on our business. Conditions outside India, such as a slowdown or recession in the economic growth of other major countries, especially the United States, have an impact on the growth of the Indian economy. Additionally, an increase in trade deficit, a downgrading in India's sovereign debt rating or a decline in India's foreign exchange reserves could negatively affect interest rates and liquidity, which could adversely affect the Indian economy and our business. Any downturn in the macroeconomic environment in India could adversely affect our business, financial condition, results of operation and the trading price of our Equity Shares. Volatility, negativity, or uncertain economic conditions could undermine the business confidence and could have a significant impact on our results of operations. Changing

demand patterns from economic volatility and uncertainty could have a significant negative impact on our results of operations.

Further, our performance and the market price and liquidity of the Equity Shares may be affected by changes in exchange rates and controls, interest rates, government policies, taxation, social and ethnic instability and other political and economic developments affecting India. The GoI has traditionally exercised and continues to exercise a significant influence over many aspects of the economy. Our business, the market price and liquidity of the Equity Shares may be affected by changes in GoI policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India.

51. *We are subject to regulatory, economic, social and political uncertainties and other factors beyond our control.*

We are incorporated in and our operations are in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- changes in India's tax, trade, fiscal or monetary policies;
- prevailing regional conditions,
- any downgrading of India's debt rating by a domestic or international rating agency;
- financial instability in financial markets; and
- other significant regulatory or economic developments in or affecting India.

In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares.

52. *We may be affected by competition law in India and any adverse application or interpretation of the Competition Act, 2002, may in turn adversely affect our business*

The Competition Act, 2002, was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition in India and has mandated the Competition Commission of India to prevent such practices. Under the Competition Act, 2002, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an appreciable adverse effect on competition is void and attracts substantial penalties.

Further, any agreement among competitors which, directly or indirectly, involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of subscribers in the relevant market is presumed to have an appreciable adverse effect in the relevant market in India and shall be void. The Competition Act, 2002, also prohibits abuse of a dominant position by any enterprise. On March 4, 2011, the Indian central government notified and brought into force the combination regulation (merger control) provisions under the Competition Act, 2002, with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset- and turnover-based thresholds to be mandatorily notified to, and pre-approved by, the CCI. Additionally, on May 11, 2011, the CCI issued the Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India.

The Competition Act, 2002, aims to, among other things, prohibit all agreements and transactions which may have an appreciable adverse effect in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act, 2002. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside of India if such agreement, conduct or combination has an appreciable adverse effect in India. However, the impact of the provisions of the Competition Act, 2002, on the agreements entered into by us cannot be predicted with certainty at this stage. We are not currently party to any

outstanding proceedings, nor have we received notice in relation to non-compliance with the Competition Act, 2002, or the agreements entered by us. However, if we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, 2002, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, 2002, it may adversely affect our business, financial condition, cash flows, results of operations and future prospects.

53. *If there is any change in tax laws or regulations, or their interpretation, such changes may significantly affect our financial statements for the current and future years, which may have a material adverse effect on our financial position, business and results of operations.*

Having our business operations in multiple jurisdictions, we are subject to varying central and state tax regimes. The applicable categories of taxes and tax rates also vary significantly from jurisdiction to jurisdiction, which may be amended from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each country as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned, and expenditure incurred. Our business and financial performance may be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business or the regulator enforcing them in any one of those countries may adversely affect our results of operations.

To the extent that we are entitled to certain tax benefits in India which are available for a limited period of time, our profitability will be affected if such benefits will no longer be available, or are reduced or withdrawn prematurely or if we are subject to any dispute with the tax authorities in relation to these benefits or in the event we are unable to comply with the conditions required to be complied with in order to avail ourselves of each of these benefits. See “*Statement of Special Tax Benefits*” on page 81 for details in relation to possible tax benefits available to our Company. In the event that any adverse development in the law or the manner of its implementation affects our ability to benefit from these tax incentives, our business, results of operations, financial condition and prospects may be adversely affected.

Changes in the operating environment, including changes in tax law, could impact the determination of our tax liabilities for any given tax year. Taxes and other levies imposed by the Government of India that affect our industry include income tax, goods and services tax and other taxes, duties or surcharges introduced from time to time. The tax scheme in India is extensive and subject to change from time to time and any adverse changes in any of the taxes levied by the Government of India may adversely affect our competitive position and profitability. We cannot assure you that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the countries in which we operate may materially and adversely affect our business, results of operations and financial condition. In addition, we may have to incur expenditure to comply with the requirements of any new regulations, which may also materially harm our results of operations. We are also subject to these risks in all our overseas operations depending on each specific country. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities. As a result, any such changes or interpretations may adversely affect our business, financial condition and financial performance. Further, changes in capital gains tax or tax on capital market transactions or sale of shares may affect investor returns.

54. *Any downgrading of India’s debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India’s credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

55. *The ability of Indian companies to raise foreign capital may be constrained by Indian law.*

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous

conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

Risks Relating to the Equity Shares and the Issue

56. ***Investors can be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares. Recently, the Finance Act, 2018 levies taxes on such long-term capital gains exceeding ₹ 100,000 arising from sale of Equity Shares on or after April 1, 2018, while continuing to exempt the unrealized capital gains earned up to January 31, 2018 on such Equity Shares.***

Under current Indian tax laws, capital gains arising from the sale of Equity Shares in an Indian Company are generally taxable in India. However, any gain realized on the sale of listed equity shares on or before March 31, 2018 on a stock exchange held for more than 12 months will not be subject to long term capital gains tax in India if Securities Transaction Tax (“STT”) is paid on the sale transaction and additionally, as stipulated by the Finance Act, 2017, STT had been paid at the time of acquisition of such equity shares on or after October 1, 2004, except in the case of such acquisitions of equity shares which are not subject to STT, as notified by the Central Government under notification no. 43/2017/F. No. 370142/09/2017-TPL on June 5, 2017. However, the Finance Act, 2018, has now levied taxes on such long-term capital gains exceeding ₹ 100,000 arising from sale of Equity Shares on or after April 1, 2018, while continuing to exempt the unrealized capital gains earned up to January 31, 2018 on such Equity Shares. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares

57. ***Any future issuance of Equity Shares may dilute your shareholding and sales of our Equity Shares by our Promoter and Promoter Group or other major shareholders may adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us, including through exercise of employee stock options may dilute your shareholding in our Company, may lead to the dilution of investors’ shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoter and Promoter Group or other significant shareholders may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences for us including difficulty in raising debt or equity financing. In addition, any perception by investors that such issuances or sales might occur may also affect the trading price of our Equity Shares. We cannot assure you that we will not offer Equity Shares or that our shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

58. ***The Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.***

The Issue Price of the Equity Shares will be determined by our Company and the Selling Shareholders in consultation with the BRLMs, and through the Book Building Process. This price will be based on numerous factors, as described under “Basis for Issue Price” on page 79 and may not be indicative of the market price for the Equity Shares after the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Issue Price.

59. ***Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.***

Under the Companies Act, a company incorporated in India must offer its equity shareholders pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by shareholders of such company.

However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in our Company may be reduced.

60. ***The Equity Shares have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.***

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. the Issue Price of the Equity Shares is proposed to be determined through a book-building process and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

⁽¹⁾ The Fresh Issue has been authorised by our Board pursuant to resolution passed on September 19, 2020 and by our Shareholders pursuant to special resolution passed on September 24, 2020.

⁽²⁾ For details on the authorisation of the Selling Shareholders in relation to the Offered Shares, see “Other Regulatory and Statutory Disclosures” beginning on page 314. Each of the Selling Shareholders severally and not jointly confirms that its Offered Shares are eligible to be offered in the Offer for Sale under Regulation 8 of the SEBI ICDR Regulations.

⁽³⁾ Unless the Employee Reservation Portion is under-subscribed, the value of allocation to an Eligible Employee Bidding in the Employee Reservation Portion shall not exceed ₹ 200,000. In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000. The unsubscribed portion, if any, in the Employee Reservation Portion (after such allocation up to ₹ 500,000), shall be added to the Net Issue.

- (4) *Our Company and the Selling Shareholders, in consultation with the Book Running Lead Managers, may offer an Employee Discount of ₹ [●] per Equity Share, which shall be announced at least two Working Days prior to the Bid/Issue Opening Date.*
- (5) *Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company and the Selling Shareholders, in consultation with the Book Running Lead Managers and the Designated Stock Exchange, subject to applicable laws. In the event of under-subscription in the Issue, Equity Shares offered pursuant to the Fresh Issue shall be allocated prior to Equity Shares offered pursuant to the Offer for Sale. However, after receipt of minimum subscription of 90% of the Fresh Issue, Equity Shares offered pursuant to the Offer for Sale shall be allocated prior to Equity Shares offered pursuant to the Fresh Issue subject to the provisions of clause (b) of sub-rule (2) of rule 19 of the Securities Contracts (Regulations) Rules, 1957.*
- (6) *Our Company and Selling Shareholders may, in consultation with the Book Running Lead Managers, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the QIB Portion. In case of non-Allotment in the Anchor Investor Portion, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than [●] Equity Shares, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For further details, see “Issue Procedure” beginning on page 335.*

Allocation to Bidders in all categories except the Anchor Investor Portion and the Retail Portion, if any, shall be made on a proportionate basis subject to valid Bids received at or above the Issue Price. The allocation to each Retail Individual Bidder shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Portion, and the remaining available Equity Shares, if any, shall be allocated on a proportional basis. For further details, see “Issue Procedure” beginning on page 335.

For details of the terms of the Issue, see “Terms of the Issue” beginning on page 327.

Book Building Process

The book building, in the context of the Issue, refers to the process of collection of Bids from investors on the basis of the Red Herring Prospectus and the Bid cum Application forms within the Price Band, which will be decided by our Company and the Selling Shareholders in consultation with the Book Running Lead Managers, and which shall be notified in all editions of the English national daily newspaper [●], all editions of the Hindi national daily newspaper [●] and Mumbai edition of the Marathi daily newspaper [●] (Marathi being the regional language of Maharashtra, where our Registered Office is located), each with wide circulation, at least two Working Days prior to the Issue Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading on their respective websites. The Issue Price shall be determined by our Company and the Selling Shareholders in consultation with the Book Running Lead Managers after the Bid/Issue Closing Date.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs. Retail Individual Bidders may participate through the ASBA process by either; (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or; (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders and Eligible Employees Bidding in the Employee Reservation Portion can revise their Bids during the Bid/Issue Period and withdraw their Bids on or before the Bid/Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors will be on a discretionary basis. For further details, see "*Terms of the Issue*" and "*Issue Procedure*" beginning on pages 327 and 335, respectively.

For further details on the method and procedure for Bidding, see "*Issue Structure*" and "*Issue Procedure*" beginning on pages 332 and 335, respectively.

Underwriting Agreement

After the determination of the Issue Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC, our Company and the Selling Shareholders intend to enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be issued and offered in the Issue. The Underwriting Agreement is dated [●]. Pursuant

to the terms of the Underwriting Agreement, the obligations of each of the Underwriters will be several and will be subject to certain conditions specified therein.

The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

(This portion has been intentionally left blank and will be filled in before filing of the Prospectus with the RoC.)

Name of the Underwriter	Address and Contact Details of the Underwriters	Indicative Number of Equity Shares to be Underwritten	Amount Underwritten (in ₹ million)
[●]	[●]	[●]	[●]
[●]	[●]	[●]	[●]
[●]	[●]	[●]	[●]

The above-mentioned underwriting commitments are indicative and will be finalised after pricing of the Issue and actual allocation in accordance with provisions of the SEBI ICDR Regulations.

In the opinion of our Board (based on certificates provided by the Underwriters), the resources of the above-mentioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The abovementioned Underwriters are registered with the SEBI under section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board, at its meeting held on [●], has accepted and entered into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement. The Underwriting Agreement has not been executed as on the date of this Draft Red Herring Prospectus and will be executed after determination of the Issue Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC. The extent of underwriting obligations and the Bids to be underwritten in the Issue shall be as per the Underwriting Agreement.

5. Details of Promoters' contribution locked in for three years:

Pursuant to Regulations 14 and 16 of SEBI ICDR Regulations, an aggregate of 20% of the post-Issue paid up capital of our Company held by our Promoters, shall be considered as the minimum Promoters' contribution and locked-in for a period of three years from the date of Allotment ("**Promoters' Contribution**") and our Promoters' shareholding in excess of 20% shall be locked in for a period of one year from the date of Allotment.

The lock-in of the Promoters' Contribution would be created as per applicable law and procedures and details of the same shall also be provided to the Stock Exchanges before the listing of the Equity Shares.

Our Promoters have consented to the inclusion of such number of Equity Shares held by them, in aggregate, as may constitute 20% of the post-Issue Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the Promoters' Contribution from the date of filing of this Draft Red Herring Prospectus, until the commencement of the lock-in period specified above, or for such other time as required under the SEBI ICDR Regulations. Details of the Promoters' Contribution are as provided below:

Name of Promoter	Date of allotment of the Equity Shares	Nature of transaction	Number of Equity Shares	Face value (₹)	Issue / acquisition price per Equity Share (₹) [#]	Number of Equity Shares locked in	Percentage of fully diluted post-Issue capital [*]

Total			[●]				[●]

[#] Equity Shares were fully paid-up on the date of allotment/acquisition.

The Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from persons defined as 'promoters', as required under the SEBI ICDR Regulations.

The Equity Shares that are being locked-in are not ineligible for computation of Promoters' Contribution under the SEBI ICDR Regulations. In this computation, as per Regulation 15 of the SEBI ICDR Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- (a) Equity Shares acquired during the preceding three years (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets is involved in such transactions; or (b) arising from bonus shares out of revaluation reserves or unrealised profits of our Company or bonus shares issued against Equity Shares which are otherwise ineligible for computation of Promoters' Contribution;
- (b) Equity Shares acquired during the one year preceding the date of this Draft Red Herring Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;
- (c) Equity Shares held by the Promoters that are subject to any pledge or any other form of encumbrance;
- (d) Our Company has not been formed by the conversion of a partnership firm into a company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm; and
- (e) All the Equity Shares held by the Promoters and Promoter Group are held in dematerialised form prior to the filing of this Draft Red Herring Prospectus with SEBI.

6. *Details of share capital locked-in for one year:*

Except for the Promoters' Contribution, which shall be locked-in as above, the entire pre-Issue capital of our Company shall be locked in for a period of one year from the date of Allotment.

The Equity Shares allotted to eligible employees under the ESOP 2018 shall not be subject to lock-in.

The Offered Shares which will be transferred by the Selling Shareholders in the Offer for Sale shall not be subject to lock-in. However, any unsubscribed portion of Equity Shares offered by the Selling Shareholders in the Offer for Sale would also be locked-in, subject to and as required under the SEBI ICDR Regulations. Provided however that, any Equity Shares held by a venture capital fund or alternative investment fund of category I or category II or a foreign venture capital investor will be exempted from the requirement of this one year pre-Issue lock in, provided, such Equity Shares have been locked in for a period of at least one year from the date of purchase by such venture capital fund or alternative investment fund or foreign venture capital investor.

7. *Other requirements in respect of lock-in:*

The Equity Shares held by the Promoters which are locked-in for a period of one year from the date of Allotment may be pledged as a collateral security for a loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans. Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the Equity Shares till the lock-in period has expired.

The Equity Shares held by the Promoters and subject to lock-in may be transferred to and among the Promoters, members of the Promoter Group or to any new promoter, subject to continuation of the lock-in in the hands of the transferees for the remaining period and in compliance with the SEBI Takeover Regulations, as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in the SEBI ICDR Regulations has expired.

Further, in terms of the SEBI ICDR Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue and subject to lock-in, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock-in in the hands of the transferee for the remaining period and compliance with the provisions of the SEBI Takeover Regulations, as applicable.

8. *Lock-in of Equity Shares allotted to Anchor Investors:*

Any Equity Shares Allotted to Anchor Investors in the Anchor Investor Category shall be locked-in for a period of 30 days from the date of Allotment.

12. Employee Stock Option Scheme

As on the date of this Draft Red Herring Prospectus, our Company does not have any employee stock option plan or scheme.

13. Except as mentioned below, our Company has not issued any Equity Shares for consideration other than cash:

Date of allotment/ transaction	Number of Equity shares allotted	Face value per Equity Share (₹)	Issue price per Equity Share (₹)	Nature of consideration	Reason for/ nature of allotment
December 9, 2018	11,442,168	5	-	Bonus	Issue of 4 bonus shares for every 1 Equity Share held
February 26, 2020	(Please refer note 1 below)	5	(Please refer note 1 below)	Bonus	(Please refer note 1 below)

¹ In terms of the ESOP 2018, 10,401 stock options were issued to our COO. Pursuant to the sub-division of the Equity Shares of our Company of face value of ₹ 10 each into two Equity Shares of ₹ 5 each, the said options were converted in the ratio of two equity shares for each option and pursuant to the bonus issue dated December 9, 2018, 83,208 additional equity shares were allotted in the ratio of 4 bonus shares in lieu of 1 equity share, to reflect the corporate actions. Accordingly, 83,208 Equity Shares allotted to our COO have been allotted for a consideration other than cash on account of the bonus issue.

14. Except for the allotment of 104,010 Equity Shares to Tarjindar Singh on February 26, 2020, our Company has not made any allotments pursuant to any employee stock option scheme or plan in the past three years.
15. Our Company, our Directors and the BRLMs have not entered into any buy-back and/or standby and/or any other similar arrangements for the purchase of Equity Shares from any person.
16. As on the date of filing of this Draft Red Herring Prospectus, the BRLMs or their respective associates, determined as per the definition under SEBI (Merchant Bankers) Regulations, 1992, do not hold any Equity Shares. The BRLMs and their affiliates may engage in transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company and/or our Subsidiaries, for which they may in the future receive customary compensation.
17. Our Company has not issued any Equity Shares out of revaluation reserves.
18. Our Company has not allotted any Equity Shares pursuant to any scheme of arrangement approved under sections 391 to 394 of the Companies Act, 1956 or sections 230 to 234 of the Companies Act, 2013, as applicable.
19. The Equity Shares are fully paid-up and there are no partly paid-up Equity Shares as on the date of filing this Draft Red Herring Prospectus.
20. There are no outstanding convertible securities or any other right which would entitle any person any option to receive Equity Shares as on the date of this Draft Red Herring Prospectus.

21. Except for the fresh issue, there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from filing of this Draft Red Herring Prospectus with SEBI until the Equity Shares have been listed on the Stock Exchanges or refund of application moneys.
22. Over-subscription to the extent of 1% of the Issue can be retained for the purpose of rounding off to the nearest multiple of the minimum Allotment lot while finalising the Basis of Allotment.
23. Neither our Promoter, nor any of the members of our Promoter Group, our Directors, or their relatives have purchased or sold any securities of our Company, during a period of six months preceding the date of filing the Draft Red Herring Prospectus with SEBI.
24. Our Promoters and the members of our Promoter Group will not participate in the Issue.
25. There have been no financing arrangements whereby the Promoter Group, the Directors or their relatives have financed the purchase of our Equity Shares by any other person other than in the normal course of business of the financing entity during the period of six months immediately preceding the date of this Draft Red Herring Prospectus.
26. In terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations and in compliance with Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Net Issue shall be allocated on a proportionate basis to QIBs. Provided that our Company and the Selling Shareholders in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis out of which at least one third shall be reserved for domestic Mutual Funds only subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under subscription in the Anchor Investor Category, the remaining Equity Shares shall be added to the QIB Portion. 5% of the QIB Portion (other than Anchor Investor Category) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion (other than Anchor Investor Category) shall be available for allocation on a proportionate basis to all QIBs, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation, in accordance with the SEBI ICDR Regulations, to Retail Individual Bidders, subject to valid Bids being received at or above the Issue Price.
27. Our Company presently does not intend or propose to alter the capital structure for a period of six months from the Issue Opening Date, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether on a preferential basis or by way of issue of bonus or rights or further public issue of Equity Shares or otherwise. However, if our Company enters into acquisitions, joint ventures or other arrangements, our Company may, subject to necessary approvals, consider raising additional capital to fund such activity or use Equity Shares as currency for acquisitions or participation in such joint ventures.
28. Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company and the Selling Shareholders in consultation with the BRLMs and the Designated Stock Exchange. However, undersubscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of other categories.
29. The Equity Shares transferred pursuant to the Issue shall be fully paid-up at the time of Allotment.
30. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
31. Our Company shall ensure that any transaction in the Equity Shares by the Promoters and the Promoter Group during the period between the date of filing the Draft Red Herring Prospectus with SEBI and the date of closure of the Issue shall be reported to the Stock Exchanges within 24 hours of such transaction.
32. No person connected with the Issue, including, but not limited to, the Members of the Syndicate, our Company, the Selling Shareholders, our Subsidiaries, the Directors, the Promoters or the members of our Promoter Group and Group Companies, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.
33. Our Company does not have any employee stock option scheme as on the date of this Draft Red Herring Prospectus.

34. Our Company has not made any public issue or rights issue of any kind or class of securities in the last ten years.
35. Except as stated below, our Company has not issued any Equity Shares at a price that is lower than the Issue Price in the last one year preceding the date of filing of this Draft Red Herring Prospectus.

The above-stated fund requirements and the proposed deployment of the Net Proceeds with regard to the aforesaid object are based on internal management estimates based on current market conditions and have not been appraised by any bank or financial institution or other independent agency. For details, see “*Risk Factors – Deployment of the Net Proceeds of the Fresh Issue are based on management estimates and have not been independently appraised.*” on page 35.

As per the provisions of Regulation 230(1)(e) and Paragraph 9 (C) of Part A of Schedule VI of the SEBI ICDR Regulations, our Company confirms that firm arrangements of finance have been made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue, to the extent applicable. For further details in relation to the funding tie up for the PCMC WTE Project, see “– *Details of the Objects of the Fresh Issue – Part-financing the PCMC WTE Project at Moshi for treating municipal solid waste – Debt tie up*” below.

Given the nature of our business, we may have to revise our fund deployment and requirements on account of a variety of factors such as our financial condition, business and strategy and external factors such as market conditions and competitive environment, which may not be within the control of our management. This may entail rescheduling or revising the planned reduction of the aggregate outstanding borrowings of our Company on a consolidated basis, the planned expenditure towards the PCMC WTE Project at Moshi and other planned expenditures under the general corporate purposes at the discretion of our management.

To the extent our Company is unable to utilise any portion of the Net Proceeds towards the aforementioned Objects, as per the estimated schedule of deployment specified above, our Company shall deploy the Net Proceeds in the subsequent Fiscals towards the aforementioned objects. In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to availability and compliance with applicable laws. Further, in case of a shortfall in the Net Proceeds, our management may explore a range of options including utilising our internal accruals.

The contract price of the Service Agreement is ₹ 93 million, out of which, ₹ 18 million will be payable to HZIND and ₹ 75 million will be payable to ISGEC. Under the Service Agreement, ALREPL has the responsibility to ensure that all required permissions, licenses and approvals such as, site clearance, approvals for set up of plan, pollution clearance, etc. shall be obtained by it.

Supply Agreement

The Supply Agreement covers the period from May 8, 2020 to January 6, 2022. The contract price of the Service Agreement is ₹ 1,176.5 million, out of which, ₹ 733.50 million will be payable to HZIND and ₹ 443 million will be payable to ISGEC. Under the Supply Agreement, ALREPL has the responsibility to make available the required

road permits / way-bill forms in a timely manner. If the Contractors fail to carry out the work in accordance with the given technical specifications or refuse to commence and continue the work or any part of it without rectifying such default even after notice of 30 days, ALREPL at its discretion can suspend the payments, cancel or terminate the remaining part of the work.

Wrapper Agreement

The Wrapper Agreement entered into between ALREPL and the Contractors records the joint and several responsibilities, the representations and warranties, the general coordination, aggregate limitations, grounds for relief from performance, grounds for extension of time and additional costs and for termination and suspension amongst them.

Debt tie up

To secure funding for the PCMC WTE Project, ALREPL has entered into a facility agreement dated July 9, 2020, with Power Finance Corporation Limited (“PFC”). The details of the loan agreement are as follows:

- i. Sanction amount: ₹ 1,721.90 million
- ii. Repayment terms: 168 equal monthly instalments on the 15th day of every month, starting after 12 months from June 30, 2022 or such other date, as may be extended by PFC.
- iii. Interest rate: 12.15% p. a.

Further, the facility from PFC is subject to further terms and conditions, including maintenance of financial ratios by ALREPL and that ALREPL does not have any securities that are convertible into or exchangeable for shares.

Further, infusion of capital by ALESPL and AG Enviro in to ALREPL to the extent of ₹ 500.00 million is a pre-condition to the disbursement of funding by PFC.

Manner of investment

Our Company intends to utilise the ₹ 400.00 million from the Net Proceeds towards part finance of the WTE project by infusion of amounts in AG Enviro and ALESPL. The actual mode of such deployment in each of AG Enviro and ALESPL and the amount to be invested into each of our Subsidiaries is not finalised as on date of this Draft Red Herring Prospectus and will be determined by our management at their discretion. The funds invested by our Company in each of AG Enviro and ALESPL are subsequently proposed to be invested further by each of these companies in ALREPL, in the form of equity or debt or such other method as may be decided by the management of our Subsidiaries in their discretion.

Miscellaneous

ALREPL proposes to utilise the entire investment towards purchasing equipment and components and for the services in relation to such equipment and components for the WTE project at Moshi, Pune.

No second-hand or used machinery is proposed to be purchased by ALREPL. Each of the units of machinery mentioned above is proposed to be acquired in a ready-to-use condition. Further, the Promoters, Directors, Key Managerial Personnel and the Group Companies do not have any interest in the proposed acquisition of the machinery or in the Contractors from whom we have obtained the equipment and machines and our Company has confirmed that such entities do not form part of our Promoter Group or Group Companies.

No dividends have been assured to our Company by ALESPL or AG Enviro for the purposes of the said investments. The said investment will result in the direct or indirect increase in the value of the investment made by our Company in ALESPL and/or AG Enviro. Further, such investment is being undertaken in furtherance of our Company's objective to focus on operational efficiency to improve returns, we intend to increase automation of various processes to eliminate waste and improve efficiency to reduce our fixed costs and in furtherance of our strategy to enhance market leadership in the Indian MSW management industry and expand our customer base, for further details see, “Our Business – Our Strategies” beginning on page 116.

2. ***Reduction of the consolidated borrowings of our Company by infusing debt in our Subsidiary - AG Enviro Infra Projects Private Limited for repayment / prepayment of portion of their outstanding indebtedness***

Our Company and its Subsidiaries have availed loans in the ordinary course of business for the purposes including but not limited to meeting working capital requirements, financing capital expenditure, meeting vehicle loan requirements.

Our Company intends to utilise ₹ 385 million from the Net Proceeds to invest in our Subsidiary – AG Enviro by way of debt infusion. The Board of Directors *vide* the resolution dated September 29, 2020, has approved and noted, respectively, the sanction of unsecured loans of up to ₹ 385 million to our Subsidiary, AG Enviro at an interest rate of 13.15% p.a. payable on demand. The board of directors of AG Enviro *vide* its resolution dated September 29, 2020 has approved and noted, respectively, the borrowing of unsecured loans of up to ₹ 385 million at an interest rate of 13.15% p.a. payable on demand from our Company.

AG Enviro pursuant to its board meeting dated September 29, 2020 has approved reduction of the aggregate outstanding borrowings. The selection of borrowings proposed to be prepaid, repaid (earlier or scheduled) out of the borrowings provided above, shall be based on various factors including (i) any conditions attached to the borrowings restricting our ability to prepay the borrowings and time taken to fulfil such requirements, (ii) receipt of consents for prepayment or waiver from any conditions attached to such prepayment from our respective lenders, (iii) terms and conditions of such consents and waivers, (iv) levy of any prepayment penalties and the quantum thereof, (v) provisions of any law, rules, regulations governing such borrowings, and (vi) other commercial considerations including, among others, the interest rate on the loan facility, the amount of the loan outstanding and the remaining tenor of the loan.

Given the nature of these borrowings and the terms of repayment/ pre-payment, the aggregate outstanding loan amounts may vary from time to time. In addition to the above, we may, from time to time, enter into further financing arrangements and draw down funds thereunder. In such cases or in case any of the above loans are repaid/ pre-paid or further drawn-down prior to the completion of the Issue, we may utilize Net Proceeds towards repayment/ pre-payment of such additional indebtedness.

The repayment or pre-payment will help reduce our outstanding indebtedness and debt servicing costs on a consolidated basis, assist us in maintaining a favourable debt to equity ratio and enable utilisation of our internal accruals for further investment in business growth and expansion. In addition, the debt to equity ratio of our Company on a consolidated basis will improve enabling us to raise further resources in the future to fund potential business development opportunities and plans to grow and expand our business in the future.

The following table sets forth details of certain borrowings availed by our Company and our Subsidiaries, on a consolidated basis, out of which our Company may prepay or repay all or a portion of, any or all of the borrowings:

In addition to the selling commission referred above, any additional amount(s) to be paid by our Company and Selling Shareholders shall be as mutually agreed amongst the Book Running Lead Manager, their respective Syndicate Members, our Company and Selling Shareholders before the opening of the Issue.

Appraising Agency

None of the objects of the Fresh Issue for which the Net Proceeds will be utilized have been appraised by any agency.

Bridge Loans

Our Company has not raised any bridge loans from any banks or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

Interim Use of Net Proceeds

Pending utilization for the purposes described above, we intend to deposit the Net Proceeds only in scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as may be approved by our Board. In accordance with section 27 of the Companies Act, 2013, we confirm that we shall not use the Net Proceeds (or any part thereof) for buying, trading or otherwise dealing in any shares of any listed company or for any investment in equity markets.

Monitoring of Utilization of Funds

Our Company will disclose the utilization of the Net Proceeds, including interim use, under a separate head in its balance sheet for such fiscal periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Net Proceeds have been utilized. Our Company will also, in its balance sheet for the applicable fiscal periods, provide details, if any, in relation to all such Net Proceeds that have not been utilized, if any, of such currently unutilized Net Proceeds.

Pursuant to the SEBI Listing Regulations, our Company shall on a quarterly basis disclose to the Audit Committee, the uses and applications of the Net Proceeds. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Draft Red Herring Prospectus and place it before the Audit Committee. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement will be certified by the Statutory Auditors of our Company.

Further, in accordance with the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges, on a quarterly basis, a statement indicating (i) material deviations, if any, in the utilisation of the Net Proceeds from the Objects as stated above; and (ii) details of category wise variations in the utilisation of the Net Proceeds from the Objects as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results after placing the same before the Audit Committee. In the event of any deviation in the use of Net Proceeds from the Objects, as stated above, our Company shall intimate the same to the Stock Exchanges without delay.

Any such change / deviation in the use of Net Proceeds from the Objects mentioned hereinabove, if any, shall be made as per the applicable laws and regulations.

Other Confirmations

There are no material existing or anticipated transactions in relation to the utilization of the Net Proceeds with our Promoters, Directors, Key Managerial Personnel and the members of our Promoter Group or Group Companies. Accordingly, no part of the Net Proceeds will be paid by our Company as consideration to our Promoters, Directors, Key Managerial Personnel and the members of our Promoter Group or Group Companies.

Variation in Objects

In accordance with the provisions of the Companies Act, 2013, and the applicable rules thereunder, our Company shall not vary the Objects without our Company being authorised to do so by the Shareholders by way of a special resolution. The notice issued to the shareholders shall simultaneously be published in the newspapers, one in English and one Marathi newspaper (Marathi being the vernacular language in the city where the registered office of our Company is situated). In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details and such details of the notice, clearly indicating the justification for such variation, be published in accordance with the Companies Act 2013. Pursuant to the Companies Act, 2013, the Promoters or controlling Shareholders will be required to provide an exit offer to the Shareholders who do not agree to such proposal to vary the objects, subject to the provisions of the Companies Act and the SEBI ICDR Regulations.

BASIS FOR ISSUE PRICE

The Issue Price will be determined by our Company and the Selling Shareholders, in consultation with the Book Running Lead Managers on the basis of assessment of market demand for the Equity Shares offered in the Issue through the Book Building Process and on the basis of quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 5 each and the Issue Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band. Investors to see “*Our Business*”, “*Risk Factors*” and “*Financial Statements*” beginning on pages 113, 22 and 178 respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors which form the basis for computing the Issue Price are:

- 1) A leading service provider in MSW management sector with end-to-end capabilities.
- 2) Strong track record of project execution
- 3) De-risked business model with diverse portfolio of projects
- 4) Access to technology backed vehicles and equipment enables us to manage our operations efficiently
- 5) Experienced Promoters and Management Team with Strong Domain Expertise

For further details, see “*Our Business – Our Strengths*” beginning on page 114.

Quantitative Factors

Certain information presented below relating to our Company is based on the Restated Financial Statements. For details, see “*Financial Statements*” beginning on page 178.

Some of the quantitative factors which may form the basis for computing the Issue Price are as follows:

1. Basic and Diluted Earnings Per Share (“EPS”), as adjusted for changes in capital:

As per Restated Financial Statements:

Fiscal Year ended	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
March 31, 2020	27.48	27.48	3
March 31, 2019	20.38	12.46	2
March 31, 2018	22.49	13.45	1
Weighted Average	24.28	20.14	

Notes:

- (1) Basic earnings per share (₹) =
$$\frac{\text{Net profit / (loss) after tax attributable to equity shareholders, as restated}}{\text{Weighted average number of equity shares outstanding during the period}}$$
- (2) Diluted earnings per share (₹) =
$$\frac{\text{Net profit / (loss) after tax attributable to equity shareholders, as restated}}{\text{Weighted average number of diluted equity shares outstanding during the period}}$$
- (3) EPS calculation is in accordance with the Indian Accounting Standard (Ind AS) 33 ‘Earnings per share’ prescribed by the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

2. Price/Earning (“P/E”) ratio in relation to Price Band of ₹ [●] to ₹ [●] per Equity Share:

Particulars	P/E at the lower end of Price band (number of times)	P/E at the higher end of Price band (number of times)
Based on basic EPS for the year ended March 31, 2020 on a consolidated basis	[●]	[●]
Based on diluted EPS for the year ended March 31, 2020 on a consolidated basis	[●]	[●]

3. Average Return on Net Worth in the preceding three years (“RoNW”)

As per the Restated Financial Statements:

Fiscal Year ended	RoNW %	Weight
March 31, 2020	20.09	3
March 31, 2019	18.24	2
March 31, 2018	24.48	1
Weighted Average	20.21	

Notes:

- (1) *Return on net worth (%) = Net profit after tax attributable to equity shareholders, as restated / Net worth as restated at year end.*
- (2) *'Net Worth' includes Equity share capital and Other equity (Securities premium, general reserve, capital reserve, equity component of compound financial instrument and surplus in the Restated Ind AS Consolidated Summary Statement of Profit and Loss).*

4. Minimum Return on Increased net worth after the Issue needed to maintain Pre- Issue EPS as at [●]*:

Based on the Restated Financial Statements:

Particulars	At Floor Price (%)	At Cap Price (%)
To maintain pre- Issue basic EPS	[●]	[●]
To maintain pre- Issue diluted EPS	[●]	[●]

* will be populated in the Prospectus

5. Net Asset Value per Equity Share of face value of ₹ 5 each (as adjusted for changes in capital)

Net Asset Value per Equity Share	Consolidated (₹)
As on March 31, 2020	136.81
After the Issue	[●]
Issue Price	[●]

Notes:

- (1) *Issue Price per Equity Share will be determined on conclusion of the Book Building Process.*
- (2) *Net Asset Value per Equity Share =
$$\frac{\text{Net worth as restated, at the end of the period}}{\text{Number of equity shares outstanding at the end of the year}}$$*

6. Comparison of Accounting Ratios with Listed Industry Peers

Our Company does not have any listed industry peers in India.

7. The Issue Price is [●] times of the face value of the Equity Shares.

The Issue Price of ₹ [●] has been determined by our Company and the Selling Shareholders in consultation with the Book Running Lead Managers, on the basis of assessment of market demand from investors for Equity Shares through the Book Building Process and, is justified in view of the above qualitative and quantitative parameters. Investors should read the above-mentioned information along with “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Financial Statements” beginning on page 22, 113, 270 and 178 respectively, to have a more informed view. The trading price of the Equity Shares could decline due to factors mentioned in “Risk Factors” beginning on page 22 and you may lose all or part of your investments.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARIES AND SHAREHOLDERS OF THE COMPANY UNDER THE APPLICABLE DIRECT TAX LAWS

A. Direct taxation

Statement of special tax benefits available to Antony Waste Handling Cell Limited (*formerly known as Antony Waste Handling Cell Private Limited*) (the ‘Company’), material subsidiaries (together referred to as ‘Group’) and its shareholders under the Income Tax Act, 1961 (the ‘Act’) (read with Income Tax Rules, circulars, notifications) as amended by the Finance Act, 2020 (hereinafter referred to as the ‘Income Tax Regulations’)

1. Special tax benefits to the Company under the Income Tax Regulations;

As per Section 2 of chapter II of Finance Act, 2020 (Rates of Income-tax), Income-tax shall be charged at the rates specified in Part III of the First Schedule. Since the Company’s turnover is less than INR 400 crore in the previous year 2018-19, it can avail special tax rate of 25% (plus applicable surcharge and health and education cess) on the total income.

Further, the Company has an option as per the provisions of Section 115BAA of the Income-tax Act, 1961 (“the Act”) to opt for reduced tax rate of 22% (plus applicable surcharge and health and education cess) subject to fulfillment of certain conditions specified in the said Section. Under this option, the Company will not be eligible to claim some special exemptions and deductions. Further, in order to avail the benefit of lower tax rate, the Company has to opt for the same on or before the filing of Income-tax return for respective year. It is pertinent to note that in case where a Company does not opt for the lower tax rate, the Company would be liable to pay tax at the rate of 25% (plus applicable surcharge and health and education cess).

2. Special tax benefits to the shareholders of the Company under Income Tax Regulations;

No special tax benefits are available to the shareholders of the Company under the Income Tax Regulations.

3. Special tax benefits to Antony Lara Enviro Solutions Private Limited, a material subsidiary of the Company, under the Income Tax Regulations;

The following specific tax benefit may be available to Antony Lara Enviro Solutions Private Limited, a material subsidiary of the Company after fulfilling conditions as per the respective provisions of the relevant tax laws on certain eligible projects / contracts:

In accordance with and subject to the conditions specified in Section 80-IA of the Income Tax Regulations, the material subsidiary of the Company may be entitled for a deduction of an amount equal to hundred percent of profits or gains derived from any enterprise carrying on business of (i) developing or (ii) operating and maintaining or (iii) developing, operating and maintaining any infrastructure facility or (iv) generating or distributing or transmission of power, for any ten consecutive assessment years out of fifteen years beginning from the year in which the enterprise has started its operation.

For the words “fifteen years”, the words “twenty years” has been substituted for the following infrastructure facility-

- (a) road including toll road, a bridge or a rail system.
- (b) highway project including housing or other activities being an integral part of the highway project.
- (c) water supply project, water treatment system, irrigation project, sanitation and sewerage system or solid waste management system.
- (d) port, airport, inland waterway, inland port or navigational channel in the sea.

However, the aforesaid deduction is not available while computing Minimum Alternative Tax (‘MAT’) liability of the aforesaid material subsidiary of the Company under Section 115JB of the Income Tax Regulations. Nonetheless, such MAT paid/ payable on the adjusted book profits of the material subsidiary of the Company computed in terms of the provisions of Income Tax Regulations, read with the Act would be eligible for credit against tax liability arising in succeeding years under normal provisions of Income Tax Regulations as per Section 115JAA of the Income Tax Regulations to the extent of the difference between the tax as per normal

provisions of the Income Tax Regulations and MAT in the year of set-off. Further, such credit would not be allowed to be carried forward and set off beyond fifteen assessment years immediately succeeding the assessment year in which credit becomes allowable.

Notes:

1. These special tax benefits are dependent on the Company, its shareholders and material subsidiaries fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company, its shareholders and material subsidiaries to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its shareholders and material subsidiaries may or may not choose to fulfil. The special tax benefits discussed in the Statement are not exhaustive.
2. The Statement is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.
3. The Statement is prepared on the basis of information available with Management of the Company and there is no assurance that:
 - i. the Company, its shareholders and material subsidiary will continue to obtain these benefits in future;
 - ii. the conditions prescribed for availing the benefits have been/ would be met with; and
 - iii. the Revenue authorities/Courts will concur with the view expressed herein.
4. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time.

The accompanying Statement of Possible Special Tax Benefits available to the Company and its Shareholders and “AG Enviro Infra Projects Private Limited and Antony Lara Enviro Solutions Private Limited” (referred as “material subsidiaries”) (hereinafter referred to as “the Statement”) under the Central Goods and Service Tax Act, 2017, Integrated Goods & Service Tax Act, 2017, respective state Goods and Services Tax Act, 2017, Customs Act, 1962, Customs Tariff Act, 1975, as amended, the rules & regulations there under, Foreign Trade Policy, presently in force in India (collectively referred as “Indirect Tax Regulations”) under the respective tax laws of the country as on 25 September 2020, has been prepared by the management of the Company in connection with the proposed Offer, which has been attached with this certificate.

Management’s Responsibility

3. The preparation of this Statement as of 25 September 2020 which is to be included in the Draft Red Herring Prospectus is the responsibility of the management of the Company and has been approved by the Board of Directors of the Company at its meeting held on 29 September 2020 for the purpose set out in paragraph 9 below. The management’s responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances. The Management is also responsible for identifying and ensuring that the Company complies with the laws and regulations applicable to its activities.

Auditor’s Responsibility

4. Our work has been carried out in accordance with Standards on Auditing, the ‘Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)’ and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India.
5. Pursuant to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2018, as amended (the ‘SEBI ICDR Regulations’) and the Companies Act 2013 (‘Act’), it is our responsibility to report whether the Statement prepared by the Company, presents, in all material respects, the possible special tax benefits available as of 25 September 2020 to the Company, the shareholders and material subsidiaries of the Company, in accordance with the Indirect Tax Regulations as at the date of our report.
6. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act and the SEBI ICDR Regulations in connection with the Offering.

Inherent Limitations

7. We draw attention to the fact that the Statement includes certain inherent limitations that can influence the reliability of the information.

Several of the benefits mentioned in the accompanying statement are dependent on the Company or its shareholders or material subsidiaries fulfilling the conditions prescribed under the relevant provisions of the tax laws. Hence, the ability of the Company or its shareholders or material subsidiaries to derive the tax benefits is dependent upon fulfilling such conditions, which may or may not be fulfilled. The benefits discussed in the accompanying statement are not exhaustive.

The Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Issue.

Further, we give no assurance that the Revenue Authorities/ Courts will concur with our views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

Opinion

8. In our opinion, the Statement prepared by the Company presents, in all material respects, the possible special tax benefits available as of 25 September 2020, to the Company and its shareholders and material subsidiaries, in accordance with the Indirect Tax Regulations as at the date of our report.

Considering the matter referred to in paragraph 5 above, we are unable to express any opinion or provide any assurance as to whether:

- (iii) The Company or its shareholders or material subsidiaries will continue to obtain the benefits per the Statement in future; or
- (iv) The conditions prescribed for availing the benefits per the Statement have been/ would be met with.

Restriction on Use

9. This report is addressed to and is provided to enable the Board of Directors of the Company to include this report in the Draft Red Herring Prospectus, prepared in connection with the Offering to be filed by the Company with the Securities and Exchange Board of India, National Stock Exchange of India Limited and BSE Limited and Registrar Of Companies, Maharashtra at Mumbai. Accordingly, this report should not be reproduced or used for any other purpose without our prior written consent.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARIES AND SHAREHOLDERS OF THE COMPANY UNDER THE APPLICABLE INDIRECT TAX LAWS

B. Indirect taxation

Statement of special tax benefits available to Antony Waste Handling Cell Limited (*formerly known as Antony Waste Handling Cell Private Limited*) (the ‘Company’), its material subsidiaries (together referred to as ‘Group’) and its shareholders under the Goods and Services Tax Act, 2017 (‘GST Act’) read with Rules, circulars and notifications under the GST Act (hereinafter referred to as the ‘GST Regime’)

1. Special tax benefits to the Company under the GST Regime;

The following specific tax benefit may be available to the Company after fulfilling conditions as per the respective provisions of the relevant tax laws on certain eligible projects / contracts:

As per Notification No.12/2017-Central Tax(Rate) dated 28 June 2017, services provided to Central Government, State Government or Union territory or local authority or a Governmental authority in relation to functions entrusted to Municipality by the Constitution is exempt from levy of Goods and Service Tax.

2. Special tax benefits to the shareholders of the Company under the GST Regime;

No special tax benefits are available to the shareholders of the Company under the GST Regime.

3. Special tax benefits to Antony Lara Enviro Solutions Private Limited and AG Enviro Infra Projects Private Limited, a material subsidiary of the Company, under the GST Regime;

The following specific tax benefit may be available to Antony Lara Enviro Solutions Private Limited and AG Enviro Infra Projects Private Limited, a material subsidiary of the Company after fulfilling conditions as per the respective provisions of the relevant tax laws on certain eligible projects / contracts:

As per Notification No.12/2017-Central Tax(Rate) dated 28 June 2017, services provided to Central Government, State Government or Union territory or local authority or a Governmental authority in relation to functions entrusted to Municipality by the Constitution is exempt from levy of Goods and Service Tax.

Notes:

1. These special tax benefits are dependent on the Company, its shareholders and material subsidiaries fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company, its shareholders and material subsidiaries to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its shareholders and material subsidiaries may or may not choose to fulfil. The special tax benefits discussed in the Statement are not exhaustive.
2. The Statement is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Offer.
3. The Statement is prepared on the basis of information available with Management of the Company and there is no assurance that:
 - i. the Company, its shareholders and material subsidiary will continue to obtain these benefits in future;
 - ii. the conditions prescribed for availing the benefits have been/ would be met with; and
 - iii. the Revenue authorities/Courts will concur with the view expressed herein.
4. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time.

A Macroeconomic and Demographic Overview of India

Gross Domestic Product (GDP) Growth and Outlook

Indian economy which was already reeling under apparent slowdown was inching towards recovery and had posted GDP growth of around 3.1% in Q4FY20 placing the full-year GDP growth numbers at decent level of 4.2%. However, COVID-19 induced lockdown across the entire nation has disrupted the Indian economy at multiple levels. This is particularly evident from the sharp contraction in GDP growth numbers at -23.9% for the first quarter of FY 21 during which time large parts of the country were under lockdown. Post Q1 FY 21, the economic activity witnessed gradual recovery as manufacturing plants and offices opened up for businesses post the lockdown period. Some of the high frequency indicators such as e-way bill generation, online transactions and new vehicle registrations also started appearing in green. However, the increasing number of COVID-19 cases, its spread across rural areas and subsequent lockdowns across new hot spots hold significant potential to derail and delay economic recovery in FY 21.

Real GDP Value (INR 000 'Bn) and Growth %, India FY12 to FY23E

Source: Asian Development Outlook Update, Sep 2020, Frost & Sullivan Analysis

Asian Development Bank estimates India's GDP to contract by 8.9% in FY 21 and bounce back with 8.3% GDP growth in FY 22, one of the highest among major economies globally.

The medium term growth outlook is expected to improve and record a growth of 6.3% during FY23E, on account of strong macroeconomic fundamentals including moderate inflation, implementation of key structural reforms and various fiscal and monetary initiatives taken by the government to alleviate COVID-19 related hardships faced by corporates as well individuals.

Central Government along with RBI has initiated a slew of reforms and measures in order to support various sections of India economy. A stimulus package worth of USD 141 Bn was announced which is equivalent to 4.8% of GDP, these include:

Fiscal Stimulus:

- Reduced up-front tax deductions for workers in the formal sector
- Food, cash and kind handouts for low-income households by the central and state governments
- Government-backed insurance coverage for healthcare workers
- Credit support measures for farmers, migrant workers and poor households
- Expansion of food provision for migrants
- Expansion of MNREGA and other employment programs to include migrant workers

Monetary Stimulus

- Rates reduced by 115 basis points to lowest level ever
- Injected liquidity in the system through various mechanisms such as bond purchase.
- Regulatory changes to facilitate improved credit flows to MSMEs and the retail sector
- Collateral-free credit line with 100% guarantee for MSMEs- \$41.41 billion
- Credit support to exporters and importers

Industry-specific Stimulus

- \$2.07 billion health infrastructure spending on testing facilities, ventilators, beds and other infrastructure
- Regulatory changes to improve credit flows to retail
- Cash injection for power distribution companies
- Subsidized credit and infrastructure support to the agriculture sector
- Funding for electricity distribution companies
- Interest exemptions on short-term agriculture loans extended to August-end

GDP per Capita

India's largest lender State Bank of India estimates that due to the on-going COVID-19 situation, India's per capita income is expected to decline by 5.4% in FY21. The decline in per capita income is expected to be in double digits for 8 states and union territories which typically cater to around 47 % of India's GDP.

Source: World Economic Outlook, International Monetary Fund Estimates, April 2020, Frost & Sullivan Analysis

Rich states such as Maharashtra, Gujarat, Telangana, and Tamilnadu which are also experiencing surge in COVID-19 cases are expected to be most affected in per capita income terms. This is expected to reduce the inequality gap in India as rich States will experience a greater decline in per capita income as compared to other States.

However, as India's economy bounces back in FY22, the per capita income is also expected to improve thereby supporting consumption demand and discretionary spending.

Private Final Consumption Expenditure (PFCE) growth in India

Continuous government support through various reforms and initiatives will play important role in accelerating India's economic recovery. This recovery is expected to be driven by government expenditure as private final consumption expenditure (a proxy to gauge household spending) is expected to remain subdued through a couple of coming quarters due to the covid-19 pandemic situation which has severely impacted household income levels.

Population Growth

With a population of 1.37 Bn, India has the second largest population in the world. Population is estimated to grow at a CAGR of 1.07% during 2019-2025E making it the most populous country in the world.

The country has a relatively young demographic profile, with a median age of 28.4 years; it is one of the lowest globally as compared to 38.3 years in the US, 48.4 years in Japan and 38.4 years in China. (Source: UN: World Population Prospects 2019)

Urbanization

The growing urban population of India has led to increase in urbanization of the country. There has been significant increase in urban towns and cities in the country over the past few years and a concomitant increase in people living in such urban towns and cities. India's urban population increased from 27.9% in 2001 to 31.3% in 2011 and has further increased to 34.5% in 2019. It is expected to reach around 35.4% by 2021.

The high economic growth, higher standards of living and increasing opportunities in cities have led to almost 10 Million people migrating to cities and towns every year, which has further added pressure on these cities in terms of infrastructure and housing.

The Government has been working on planned urbanization including smart city initiatives, scheme for affordable housing, slum rehabilitation scheme, providing affordable housing to the poor by developing innovative housing finances to counteract this. Brief details of few of the key schemes include:

- Smart Cities Mission is a five year (FY17-22) program that aims at urban development and retrofitting program across 100 cities in order to make them citizen friendly and sustainable. As of August 2020, all 100 cities have been selected for such up gradation. During the Union Budget FY 2020-21, five new smart cities were proposed. As on date, all 100 cities have incorporated Special Purpose Vehicle (SPV), Project Management Consultants (PMC) and City Level Advisory Forums (CLAF) to appraise, approve, implement, manage, operate, monitor and evaluate the projects. While the 2020-21 budget had no specific budget increment for the Smart Cities Mission, as per the economic survey 2019-20, a total of 5,151 smart city projects with a total cost of INR 2 lakh crore were in various stages of implementation among the 100 smart cities since the inception of Smart City Mission.
- Under Pradhan Mantri Awas Yojna (PMAY), 20 million affordable houses will be provided to poor (urban and rural) by Mar 2022. The scheme aims to ensure availability of toilet, electricity, gas, drinking water and banking facilities.
- Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme aims to develop infrastructure to improve quality of life such as storm water drainage, green spaces, recreational center etc. Near about 500 cities have been selected under this scheme.

Global Overview of Waste Management

In volume terms, total waste generation levels (including all types of waste) are estimated to be around 30.1 Bn Tons in 2019 and expected to reach 30.9 Bn Tons in 2020. In value terms, global waste management services market is estimated to be around INR 22,000 Billion in 2019 and is expected to reach INR 23,200 Billion in FY2020.

Source: Frost & Sullivan Analysis

Qualitative Review of Waste Generation Segment

Municipal waste generation is largely influenced by economic development, local climate, and level of industrialization and public habits. OECD (Organization for Economic Cooperation and Development) countries are the highest waste generators globally. For example, USA generates around 267.8 Million TPA of MSW whereas Brazil generates only around 79 Million TPA. Waste composition of any country is also directly influenced by factors such as economic development, climate (geography) and culture. Waste composition in developed countries typically has higher share of inorganic materials such as plastic, aluminum etc. as compared to organic materials. Also, climate or geography influences waste composition such as ash content (primarily from household heating) or building material (wood vs. steel).

 Other include Textiles, leather, rubber, multi-laminates, e-waste, appliances, ash, other inert materials

Qualitative Review of Waste Collection and Transportation Segment

Globally, waste collection efficiency is found to vary by national income and by region. Higher income countries tend to have better waste collection efficiency. In high income countries, it is important to note that the collection rate is typically much higher (90%) than the global average, primarily because the cost and the collection methods are sophisticated; mechanized machines are used, focus on sanitation and economic ability to fund waste collection & transportation and cultural factors

Qualitative Review of Waste Processing Segment

Globally, scientific and controlled landfilling technology is widely popular method for treatment and disposal of waste. It is estimated that around 52% of the total waste treated globally is done through scientific and controlled landfilling technology. As per 2018 World Bank report, 33% of the world practices open dumping of waste, which is a popular practice in South Asia and it stated that in India, 77% of the waste is disposed in open dumps, 18% is composted and only 5% is recycled.

Waste processing technologies adopted vary according to country's income level. For example, in high income country such as Denmark, WTE and recycling technology are widely used whereas in a low to middle income country such as Morocco open dumping is widely popular.

Global Solid Waste Management Industry Trends

China's Ban on Import of Foreign Waste: China announced a ban on import of 24 categories of recyclables and solid waste by the end of 2017. This campaign by China is mainly toward plastic, textiles and mixed paper. It implies that China will reduce intake of foreign waste and replace it with recyclables from domestic market. As the biggest exporters include the UK, the US, Europe, and Japan, these countries have to come up with strategies to recycle waste in their facilities.

Digital Transformation of Bins to Tackle MSW: Smart waste bins continue to be in demand and IoT has been playing a significant role in changing the way waste is collected and sorted, especially in developed countries. For instance, EvoEco, a US start-up, has created an interactive bin called "EvoBins", which displays on its screen information about the kind of waste that goes into the bin. Such waste bins simplify the process of segregation/sorting and, thus, make recycling easier. BHS, an Oregon, US based waste management company has advanced sorting systems equipped with its Max-AI® autonomous quality control (AQC) units. Trinov, France is another innovative company in this space doing waste analytics and reporting to improve waste management efficiency. Emerging countries are also making use of IoT in waste management. Bee'ah, a Sharjah based waste management company has deployed 42 solar-powered smart bins across the UAE.

Growing Trend of Electric Vehicles (EV) for Waste Collection: As electric vehicles are increasingly popular, many waste management companies are looking forward to using them for waste collection. These electric vehicles also communicate real-time status of waste collection to software systems benefitting communities through streamlined operations and reduced carbon footprints. Waste Management Ltd. launched electric kerbside collection trucks in Christchurch, New Zealand and the company aims to convert almost all of its waste collection fleet to EV.

Shifting Away from Open Dumping: Developed countries such as Sweden, the USA and UK have already moved away from open dumping of waste to a large extent. A similar trend is now being observed in developing countries such as Sri Lanka and India where respective governments have realized the danger to the environment posed by open dumping of waste. Local municipalities have adopted a two pronged approach in addressing this issue. First, municipalities are promoting recycling and waste processing (on-site or at a common plant) to reduce the load on open dump sites and second they are inviting bidders to set up new scientific landfills as well as converting existing dump sites into a scientific one.

New Waste Processing Technologies and Startup Funding: New technologies such as Hydrothermal Carbonization (HTC) hold significant potential to revolutionize the processing of wet organic waste into value-added products that can replace fossil fuel. Hydrothermal Carbonization fast tracks geothermal conversion of wet waste with the help of an acid catalyst at a moderate temperature and pressure to produce hydro-char (or biocoal) that has properties similar to fossil fuel. The first commercial scale HTC plant is already being set up in the UK and is expected to come online later this year. Novel waste processing technologies as mentioned above are being developed and field tested in developed countries such as Sweden, the UK and USA through funding from national R&D grants. Many startups have come up with novel approaches to waste management and have been successful in attracting venture investments. According to Crunchbase data, venture investments into waste management companies in the US has been more or less flat from 2011 to 2014 (an average of \$ 40 Million per year); however, the number of deals and total investments picked up from 2015 to 2017 (at around \$200 Million per year).

The India Municipal Solid Waste Management Market

Overview

Indian municipal solid waste management services market is an INR 500bn industry which is expected to grow at a CAGR of 14.4% till FY 2025 driven by increase in urban population, changing consumption patterns, improved awareness of modern methods of waste management, increased participation by private players and investments by ULBs towards scientific disposal of such waste.

In India, municipal solid waste is managed in two ways: Centralized and Decentralized Waste Management approaches. The centralized approach is also termed as Integrated Solid Waste Management and is a technology-driven system for handling bulk wastes at a central processing facility. At the processing facility, value is derived out of waste in the form of compost, incineration, Refuse Derived Fuel (RDF), plasma gasification, and biomethanation. Cities such as Mumbai, Delhi, Navi Mumbai, Pune, Hyderabad and Guwahati have adopted this approach where all services are bundled across the value chain ensuring economies of scale and commercial viability.

In the decentralized method, waste is managed by various small waste management centers within the locality. These centers are run by either profit-making or not-for-profit organizations engaged in collecting, transporting and processing around 2 to 20 metric tons of waste from the surrounding localities. These small centers are mainly engaged in making compost out of the organic content in the waste besides selling recyclables such as plastic and glass to local traders and scrap dealers. This approach is not suitable for large and densely populated cities as such facilities generally occupy space within each locality/residential colony which may be opposed by people residing in that vicinity.

Currently, as per Frost & Sullivan analysis around 85-90% of the municipal solid waste generated in India is being collected and transported out of which approximately 30-35% gets processed. During August 2020, the Swachh Survekshan Awards were announced by Ministry of Union Housing and Urban Affairs and cities like Ambikapur, Mysore, New Delhi (NDMC), Chandrapur, Khargone, Tirupathi, Jamshedpur, Gandhinagar, Dhule and Rajnandgaon were awarded the top 10 cleanest cities in India with a population between 1 lakh to 10 lakh and cities like Indore, Surat, Navi Mumbai, Vijaywada, Ahmedabad, Rajkot, Bhopal, Chandigarh, Vizag and Vadodara were in the top 10 list for cities with a population more than 10 lakh.

MSW in India generally consists of compostable/biodegradable, recyclables and inerts. Compostable/ biodegradable/ organic items are food waste, from households, retail/wholesale markets and institutions such as hotels and restaurants, which account for around 48% of the overall waste composition. Recyclables include paper, plastics, metal and glass and account for 19% of the total MSW composition while the balance 33% comprises of inert waste.

Various sources of municipal solid waste

Source	Typical Waste Generator	Solid Waste Contents
Residential	Single and multiple households/ dwellings	Food wastes, paper, cardboard, plastics, textiles, leather, yard wastes, wood, glass, metals, ashes, special wastes (e.g. bulky items, consumer electronics, batteries, oil, tires), and household hazardous wastes
Commercial	Shops, Stores, Hotels, Restaurants, Markets, Office, Malls etc.	Paper, cardboard, plastics, wood, food wastes, glass, metals, special wastes, hazardous wastes
Institutional	Schools, Hostels, Hospitals, Government and Private Office Complexes	Paper, cardboard, plastics, wood, food wastes, glass, metals, special wastes, hazardous wastes.
Construction and Demolition Waste	Construction sites, road repairs, renovation sites, demolition of buildings	Wood, Steel, Concrete Debris, Glass, Sand, Tiles, Bituminous Concrete etc.
Other Waste	Street Sweeping, landscaping, Cleaning of parks, beaches, other recreational areas	Street sweepings; drain silt; landscape and tree trimmings; wastes from parks, beaches, and other recreational areas

However, it is important to note that waste composition may vary between different cities. For example, in Mumbai, organic waste takes up near about 3/4th of total municipal solid waste:

MSW Composition in Mumbai, 2017

Indian households tend to segregate and monetize a significant portion of recyclable waste like paper, plastics, metals etc. However, with increased consumerism MSW composition is expected to change with increase in recyclables such as paper, plastics etc. and decrease in compostable waste.

Per Capita Waste Generation in India v/s Other Countries

Per capita waste generation in India ranges from 200 to 600 grams per day. Metro cities such as Chennai (708 grams/person/day) and Kolkata (662 grams/person/day) generate almost twice as much waste as compared to Tier 3 cities. Also, it is important to note that although per capita waste generation is largely directly linked with population, some cities such as Vijayawada have high waste generation even with comparatively low population. This substantiates the fact that affluence of local people also plays key role in per capita waste generation. India's per capita waste generation has grown at around 0.7% per year from 2001 to 2019.

The Indian Waste Management Services market

The Indian Waste Management Services market is in its growth stage and is gaining global attention. Due to the high cost involved for having a sustainable solid waste management, Government along with Urban Local Bodies (ULBs) are increasingly participating with the private sector through public private partnerships to find sustainable solutions for the Waste Management Industry. In order to tackle the mounting problem of solid waste, the Ministry of Environment and Forests (MoEF) legislated Waste Management and Handling Rules promoting the involvement of private agencies in waste collection, treatment and disposal. The emergence of waste management market can be directly attributed to the following:

- Growing urbanization with influx of rural population to towns
- High standard of living demanding quality services and living spaces
- Mounting pressure on local government bodies with stringent environmental regulations
- Increasing levels of awareness in the society on the ill effects of improper disposal of Solid Waste

Rapid urbanization, continued concentration of urban population in large cities creating urban agglomerates, and the variation in spatial distribution of population have placed tremendous burden on the already-overstrained urban civic infrastructure. Thus, state agencies and Municipal Corporations have to work in unison to create new capacities and resources to deliver equitable, sustainable growth and reduce spatial variations. On the whole, the generation municipal solid waste, biomedical waste, hazardous waste and electronic waste has increased as a natural consequence of population growth and urbanization. The chart below shows the generation of municipal (MSW), biomedical (BW), hazardous (IHW) and e-waste (EW) in India in FY2020 along with estimated figures for FY2025.

Waste Generation in India, FY2020 & FY2025

- India generated around 75 Million Tons Per Annum (TPA) of Municipal Solid Waste (MSW) in FY2020; generation is directly linked to urbanization and lifestyle patterns. MSW generation is forecast to grow at a Compound Annual Growth Rate (CAGR) of 8.9% from FY2020 to FY2025.
- Industrial Hazardous Waste (IHW) is growing with the increase in India's industrial output. IHW generation in FY2020 was estimated at 8 Million TPA and is expected to grow at a CAGR of 6.6% from FY2020 to FY2025
- Bio-medical Waste (BMW) generation is directly proportional to the increase in healthcare centers and hospitals in India. BMW generated in India in FY2020 is estimated at 250,000 TPA and is projected to grow at a CAGR of 7.0% from FY2020 to FY2025. The current ongoing COVID-19 pandemic is expected to result in multi-fold increase in the bio-medical waste generation for the next 1-2 years.
- Growth in Information Technology (IT), telecommunication and electronics industry is driving the growth of e-waste in India. India generated 4 Million TPA of e-waste in FY2020 and is anticipated to grow at a CAGR of 18.9% from FY2020 – FY2025

To tackle the growing menace arising out of waste generation, the Government has initiated several schemes at central, state, and local levels with Swachh Bharat Mission being the major one which was launched in 2014. This scheme was given a 28% hike in funds allocation during the Union Budget for the financial year FY 2020-21 with a total allocation of INR 123 Billion since the government wants to focus on better waste management. Swachh Survekshan is another scheme which monitors the performance of Swachh Bharat Mission. During Jan 2020, Swachh Survekshan was conducted in 4,242 cities, 62 cantonment boards and 92 Ganga towns.

The MoEF revised all Waste (Management & Handling) Rules in 2016 with further amendments as and when required to ensure greater accountability and effective implementation of waste management. It has laid procedures for Municipal Corporations regarding waste collection, storage, segregation, transportation, processing, and disposal in Waste (Management & Handling) Rules.

Adequate policy thrust for reform initiatives to ease urban infrastructure difficulties in making the country's cities livable and competitive, and an opportunity for wealth generation from under-utilized resources in the waste streams through reuse, recovery, and recycling has significantly attracted private participation in this area.

Major market participants range from large domestic and multinational environmental firms such as Antony Waste and Ramky Enviro to small and medium enterprises (SMEs) such as Vermigold Ecotech that are trying to gain a foothold in this market by capitalizing on opportunities and harnessing growth potential. Each segment offers various types of business opportunities. MSW segment has high potential in collection and transportation, compost, refuse-derived fuel (RDF), power generation and integrated MSW management services. Other segments such as BMW, IHW and EW, too, offer business opportunities in collection, transportation, treatment and disposal. Collection and transportation sector was first opened up for private sectors in India couple of decades ago. Since then, this sector has seen technological improvements such as mechanized primary waste collection & sweeping, GPS vehicle and bin tracking system etc. Antony Waste and Ramky Enviro are among select few companies who have pioneered this sector. Also, there are very few companies with expertise in landfill construction and management. Antony Waste is among the leading players in this sector with in-house expertise for landfill construction and management.

Emerging waste management areas in India are MSW based waste-to-energy (WTE) and E-waste recycling. WTE market is in its nascent stage and holds huge potential in the long run. With increasing energy demand and government initiatives, WTE market is anticipated to see more PPP (Public Private Partnership) based projects. Recycling of e-waste is critical to safeguard our environment from its ill effects. E-waste recycling market is gradually getting organized with increased enforcement of new regulations.

Impact of COVID-19 crisis on India Waste Management Sector

The impact of COVID-19 pandemic and the resultant lock-down in parts of the country has highlighted the maturity and resilience of the industry in face of hardships. The industry participants were able to maintain service levels across respective geographies in face of limited availability of workers and staff, restrictions and reservations on movement of people and vehicles, change in consumption and waste generation patterns and change in composition of waste generated in most cities.

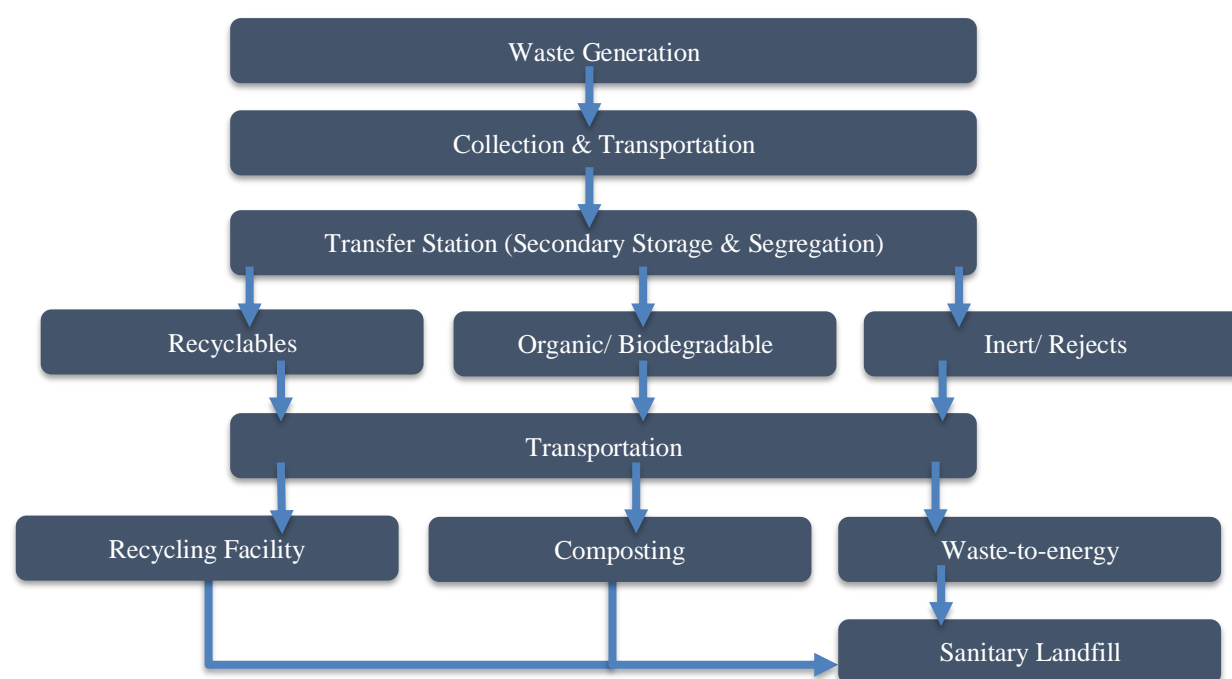

During the national lock-down the solid waste management industry witnessed temporary reduction in the MSW generated as well as change in the composition of MSW generated. For example, in cities like Mumbai & Delhi, there was reduction of about 30-40% in MSW generated per day during the period of April-June compared to pre-COVID-19 levels and the tonnage is expected to normalize to pre-COVID-19 levels by end of 2020 as commercial and industrial establishments open.

The pandemic has also highlighted need for Urban Local Bodies (ULBs) to further invest in bio-medical waste collection, transportation and management. Central Pollution Control Board (CPCB) of India issued guidelines for handling, treatment, and discharge of COVID-19 bio-medical waste and ULBs have been working with respective companies to ensure compliance with these guidelines.

Value Chain

Municipal Solid Waste management (MSWM) starts with generation of waste at source, followed by collection & transportation, storage, treatment and disposal. A typical MSWM value chain is shown as below.

Municipal Solid Waste Management - Value Chain

Source: Frost & Sullivan Analysis

Waste segregation is considered a crucial activity as it involves separation of organic waste from recyclables and inert materials. Organic waste and recyclables are then transported to a waste processing facility. Inerts and other types of waste are sent to landfills/open dumpsites for final disposal. Waste processing facilities produce compost from organic matter and refuse-derived fuel (RDF) from recyclable materials. RDF is used as a fuel source in cement kilns or other facilities where boilers are used to burn RDF as fuel and generate power. Rejects from compost, RDF and waste-to-energy plants are eventually sent to landfills.

Waste Segregation at Source in India

Waste segregation at source is still at a very nascent stage in India and is very essential activity amid COVID-19 crisis to break the chain of transmission. While Ministry of Housing and Urban affairs, states that 74% of the wards are practicing source segregation, we believe that the implementation continues to be poor and compliance is patchy.

It is expected that in coming years both state and central governments will drive large scale awareness campaigns to instill required behavioral change among general public, develop required infrastructure and thereby ensure increased waste segregation at source throughout the country.

Cities that currently have more than 50% waste segregation done at source are expected to be immediate key markets for upcoming RDF plants. As Indian cities continue to improve waste segregation at source, viability of RDF technology will improve and more RDF plants are expected to come online.

Waste Disposal

Waste collected that does not undergo any treatment, rejects from compost, RDF and WTE plants are disposed in landfills. Very few municipalities have adopted scientific landfills along with closure and post-closure maintenance of landfills. Majority of the municipal corporations are yet to adopt scientific landfills for waste disposal. Hence, this segment holds significant opportunity for growth in coming years.

MSW Processing Technologies

Source: Report of the Task Force on Waste to Energy, Planning Commission, May 2014 and Frost & Sullivan analysis

Among all other waste processing technologies available in the market, composting is most widely used in India followed by biomethanation. This is mainly due to two reasons; first is the high content of bio-degradable waste in India's municipal waste and second is the relatively low CapEx required to setup such waste processing plants as compared to gasification, pyrolysis or incineration plants.

Various factors influence the selection of right waste processing technology for a city. Few key factors include population, area, and availability of land, climatic conditions and waste composition. The table below summarizes various treatment options basis population:

Solid Waste Treatment - Technology Options

Population	Waste Quantity (TPD)	Treatment Option	Approx Cost (₹ Lakhs /Tonne)	Products
15,000 – 50,000	3 – 10	Bio-methanation & conventional composting	20	Bio-gas & manure
		Vermi Composting	8	Compost
		Conventional Composting	10	Compost
50,000 – 1,00,000	10 – 20	Bio-Methanation & Conventional Composting/ Vermi Composting	10	Bio-Gas & Compost
1,00,000 – 10,00,000	20 – 350	Integrated waste processing – Bio-methanation/ Compost/RDF	4	Bio-Gas, Compost & RDF
10,00,000 – 2,00,00,000	350 – 8,000	Integrated waste processing – Bio-methanation/ compost/ RDF/WtE	15 – 20	Bio-Gas, Compost, RDF & Electricity

Source: The Report of Task Force on Waste to Energy, Planning Commission, 2014

Three types of waste processing opportunities are expected to find favor in the Indian market:

- Bio-chemical conversion of biodegradables such as composting and biomethanation for wet biodegradable wastes
- Thermal processing of MSW such as gasification (thermo chemical conversion of carbonaceous fraction of waste into syngas in oxygen deficient environment and at high temperatures), pyrolysis (thermal decomposition of organic

fraction of waste in the absence of oxygen), incineration (combustion of waste at very high temperatures in the presence of excess oxygen) and preparation of Refuse Derived Fuel (RDF) from high-calorific value combustible dry wastes

- Plastic wastes to fuel oil called "catalytic conversion of waste plastic to liquid fuel"

Composting

Composting refers to a process wherein organic waste is decomposed by micro-organisms in the presence of air, moisture and heat. In most Indian cities, share of organic waste is typically more than 50%. Hence, composting has become the first choice for municipal corporations across the country. Moreover, companies have developed small scale or even portable automatic composters that take up very small space. Many state governments are now pushing for on-site composting to reduce load on open dump sites.

Biomethanation

Biomethanation refers to anaerobic fermentation of bio-degradable waste in an enclosed space (digester tanks or reactors) under controlled atmosphere (pH, temperature etc.). This process generates methane rich bio-gas fuel and sludge, which is used for making compost. Like composting, biomethanation is also a technically suitable option for Indian municipal waste due to high organic and moisture content. Biomethanation plants can be of small scale (5 TPD, for population size of 5,000 to 25,000) which helps to address the need of decentralized waste management in India.

Waste segregation is of utmost importance for success of a biomethanation plant, since this technology is not suitable for mixed waste. The production of bio-gas largely depends on the composition of incoming waste

Refuse Derived Fuel

Refuse Derived Fuel (RDF) refers to residual dry combustible fraction of municipal solid waste such as leather, paper, textile, rubber, non-recyclable plastic etc. In the late 2000s, India's WTE journey first started with Refuse Derived Fuel (RDF) technology wherein dry waste is processed to produce RDF, which in turn is used as a substitute for coal in energy intensive processes such as cement kilns, power production and steel manufacturing. As per Ministry of Housing of Urban Affairs report of FY 2020, there are four operational RDF plants in India with a input capacity of 1,621 tonnes per day.

Scientific Landfills

Construction and maintenance of sanitary landfills is a long term opportunity in India. Landfills are seen as vital component in the integrated management of solid waste for cities having population more than 1-Million. It is reported that if the current practice of dumping un-treated waste in open dump yards continues, India would need around 88 square Km (which is equivalent of NMDC area) of land by 2050. Hence, there is a growing need for professionally managed landfills with regular monitoring to safeguard the environment and especially ground water. There are 175 operational landfills across India of which very few have regular monitoring of ambient air, ground water, leachate quality, VOC (Volatile Organic Compounds) content etc.

Kanjurmarg site (which is being currently run by Antony Lara) in Mumbai is a key success story of scientific landfill in India. This landfill makes use of bioreactor technology and at present handles around 5,000 tons of waste per day . Bioreactor technology accelerates the decomposition of organic wastes in a landfill by maintaining optimum moisture levels through re-circulation of leachate liquid. The bioreactor is equipped with liners (to prevent leachate leakage into groundwater) and leachate collection system. This collection system is connected to filtration and re-circulation unit which re-circulates the leachate back into the landfill; thereby facilitating accelerated decomposition.

Key advantages of bioreactor technology include:

- Environmentally safe technology; leachate re-circulation and filtration prevent toxic metals and other harmful substances from enter groundwater streams
- Waste stabilization can be achieved in a few years vs. decades in case of conventional landfills
- Around 15 – 35% of landfill space can be recovered; reducing the need of new landfill sites
- Increased landfill gas production rates over a shorter duration can be used to generate electricity

There are three capped bioreactors cells at the Kanjurmarg site which are filled with mixed waste. Network of pipes collect gas and leachate separately. While leachate is re-circulated to accelerate decomposition, gas is used to generate electricity. Currently, electricity generated is used for captive purposes but in future surplus electricity will be sold to Brihanmumbai

Municipal Corporation (BMC) at ₹ 3/unit. BMC is expected to process additional 1,000 tons of waste per day by August or September of 2018.

There is a growing opportunity in converting existing dump yards into sanitary landfills. As per CPCB, there are 1,247 dump yards across India of which only 2 have been converted into scientific landfills, in Shillong and Hyderabad. Another site under BMC is at Deonar which is India's oldest dumping ground stretched across 132 acres with waste standing as high as 55 meters. Decades of decomposition of waste at Deonar has created several methane pockets which pose threat of fire, also leachate has been polluting groundwater for miles around the dump. Since the BMC had only permission to dump the waste at Deonar site till Dec 2019, it had got permission from Urban Development department of the Govt. of Maharashtra for leasing the Kanjurmarg site for the purposes of Solid waste Management projects. Over the next few years, 70% of the waste generated in Mumbai will be handled by the Kanjurmarg site.

Bio-mining

Bio-mining is a technique wherein loosened layers of old waste are sprayed with composting bio cultures and then formed into conventional aerobic windrows on the site. The waste is then sterilized, stabilized, and readied for segregation using machinery as organic and inorganic substances to be later sent for recycling, re-using or composting. Bio-mining technique is getting popular especially after its success in Tamil Nadu.

Kumbakonam Municipality in Tamil Nadu has successfully cleared 75,000 cubic meters (57%) of waste and reclaimed 3.5 acres (47%) of land, as of Aug 2016 by adopting bio-mining. Apart from this, Biomining projects in small scale were started in Bangalore, Triambakeshwar and Nandurbar. World's largest Biomining project on 24 hectares of land was started in 2018 at Mulund dumping ground. Other cities like Indore, Delhi, Mangalore, Coimbatore, Pune, Kolhapur and Kolkata have started Bio mining projects recently.

Going forward more municipalities in India have legacy waste and are expected to adopt Bio-mining technique to tackle the overloading of garbage dump yards. In March 2020, Telangana municipal administration department has initiated a state level project to deploy Bio-mining to clear dump yards in 134 towns covering 134 municipalities and tender process has been initiated for setting up bio-mining units.

As per Frost & Sullivan Analysis, there is huge scope for Bio-mining projects since most of metro, tier 1 and tier 2 cities have dumping sites with 15+ years and need to clear the legacy waste for new waste dumping in the site which will attract more organized companies to invest for Bio-mining projects across pan India.

Extended Producer responsibility (EPR)

EPR which was formed under the plastic waste management rules, 2016 mandated the producers, importers and brand owners of FMCG products, pharma companies to take back the waste generated by their products with the help of waste management companies signifies huge potential for EPR business on pan India basis in future.

Waste-to-Energy

Waste to Energy (WTE) plants are also being explored across India. WTE plants are particularly suitable for cities with population of more than 10 lakh producing more than 300 TPD of waste. As of December 2019, India has around 5 such plants based on municipality solid waste that are operational with around 66.5 MW of power generation capacity.

Waste-to-Energy Plants in India

Company	Location	Waste Processing Capacity (TPD)	Installed Capacity (MW)	WTE Technology
Antony Lara Enviro Solutions	Mumbai, Maharashtra	4,000	0.5	Bio-reactor
Ramky Enviro	Narela-Bawana, Delhi	2,000	24	Incineration
Jindal Urban Infrastructure	Okhla, Delhi	2,000	16	Incineration
Solapur Bio-energy Systems	Solapur, Maharashtra	400	3	Bio-methanation
Elephant Energy	Shimla, HP	100	1.75	RDF

Source: MNRE and Frost & Sullivan Analysis

Planning Commission's Report on the Task Force on Waste to Energy has identified several technologies to treat MSW and suggested mechanisms to make these projects viable and affordable in the wake of several WTE projects not operating successfully in India. As of March 2020, there are 26 waste to energy projects that are under various stages of construction with total input capacity of 22,541 tonnes per day.

Market Size and Dynamics

Urbanization is a critical factor driving the MSW generation in the country. Changing lifestyle patterns, increasing disposable incomes, have paved way for consumerism; have also contributed to waste generation in urban India. MSW generation is expected to grow at a CAGR of 8.9% (FY2020-25) to reach 115 million TPA by FY2025.

MSW Generation in India

Source: Frost & Sullivan Analysis

The MSW Management market is estimated at INR 50,000 million for FY2020 and is expected to reach INR 98,000 million by FY2025 at a CAGR of 14.4%. Increasing participation of professional players in collection and transportation services and development of scientific recycling and disposal methods for management of MSW is expected to be key driver for the market.

Market Drivers

Drivers	1-2 Years	3-4 Years	5-7 Years
Government Schemes and Growing PPP	Medium	High	High
Environmental and Social Awareness	Low	Medium	High
Government Regulations	Medium	Medium	High

Source: Frost & Sullivan Analysis

- Government Schemes and Growing PPP:** Many development schemes to improve the standards of waste management in India have been announced. Swachh Bharat Mission and Smart City Mission coupled with government subsidies for projects such as Waste-to-Energy (WTE), have been the key driving factors in increasing private-sector participation. Swachh Bharat Mission aims to achieve 100% collection, transportation, processing and disposal of municipal waste across 4,041 cities/towns in the country. Smart City Mission is facilitating local municipalities in adopting smart technologies (e.g. RFID and GPS) in city's integrated waste management system.
- Environmental and Social Awareness:** Environmental and social awareness about effective waste management has increased over the years. Municipal corporations have initiated programs to create awareness among households. Durg

and Raipur Municipal corporations have included Information Education and Communication (IEC) activities as part of the scope of services outsourced to private companies for MSWM. Such IEC programs by municipalities and special campaigns conducted by NGOs and social activists are anticipated to create more awareness about the effects of improper waste disposal.

- **Government Regulations:** In 2016, the Indian Government revised specific regulations for each type of waste; municipal, hazardous, bio-medical and e-waste. These regulations have broadened their scope, defined every stakeholder's role and accountability clearly and laid out time bound targets for effective implementation of all directives. Moreover, the Ministry has been receptive to industry feedback and quick in announcing further amendments to Rules 2016 (e.g. Bio-medical and E-waste regulations) to ensure better on-ground implementation.

Market Restraints

Restraints	1-2 Years	3-4 Years	5-7 Years
Lack of Funds	High	High	Medium
Low Privatization Level	High	Medium	Low
Low Focus toward downstream of MSWM Value Chain	Low	Medium	Medium

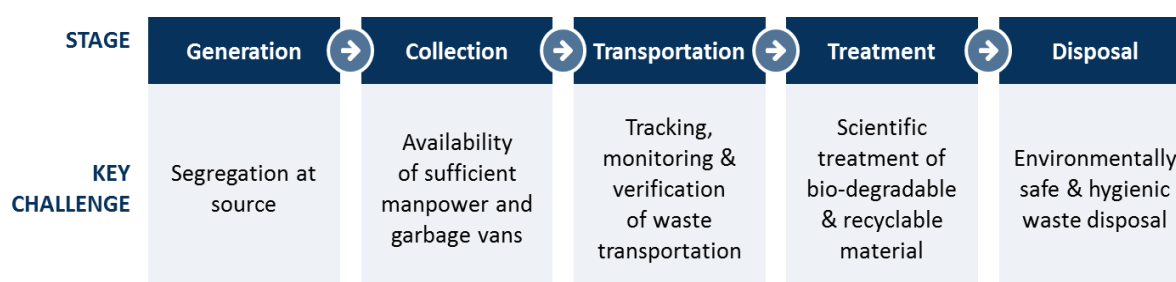

Source: Frost & Sullivan Analysis

Lack of Funds: Municipalities have been responsible for developing action plans for MSWM. Municipalities need an adequate and recurrent cash flow to provide a service. Poor property tax collection record among municipalities has resulted in negligible revenue generation for them. Service providers are relying on grants or other funds and transfers from other levels of government, making the service difficult to sustain.

Low Privatization Level: Traditionally in India, municipal waste management services have been controlled by relevant municipal corporations. Only 30-35% is managed by professional waste management players. 5 years ago, this share was estimated to be around 25%. The trend toward privatization has grown slowly since 2013 but with the Central Government's push (through Swachh Bharat Mission and Smart City Mission) more and more municipalities are expected to move toward privatization in coming years.

Low Focus toward downstream of MSWM Value Chain: Currently, India is facing numerous challenges across every stage of the solid waste management (SWM) value chain. Challenges faced at generation, collection and transportation are relatively manageable as compared to the ones faced at treatment and disposal. The most pressing need is at the downstream of the MSWM value chain which refers to the scientific treatment and safe disposal of solid waste; including the one present in existing old dump yards. Currently, most of the solid waste generated in India ends up in open dump yards without any treatment.

SWM Key Challenges across the Value Chain

Source: Frost & Sullivan Analysis

This practice of dumping solid municipal waste in open spaces is hurting Indian economy in two major ways; first it is affecting the health of its citizens and second - substantial amount is being wasted on waste transportation to the dumping site.

It is estimated that around 10% to 15% of the municipal budget is allotted to Solid Waste Management currently. If only treated solid waste were to be transported to the dumping site then significantly less money would be spent on transportation as the quantum of waste to be transported will reduce. It is reported that composting alone can potentially reduce waste volumes by around 40% to 50% before it goes into the dumping site.

Industry Trends

Vehicle and Bin Tracking System

For an efficient waste management system, focus on efficiency, economy, and traceability is critical. Knowing this, municipal corporations have started to deploy radio frequency identification (RFID) and GPS technology in waste collection and transportation. The system enables real time visualization of waste collection and transportation through a colour coding system as shown below:

Colour Coding of Bins for Efficient Waste Collection, India

Source: Frost & Sullivan Analysis

Mumbai, Navi Mumbai, and Ahmedabad city corporations have installed RFID readers and tags in waste bins and waste collection trucks. Such implementation of smart technologies in waste collection and transportation is shifting the competition from logistic companies to professional waste management service providers.

Digital Technology Platforms for Waste Pickup & Trading

Startup companies in India are using digital technology platforms for waste pickup. Digital platforms provide hassle-free booking of waste collection and recycling services. Startup companies, such as Banyan Nation, Waste Ventures, and Pom Pom, are utilizing smart and innovative digital technology platforms and systems like mobile apps and online websites for hassle-free, efficient waste collection bookings and recycling services.

Additionally, such platforms are promoting source segregation as customers who segregate their waste into different types of recyclables are paid higher prices than customers who dispose mixed waste.

Early this year, another startup company named Eco eMarket developed an online platform, powered by NCDEX eMarkets, to trade electronic and other waste generated by bulk producers.

Decentralized Waste Management

The decentralized approach is on the rise as this is more effective in waste management than large-scale plants, which typically encounter financial and operational issues. This approach reduces the need for transporting solid waste to long distances, finding new disposal sites, and thereby avoids heavy expenditure.

Composting emits lower greenhouse gas (GHG), thus becoming a clean waste management technology. Pune, Bangalore, Chennai, and Mysore are some of the cities that have successfully implemented decentralized waste management.

Competitive Landscape and Market Structure

There are approximately 20-30 participants in the MSWM market offering various services. Many infrastructure and environment services companies are present in this market. Logistics companies are also present in this market providing

only transportation and fleet management services. The MSWM competitive structure is presented in the exhibit shown below.

MSWM Competitive Structure in India

No. of Companies	20 – 30 players
Type of Players	Environmental infrastructure and consulting companies such as Ramky Enviro, Antony Waste etc.
Tiers of Competition	Competitors can be categorized into two tiers – national and local. National participants are large infrastructure and environmental services firms. Local participants are largely transport companies and small firms involved in making compost.
Key End-User Groups	Municipalities, Fertilizer companies, state electricity board, private power producers etc.
Key Competitive Factors	Local presence facilitates ease in operations, better situation handling, and smooth interaction with the local bodies.
	Experience in managing large infrastructure projects in water, power, and other environmental sectors
	Project management and execution capabilities as MSWM involves collection and transportation, treatment and disposal, and recycle
	Financial capability for high capital investment such as heavy equipment and machinery

Source: Frost & Sullivan Analysis

Ramky Enviro is the top player in the Indian MSWM market followed by Antony Waste at second position. Metro Waste Handling Pvt. Ltd., BVG India Ltd., Global Waste Management Pvt. Ltd. and A2Z Green Waste Management Ltd. are among other top companies in the Indian MSWM market. Some of these companies have presence across the entire MSWM value chain. Other prominent participants include SPML Infra, Jindal, Eco Green, Terra Firma, and Waste Ventures India. Almost all players offer collection and transportation services, while a couple of them offer only treatment and disposal services.

Collection and transportation sector was first opened up for private sectors in India couple of decades ago. Since then, this sector has seen technological improvements such as mechanized primary waste collection & sweeping, GPS vehicle and bin tracking system etc. Ramky Enviro and Antony Waste are among select few companies who have led this sector. During the year FY 2018-19, Ramky Enviro engineers handled approximately 13,500 TPD of municipal solid waste across 21 cities in comparison to Antony with 4,200 TPD MSW handled during the same year across 8-10 cities with Mumbai, Delhi NCR and Pimpri-Chinchwad being the major city of operations.

Also, there are very few companies with expertise in landfill construction and management. Antony Waste is among the key players in this sector with in-house expertise for landfill construction along with its management.

The MSWM market is dominated by domestic players and presence of MNC is very limited today. Though MNCs take part in tender and bidding process, contracts have been awarded mainly to domestic players. Chennai Municipal Corporation had first privatized its operations in 2000 and called for global tenders, and awarded a five year contract to

CES Oynx. Then Spain based Fanalca, along with a Delhi based partner, Neel Metal won the subsequent contract. International players such as CGEA Asia Holding from Singapore, Swiss Hitachi Zosen Inova, Peat International and vendor credit agency KFW from Germany are attracted by the huge potential for MSWM in India. Technology providers for WTE plants are global companies such as Covanta Energy and Wheelabrator in the USA, and Martin in Europe and others. Waste processing facilities have foreign partners for technology transfer.

As the focus is shifting to integrated solid waste management, many municipal corporations are calling for global tenders; hence the market can anticipate seeing entry of more MNCs in the coming years.

Contractual Models

Private participation is being encouraged by the Government of India for better efficiency in management of solid waste. PPP (Public Private Partnership) is perceived as a solution to various issues faced by the municipalities such as funding, technology, manpower etc. In the initial stages, PPP were limited to street sweeping, collection and transportation. Slowly the PPP contracts are expanding to waste processing and treatment, WTE and safe disposal of waste.

PPP Business Model Types in MSW

Service Type	Contract Type	Average Project Period
Street sweeping	Service contracts	1-2 years
Door-to-door collection & transportation	Management contracts (MC)	3-10 years
Collection, transportation, treatment & disposal Development of transfer station / Mechanized Refuse Transfer Station (MRTS) and transportation	Build Own Operate Transfer (BOOT), Build Operate Transfer (BOT), Design Build Finance Operate Transfer (DBFOT)	10-20 years
Develop and maintain sanitary landfills	DBFOT, MC	3-20 years
Integrated waste management facility (Collection, transportation, treatment, waste-to-energy and disposal)	BOOT/ Design Build Own Operate Transfer (DBOOT)	20 years and above
Collection, treatment and disposal of waste from commercial and corporate buildings (Airports etc.)	Private Contracts	-

Source: Frost & Sullivan Analysis

All these contracts offer potential for private players in the Indian MSWM market. Existing infrastructure developed by municipalities can be outsourced for operation and maintenance to private players. New assets can also be created in DBOOT/BOOT contracts where the private player would design, build, own, operate and transfer the asset to the municipal corporation at the end of contract period.

Entry Barriers for new players in the MSW market

New entrants in MSW management services face challenges to participate in municipal tenders since most of the tenders have criteria to showcase prior years of experience into waste handling and waste management industry along with a strong financial background. Other management challenges faced by new companies entering in to the business are unskilled / poorly trained labours who do not understand the expectations or even the basics of their job. Employee retention and excessive downtime along with overcoming cultural and language issues across the country.

The company has to be capital intensive to invest on latest technology with growing need to manage the collection and transportation, segregation at source, processing and disposal with advanced equipment with regular technology up-gradation.

Government Policies and Regulatory Framework in India

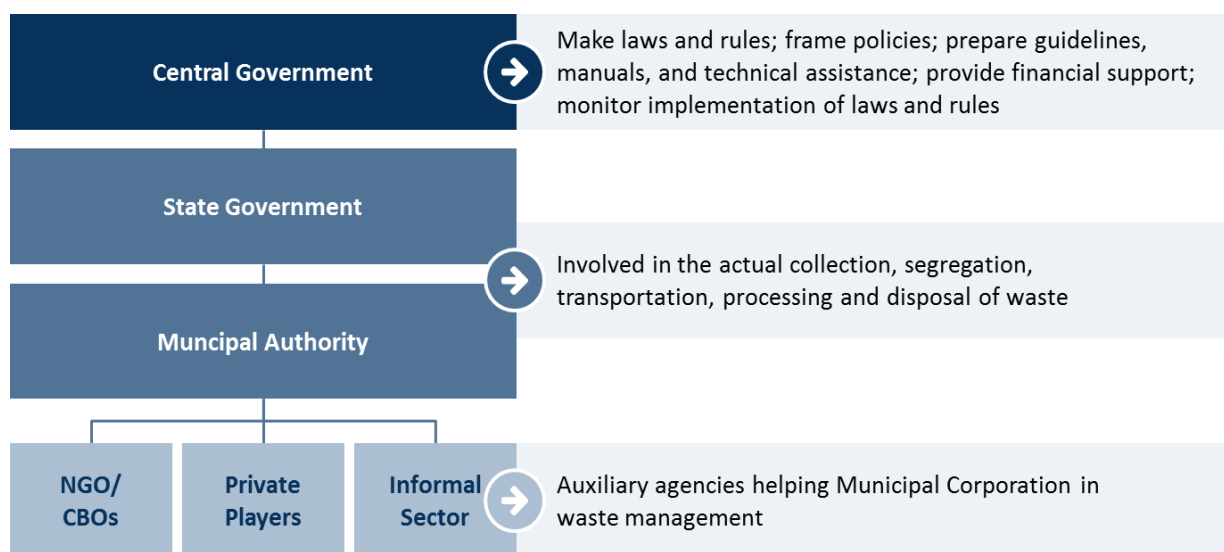

Regulations Governing Waste Management

The intent of waste management regulations (MSW Handling Rules, 2016) is to move away from “handling” to “management” and ensure accountability and effective implementation of waste management.

Institutional Framework

MoEF lays out procedures for various state governments which in turn direct Municipal Corporations regarding waste collection, storage, segregation, transportation, processing, and disposal in accordance to Wastes (Management & Handling) Rules 2016. These rules call for Municipal Corporations to develop required infrastructure either in-house or through public-private partnership. Municipal Corporations also have option of leveraging upon non-governmental organizations (NGOs), community based organizations (CBOs), self-help groups (SHGs) and other informal sector to create required infrastructure. Below figure depicts the institutional framework for solid waste management in India

Central Budgetary Analysis

Total Swachh Bharat Mission – Urban (SBM-U) project cost is estimated at around ₹ 620.1 Billion of which Central Government’s share is around ₹ 147.9 Billion; the remaining is to be contributed by various state governments and union territories.

Swachh Bharat Mission (Urban) – Budgetary Allocation Vs Release Trend

Source: Center for Policy Research, Accountability Initiative, Budget Brief on Swachh Bharat Mission

- Overall, only 50% (₹ 72.9 Billion) of the Central Government’s total share (₹ 147.9 Billion) has been allotted until FY2018. Major upward push expected in budgetary allocation and releases in the last year of the mission
- Budgetary allocation trend saw a dip in FY2016 to ₹ 10.0 Billion post which it was increased by 130% to ₹ 23.0 Billion FY2017 and kept the same for FY2018
- Fund releases have more than doubled in FY2017 and FY2018 vis-à-vis the first two years of the mission reinforcing Government’s commitment toward the drive
- However, the rate of fund release remains slow. In first three quarters of FY2017 only 61% of the budgetary allocation was released. Similar trend was observed in FY2018 as well.

Component Wise Allocation and Expenditure

There are six components under SBM – U mission which include:

- Individual household latrines (IHHLs)
- Construction of Community Toilets (CTs)
- Construction of Public Toilets (PTs)

- Solid Waste Management (SWM)
- Information, Education and Communication (IEC) and Public Awareness
- Capacity Building and Administration (CB&A)

Since the start of this mission, government's prime focus has been toward toilet construction. Other components such as IEC and capacity building have been on the backfoot; receiving lower funding than mandated by the guidelines.

Source: Center for Policy Research, Accountability Initiative, Budget Brief on Swachh Bharat Mission

- Funding toward SWM gained prominence only since FY2017. It involves segregating solid waste at source, collecting, transporting, storing (prior to processing), treating and final disposal
- SBM – U has allotted a total of ₹ 737 Million for SWM system across all 4,041 statutory towns/cities in the country. Of this, around 29% has been released to states as of 10th Jan 2018

Government Initiatives Governing Solid Waste Management

Atal Mission for Rejuvenation and Urban Transformation (AMRUT)

A couple of years back, water and waste management funds were directed through AMRUT scheme, but currently AMRUT's focus is on water and sewage management while Swachh Bharat Mission is aimed at Solid Waste Management

Swachh Bharat Mission

The first two years of the mission were focused on bringing in necessary regulatory and policy changes that promote/mandate scientific processing of waste. In the third year, the mission shifted its focus to spreading awareness among citizens and educating them on the importance of waste segregation at source. Now the focus is towards solid waste collection, source segregation and processing

Segregation at Source

Ministry of Housing and Urban Affairs (MoHUA) has a target of adding 7,000 new wards with source segregation during FY 2020-21. However, implementation of this directive is yet to be seen at the ground level.

Door-to-door collection

As of March 2020, around 97% of all wards (84,456) in the country have achieved 100% door-to-door waste collection.

Number of Wards with 100% Door-to-Door Waste Collection, FY17 vs FY20

Source: Swachh Bharat Mission Website

- States/UT such as Andaman & Nicobar Islands, Daman & Diu and Goa that are relatively smaller have quickly achieved 100% door-to-door waste collection
- The real winners are the states that have significant population and yet have managed to achieve more than 50% door-to-door waste collection; Maharashtra, Andhra Pradesh and Tamil Nadu. These states are the key market for waste management industry since only 7% to 8% of the waste get treated (with exception of Maharashtra wherein 39% of waste gets treated)

Smart Cities Initiative

Proper waste management system is one of the key aspects of any smart city planning. Growing urbanization necessitates implementation of innovative and effective waste management practices. Smart Cities Initiative is facilitating adoption of latest technology (IoT) to address common challenges that occur in solid waste management across the country. Few examples include:

- Jabalpur Municipal Corporation has setup Garbage Collection and Management system to ensure optimal collection, transportation and processing / disposal of waste. This system makes use of garbage bins that have RFID tags and Bin Level Sensors (BLS) for effective tracking and monitoring of waste collection. It also uses Vehicle Tracking and Monitoring System (VTMS) for better coordination, tracking of SWM vehicles. This helps in real time estimation of solid waste input for a waste-to-energy plant;
- Similarly, Indore Municipal Corporation opted for GPS based Vehicle Tracking and Monitoring System (VTMS) to ensure timely clearance of 750 numbers of secondary waste collection bins spread across the city. For security, the project also installed IP cameras and Integrated Weighbridge Vehicle Monitoring System (IWVMS) at the entry and exit point of the landfill site. The project went online in March 2017 and has been successful in ensuring regular clearance of garbage dumps and helps the city to achieve 'Zero Waste' status

Looking at the Indore and Jabalpur success stories, other cities have also announced similar plans. A few examples:

- Agra city plans to install RFID based dustbins which will be tracked throughout the city to ensure maximum usage. Moreover, street sweepers will also have GPS tracking device for better coordination at city level;
- In March 2018, Amritsar City, under Smart City Initiative, signed a MoU with National Environmental Engineering Research Institute (NEERI) for technical support in addressing solid waste management and sewage treatment issues. NEERI will be segregating 6 Million Tons of existing solid waste (dumped at a site) by using mining and other technologies. For sewage treatment, NEERI plans to use in-situ drain cleaning technology such as flo-raft and nano bubble diffuser system.

Incentives & Financial Support – Center & State Programs

City Compost Policy

- Under this policy, the Central Government provides Market Development Assistance (MDA) of ₹ 1,500 per ton;
- Fertilizer companies are obligated to purchase all city compost from select producers; and
- The policy was later amended in Sep 2016 to allow Municipal Corporations / compost manufacturers to directly sell to farmers and claim MDA of ₹ 15,000 per ton.

Tariff Policy 2016

- This policy mandates DISCOMs to procure 100% power generated from Waste-to-Energy plants at a tariff decided by state regulatory authority; and
- This power procurement will be considered under Renewable Energy Obligation (RPO) mandate DISCOMs.

Example: Maharashtra Electricity Regulatory Commission (MERC) announced levelled tariff of ₹ 7/kWh for power procured from Waste-to-energy plants for the period of 13 years from the date of commercial operation of the plant.

Viability Gap Funding (VGF)

- The central government also provides VGF of maximum 35% for each SWM project, remaining funding to be generated as below

Viability gap funding for SWM projects

	Central Government Share	State Government Share	Others
State Government	35%	23%	42%
Union Territories	35%	11.67%	53.33%
North Eastern and Hilly States	35%	3.89%	61.11%

Blanket Environmental Clearance Exemption

- In July 2017, Environment Ministry announced that all waste-to-energy projects (barring landfill projects) up to a capacity of 15 MW would be exempted from taking prior environmental clearance; and
- This is expected to cut down the time required to setup a waste processing plant

Overview

We are one of the top five players in the Indian MSW management industry with an established track record of more than 19 years, providing full spectrum of MSW services which includes solid waste collection, transportation, processing and disposal services across the country, primarily catering to Indian municipalities. We are among the select few players who have pioneered in both MSW collection and transportation sector. We are among the key players in landfill construction and management sector with in-house expertise for construction and management of landfills in a scientific manner. We are also present in the emerging waste management areas in India such as MSW based WTE. (*Source: Frost & Sullivan Report*).

We primarily undertake: (i) MSW C&T projects which involve door to door collection of MSW from households, slums, commercial establishments and other bulk-waste generators (community bins) from a designated area through primary collection vehicles like compactors, dumper placers and tippers and transportation of these materials, to the processing facility, transfer station or a landfill disposal site.; (ii) MSW processing projects which involve sorting and segregating the waste received from MSW C&T, followed by composting, recycling, shredding and compressing into RDF, as required; and (iii) mechanized sweeping projects which involve deploying of power sweeping machines, manpower, comprehensive maintenance, consumables, safe disposal of the waste and any other items required for completion of the cleaning operation of the designated areas, through ourselves and/or our Subsidiaries. Having undertaken more than 25 projects as of August 31, 2020, of which 17 are ongoing, we have demonstrated our track-record as a comprehensive service provider equipped with the resources to handle large-scale projects for municipalities as well as private players. Our portfolio of 17 ongoing projects as on August 31, 2020, comprised 11 MSW C&T projects, two MSW processing (including WTE) project and four mechanized sweeping projects. All the 17 ongoing projects have started generating revenue. We are currently undertaking projects for the Municipal Corporation of Greater Mumbai (“MCGM”), the Navi Mumbai Municipal Corporation (“NMMC”), the Thane Municipal Corporation (“TMC”), Pimpri Chinchwad Municipal Corporation (“PCMC”), the North Delhi Municipal Corporation (“NDMC”), the Mangaluru Municipal Corporation (“MMC”), New Okhla Industrial Development Authority (“NOIDA”), Nagpur Municipal Corporation (“NMC”) and the Greater Noida Industrial Development Authority (“GNIDA”). We are also currently undertaking a project for Jaypee International Sports. In the past, we have also undertaken projects for Municipal Corporation of Delhi (“MCD”), Municipal Corporation, Gurgaon (“MCG”), Ulhasnagar Municipal Corporation (“UMC”) Amritsar Municipal Corporation (“AMC”), Kalyan Dombivali Municipal Corporation (“KDMC”) and Jaipur Municipal Corporation (“JMC”). We also have an upcoming MSW C&T project for Varanasi Municipal Corporation (“VMC”). Our strengths and capabilities are evidenced by the long-term servicing relationships that we have been able to maintain with some of our customers. For further details in relation to the projects mentioned herein above, please see the section entitled ‘Our Business – Our Projects’ on page 118.

Our foothold in the solid waste management industry can be traced back to the incorporation of our Company in 2001. Starting with the business of collection and transportation of waste, we have come a long way in the field of solid waste management with adoption of latest technologies and innovations. including the use of technologies in garbage compaction,

processing, use of transfer stations, management of sanitary engineered landfills. As of August 31, 2020, we had a fleet of 1,147 vehicles. We procure components for vehicles and equipment, mostly from leading international suppliers, including from Compost System GmbH. We believe that our fleet of modern vehicles provides us with a competitive advantage by ensuring easy availability of vehicles best suited for our projects as well as bolstering our project execution capabilities.

Urbanization is a critical factor driving the MSW generation in the country. Changing lifestyle patterns, increasing disposable incomes, have paved way for consumerism and, have also contributed to waste generation in urban India. MSW generation is expected to grow at a CAGR of 8.9% (Fiscals 2020-25) to reach 115.00 Million TPA by Fiscal 2025. The MSW Management market is estimated at INR 50,000 Million for FY2020 and is expected to reach INR 98,000 Million by FY2025 at a CAGR of 14.4%. Increasing participation of professional players in collection and transportation services and development of scientific recycling and disposal methods for management of MSW is expected to be key driver for the market. We currently operate, Kanjurmarg site, one of the largest single location waste processing plants across India. Construction and maintenance of sanitary landfills is a long-term opportunity in India. Landfills are seen as vital component in the integrated management of solid waste for cities having population of more than 1 Million. Kanjurmarg site (which is currently run by Antony Lara Solutions Private Limited (“ALESPL”), a joint-venture between our Company and Lara Central De Tratamento De Residuos Limited) in Mumbai is a key success story of scientific landfill in India. It is the only plant in India to produce refuse-derived fuel (“RDF”) with a calorific value of over 3,000 Kcal/kg. (*Source: Frost & Sullivan Report*). Our Company was awarded Kanjurmarg landfill project by MCGM in the Fiscal 2010. The project involves, *inter alia*, design, construction, operation and maintenance of integrated waste management facilities on DBOOT basis. As on August 31, 2020, the site has a bio-reactor landfill with a capacity of 4,500 TPD, and a sanitary landfill of 250 TPD. Moreover, the site also has a material recovery and compost facility with a capacity of 1,000 TPD. Currently the site handles around 5,000 tons of waste per day. (*Source: Frost & Sullivan Report*) Additionally, in terms of the tender, the we propose to process up to 6500 TPD waste in the bio-reactor landfill. Further, as on August 31, 2020, our subsidiary ALESPL has been operating a 0.4 MW landfill gas-to-energy plant at Kanjurmarg facility since the year 2014, which has been upgraded to 0.97 MW with the electricity produced being used for internal consumption. As of August 31, 2020, we had processed approximately 7.25 million metric tons of waste at our Kanjurmarg site since Fiscal 2010.

We are part of the ‘Antony’ group which has diversified business interests, including in the automotive body-building and ancillary industries. We are driven by Promoters, each having an experience of more than 19 years in the solid waste management industry and a qualified and dedicated management team. Our Promoters, namely Jose Jacob Kallarakal and Shiju Jacob Kallarakal, have been associated with our Company since its incorporation and have played a significant role in the development of our business. As of August 31, 2020, we had 7,154 full-time employees, on a consolidated basis. Our Company received the “Municipal Waste Management Market Leadership Award 2009” from Frost & Sullivan. We were also awarded with “Certificate of Excellence-2013” for Solid Waste Management Projects by Confederation of Indian Industry.

For Fiscals 2018, 2019 and 2020, as per the Restated Financial Statements, our total revenues from operations were ₹ 2,761.36 million, ₹ 2,836.89 million and ₹ 4,505.10 million, respectively. Our profit after tax for Fiscals 2018, 2019 and 2020, as per the Restated Financial Statements, were ₹ 398.84 million, ₹ 346.82 million and ₹ 620.76 million, respectively. From Fiscal 2018 to Fiscal 2020, as per the Restated Financial Statements, our EBITDA increased from ₹ 843.88 million to ₹ 1,396.60 million, representing a CAGR of 28.65%. Our return on net worth for Fiscals 2018, 2019 and 2020 was 24.48%, 18.24% and 20.09% respectively.

Our Strengths

A leading service provider in MSW management sector with end-to-end capabilities

We are one of the top five players in the Indian MSW management industry with an established track record of more than 19 years, providing full spectrum of MSW services which include solid waste collection, transportation, sweeping, processing and disposal services across the country, primarily catering to Indian municipalities. Collection and transportation sector was first opened up for private sectors in India couple of decades ago. Since then, this sector has seen technological improvements such as mechanized primary waste collection & sweeping, GPS vehicle and bin tracking system, etc. We are among the key players in sanitary as well as bio-reactor landfill construction and management sector with in-house expertise for landfill construction along with its management. We are also present in the emerging waste management areas in India such as MSW based WTE. (*Source: Frost & Sullivan Report*)

We have developed internal capabilities across various stages of solid waste management projects, commencing from collection to disposal, which has enabled us to grow into a comprehensive service provider. We have focused on sustainable

growth through careful selection of projects, reasonable bidding and thrust on cost management which have contributed significantly to our evolution as one of the key players in the MSW management sector. We believe that our ability to identify, win and execute new municipal contracts has been a core component of our growth. In addition to significantly expanding our scale and scope of operations, we have enhanced our geographic footprint across India. We believe that our established track record of more than 19 years, scale of operations, diversified geographic presence, vertical integration and strong position in the MSW management sector enables us to identify and win new contracts.

Strong track record of project execution

We have an established track record of more than 19 years in executing solid waste projects. We primarily undertake specialized MSW C&T projects, MSW Processing projects and mechanized sweeping projects for municipalities and private players. Having undertaken more than 25 projects as of August 31, 2020, of which 17 are ongoing, we have a demonstrated track-record as a comprehensive service provider equipped with the resources to handle large-scale projects for municipalities and private players. We carefully select our projects by taking into consideration key factors such as the potential for project clustering and operational risks as well as financial strength of the counterparty and overall financial viability of the project. We strive to cluster our projects geographically to improve efficiency and profitability. For example, as of August 31, 2020, we have five ongoing projects clustered around the MMR and six ongoing projects clustered around NCR regions. By leveraging the manpower and equipment that is setup at nearby sites, we attempt to rationalise managerial costs and overheads, thus achieving economies of scale. We believe that our strong track record has enabled us to bid for, and be awarded, large-scale projects by our customers. We have in the past and continue to partner with municipalities in cities like New Delhi and Navi Mumbai, which have placed within the top 10 cleanest cities in India (in the categories for cities with population between 1 – 10 lakhs and cities with population of more than 10 lakhs) in the Swachh Survekshan Awards announced by Ministry of Union Housing and Urban Affairs in August 2020. (*Source: Frost & Sullivan Report*)

Kanjurmarg site (which is being currently run by Antony Lara) in Mumbai is a key success story of scientific landfill in India. This landfill makes use of bioreactor technology and at present handles around 5,000 tons of waste per day. It is one of the largest single location waste processing plants in Asia. (*Source: Frost & Sullivan Report*) Our Company was awarded Kanjurmarg landfill project by MCGM in Fiscal 2010. The project involves, *inter alia*, design, construction, operation and maintenance of integrated waste management facilities on DBOOT basis. As on August 31, 2020, the site has a bio-reactor landfill with a capacity of 4,500 TPD, and a sanitary landfill of 250 TPD. Moreover, the site also has a material recovery and compost facility with a capacity of 1,000 TPD. As of August 31, 2020, we had processed approximately 7.25 million metric tons of waste at our Kanjurmarg site since Fiscal 2010. Additionally, in terms of the tender, we propose to process up to 6500 TPD waste in the bio-reactor landfill. Currently the site handles around 5,000 tons of waste per day. (*Source: Frost & Sullivan Report*)

A combination of our efficient and systematic project management and execution skills has helped us establish our reputation as one of the key players with end-to-end capabilities for executing a host of municipal solid waste management projects.

De-risked business model with diverse portfolio of projects

In our industry, the number, size and duration, of simultaneously ongoing projects is considered an indicator of future performance since they provide an indication of anticipated future revenue. Our portfolio of 17 ongoing projects as on August 31, 2020, comprises 11 MSW C&T projects, two MSW processing project and four mechanized sweeping projects. We also have an upcoming MSW C&T project awarded by VMC.

Our project portfolio is diversified across services provided, counterparties, project duration, nature of contracts and geographical areas where we operate. Our revenues across all our projects are based on rates agreed-upon at the beginning of the project for the particular period under the project contract, and the actual work undertaken. We have maintained focus on viability of our projects which includes rationale bidding and focus on contracts with pass-through for escalation in certain expenses such as labour and fuel thereby minimizing the financial risk from any contract. We also attempt to minimize counterparty credit risk in most of our contracts by assessing the financial viability of the projects and the awarding authorities prior to bidding for contracts.

By diversifying our internal capabilities and ongoing project portfolio across multiple municipalities with favourable dynamics, we believe that we have been able to pursue a broader range of projects in urban or semi-urban areas with limited counter-party risk, and therefore, optimize our business volume and operating margins. Our project contracts have different time periods, and thus expire at different times, thus de-risking our business model by giving us a staggered revenue stream.

Access to technology backed vehicles and equipment enables us to manage our operations efficiently

We have consistently invested in our fleet of vehicles. As of August 31, 2020, we own a fleet of 1,147 vehicles, of which 969 were equipped with GPS technology, which allows to operate our projects efficiently. We procure the components of our vehicles and equipment mostly from leading international suppliers, including Compost System GmbH.

We believe that vehicle ownership provides us with a competitive advantage and helps us meet our service level commitments in a cost-effective manner. We have also equipped most of our fleet with GPS tracking devices, to actively monitor movement of our vehicle fleet. This system enables us to operate on optimal utilization as well as maintain our vehicles. It also ensures hassle-free operations and leads to efficiency of our vehicle fleet thus reducing overall transportation costs. With multiple projects in progress at any given time, ready access to such vehicles is essential to our ability to execute existing projects. Easy access to and high availability of modern fleet enables us to undertake complex and challenging projects and complete our projects efficiently and profitably.

Further, we have invested in automation in various facets of our operations, including for our MRF, waste segregation and WTE plants, which we believe has allowed us to increase our operational efficiency as compared to manual operations.

Experienced Promoters and management team with strong domain expertise

Our individual Promoters, namely Jose Jacob and Shiju Jacob associated with our Company since its incorporation, have an experience of more than 19 years in the solid waste management industry. Further, two of our Promoters also serve as Whole Time Directors on our Board and have been intrinsically involved in our business operations. They have played a significant role in the development of our business.

We have a qualified key management team, with diversified experience in the areas of operations, logistics, marketing and finance, which assists our Board in implementing our business strategies and furthering our growth. Our management team's collective experience and capabilities enable us to manage our business operations consistently, leverage customer relationships as well as understand and anticipate market trends. We will continue to leverage the experience of our Promoters and management team and their understanding of the solid waste industry, to take advantage of current and future market opportunities. Through their commitment and experience, we believe our management team has established a good reputation for our Company with our customers and has been instrumental in our growth by being able to rapidly respond to market opportunities, adapt to changes in the business landscape, customer demands and competitive environment and bring innovations to our business, marketing and strategy.

Our Strategies

Capitalize on the growth opportunities in the MSW management sector by continued focus on bidding for MSW projects

The Indian Waste Management Services market is in its growth stage and is gaining global attention. Due to the high cost involved for having a sustainable solid waste management, Government along with Urban Local Bodies ("ULBs") are increasingly participating with the private sector through public private partnerships to find sustainable solutions for the Waste Management Industry. In order to tackle the mounting problem of solid waste, the Ministry of Environment and Forests ("MoEF") legislated Waste Management and Handling Rules promoting the involvement of private agencies in waste collection, treatment and disposal. The MSW Management market is estimated at INR 50,000 million for FY2020 and is expected to reach INR 98,000 million by FY2025 at a CAGR of 14.4%. MSW generation is expected to grow at a CAGR of 8.9% (Fiscals 2020-25) to reach 115.00 million TPA by Fiscal 2025. As per the report from Frost & Sullivan, only 30-35% of municipal solid waste generated in India gets processed. Swachh Bharat Mission aims to achieve 100% collection, transportation, processing and disposal of municipal waste across 4,041 cities/towns in the country. (*Source: Frost & Sullivan Report*)

The MSW management sector in India is poised for significant expansion and we intend to partake in the sectoral growth. Our business is largely dependent on our bidding for and winning new projects. We believe that our past experience, financial strength, acumen and resultant credentials will make us eligible to bid for most projects that come up for bidding in the MSW management sector. We will continue to pursue a broad range of projects in urban or semi-urban areas with limited counter-party risk and healthy operating margins.

Continue with rational selection of projects and strategically expand our geographical footprint

We believe that, our experience in operating multiple project sites, existing presence across various geographies and service verticals combined with in-depth understanding of operating efficiencies, cost pressures and regulatory landscape, law and order situation of the prospective customers will help us in scientific selection of projects and calibrated growth by avoiding

projects that may require significant investments in vehicles or manpower or which may prove to be economically unviable. We have undertaken / currently undertaking projects in multiple States / Union Territories such as Maharashtra, Uttar Pradesh, Delhi, Karnataka, Rajasthan, Haryana and Punjab. We will continue to expand into states with high GDP, growing urbanization, high standard of living, favourable geographic and climatic conditions. We will continue to focus on geographically clustering our projects to further improve our business and financial performance. In light of the same, we will continue to evaluate and build our understanding of prospective customers in new geographies and expand in a sustainable manner.

Traditionally in India, municipal waste management services have been controlled by relevant municipal corporations with only 30-35% being managed by professional waste management players. While, the trend toward privatization has grown slowly since 2013, we believe that with the Central Government's push (through Swachh Bharat Mission and Smart City Mission) more and more municipalities are expected to move towards privatization in coming years. (*Source- Frost & Sullivan Report*)

Our future growth will depend on how successfully we undertake our projects in other states and cluster our existing and new projects to achieve optimal efficiency and profitability. We will also continue to evaluate bidding with financial and strategic partners for projects and technologies which form a part of MSW management value-chain but are not a part of our core competence.

Moving up the MSW value chain by diversifying into the emerging waste management areas

As on August 31, 2020, our portfolio of 17 ongoing projects, comprised 11 MSW C&T projects, two MSW processing (including WTE) project and four mechanized sweeping projects. MSW based WTE and E-waste recycling are emerging waste management areas in India.

The Indian waste-to-energy market is in its nascent stage and holds huge potential in the long run. With increasing energy demand and government initiatives, WTE market is anticipated to see more PPP (Public Private Partnership) based projects. (*Source: Frost & Sullivan Report*)

Hence, we believe that WTE segment offers huge potential in the long run. We further believe that with assured raw material and a power off-take agreement, the business offers limited risks and will help in improving predictability of our cash-flows.

Our Company, through its step-down subsidiary ALREPL, has been awarded a contract for setting up and operating a WTE plant having a capacity of up to 1,000 TPD by PCMC. We intend to continue to bid for commercially viable WTE projects from financially strong municipalities and private players.

Waste segregation is considered a crucial activity as it involves separation of organic waste from recyclables and inert materials. Organic waste and recyclables are then transported to a waste processing facility. Inert and other types of waste are sent to landfills/open dumpsites for final disposal. Waste processing facilities produce compost from organic matter and RDF from recyclable materials. RDF is used as a fuel source in cement kilns or other facilities where boilers are used to burn RDF as fuel and generate power. Rejects from compost, RDF and waste-to-energy plants are eventually sent to landfills. (*Source: Frost & Sullivan Report*).

We are currently engaged in bio-mining at our Kanurmarg site, as this forms an integral part of our bio-reactor landfill. We also intend to continue to bid for bio-mining projects. Bio-mining is a technique wherein loosened layers of old waste are sprayed with composting bio cultures and then formed into conventional aerobic windrows on the site. The waste is then sterilized, stabilized, and readied for segregation using machinery as organic and inorganic substances to be later sent for recycling, re-using or composting. Bio-mining technique is getting popular especially after its success in Tamil Nadu. As per Frost & Sullivan Analysis, there is huge scope for Bio-mining projects since most of metro, tier 1 and tier 2 cities have dumping sites with 15+ years and need to clear the legacy waste for new waste dumping in the site which will attract more organized companies to invest for Bio-mining projects across pan India. (*Source: Frost & Sullivan Report*)

Continue to focus on enhancing operational efficiency

We intend to continue to focus on improving our project execution and operational efficiencies in order to maintain our credentials as well as profit margins. We attempt to utilize advanced vehicles, equipment and technologies as well as project management tools to increase productivity and maximize asset utilization. We will also continue to invest in new equipment and vehicles, manpower resources and training to improve our ability to execute our projects with quality and efficiency. We intend to strive to ensure continuous availability of vehicles and equipment for our projects and exercise better control

over the execution of our projects. As we expect to continue using a large fleet of vehicles, we expect to continue using our centralized procurement system to gain bargaining power with our vehicle suppliers, and further reduce our procurement costs. We intend to continue upgradation of our information and communication technology infrastructure and other internal processes to reduce manual intervention and improve reliability and efficiency of our business and operations.

* The Mangaluru Project has combined contracts for MSW C&T and mechanized cum manual sweeping.

** The Greater Noida Project-Zone 1 has combined contracts for MSW C&T and mechanized sweeping.

*** The Greater Noida Project-Zone 2 has combined contracts for MSW C&T and mechanized sweeping.

**** The Pimpri Chinchwad Municipal Corporation Project is a waste to energy project.

In addition to the above, we have one upcoming MSW C&T project awarded by the VMC. The Varanasi Project has combined contracts for MSW C&T and mechanized sweeping.

Our MSW C&T Projects

MSW C&T Projects involve door to door collection of MSW from households, slums, commercial establishments and other bulk-waste generators (community bins) from a designated area through primary collection vehicles like compactors, dumper placers and tippers and transportation of these materials, to the processing facility, transfer station or a landfill disposal site. The fees, namely ‘tipping fees’ in such contracts are calculated on a fixed fee per tonne/trip/area.

Description of our ongoing MSW C&T Projects:

We are currently undertaking 11 MSW C&T projects, as on August 31, 2020. The following tables set out certain details of the ongoing MSW C&T projects:

1. Thane Project

Particulars	Description
Company Name	Antony Waste Handling Cell Limited
Name of Customer	Thane Municipal Corporation

Particulars	Description
Location	Maharashtra
Scope of the Project	C&T of MSW from community garbage bins and street sweeping in Thane
Project Commencement Year	2012
Project Duration (in Years)	8
Estimated Project End Year	2020
Salient Features	<ul style="list-style-type: none"> Revenue calculation is based on number of trips with escalation rate 5% (15% can be reached in the special conditions with the approval of Municipal commissioner) The payment of satisfactory work done will be made usually within 30 days from the receipt of the bill, subject to terms and conditions of the agreement

2. Navi Mumbai Project

Particulars	Description
Company Name	AG Enviro Infra Projects Private Limited
Name of Customer	Navi Mumbai Municipal Corporation
Location	Maharashtra
Scope of the Project	Collection, transfer and transportation of municipal solid waste and related allied works in Navi Mumbai
Project Commencement Year	2015
Project Duration (in Years)	7
Estimated Project End Year	2022
Salient Features	<ul style="list-style-type: none"> Revenue is calculated based on per Tonnes Project shall be subjected to escalation from the second year, every six-month equal to change in cost / index (labor, fuel and miscellaneous) / wholesale price index

3. Mangaluru Project

Particulars	Description
Company Name	Antony Waste Handling Cell Limited
Name of Customer	MMC
Location	Karnataka
Scope of the Project	Sanitization work in Mangaluru
Project Commencement Year	2015
Project Duration (in Years)	7
Estimated Project End Year	2022
Salient Features	<ul style="list-style-type: none"> Revenue calculation is based on Tonnes / Day Escalation rate is based on average consumer price index for Industrial workers for Mercara Centre, and Escalation for fuel and lubricants are based on retail price of fuels The minimum assured quantity of monthly average of 175 Tonnes of MSW per day (both zones)

4. Greater Noida Project- Zone 1

Particulars	Description
Company Name	AG Enviro Infra Projects Private Limited
Name of Customer	GNIDA
Location	Uttar Pradesh

MSW Processing

In MSW processing our Company follows two processes i.e (i) Anaerobic process using Bioreactor landfill technology & (ii) Aerobic process using material recovery facility and composting facility.

In the anaerobic processing the Company receives mixed waste into scientifically managed cells which are then capped. It is estimated that within a period of 5 to 6 years, the organic fraction of waste would degrade completely. After the end of

the aforesaid period, the waste from bio-reactor landfill is mined and sorted. We are also required to construct sanitary landfills as part of the MSW processing operations. The portion of biogas generated and collected from the bio-reactor landfill is used for power generation for captive/commercial use.

In the aerobic processing, the waste received from MSW C&T operations is pre-sorted and pre-segregated at the material recovery facility.

Upon sorting, the products can be broadly classified into compostable, combustible, recyclable and inert materials. The recyclable materials recovered from the sorting process such as plastic, glass and metals are sold to recycling facilities. The combustible material identified after the sorting process is typically shredded into smaller pieces and subjected to further cleaning so as to remove dust particles and ensure homogeneous combustible material. The material is then compressed and processed into RDF which can be sold as fuel to various industries for consumption in their boilers.

The compostable materials are processed in the windrow platform, where aerobic composting methods are used, and micro-organisms decompose the organic waste matter in the presence of oxygen. The processed garbage is then sent to the preparatory section for curing and collection of manure. The compost is placed in the refinement section and sold to customers such as fertilizer companies.

Description of our ongoing MSW Processing Projects:

Our Geographical Footprint

Starting with Mumbai, we have undertaken/ currently undertaking projects in multiple cities such as Delhi, Jaipur, Gurugram, Greater Noida, Noida, Amritsar, Mangaluru, Navi Mumbai, Pimpri, Thane and Nagpur. We believe our geographically diversified portfolio gives us partial hedge against risks in specific areas or projects and protects us from fluctuations resulting from business concentration in limited geographical areas.

The following chart illustrates our geographical footprint of projects undertaken / currently being undertaken as of August 31, 2020:

Our Operations

I. Pre-Bidding Stage:

Tender Evaluation	Initial Assessment and Analysis	Final Bidding
<ul style="list-style-type: none"> • Peruse the RFP • Understand the scope size and scale of the project • Tender conditions and stipulation analysis • Geography study – nearness to existing project sites • Financial viability • Non-financial factor analysis 	<ul style="list-style-type: none"> • Project area analysis • Feasibility study • Project report • Execution risk • Administrative risk • Route map study • Previous contracts near the site area • Local laws and taxes • Pre-bid meeting 	<ul style="list-style-type: none"> • Actual bidding • Technical criteria fulfillment • Eligibility • Quote the rate • Meeting all the criteria • Contract award

We enter into contracts primarily through a competitive bidding process. Our clients typically advertise for potential projects on their websites and in leading national newspapers. Additionally, our Company does a regular review of the leading national newspapers and relevant websites to identify projects that could be potentially viable for us. After such projects are identified, we seek approval of the management to determine if the identified projects are to be pursued. These discussions are based on various factors which include the geographic location of the project and the degree of complexity in executing the project in such location, our current and projected workload, the likelihood of additional work, the project cost and profitability estimates and our competitive advantage relative to other likely bidders. Thereafter, we submit bids

for the projects that have been identified, in light of the stipulated eligibility criteria. While we endeavour to meet eligibility criteria for potential projects on our own, in the event we are unable to meet said criteria, we look to form project specific joint ventures with other qualified contractors and strengthen our chances of pre-qualifying and winning the bid. Notices inviting bids may either involve pre-qualification, or short listing of contractors, or a post qualification process. Pre-qualification applications generally require us to submit details about our organizational set-up, financial parameters (such as turnover, net worth and profit and loss history), employee information, plant and equipment owned, vehicles owned, portfolio of executed and ongoing projects and details in respect of litigations and arbitrations in which we are involved. In selecting contractors for major projects, clients generally limit the issue of tender to contractors they have pre-qualified based on several criteria, including experience, technical ability and performance, reputation for quality, safety record, financial strength and size of previous contracts in similar projects. However, price competitiveness still is a significant selection criterion.

After we pre-qualify for a bid, we are required to submit a financial bid. In order to submit a financial bid, we conduct an in-depth study of the proposed project, which *inter alia* includes, (i) study of the technical and commercial conditions and requirements of the project; (ii) a site visit to determine the site conditions; and (iii) local market survey to determine availability and prices of key materials, labour, and specialist sub-contractors, as the need may arise. Further, our Company invites quotations from vendors, sub-contractors and specialist agencies for various items or activities in respect of the tender.

II. Post Bidding Stage

We provide solid waste management collection, transportation, processing and disposal services, as per the requirements of the clients, for the projects we undertake. We undertake door to door collection of waste as well as provide mechanized power sweeping at the sites of our projects. The client typically provides scope of the project and specifications, based on which, we are required to provide detailed project plans, structural/architectural designs for the conceptual requirements of the client.

Labour and Vehicle costs form a major part of the total project cost. Therefore, it is important for us to maintain our fleet of vehicles and ensure timely and cost-effective deployment of labour. The issuance of a letter of acceptance or letter of intent by the client signifies that we have been awarded the contract. Upon award of a contract, the project details along with the budgeted rates for material, services and equipment are calculated. The material, services, vehicles and equipment required for projects are estimated based on the project sites and then passed on to the operations team with the schedule of requirements. Upon receipt of the letter, we begin mobilizing manpower, vehicles and equipment resources and the setting up of site offices, stores and other ancillary facilities.

III. Post Completion Stage

Post completion of the contract tenure, we are required to comply with various covenants to ensure project closure. In case the project is on an operation and maintenance basis, the entire vehicle fleet is required to be returned to the municipality. However, in case of a DBOO or BOO contract, the vehicle fleet is owned by us, and thus, is not required to be returned. In certain cases, we are required to bear the warranty of the equipment and vehicles even after project closure. For project involving landfills, we are required to restore the land to its original condition at our own cost. Similarly, in case of MSW C&T projects, we are allotted the project site and sheds for fleet parking and maintenance. The project site and sheds need to be restored and repaired, and subsequently, handed over to the municipality. The concerned municipality then proceeds to commence project closure procedures and consequently, releases the security deposit. Lastly, the project closure certificate is issued by the project authority within a pre-specified time frame ranging from one month to six months.

Business Development

We enter into contracts primarily through a competitive bidding process. We have entrusted certain of our employees with the task of co-ordinating with different municipalities across various cities in India to identify opportunities and assisting the municipalities in identification of further projects and the tendering process. In addition, potential opportunities are brought to our attention through discussions with consultants and local contacts, existing clients and partners, as well as through publication of notifications for tender in local and national publications. On receipt of any opportunity we assess the requirement and liaisons with the accounts and operations team to prepare for the tendering and bidding.

Technology

Our Company tries to ensure that the deployed vehicles are always under surveillance. We have CCTV in the offices as well as in the fleet parking yards at the site to monitor activity. Further, as required under the terms of certain of our MSW

C&T contracts, GPS tracking devices are installed in our vehicles. The GPS tracking devices enables us to track the movement of each vehicle and the particular route they ought to follow. Each vehicle has to follow the mandated route and the same can be monitored by us due to the GPS technology implemented.

Infrastructure Facilities

In order to commence the operations for an integrated MSW project, the site is required to be provided to us by the relevant state or urban local authority. We have in the past experienced delays in the transfer of land by the government or obtaining rights of way and we may face similar delays in future. Our contracts in the MSW business require us to make our own arrangements for water and electricity. The responsibility for equipment and vehicles procurement under our MSW C&T projects depends on the terms of the contract. For example, in operation and maintenance contracts, the equipment is provided by the municipality whereas in a DBOOT or BOOT contract, we are required to purchase the necessary equipment and vehicles.

We have built a significant equipment and vehicle fleet over the past few years. Our fleet includes specialised vehicles such as tippers, refuse compactors, dumper placers, dumpers, power sweeping machines, dozers and loaders. Typically, our municipal project contracts require us to deploy new equipment and vehicles for the purposes of the relevant project. As a result of acquiring new equipment and vehicles for each new project that we undertake, a substantial part of our fleet is relatively new. Thus, we are able to use the latest features and functionality such equipment can offer and achieve efficiency and quality in construction, while keeping our maintenance costs low.

The maintenance of our fleet to ensure its availability is very important to our business. Through our site-specific mechanics, other staff, we undertake periodic maintenance of our fleet and strive to ensure the high availability of our fleet and achieve optimal repair, maintenance and operational cost. We have also outsourced some of our maintenance work. When we purchase multiple units of a specific type of equipment or vehicle, the units we purchase usually have identical features and functions. Using homogeneous equipment helps us reduce inventory and costs of spare parts, gives us leverage to negotiate with equipment manufacturers for favourable terms. We identify aging or low-functioning equipment and have them replaced. We have also invested in a host of technologies such as RFID, GPS tracking devices and a surveillance system. These systems and processes helps in extending the average life of our fleet. This ensures that the projects which are under extensions are being managed by a robust fleet which are regular well maintained. We also recruit skilled mechanics and technicians as and when the need arises.

The details of our fleet of vehicles, as on August 31, 2020, are set out herein below:

Particulars	Number
Small Tipper	689
Compactor	281
Dumper Placer	31
Big Tipper	86
Power Sweeping Machine	8
Hook Loader	21
Drain Silt Machine	2
Others (<i>including inspection and maintenance vehicle</i>)	29
Total	1,147

Offtake Arrangements

We have entered into arrangements pursuant to which we sell compost. While we are yet to enter into off-take arrangements for other products generated by our MSW processing business, we believe there is a readily available market for such products. We expect to sell RDF to industrial units located in the vicinity that use agro-biomass or coal as a fuel for their boilers. We can also store the RDF for use in energy generation business.

Quality Management

We strive to deliver high quality services at every stage of our projects. We have a qualified team of engineers and other professionals to ensure that our project sites are adequately stock with spares. Through our store inventory management, we strive to achieve optimal stock levels of spare parts. We also strive to purchase spare parts at the best market price from the original equipment manufacturers to ensure quality at the same time. This enables us to ensure timely fleet maintenance, thereby reducing the vehicle break down time.

Insurance

We maintain a range of insurance policies to cover our assets, risks and liabilities. The policies provide appropriate coverage in relation to equipment and vehicle fleet. Our assets are insured for their estimated replacement value. We also have personal accident insurance policy for our on-site labour employees deployed at the Kanjur site. As on March 31, 2020, the total insurance coverage maintained by us was ₹ 2,910.62 million which was 1.38 times the net assets of the Company as per the Restated Financial Statement for the Fiscal 2020. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with industry norms.

Intellectual Property

Our Company holds one registered trademark in India, namely the “Antony Waste Handling Cell Pvt Ltd” logo and our material Subsidiaries – AG Enviro Infra Projects Private Limited and Antony Lara Enviro Solutions Private Limited, hold one registered trademark in India each, namely the “AG Enviro Infra Projects Pvt Ltd” logo and the ‘City Compo’ logo respectively. Further, we apply for and obtain registrations under intellectual property rights legislation from time to time as may be expedient to protect our business interests.

Competition

There are approximately 20-30 participants in the MSW management market offering various services. Many infrastructure and environment services companies are present in this market. Logistics companies are also present in this market providing only transportation and fleet management services. Competitors can be categorized into two tiers – national and local. National participants are large infrastructure and environmental services firms. Local participants are largely transport companies and small firms involved in making compost. (*Source: Frost & Sullivan Report*). Most of our contracts are won through a competitive bidding process. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. For additional details, please see “*Industry Overview*” beginning at page 89.

Human Resources and Processes

In our opinion an effective human resource system results in greater employee satisfaction and higher retention. Our human resource department plays a key function in our Company. It is operated by professionally qualified and experienced personnel and receives attention from senior management. The human resources department follows a mix of both centralised and decentralised system whereby the human resource personnel are deployed not only at our head office but also at our project sites. Similarly, a dedicated consultant is entrusted with procurement of all the labour related compliances and issues at some of our project sites. Our human resources team coordinates with the on-site project team to conduct periodical health check-ups and other labour compliances. We consider our relationship with our employees to be satisfactory.

Our personal policies are aimed towards recruiting the talent that we need, facilitating the integration of our employees and encouraging the development of skills to support our performance. Our Company has adopted an employee stock option plan pursuant to which certain employees are eligible to be granted options. For further details, please see the section titled “*Capital Structure*”.

We undertake selective and need-based recruitment every year to maintain the size of our workforce, which may otherwise decline because of attrition and retirement of employees. There are well documented standard operating procedures regarding hiring and onboarding of the staff. As of August 31, 2020, we had 7,154 full-time employees, on a consolidated basis.

A breakdown of our employees as of August 31, 2020, has been provided below:

Function	Number of Employees
Operations, Drivers and Labour	7,084
Accounts	30
Administration	16
Human Resources	24
Total	7,154

Health, Safety, Environment

We aim to comply with applicable health and safety regulations and other requirements in our operations. We believe that accidents and occupational health hazards can be significantly reduced through a systematic analysis and control of risks and by providing appropriate training to our management and our employees.

Typically, municipal contracts specify the health and safety standards that are required to be maintained during the course of the respective project. Thus, health and safety are primarily monitored. Our Company ensures that the any requirement for items such as gloves, gum boots safety gears, helmet, masks, uniforms, shoes and rain coats is addressed in a timely manner. Periodic medical camps are organised at our various project sites so as to ensure that doses of various medicines and preventive injections are administered to our personnel.

Property

Our Registered Office and Corporate Office, located at 1402, 1403 and 1404, 14th Floor, Dev Corpora Building, Opp. Cadbury Company, Eastern Express Highway, Thane – 400 601, Maharashtra, India has been leased to us.

Further, we own properties located at Gala No. 111, First Floor, Hasti Industrial Premises Co-operative Society Limited, Navi Mumbai, Maharashtra, India and 1st Floor, Pearls Plaza Complex, Plot no. 24, 24A, 24B, 24C, 24D, 24E and 25, Block K, Sector 18, Noida, Uttar Pradesh, India.

REGULATIONS AND POLICIES

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to our Company and our Subsidiaries. The information detailed in this chapter has been obtained from various statutes, regulations and/or local legislations and the bye laws of relevant authorities that are available in the public domain. The description may not be exhaustive and is only intended as a substitute to provide general information to investors, and is neither designed, nor intended as a substitute for professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial or administrative decisions. For further information, see “Government and Other Approvals” on page 310.

Environmental Laws

1. The Environment (Protection) Act, 1986 and the Environment (Protection) Rules, 1986

The Environment (Protection) Act, 1986 was enacted to act as an “umbrella” legislation, designed to provide a frame work for coordination of the activities of various central and state authorities as established under previous laws. The Environment (Protection) Act, 1986 authorises the Central Government to protect the environment by controlling and reducing pollution.

2. The Air (Prevention and Control of Pollution) Act, 1981, (“Air Act”)

The Air Act was enacted and designed for the prevention, control, and abatement, of air pollution, and establishes Central and State pollution control boards for the aforesaid purposes. In accordance with the provisions of the Air Act, any individual, industry or institution responsible for emitting smoke or gases by way of use of fuel or chemical reactions, must apply in a prescribed form and obtain consent from the state pollution control board prior to commencing any such activity.

3. The Water (Prevention and Control of Pollution) Act, 1974, (“Water Act”) and The Water (Prevention and Control of Pollution) Cess Act, 1977 (“Water Cess Act”)

The Water Act was enacted to provide for the prevention and control of water pollution. Further, the Water Act also provides for the establishment of boards with a view to carrying out the aforesaid purpose, and for conferring on and assigning to such boards, the powers and functions relating thereto. In addition, the Water Cess Act was enacted to provide for the levy and collection of a cess on water consumed by persons carrying on certain industrial activities, and by local authorities, with a view to augment the resources of the aforementioned central board and state boards, for the prevention and control of water pollution.

4. Solid Waste Management Rules, 2016

The Solid Waste Management Rules, 2016 shall apply to every authority responsible for collection, segregation, storage, transportation, processing and disposal of solid wastes. The operator of a facility involved in collecting, segregating, storing, transporting, processing and disposal solid wastes and any other agency appointed for the management and handling of solid wastes is required to obtain authorizations from the State Pollution Control Board. Any solid waste generated is required to be managed and handled in accordance with the procedures specified in the Solid Wastes Rules

5. Coastal Regulation Zone Notification (“CRZ Notification”)

The CRZ Notification was notified on January 6, 2011 by the Ministry of Environment and Forests. The CRZ Notification restricts the setting up and expansion of any industry, operations or processes and manufacture or handling or storage or disposal of hazardous substances as specified in the Hazardous Substances (Handling, Management and Transboundary Movement) Rules, 2009 in the Coastal Regulation Zone. The CRZ Notification provides for detailed classification of the Coastal Regulation Zones into different zones for the purpose of conserving and protecting coastal areas and marine waters, and accordingly permits or prohibits the specific activities within each zone.

In addition to the above-mentioned environmental laws, following is an indicative list of the environmental laws which may be applicable to our Company due to the nature of the business activities:

- Plastic Waste Management Rules, 2016
- Bio-medical Waste Management Rules, 2016

- E-Waste (Management) Rules, 2016
- Legal Metrology Act, 2009
- The Indian Boilers Act, 1923

The Pollution Control Boards (“PCBs”), are vested with diverse powers to deal with water and air pollution and have been set up in each state. The PCBs are responsible for setting the standards for maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking inspections to ensure that industries are functioning in compliance with the standards prescribed. These authorities also have the power of search, seizure and investigation. All industries are required to obtain consent orders from the PCBs, which are indicative of the fact that the industry in question is functioning in compliance with the pollution control norms.

Labour law legislations

Factories Act, 1948

The Factories Act, 1948, as amended (the “Factories Act”), defines a “factory” to cover any premises which employs 10 or more workers on any day of the preceding 12 months and in which manufacturing process is carried on with the aid of power or any premises where at least twenty workers are employed in a manufacturing process.

Each state government has enacted rules in respect of the prior submission of plans and their approval for the establishment of factories and registration and licensing of factories. The Factories Act provides that an occupier of a factory i.e. the person who has ultimate control over the affairs of the factory and in the case of a company, any one of the directors, must ensure the health, safety and welfare of all workers. There is a prohibition on employing children below the age of fourteen years in a factory. The Factories Act also provides for imposition of fines and imprisonment of the manager and occupier of the factory in case of any contravention of the provisions of the Factories Act.

In addition to the Factories Act, the employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The following is an indicative list of labour laws which may be applicable to our Company due to the nature of the business activities:

- The Employees’ Provident Funds and Miscellaneous Provisions Act, 1952;
- The Industrial Disputes Act, 1947;
- The Employees’ State Insurance Act, 1948;
- The Factories Act, 1948;
- The Maternity Benefit Act, 1961;
- The Contract Labour (Regulation and Abolition) Act, 1970;
- The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013;
- The Employee's Compensation Act, 1923;
- The Minimum Wages Act, 1948;
- The Payment of Wages Act, 1936;
- The Payment of Gratuity Act, 1972;
- The Payment of Bonus Act, 1965;
- The Industrial Employment (Standing Orders) Act, 1946; and
- The Trade Unions Act, 1926.

In addition to the above, the Code on Wages, 2019, has been promulgated by the Indian parliament and has received the Presidential assent. However, it has not yet been notified.

Shops and Establishments legislations in various states

The provisions of various Shops and Establishment legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations, *inter alia*, in respect of registration, opening and closing hours, daily and weekly working hours, holidays, leave, health and safety measures and wages for overtime work.

In addition to the above, our Company is also required to comply with the provisions of the Companies Act and rules framed thereunder and other applicable statutes imposed by the Centre or the State Government and authorities for our day-to-day business and operations.

Intellectual Property

Intellectual property rights refer to the general term for intangible, intellectual, industrial property rights through patents, copyrights and trademarks and includes geographical indications, trade secrets, and confidential information. These property rights allow the holder to exercise a monopoly on the use of the item for a specified period.

The Trade Marks Act, 1999, as amended (the “**Trade Marks Act**”), provides for the registration of trademarks in India, pursuant to which the registered owner of a trademark is granted exclusive rights to registered marks, including brands, labels and headings, and to obtain relief in case of infringement for commercial purposes. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringing, falsifying and falsely applying trademarks.

Foreign Investment Regulations

Foreign investment in India is governed by the provisions of Foreign Exchange Management Act, 1999, as amended (the “**FEMA**”), along with the rules, regulations and notifications made by the Reserve Bank of India thereunder, as issued from time to time. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (“**FEMA Rules**”), to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. As laid down by the FDI Policy and FEMA Rules, no prior consents and approvals are required from the RBI, for Foreign Direct Investment (“**FDI**”) under the “automatic route” within the specified sectoral caps. In respect of all industries wherein no sectoral cap is prescribed under the FEMA Rules and which is not otherwise prohibited under the FEMA Rules, foreign investment is permitted to the extent of 100% through the automatic route.

2. ***Shareholders' Agreement dated August 14, 2009 ("the "SHA") between our Company and Lara Central De Tratamento De Residuos LTDA***

In order to execute the Kanjur project of Municipal Corporation of Greater Mumbai, our Company, along with Lara Central De Tratamento De Residuos LTDA ("**Lara**"), entered into a joint venture, Antony Lara Enviro Solutions Private Limited ("**JVC**"). Thereafter, our Company and Lara entered into the SHA to set out the terms and conditions that would govern the subscription of equity shares of the JVC by the Company and Lara. The key provisions of the SHA *inter alia*, include:

- a) *Capital Structure*: In terms of the SHA, the shareholders, i.e. our Company and Lara, would subscribe to the equity shares of the JVC, in the following manner:

Name of the shareholder	Number of equity shares	Percentage of holding (%)
Our Company	599,940	60.00
Lara	399,960	40.00
Total	999,900	100.00

- b) *Transfer restrictions*: The SHA contains certain transfer restrictions *vis-a-vis* the Equity Shares. For example, Lara is required to hold not less than 40% of the share capital for the first five years of the concession, while our Company is required to hold not less than 51% of the share capital for the first five years of the concession.
- c) *Right of first refusal*: As per the SHA, the shareholder desiring to transfer the shares in the JVC shall make an offer to the other shareholder of the JVC ("**Other Shareholder**") by providing a notice mentioning the total number of equity shares to be offered for sale and the price at which the equity shares are being offered ("**Offered Price**"), along with other terms and conditions. The Other Shareholder after receiving the notice shall have the option to purchase the equity shares (but not less than all the equity shares offered). However, if the Other Shareholder does not purchase all the shares within the period specified in the notice, the shares can be sold to a third party at a price not lower than the Offered Price, and on terms and conditions not more favourable than those offered to the other shareholder.
- d) *Board of Directors and Quorum*: In terms of the SHA, the managing director of the JVC would be Jose Jacob Kallarakkal, and the composition of the board of directors of the JVC shall be determined in accordance with its charter documents. Further, the directors of the JVC need not hold any qualification shares. The quorum for the meetings of the board shall necessarily include at least one director nominated by our Company, and at least one director nominated by Lara.

Time and cost overrun in setting up projects by our Company

In our contracts entered into with the municipal authorities, these municipal authorities are typically required to acquire, lease or secure rights over tracts of land and lease / transfer it to us to enable us construct a processing facility on such land, free of encroachments and encumbrance. Further, these municipal authorities are also required to obtain environment clearances, permits and approvals in relation to the contract.

The failure of these municipal authorities to acquire the relevant land free of encumbrances or environmental clearances, permits or approval, in a timely manner has in the past led to time overrun and cost overrun. For instance, on account of the foregoing, our project at Kanjurmarg Facility was delayed by over two years

Defaults or rescheduling of borrowings from financial institutions/ banks, conversion of loans into equity by our Company

There have not been any defaults in complying with the terms and conditions of our Company's term loans and other credit facilities, which are currently outstanding. Further, none of our outstanding loans have been converted into Equity Shares or have been rescheduled.

Holding company

Our Company does not have a holding company.

Dear Sirs,

1. We have examined the attached Restated Ind AS Consolidated Financial Information of Antony Waste Handling Cell Limited (Formerly known as *Antony Waste Handling Cell Private Limited* (the "Company" or the "Issuer") and its subsidiaries (the Company and its subsidiaries together referred to as the "Group") comprising the Restated Ind AS Consolidated Statement of Assets and Liabilities as at 31 March 2020, 31 March 2019 and 31 March 2018, the Restated Ind AS Consolidated Statements of Profit and Loss (including other comprehensive income), the Restated Ind AS Consolidated Statement of Changes in Equity, the Restated Ind AS Consolidated Cash Flow Statement for the years ended 31 March 2020, 31 March 2019 and 31 March 2018, the Summary Statement of Significant Accounting Policies and other explanatory information (collectively, the "Restated Ind AS Consolidated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on XX XXXX 2020 for the purpose of inclusion in the Draft Red Herring Prospectus ("DRHP") prepared by the Company in connection with its proposed Initial Public Offer of equity shares ("IPO") prepared in terms of the requirements of:
 - a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");
 - b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
 - c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note").
2. The Company's Board of Directors is responsible for the preparation of the Restated Ind AS Consolidated Financial Information for the purpose of inclusion in the DRHP to be filed with Securities and Exchange Board of India, relevant stock exchanges and Registrar of Companies Maharashtra at Mumbai in connection with the proposed IPO. The Restated Ind AS Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in Note 1 (b) (i) to the Restated Ind AS Consolidated Financial Information. The respective Board of Directors of the companies included in the Group responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Ind AS Consolidated Financial Information. The respective Board of Directors are also responsible for identifying and ensuring that the Group complies with the Act, ICDR Regulations and the Guidance Note.
3. We have examined such Restated Ind AS Consolidated Financial Information taking into consideration:
 - a. The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 24 September 2020 in connection with the proposed IPO of equity shares of the Company;
 - b. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c. Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Ind AS Consolidated Financial Information; and

- d. The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.
4. These Restated Ind AS Consolidated Financial Information have been compiled by the management from:
 - a. Audited Consolidated Ind AS financial statements of the Group as at and for the years ended 31 March 2020, 2019 and 2018 prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 19 September 2020, 29 August 2019 and 25 July 2018, respectively.
5. For the purpose of our examination, we have relied on:
 - a. Auditors' reports issued by us dated 19 September 2020, 29 August 2019 and 25 July 2018 respectively on the consolidated financial statements of the Group as at and for the years ended 31 March 2020, 31 March 2019 and 31 March 2018 as referred in Paragraph [4] above;
6. The audit reports on the consolidated financial statements issued by us were modified and included following matters giving rise to modifications/ emphasis of matters on the financial statements as at and for the years ended 31 March 2020, 31 March 2019 and 31 March 2018 which has been reproduced below

Financial year 2019-20

Basis for Qualified Opinion

- i. As explained in Note 51 to the accompanying consolidated financial statements, the Holding Company's non-current trade receivables as at 31 March 2020 include certain long outstanding receivables aggregating ₹135 million due from various municipal corporations, which are under dispute but considered good and recoverable by the management. However, in the absence of sufficient appropriate audit evidence to corroborate the management's assessment of recoverability of these balances, we are unable to comment on adjustments, if any, that may be required to be made to the carrying amounts of such receivables as at 31 March 2020 and the consequential impact, on the accompanying consolidated financial statements. Our opinion on the consolidated financial statements for the year ended 31 March 2019 was also qualified in respect of this matter.
- ii. We have also audited the adequacy and operating effectiveness of the Group's internal financial controls with reference to financial statements as at and for the year ended 31 March 2020. Our report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2020 expresses qualified opinion, reproduced as below:

According to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's internal financial controls with reference to consolidated financial statements as at 31 March 2020:

The Holding Company's internal financial controls over financial reporting with respect to the assessment of loss allowances for trade receivables (as explained in Note no 51 to the consolidated financial statements) were not operating effectively, which could potentially result in a material misstatement in the carrying value of loss allowances, trade receivables and its resultant impact on profit, reserves and surplus as at and for the year ended 31 March 2020.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to consolidated financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Emphasis of Matters

We draw attention to:

iii. COVID 19 pandemic outbreak

Note 58 to the accompanying consolidated financial statements, which describes the uncertainties relating to COVID-19 pandemic outbreak on the operations of the Group and management's evaluation of its impact on the accompanying consolidated financial statements for the year ended 31 March 2020, the extent of which is significantly dependent on future developments.

The above matter has also been reported as an emphasis of matter in the audit reports issued by us on the standalone financial statements of four (4) subsidiary companies for the year ended 31 March 2020. Our opinion is not modified in respect of this matter.

- iv. Note 52 to the accompanying consolidated financial statements, regarding uncertainty relating to recoverability of current trade receivables and other current financial assets aggregating ₹ 125 million and ₹ 331.20 million respectively as at 31 March 2020, which represents various amounts and claims recoverable from a municipal corporation which are overdue for substantial period of time and are currently under review with the municipal corporation. Based on the legal opinion obtained by the management and past experience with respect to similar claims, management is of the view that the aforementioned balances are fully recoverable. Our opinion is not modified in respect of this matter.
- v. Note 53 to the accompanying consolidated financial statements regarding delay in receipt of share certificates or any other document as an evidence of investment, from Mazaya Waste Management LLC, a company incorporated outside India, aggregating ₹ 10.56 million, which has been fully impaired, as at 31 March 2020 and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. The Management of the Holding Company has represented that the Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays and the possible penalties etc., if any, which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Financial year 2018-19

Basis for Qualified Opinion

- vi. As explained in Note 51 to the accompanying consolidated financial statements, the Holding Company's non-current trade receivables as at 31 March 2019 include certain receivables aggregating ₹ 285.06 million due from various municipal corporations, being considered good and recoverable by management. However, considering these amounts are under dispute and are long outstanding and in the absence of sufficient appropriate audit evidence to corroborate management's contention, we are of the view that loss allowances should be recognised for the expected credit losses on these balances in accordance with the requirements of Ind AS 109, Financial Instruments. Had loss allowances for expected credit losses been recognised in the books, net profit for the year ended 31 March 2019, trade receivables and other equity as at that date would have been lower by ₹ 285.06 million. Our opinion on consolidated financial statements for the year ended 31 March 2018 was also qualified in respect of this matter.
- vii. We have also audited the adequacy and operating effectiveness of the Group's internal financial controls with reference to financial statements as at and for the year ended 31 March 2019. Our report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2019 expresses qualified opinion, reproduced as below:

In our opinion, according to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's IFCoFR as at 31 March 2019:

The Holding Company's internal financial controls in respect of supervisory and review controls over process of determining carrying value and allowance for non-current trade receivables which are doubtful of recovery were not operating effectively. Absence of detailed assessment in accordance with the accounting principles generally accepted in India, in our opinion, could result in a potential material misstatement to the carrying value of trade receivables, and consequently, has impacted the profit (financial performance including comprehensive income) after tax, other equity and balance of trade receivables.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Emphasis of Matters

- viii. We draw attention to Note 52 to the accompanying consolidated financial statements regarding uncertainty relating to recoverability of the Holding Company's non-current trade receivables, current trade receivable and other non-current financial assets amounting ₹ 116.30 million, ₹ 106.34 million and ₹ 242.54 million respectively, as at 31 March 2019, which represents various amounts and claims recoverable from a municipal corporation and where the claims are currently under negotiations/litigation. Based on the legal opinion obtained by the management and past experience with respect to similar claims, management is of the view that the aforementioned balances are fully recoverable. Our opinion is not modified in respect of this matter.
- ix. We draw attention to Note 53 to the accompanying consolidated financial statements regarding delay in receipt of share certificates or any other document as an evidence of investment, from Mazaya Waste Management LLC, a company incorporated outside India, aggregating ₹ 10.56 million, which has been fully impaired, as at 31 March 2019 and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. Management of the Holding Company has represented that the Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays and the possible penalties etc., if any, which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Financial year 2017-18

Basis for Qualified Opinion

- x. As explained in Note 52 to the accompanying consolidated financial statements, the Company's non-current trade receivables as at 31 March 2018 include certain receivables aggregating ₹ 285.06 million due from various municipal corporations, being considered good and recoverable by management. These amounts are under dispute and are outstanding for a long time. In the absence of sufficient appropriate audit evidence to corroborate management's contention and having regard to the age of the balances, we believe that loss allowances should be recognised for expected credit losses on these balances in the books of account in accordance with the requirements of Ind AS 109, Financial Instruments. Had loss allowances for expected credit losses been recognised in the books, net profit for the year ended 31 March 2018, trade receivables and other equity as at that date would have been lower by ₹ 285.06 million. This matter was also qualified by the predecessor auditor in their audit opinion on the consolidated financial statements for the year ended 31 March 2017.
- xi. We have also audited the adequacy and operating effectiveness of the Group's internal financial controls with reference to financial statements as at and for the year ended 31 March 2018. Our report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2018 expresses qualified opinion, reproduced as below:

In our opinion, according to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's IFCoFR as at 31 March 2018:

Absence of detailed assessment in accordance with the accounting principles generally accepted in India, in our opinion, could result in a potential material misstatement to the carrying value of trade receivables, and consequently, could also impact the profit (financial performance including comprehensive income) after tax.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Emphasis of Matters

xii. We draw attention to note 54 to the accompanying consolidated financial statements regarding delays in receipt of advances given to a company incorporated outside India aggregating ₹ 38.36 million, the delay in receipt of share certificates or any other document as an evidence of investment in the aforementioned company aggregating ₹ 10.56 million and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. Management of the Holding Company has represented that the Holding Company is in the process of regularizing these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc. which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

xiii. We draw attention to the following emphasis of matter included in the audit report issued by us dated 23 July 2018 on the financial statements of Antony Lara Enviro Solutions Private Limited, a subsidiary company of the Holding Company, on matter which are relevant to our opinion on the consolidated financial statements of the Group, and reproduced by us as under:

"We draw attention to Note 53 to the accompanying consolidated financial statements regarding the delays in receipt of goods against advances remitted in foreign currencies and payment of foreign currencies against the import of goods aggregating ₹ 53.10 million and ₹ 8.30 million, respectively beyond the timelines stipulated in FED Master Direction No. 17/2016-17 under the Foreign Exchange Management Act, 1999. Management of Antony Lara Enviro Solutions Private Limited, a subsidiary of the Holding Company has represented that the subsidiary company is in the process of regularizing these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc. which may be levied for these contraventions are likely to be condoned by the regulatory authorities." Our opinion is not modified in respect of this matter.

7. The transition date opening balance sheet as at 1 April 2017 prepared in accordance with the Ind AS included in the consolidated financial statements for the year ended 31 March 2018 are based on the previously issued statutory financial statements for the year ended 31 March 2017 prepared in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) which were audited by the predecessor auditor, Messrs Deloitte Haskins & Sells LLP, whose report dated 30 September 2017 expressed a qualified opinion on those consolidated financial statements and have been adjusted for the differences in the accounting principles adopted by the Group on transition to Ind AS, which have been audited by us. Our opinion on the consolidated Ind AS financial statements is not modified in respect of this matter.
8. Based on our examination and according to the information and explanations given to us, we report that the Restated Ind AS Consolidated Financial Information:

- a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended 31 March 2020, 31 March 2019 and 31 March 2018;
 - b. have been made after giving effect to the matters giving rise to modifications mentioned in paragraph 6 (i), (ii), (vi), (vii), (x) and (xi) and do not require any adjustments for matters giving rise to modifications/emphasis of matters mentioned in paragraph 6 (iii), (iv) (v), (viii), (ix), (xii) and (xiii) above; and
 - c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
9. The Restated Ind AS Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited consolidated financial statements mentioned in paragraph 4 above.
10. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
12. Our report is intended solely for use of the Board of Directors for inclusion in the DRHP to be filed with Securities and Exchange Board of India, National Stock Exchange of India Limited, BSE Limited and Registrar of Companies, Maharashtra at Mumbai in connection with the proposed IPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

The Restated Ind AS Consolidated Financial Information have been prepared so as to contain information / disclosures and incorporating adjustments set out below in accordance with the ICDR Regulations:

- (a) Adjustments for audit qualifications requiring corrective adjustments in the financial statements, if any;
- (b) Adjustments for the material amounts in respective periods to which they relate, if any;
- (c) Adjustments to the profits or losses of the earlier periods and of the period in which the change in the accounting policy has taken place is recomputed to reflect what the profits or losses of those periods would have been if a uniform accounting policy was followed in each of these periods, if any;
- (d) Adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the audited consolidated financial statements of the Group for the year ended 31 March 2020 and the requirements of the SEBI Regulations, if any;
- (e) Adjustments for the changes in accounting policies retrospectively in respective financial periods to reflect the same accounting treatment as per changed accounting policy for all the reporting periods; and
- (f) The resultant impact of tax due to the aforesaid adjustments, if any.

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III of the Act. Based on the nature of service and time taken between acquisition of assets for purchasing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of the classification of assets and liabilities into current and non-current.

Rounding of Amounts

All the amounts disclosed in the Restated Ind AS Consolidated Financial Information presented in Indian rupees have been rounded off to the nearest million, unless otherwise stated. The amount '0.00' denotes amount less than ₹10,000.

(ii) Critical estimates and judgements

The estimates and judgements used in the preparation of the Restated Ind AS Consolidated Financial Information are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Examples of such estimates include the useful lives of property, plant and equipment, provision for doubtful debts/ advances, valuation of deferred tax assets, future obligations in respect of retirement benefit plans, service concession arrangements, leases etc. Differences between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

- **Useful lives of property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each period end.

- **Valuation of deferred tax assets**

In assessing the realisability of deferred income tax assets, management considers whether some portion or all of the deferred income tax assets will not be realised. The ultimate realisation of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the Group will realise the benefits of those deductible differences. The amount of the deferred income tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

- **Defined benefit obligation**

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- **Share-based payments**

Estimating fair value for share-based payments requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them.

- **Impairment of financial assets**

The impairment provision for financial assets disclosed are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- **Contract revenue**

Contracts where the performance obligations are satisfied over time, revenue is recognised as per the input method. The Group determines the input method on the basis of direct measurements of the value of the services transferred to the customer till date relative to the remaining services promised under the contract. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Contracts with customers often include promises to transfer multiple services to a customer. Determining whether services are considered distinct performance obligations that should be accounted for separately or together requires significant judgment based on nature of the contract, ability of the service to benefit the customer on its own or together with other readily available resources and the ability of the service to be separately identifiable from other promises in the contract.

Antony Waste Handling Cell Limited (formerly known as *Antony Waste Handling Cell Private Limited*)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

- **Leases**

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts.

(iii) Principles of consolidation and equity accounting

a. Subsidiaries

The Restated Ind AS Consolidated Financial Information incorporates the financial statements of Antony Waste Handling Cell Limited and its subsidiaries. All subsidiaries have a reporting date of 31 March.

The Group exercises control if an only if it has the following:

- a) power over the entity
- b) exposure, or rights, to variable returns from its involvement with the entity; and
- c) the ability to use its power over the entity to affect the amount of its returns.

The Group reassesses, whether it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

When the Group has less than majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including;

- a) the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- b) potential voting rights held by the Company, other vote holders or other parties;
- c) rights arising from other contractual arrangements; and
- d) any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Restated Ind AS Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income) from the date the group gains control until the date when the Group ceases to control the subsidiary.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

Non-controlling interest in the result and equity of a subsidiary is shown separately in the Restated Ind AS Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income), Restated Ind AS Consolidated Summary Statement of Changes in Equity and Restated Ind AS Consolidated Summary Statement of Assets and Liabilities.

The acquisition method of accounting is used to account for business combination of the Group. Refer note 1(a) of Annexure V of the Restated Ind AS Consolidated Financial Information for the list of subsidiaries and joint venture considered in the Restated Ind AS Consolidated Financial Information.

b. Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint venture. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

Joint operations

The Group recognises its direct right to the assets, liabilities, contingent liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the Restated Ind AS Consolidated Financial Information under the appropriate headings.

Joint venture

Interests in joint venture are accounted for using the equity method, after initially being recognised at cost in the Restated Ind AS Consolidated Summary of Assets and Liabilities.

c. Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income ("OCI").

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint venture are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary and practicable to ensure consistency with the policies adopted by the Group.

The carrying amount of the equity accounted investments are tested for impairment in accordance with the policy described in note (xii).

d. Change in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests or reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

Antony Waste Handling Cell Limited *(formerly known as Antony Waste Handling Cell Private Limited)*
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. The fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as a joint venture or financial asset. In addition, any amounts previously recognised in Other Comprehensive Income (OCI) in respect of that entity are reclassified to Restated Ind AS Consolidated Summary Statement of Profit and Loss as if the Group had directly disposed of the related assets and liabilities.

- e. Notes to the Restated Ind AS Consolidated Financial Information represent notes involving items which are considered material and are accordingly disclosed. Materiality for the purpose is assessed in relation to the information contained in the Restated Ind AS Consolidated Financial Information. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or the Company having no bearing on the true and fair view of the financial statements has not been disclosed in the Restated Ind AS Consolidated Financial Information.

(iv) Revenue recognition

Collection and transportation of waste & mechanical power sweeping of roads

Revenue from collection and transportation is recognized when the services have been performed. Revenue is product of quantity of solid waste tonnage collected and transported to the specified in the agreement with the customer.

Performance obligation in case of collection and transportation of waste is satisfied at a point in time when the actual service is performed i.e on the basis of solid waste tonnage collected.

Transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party.

Revenue is recognized in the Statement of Profit and Loss to the extent that it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably. The Group recognized the revenue where the performance obligations are satisfied at a time.

Accrued revenue are classified as Unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms and is accordingly classified under 'other financial assets'.

Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred.

Service concession arrangements – contract revenue

The service concession arrangement has been accounted under financial assets as well as intangible asset model. The Group recognises financial asset arising from service concession arrangement to the extent it has an unconditional contractual right to receive payment and the residual is recognised as intangible asset since it represents right to charge for services provided. Financial asset and intangible asset are initially recognised at their fair value. Contract cost is recognised as the total cost incurred towards the financial assets, intangible assets and intangible assets under development. Contract revenue represents revenue from contracts wherein the performance obligation is satisfied over a period of time. and revenue is recognized by additionally applying specified margin on the total cost incurred towards the financial assets and intangible assets under development. Subsequent to initial recognition:

- financial assets are recognised at amortised cost, and
- intangible assets are measured at cost, less accumulated amortisations and accumulated impairment losses.

Revenue from tipping fees

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

Income from sale of goods and scraps

Income from sale of goods and scraps are recognised at a time on which the performance obligation is satisfied The period over which revenue is recognised is based on entity's right to payment for performance completed. In determining whether an entity has right to payment, the entity shall consider whether it would have an enforceable right to demand or retain payment for performance completed to date.

Interest income for all debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend are recognized in Consolidated Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

Other income is recognized as and when due or received, whichever is earlier.

(v) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

• Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, deferred lease components of security deposits and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of use assets are subject to impairment.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of lease hold land (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment's that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense in statement of profit and loss.

• Group as a lessor

Rental income from operating lease is recognised on a straight line basis over the lease term unless the same is in line with general inflation to compensate for the expected inflationary cost. Initial direct costs incurred in negotiating and arranging an operating lease is recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Antony Waste Handling Cell Limited *(formerly known as Antony Waste Handling Cell Private Limited)*
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

(vi) Current and Deferred Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to deductible and taxable temporary differences.

Deferred income tax is provided using the balance sheet approach on deductible and taxable temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Restated Ind AS Consolidated Information. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible and taxable temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss, except to the extent that it relates to items recognised in OCI or directly in equity. In this case, the tax is also recognised in OCI or directly in equity, respectively.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India which is likely to give future economic benefit in the form of availability of setoff against future income tax liability. Accordingly, MAT is recognised as deferred tax assets in the Restated Ind AS Consolidated Summary Statement of Assets and Liabilities when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

The Group recognises deferred tax liability for all taxable temporary differences associated with investments in subsidiaries except to the extent that both of the following conditions are satisfied:

- a) When the Group is able to control the timing of the reversal of the temporary difference; and
- b) It is probable that the temporary difference will not reverse in the foreseeable future.

(vii) Financial instruments

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Restated Ind AS Consolidated Summary Statement of Profit and Loss or OCI. For investments in debt instruments, this will depend on the business model in which the investment is held. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Measurement of debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss, when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Restated Ind AS Consolidated Summary Statement of Profit and Loss. Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss and presented net in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

Measurement of equity instruments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Group may make an irrevocable election to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment.

Equity instruments included within the FVTPL (fair value through profit or loss) category are measured at fair value with all changes in fair value recognised in the profit or loss.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

A financial asset is derecognised only when

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Cash and cash equivalents

Cash and cash equivalents for the purpose of the Restated Ind AS Consolidated Summary Statement of Cash Flows comprise of the cash on hand and at bank and current investments with an original maturity of three months or less. Cash and cash equivalents consists of balances with banks which are unrestricted for withdrawal and usage.

Interest income from financial assets

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

(viii) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

(ix) Property, plant and equipment (including depreciation, capital work in progress)

Property, plant and equipment are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, net of GST credit, accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Items of property, plant and equipment that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the Restated Ind AS Consolidated Financial Information. Any expected loss is recognised immediately in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Losses arising from the retirement of, and gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

The Group provides pro-rata depreciation on additions and disposals made during the period. Depreciation on property, plant and equipment is provided under the straight line method over the useful lives of assets prescribed under Schedule II to the Act except in case of Building, Plant and Equipment and Furniture and fixtures, where useful life is different than those prescribed in Schedule II are used.

Residual value is considered as 5% of the original acquisition cost of the assets.

Particulars/Class of assets	Useful life
Building (including temporary superstructure)	Temporary structure is depreciated over 3 years Office building is depreciated over 30 years Temporary structure is depreciated over 3 years
Plant and equipment (including commercial vehicles and compactors)	Period of contract with Municipal corporations or estimated useful life, whichever is lower
Computers	3 – 6 years
Vehicles	8 to 10 years
Furniture and fixtures	Period of contract with Municipal corporations estimated useful life, whichever is lower
Office equipment	5 years

The useful lives are reviewed by the management at each period end and revised, if appropriate.

(x) Intangible Assets

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured.

Rights under the concessionaire agreement are capitalised on the basis of construction cost incurred by the Group for creation of concession assets and are amortised over the concession period. The assets' useful lives are reviewed at each period end.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

(xi) Asset classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognised for any initial recognition or subsequent written down of the assets to the fair value less cost to sell of an asset. A gain is recognised for any subsequent increase in the fair value less cost to sell of an asset but not in excess of cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Assets held for sale are presented separately from the other assets in the Restated Ind AS Consolidated Financial Information.

(xii) Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each reporting date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there were no impairment.

(xiii) Inventories

Inventories are valued at lower of cost and net realisable value; cost is determined using weighted average cost method.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost necessary to make the sales.

(xiv) Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

Borrowings are derecognised from the Restated Ind AS Consolidated Financial Information when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

(xv) Foreign currency

The functional currency of the group is Indian rupee.

Transactions in foreign currency are recorded at exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the reporting date and exchange gain or loss arising on settlement and restatement are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

(xvi) Employee benefits

• **Short term employee benefits**

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Restated Ind AS Consolidated Summary Statement of Profit and Loss of the period in which the related service is rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

• **Post-employment benefits**

Defined contribution plan

Contributions to defined contribution schemes such as provident fund and employees' state insurance (ESIC) are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employee's provident fund contribution is made to a government administered fund and charged as an expense to the Restated Ind AS Consolidated Summary Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further obligations beyond the monthly contributions.

Defined benefit plan

The Group provides for gratuity which is a defined benefit plan the liabilities of which is determined based on valuations, as at the reporting date, made by an independent actuary using the projected unit credit method. Re-measurement, comprising of actuarial gains and losses, in respect of gratuity are recognised in the OCI, in the period in which they occur. Re-measurement recognised in OCI are not reclassified to the Restated Ind AS Consolidated Summary Statement of Profit and Loss in subsequent periods. Past service cost is recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period of plan amendment or curtailment. The classification of the obligation into current and non-current is as per the actuarial valuation report.

Compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Compensated absences, other than short term, are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period in which they occur.

(xvii) Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets, as defined in Indian Accounting Standard 23 "Borrowing Costs", are capitalized as part of the cost of the asset up to the date when the asset is ready for its intended use. Other borrowing costs are expensed as incurred.

Antony Waste Handling Cell Limited (formerly known as Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information

(xviii) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses, except on long term contracts, if applicable.

As per the concessionaire agreement, Antony Lara Enviro Solutions Private Limited, a subsidiary of the Holding Company is required to perform bio-mining of the solid waste generated at the project site. Provision for bio-mining has been created based on the present value of expenses that will be incurred. The estimates are based on moisture content, degradation and mining load of the solid waste.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are not recognised in the Restated Ind AS Consolidated Financial Information. However, it is disclosed only when an inflow of economic benefits is probable.

(xix) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting, nature of the products / process, organisation structure as well as differential risks and returns, provided to the board of directors and chief operating officer, all of them constitute as chief operating decision maker ('CODM').

(xx) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xxi) Dividends

The final dividend on shares is recorded as a liability on the date of approval by the shareholders. Interim dividend is recognized as a liability on the date of declaration by the Group's Board of Directors.

(xxii) Share Based Payment

An employee of the Company is entitled to remuneration in the form of equity settled instruments, for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants. The stock compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest using fair value in accordance with Ind AS 102, Share based payment.

The total expense is recognised over the vesting period, which is the period over which all of the vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in Restated Ind AS Consolidated Summary Statement of Profit and Loss, with a corresponding adjustment to equity.

(e) Rights, preferences and restrictions attached to each class of shares:

(i) Equity shares

The Company has one class of equity shares having a par value of ₹ 5 (31 March 2019: ₹ 5, 31 March 2018: ₹ 10) per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding. [Also refer Annexure V note 19(i)]

(ii) Compound financial instrument (Series A, B, C and D)

The holders of the preference shares shall have a preferential right to dividend and repayment of capital over equity shares. Preference shareholders have a right to vote on all resolutions of the Company which affect the rights attaching to the preference shares. The holders of preference shares shall have the right to vote on all resolutions placed before the Company, if preference dividend has remained unpaid by the Company for a period of at least two years.

The preference shares shall be converted into equal number of equity shares as per the terms and in the manner contained in the Amended and Restated Investment Agreement between the Promoters and the Investors dated 26 December 2014; as and when converted, such equity shares shall rank pari passu with the then existing equity shares of the Company in all respects.

In the event of default (as described in the Amended and Restated Investment agreement), preference shareholder can convert its preference shares into equity shares at anytime after occurrence of such event.

Each preference share shall automatically convert into equity shares in the following cases:

- in the event of (and immediately prior to) a listing (unless expressly objected to by the preference shareholders); or
- on the date falling 8 years after the closing date, as described in the Amended and Restated Investment agreement.

During the year ended 31 March 2020, the Company has converted outstanding preference shares into equity shares. [Refer Annexure V, note 19 (k)]

Antony Waste Handling Cell Limited (formerly Antony Waste Handling Cell Private Limited)
Annexure V: Statement of Notes to the Restated Ind AS Consolidated Financial Information
(Amounts in ₹ million, unless otherwise stated)

- (f) The Company has also entered into Conversion Price Agreement dated 19 December 2018 with the preference shares holders (the Company and preference shares holders collectively referred to as 'parties'). Pursuant to the aforesaid agreement, the parties have agreed that if any unpaid sum to the preference shareholders remains outstanding on the date on which Series B 14% Compulsorily Convertible Cumulative Preference Shares (BCCP) Conversion is effected (the "Relevant Date"), the BCCP Conversion Price, for the purposes of the Articles and the Investment Agreement shall be:
- ₹ 55.77 if the BCCP Conversion is effected on or before 30 June 2019;
 - ₹ 50.98 if the BCCP Conversion is effected after 30 June 2019 and on or before 31 December 2019; or
 - ₹ 46.93 if the BCCP Conversion is effected after 31 December 2019 and on or before 30 June 2020,

(the "Adjusted BCCP Conversion Price").

The preference shares holders agree that on issue of such number of equity shares to the preference shareholders as is determined by converting all of the BCCP at the Adjusted BCCP Conversion Price, the preference shareholders shall release the Company from its liability in respect of any unpaid sum outstanding on the Relevant Date.

During the year ended 31 March 2020, the Company has converted outstanding preference shares into equity shares. [Refer Annexure V, note 19 (k)]

(g) Nature and purpose of equity component of compound financial instrument

The difference between the fair value of preference shares on the date of issue / modification and the transaction price is recognised as a deemed equity component.

Volatility: Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during the period. The measure of volatility is used in the Black Scholes option-pricing model is the annualized standard deviation of the continuously compounded rates of return on the stock over a period of time. The Company has considered the daily historical volatility of the Company's stock price on NSE over the expected life of each vest.

Risk free rate: The risk-free rate being considered for the calculation is the interest rate applicable for a maturity equal to the expected life of the options based on the zero-coupon yield curve for Government Securities.

Expected life of the options: Expected Life of the options is the period for which the Company expects the options to be live. The minimum life of a stock option is the minimum period before which the options cannot be exercised and the maximum life of the option is the maximum period after which the options cannot be exercised. The Company has calculated expected life as the average of the minimum and maximum life of the options.

Dividend yield: Expected dividend yield has been calculated as a total of interim and final dividend declared in last year preceding date of grant.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level

II. Valuation techniques used to determine fair value

The fair values for security deposits, non-current borrowings and non-current trade receivables are based on discounted cash flows using a discount rate determined considering the incremental borrowing rate of the Group for the balance maturity period.

III. Assets and liabilities which are measured at amortised cost for which fair values are disclosed

Particulars	31 March 2020		31 March 2019		31 March 2018	
	Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
Financial Assets - Non-current						
Trade receivables	272.07	272.07	330.30	330.30	284.02	284.02
Loans	29.38	29.38	22.07	22.07	19.19	19.19
Other non-current financial assets	1,378.93	1,378.93	1,506.46	1,506.46	1,190.22	1,190.22
Financial Liabilities - Non-current						
Borrowings (including current maturities)	1,789.33	1,789.33	1,530.88	1,530.88	1,218.88	1,218.88
Lease liability	30.41	47.13	21.94	52.25	19.98	40.52

During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of trade receivables, cash and bank balances, current loans, other current financial assets, trade payables, current borrowings and other current financial liabilities are considered to be approximately equal to the fair value.

41 Financial risk management

The Group is exposed primarily to fluctuations in foreign exchange, interest rate, credit quality and liquidity management which may adversely impact the fair value of its financial assets and liabilities. The Group has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus is to assess the unpredictability of the financial environment and to mitigate potential adverse effect on the financial performance of the Group.

The Group's principal financial liabilities comprises of borrowings, trade payables and other financial liabilities. The Group's principal financial assets include loans, trade receivables, cash and bank balances and bank deposits that derive directly from its operations.

A Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms and obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and credit worthiness of the customer on continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. The financial instruments that are subject to concentration of credit risk principally consist of trade receivables, loans, cash and bank balances and bank deposits.

To manage credit risk, the Group follows a policy of providing 30 to 60 days credit to the domestic customers. The credit limit policy is established considering the current economic trend of the industry in which the Group is operating. Also, the trade receivables are monitored on a periodic basis for assessing any significant risk of non-recoverability of dues and provision is created accordingly.

Bank balances and deposits are held with only high rated banks and security deposits are placed majorly with government agencies. Hence, in these case the credit risk is negligible.

The table below provide details regarding past dues receivables as at each reporting date:

Note : Includes retention of ₹ 238.80 millions (31 March 2019: ₹ 217.80 millions, 31 March 2018: ₹ 80.70 millions)

B Liquidity risk

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group's objective is to maintain optimum levels of liquidity and to ensure that funds are available for use as per requirement.

The liquidity risk principally arises from obligations on account of financial liabilities viz. borrowings, trade payables and other financial liabilities.

The finance department of the Group is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments at each reporting date:

C Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Foreign currency risk, interest rate risk and price risk. The Group's exposure to market risk is primarily on account of foreign currency exchange rate risk and interest rate risk.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The risk primarily relates to fluctuations in advances, trade payables and other payables denominated in AED, USD and EUR against the functional currency (₹) of the Group.

In respect of the foreign currency transactions, the Group does not hedge the exposure, since, management believes that the same is insignificant in nature.

The Group's exposure to foreign currency risk (unhedged) at the end of reporting period are as under:

(ii) Cash flow and fair value interest rate risk

The Group's interest rate risk is mainly due to the borrowings acquired at floating interest rate.

The fixed rate borrowings are carried at amortised cost, hence, they are not subject to interest rate risk since the carrying amount and future cash flows will not fluctuate because of change in market interest rates.

The Group's borrowings (non-current and current) structure at the end of reporting period are as follows:

Particulars	As at 31 March 2020	As at 31 March 2019	As at 31 March 2018

42 Capital Management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders.

The amount managed as capital by the Group are summarised as follows:

Particulars	As at 31 March 2020	As at 31 March 2019	As at 31 March 2018
Debt	2,093.76	1,838.01	1,525.65
Total Equity	2,865.97	2,066.80	1,691.75
Total debt to equity ratio (Gearing ratio)	0.73	0.89	0.90

The Group is exposed to certain externally imposed capital requirements for its borrowings i.e. debt-equity ratio, debt-service coverage ratio, etc. In respect of fixed rate borrowing, the Group is in compliance with all the debt covenants as of the reporting date. In respect of vehicle loans and loan from promoter group company, the Group does not carry any debt covenant.

In case of the variable rate borrowing facility availed by the Group, there are various financial components i.e the externally imposed capital requirements, which are standard in nature, mainly relating to EBITDA margin. Current ratio and debt-equity ratio specified in the loan agreements. These covenants are monitored by the Group on a regular basis.

43 Statement of restatement adjustments

A Explanations to restatement adjustments

A.1 In audited consolidated financial statements, tax pertaining to earlier years were accounted based on assessment by Income-tax authorities. For the purpose of the Restated Ind AS Consolidated Financial Information, such taxes have been appropriately adjusted in the respective financial year to which they relate.

A.2 Change in accounting policies

- i) The Group has adopted the principles of Ind AS 115 "Revenue from Contract with Customers" issued by the Ministry of Corporate Affairs (MCA). The change in accounting policy was considered retrospectively from 01 April 2017 for the purpose of the Restated Consolidated Financial Information of the Group. Refer Annexure V, Note 57 for impact in the Restated Consolidated Financial Information consequent to the adoption of the standard.
- ii) The Group has adopted the principles of Ind AS 116, "Leases" (Ind AS 116) issued by the MCA. The change in applicable principles was considered retrospectively from 01 April 2017 in the Restated Consolidated Financial Information of the Group. Consequent to the adoption of the standard, impact has been considered in the respective financial years presented in the Restated Consolidated Financial Information (refer Annexure V, Note 49).

A.3 Audit Qualifications

Financial Year 2017-18

(a) As explained in note 52 to the audited consolidated financial statements, the Company's current trade receivables as at 31 March 2018 include certain receivables aggregating ₹ 285.06 million due from various Municipal Corporations, being considered good and recoverable by management. These amounts are under dispute and are outstanding for a long time. In the absence of sufficient appropriate audit evidence to corroborate management's contention and having regard to the age of these balances, we believe that loss allowances should be recognised for expected credit losses on these balances in the books of account in accordance with the requirements of Ind AS 109, Financial Instruments. Had loss allowances for expected credit losses been recognised in the books, net profit for the year ended 31 March 2018 and trade receivables and other equity as at that date would have been lower by ₹ 285.06 million. This matter was also qualified by the previous auditor in their audit opinion on the consolidated financial statements for the year ended 31 March 2017.

Management note: Trade receivables (current) include amounts which are due from the Municipal Corporations aggregating ₹ 285.06 million (31 March 2017: ₹ 285.06 million, 01 April 2016 ₹ 285.06 million) which are outstanding for a long time. Out of ₹ 285.06 million, amount aggregating ₹ 145.46 million (31 March 2017: ₹ 145.46 million, 01 April 2016 ₹ 145.46 million) are presently under arbitration, amounts aggregating ₹ 125 million (31 March 2017: ₹ 125 million, 01 April 2016 ₹ 125 million) are presently pending with the dispute resolution committee of the Municipal Corporation and ₹ 14.60 (31 March 2017: ₹ 14.60 million, 01 April 2016 ₹ 14.60 million) are presently disputed and being discussed with the Municipal Corporations. Owing to the aforesaid, the recoverability of these amounts is expected to take some time. However, the Holding Company is hopeful of recovering trade receivable in due course and hence, the same are considered as good of recovery as at the balance sheet date.

(b) Auditor's report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2018 expresses qualified opinion, reproduced as below:

In our opinion, according to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's IFCoFR as at 31 March 2018:

The Holding Company's internal financial controls in respect of supervisory and review controls over process of determining carrying value and allowance for trade receivables which are doubtful of recovery were not operating effectively. Absence of detailed assessment in accordance with the accounting principles generally accepted in India, in our opinion, could result in a potential material misstatement to the carrying value of trade receivables, and consequently, could also impact the profit (financial performance including comprehensive income) after tax.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Adjustments pertaining to the above qualification have been made in the Restated Ind AS Consolidated Financial Information.

Financial Year 2018-19

(a) As explained in Note 51 to the accompanying consolidated financial statements, the Holding Company's non-current trade receivables as at 31 March 2019 include certain receivables aggregating ₹ 285.06 million due from various municipal corporations, being considered good and recoverable by management. However, considering these amounts are under dispute and are long outstanding and in the absence of sufficient appropriate audit evidence to corroborate management's contention, we are of the view that loss allowances should be recognised for the expected credit losses on these balances in accordance with the requirements of Ind AS 109, Financial Instruments. Had loss allowances for expected credit losses been recognised in the books, net profit for the year ended 31 March 2019, trade receivables and other equity as at that date would have been lower by ₹ 285.06 million. Our opinion on consolidated financial statements for the year ended 31 March 2018 was also qualified in respect of this matter.

Management note: Trade receivables (non current) as at 31 March 2019 and trade receivable (current) as at 31 March 2018 include amounts which are due from the Municipal Corporations aggregating ₹ 285.06 million and ₹ 285.06 million respectively, which are outstanding for a long time. Out of ₹ 285.06 million, amount aggregating ₹ 105.66 million (31 March 2018: ₹ 105.66 million) are presently under arbitration, amounts aggregating ₹ 125 million (31 March 2018: ₹ 125 million) are presently pending with the dispute resolution committee of the Municipal Corporation, ₹ 14.60 millions (31 March 2018: ₹ 14.60 million) are presently disputed and being discussed with the Municipal Corporations and ₹ 39.80 million (31 March 2018: ₹ 39.80 million) are presently disputed under high court. Owing to the aforesaid, the recoverability of these amounts is expected to take some time. However, the Holding Company is hopeful of recovering these trade receivable in due course and hence, the same are considered as good of recovering amounts as at the balance sheet date.

(b) Auditor's report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2019 expresses qualified opinion, reproduced as below:

In our opinion, according to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's IFCoFR as at 31 March 2019:

The Holding Company's internal financial controls in respect of supervisory and review controls over process of determining carrying value and allowance for non-current trade receivables which are doubtful of recovery were not operating effectively. Absence of detailed assessment in accordance with the accounting principles generally accepted in India, in our opinion, could result in a potential material misstatement to the carrying value of trade receivables, and consequently, has impacted the profit (financial performance including comprehensive income) after tax, other equity and balance of trade receivables.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Adjustments pertaining to the above qualification have been made in the Restated Ind AS Consolidated Financial Information.

43 Statement of restatement adjustments

A Explanations to restatement adjustments

Financial Year 2019-20

(a) As explained in Note 51 to the accompanying consolidated financial statements, the Holding Company's non-current trade receivables as at 31 March 2020 include certain long outstanding receivables aggregating ₹ 135.00 million due from various municipal corporations, which are under dispute but considered good and recoverable by the management. However, in the absence of sufficient appropriate audit evidence to corroborate the management's assessment of recoverability of these balances, we are unable to comment on adjustments, if any, that may be required to be made to the carrying amounts of such receivables as at 31 March 2020 and the consequential impact, on the accompanying consolidated financial statements. Our opinion on the consolidated financial statements for the year ended 31 March 2019 was also qualified in respect of this matter.

Management note: Trade receivables (non current) as at 31 March 2020 include amounts which are due from the Municipal Corporations aggregating ₹ 135.00 million (31 March 2019: ₹ 285.06 million), which are outstanding for a long time. Out of ₹ 135.00 million, amount aggregating ₹ 36.40 million (31 March 2019: ₹ 105.66 million) are presently under arbitration, amounts aggregating ₹ 27.60 million (31 March 2019: ₹ 125.00 million) are presently pending with the dispute resolution committee of the Municipal Corporation, ₹ 14.60 million (31 March 2019: 14.60 million) are presently disputed and being discussed with the Municipal Corporations and ₹ 56.40 million (31 March 2019: ₹ 39.80 million) are presently disputed and pending with High Court. Owing to the aforesaid, the recoverability of these amounts is expected to take some time. However, the Holding Company is hopeful of recovering these trade receivable in due course and hence, the same are considered as good of recovering amounts as at the balance sheet date.

(b) Auditor's report on the internal financial controls with reference to consolidated financial statements of the Group as at and for the year ended 31 March 2020 expresses qualified opinion, reproduced as below:

According to the information and explanations given to us and based on our audit procedures performed, the following material weakness has been identified in the operating effectiveness of the Holding Company's internal financial controls with reference to consolidated financial statements as at 31 March 2020:

The Holding Company's internal financial controls over financial reporting with respect to the assessment of loss allowances for trade receivables (as explained in Note no 51 to the consolidated financial statements) were not operating effectively, which could potentially result in a material misstatement in the carrying value of loss allowances, trade receivables and its resultant impact on profit, reserves and surplus as at and for the year ended 31 March 2020.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to consolidated financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Adjustments pertaining to the above qualification have been made in the Restated Ind AS Consolidated Financial Information.

A.4 Emphasis of Matters

Financial Year 2017-18

(a) We draw attention to note 54 to the audited consolidated financial statements regarding delays in receipt of advances given to a company incorporated outside India aggregating ₹ 38.36 million, the delay in receipt of share certificates or any other document as an evidence of investment in the aforementioned company aggregating ₹ 10.56 million and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. Management of the Holding Company has represented that the Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc. which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Management note: The Holding Company has given advance and share application money to Mazaya Waste Management LLC incorporated outside India aggregating ₹ 48.92 million (31 March 2017: ₹ 48.92 million, 01 April 2016 ₹ 48.92 million). There are delays in receipt of advance given to aforesaid company aggregating ₹ 38.36 million (31 March 2017: ₹ 38.36 million, 01 April 2016 ₹ 38.36 million), delay in receipt of share certificates or any other document as an evidence of investment aggregating to ₹ 10.56 million (31 March 2017: ₹ 10.56 million, 01 April 2016 ₹ 10.56 million) and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. The Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc., which may be levied for these contraventions are likely to be condoned by the regulatory authorities.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2018, does not require any adjustments to the Restated Previous GAAP Consolidated Financial Information.

(b) We draw attention to note 53 to the audited consolidated financial statements regarding the delays in receipt of goods against advances remitted in foreign currencies and payment of foreign currencies against the import of goods aggregating ₹ 53.10 million and ₹ 8.30 million, respectively beyond the timelines stipulated in FED Master Direction No. 17/2016-17 under the Foreign Exchange Management Act, 1999. Management of Antony Lara Enviro Solutions Private Limited, a subsidiary of the Holding Company has represented that the subsidiary company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc. which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Management note: Antony Lara Enviro Solutions Private Limited (ALESPL), subsidiary of the Company has remitted advance in foreign currencies to a company incorporated outside India aggregating ₹ 53.10 million (31 March 2017: ₹ 53.10 million, 01 April 2016 ₹ 64.90 million) and there are delays in receipt of goods against such advances. Also, there are delays in payment of foreign currencies against the import of goods aggregating ₹ 8.30 million (31 March 2017: ₹ Nil, 01 April 2016 ₹ 5.70 million) beyond the timelines stipulated in FED Master Direction No. 17/2016-17 under the Foreign Exchange Management Act, 1999. ALESPL is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays. Management is of the view that the possible penalties etc. which may be levied for these contraventions are likely to be condoned by the regulatory authorities.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2018, does not require any adjustments to the Restated Previous GAAP Consolidated Financial Information

Financial Year 2018-19

(a) We draw attention to Note 52 to the accompanying consolidated financial statements regarding uncertainty relating to recoverability of the Holding Company's non-current trade receivables, current trade receivable and other non-current financial assets amounting ₹ 116.30 million, ₹ 106.34 million and ₹ 242.54 million respectively, as at 31 March 2019, which represents various amounts and claims recoverable from a municipal corporation and where the claims are currently under negotiations/litigation. Based on the legal opinion obtained by the management and past experience with respect to similar claims, management is of the view that the aforementioned balances are fully recoverable. Our opinion is not modified in respect of this matter.

Management note: Trade receivable (non-current), trade receivable (current) and other financial assets (non-current) as at 31 March 2019 include amounts of ₹ 116.30 million, ₹ 106.34 million and ₹ 242.54 million respectively, which represents various amounts and claims recoverable from Municipal Corporation, which are overdue for substantial period of time and where the claims are currently under negotiations/litigation. Based on legal opinion and past experience of recovering such amounts from Municipal Corporation, the Holding Company is hopeful of recovering these amounts in due course and hence, the same are considered as good of recovery as at the balance sheet date.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2019, does not require any adjustments to the Restated Ind AS Consolidated Financial Information.

43 Statement of restatement adjustments

A Explanations to restatement adjustments

(b) We draw attention to Note 53 to the accompanying consolidated financial statements regarding delay in receipt of share certificates or any other document as an evidence of investment, from Mazaya Waste Management LLC, a company incorporated outside India, aggregating ₹ 10.56 million, which has been fully impaired, as at 31 March 2019 and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. Management of the Company has represented that the Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays and the possible penalties etc., if any, which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Management note: The Holding Company has given share application money to Mazaya Waste Management LLC, incorporated outside India, aggregating ₹ 10.56 million (31 March 2018 : ₹ 10.56 million). There is delay in receipt of share certificates or any other document as an evidence of investment aggregating ₹ 10.56 million (31 March 2018 : ₹ 10.56 million) and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. The Company has already filed an application for writing off the application money and loss allowance has been made against share application money and in the books of accounts as at 31 March 2019. Management is of the view that the possible penalties etc., which may be levied for these contraventions are likely to be condoned by the regulatory authorities.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2019, does not require any adjustments to the Restated Ind AS Consolidated Financial Information.

A.5 Emphasis of Matter Financial Year 2019-20

COVID-19 pandemic outbreak

(a) We draw attention to Note 58 to the accompanying consolidated financial statements, which describes the uncertainties relating to COVID-19 pandemic outbreak on the operations of the Group and management's evaluation of its impact on the accompanying consolidated financial statements for the year ended 31 March 2020, the extent of which is significantly dependent on future developments. The above matter has also been reported as an emphasis of matter in the audit reports issued by us on the standalone financial statements of 4 (four) subsidiary companies for the year ended 31 March 2020. Our opinion is not modified in respect of this matter.

Management note -The outbreak of COVID 19 pandemic globally and in India is causing significant disturbance and slowdown of economic activity. The nationwide lockdown ordered by the Governments has resulted in significant reduction in economic activities and impacted the operations of the Group in the short term in terms of decrease in revenue due to reduction in volume of collection of wastes. The Group has considered the possible effects that may result from the pandemic on the carrying amounts of assets and liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions, the Group, as at the date of approval of these financial statements has used internal and external sources of information on the expected future performance of the Group. Further the management has opted the option of loan repayment moratorium for some of its borrowings to effectively manage the working capital. The eventual outcome of impact of COVID-19 on the Group's financial statements may be different from those estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2020, does not require any adjustments to the Restated Ind AS Consolidated Financial Information.

(b) We draw attention to Note 52 to the accompanying consolidated financial statements, regarding uncertainty relating to recoverability of current trade receivables and other current financial assets aggregating to ₹ 125.00 million and ₹ 331.20 million respectively as at 31 March 2020, which represents various amounts and claims recoverable from a municipal corporation which are overdue for substantial period of time and are currently under review with the municipal corporation. Based on the legal opinion obtained by the management and past experience with respect to similar claims, management is of the view that the aforementioned balances are fully recoverable. Our opinion is not modified in respect of this matter.

Management note - Trade receivable (non-current), trade receivable (current), other financial assets (non-current) and other financial assets (current) as at 31 March 2020 include amounts of ₹ Nil (31 March 2019: ₹ 116.30 million), ₹ 125.00 million (31 March 2019: ₹ 106.34 million), ₹ Nil (31 March 2019: ₹ 242.54 million) and ₹ 331.20 million (31 March 2019: ₹ Nil) respectively, which represents escalation claim and minimum wages, respectively recoverable from Municipal Corporation, which are overdue for substantial period of time and the claims are currently under review with municipal corporation. Based on legal opinion and past experience of recovering such amounts from municipalities, the Holding Company is hopeful of recovering these amounts in due course and hence, the same are considered as good of recovery as at the balance sheet date.

The above emphasis of matter included in the auditors' report on the consolidated financial statements of the Group as at and for the year ended 31 March 2020, does not require any adjustments to the Restated Ind AS Consolidated Financial Information

(c) We draw attention to Note 53 to the accompanying consolidated financial statements regarding delay in receipt of share certificates or any other document as an evidence of investment, from Mazaya Waste Management LLC, a company incorporated outside India, aggregating ₹ 10.56 million, which has been fully impaired, as at 31 March 2020 and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. The Management of the Holding Company has represented that the Holding Company is in the process of regularising these defaults by filing necessary applications with the appropriate authority for condonation of such delays and the possible penalties etc., if any, which may be levied for these contraventions are likely to be condoned by the regulatory authorities. Our opinion is not modified in respect of this matter.

Management note - The Holding Company has given share application money to Mazaya Waste Management LLC, incorporated outside India, aggregating ₹ 10.56 million (31 March 2019: ₹ 10.56 million). There is delay in receipt of share certificates or any other document as an evidence of investment aggregating ₹ 10.56 million (31 March 2019: ₹ 10.56 million) and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. 44 Service concession arrangements

Antony Lara Enviro Solutions Private Limited (ALESPL), subsidiary of the Holding Company, is engaged in the business of integrated waste management. ALESPL has entered into service concession arrangement with governmental authorities on design, build, own, operate and transfer (DBOOT) basis at facility in Kanjurmarg, Mumbai. The Municipal Corporation of Greater Mumbai (MCGM) on 8 March 2010 granted ALESPL a concession for a period of 25 years. ALESPL will be paid for its services over the period of the service concession arrangement at prices determined in the concession arrangement.

For the above arrangement, ALESPL has a contractual right under the concession arrangements to receive a fixed and determinable amount of payments during the concession period. Over and above the fixed and determinable payments ALESPL has a right to charge the governmental authorities for the services rendered in excess of minimum guarantee.

Service concession arrangement states the rights and obligations for ALESPL as follows:

- (a) to design, engineer, finance, procure, construct, install, commission, operate and maintain each of the plant and the landfill;
- (b) upon commissioning of the plant and the landfill, to manage, operate and maintain the same;
- (c) receive Municipal Solid Waste (MSW) from MCGM (or a person authorised by MCGM) at the site;
- (d) to inspect the MSW delivered by MCGM and identify and segregate any non conforming waste and take and manage as per the provisions of the agreement;
- (e) to process MSW at the Plant;
- (f) to undertake landfilling provided always that the Concessionaire shall not dispose any portion of MSW received by it at the receipt point from MCGM and the residual inert matter;
- (g) to undertake repair and maintenance of the plant and the landfill for MSW processing and disposal in accordance with the provisions of the agreement;
- (h) to transfer the plant and the landfill to MCGM at the end of the term or on termination, in accordance with the provisions of the agreement; and
- (i) To borrow or raise money or funding required for the due implementation of the project without mortgaging the site.

The service concession arrangement has been accounted under financial assets as well as intangible asset model. ALESPL recognises financial asset arising from service concession arrangement to the extent it has right to receive payment and the residual is recognised as intangible asset since it represents right to charge for services provided. Financial asset and intangible asset are initially recognised at their fair value. Subsequent to initial recognition

- Financial assets are recognised at amortised cost, and
- Intangible assets are measured at cost, less accumulated amortisation and accumulated impairment losses.

44.1 Service concession arrangements

Antony Lara Renewable Energy Private Limited (ALREPL), subsidiary of the Holding Company, is setting up facility for processing/treatment/disposal of municipal solid waste with state of the art Waste to Energy on design , built, operate and transfer (DBOT) basis at Moshi for treating the MSW collected from the city of Pimpri Chinchwad. The Concession Agreement ("CA") was signed between Pimpri Chinchwad Municipal Corporation (PCMC) on 6 September 2018. Concession period is 21 years. ALREPL envisages to setup a 1000 TPD MSW processing facility and a 14 MW WtE facility consuming 700 tonnes TPD of processed MSW.

For the above arrangement, ALREPL has a contractual right under the concession arrangements to receive a variable amount of payments during the concession period.

Service concession arrangement states the rights and obligations for ALREPL as follows:

1. to design, engineer, finance, procure, construct, install, commission, operate and maintain each of the project facilities;
2. to manage, operate and maintain the same upon commissioning;
3. to transfer the project facility to authority at the end of the term or on termination;
4. to borrow or raise money or funding required for the due implementation of the project;
5. to store, use , appropriate, market and sell products obtained after processing of the municipal solid waste (MSW);
6. to retain and appropriate any revenues generated from the sale of products;
7. hold, possess and control the site in accordance with the lease agreement

The service concession arrangement has been accounted under intangible asset model. Intangible asset is initially recognised at their fair value. Subsequent to initial recognition, intangible assets are measured at cost, less accumulated amortisations and accumulated impairment losses.

Sensitivity analysis:

Description of risk exposures

Valuations are performed on certain basic set of pre-determined assumptions which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit which are as follows:

Interest rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of liability (as shown in financial statements).

Liquidity risk: This is the risk that the Company is not able to meet the short term benefit payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary escalation risk: The present value of the above benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (for example, increase in the maximum liability on gratuity of ₹ 2.00 million (effective 29 March 2018).

Asset liability mismatching or market Risk: the duration of the liability is longer compared to duration of assets exposing the company to market risks for volatilities/fall in interest rate.

Investment risk: The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

	As at 31 March 2020	As at 31 March 2019	As at 31 March 2018
Defined Benefit Obligation (Base)	100.97	63.94	47.58

	31 March 2020		31 March 2019	
	Decrease	Increase	Decrease	Increase
Delta Effect of (-/+ 1%) in discount rate	6.84	(6.01)	4.08	(3.63)
Delta Effect of (-/+ 1%) in salary growth rate	(6.12)	6.80	(3.74)	4.12
Delta Effect of (-/+ 1%) in attrition rate	0.20	(0.26)	0.00	(0.08)

	31 March 2018	
	Decrease	Increase
Delta Effect of (-/+ 1%) in discount rate	3.10	(2.70)
Delta Effect of (-/+ 1%) in salary growth rate	(2.80)	3.10
Delta Effect of (-/+ 1%) in attrition rate	0.50	(0.30)

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There are no changes from the previous period in the methods and assumptions used in preparing the sensitivity analysis.

There is no change in the method of valuation for the prior year.

(c) **Compensated absences**

The obligation for compensated absences is recognised in the same manner as gratuity and net charge to the Restated Ind AS Consolidated Summary Statement of Profit and Loss for the year is ₹ 23.40 million (net charge for the years ended 31 March 2019 is ₹ 18.80 million, 31 March 2018 : ₹ 10.50 million)

(d) The Honourable Supreme Court, has passed a decision on 28 February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The Group, based on legal advice, is awaiting further clarifications in this matter in order to reasonably assess the impact on its financial statements, if any. Accordingly, the applicability of the judgement to the Group, with respect to the period and the nature of allowances to be covered, and resultant impact on the past provident fund liability, cannot be reasonably ascertained, at present.

Notes:

1. The Group does not expect any reimbursement in respect of above matters stated in (a), (b) and (d).
2. It is not practical to estimate the timing of cash outflows, if any, in respect of above matter (a), (b) and (d), pending resolution / completion of the appellate proceedings / other proceedings, as applicable.

49 Ind AS 116 - Leases

The Group has entered into agreements for office premises and land under leave and license agreement. These agreements are for tenures between one year and 20 years and are renewable by mutual consent on mutually agreeable terms. Some of the leases for which the lease term is less than 12 months have been accounted as short term leases.

The following is the movement in lease liabilities

Particulars	Year ended 31 March 2020	Year ended 31 March 2019	Year ended 31 March 2018

51 Segment reporting

(a) Business segment

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) i.e. Board of Directors and Chief Operating Officer. The CODM regularly monitors and reviews the operating result of the whole Group as one segment of "Integrated waste management services". Thus, as defined in Ind AS 108 "Operating Segments", the Group's entire business falls under this one operational segment.

(b) Entity wide disclosures

Revenue of ₹ 2,923.20 million, ₹ 2,126.74 million and ₹ 2,290.40 million is derived from three external customers (31 March 2019: 3 and 31 March 2018: 4), individually accounted for more than 10% of the total revenue during the year ended 31 March 2020, and years ended 31 March 2019 and 31 March 2018 respectively.

52 Trade receivable (non-current), trade receivable (current), other financial assets (non-current) and other financial assets (current) as at 31 March 2020 include amounts of ₹ Nil (31 March 2019: ₹ 116.30 million and 31 March 2018: ₹ Nil), ₹ 125.00 million (31 March 2019: ₹ 106.30 million and 31 March 2018: ₹ 257.04 million), ₹ Nil (31 March 2019: ₹ 242.55 million and 31 March 2018: ₹ Nil) and ₹ 331.20 million (31 March 2019: ₹ Nil and 31 March 2018: ₹ 154.70 million) respectively, which represents escalation claim and minimum wages, respectively recoverable from Municipal Corporation, which are overdue for substantial period of time and the claims are currently under review with municipal corporation. Based on legal opinion and past experience of recovering such amounts from municipalities, the Holding Company is hopeful of recovering these amounts in due course and hence, the same are considered as good of recovery as at the balance sheet date.

53 The Holding Company has given share application money to Mazaya Waste Management LLC, incorporated outside India, aggregating ₹ 10.56 million (31 March 2019: ₹ 10.56 million and 31 March 2018: ₹ 10.56 million). There is delay in receipt of share certificates or any other document as an evidence of investment aggregating ₹ 10.56 million (31 March 2019: ₹ 10.56 million and 31 March 2018: ₹ 10.56 million) and delay in filing the Annual Performance Report (APR) in respect of the aforementioned company beyond the timelines stipulated vide FED Master Direction No. 15/2015-16 under the Foreign Exchange Management Act, 1999. The Holding Company has already filed an application for writing off the application money and loss allowance has been made against share application money and in the books of accounts as at 31 March 2020. Management is of the view that the possible penalties etc., which may be levied for these contraventions are likely to be condoned by the regulatory authorities.

54 Estimation of uncertainties relating to the global health pandemic from COVID-19

The outbreak of COVID 19 pandemic globally and in India is causing significant disturbance and slowdown of economic activity. The nationwide lockdown ordered by the Governments has resulted in significant reduction in economic activities and impacted the operations of the Group in the short term in terms of decrease in revenue due to reduction in volume of collection of wastes. The Group has considered the possible effects that may result from the pandemic on the carrying amounts of assets and liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions, the Group, as at the date of approval of these financial statements has used internal and external sources of information on the expected future performance of the Group. Further the management has opted the option of loan repayment moratorium for some of its borrowings to effectively manage the working capital. The eventual outcome of impact of COVID-19 on the Group's financial statements may be different from those estimated as at the date of approval of these financial statements depending on how long the pandemic lasts and time period taken for the economic activities to return to normalcy.

- 56** During the current year, the Company has filled the Red Herring Prospectus dated 26 February 2020 ("RHP") with Ministry of Company Affairs on 27 February 2020, in respect of an Initial Public Offer (IPO) of its equity shares of face value of ₹ 5 each ("Equity Shares") consisting of fresh issue of up to ₹ 350 million and an offer for sale of up to 5,700,000 Equity Shares as approved by board in the board meeting dated 26 February 2020. The above IPO opened on 4 March 2020 with a price band of ₹ 295 to ₹ 300 per equity share which was scheduled to close on 6 March 2020 but further extended till 16 March 2020 with a revised price band of ₹ 294 to ₹ 300 per equity share. Pursuant to an approval from IPO Committee on 16 March 2020, the IPO was withdrawn on 16 March 2020 in consultation with the Selling shareholders and the Book Running Lead Manager owing to prevailed market conditions.

In accordance with the Act and also as per the offer agreement entered between the Company and the selling shareholders, the selling shareholders shall reimburse the share issue expenses in proportion to the respective shares offered for sale. Accordingly, the Company was expected to partly recover the expenses incurred in connection with the issue on completion of IPO. The Company's share of expenses was expected to be adjusted against securities premium to the extent possible under Section 52 of the Act on successful completion of IPO. Considering the withdrawal of the above IPO, the above expenditure related to IPO has been debited in the statement of profit and loss and has been presented under exceptional items.

57 Ind AS 115 - Revenue from contracts with customers

Ministry of Corporate Affairs has notified Ind AS 115, 'Revenue from Contracts with Customers', mandatorily applicable from 01 April 2018 either based on a full retrospective or modified retrospective application. The standard requires the Group to recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. It establishes a new five-step model that will apply to revenue arising from contracts with customers.

As required by SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, issued by the SEBI, the Group has affected this standard retrospectively and accordingly the prior year financials have been restated.

CAPITALISATION STATEMENT

The following table sets forth our Company's capitalization as at March 31, 2020, on the basis of our Restated Financial Statements, and as adjusted for the Offer. This table should be read in conjunction with the sections "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Financial Statements" and "Risk Factors" on pages 270, 178 and 22, respectively.

(₹ in million, except ratios)

Particulars	Pre -Issue (As at March 31, 2020)	Post-Issue*
Borrowings:		
Current borrowings	304.43	-
Non-current borrowings (including current maturities) (A)	1,789.33	-
Total borrowings (B)	2,093.76	-
Equity attributable to equity shareholders		
Equity share capital	127.94	-
Other equity	1,976.87	-
Total equity attributable to equity shareholders (C)	2,104.81	-
Total non-current borrowings (including current maturities) /equity (A/C)	0.85	-
Total borrowings/equity (B/C)	0.99	-

* The corresponding post IPO capitalisation data for each of the amounts given in the above table is not determinable at this stage pending the completion of the book building process and hence, the same has not been provided in the Restated Ind AS Consolidated Statement of Capitalisation.

Notes:

1. Current borrowings are debts which are due for repayment within 12 months from the date of disbursement of the borrowings.
2. Non-current borrowings represent borrowings due after 12 months from the date of disbursement of the borrowings and also includes current maturities of non-current borrowings.
3. The amounts disclosed above are based on the Restated Financial Statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Unless indicated otherwise, the financials included herein are based on our Restated Financial Statements for the years ended March 31, 2020, March 31, 2019 and March 31, 2018. For further details, please see "Financial Statements" on page 178. You should read the following discussion and analysis of our financial condition and results of operations together with such Restated Financial Statements, including the significant accounting policies, notes thereto and reports thereon, which have been prepared in accordance with Companies Act and SEBI ICDR Regulations. The Restated Financial Statements have been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal year are to the twelve-month period ended March 31 of that year.

The following discussion and analysis contain forward-looking statements that involve risks and uncertainties. Our actual results may differ from those anticipated in these forward-looking statements as a result of any number of factors, including those set forth in the sections "Forward-Looking Statements" and "Risk Factors" on pages 16 and 22, respectively.

Factors affecting our results of operations

We believe that the following factors, amongst others, have significantly affected our results of operations, cash flows and financial condition during the periods under review, and may continue to affect our results of operations and financial condition in the future:

Ability to win new contracts

MSW projects are typically awarded following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. Track record, experience of project execution, service quality, health and safety records, qualified and experienced personnel, reputation and sufficiency of financial resources are important considerations in awarding contracts, and while we believe that we have built competencies across such parameters, there can be no assurance that we would be able to meet such technical and financial qualification criteria, whether independently or together with other joint venture partners. Further, once prospective bidders satisfy the prequalification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are onetime non-reimbursable costs. We cannot assure you that our bids, when submitted or if already submitted, would result in projects being awarded to us.

Dependence on small number of customers for securing MSW contracts

Substantial portion of our business contracts are with municipal authorities. We derive a high proportion of our revenues from a small number of customers, although our significant customers have varied on a year to year basis. The top five clients contributed, 90.78%, 93.70% and 81.76% of our total revenue in Fiscals 2018, 2019 and 2020 respectively as per the Restated Financial Statements. Our major contracts relate to sweeping, collection, transfer, aggregation and processing of waste awarded by regional government authorities and agencies like Municipal Corporation of Greater Mumbai, Navi Mumbai Municipal Corporation, Pimpri Chinchwad Municipal Corporation, Greater Noida Industrial Development Authority etc. Government projects are typically awarded through a bidding process where the tender documents specify certain pre-qualification criteria which may vary from client to client and from project to project. Our business therefore requires that we satisfy the pre-qualified status with key clients. Our major clients vary from period to period depending on the demand and completion schedule of projects. The loss of significant clients, or projects from such clients for any reason, including as a result of disqualification or dispute, may have a material and adverse effect on our business and results of operations.

Ability to manage operating cost

We have built a significant vehicle fleet over the past few years. Our fleet includes specialised vehicles such as tippers, refuse compactors, dumper placers, dumpers, power sweeping machines, dozers and loaders. Typically, our municipal project contracts require us to deploy new equipment and vehicles for the purposes of the relevant project, thereby increasing our fixed cost. Besides, as the age of our fleet increases, we expect maintenance costs related to our fleet to also increase. We may also acquire new vehicles to expand our business or to manage

operational efficiencies and reduce cost of maintenance. Unless we continue to expand and upgrade our fleet of vehicles and acquire such vehicles on commercially favourable terms, our aging fleet may result in increased operating and maintenance costs. If the price of new vehicles increase, we will also incur increased depreciation expenses which may adversely affect our results of operations.

Fuel is one of the Company's largest operating expenses. As a result of the GoI's deregulation of fuel prices in India, oil marketing companies are now able to decide on the prices of fuel and that the fuel prices will be benchmarked to international crude oil prices on a daily basis. The cost of fuel has fluctuated significantly in recent periods due to various factors beyond our control, including international prices of crude oil and petroleum products, global and regional demand and supply conditions, geopolitical uncertainties, import cost of crude oil, government policies and regulations and the availability of alternative fuels. In Fiscals 2018, 2019 and 2020, our power & fuel expense was ₹ 286.72 million, ₹ 357.66 million and ₹ 555.50 million, respectively, constituting 11.85%, 14.26% and 14.64%, respectively, of our consolidated total expense for such periods. Significant fuel cost increases, shortages or supply disruptions could materially and adversely affect our results of operations and financial condition. Further, we cannot assure you that we will be able to pass on the increased cost of fuel to our counterparties partially or at all. Increases in fuel costs, to the extent not offset by rate per mile increases can have an adverse effect on our operating margins and consequentially, our business and profitability.

Increased competitive pressure may adversely affect our results of operations.

There are approximately 20-30 participants in the MSWM market offering various services. Many infrastructure and environment services companies are present in this market. Logistics companies are also present in this market providing only transportation and fleet management services. Competitors can be categorized into two tiers – national and local. National participants are large infrastructure and environmental services firms. Local participants are largely transport companies and small firms involved in making compost. (Source: Frost & Sullivan Report). Most of our contracts are won through a competitive bidding process. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. In selecting contractors for projects, clients generally limit the tender to pre-qualified contractors based on criteria such as experience, technical ability, past performance, reputation for quality, safety record, financial strength and the size of previous contracts executed in similar projects with them or otherwise. Our ability to meet the qualification criteria in our various business areas is critical to being considered for any project. Additionally, while these are important considerations, price is a major factor in most tender awards, and our business is subject to intense price competition. Our competitors may be larger, better qualified, and may have better access to financial resources. Our inability to compete successfully with them could materially and adversely affect our business prospects and results of operations.

Government policies, budgetary allocations for investments in waste management projects.

Traditionally in India, municipal waste management services have been controlled by relevant municipal corporations. Municipalities have been responsible for developing action plans for MSWM. Municipalities need an adequate and recurrent cash flow to provide a service. Poor property tax collection record among municipalities has resulted in negligible revenue generation for them. Many municipalities have been struggling to fund various solid waste management projects from their own revenue receipts. On average municipalities in India generate only 39% of the funds they spend. Hence, municipalities are highly dependent on state/central grants/budget allocation to fund various infrastructural projects. Moreover, funds allocated by state or central governments are primarily used in infrastructural projects such as building roads and bridges and less toward SWM projects.

Ability to successfully implement our growth strategy

We are embarking on a growth strategy which involves increasing our geographical footprint, expanding our customer base, moving up the MSW value chain and focusing on operational efficiencies to improve returns. These strategic initiatives may require significant capital and other resources, as well as management attention, which could place a burden on our resources and abilities. Our diversification into some of these business verticals is at a nascent stage and we may not be able to properly assess the risks, economic viability and prospects of business opportunities in such verticals. As a result, we may not be successful in developing these businesses to the extent of and in accordance with our expectations and business strategies and there can be no assurance relating to any revenues from or profitability of such strategies we intend to pursue.

For details of certain other risks which may adversely impact our results, see “Risk Factors” beginning on page 22.

Significant accounting policies

Critical estimates and judgements

The estimates and judgements used in the preparation of the Restated Ind AS Consolidated Financial Information are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Examples of such estimates include the useful lives of property, plant and equipment, provision for doubtful debts/ advances, valuation of deferred tax assets, future obligations in respect of retirement benefit plans, service concession arrangements, leases etc. Differences between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

- ***Useful lives of property, plant and equipment***

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each period end.

- ***Valuation of deferred tax assets***

In assessing the realisability of deferred income tax assets, management considers whether some portion or all of the deferred income tax assets will not be realised. The ultimate realisation of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the Group will realise the benefits of those deductible differences. The amount of the deferred income tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

- ***Defined benefit obligation***

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- ***Share-based payments***

Estimating fair value for share-based payments requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them.

- ***Impairment of financial assets***

The impairment provision for financial assets disclosed are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- ***Contract revenue***

Contracts where the performance obligations are satisfied over time, revenue is recognised as per the input method. The Group determines the input method on the basis of direct measurements of the value of the services

transferred to the customer till date relative to the remaining services promised under the contract. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Contracts with customers often include promises to transfer multiple services to a customer. Determining whether services are considered distinct performance obligations that should be accounted for separately or together requires significant judgment based on nature of the contract, ability of the service to benefit the customer on its own or together with other readily available resources and the ability of the service to be separately identifiable from other promises in the contract.

- *Leases*

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease period relating to the existing lease contracts.

Principles of consolidation and equity accounting

a. Subsidiaries

The Restated Ind AS Consolidated Financial Information incorporates the financial statements of Antony Waste Handling Cell Limited and its subsidiaries. All subsidiaries have a reporting date of 31 March.

The Group exercises control if and only if it has the following:

- a) power over the entity
- b) exposure, or rights, to variable returns from its involvement with the entity; and
- c) the ability to use its power over the entity to affect the amount of its returns.

The Group reassesses, whether it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

When the Group has less than majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including;

- a) the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- b) potential voting rights held by the Company, other vote holders or other parties;
- c) rights arising from other contractual arrangements; and
- d) any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the Restated Ind AS Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income) from the date the group gains control until the date when the Group ceases to control the subsidiary.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective.

Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Non-controlling interest in the result and equity of a subsidiary is shown separately in the Restated Ind AS Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income), Restated Ind AS Consolidated Summary Statement of Changes in Equity and Restated Ind AS Consolidated Summary Statement of Assets and Liabilities.

The acquisition method of accounting is used to account for business combination of the Group.

Refer note 1(a) of Annexure V of the Restated Ind AS Consolidated Financial Information for the list of subsidiaries and joint ventures considered in the Restated Ind AS Consolidated Financial Information.

b. Joint arrangements

“Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

Joint operations

The Group recognises its direct right to the assets, liabilities, contingent liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the Restated Ind AS Consolidated Financial Information under the appropriate headings.

Joint ventures

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the Restated Ind AS Consolidated Summary of Assets and Liabilities."

c. Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income ("OCI").

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary and practicable to ensure consistency with the policies adopted by the Group.

The carrying amount of the equity accounted investments are tested for impairment in accordance with the policy described in note (viii)

d. Change in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests or reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. The fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as a

joint venture or financial asset. In addition, any amounts previously recognised in Other Comprehensive Income (OCI) in respect of that entity are reclassified to Restated Ind AS Consolidated Summary Statement of Profit and Loss as if the Group had directly disposed of the related assets and liabilities.

- e. *Notes to the Restated Ind AS Consolidated Financial Information represent notes involving items which are considered material and are accordingly disclosed. Materiality for the purpose is assessed in relation to the information contained in the Restated Ind AS Consolidated Financial Information. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or the Company having no bearing on the true and fair view of the financial statements has not been disclosed in the Restated Ind AS Consolidated Financial Information.*

Revenue recognition

Collection and transportation of waste & mechanical power sweeping of roads

Revenue from collection and transportation is recognized when the services have been performed. Revenue is product of quantity of solid waste tonnage collected and transported to the specified in the agreement with the customer.

Performance obligation in case of collection and transportation of waste is satisfied at a point in time when the actual service is performed i.e on the basis of solid waste tonnage collected.

Transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring good or service to a customer excluding amounts collected on behalf of a third party.

Revenue is recognized in the Statement of Profit and Loss to the extent that it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably. The Group recognized the revenue where the performance obligations are satisfied at a time.

Accrued revenue are classified as Unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms and is accordingly classified under 'other financial assets'.

Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred.

Service concession arrangements

The service concession arrangement has been accounted under financial assets as well as intangible asset model. The Group recognises financial asset arising from service concession arrangement to the extent it has an unconditional contractual right to receive payment and the residual is recognised as intangible asset since it represents right to charge for services provided. Financial asset and intangible asset are initially recognised at their fair value. Contract cost is recognised as the total cost incurred towards the financial assets, intangible assets and intangible assets under development. Contract revenue represents revenue from contracts wherein the performance obligation is satisfied over a period of time and revenue is recognized by additionally applying specified margin on the total cost incurred towards the financial assets and intangible assets under development. Subsequent to initial recognition:

- financial assets are recognised at amortised cost, and
- intangible assets are measured at cost, less accumulated amortisations and accumulated impairment losses.

Revenue from tipping fees

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

Income from sale of goods and scraps

Income from sale of goods and scraps are recognised at a time on which the performance obligation is satisfied. The period over which revenue is recognised is based on entity's right to payment for performance completed. In determining whether an entity has right to payment, the entity shall consider whether it would have an enforceable right to demand or retain payment for performance completed to date.

Interest income for all debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend are recognized in Consolidated Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

Other income is recognized as and when due or received, whichever is earlier.

Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, deferred lease components of security deposits and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of use assets are subject to impairment.

Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in substance fixed lease payments or a change in the assessment to purchase the underlying asset.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent

on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of lease hold land (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment's that are low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense in statement of profit and loss.

Group as a lessor

Rental income from operating lease is recognised on a straight-line basis over the lease term unless the same is in line with general inflation to compensate for the expected inflationary cost. Initial direct costs incurred in negotiating and arranging an operating lease is recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Current and Deferred Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to deductible and taxable temporary differences.

Deferred income tax is provided using the balance sheet approach on deductible and taxable temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Restated Ind AS Consolidated Information. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible and taxable temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investment in subsidiaries where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss, except to the extent that it relates to items recognised in OCI or directly in equity. In this case, the tax is also recognised in OCI or directly in equity, respectively.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India which is likely to give future economic benefit in the form of availability of setoff against future income tax liability. Accordingly, MAT is recognised as deferred tax assets in the Restated Ind AS Consolidated Summary Statement of Assets and Liabilities when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

The Group recognises deferred tax liability for all taxable temporary differences associated with investments in subsidiaries except to the extent that both of the following conditions are satisfied:

- a) When the Group is able to control the timing of the reversal of the temporary difference; and

- b) It is probable that the temporary difference will not reverse in the foreseeable future.

Financial instruments

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Restated Ind AS Consolidated Summary Statement of Profit and Loss or OCI. For investments in debt instruments, this will depend on the business model in which the investment is held. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Measurement of debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost**: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss, when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI)**: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Restated Ind AS Consolidated Summary Statement of Profit and Loss. Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss**: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss and presented net in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

Measurement of equity instruments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Group may make an irrevocable election to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment.

Equity instruments included within the FVTPL (fair value through profit or loss) category are measured at fair value with all changes in fair value recognised in the profit or loss.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

A financial asset is derecognised only when

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Cash and cash equivalents

Cash and cash equivalents for the purpose of the Restated Ind AS Consolidated Summary Statement of Cash Flows comprise of the cash on hand and at bank and current investments with an original maturity of three months or less. Cash and cash equivalents consists of balances with banks which are unrestricted for withdrawal and usage.

Interest income from financial assets

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

Property, plant and equipment (including depreciation, capital work in progress)

Property, plant and equipment are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, net of GST credit, accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditure related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Items of property, plant and equipment that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the Restated Ind AS Consolidated Financial Information. Any expected loss is recognised immediately in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Losses arising from the retirement of, and gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

The Group provides pro-rata depreciation on additions and disposals made during the period. Depreciation on property, plant and equipment is provided under the straight line method over the useful lives of assets prescribed under Schedule II to the Act except in case of Building, Plant and Equipment and Furniture and fixtures, where useful life is different than those prescribed in Schedule II are used.

Residual value is considered as 5% of the original acquisition cost of the assets.

Particulars/Class of assets	Useful life
Building (including temporary superstructure)	Office building is depreciated over 30 years Temporary structure is depreciated over 3 years
Plant and equipment (including commercial vehicles and compactors)	Period of contract with Municipal corporations or estimated useful life, whichever is lower
Computers	3 – 6 years
Vehicles	8 to 10 years
Furniture and fixtures	Period of contract with Municipal corporations estimated useful life, whichever is lower
Office equipment	5 years

The useful lives are reviewed by the management at each period end and revised, if appropriate.

Intangible Assets

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured.

Rights under the concessionaire agreement are capitalised on the basis of construction cost incurred by the Group for creation of concession assets and are amortised over the concession period. The assets' useful lives are reviewed at each period end.

Asset classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognised for any initial recognition or subsequent written down of the assets to the fair value less cost to sell of an asset. A gain is recognised for any subsequent increase in the fair value less cost to sell of an asset but not in excess of cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Assets held for sale are presented separately from the other assets in the Restated Ind AS Consolidated Financial Information.

Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each reporting date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there were no impairment.

Inventories

Inventories are valued at lower of cost and net realisable value; cost is determined using weighted average cost method.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost necessary to make the sales.

Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

Borrowings are derecognised from the Restated Ind AS Consolidated Financial Information when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in Restated Ind AS Consolidated Summary Statement of Profit and Loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

Foreign currency

The functional currency of the group is Indian rupee.

Transactions in foreign currency are recorded at exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the reporting date and exchange gain or loss arising on settlement and restatement are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

Employee Benefits

• Short term employee benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Restated Ind AS Consolidated Summary Statement of Profit and Loss of the period in which the related service is rendered. Expenses on non-accumulating compensated absences is recognised in the period in which the absences occur.

- **Post-employment benefits**

Defined contribution plan

Contributions to defined contribution schemes such as provident fund and employees' state insurance (ESIC) are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employee's provident fund contribution is made to a government administered fund and charged as an expense to the Restated Ind AS Consolidated Summary Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Group has no further obligations beyond the monthly contributions.

Defined benefit plan

The Group provides for gratuity which is a defined benefit plan the liabilities of which is determined based on valuations, as at the reporting date, made by an independent actuary using the projected unit credit method. Re-measurement, comprising of actuarial gains and losses, in respect of gratuity are recognised in the OCI, in the period in which they occur. Re-measurement recognised in OCI are not reclassified to the Restated Ind AS Consolidated Summary Statement of Profit and Loss in subsequent periods. Past service cost is recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period of plan amendment or curtailment. The classification of the obligation into current and non-current is as per the actuarial valuation report.

Compensated absences

Accumulated leave which is expected to be utilised within next twelve months, is treated as short-term employee benefit. Compensated absences, other than short term, are provided based on an actuarial valuation, similar to that of gratuity benefit. Re-measurement, comprising of actuarial gains and losses, in respect of leave entitlement are recognised in the Restated Ind AS Consolidated Summary Statement of Profit and Loss in the period in which they occur.

Borrowing costs

Borrowing costs attributable to the acquisition or construction of qualifying assets, as defined in Indian Accounting Standard 23 "Borrowing Costs", are capitalized as part of the cost of the asset up to the date when the asset is ready for its intended use. Other borrowing costs are expensed as incurred.

Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses, except on long term contracts, if applicable.

As per the concessionaire agreement, Antony Lara Enviro Solutions Private Limited, a subsidiary of the Holding Company is required to perform bio-mining of the solid waste generated at the project site. Provision for bio-mining has been created based on the present value of expenses that will be incurred. The estimates are based on moisture content, degradation and mining load of the solid waste.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are not recognised in the Restated Ind AS Consolidated Financial Information. However, it is disclosed only when an inflow of economic benefits is probable.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting, nature of the products / process, organisation structure as well as differential risks and returns, provided to the board of directors and chief operating officer, all of them constitute as chief operating decision maker ('CODM').

Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a right issue, share split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Dividends

The final dividend on shares is recorded as a liability on the date of approval by the shareholders. Interim dividend is recognized as a liability on the date of declaration by the Group's Board of Directors.

Share Based Payment

An employee of the Company is entitled to remuneration in the form of equity settled instruments, for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants. The stock compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest using fair value in accordance with Ind AS 102, Share based payment.

The total expense is recognised over the vesting period, which is the period over which all of the vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in Restated Ind AS Consolidated Summary Statement of Profit and Loss, with a corresponding adjustment to equity.

Exceptional items

When items of income and expense within profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

Components of revenue and expenses

Our revenue and expenses are reported in the following manner:

Revenue

Total revenue consists of revenue from operations and other income.

Revenue from operations

Our revenue from operations comprise income from sale of services, contract revenue, sale of goods and other operating revenue from scrap sales.

Other income

Our other income consists of (i) recurring income in the form of interest income on deposits with banks and interest income on financial assets measured at amortised cost and (ii) non-recurring income consisting of interest income on income tax refund, sundry credit balances written back, excess provisions written back, profits on sale of property, plant and equipment and miscellaneous income.

Expenses

Our expenses consist of purchase of traded goods, changes in inventories of stock-in-trade, project expenses, employee benefits expense, finance costs, depreciation and amortisation (including impairment) and other expenses.

Purchase of traded goods

Traded goods consist primarily of waste bins, both plastic and metal for supply to customers, as per their requests. Typically, waste bins have a life between 15 to 18 months, therefore fresh bins are required to be supplied periodically, as per requests raised by our customers. Currently, we also supply waste bins as part of our scope in the Dahisar project being executed by AG Enviro.

Project expenses

Project expenses include contract cost, consultancy charges, testing and inspection charges, provision for bio-mining and other expenses.

Employee benefits expense

Employee benefits expenses include salaries, wages and bonuses, expenses for employee share-based payments, contribution to provident and other defined contribution funds and staff welfare expenses.

Finance costs

Finance costs include interest expense on borrowing, compound financial instruments, lease liability, delayed payment of taxes and bio-mining expenses while other borrowing costs are in the nature of finance charges and others.

Depreciation and amortisation (including impairment)

Depreciation and amortization comprises of depreciation of property, plant and equipment, including vehicles, machinery, amortisation of intangible assets in the nature of receivables from our Kanjur project, not being in the nature of guaranteed payments by the MCGM and impairment losses on project assets.

Other expenses

Our other expenses include costs towards, amongst others, power and fuel, insurance, rent, repairs and maintenance of buildings, plant and equipment and others, rates and taxes, vehicle hiring charges for garbage collection, provisions for doubtful debts, losses on sale of property, plant and equipment, site expenses, security expenses, legal and professional fees and miscellaneous expenses.

Exceptional items

Exceptional items includes loss allowance for doubtful trade receivables, gains (vis-à-vis carrying value of receivables in accounts of the Company) on settlement with municipality and expenses for the initial public offer which could not be completed on account of COVID related market volatility.

Tax expenses

Our tax expenses consist of current tax and deferred tax expenses.

Total Other Comprehensive Income / Loss:

We recorded a total other comprehensive loss of ₹ 609.09 million for Fiscal 2020. This was primarily due to re-measurement of defined benefit plan and taxes relating to the same.

Fiscal 2020 compared to Fiscal 2019

Revenue

Our total revenues increased by 55.64% from ₹ 2,985.18 million in Fiscal 2019 to ₹ 4,646.11 million in Fiscal 2020, which was primarily due to new projects in Pimpri Chinchwad and Nagpur becoming operational, our Noida

project and Dahisar-Borivali project, which started in January 2019 and November 2018 respectively being operational for the entire year and increase in revenue contributed by Kanjur project.

Revenue from operations

Our revenue from operations increased by 58.80% from ₹ 2,836.89 million in Fiscal 2019 to ₹ 4,505.10 million in Fiscal 2020, which was primarily on account of (i) increase in income from collection and transportation of municipal solid waste by 61.51% from ₹ 1,665.38 million in Fiscal 2019 to ₹ 2,689.81 million in Fiscal 2020 (ii) increase in income from tipping fees from ₹ 764.78 million in Fiscal 2019 to ₹ 1,331.94 million in Fiscal 2020, (iii) increase in contract revenue by 38.09% from ₹ 224.10 million in Fiscal 2019 to ₹ 309.46 million in Fiscal 2020, and (iv) increase in scrap sale by more than 3 times from ₹ 3.09 million in Fiscal 2019 to ₹ 11.56 million in Fiscal 2020. This increase was partially offset by decrease in sale of goods by 25.21% from ₹ 44.64 million in Fiscal 2019 to ₹ 33.39 million in Fiscal 2020.

Other income

Our other income decreased by 4.91% from ₹ 148.29 million in Fiscal 2019 to ₹ 141.01 million in Fiscal 2020 primarily on account of excess provision written back which amounted to ₹ 17.51 million in Fiscal 2019 becoming zero in Fiscal 2020 and decrease in miscellaneous income from ₹ 2.27 million in Fiscal 2019 to ₹ 1.23 million in Fiscal 2020. This was partially offset by increase in interest income on financial assets measured at amortized cost by 5.94% from ₹ 119.38 million in Fiscal 2019 to ₹ 126.48 million in Fiscal 2020, increase in interest income on deposits with banks by 10.32% from ₹ 9.07 million in Fiscal 2019 to ₹ 10.01 million in Fiscal 2020, increase in interest income on income tax refund from ₹ 0.06 million in Fiscal 2019 to ₹ 3.00 million in Fiscal 2020 and profit on sale of property, plant and equipment (net) of ₹ 0.29 million in Fiscal 2020.

Expenditure

Our total expenses increased by 51.27% from ₹ 2,508.38 million in Fiscal 2019 to ₹ 3,794.38 million in Fiscal 2020 on account of the following reasons:

Purchase of traded goods

Our expenditure on account of purchase of traded goods decreased by 71.34% from ₹ 37.89 million in Fiscal 2019 to ₹ 10.86 million in Fiscal 2020, primarily on account of decrease in supply of waste bins as per requests from customers.

Project expenses

Our project expenses increased by 35.43%, from ₹ 280.26 million in Fiscal 2019 to ₹ 379.57 million in Fiscal 2020, primarily due to increase in project contract cost and consultancy expenses, led by increase in scale of operations across segments.

Employee benefits expense

Employee benefits expense increased by 73.19% from ₹ 663.22 million in Fiscal 2019 to ₹ 1,148.66 million in Fiscal 2020, primarily owing to new contracts entered into by the Company and increase in scale of operations. This was partially offset by there being no Employee share-based payment expense for Fiscal 2020.

Finance costs

Finance costs increased by 21.01% from ₹ 249.94 million in Fiscal 2019 to ₹ 302.44 million in Fiscal 2020, primarily on account of increase in interest cost on new borrowing (partly due to new contract wins) and increase in interest arising from bio mining provision cost.

Depreciation and amortisation (including impairment)

Depreciation and amortisation expenses increased by 32.25% from ₹ 183.31 million in Fiscal 2019 to ₹ 242.43 million in Fiscal 2020 on account of increase in scale of operations of the Company.

Other expenses

Our other expenses increased by 56.34% from ₹ 1,094.12 million in Fiscal 2019 to ₹ 1,710.50 million in Fiscal 2020.

Increases in other expenses was primarily driven by costs of power and fuel increasing by 55.31% from ₹ 357.66 million in Fiscal 2019 to ₹ 555.50 million in Fiscal 2020 and increase in vehicle hiring charges for garbage collection from ₹ 331.26 million in Fiscal 2019 to ₹ 626.91 million in Fiscal 2020 primarily on account of increase in tonnage processing in Kanjur project, new projects and increase in scale of operations. Repairs and maintenance expenses increased by 17.07% from ₹ 215.67 million in Fiscal 2019 to ₹ 252.49 million in Fiscal 2020 while loss allowance increased from ₹ 7.64 million in Fiscal 2019 to ₹ 60.57 million. There was also an increase in insurance expenses, site expenses, security expenses, legal and professional fees, director sitting fees and commission, travelling and conveyance and miscellaneous expenses. This was partially offset by a decrease in rates and taxes, rent, loss on sale of property, plant and equipment (net) and CSR expenses.

EBITDA

As a result of the foregoing, our EBITDA increased by 53.46% from ₹ 910.06 million in Fiscal 2019 to ₹ 1,396.60 million in Fiscal 2020.

Tax expense

Tax expenses increased by 52.95% from ₹ 129.98 million in Fiscal 2019 to ₹ 198.80 million in Fiscal 2020, due to an (i) increase in current tax, which increased by 37.29% from ₹ 126.48 million in Fiscal 2019 to ₹ 173.64 million in Fiscal 2020, (ii) change in deferred tax assets from ₹ (28.30) million in Fiscal 2019 to ₹ 5.58 million in Fiscal 2020 and (iii) change in deferred tax liabilities from ₹ 31.80 million in Fiscal 2019 to ₹ 19.58 million in Fiscal 2020.

Net profit after tax

As a result of the foregoing, our net profit after tax for the year increased by 78.99% to 620.76 million in Fiscal 2020 from ₹ 346.82 million in Fiscal 2019. On account of the above, and after adjusting for other comprehensive loss of ₹ 11.67 million in Fiscal 2020 and ₹ 0.31 million in Fiscal 2019 towards re-measurement of defined benefit plan and taxes related to the same, our total comprehensive income increased by 75.78% from ₹ 346.51 million in Fiscal 2019 to ₹ 609.09 million in Fiscal 2020.

Fiscal 2019 compared to Fiscal 2018

Revenue

Our total income increased by 2.66% from ₹ 2,907.78 million in Fiscal 2018 to ₹ 2,985.18 million in Fiscal 2019, which was primarily due to increase in revenue contributed by Kanjur project, and the start of Noida project and Dahisar-Borivali project, in January 2019 and November 2018 respectively.

Revenue from operations

Our revenue from operations increased by 2.74% from ₹ 2,761.36 million in Fiscal 2018 to ₹ 2,836.89 million in Fiscal 2019, which was primarily on account of (i) increase in income from tipping fees from ₹ 607.10 million in Fiscal 2018 to ₹ 764.78 million in Fiscal 2019 and (ii) increase in scrap sale by more than 4 times from ₹ 0.57 million in Fiscal 2018 to ₹ 3.09 million in Fiscal 2019. This increase was partially offset by decrease in (i) income from collection and transportation of municipal solid waste by 1.60% from ₹ 1,692.51 million in Fiscal 2018 to ₹ 1,665.38 million in Fiscal 2019 (ii) contract revenues by 20.91% from ₹ 283.34 million in Fiscal 2018 to ₹ 224.10

million in Fiscal 2019, and (iii) sale of goods by 1.77% from ₹ 45.44 million in Fiscal 2018 to ₹ 44.64 million in Fiscal 2019.

Other income

Our other income increased by 1.28% from ₹ 146.42 million in Fiscal 2018 to ₹ 148.29 million in Fiscal 2019 primarily on account of increase in interest income on financial assets measured at amortized cost by 13.26% from ₹ 105.40 million in Fiscal 2018 to ₹ 119.38 million in Fiscal 2019 and excess provision written back worth ₹ 17.51 million in Fiscal 2019 as compared to ₹ 7.67 million in Fiscal 2018, while interest income on deposits with banks increased by 136.15% from ₹ 3.84 million in Fiscal 2018 to ₹ 9.07 million in Fiscal 2019. This was offset by the absence of sundry credit balances written back during Fiscal 2019, while amount of sundry credit balances written back for Fiscal 2018 was ₹ 24.84 million.

Expenditure

Our total expenses increased by 3.66% from ₹ 2,419.91 million in Fiscal 2018 to ₹ 2,508.38 million in Fiscal 2019 on account of the following reasons:

Purchase of traded goods

Our expenditure on account of purchase of traded goods increased by 29.23% from ₹ 29.32 million in Fiscal 2018 to ₹ 37.89 million in Fiscal 2019, primarily on account of purchase of waste bins as per requests from customers.

Project expenses

Our project expenses decreased by 15.96%, from ₹ 333.49 million in Fiscal 2018 to ₹ 280.26 million in Fiscal 2019, primarily due to decrease in project contract cost and consultancy expenses, especially at the Kanjur project.

Employee benefits expense

Employee benefits expense increased by 3.70% from ₹ 639.53 million in Fiscal 2018 to ₹ 663.22 million in Fiscal 2019, primarily owing to an increase in ESOP cost on account of ESOP implemented during the year and staff welfare expenses. This was offset by decrease in salaries and wages due to closure of project in Gurgaon.

Finance costs

Finance costs increased by 9.18% from ₹ 228.93 million in Fiscal 2018 to ₹ 249.94 million in Fiscal 2019, primarily on account of increase in interest cost on new borrowing (partly due to new contract wins) and increase in interest arising from bio mining provision cost.

Depreciation and amortisation (including impairment)

Depreciation and amortisation expenses increased by 44.24% from ₹ 127.08 million in Fiscal 2018 to ₹ 183.31 million in Fiscal 2019 on account of increase in amortisation of Material Recovery Facility, which started in April 2018.

Other expenses

Our other expenses increased by 3.04% from ₹ 1,061.82 million in Fiscal 2018 to ₹ 1094.12 million in Fiscal 2019.

Increases in other expenses was primarily driven by costs of power and fuel increasing 24.74% from ₹ 286.72 million in Fiscal 2018 to ₹ 357.66 million in Fiscal 2019 primarily on account of increase in tonnage processing in Kanjur project and new project in AG Enviro. CSR contribution has also increased by 486.73% from ₹ 1.50 million in Fiscal 2018 to ₹ 8.80 million in Fiscal 2019. There also was an increase in miscellaneous expenses from ₹ 43.91 million in Fiscal 2018 to ₹ 52.19 million, rates and taxes from ₹ 14.92 million in Fiscal 2018 to ₹ 23.71 million, security expenses from ₹ 3.12 million in Fiscal 2018 to ₹ 5.77 million, legal and professional changes

from ₹ 35.92 million in Fiscal 2018 to ₹ 57.74 million and insurance from ₹ 2.84 million in Fiscal 2018 to ₹ 3.19 million. This was partially offset by a decrease in repairs and maintenance charges, rent expense, no loss allowance and no write-off of sundry balances.

EBITDA

As a result of the foregoing, our EBITDA increased by 7.84% from ₹ 843.88 million in Fiscal 2018 to ₹ 910.05 million in Fiscal 2019.

Tax expense

Tax expenses increased by 45.99% from ₹ 89.03 million in Fiscal 2018 to ₹ 129.98 million in Fiscal 2019, due to an (i) increase in current tax, which increased by 13.47% from ₹ 111.46 million in Fiscal 2018 to ₹ 126.48 million in Fiscal 2019, (ii) change in deferred tax liabilities increased the tax expenses by ₹ 31.81 million while change in deferred tax liabilities reduced the tax expense by ₹ 28.30 million.

Total profit / (loss) for the period

As a result of the foregoing, our net profit after tax for the year decreased by 13.04% to ₹ 346.82 million in Fiscal 2019 from ₹ 398.84 million in Fiscal 2018. On account of the above, and after adjusting for other comprehensive loss of ₹ 1.41 million in Fiscal 2018 and ₹ 0.31 million in Fiscal 2019 towards re-measurement of defined benefit plan and taxes related to the same, our total comprehensive income decreased by 12.81% from ₹ 397.43 million in Fiscal 2018 to ₹ 346.51 million in Fiscal 2019.

Financial condition, liquidity and capital resources

Liquidity and capital resources

We fund our operations and capital requirements primarily through cash flows from revenue from operations and borrowings. We expect that cash flow from revenue from operations will continue to be our principal sources of cash in the long term. Our assets, being primarily in the nature of vehicles, are funded principally through bank borrowings. We evaluate our funding requirements periodically in light of our net cash flow from operating activities and market conditions. For further information, see “*Financial Indebtedness*” and “*Financial Statements*” on page 296 and 178, respectively.

Cash flows

The following table sets forth our cash flows for the periods indicated:

	<i>(in ₹ million)</i>

However, this was partially offset by proceeds from non-current borrowings of ₹ 277.56 million.

Indebtedness

Please see “*Financial Indebtedness*” for a description of the broad terms of our indebtedness, beginning on page 296. In the event that our lenders declare an event of default, such current and any future defaults could lead to

acceleration of our obligations, termination of one or more of our financing agreements or force us to sell our assets, which may adversely affect our business, results of operations and financial condition. See “*Risk Factors*” on page 22.

Contingent liabilities

The following table sets out our contingent liabilities as on March 31, 2020:

Particulars	(in ₹ million)
Disputed demand of income-tax	30.08
Claims against the Group not acknowledged as debts	54.54
Total	84.62

The Honourable Supreme Court, has passed a decision on 28th February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The Group, based on legal advice, is awaiting further clarifications in this matter in order to reasonably assess the impact on its financial statements, if any. Accordingly, the applicability of the judgement to the Group, with respect to the period and the nature of allowances to be covered, and resultant impact on the past provident fund liability, cannot be reasonably ascertained, at present.

Quantitative and Qualitative Disclosures

We are exposed to various types of market risks during the normal course of business. Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk and commodity risk. We are exposed to commodity risk and interest rate risks in the normal course of our business.

Interest Rate Risk

Interest rate risk is a risk that primarily arises from floating rate that we pay on our borrowings with banks and financial institutions. We are exposed to the effects of fluctuations in the prevailing levels of market rates on our financial position. As at March 31, 2020, most of our Company's borrowings were subject to floating interest rate, which are reset periodically. We expect that any changes in such rates would have a material impact on our financial condition and results of operations.

Commodity Price Risk

We are exposed to the price risk associated with purchasing materials such as power and fuel. We typically do not enter into formal arrangements with our suppliers. Therefore, our financial results can be affected significantly by fluctuations in these prices, which depend on many factors, including the demand in local and international markets, changes in the economy, worldwide production levels, worldwide inventory levels and disruptions in the supply chain.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Our Company is exposed to credit risk from its operating activities (primarily trade receivables). Our Company assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly. Our Company establishes an allowance for impairment that represents its estimates of incurred losses in respect of trade and other receivables. Receivables from customers are reviewed / evaluated periodically by the management and appropriate provisions are made to the extent recovery there against has been considered to be remote. The carrying amount of respective financial assets recognized in the financial statements, (net of impairment losses) represents our Company's maximum exposure to credit risk. The concentration of credit risk is limited due to our customer base being diverse and unrelated.

Competitive Conditions

We operate in a competitive environment. For further details, see “*Our Business*”, “*Industry Overview*” and “*Risk Factors*” on pages 113, 89 and 22.

Related party transactions

We enter into various transactions with related parties in the ordinary course of business. For further information relating to our related party transactions, please see “*Financial Statements*” on page 178.

Changes in accounting policies

There have been no changes in accounting policies during the preceding three fiscal years.

Off-Balance sheet arrangements

Except as disclosed in this Draft Red Herring Prospectus, we do not have any material off-balance sheet arrangements, derivative instruments, swap transactions or relationships with unconsolidated entities or financial partnerships established or contemplated for the purpose of facilitating off-balance sheet transactions.

Segment Reporting

We operate in a single business segment, namely integrated waste management.

Seasonality

We do not believe our business to be seasonal.

Significant dependence on single or few customers

We derive a significant portion of our revenue from limited number of customer and we may continue to derive a significant portion of our revenue from such customers. As our business is currently concentrated to a select number of customers, any adverse development with such customers, including as a result of a dispute with or disqualification by such major customers, may result in us experiencing significant reduction in our cash flows and liquidity. If our customers are able to fulfil their requirements through any of our existing or new competitors, providing MSW services with better quality and / or cheaper cost, we may lose significant portion of our business.

Substantial portion of our business contracts are with municipal authorities. Thus, we derive a high proportion of our revenues from a small number of customers. The top five clients contributed, 90.78%, 93.70% and 81.76% of our total revenue in Fiscal years 2018, 2019 and 2020 respectively as per the Restated Financial Statements.

Unusual or infrequent events or transactions

Except as described in sections “*Risk Factors*” and “*Our Business*”, on pages 22 and 113, respectively, to our knowledge, there have been no events or transactions to our knowledge which may be described as “unusual” or “infrequent”.

Known Trends or Uncertainties

Except as disclosed in this Draft Red Herring Prospectus, to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on the revenues or income of our Company from continuing operations.

Significant regulatory changes

Except as disclosed in “*Regulations and Policies*” on page 133 of this Draft Red Herring Prospectus, there have been no regulatory changes that have materially affected our business.

New product or business segments

We have not publicly announced any new services or business segments nor have there been any material increases in our revenues due to increased disbursements and introduction of new services or business segments.

Future relationships between costs and income

Except as disclosed in this Draft Red Herring Prospectus, to our knowledge there are no known factors which will have a material adverse impact on the operations or finances of our Company and its subsidiaries.

Significant developments after March 31, 2020

Except as stated in this Draft Red Herring Prospectus and in the opinion of our Board, there have not arisen any circumstances since March 31, 2020, which materially and adversely affect or are likely to materially and adversely affect our business or profitability, the value of our assets or our ability to pay our liabilities within the next 12 months.

.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no (i) outstanding criminal proceedings, (ii) actions pending or taken by statutory or regulatory authorities, (iii) disciplinary actions including penalties imposed by SEBI or stock exchanges against the Promoters in the last five financial years, including outstanding action, (iv) claims related to direct and indirect taxes, which have been provided in a consolidated manner and (v) details pertaining to any other pending litigation as per the materiality as adopted by our Board in the case of our Company, Promoters, Directors, Subsidiaries and Group Companies.

*In relation to (iv) above, our Board in its meeting held on September 19, 2020, has considered and adopted a policy of materiality for identification of material litigation (“**Materiality Policy**”). In terms of the materiality policy adopted by our Board, any outstanding litigation: involving our Company, our Subsidiaries, our Promoters, Directors and our Group Companies, in which the aggregate monetary amount of claim by or against our Company, our Subsidiaries, our Promoters, Directors and our Group Companies, exceeds an amount equivalent to one percent of the profit after tax of our Company as per the Restated Financial Statements would be considered material. The net profit after tax as per the Restated Financial Statements of the Company for Fiscal 2020 is ₹ 620.76 million.*

Accordingly, all litigation: (i) involving our Company, our Subsidiaries, our Promoters, Directors and our Group Companies in which the amount involved exceeds ₹ 6.21 million has been identified as material and disclosures have been included (ii) where the aggregate amount involved in an individual litigation exceeds ₹ 6.21 million; and (iii) all other outstanding litigation where the monetary liability is not quantifiable, however, an adverse outcome would materially and adversely affect the business, operations or financial position or reputation of the Company.

*Our Board has pursuant to board resolution dated September 19, 2020, considered and adopted a policy of materiality for identification of material outstanding dues to creditors. Further, in terms of this materiality policy, outstanding dues to any creditor of our Company having monetary value which exceeds ₹ 5.41 million, being 1% of total trade payables as at March 31, 2020, shall be considered ‘material’. For outstanding dues to any party which is a micro, small or medium enterprise (“**MSME**”), the disclosure will be based on information available with the Company regarding status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006, as amended read with the rules and notifications thereunder.*

It is clarified that for the purposes of the above, pre-litigation notices received by our Company, our Subsidiaries, our Promoters, our Directors or our Group Companies from third parties (excluding those notices issued by statutory/regulatory/tax authorities or notices threatening criminal action) shall, unless otherwise decided by the Board, not be considered as material until such time that our Company, our Subsidiaries, our Promoters, our Directors or our Group Companies, as applicable, is impleaded as defendant in litigation proceedings before any judicial forum.

We have disclosed matters relating to direct and indirect taxes involving our Company, our Subsidiaries, our Promoters, our Directors or our Group Companies in a consolidated manner giving details of number of cases and total amount involved in such claims.

Except as stated in this section, there is no outstanding litigation involving our Group Companies which have a material impact on our Company.

LITIGATION INVOLVING OUR COMPANY

(i) Outstanding litigation involving our Company in accordance with the Materiality Policy

(a) Civil proceedings against our Company

1. A case was filed against our Company by Bharat Automotive (“**BA**”) before the Bombay City Civil Court (“**Court**”) on account of recovery of a sum of ₹ 6.68 million for goods sold, supplied and delivered by BA to our Company from 2011 to early 2012. The contention of BA was that they had sent our Company a letter of confirmation for outstanding payments as well as a demand notice under

the provisions of the Companies Act. However, our Company's contention was that the bills were unaccounted for and the business was stopped with BA on account of BA supplying inferior quality goods. Our Company also contended that it had not received any delivery challans from the plaintiff and thus, the case was framed and filed falsely after several years. The Hon. Judge had adjudged to have mediation and accordingly, the mediation was held. However, the mediation failed. Currently, the matter is at the evidence stage and BA had filed their affidavit of evidence. Thereafter, the Court has passed an order over marking of documents and being aggrieved by the same, the Company had approached the Hon'ble Bombay High Court ("**BHC**") challenging the marking of documents. The BHC has granted stay of the proceedings before the Court. The matter is currently pending.

(b) *Civil proceedings by our Company*

1. Our Company had entered into an agreement with Ulhasnagar Municipal Corporation ("**UMC**") on August 8, 2003 ("**Agreement**"), wherein, our Company was awarded the tender by UMC for the collection and transportation of solid waste. Due to various disputes between the parties, our Company filed a writ petition before the Hon'ble Bombay High Court for ad-interim reliefs, wherein, the Court *vide* its order dated February 6, 2013, was pleased to stay the order as initiated by UMC. Thereafter, a sole arbitrator was appointed with the consent of both parties.

Our Company filed a statement of claim stating that UMC provided our Company a "dumping ground" at Marhal Village as against a "Processing and Final Disposal Site" as promised, to carry out waste disposal. Despite the 90% performance rating repeatedly given by UMC, a resolution was passed on December 10, 2012 to discontinue the services of our Company. Our Company claimed the huge financial losses incurred on account of such breaches incurred by UMC and claimed amounts, *inter alia*, for the outstanding transportation and collection since 2003, payment for dumping ground levelling, maintenance, loss of profits.

UMC filed its statement of defence stating that the termination of the Agreement was on the basis of a closure letter dated September 11, 2012 issued by our Company, which was not withdrawn. UMC claimed that although the performance of our Company was 90%, we were claiming 100% of the invoice bills. Further, UMC denied the claims made by our Company. The parties had mutually decided to settle the aforementioned matter and the standing committee of UMC has approved to make payment of ₹ 49.4 million as full and final settlement of all claims approved the same. The matter is currently pending for settlement.

2. Our Company had entered into an agreement with Jamnagar Municipal Corporation ("**JMC**") ("**Agreement**"), pursuant to which our Company was awarded the tender published in a newspaper on December 24, 2009 for the handling of solid waste and its disposal for Jamnagar from 2011 to 2018. JMC did not fulfil the conditions of the tender and delayed the payments abnormally. JMC also deducted the amount from our Company's bills arbitrarily and levied multiple penalties. This was challenged before the Gujarat High Court, wherein, the Court directed JMC to revoke the resolution and referred the parties to arbitration. However, JMC did not follow the order and the same was brought before the Gujarat High Court. Due to the non-cooperation of JMC in initiating the arbitration proceedings, our Company initiated contempt proceedings before the Gujarat High Court. Pursuant thereto, JMC proceeded with the arbitration proceedings between the parties.

Our Company filed its Statement of Claim on the grounds that JMC had committed material breaches in the Agreement, *inter alia*, reducing the vehicles to be provided by JMC to our Company for picking of waste, unilaterally changing the terms of the rate for the waste collection payable by our Company and levying penalties and deducting unexplained amounts from the bills of our Company making operation unviable. Our Company further claimed that they could not fulfil their contractual obligation until February 2011 as JMC did not mobilize necessary funds or provide the infrastructure to carry out its obligations. In view of breaches and failure of JMC to perform its obligations, our Company claimed a total of ₹ 30 million. JMC filed its statement of defence and counter claim contending that it was due to the poor operation of our Company that the activities were undertaken in only 8 out of the 19 wards required and JMC had to operate in the remaining 11 out of its own resources and make alternate arrangements. JMC claimed that since there was no improvement in the performance of our Company despite repeated notices and instructions in meetings. Due to non-execution of contractual obligations by our Company, JMC claims that a loss of ₹ 21.65 million was incurred. JMC made additional claims

against our Company on the grounds that JMC had to make alternate arrangements for maintaining the remaining 11 wards in Jamnagar.

Our Company filed its reply to the counter claim stating that due to the reduction of vehicles by JMC, our Company was unable to cover all 19 wards in Jamnagar. Our Company denied the monetary claims raised by JMC as it was due to the breach of the Agreement by JMC that such losses were incurred. The next hearing of the arbitration proceedings was scheduled on April 13, 2020 but has been now adjourned due to COVID-19.

3. Our Company had entered into a contract for the door to door collection of municipal solid waste with the Navi Mumbai Municipal Corporation (“NMMC”) in 2007. The Company approached the arbitral tribunal on two major issues – one is mixed garbage penalty and other is interpretation of price escalation (20% - base used). The arbitral passed the award in our favour and awarded all the claims put-up by us. Thereupon, NMMC approached Hon’ble high court. NMMC was asked to deposit the arbitral award amount by the Hon’ble Court. Accordingly, NMMC has now deposited the amount ₹ 196.30 million (including interest). The Company has quantified the same as ₹ 216.70 million with the interest. The matter is currently pending.
4. Our Company had filed a petition against the Municipal Corporation, Amritsar (“MCA”) before the Hon’ble Punjab and Haryana High Court (“PHHC”) for peaceful settlement of dispute and the appointment of arbitrator under section. 11 of the Arbitration & Conciliation Act, 1996. The PHHC in its order dated August 23, 2013 appointed the Deputy Commissioner of Amritsar District, as the sole arbitrator to decide the matter and dispose of the petition. The petition was filed on the grounds of 1) non-performance of obligations/duties by MCA, 2) bad state of dumping ground and no maintenance of the same and 3) delay/non-payment of monthly bill payments, escalation dues, etc. Our Company further alleged that due to the inaction of MCA, it suffered huge expenses & losses which were not reimbursed. Therefore, our Company had prayed: 1) to pass an award in its favour and directing MCA to pay the outstanding amount along with interest @ 18% till the final recovery of payment, 2) to reserve a right to alter, amend the settlement of claim and submit any documents. MCA had denied all the aforesaid allegations pursuant to a written statement filed by them requesting not to admit our Company’s petition. Our Company has prayed that the petition may be kindly accepted in the interest of law & justice. The matter is currently pending for action.
5. Kalyan Dombivali Municipal Corporation (“KDMC”) issued a tender for the supply, operation and maintenance services in lieu of the collection, transportation, treatment and disposal of municipal solid waste generated in the city of Kalyan and Dombivali. Our Company was awarded the tender and parties entered into an agreement dated September 22, 2010 for a period of 10 years. However, from September 1, 2013, due to disputes between the parties, our Company and KDMC amicably closed the agreement. Our Company renewed bank guarantees of ₹ 5.32 million and ₹ 12.63 million till September 8, 2014, for any loss or damaged caused to or suffered by KDMC for any breach during the reconciliation of receivables for the work of collection and transport and for any breach during the reconciliation of handing over of the infrastructure to KDMC respectively. On August 31, 2013, the agreement had come to an end and there were no dues including salary wages pending from our Company. In view of the said bank guarantees, our Company, in the year 2014, approached the District Court of Thane for interim reliefs under section 9 of the Arbitration and Conciliation Act, 1996 to restrain KDMC from encashing/ making any payments under the bank guarantees. On August 12, 2014, the Hon'ble Court passed an order directing the bank not to encash or clear the amount of the bank guarantee and if the bank guarantee is credited to the account of KDMC, KDMC was directed to retain the said amount intact till further orders are passed by the Hon'ble Court. The matter is kept for arguments before the Hon'ble Court and presently our Company and KDMC are discussing settlement.
6. In-order to meet the growing need of collecting, transporting and disposing of municipal solid waste generated in Mangaluru City and implement the scientific, professional, organized and systematic way of handling the same, the Corporation of the City of Mangaluru (“MCC”) had called for a global tender. Our Company was awarded the tender pursuant to which our Company entered into a contract with the MCC dated August 22, 2014 (“Contract”) for the disposal of municipal solid waste in the ‘North Zone’. Our Company performed its obligations under the Contract including furnishing a bank guarantee for ₹ 34.32 million. MCC breached fundamental obligations and was in violation of the Contract, *inter alia*, unjustified and unreasonable delay in making the payments of monthly bill amount, withholding of monthly bill amount under the guise of deductions, penalties and retentions, failing to

monitor the execution of the contract on a daily basis and failing to rectify the “MCC Event of Default” clause of the contract inspite of our Company issuing default notices and providing an opportunity to rectify the event of default.

In view thereof, our Company initiated arbitration proceedings against MCC. Our Company contends that the total outstanding from the MCC is ₹ 282.94 million along with interest and has recently filed a petition before the High Court of Karnataka to appoint independent arbitrator. The matter is currently pending.

7. In-order to meet the growing need of collecting, transporting and disposing of municipal solid waste generated in Mangaluru City and implement the scientific, professional, organized and systematic way of handling the same, the Corporation of the City of Mangaluru (“MCC”) had called for a global tender. Our Company was awarded the tender pursuant to which our Company entered into a contract with the MCC (“Contract”) for the disposal of municipal solid waste in the ‘South Zone’. Our Company performed its obligations under the Contract. However, MCC breached fundamental obligations and was in violation of the Contract, *inter alia*, withholding of monthly bill amount under the guise of deductions, penalties and retentions. In view thereof, our Company initiated arbitration proceedings against MCC. Our Company contends that the total outstanding from the MCC is ₹ 228.30 million along with interest and has recently filed a petition before the High Court of Karnataka to appoint independent arbitrator. The matter is currently pending.
8. Our Company had entered into an agreement with Bhiwandi Nizampur City Municipal Corporation (“BNCMC”) on October 15, 2005 (“Agreement”), wherein, our Company was awarded the tender by the BNCMC for solid waste management works as per the provisions of the Municipal Solid Wastes (Management & Handling) Rules, 2000 (“MSW Rules”). Due to the repeated breaches and non-compliance of the terms of the Agreement, our Company, on March 21, 2013, invoked arbitration between the parties. Our Company filed a statement of claim stating that under the Agreement it was the duty of the BNCMC to provide land for the composting plant under the Agreement.

Our Company was provided with a dumping ground that was unfit for proper processing and disposal. This dumping ground was not in compliance with the MSW Rules, 2000 and made it very difficult for our Company to carry on with its works under the Agreement. There was huge resistance from the villagers regarding the said dumping ground and for the land given for the compost plant. Our Company incurred additional costs and penalties due to such breaches on the part of BNCMC. The BNCMC had made irregular payments to our Company and without any prior notice made unnecessary deductions and imposed unwarranted penalties. Our Company also contended that they incurred costs of nearly ₹ 24.48 million on deployment of bulldozers and pocklain due to the inadequate disposal systems provided by the BNCMC in addition to the annual rent of ₹ 0.36 million paid. Our Company *vide* its statement of claim claimed an amount of ₹ 241.31 million along with 18% interest on account of the repeated breaches, non-compliance of the terms of the Agreement and loss incurred by our Company.

The BNCMC in its statement of defence and counter claim has contended that our Company had failed to comply with its responsibilities under the Agreement, due to which they had to incur huge costs and in turn claimed an amount of ₹ 313.17 million along with 18% interest. They further wrongfully claimed ₹ 83.40 million along with 18% interest for the construction and maintenance of the compost plant and ₹ 1 million along with 18% interest on the ground that our Company had disposed waste illegally. Our Company in its rejoinder to the statement of defence and counter claim contended that the land provided by BNCMC was improper and not owned by BNCMC due to which it faced local resistance and disconnection of electric supply due to the inability of BNCMC to procure the NOC from the Gram Panchayat of the Katai village. Our Company was forced to take a private ground at Bhiwandi to carry out work and the same had been acknowledged by BNCMC in a letter dated October 8, 2007. The arbitral proceedings have concluded. The arbitrator in his award directed BNCMC to pay a total of ₹. 65.6 million along with interest at 15.5% per annum and costs. However, our Company has filed a petition before the Hon’ble Bombay High Court contending that the Hon’ble sole arbitrator has considered only two claims out of the six claims. Both the parties aggrieved by the award filed a petition in the Bombay High Court and then decided to settle the issue. BNCMC agreed to pay ₹ 150 million and settle the issue. The said settlement proposal put up by the municipal commissioner was approved and consent terms were executed and thereafter an interim application was filed in the Bombay High Court for recording the compromise. By an order dated July 3, 2020, the Bombay High Court recorded the compromise and the accordingly arbitration petitions were disposed off. While disposing off the

petitions, the Bombay High Court observed that none of the observations of the arbitrator concerning either parties survived any longer. The BNCMC has filed an appeal challenging the order passed by the Bombay High Court dated July 3, 2020. The matter is currently pending.

(ii) Outstanding criminal proceedings involving our Company

(a) Criminal proceedings against our Company

Our Company is involved in the municipal solid waste management industry, which includes, transportation of municipal solid waste, it warrants an extensive use of heavy vehicles.

1. A motor cycle which was earlier registered in the name of our Company, met with an accident on March 23, 2014 injuring an individual, who eventually succumbed to the injuries. The dependents of the deceased bought a claim petition before the Motor Accident Claims Tribunal, Gaziabad, U.P (“MACT”) claiming a total compensation of ₹ 13 million. Our Company has pleaded that it was not the owner of the vehicle as on the date of the alleged accident, the vehicle was sold to another person on the payment of entire sales consideration. Also, no employee was riding the bike at the time of accident. Our Company has also contended that it has been unnecessarily joined in the said case. Currently the matter is pending before the Allahabad High Court.

Other than the matters mentioned above, our Company has five accident-related criminal cases. We have adequate insurance coverage, however, there can be no assurance of any future financial liability arising on the Company on account of the above mentioned cases.

5. Our Company was awarded the zonal contract of collection and transportation of solid waste for a term of 5 years (starting June 2007 ending May 2012), to collect and transport of municipal solid waste. The services provided by our Company were allegedly found deficient and irregular, which resulted in deduction between the range of 30%-58% of the consolidated bill amount for the period referred by the Municipal Corporation of Greater Mumbai. Our Company then invoked the dispute resolution clause of the said contract and pleaded before the Dispute Resolution Committee (“DRC”) for: (i) restriction of penalty to a maximum of 10% of monthly indent amount, and; (ii) release of withheld bank guarantee. The sum total of the pending bills and withheld bank guarantee is ₹ 125.15 million. Currently, the matter is pending before the DRC.

LITIGATION INVOLVING OUR SUBSIDIARIES

(i) Outstanding litigation involving our Subsidiaries in accordance with the Materiality Policy

(a) Civil proceedings against our Subsidiaries

1. J.S. Enviro Services Private Limited (“JSESPL”) had filed a commercial suit against A.G. Enviro Infra Projects Private Limited (“AGEIPL”) for recovery and damages for breach of contract. JSESPL contended that an agreement dated May 1, 2015 was entered into between the AGEIPL and the Municipal Corporation of Delhi. On the basis of this agreement, the services were assigned further to JSESPL. These services were related to the collection, segregation, transportation and disposal of municipal solid waste. However, disputes arose between JSESPL and AGEIPL with respect to the payments that were allegedly due to be made to JSESPL by AGEIPL. JSESPL further contended that out of the total dues of ₹ 35.83 million, only a sum of ₹ 8.93 million has been paid to them. Therefore, JSESPL prayed for a recovery to the tune of ₹ 24.98 million. The matter was referred to mediation where AGEIPL did not agree to the settlement offer. AGEIPL preferred an application under the

Arbitration and Conciliation Act, 1996, which was allowed and the preliminary submissions were made. The Hon'ble Sole Arbitrator *vide* his arbitral award dated October 30, 2019, awarded JSESPL an amount of ₹ 24.98 million to be paid by AGEIPL. AGEIPL has preferred a petition under Section 34 of Arbitration and Conciliation Act, 1996 for setting aside the arbitral award dated October 30, 2019 and the same is pending before the Hon'ble Delhi High Court.

2. A.G. Enviro Infra Projects Private Limited (“AGEIPL”) had received a demand notice from Rajesh Pujari alleging that there was unpaid outstanding amount to the tune of approximately ₹ 5.35 million. AGEIPL has *vide* its reply dated October 10, 2019, refuted the abovementioned claims and had requested for the withdrawal of the said demand notice. Thereafter, AGEIPL received a notice dated February 17, 2020 intimating them of a company petition being filed under Section 9 of the Insolvency and Bankruptcy Code, 2016 before the National Company Law Tribunal (“NCLT”) against AGEIPL. The matter is currently pending.

(iii) Writ petitions / PILs

1. The petition has been filed by an NGO, Vanshakti, seeking direction to stop the activities at the Integrated Municipal Solid Waste Processing & Disposal Facility at Kanjur and for revocation of the clearances granted by the Ministry of Environment and Forest. Antony Lara Enviro Solutions Private Limited (“ALESPL”) is the concessionaire of the Municipal Corporation of Greater Mumbai (“MCGM”) in respect of the site and is arrayed as a party respondent. Reply affidavits have been duly filed by ALESPL on March 3, 2017 and August 11, 2018, contesting the case of Vanshakti on various grounds including the validity and legality of the clearances granted, the state of the art and environment friendly technology utilised at the site and the conformity with the applicable laws including environmental legislations. An ad-interim order was passed on November 6, 2012, in favour of Vanshakti which was subsequently vacated by order dated November 22, 2012. The matter is placed for final hearing with no interim order operating against the Kanjur facility in the matter.
2. The petition has been filed by Mangesh Eknath Sangle (“**Petitioner**”), claiming to be a social activist espousing the cause and grievances of Kannamwar Nagar, Tagore Nagar and nearby areas in Mumbai, seeking direction to stop the activities at the Integrated Municipal Solid Waste Processing & Disposal Facility at Kanjur. The petition has been heard from time to time along with PIL No. 131 of 2012 filed seeking similar directions. Antony Lara Enviro Solutions Private Limited (“ALESPL”) was not originally a party to the proceedings but being a necessary party to the outcome of such proceedings, duly filed Chamber Summons (L) No. 75 of 2016, seeking impleadment in the matter. Such intervention application was allowed by an order dated August 2, 2016. On February 21, 2018, the Hon'ble Bombay High Court rejected the prayers for interim relief, for the reasons recorded separately in the order dated April 21, 2018, passed in PIL No. 27 of 2016 (WP No. 790 of 2018). The Petitioner has not appeared in the matter on the last several occasions and as on date, there is no adverse order operating in respect of the Kanjur Site in the matter, which is now pending final hearing and disposal.

3. The petition has been filed by the Kannamwar Co-operative Housing Society Association and Others (“**KCHSA**”) challenging the clearances granted to the Integrated Municipal Solid Waste Processing & Disposal Facility at Kanjur and seeking closure of the same. Antony Lara Enviro Solutions Private Limited (“**ALESPL**”) is the concessionaire of the Municipal Corporation of Greater Mumbai (“**MCGM**”) in respect of the site and is arrayed as a party respondent. Reply affidavits have been duly filed by ALESPL on April 13, 2016, December 1, 2016 and July 19, 2017, contesting the case of the KCHSA on various grounds including the validity and legality of the clearances granted, the state of the art and environment friendly technology utilised at the site and the conformity with the applicable laws including environmental legislations.

The petition was initially filed as a Public Interest Litigation No. 27 of 2016. One of the grounds of contention raised by ALESPL in their reply affidavit was the lack of public interest, which was considered by the Hon’ble Bombay High Court and by an order dated February 21, 2018, it was directed that the PIL, be converted into a writ petition. By the order dated February 21, 2018, it was stated that interim relief of stopping the activity at Integrated Municipal Solid Waste Processing & Disposal Facility at Kanjur could not be granted as the same was the only lawful facility in the city of Mumbai which has all the requisite clearances and permissions. By a further order dated 19th June 2018, the Hon’ble High Court rejected all prayers made for interim relief and directed that the matter shall be taken up for final hearing.

4. The petition is filed for review of judgment and order dated June 10, 2016 passed by the Hon’ble High Court, Bombay in writ petition no. 1720 of 2014. The writ petition had been filed by the Municipal Corporation of Greater Mumbai (“**MCGM**”) challenging the order of November 4, 2013 passed by the Ministry of Environment and Forest to the extent that the same directed demolition of the compound wall in respect of area affected by the Coastal Regulation Zone (“**CRZ**”) on the site of the Integrated Municipal Solid Waste Processing & Disposal Facility at Kanjur. By the judgment and order dated June 10, 2016, the Hon’ble High Court declined to interfere with the order dated November 4, 2013. The said judgment was thereafter challenged by the MCGM by way of SLP (Civil) No. 23247 of 2016, wherein by way of order dated August 9, 2016, liberty was granted to seek review of the judgment and order dated June 10, 2016, with further liberty to MCGM to challenge the judgment, pursuant to the hearing of the review petition. Review of the judgment and order dated June 10, 2016 was necessitated owing to the fact that at the pronouncement of the same, in principle approval granted by the State Environment Impact Assessment Authority covering the balance CRZ affected portion of the land had been granted which was placed before the Hon’ble High Court. Subsequently, further permissions / approvals came to be granted in furtherance of such in-principle approvals which had not been considered at the time of the judgment and order dated June 10, 2016. Antony Lara Enviro Solutions Private Limited is supporting the case of MCGM on the ground that the activity contemplated is permissible under the notifications pertaining to the Coastal Regulation Zone and that the compound wall ought to be retained, the same being mandatory under the provisions of the Municipal Solid Waste Rules, 2016 and as directed by the Hon’ble Bombay High Court in PIL No. 217 of 2009 pertaining to the Deonar dumping ground site.
5. The petition has been filed by an NGO, Vanshakti and another who have submitted that the facility viz. the bio reactor technology executed by Antony Lara Enviro Solutions Private Limited (“**ALESPL**”) as a contractor for Municipal Corporation of Greater Mumbai (“**MCGM**”), for the treatment of MSW is in an ecologically sensitive zone. It was further contended that the said project for treatment of MSW would fall under category ‘A’ as it is located within 5 kms from the protected areas as notified under the Wildlife (Protection) Act, 1972 or in an eco-sensitive area and further contended that permission of the National Board for Wildlife as well as permission of the Ministry of Environment, Forest and Climate Change should have been taken.

The Hon’ble Bombay High Court on September 19, 2019 had stayed the operations and passed an order passed without hearing ALESPL. Affidavits-in-reply have been filed thereafter by MCGM and ALESPL, who have prayed for vacation of the *ad interim* stay order. At present, the stay has been vacated by an order dated December 5, 2019 and thereafter, Vanshakti filed a special leave petition in the Hon’ble Supreme Court challenging the order that vacated the stay. The Hon’ble Supreme court has disposed of the petition and directed the Hon’ble Bombay High Court to dispose of the matter within three months. This matter is currently pending before the Hon’ble Bombay High Court for filing of reports of the expert agencies appointed by the Hon’ble Supreme Court.

1. Antony Lara Enviro Solution Private Limited (“**ALESPL**”) had entered into an agreement with the Municipal Corporation of Greater Mumbai (“**MCGM**”) to develop and maintain a landfill and to process municipal solid waste, which involved the levelling and flattening of the landfill. MCGM alleged that ALESPL illegally mounted / filled / unloaded / deposited Soil, Rocks, Earth and Construction Waste (“**C&D Waste**”) for filling of the landfills. The Tahasildar, Kurla (Mulund) passed an order dated March 29, 2012 requiring ALESPL to pay an amount of ₹ 1082.25 million to the office of the Tahasildar. ALESPL filed an appeal before the subdivisional officer against this order. ALESPL contended that as per the agreement, it was MCGM’s responsibility to provide the C&D Waste and the role of ALESPL was only limited to compressing, levelling and flattening of the C&D Waste at the site. ALESPL further contended that even the collection of the relevant royalty challans was not the responsibility of ALESPL. This appeal was on account of wrongful quantification of C&D Waste on the said site. ALESPL also alleged that it was the responsibility of the BMC to maintain proper records in this regard and thus prayed for a stay on the aforementioned order and an order restraining the corporation from recovering the amount till the appeal is finally disposed. The matter is currently pending for re-investigation.

LITIGATION INVOLVING OUR GROUP COMPANIES

1. Antony Garages Private Limited (“AGPL”) had filed an application before the Hon'ble Sole Arbitrator against Pune Mahanagar Parivahan Mahamandal Limited (“PMPML”) on June 12, 2019 in lieu of the dispute between the parties regarding the outstanding Value Added Tax (“VAT”), interest and penalty thereof. AGPL had entered into agreements with PMPML for supply and hire services of passenger buses and had raised bills on PMPML on the base rate without charging VAT. AGPL then contended that PMPML had denied the VAT due from 2008-2009 to 2017-2018, despite various demands made by AGPL from time to time. In view thereof, AGPL filed the application for PMPML to be directed to pay an amount of ₹ 440.30 million to AGPL which would include the VAT, penalty and interest thereof.
2. Antony Garages Private Limited (“AGPL”) had entered into a contract with Pune Mahanagar Parivahan Mahamandal Limited (“PMPML”) for supply and operation of buses in Pune. AGPL has contended that they had taken bank loans on the basis of PMPML's assurance that the monthly usage will be 6000 kms. AGPL has contended that PMPML has not paid the payments on time which has caused AGPL financial losses. AGPL in its arbitration petition has further claimed amounts for various instances such including stop-skip penalty, overspeeding penalty, improper opening and closure of BRT doors penalty, cancellation of trip penalty, break-down penalty, etc. totalling to ₹ 475.12 million. The matter is currently pending.
3. Antony Motors Private Limited (“AMPL”) is a member of the Small Scale Entrepreneur Association, TTC (“SSEA”). SSEA had taken possession of a portion of land and had sought to make modifications to the records of Maharashtra Industrial Development Corporation, Maharashtra State Electricity Distribution Company Limited and Navi Mumbai Municipal Corporation (“NMMC”). For making such modifications, SSEA was asked to pay a certain value which they disputed. SSEA had sought the quashing of the orders and show-cause notices issued by the NMMC which had imposed various

penalties and punishments. SSEA had further contended that the property tax, cess, local body tax under Maharashtra Municipal Corporation Act, 1949, do not apply in areas that are “notified areas” under the Maharashtra Industrial Development Act, 1961 notification, including the 19 villages that are otherwise under the “notified area” and that the same is illegal and inoperative. The petition has been converted into a civil appeal and the matter is currently pending.

A similar petition was also filed by AMPL along with other petitioners in the Hon’ble Bombay High Court in 2016.

4. Antony Motors Pvt. Ltd. (“**AMPL**”) has addressed a notice to New India Assurance Company Limited initiating arbitral proceedings with their nomination of a sole arbitrator, under Section 11 of the Arbitration and Conciliation Act, 1996. AMPL has called upon New India Assurance Company Limited to confirm the appointment of the sole arbitrator or appoint their nominee and consider AMPL’s nominee, within 30 days from the receipt of the notice. The matter is currently pending.

Other than the cases mentioned above, the Group Companies also have pending cases before the Employees Provident Fund Appellant Tribunal and a writ petition against The Union of India & The Chief Commissioner of Customs & The Commissioner & Deputy / Asst Commissioner of CGST & Central Excise for non-receipt of credit relating to the Central Excise before the Bombay High Court

Criminal cases against our Group Companies

1. The Ambarnath Municipal Corporation (“**AMC**”) had invited tender for the purchase of a JCB machine. Since, Antony Garages Private Limited (“**AGPL**”) was the lowest tenderer, the AMC purchased the machine from AGPL by following the due procedure and taking approval of the general body. AGPL supplied the machine and paid the relevant octroi amount also on the machine. Thereafter, two municipal counsellors filed an application with the Anti-Corruption Bureau alleging that had the AMC bought machines from another company, the cost would have been lesser. A case was filed before the Hon’ble Kalyan Court where AGPL has filed an application for discharge. The matter is currently pending.

OTHER REGULATORY AND STATUTORY DISCLOSURES

Authority for the Issue

Our Board of Directors has approved the Issue pursuant to the resolution passed at their meeting held on September 19, 2020 and our Shareholders have approved the Issue pursuant to a special resolution passed at the annual general meeting held on September 24, 2020.

The Offer for Sale has been authorised by Leeds (Mauritius) Limited, Tonbridge (Mauritius) Limited, Cambridge (Mauritius) Limited and Guildford (Mauritius) Limited (together, the “**Selling Shareholders**”) pursuant to resolutions passed by each of their board of directors on September 29, 2020 for each Selling Shareholder.

Our Board of Directors have approved and adopted the Draft Red Herring Prospectus for filing with SEBI and the Stock Exchanges and have also taken on record the Offer for Sale by Selling Shareholders pursuant to its resolution dated September 29, 2020.

Our Company has received in-principle approvals from BSE and NSE for the listing of the Equity Shares pursuant to letters dated [●] and [●] respectively.

Prohibition by SEBI or other Governmental Authorities

Our Company, our Promoters (including any persons in control of our Company), our Directors, the members of our Promoter Group, our Group Companies and the Selling Shareholders, have not been prohibited from accessing capital markets or debarred from buying, selling or dealing in securities under any order or direction passed by SEBI or any securities market regulator in any other jurisdiction or any other authority or court.

None of the companies with which our Promoters or Directors of our Company are associated as promoter or directors have been debarred from accessing capital markets under any order or direction passed by SEBI or any other regulatory or governmental authorities.

None of our Directors are associated with the securities market in any manner.

None of our Promoters or Directors is a fugitive economic offender.

There has been no action taken by SEBI against our Directors or any entity in which our Directors are involved as promoters or directors.

The listing of any securities of our Company and our Subsidiaries has never been refused at any time by any of the stock exchanges in India or abroad.

Declaration as Wilful Defaulter

Neither our Company, nor our Promoters, the relatives of our Promoters (as defined under the Companies Act), Directors nor the Selling Shareholders have been identified as wilful defaulters in terms of the SEBI ICDR Regulations.

Compliance with Companies (Significant Beneficial Ownership) Rules, 2018

Under the Companies (Significant Beneficial Ownership) Rules, 2018 (“**SBO Rules**”), as amended, certain persons who are ‘significant beneficial owners’, are required to intimate their beneficial holdings to the Company in Form no. BEN-1. However, pursuant to the notification dated February 8, 2019, issued by the Ministry of Corporate Affairs, Government of India (“**MCA**”), the SBO Rules shall not apply to Securities and Exchange Board of India registered Investment Vehicles such as mutual funds, alternative investment funds (AIF), Real Estate Investment Trusts (REITs), Infrastructure Investment Trust (InVITs) regulated by the Securities and Exchange Board of India, Investment Vehicles regulated by Reserve Bank of India, or Insurance Regulatory and Development Authority of India, or Pension Fund Regulatory and Development Authority. Therefore, each Selling Shareholder confirms that as at the date of this Draft Red Herring Prospectus, no compliance is required to be made by each of them under the SBO Rules. The Company, Promoters and Promoter Group confirm that as at the date of this Draft Red Herring Prospectus they have complied with their respective obligations under the SBO Rules.

Any person into whose possession this Draft Red Herring Prospectus comes is required to inform himself or herself about, and to observe, any such restrictions. Any dispute arising out of the Issue will be subject to the jurisdiction of appropriate court(s) in Mumbai only.

Selling and transfer restrictions

No action has been, or will be, taken to permit a public offering in any jurisdiction where action would be required for that purpose, except that this Draft Red Herring Prospectus has been filed with SEBI for its observations. Accordingly, the Equity Shares represented thereby may not be offered or sold, directly or indirectly, and this Draft Red Herring Prospectus may not be distributed, in any jurisdiction, except in accordance with the legal requirements applicable in such jurisdiction. Neither the delivery of this Draft Red Herring Prospectus nor any sale hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of our Company or the Selling Shareholders since the date hereof or that the information contained herein is correct as of any time subsequent to this date.

NO PERSON OUTSIDE INDIA IS ELIGIBLE TO BID FOR EQUITY SHARES UNLESS THAT PERSON HAS RECEIVED A PRELIMINARY OFFERING MEMORANDUM FOR THE OFFER, WHICH COMPRISES THIS DRAFT RED HERRING PROSPECTUS AND A PRELIMINARY INTERNATIONAL WRAP THAT CONTAINS, AMONG OTHER THINGS, THE SELLING RESTRICTIONS APPLICABLE TO THE OFFER OUTSIDE INDIA AND THE APPLICABLE LAWS OF THE JURISDICTIONS WHERE SUCH OFFERS AND SALES ARE MADE.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or the securities laws of any state of the United States and may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. The Equity Shares are being offered and sold only outside the United States in reliance on Regulation S and the applicable laws of the jurisdictions where such offers and sales occurs.

Each purchaser of the Equity Shares offered in the Issue is deemed to have represented, warranted, agreed and acknowledged as follows:

- It understands that the Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or the laws of any state of the United States and are being offered and sold to it in reliance on Regulation S.
- It was outside the United States at the time the offer of the Equity Shares offered in the Issue was made to it and it was outside the United States when its buy order for the Equity Shares offered in the Issue was originated.

- It did not purchase the Equity Shares offered in the Issue as a result of any “directed selling efforts” (as defined in Regulation S).
- It is buying the Equity Shares offered in the Issue for investment purposes and not with a view to the distribution thereof. If in the future it decides to offer, resell, pledge or otherwise transfer any of the Equity Shares offered in the Offer, it agrees that it will not offer, sell, pledge or otherwise transfer the Equity Shares offered in the Issue except in transactions complying with Rule 903 or Rule 904 of Regulation S or pursuant to any other available exemption from registration under the U.S. Securities Act and in accordance with all applicable securities laws of the states of the United States and any other jurisdiction, including India.
- Where it is subscribing to the Equity Shares offered in the Issue as fiduciary or agent for one or more investor accounts, it has sole investment discretion with respect to each such account and it has full power to make the representations, warranties, agreements and acknowledgements herein.
- Where it is subscribing to the Equity Shares offered in the Issue for one or more managed accounts, it represents and warrants that it was authorised in writing by each such managed account to subscribe to the Equity Shares offered in the Issue for each managed account and to make (and it hereby makes) the representations, warranties, agreements and acknowledgements herein for and on behalf of each such account, reading the reference to “it” to include such accounts.
- It agrees to indemnify and hold our Company, the Selling Shareholders and the Members of the Syndicate harmless from any and all costs, claims, liabilities and expenses (including legal fees and expenses) arising out of or in connection with any breach of these representations, warranties or agreements. It agrees that the indemnity set forth in this paragraph shall survive the resale of the Equity Shares purchased in the Issue.

It acknowledges that our Company, the Selling Shareholders, the Members of the Syndicate, their respective affiliates and others will rely upon the truth and accuracy of the foregoing representations, warranties, agreements and acknowledgements.

Listing

Applications have been made to the Stock Exchanges for permission to deal in and for an official quotation of the Equity Shares. [●] will be the Designated Stock Exchange with which the Basis of Allotment will be finalised.

If the permissions to deal in, and for an official quotation of, the Equity Shares are not granted by any of the Stock Exchanges mentioned above, our Company will forthwith repay, without interest, all monies received from the applicants in pursuance of the Red Herring Prospectus and each of the Selling Shareholder will be liable to reimburse our Company for any such repayment of monies, on its behalf, with respect to such Selling

Shareholder's Offered Shares. If such money is not repaid within the prescribed time, then our Company, the applicable Selling Shareholder(s) and every officer in default shall be liable to repay the money, with interest, as prescribed under applicable law. Any expense incurred by our Company on behalf of the Selling Shareholders with regard to interest on such refunds will be reimbursed by the relevant Selling Shareholder(s) in proportion to such Selling Shareholder's Offered Shares. For the avoidance of doubt, subject to applicable law, the Selling Shareholders shall not be responsible to pay interest for any delay, except to the extent that such delay has been caused by any act or omission solely attributable to such Selling Shareholder and to the extent of the Offered Shares of such Selling Shareholder.

Our Company shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges are taken within six Working Days from the Bid/Issue Closing Date. Further, each of the Selling Shareholder confirms that it shall provide assistance to our Company, and the Book Running Lead Managers, as may be reasonably required and necessary, for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges within six Working Days from the Bid/Issue Closing Date, in relation to its Offered Shares.

If our Company does not Allot Equity Shares pursuant to the Issue within six Working Days from the Bid/Issue Closing Date or within such timeline as prescribed by SEBI, it shall repay, without interest, all monies received from Bidders, failing which interest shall be due to be paid to the Bidders at the rate of 15% per annum for the delayed period.

Except for listing fees which shall be solely borne by our Company, all Issue expenses will be shared, upon successful completion of the Issue, between our Company and the Selling Shareholders on a pro-rata basis, in proportion to the Equity Shares issued and allotted by our Company in the Fresh Issue and the Equity Shares sold by each of the Selling Shareholder in the Offer for Sale. However, in the event that the Issue is withdrawn by our Company or not completed for any reason whatsoever, all the Issue related expenses will be solely borne by our Company. Any payments by our Company in relation to the Issue expenses on behalf of the Selling Shareholders shall be reimbursed by the Selling Shareholders to our Company inclusive of taxes.

Redressal of Investor Grievances

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of at least three years from the last date of despatch of the letters of allotment, demat credit and refund orders to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

All grievances may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the Bid cum Application Form was submitted. The Bidder should give full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder’s DP ID, Client ID, UPI ID as applicable, PAN, date of submission of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, the name and address of the Designated Intermediary where the Bid cum Application Form was submitted by the Bidder and ASBA Account number.

Further, the Bidders shall also enclose a copy of the Acknowledgment Slip duly received from the Designated Intermediaries in addition to the documents/information mentioned hereinabove.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or first Bidder, Anchor Investor Application Form number, Bidders’ DP ID, Client ID, PAN, date of the Anchor Investor Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Anchor Investor Application Form and the name and address of the Book Running Lead Managers where the Bid cum Application Form was submitted by the Anchor Investor.

All grievances relating to Bids submitted with Registered Brokers, may be addressed to the Stock Exchanges, with a copy to the Registrar to the Issue. Further, Bidders shall also enclose a copy of the Acknowledgment Slip received from the Designated Intermediaries in addition to the information mentioned hereinabove.

The Board of Directors of our Company has constituted a Stakeholders Relationship Committee for redressal of investor grievances. For details, see “*Our Management – Committees of the Board in accordance with the SEBI Listing Regulations – Stakeholders’ Relationship Committee*” on page 160.

As on the date of this Draft Red Herring Prospectus, there are no pending investor complaints. Our Company has not received any investor complaint in the three years prior to the filing of this Draft Red Herring Prospectus. Our Company has obtained authentication on the SCORES and complied with the SEBI circular (CIR/OIAE/1/2013) dated April 17, 2013 in relation to redressal of investor grievances through SCORES.

Our Company has also appointed Harshada Rane, Company Secretary of our Company as the Compliance Officer for the Issue and she may be contacted in case of any pre- Issue or post- Issue related problems. For details, see “*General Information – Company Secretary and Compliance Officer*” on page 51.

The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders. Our Company, the Book Running Lead Managers and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the SEBI ICDR Regulations.

SECTION VII: ISSUE INFORMATION

TERMS OF THE ISSUE

The Equity Shares being issued and offered pursuant to the Issue shall be subject to the provisions of the Companies Act, the SEBI ICDR Regulations, the SCRA read with the SCRR, the MoA and AoA, the terms of the Red Herring Prospectus, the Prospectus, the Abridged Prospectus, the Bid cum Application Form, the Revision Form, the CAN, the Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advice and other documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to applicable laws, including guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government, the Stock Exchanges, the RBI, the RoC and/or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by SEBI, the RBI, the Government, the Stock Exchanges, the RoC and/or any other authorities while granting their approval for the Issue.

The Equity Shares being Allotted pursuant to the Issue shall rank *pari-passu* in all respects with the existing Equity Shares including in respect of the right to receive dividend. The Allottees upon Allotment of Equity Shares under the Issue, will be entitled to dividend and other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, see “*Main Provisions of Articles of Association*” beginning on page 355.

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the Memorandum and Articles of Association and provisions of the SEBI Listing Regulations and any other guidelines or directions which may be issued by the Government in this regard. Dividends, if any, declared by our Company after the date of Allotment (pursuant to the transfer of Equity Shares from the Offer for Sale), will be payable to the Bidders who have been Allotted Equity Shares in the Offer, for the entire year, in accordance with applicable laws. For further details, in relation to dividends, see “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” beginning on pages 176 and 355, respectively.

The Issue

The Issue comprises a Fresh Issue and an Offer for Sale by the Selling Shareholders. Except for listing fees which shall be solely borne by our Company, all Issue expenses will be shared, upon successful completion of the Issue, between our Company and the Selling Shareholders on a pro-rata basis, in proportion to the Equity Shares issued and allotted by our Company in the Fresh Issue and the Equity Shares sold by the Selling Shareholders in the Offer for Sale. However, in the event that the Issue is withdrawn by our Company or not completed for any reason whatsoever, all the Issue related expenses will be solely borne by our Company. Any payments by our Company in relation to the Issue expenses on behalf of the Selling Shareholders shall be reimbursed by the Selling Shareholders to our Company inclusive of taxes.

Ranking of the Equity Shares

The Equity Shares being issued and transferred pursuant to the Issue shall rank *pari passu* in all respects with the existing Equity Shares including in respect of the right to receive dividend and voting. The Allottees, upon Allotment of the Equity Shares under the Issue, will be entitled to dividend and / or any other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, see “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” beginning on pages 176 and 355, respectively, of this Draft Red Herring Prospectus.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the MoA and the AoA and provisions of the SEBI Listing Regulations, as applicable. Dividends, if any declared by our Company after the date of Allotment will be payable to the Bidders who have been Allotted Equity Shares in the Issue, in accordance with the applicable laws. For further details in relation to dividends, see “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” beginning on pages 176 and 355, respectively.

Face Value and Issue Price

The face value of each Equity Share is ₹ 5 and the Issue Price at the lower end of the Price Band is ₹ [●] per Equity Share and at the higher end of the Price Band is ₹ [●] per Equity Share. The Anchor Investor Issue Price is ₹ [●] per Equity Share. At any given point of time, there shall be only one denomination for the Equity Shares of our Company, subject to applicable laws.

The Floor Price of the Equity Shares is ₹ [●] per Equity Share and the Cap Price is ₹ [●] per Equity Share. The Price Band and the minimum Bid Lot for the Issue will be decided by our Company and the Selling Shareholders in consultation with the Book Running Lead Managers and advertised in all editions of the English national daily newspaper [●], all editions of the Hindi national daily newspaper [●], and [●] edition of the Marathi daily newspaper [●] (Marathi being the regional language of Maharashtra, where the Registered Office is located), each with wide circulation, at least two Working Days prior to the Issue Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the websites of the Stock Exchanges.

Rights of the Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability, subject to applicable laws including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations and the Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see “*Main Provisions of Articles of Association*” beginning on page 355.

Allotment only in Dematerialised Form and Market Lot and Trading Lot

The Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Issue:

- Agreement dated July 31, 2018 amongst NSDL, our Company and the Registrar to the Issue; and
- Agreement dated July 26, 2018 amongst CDSL, our Company and the Registrar to the Issue.

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Issue will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares.

Joint Holders

Where two or more persons are registered as the holders of the Equity Shares, they shall be entitled to hold the same as joint tenants with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts / authorities in Mumbai.

Nomination facility to investors

In accordance with section 72 of the Companies Act, 2013 read with the Companies (Share Capital and Debentures) Rules, 2014, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the Registrar and Transfer Agents of our Company.

Any person who becomes a nominee by virtue of the provisions of section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may, at any time, give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may, thereafter, withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the applicant would prevail. If the Bidders want to change the nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Issue

Our Company and the Selling Shareholders, in consultation with the Book Running Lead Managers, reserve the right not to proceed with the Issue, and each of the Selling Shareholder reserves the right not to proceed with the Offer for Sale, in whole or in part thereof, to the extent of the Offered Shares, after the Issue Opening Date but before the Allotment. In the event that our Company and the Selling Shareholders in consultation with Book Running Lead Managers decide not to proceed with the Issue at all, our Company would issue a public notice in the newspapers in which the pre- Issue advertisements were published, within two days of the Issue Closing Date, or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Registrar to the Issue shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges.

Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company and the Selling Shareholders withdraw the Issue at any stage including after the Issue Closing Date and thereafter determines that they will proceed with an issue/offer for sale of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI.

Issue Period (except the Issue Closing Date)	
Submission and Revision in Bids	Only between 10.00 A.M. and 5.00 P.M. IST
Issue Closing Date	
Submission and Revision in Bids	Only between 10.00 A.M. and 3.00 P.M. IST

On the Issue Closing Date, the Bids shall be uploaded until:

- (i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Bidders and Eligible Employees Bidding under the Employee Reservation Portion.

On the Issue Closing Date, extension of time will be granted by Stock Exchanges only for uploading Bids received by Retail Individual Bidders after taking into account the total number of Bids received and as reported by the Book Running Lead Managers to the Stock Exchanges.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs would be rejected.

Due to limitation of time available for uploading the Bids on the Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is in IST. Bidders are cautioned that, in the event a large number of Bids are received on the Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public/bank holiday). Neither the Company nor the Selling Shareholders or any member of the Syndicate is liable for any failure in uploading the Bids, due to faults in any software/hardware system or otherwise.

Our Company and the Selling Shareholders, in consultation with the BRLMs, reserve the right to revise the Price Band during the Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of any discrepancy in the data entered in the electronic book *vis-à-vis* the data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

In case of revision in the Price Band or in case of force majeure, banking strike or similar circumstances, which are to be recorded in writing, the Issue Period shall be extended by at least three additional Working Days after such an event, subject to the Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Issue Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a press release, by indicating the change on the terminals of the Syndicate Members and by intimation to the Designated Intermediaries.

Minimum Subscription

As prescribed, the minimum subscription in the Issue shall be 90% of the Fresh Issue. If our Company does not receive (i) the minimum subscription of 90% of the Fresh Issue on the Issue Closing Date and (ii) minimum Allotment as specified under Rule 19(2)(b) of the SCRR or if the subscription level falls below 90% on account of withdrawal of applications, or after technical rejections, or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares to be listed on such Stock Exchanges, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond fifteen days after our Company becomes liable to pay the subscription amount as prescribed under the SEBI ICDR Regulations, our Company and every Director of our Company who are officers in default, shall pay interest at the rate of 15% per annum. In case of under-subscription in the Fresh Issue, Equity Shares offered pursuant to the Fresh Issue will be issued prior to the sale of Equity Shares in the Offer for Sale. The requirement for minimum subscription is not applicable to the Offer for Sale.

Further, our Company shall ensure that the number of prospective Allottees to whom the Equity Shares will be Allotted shall not be less than 1,000 in compliance with Regulation 49(1) of the SEBI ICDR Regulations.

Any expense incurred by our Company on behalf of the Selling Shareholders with regard to refunds, interest for delays, etc. for the Equity Shares being offered pursuant to the Offer for Sale will be reimbursed by the Selling Shareholders in relation to the Offered Shares to our Company in proportion to the Equity Shares being offered for sale by such Selling Shareholder in the Issue, to the extent that the delay is solely attributable to such Selling Shareholder.

Arrangement for Disposal of Odd Lots

Since our Equity Shares will be traded in dematerialised form only, the market lot for our Equity Shares will be one and therefore no arrangements for disposal of odd lots are required.

Restrictions, if any, on Transfer and Transmission of Equity Shares

Except for (i) the lock-in of the pre- Issue Equity Shares, (ii) the minimum Promoters' contribution, (iii) Anchor Investor lock-in, pursuant to the Issue, and (iv) as provided in "*Main Provisions of our Articles of Association*" on page 355 of this Draft Red Herring Prospectus, there are no restrictions on transfers of Equity Shares. Further, there are no restrictions on transmission of shares/ debentures and on their consolidation/ splitting except as provided in our Articles of Association. For details, please see "*Main Provisions of our Articles of Association*" on page 355 of this Draft Red Herring Prospectus.

* Assuming full subscription in the Issue

Eligible Employees Bidding in the Employee Reservation portion can Bid up to a Bid Amount of ₹ 500,000. However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid Amount of up to ₹ 200,000. In the event of undersubscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000. Further, an Eligible Employee Bidding in the Employee Reservation Portion can also Bid in the Net Offer and such Bids will not be treated as multiple Bids subject to applicable limits. The unsubscribed portion if any, in the Employee Reservation Portion shall be added back to the Net Offer. In case of under-subscription in the Net Offer, spill-over to the extent of such under-subscription shall be permitted from the Employee Reservation Portion.

- (1) Our Company and the Selling Shareholders may, in consultation with the Book Running Lead Managers allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being made to other Anchor Investors. For details, see "Issue Procedure" beginning on page 335.
- (2) Subject to valid Bids being received at or above the Issue Price. This Issue is made in accordance with the Rule 19(2)(b) of the SCRR and is being made through the Book Building Process, in compliance with Regulation 6(1) of SEBI ICDR Regulations.
- (3) Bid Amount shall be payable by the Anchor Investors at the time of submission of the Anchor Investor Application Forms.
- (4) In case of joint Bids, the Bid cum Application Form contained only the name of the First Bidder whose name appeared as the first holder of the beneficiary account held in joint names. The signature of only such First Bidder was required in the Bid cum Application Form and such First Bidder was deemed to have signed on behalf of the joint holders.

Under-subscription, if any, in any category, except the QIB Portion, would be met with spill-over from the other categories at the discretion of our Company and the Selling Shareholders in consultation with the Book Running Lead Managers and the Designated Stock Exchange.

Employee Discount

Employee Discount, if any, will be offered to Eligible Employees bidding in the Employee Reservation Portion, and, at the time of making a Bid. Eligible Employees bidding in the Employee Reservation Portion at a price within the Price Band can make payment based on Bid Amount net of Employee Discount, at the time of making a Bid. Eligible Employees bidding in the Employee Reservation Portion at the Cut-Off Price have to ensure payment at the Cap Price, less Employee Discount, at the time of making a Bid.

ISSUE PROCEDURE

All Bidders should review the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular (CIR/CFD/DIL/12/2013) dated October 23, 2013 notified by SEBI (the “General Information Document”) and suitably modified from time to time, which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document has been updated to reflect the enactments and regulations, to the extent applicable to a public issue. The General Information Document is available on the websites of our Company, the Stock Exchanges and on the website of the Book Running Lead Managers. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue. The investors should note that the details and process provided in the GID should be read along with this section

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Bidders; (v) issuance of Confirmation of Allocation Note (“CAN”) and Allotment in the Issue; (vi) price discovery and allocation; (vii) general instructions (limited to instructions for completing the Bid cum Application Form); (viii) designated date; (ix) disposal of applications; (x) submission of Bid cum Application Form; (xi) other instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (xii) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xiii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through the UPI Circulars has proposed to introduce an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. UPI has been introduced in a phased manner as a payment mechanism in addition to ASBA for applications by Retail Individual Investors through intermediaries from January 1, 2019. The UPI Mechanism for Retail Individual Investors applying through Designated Intermediaries, in phase I, was effective along with the prior process and existing timeline of T+6 days (“UPI Phase I”), until June 30, 2019. Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and RIBs submitting their ASBA Forms through Designated Intermediaries (other than SCSBs) can only use UPI Mechanism with existing timeline of T+6 days until further notice pursuant to SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020 (“UPI Phase II”). The final reduced timeline will be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. The Issue will be made under UPI Phase II of the UPI Circular, subject to any circulars, clarification or notification issued by the SEBI from time to time.

Our Company, the Selling Shareholders and the Book Running Lead Managers do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus.

Book Building Procedure

The Issue is being made through the Book Building Process wherein not more than 50% of the Net Issue shall be allocated to QIBs on a proportionate basis, provided that our Company and Selling Shareholders, in consultation with the Book Running Lead Managers, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from them at or above the Anchor Investor Allocation Price. 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price. Furthermore, up to [●] Equity Shares (not exceeding 1% of the post-Issue Equity Share capital of our Company), shall be made available for allocation on a proportionate

basis only to Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids being received at or above the Issue Price, net of Employee Discount, if any.

Under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories, at the discretion of our Company and the Selling Shareholders in consultation with the Book Running Lead Managers and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialised mode of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders' depository account, including DP ID, UPI ID, as applicable, Client ID and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form.

Bid cum Application Form

Copies of the ASBA Form and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centers and our Registered Office. An electronic copy of the ASBA Form will also be available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com), at least one day prior to the Bid/Issue Opening Date. Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount can be blocked by the SCSB at the time of submitting the Bid.

For Anchor Investor, the Anchor Investor Application Form will be available at the office of the Book Running Lead Managers.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Issue only through the ASBA process. Anchor Investors are not permitted to participate in this Issue through the ASBA process. Bidders (other than Anchor Investors and Retail Individual Investors Bidding using the UPI Mechanism) must provide bank account details and authorisation by the ASBA account holder to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Form that does not contain such detail are liable to be rejected.

Bidders (other than RIBs using the UPI Mechanism and Anchor Investors) must provide bank account details and authorisation to block funds in the relevant space provided in the ASBA Form and the ASBA Forms that do not contain such details will be rejected. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*". Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by FPIs

In terms of the Securities and Exchange Board of India (Foreign Portfolio Investor) Regulations 2019 ("**SEBI FPI Regulations**"), investment in the Equity Shares by a single FPI or an investor group (which means multiple entities registered as foreign portfolio investors and directly and indirectly having common ownership of more than 50% of common control) shall be below 10% of our post-Offer Equity Share capital.

Further, in terms of the FEMA Rules the total holding by each FPI or an investor group, cannot exceed 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis and the aggregate holdings of all the FPIs, including any other direct and indirect foreign investments in our Company, shall not exceed 24 % of the total paid-up Equity Share capital on a fully diluted basis.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

In terms of applicable FEMA Rules and the SEBI FPI Regulations, investments by FPIs in the capital of an Indian company is subject to certain limits, i.e. the individual holding of an FPI (including its investor group) is restricted

to below 10% of the total paid-up equity capital of the company on a fully diluted basis and the aggregate limit for FPI investment is capped at 24% of the capital of the company. In case the total holding of an FPI or investor group increases beyond 10% of the total paid-up equity capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI or investor group will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements. Further, the total holdings of all FPIs put together, with effect from April 1, 2020, can be up to the sectoral cap applicable to the sector in which our Company operates (i.e. 100%). The aggregate limit may be decreased below the sectoral cap to a threshold limit of 24% or 49% or 74% as deemed fit by way of a resolution passed by our Board followed by a special resolution passed by the Shareholders of our Company. In terms of the FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Issue to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI is permitted to issue, subscribe to, or otherwise deal in offshore derivative instruments, directly or indirectly, only if it complies with the following conditions:

- a. such offshore derivative instruments are issued only by persons registered as category I FPIs;
- b. such offshore derivative instruments are issued only to persons eligible for registration as category I FPIs;
- c. such offshore derivative instruments are issued after compliance with the 'know your client' norms as specified by SEBI; and
- d. such other conditions as may be specified by SEBI from time to time.

An FPI is required to ensure that the transfer of an offshore derivative instruments issued by or on behalf of it, is subject to (a) the transfer being made to persons which fulfil the criteria provided under Regulation 21(1) of the SEBI FPI Regulations (as mentioned above from points (a) to (d)) and (b) prior consent of the FPI is obtained for such transfer, except in cases, where the persons to whom the offshore derivative instruments are to be transferred, are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules.

Bids by SEBI-registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations prescribe, *inter-alia*, the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of such VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

Category I and Category II AIFs cannot invest more than 25% of their respective corpus in one investee company. A Category III AIF cannot invest more than 10% of its corpus in one investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription pursuant to an initial public offering of a venture capital undertaking. An FVCI can invest only up to 33.33% of its investible funds, in the aggregate, in certain specified instruments, which includes subscription to an initial public offering of a venture capital undertaking or an investee company (as defined under the SEBI AIF Regulations).

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company, the Selling Shareholders and the Book Running Lead Managers will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Bids by Limited Liability Partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, as amended, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, as amended, must be attached to the Bid cum Application Form of such limited liability partnership. Failing this, our Company and the Selling Shareholders reserve the right to reject any Bid without assigning any reason thereof.

Bids by Banking Companies

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company and the Selling Shareholders reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "**Banking Regulation Act**"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a timebound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the investee company's paid-up share capital and reserves.

Bids by SCSBs

SCSBs participating in the Issue are required to comply with the terms of the circulars (No. CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013) dated September 13, 2012 and January 2, 2013 issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI-registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Bids by Systemically Important Non-Banking Financial Companies

In case of Bids made by systemically important non-banking financial companies, a certified copy of the certificate of registration issued by the RBI, a certified copy of its last audited financial statements on a standalone basis and a net worth certificate from its statutory auditor(s), must be attached to the Bid-cum Application Form. Failing this, our Company reserves the right to reject any Bid, without assigning any reason thereof. Systemically important non-banking financial companies participating in the Issue shall comply with all applicable regulations, guidelines and circulars issued by RBI from time to time.

Bids by Insurance Companies

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders reserve the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2016, as amended (the "**IRDAI Investment Regulations**"), are broadly set forth below:

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of (i) an amount of 10% of the investment assets of a life insurer or general insurer excluding fair value change of certain

investment assets as prescribed under the IRDAI Investment Regulations, and (ii) the aggregate amount of investment in debt and investment in equity as calculated under (a), (b) and (c) below, as the case may be.

- (i) *Limit for the investee company:* (i) 10%* of the outstanding equity shares (face value); or (ii) 10% of the such funds and reserves as specified under the IRDAI Investment Regulations, in case of a life insurer, or 10% of all assets in case of a general insurer or reinsurer or health insurer, as the case may be, whichever is lower;
- (ii) *Limit for the entire group of the investee company:* Not more than (i) 15% of such funds and reserves as specified under the IRDAI Investment Regulations, in case of a life insurer, or (ii) 15% of all assets in case of a general insurer or reinsurer or health insurer, as the case may be; and
- (iii) *Limit for the industry sector to which the investee company belongs:* Not more than (i) 15% of such funds and reserves as specified under the IRDAI Investment Regulations, in case of a life insurer, or (ii) 15% of all assets in case of a general insurer or reinsurer or health insurer, as the case may be.

* *The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 500,000 million or more but less than ₹ 2,500,000 million.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

Bids by Provident Funds/Pension Funds

In case of Bids made by provident funds/pension funds with minimum corpus of ₹ 250 million, subject to applicable laws, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders reserve the right to reject any Bid, without assigning any reason thereof.

Bids by Eligible Employees

Bids under Employee Reservation Portion by Eligible Employees shall be:

- (a) Made only in the prescribed Bid cum Application Form or Revision Form (*i.e.* [●] colour form).
- (b) The Bid must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed ₹500,000. However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid amounting up to ₹200,000 (which will be less Employee Discount). In the event of any under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees, who have bid in excess of ₹200,000, provided however that the maximum Bid in this category by an Eligible Employee cannot exceed ₹500,000 (which will be less Employee Discount).
- (c) Eligible Employees should mention their employee number at the relevant place in the Bid cum Application Form.
- (d) Only Eligible Employees (as defined in this Draft Red Herring Prospectus) would be eligible to apply in this Issue under the Employee Reservation Portion and the Bidder.
- (e) Bids by Eligible Employees in the Employee Reservation Portion and in the Net Issue portion shall not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
- (f) Only those Bids, which are received at or above the Issue Price net of Employee Discount, if any, would be considered for Allotment under this category.
- (g) Eligible Employees can apply at Cut-off Price.

- (h) In case of joint bids, the First Bidder shall be an Eligible Employee.
- (i) If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full allocation shall be made to the Eligible Employees to the extent of their demand.
- (j) Eligible Employees bidding in the Employee Reservation Portion shall not Bid through the UPI mechanism.

In case of under-subscription in the Net Issue, spill over to the extent of under-subscription shall be permitted from the Employee Reservation Portion subject to the Net Issue constituting 10% of the post- Issue share capital of our Company. If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the allocation shall be made on a proportionate basis.

Bids under Power of Attorney

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, FPIs, Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of the India, insurance funds set up by the Department of Posts, Government of India, Systemically Important Non-Banking Financial Company or the National Investment Fund and provident funds with a minimum corpus of ₹250 million, pension funds with a minimum corpus of ₹250 million and Systemically Important Non-Banking Financial Companies, subject to applicable laws, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reason thereof.

Our Company and the Selling Shareholders in consultation with the Book Running Lead Managers in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

Names of entities responsible for finalising the basis of allotment and method of allotment

In the event of the Issue being over-subscribed, our Company and the Selling Shareholders, in consultation with the BRLMs may finalise the Basis of Allotment with the approval of the Designated Stock Exchange in accordance with the SEBI ICDR Regulations.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders/Applicants other than Retail Individual Bidders and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to RHP/Prospectus. No Retail Individual Bidder will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Bidder Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue (excluding any Offer for Sale of specified securities). However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

ALLOTMENT TO RIBs

Bids received from the RIBs at or above the Issue Price may be grouped together to determine the total demand under this category. If the aggregate demand in this category is less than or equal to the Retail Portion at or above the Issue Price, full Allotment may be made to the RIBs to the extent of the valid Bids. If the aggregate demand in this category is greater than the allocation to in the Retail Portion at or above the Issue Price, then the maximum number of RIBs who can be Allotted the minimum Bid Lot will be computed by dividing the total number of Equity Shares available for Allotment to RIBs by the minimum Bid Lot (“**Maximum RIB Allottees**”). The Allotment to the RIBs will then be made in the following manner:

- (a) In the event the number of RIBs who have submitted valid Bids in the Issue is equal to or less than Maximum RIB Allottees, (i) all such RIBs shall be Allotted the minimum Bid Lot; and (ii) the balance available Equity Shares, if any, remaining in the Retail Portion shall be Allotted on a proportionate basis to the RIBs who

have received Allotment as per (i) above for the balance demand of the Equity Shares Bid by them (i.e. who have Bid for more than the minimum Bid Lot).

- (b) In the event the number of RIBs who have submitted valid Bids in the Issue is more than Maximum RIB Allottees, the RIBs (in that category) who will then be Allotted minimum Bid Lot shall be determined on the basis of draw of lots.

ALLOTMENT TO NIBs

Bids received from NIBs at or above the Issue Price may be grouped together to determine the total demand under this category. If the aggregate demand in this category is less than or equal to the Non-Institutional Category at or above the Issue Price, full Allotment may be made to NIBs to the extent of their demand. In case the aggregate demand in this category is greater than the Non-Institutional Category at or above the Issue Price, Allotment may be made on a proportionate basis up to a minimum of the Non-Institutional Category.

ALLOTMENT TO QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations, 2018 or RHP/Prospectus. Bids received from QIBs Bidding in the QIB Portion (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Portion may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner:

- (a) In the first instance allocation to Mutual Funds for up to 5% of the QIB Portion may be determined as follows: (i) In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds may be done on a proportionate basis for up to 5% of the QIB Portion; (ii) In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds may get full Allotment to the extent of valid Bids received above the Issue Price; and (iii) Equity Shares remaining unsubscribed, if any and not allocated to Mutual Funds may be available for Allotment to all QIBs as set out in (b) below;
- (b) In the second instance, Allotment to all QIBs may be determined as follows: (i) In the event of oversubscription in the QIB Portion, all QIBs who have submitted Bids above the Issue Price may be Allotted Equity Shares on a proportionate basis for up to 95% of the QIB Portion; (ii) Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis along with other QIBs; and (iii) Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, may be included for allocation to the remaining QIBs on a proportionate basis.

ALLOTMENT TO ANCHOR INVESTOR

- (a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Issue Price will be at the discretion of the Issuer and the Selling Shareholders in consultation with the Book Running Lead Managers, subject to compliance with the following requirements:
- i. not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - ii. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹ 100 million;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 100 million and up to ₹ 2,500 million subject to minimum Allotment of ₹ 50 million per such Anchor Investor; and
 - a minimum number of five Anchor Investors and maximum number of 15 Anchor Investors for allocation more than ₹ 2,500 million, and an additional 10 Anchor Investors for every additional ₹ 2,500 million or part thereof, subject to minimum Allotment of ₹ 50 million per such Anchor Investor.

- (b) An Anchor Investor shall make an application of a value of at least ₹ 100 million in the Issue.
- (c) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer and the Selling Shareholders in consultation with the Book Running Lead Managers, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- (d) In the event that the Issue Price is higher than the Anchor Investor Issue Price: Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Issue Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.
- (e) In the event the Issue Price is lower than the Anchor Investor Issue Price: Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

BASIS OF ALLOTMENT FOR QIBs (OTHER THAN ANCHOR INVESTORS), NIBs AND RESERVED CATEGORY IN CASE OF OVER-SUBSCRIBED ISSUE

In the event of the Issue being over-subscribed, our Company and the Selling Shareholders, in consultation with the BRLMs may finalise the Basis of Allotment with the approval of the Designated Stock Exchange in accordance with the SEBI ICDR Regulations.

The allocation may be made in marketable lots, on a proportionate basis as explained below:

- (a) Bidders may be categorized according to the number of Equity Shares applied for;
- (b) The total number of Equity Shares to be Allotted to each category as a whole may be arrived at on a proportionate basis, which is the total number of Equity Shares applied for in that category (number of Bidders in the category multiplied by the number of Equity Shares applied for) multiplied by the inverse of the over-subscription ratio;
- (c) The number of Equity Shares to be Allotted to the successful Bidders may be arrived at on a proportionate basis, which is total number of Equity Shares applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio;
- (d) In all Bids where the proportionate Allotment is less than the minimum Bid Lot decided per Bidder, the Allotment may be made as follows: the successful Bidders out of the total Bidders for a category may be determined by a draw of lots in a manner such that the total number of Equity Shares Allotted in that category is equal to the number of Equity Shares calculated in accordance with (b) above; and each successful Bidder may be Allotted a minimum of such Equity Shares equal to the minimum Bid Lot finalised by the Issuer;
- (e) If the proportionate Allotment to a Bidder is a number that is more than the minimum Bid Lot but is not a multiple of one (which is the marketable lot), the decimal may be rounded off to the higher whole number if that decimal is 0.5 or higher. If that number is lower than 0.5 it may be rounded off to the lower whole number. Allotment to all Bidders in such categories may be arrived at after such rounding off; and
- (f) If the Equity Shares allocated on a proportionate basis to any category are more than the Equity Shares Allotted to the Bidders in that category, the remaining Equity Shares available for Allotment may be first adjusted against any other category, where the Allotted Equity Shares are not sufficient for proportionate Allotment to the successful Bidders in that category. The balance Equity Shares, if any, remaining after such adjustment may be added to the category comprising Bidders applying for minimum number of Equity Shares.

DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- (a) **Designated Date:** On the Designated Date, the Escrow Collection Banks shall transfer the funds represented by allocation of Equity Shares to Anchor Investors from the Escrow Account, as per the terms of the Cash Escrow and Sponsor Bank Agreement, into the Public Issue Account with the Bankers to the Issue. The balance amount after transfer to the Public Issue Account shall be transferred to the Refund Account. Payments of refund to the Bidders applying in the Anchor Investor Portion shall be made from the Refund Account as per the terms of the Cash Escrow and Sponsor Bank Agreement and the RHP. On the Designated Date, the Registrar to the Issue shall instruct the SCSBs to transfer funds represented by allocation of Equity Shares from ASBA Accounts into the Public Issue Account.
- (b) **Issuance of Allotment Advice:** Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. Bidders/Applicants are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Bidders/Applicants who have been Allotted Equity Shares in the Issue.
- (c) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- (d) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) credit of Equity Shares to the successful Bidders'/Applicants' Depository Account will be completed within six Working Days of the Bid/Issue Closing Date.

Our Company shall ensure that “at par” facility is provided for encashment of refund orders for applications other than Application Supported by Blocked Amount process.

MODE OF REFUND

- (a) **In case of ASBA Bids:** Within six Working Days of the Bid/Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Accounts for unsuccessful Bids or for any excess amount blocked on Bidding.
- (b) In case of Anchor Investors, the Registrar to the Issue may obtain from the depositories, the Bidders' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Anchor Investors in their Anchor Investor Application Forms for refunds. Accordingly, Anchor Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Anchor Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, or the Syndicate, may be liable to compensate the Anchor Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay. Please note that refunds shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Collection Bank.

Electronic mode of making refunds for Anchor Investors

The payment of refund, if any, may be done through various electronic modes as mentioned below:

NACH—National Automated Clearing House which is a consolidated system of ECS. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS;

NEFT—Payment of refund may be undertaken through NEFT wherever the branch of the Anchor Investors' bank is NEFT enabled and has been assigned the Indian Financial System Code (“**IFSC**”), which can be linked

to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Anchor Investors have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Anchor Investors through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

RTGS—Anchor Investors having a bank account at any of the centers notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS; and

Direct Credit—Anchor Investors having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account.

Please note that refunds through the abovementioned modes shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Collection Bank.

For details of levy of charges, if any, for any of the above methods, Anchor Investors may refer to RHP / Prospectus.

INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

Our Company shall allot the Equity Shares within the period prescribed by SEBI. Our Company further agrees that it shall pay interest at the rate of fifteen per cent. per annum if the allotment letters or refund orders/ unblocking instructions have not been despatched to the applicants or if, in a case where the refund or portion thereof is made in electronic manner, the refund instructions have not been given to the clearing system in the disclosed manner within six days from the date of the closure of the Issue.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders, and the Book Running Lead Managers are not liable for any amendments or modification or changes to applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulations, or as specified in this Draft Red Herring Prospectus, or as will be specified in the Red Herring Prospectus and the Prospectus.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the FDI Policy and FEMA. The government bodies responsible for granting foreign investment approvals are the concerned ministries/departments of the Government of India and the RBI, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as Department of Industrial Policy and Promotion) (“**DPIIT**”).

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT, issued the Consolidated FDI Policy which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on August 27, 2017. The Consolidated FDI Policy will be valid until the DPIIT issues an updated circular and shall be subject to FEMA Rules.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

In terms of Press Note 3 of 2020, dated April 17, 2020, issued by the DPIIT, the FDI Policy has been recently amended to state that all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made similar amendment to the FEMA Rules.

As per the existing policy of the Government, OCBs cannot participate in this Issue.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders, and the Book Running Lead Managers are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

exercise his voting rights as permitted under this Article 16(v) a show of hands and/or on a poll and he shall have the number of votes which he would have been entitled to exercise if all of his Preference Shares had been converted into Equity Shares immediately prior to the general meeting (at the relevant Conversion Price at that time).

(vi) Voting: Equity Shares

Each holder of Equity Shares present in person or by proxy or corporate representative shall be entitled on a show of hands to one vote and on a poll to one vote for every Equity Share.

For the purposes of Articles 16(v) and 16(vi), any Shareholder may appoint another person as his proxy (and in case of a corporate shareholder, an authorised representative) to attend a meeting and vote thereat on such Shareholder's behalf, provided that the power given to such proxy or representative must be in writing. Any person possessing the requisite authorisation in terms of the Act with respect to any Shares shall be able to speak and to exercise voting rights on such Shares as if such person were a shareholder. A proxy may demand a poll and vote on a poll, in terms of the provisions of the Act.

(vii) Conversion: Preference Shares

- (1) Each holder of Preference Shares shall be entitled at any time and from time to time to convert into such number of Equity Shares at a conversion ratio which is determined by (i) in the case of the A Preference Shares, dividing the ACCP Subscription Price by the ACCP Conversion Price; (ii) in the case of the B Preference Shares, dividing the BCCP Subscription Price by the BCCP Conversion Price; (iii) in the case of the C Preference Shares, dividing the CCCP Subscription Price by the applicable CCCP Conversion Price; and (iv) in the case of the D Preference Shares, dividing the DCCP Subscription Price by the DCCP Conversion Price. After calculating the total number of Equity Shares to be issued to such Preference Shareholder as a result of his election to convert, any fractional entitlement to Equity Shares shall be rounded up to the nearest whole number of Equity Shares.
- (2) The Preference Conversion Rights shall be exercised by notice in writing to the Company signed by the relevant holder of Preference Shares (specifying the number of Preference Shares to be converted) and delivered, together with the share certificate(s) in respect of the relevant Preference Shares (if such certificates have already been received by the relevant holder of Preference Shares), at the registered office of the Company and shall take effect immediately upon such delivery and, as soon as is practicable thereafter and in any event within 20 days of the date on which such notice is delivered, the Company shall:
 - a. issue to such holder a Certificate for the Equity Shares resulting from the exercise of the Preference Conversion Rights and, if appropriate, a Certificate for any Preference Shares retained by such holder;
 - b. pay all and any amounts (the “**Unpaid Sum**”) payable by it to the Preference Shareholders in respect of the converted Preference Shares (including without limitation any and all amounts due in respect of the Preferential Dividend), calculated up to and including the date the conversion is effected, provided that to the extent that some or all of such payment is not permitted by law, the Company shall remain liable to such holder in respect of such amounts notwithstanding the exercise of the Preference Conversion Rights. At the election of the Preference Shareholder (by written notice served upon the Company at any time), the Company shall issue to such Preference Shareholder (as soon as practicable, but in any event no later than 10 Business Days after the written notice is served) by way of release of the liability of the Company for the Unpaid Sum, such number of Equity Shares as is determined by dividing the Unpaid Sum by the relevant Conversion Price or such other price as may be agreed in writing between the Investors and the Company (with any fractional entitlements to Equity Shares being rounded up to the

nearest whole number) (and the Principal Shareholders and the Company shall procure that all corporate formalities, registrations and filings are effected in connection with such issue);

- c. take such other necessary corporate action to forthwith issue and allot the Equity Shares to the Preference Shareholders; and
- d. make all necessary filings and comply with all other corporate formalities in connection with the conversion, including filing the necessary forms with the RBI and ROC.

Automatic Conversion

- (3) Each of the Preference Shares shall automatically convert into Equity Shares on the basis as set out in Articles 16(vii)(1) and 16(vii)(2), (i) in the event of (and immediately prior to) the completion of an Exit Event (unless expressly objected to by the Preference Shareholders) or (ii) on the date falling eight years after the Second Effective Date. Upon automatic conversion, the holders of the Preference Shares shall be bound to deliver the share certificate(s) in respect of their holding of such Preference Shares at the registered office of the Company, and following receipt the Company shall issue to such holder a share certificate for the Equity Shares resulting from such conversion. The Company shall procure that all registrations, filings and other corporate formalities will promptly be effected to record the aforementioned changes to the share capital of the Company including filing the necessary forms with the RBI and ROC.
- (4) The Equity Shares allotted on conversion of Preference Shares shall be subject to the Memorandum of the Company, these Articles and the Amended and Restated Investment Agreement, and shall rank *pari passu* in all respects with the then Equity Shares of the Company and not less than *pari passu* with any new Equity Shares issued by the Company and, for the avoidance of doubt, shall rank in preference for any dividend declared at the time of conversion but not yet paid.

(viii) Adjustment to Conversion Price

- (1) Adjustments resulting from the Audited Accounts:
 - a. If the First Semi-Annual Audited Accounts report Deductions for the period from 1 April 2007 to 30 September 2007, the ACCP Conversion Price on the date that the First Semi-Annual Audited Accounts are published shall thereafter reduce to a figure equal to (or as close thereto as permitted under Indian law) the ACCP Conversion Price multiplied by A/B.
 - b. The Preference Shareholders shall be further entitled (at their sole election and if in their favour) to adjust the ACCP Conversion Price on or after the date that the 2008 Audited Accounts are published so that the ACCP Conversion Price shall thereafter become a figure equal to (or as close thereto as permitted under Indian law) the ACCP Conversion Price prior to adjustment under Article 16(viii)(1)(a) (but after adjustment under Article 16(viii)(2) to 16(viii)(4), if applicable) multiplied by C-A/D-B.

Where for the purposes of this Article 16(viii)(1):

A equals the profits after tax of the Group for the period from 1 April 2007 to 30 September 2007 after Deductions for the same period;

B equals the profits after tax of the Group for the period from 1 April 2007 to 30 September 2007 prior to Deductions for the same period;

C equals profits after tax of the Group for the financial year ending 31 March 2008 after Deductions

for the same period;

D equals profits after tax of the Group for the financial year ending 31 March 2008 prior to Deductions for the same period,

and “**profits after tax**” shall exclude (i) any write back of any provisions or amounts payable to creditors; (ii) write backs of any monies owed by a Group Company; (iii) any credits on account of changes in accounting policy or procedures, or (iv) any other credits in the nature of any exceptional, prior period, non-recurring, extra-ordinary or one-off items of income.

- (2) If at any time after the First Effective Date and without prejudice to the reserved matter rights of the Investors set out in Article 25 (Reserved Matters), the Company:
 - a. pays a stock or bonus share dividend on its Equity Shares or makes any other free distribution of Shares;
 - b. issues any Equity Shares (or any share, security or instrument which is convertible into or carries other rights to subscribe for or acquire any Equity Share(s)) at a value per Equity Share which is less than 95 per cent. of the then fair market value of an Equity Share, as determined by an independent auditor or investment bank appointed by the Investor;
 - c. subdivides the class of Equity Shares into a larger number of shares; or
 - d. consolidates/combines the class of Equity Shares into a smaller number of shares,

then each Conversion Price at the time thereof shall thereafter be determined by multiplying the Conversion Price by a fraction (or as close thereto as permitted under Indian law) the numerator of which shall be the Equity Shares in issue before such event and the denominator of which shall be the number of Equity Shares in issue after such event.

- (3) If at any time after the First Effective Date and without prejudice to the reserved matter rights of the Investors set out in Article 25 (Reserved Matters), the Company issues any Shares (whether by a rights issue or otherwise) on Equity Shares but not on the Preference Shares, at a price per share which is less than the then applicable Conversion Price, each Conversion Price at the time thereof shall be adjusted and reduced concurrently with such issue to the lowest price paid for any such Shares (or as close thereto as permitted under Indian law).
- (4) If at any time after the First Effective Date and without prejudice to the reserved matter rights of the Investors set out in Article 25 (Reserved Matters), the Company declares, orders, pays or makes a distribution or dividend on the Equity Shares which is not also made on the Preference Shares (in addition to the Preferential Dividend) then, and in each such case, each Conversion Price at the time thereof shall thereafter be adjusted by subtracting from such Conversion Price the value of that distribution or dividend applicable to one Equity Share (or as much of the value of the distribution or dividend as is permitted under Indian law).
- (5) If there is any doubt as to the appropriate adjustment of any Conversion Price in accordance with the foregoing Articles 16(vii)(1)-(4), the Preference Shareholders' determination shall, in the absence of manifest error, be conclusive.
- (6) The Company shall not take any action without the prior written consent of the Preference Shareholders which would result in any Conversion Price being less than applicable the Legal Fair Value.
- (7) The Principal Shareholders agree to take such other steps reasonably required by the Preference Shareholders to ensure that they are not adversely affected by any dilution

event.

(ix) Group Company Profits

The Company shall procure to the extent permitted by law that the profits of any other member of the Group for the time being available for distribution shall be paid to it by way of dividend if and to the extent that, but for such payment, the Company would not itself otherwise have sufficient profits or reserves available to pay any Dividend or any dividend or other distributions, for example, on a winding up of the Company.

(x) Valuations

If the valuation of any instrument to be issued to the Investors pursuant to the transactions contemplated by these Articles is required to be undertaken in compliance with any applicable laws and/or regulations (each a “**Valuation**”), such Valuation shall be undertaken by a chartered accountant or such other appropriate person(s) which has been approved by the Investor in its sole and absolute discretion.

FURTHER INVESTMENT IN THE GROUP

17. In the event that the Company or any Waste Subsidiary shall have received a bona fide offer from any third party (including, without limitation, any of the Equity Shareholders, Directors and/or any of their Connected Persons) to make any debt or equity investment in the Group which the Company or such Waste Subsidiary is considering (the “**Third Party Investment**”), the Company or such Waste Subsidiary (as applicable) shall immediately, and in any event no later than 3 Business Days after such offer has been made, give a notice to the Investor (the “**Investment Offer Notice**”) (i) stating the name of such third party, (ii) the material terms of the Third Party Investment (including, without limitation, the pricing and any special or unusual terms) and (iii) offering the Investor the opportunity to make the investment on the same economic terms (but the structure of the Investor’s investment shall be (at the Investor’s election) via a further Preference Share issue or on the same lines as the Third Party Investment or as otherwise agreed with the Company or AG Enviro at the time). An Investment Offer Notice once given or required to be given or deemed to be given shall not be revocable. The offer to the Investor to make the investment shall be on terms no less favourable than the Third Party Investment.
18. The Investor shall be entitled to ask for all information it reasonably requires in connection with the Third Party Investment and the Company, the Principal Shareholders and each Waste Subsidiary shall provide all such information as soon as practicable following a request. The Investor shall have 17 Business Days from receipt of the Investment Offer Notice (or if the Investor requires further information in connection with the Third Party Investment, 20 Business Days from the date of receipt of such information) within which to inform the Company or such Waste Subsidiary (as applicable) in writing (i) whether it wishes to make the investment on the terms offered in the Investment Offer Notice and (ii) the structure of its investment. If the Investor elects to make some or all of the investment, the Company or such Waste Subsidiary (as applicable) shall be bound to complete that investment exclusively with the Investor instead of the third party as soon as reasonably practicable.
19. If the Investor does not wish to make any of the investment or does not respond to the Company within the 20 Business Day period, the Company or such Waste Subsidiary (as applicable) shall be entitled to complete the Third Party Investment on the terms disclosed to the Investor under Article 17 within 180 days from the date of the Investment Offer Notice but without prejudice and subject to the Reserved Matter rights. Any Third Party Investment not completed within the 180 day period shall be offered to the Investor again in the same manner as set out in Articles 17 and 18. If the third party and the Company or such Waste Subsidiary (as applicable) vary the terms of the Third Party Investment at any time from those disclosed to the Investor under Articles 17 and 18, the investment opportunity shall be offered to the Investor again in the same manner as set out in Articles 17 and 18.
20. In the event that the Investor puts forth a proposal in respect of any refinancing or restructuring of some or all of the Group’s indebtedness from time to time (other than indebtedness owing by Antony

Lara) (the “**Relevant Indebtedness**”) on terms which are materially equal to (or more favourable to the relevant Group Company(ies)) than the terms which would otherwise generally be available to such Group Company(ies) in the market at the time of such proposal, the Principal Shareholders, the Company and each Waste Subsidiary (with respect to indebtedness relating to itself only) agree to take all necessary steps in connection with such refinancing (at the request of the Investor) to complete the same as soon as practicable but in any event within 3 months of the Investor’s request, including, without limitation:

- (i) exercising any prepayment options contained in any documentation relating to Relevant Indebtedness;
 - (ii) amending or terminating all documentation relating to the Relevant Indebtedness;
 - (iii) repaying (and obtaining any necessary confirmation of such repayment) all amounts owing under the Relevant Indebtedness;
 - (iv) obtaining all requisite third party consents to the refinancing and repayment of the Relevant Indebtedness;
 - (v) procuring releases from all security arrangements relating to the Relevant Indebtedness;
 - (vi) providing all information on the Group reasonably required by any proposed new creditor.
21. Notwithstanding Article 20, the Company and each Waste Subsidiary hereby grant to the Investor the option for it or any of its Connected Persons to provide further investment in the Group (by way of debt or equity (including without limitation, Preference Shares)) in order for a Group Company(ies) to repay any Relevant Indebtedness (the “**Investor Refinancing**”) provided that the terms of the Investor Refinancing are materially equal to (or more favourable to the relevant Group Company(ies)) than the terms which would otherwise generally be available to such Group Company(ies) in the market at the time of such Investor Refinancing.
22. The option to provide Investor Refinancing may be exercised by the Investor at any time at which the Investor is a Shareholder, by the Investor serving a notice upon the Company indicating the terms of the Investor Refinancing and the Relevant Indebtedness to be repaid.
23. Upon the Investor serving the aforementioned notice upon the Company, the Principal Shareholders, the Company and each Waste Subsidiary (with respect to indebtedness relating to itself only) shall take all steps necessary (at the request of the Investor) to implement and expeditiously complete the Investor Refinancing, including (without limitation) the following:
- (i) those steps outlined at Articles 20 (i) to (v) inclusive;
 - (ii) entering into any documentation required to reflect the terms of the Investor Refinancing;
 - (iii) providing all information on the Group and Relevant Indebtedness reasonably requested by the Investor; and
 - (iv) putting in place any security package forming part of the Investor Refinancing.
24. The Company shall procure that each Waste Subsidiary shall comply with the terms of these Articles, including without limitation these Article 17 to 24.

RESERVED MATTERS

25. Notwithstanding any other provisions of these Articles, the Equity Shareholders and the Company shall procure that no action is taken or resolution passed by the Company in respect of the matter set out in Schedule 1 (“**Reserved Matters**”), without the prior written consent of the Investors.

ESOP

26. The Employee Stock Options will be issued from time to time in accordance with, and subject to the terms and conditions of, the AWHCPL Employee Stock Option Plan 2018, subject to the approval of the Board, shareholders and the Investors. Tarjindar Singh will be required to execute such agreements and/or documents and comply with such rules and regulations as required by these Articles and the AWHCPL Employee Stock Option Plan, 2018, and may be prescribed by the Board from time to time, prior to the issue of any Employee Stock Options.

TRANSFERS OF SHARES

27. General prohibition against Share transfers

Unless otherwise permitted under these Articles, no Equity Shareholder can do, or agree to do, any of the following without the prior written consent of the Investors:

- (i) pledge, mortgage, charge or otherwise encumber Shares or any interest in Shares;
- (ii) sell, transfer, give, assign or otherwise dispose of, or grant any option over, any of its Shares or grant any right, title or interest (whether of a derivative nature or otherwise) in or to its Shares (together, “**Transfer**”) other than in accordance with and following compliance with the provisions of Article 28; or
- (iii) enter into any agreement in respect of the votes attached to any of its Shares.

28. Pre-emption right

Subject to the other terms of these Articles, in the event that an Equity Shareholder (other than an Investor) (the “**Transferor**”) proposes to Transfer any of its Shares to any person (the “**Proposed Transferee**”), such Shares shall be first offered to the Investors in accordance with the provisions contained in this Article 28. Any attempt to Transfer any Shares in violation of Articles 27(ii) and this Article 28 shall be null and void ab initio, and the Company shall not register any such Transfer. Articles 27(ii) and this Article 28 shall not apply to any Transfer to which the prior consent in writing by all the Investors for the time being is given.

- (i) Before Transferring any of its Shares to any person, the Transferor shall give a notice in writing (hereinafter called a “**Transfer Notice**”) to the Company that it desires to Transfer the same. The Transfer Notice shall specify:
 - (1) the number and type of Shares and/or any interest therein which the Transferor intends to Transfer to the Proposed Transferee (the “**Offered Shares**”);
 - (2) the price and other terms at and on which the Transferor intends to Transfer the Offered Shares; and
 - (3) the identity of the Proposed Transferee.
- (ii) Within seven (7) days after the service of a Transfer Notice on the Company, the Company shall by notice in writing (the “**Offer Notice**”) offer the Offered Shares for sale to the Investors. Such notice shall specify a day being not less than twenty (20) Business Days after the service of the Offer Notice by the Company on or before which such offer to purchase the Offered Shares must be accepted (the “**Offer Period**”).
- (iii) Within the Offer Period, the Investors may deliver written notice of their acceptance of the Transferor’s offer and its election to purchase some or all of the Offered Shares (the Shares described in the acceptance of such accepting Investor(s) hereinafter referred to as the “**Relevant Shares**”), in which event and subject to Article 28(iv), the Company shall give notice thereof to the Transferor and to such accepting Investors.
- (iv) For the purposes of Article 28 (iii), if more than one Investor accepts the offer, they shall

be entitled to agree between themselves in what proportions they shall acquire the Offered Shares being offered; failing such agreement they shall purchase the Offered Shares in the proportion that each accepting Investor's holding of Shares (on the basis of the number of Equity Shares, Investor Shares and Preference Shares held, as if those Preference Shares had been converted into Equity Shares at the Conversion Price applicable on the date of the Offer Notice) bears to the aggregate shareholdings of all accepting Investors.

- (v) (1) If the Investors shall not have delivered any notice of acceptance described in Article 28(iii) above within the Offer Period, or

(2) If the Investors have not between them agreed to purchase all of the Offered Shares,

then the Transferor shall, at any time within two (2) calendar months after the expiry of Offer Period, be at liberty to Transfer all (in the case of (i)) or the balance (in the case of (ii)) of the Offered Shares named in the Transfer Notice at any price not being less than the price specified in the Transfer Notice and otherwise on terms no more favourable to the buyer / transferee than those stated in the Transfer Notice to the Proposed Transferee.

29. The Shares held by the Investors shall be freely transferable.

30. Loans, borrowings, guarantees and indemnities

- (i) Upon a Transfer of all the Shares held by a Shareholder:

- (1) all loans, borrowings and indebtedness in the nature of borrowings outstanding owed by the Company to a transferring Shareholder (together with any accrued interest) shall be either assigned to the buyer(s) of the transferring Shareholder's Shares, or failing agreement, repaid by the Company;

- (2) all loans, borrowings and indebtedness in the nature of borrowings outstanding owed by that transferring Shareholder to the Company shall be repaid; and

- (3) the continuing Principal Shareholders shall use all reasonable endeavours to procure the release of any guarantees, indemnities, security or other comfort given by the transferring Shareholder to or in respect of the Company or its Business and, pending such release, shall indemnify the transferring Shareholder in respect of them.

- (ii) Any assumption of the obligations of a transferring Shareholder by the continuing Shareholder(s) is without prejudice to the right of the continuing Shareholder(s) and/or the Company to claim from the transferring Shareholder in respect of liabilities arising prior to the completion date of the transfer of Shares.

TAG RIGHTS

31. If at any time any Equity Shareholders other than an Investor (the "**Proposed Sellers**") propose to sell, in one or a series of transactions, any of their Shares which would result in the proposed buyer (the "**Proposed Buyer**") holding at least 10 per cent. in nominal value of the Shares, the Proposed Sellers may only sell their Shares if they comply with the provisions of the Articles 31 to 34.

32. The Proposed Sellers shall give written notice ("**Proposed Sale Notice**") to the Investors of such intended sale at least twenty (20) Business Days prior to the date thereof. The Proposed Sale Notice shall set out the identity of the Proposed Buyer, the purchase price per share and other consideration to be given and other terms and conditions of payment, the proposed date of sale and the number of shares proposed to be purchased by the Proposed Buyer and any other material terms and conditions of the sale.

33. Upon receipt of the Proposed Sale Notice, each Investor shall be entitled, by written notice given to the Company within ten (10) days of receipt of the Proposed Sale Notice, to sell some or all of its Shares (whether they be Preference Shares (on an as converted basis if the Investor so elects Investor Shares or Equity Shares) to the Proposed Buyer on the same terms and conditions as those offered to the Proposed Sellers.
34. If the Investors are not given the rights accorded to them by the provisions of Articles 31 to 34, the Proposed Sellers shall be required not to complete their sale and the Directors shall be bound to refuse to register any transfer intended to carry such a sale into effect.

DEFAULT

35. Compulsory Transfer Event

A Shareholder (the “**Defaulting Shareholder**”) suffers a compulsory transfer event (“**Compulsory Transfer Event**”) where:

- (i) it commits a material breach of any agreements it has entered into with the Investors and either (1) the breach is not capable of being remedied or (2) the Defaulting Shareholder does not remedy that breach within 14 days of the breach occurring; or
- (ii) it is unable or admits inability to pay its debts as they fall due, suspends making payments on any of its debts or, by reason of actual or anticipated financial difficulties, commences negotiations with one or more of its creditors with a view to rescheduling any of its indebtedness; or
- (iii) the value of its assets is less than its liabilities (taking into account contingent and prospective liabilities); or
- (iv) it voluntarily or involuntarily becomes the subject of winding up / insolvency or bankruptcy proceedings; or
- (v) there is any action taken against the Shareholder or the Shareholder has suffered any action of liquidation or dissolution; or
- (vi) a receiver or liquidator is appointed or allowed to be appointed of all or any material part of the undertaking and assets of the Shareholder; or
- (vii) an attachment or distraint is levied on all or any material part of the Shareholder’s properties or
- (viii) any proceedings for recovery are initiated against the Shareholder either through civil proceedings or under The Indian Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002; or
- (ix) any government (including any political or administrative sub-division thereof), governmental authority, agency, official or person takes action that results in
 - (1) the dissolution of the Shareholder, or any action which deprives the Shareholder: (i) from conducting a substantial part of its business or carrying out a substantial part of its operations in the manner it is being conducted or carried out, or (ii) of the use of a substantial portion of its assets;
 - (2) the revocation or termination or refusal to provide or renew any authorisation or to impose onerous conditions on or on the grant or renewal of any authorization that impacts the business of the Shareholder in a material manner; or
 - (3) the regulation, administration, or limitation, or assertion of, in any material

way, any form of administrative control over the rates applied, prices charged or rates of return achievable, by the Shareholder in connection with its business; or

- (x) it is subject to any change of Control (other than a Qualifying Change of Control); or
- (xi) in the case of an individual, it becomes bankrupt; or
- (xii) in the case of an individual, such individual dies; or
- (xiii) any of the events in Articles 35(i) to 35(x) occurs in relation to its holding company or parent undertaking or ultimate holding company or ultimate parent undertaking.

36. Notification of Default

If a Compulsory Transfer Event occurs, the Defaulting Shareholder shall notify the Company as soon as reasonably practicable.

37. Compulsory Transfer

- (i) Following a Compulsory Transfer Event by any Equity Shareholder or Investor (and without prejudice to any other remedies available to a Shareholder), the Company (or any Shareholder if the Company fails to give notice) shall give written notice (a “**Default Notice**”) to the Shareholders within 20 Business Days of its becoming aware of the Compulsory Transfer Event, requiring the Defaulting Shareholder, together with its Connected Persons, to sell all of the Shares and Subsidiary Shares held by the Defaulting Shareholder and its Connected Persons (the “**Default Sale Shares**”) to the Investors (if the Defaulting Shareholder is an Equity Shareholder other than an Investor) or to the Principal Shareholders (if an Investor is the Defaulting Shareholder) (such person to whom the Defaulting Shareholder and its Connected Persons is required to sell being the “**Non-Defaulting Shareholder**”), if the Non-Defaulting Shareholder elects to purchase the same, at a price per Default Sale Share equal to 90 per cent. of the Fair Market Value (or as close thereto as permitted by Indian law) of the Default Sale Shares. In addition, if any Equity Shareholder (other than an Investor) is a Defaulting Shareholder, the Investors shall be entitled to sell some or all of their Shares and/or Subsidiary Shares (the “**Put Shares**”) to the Defaulting Shareholder (instead of purchasing the Defaulting Shareholder’s Shares) at their Fair Market Value (or if permitted under Indian law and if higher than their Fair Market Value, the Subscription Price or as close to the Subscription Price or Fair Market Value as permitted under Indian law) (and the term “**Prescribed Price**” in this Article shall refer to the price of the Default Sale Shares or Put Shares as set out in this Article, as applicable).
- (ii) The Non-Defaulting Shareholders shall be entitled to purchase the Default Sale Shares, or sell their Put Shares (in the case of the Investors), by sending a notice to the Company at any time during a period of 20 Business Days after the date of the Default Notice (the “**Acceptance Period**”) stating the maximum number of Default Sale Shares it wishes to purchase or Put Shares it wishes to sell (in the case of the Investors) (the “**Acceptance Notice**”), thereby becoming an “**Accepting Shareholder**”.
- (iii) If the Company receives any Acceptance Notice(s) during the Acceptance Period, upon the expiry of the Acceptance Period (or earlier if responses to accept or decline the offer to purchase the Default Sale Shares/sell the Put Shares are received by the Company from all Non-Defaulting Shareholders), the Fair Market Value of the Default Sale Shares/Put Shares (as applicable) for the purposes of calculating the Prescribed Price shall be determined by the Independent Expert. For these purposes, Article 42 shall apply, save and except that references in that Article for the purposes of this Article 37 to (i) “**Option Shares**” shall be replaced by “**Default Sale Shares/Put Shares (as applicable)**”; (ii) “**Equity Shareholders**” shall be replaced by “**Defaulting Shareholder**”; (iii) “**Call Option Notice**” shall be replaced by “**Acceptance Notice**”; (iv) “**Investor**” shall be

replaced by “**Non-Defaulting Shareholders**”.

- (iv) The Company shall allocate the Default Sale Shares to and amongst the Accepting Shareholders and to the extent that there is competition between such Accepting Shareholders, pro-rata to the aggregate number of such Shares of which they are the holders PROVIDED THAT no person shall be obliged to take more than the maximum number of Default Sale Shares specified by it. The relevant parties shall complete the sale of the Default Sale Shares/sale of the Put Shares 10 Business Days after written notice of the determination of the Fair Market Value of the Default Sale Shares/Put Shares by the Independent Expert (the “**Transfer Date**”) at the registered office of the Company (or such other place agreed between the Accepting Shareholders and the Defaulting Shareholder), and against payment of the Prescribed Price, the share certificates and duly completed transfer deeds (in respect of any Shares held in physical form) and/or duly completed depository instruction slips, (in respect of any shares held in dematerialised form), as the case may be, relating to the Default Sale Shares/Put Shares (as applicable), shall be delivered to the Accepting Shareholders (or the Defaulting Shareholder in the case of a sale of the Put Shares) and the Directors shall register each Accepting Shareholder (or the Defaulting Shareholder in the case of a sale of the Put Shares) as the holders of the relevant Default Sale Shares/Put Shares, in the register of members of the Company and shall deliver share certificates for Shares held in physical form in the names of such Accepting Shareholder (or the Defaulting Shareholder in the case of a sale of the Put Shares) in respect of the relevant Default Sale Shares/Put Shares to the Accepting Shareholders (or the Defaulting Shareholder in the case of a sale of the Put Shares).

38. Disruption to Business

The Shareholders shall do all things within their power to ensure that the Business continues to be run as a going concern during the period between the occurrence of a Compulsory Transfer Event and the completion of any transfer of the Shares by or to the Defaulting Shareholder in accordance with Article 37.

39. Suspension of Rights

If the Defaulting Shareholder does not comply with the compulsory transfer/put provisions of Article 37, the Defaulting Shareholder shall not be entitled to exercise any of its powers or rights in relation to management of, and participation in the profits of, the Company under the Articles or otherwise. The Shares and/or Subsidiary Shares held by the Defaulting Shareholder shall carry no votes at a meeting of the Company or Subsidiary.

GRANT OF CALL OPTION

- 40. The Equity Shareholders have granted the Investors the option, exercisable at any time after certain events, including those set out below, occur (together, the “**Call Option Triggers**”), to require all or some of the Equity Shareholders to sell to the Investor all or some of their Shares and their Subsidiary Shares, at 90 per cent. (or as close thereto as permitted under Indian law) of their Fair Market Value calculated in the manner set out in Article 42 (the “**Option Price**”):
 - (i) the Principal Shareholders, the Company or any Waste Subsidiary breaches certain of its obligations under these Articles and fails to remedy such breach (if the breach is capable of remedy) within 14 days from the breach occurring;
 - (ii) any of the Preferential Dividend is not paid to the Preference Shareholders on the Preference Dividend Due Date and remains unpaid for a period of 40 days thereafter;
 - (iii) the Company fails to give effect to any Preference Conversion Rights which have been exercised by a Preference Shareholder and such failure continues for a period of 14 days;
 - (iv) any present or future indebtedness of a Group Company for or in respect of moneys borrowed or raised in an aggregate principal amount of Rupee 2,000,000 or more (or its

equivalent in any other currency or currencies) becomes due and payable prior to its stated maturity by reason of an event of default (however called) or (b) any such indebtedness is not paid when due or (c) a Group Company fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of any moneys borrowed or raised provided that the aggregate principal amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (vi) have occurred equals or exceeds Rupee 2,000,000 (or its equivalent in any other currency or currencies);

- (v) a resolution is passed or order of a court of competent jurisdiction is made that a Group Company be wound up or dissolved or a Group Company ceases or threatens to cease to carry on all or part of its business or operations, except where, in the case of a voluntary winding up or dissolution of a Subsidiary, there are surplus assets in such Subsidiary and such surplus assets attributable to the Company and/or any other Subsidiary are distributed to the Company and/or any other Subsidiary;
- (vi) any mortgage, charge, pledge, lien or other encumbrance, present or future, created or assumed by a Group Company for or in respect of indebtedness of Rupee 2,000,000 or more (or its equivalent in any other currency or currencies) becomes enforceable against a material part of the undertaking, property, assets or revenues of the Group Company and any step is taken to enforce it (including the taking of possession or the appointment of a trustee, receiver, manager or other similar person) and is not discharged or stayed within 30 days;
- (vii) completion of an Exit Event does not occur on or before the Exit Event Date;
- (viii) any distress, attachment, execution, appropriation or seizure before judgment is levied or enforced upon or sued out against any material part of the undertaking, property, assets or revenues of a Group Company, and is not discharged or stayed within 30 days thereof;
- (ix) proceedings shall have been initiated against a Group Company under any applicable bankruptcy, reorganization or insolvency law;
- (x) either of Mr. Jose Jacob or Mr. Shiju Jacob ceases to be materially involved in the business and operations of the Group for any reason whatsoever for a period of more than 2 months;
- (xi) either of Mr. Jose Jacob or Mr. Shiju Jacob is guilty of gross misconduct or fraud or materially breaches his fiduciary duties as a director of any Group Company;
- (xii) it becomes unlawful for the Company or any Waste Subsidiary to perform or comply with any one or more of its obligations under these Articles or the Third Amendment Deed;
- (xiii) in the opinion of the Investors a material adverse change occurs in the business, assets, condition, operations or prospects of any Group Company;
- (xiv) a material default occurs under any agreements material to the business of the Group which default is not remedied within 30 days (if capable of remedy);
- (xv) any of the Investor Dividend is not paid to the Investors on the Investor Dividend Due Date and remains unpaid for a period of 40 days thereafter; or
- (xvi) any party breaches any of its obligations under the Third Amendment Deed (including, without limitation, those obligations set out at clause 4 of the Third Amendment Deed).

41. The Call Option may be exercised by the Investor delivering to the Equity Shareholders (with a copy to the Company) a Call Option Notice specifying the number of Shares and Subsidiary Shares

that the Investor wishes to purchase from such Equity Shareholders under the Call Option (the “**Option Shares**”).

42. Determination of Fair Market Value

- (i) The Call Option Notice shall specify the name of the Independent Expert.
- (ii) In the event that the Equity Shareholders do not agree with the Independent Expert named in the Call Option Notice, they shall notify the Investor in writing by 4.00pm Indian Standard Time on the second Business Day immediately following the date on which they receive the Call Option Notice (the “**Dispute Notice Deadline**”). If no such notification is made by the Dispute Notice Deadline, the Equity Shareholders will be deemed to agree with using the Independent Expert and the Shareholders involved in the sale and purchase of the Option Shares shall use their respective reasonable endeavours to procure the appointment of the Independent Expert as soon as practicable following the Dispute Notice Deadline.
- (iii) In the event that the Equity Shareholders do not agree with the use of the Independent Expert named in the Call Option Notice and notify the Investor in accordance with Article 42(ii), the Shareholders involved in the sale and purchase of the Option Shares shall enter into discussions in order to determine an alternative Independent Expert. If the relevant parties are unable to agree on an alternative Independent Expert by 4.00pm Indian Standard Time on the fifth Business Day immediately following the date on which the Equity Shareholders receive the Call Option Notice (the “**New IE Deadline**”), the Investor shall in its sole and absolute discretion select any one of Pricewaterhouse Coopers, Ernst & Young or KPMG to act as the Independent Expert and the Shareholders involved in the sale and purchase of the Option Shares shall use their respective reasonable endeavours to procure the appointment of that Independent Expert as soon as practicable following the New IE Deadline.
- (iv) In the event that the Shareholders involved in the sale and purchase of the Option Shares are unable to procure the appointment of a selected Independent Expert for any reason by 4.00pm Indian Standard Time on the date that is five Business Days following the Dispute Notice Deadline or the New IE Deadline (as the case may be), the Investor shall be entitled, if it so wishes, to select an alternative accounting firm or investment bank to act as Independent Expert and the Shareholders involved in the sale and purchase of the Option Shares shall use their respective reasonable endeavours to procure the appointment of that Independent Expert as soon as practicable. This arrangement shall be repeated as many times as required until such time as an Independent Expert is appointed.
- (v) Each of the Company and the Shareholders involved in the sale and purchase of the Option Shares shall (i) supply and provide access to all such information, records and documentation as the Independent Expert requires in order to determine the Fair Market Value of the Option Shares; and (ii) use their best efforts to procure that the Independent Expert determines and notifies the Company and the Shareholders of its determination of the Fair Market Value of the Option Shares within 25 Business Days of its appointment.
- (vi) The fees of the Independent Expert shall be borne by the Company.
- (vii) The Independent Expert shall act as an expert and not as an arbitrator and its determination of the Fair Market Value of the Option Shares shall be final and binding on the parties.

43. Completion of the Call Option

Completion of the sale of the Option Shares shall take place 10 Business Days after written notice

of the determination of Fair Market Value by the Independent Expert at the offices of the Company, or at another place agreed by the Equity Shareholders and the Investor. At completion, inter alia, the Directors shall (and the Principal Shareholders and the Company shall procure that the Directors shall and that the directors of each relevant Subsidiary shall) register the Investor (as the Investor directs) (or a nominee of the Investor) as the holder of the Option Shares in the register of members of the Company and each relevant Subsidiary and shall cancel (and procure the cancellation of) the outstanding share certificates representing the Option Shares and issue (and procure the issuance of) duplicate share certificates in the name of the Investor (as the Investor directs) (or a nominee of the Investor) to the Investor.

CHANGES IN LAW OR REGULATION

44. In the event that any of the provisions of these Articles cannot operate in the manner set out herein in compliance with all applicable laws and regulations having the force of law (“**Compliant**”), then the Investors shall be entitled to, by written notice to the Company and the Equity Shareholders, require the Company and the Equity Shareholders to vary the terms of these Articles to the extent necessary (and otherwise in the manner determined by the Investors and stated in the relevant written notice(s)) so as to operate in a Compliant manner.

REINSTATEMENT OF INVESTOR RIGHTS

45. Notwithstanding anything contained herein, if listing of the Equity Shares of the Company on the Exchange is not completed on or before the date agreed between the Investors and the Company or if the proposed listing is shelved by the Company with the prior written consent of the Investors, all Shareholders, including the Principal Shareholders and the Company agree, acknowledge, confirm and covenant to undertake all such actions, and do all such acts, deeds and things, as may be requested by the Investors, to ensure that the Investors are placed in the same position and possess the same rights as if these Articles had not been amended on December 12, 2018, approved and implemented, which may include, if determined by the Investors, reconversion of the Company to a private limited company, re-classification of Shares with differential rights to Investors, etc.

TRANSMISSION OF SHARES

46. Subject to Articles 35 to 39, on the death of a shareholder, the survivor or survivors where the shareholder was a joint holder, his nominee or nominees or legal representatives where he was a soleholder, shall be the only persons recognized by the Company as having any title to his interest in the Shares. Nothing in this Article shall release the estate of a deceased joint holder from any liability in respect of any Share which had been jointly held by him with other persons.
47. Subject to Articles 35 to 39, any person becoming entitled to a Share in consequence of the death or insolvency of a Shareholder may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either:
- (a) to be registered himself as holder of the Share; or
 - (b) to make such transfer of the Share as the deceased or insolvent member could have made.
48. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent Shareholder had transferred the Share before his death or insolvency.
49. If the person so becoming entitled shall elect to be registered as holder of the Share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the Share, he shall testify his election by executing a transfer of the Share. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of Shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the Shareholder had not occurred and the notice or transfer were a transfer signed by that Shareholder.
50. A person becoming entitled to a Share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder

of the Share, except that he shall not, before being registered as a Shareholder in respect of the Share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company. Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the Share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Share, until the requirements of the notice have been complied with.

51. DEMATERIALISATION OF SHARES

- (i) Subject to the prior written consent of the Investors, the Company shall be entitled to dematerialize/rematerialise its Shares and to offer the Shares in the dematerialized form pursuant to the Depositories Act, 1996.
- (ii) Notwithstanding anything contained in these Articles, where the Shares are dealt with in or by a depository, the Company shall intimate the details of allotment of relevant Shares to the depository immediately on allotment of such Shares.
- (iii) If a person opts to hold his security with a depository, the Company shall intimate such depository the details of allotment of the Shares and on receipt of the information, the Depository shall enter in its record, the name of the Allottee as the beneficial owner of the Shares.
- (iv) All Shares held by a depository shall be dematerialized and shall be in fungible form. No certificates shall be issued for the Shares held by the Depository. Nothing contained in section 89 and section 186 of the Companies Act, 2013 shall apply to a depository in respect of the Shares held by it on behalf of the beneficial owners.
- (v) Nothing contained in section 56 of the Companies Act, 2013 or these Articles shall apply to a transfer of Shares effected by the transferor and transferee, both of whom are entered as beneficial owners in the records of the depository.
- (vi) The Depository as the registered owner of the Shares shall not have any voting rights or any other rights in respect of the Shares held by it.
- (vii) Notwithstanding anything contained in these Articles, every person holding Shares and whose name is entered as the beneficial owners in the records of the Depository shall be deemed to be the member of the Company. The beneficial owners of the Shares shall be entitled to all rights and benefits and be subject to all liabilities in respect of their Shares which are held by the Depository.

CORPORATE GOVERNANCE

52. Governance

Subject to the provisions of these Articles and the Act, the Principal Shareholders shall be responsible for the day to day management of the Company.

53. Authority of the Board

Subject to the provisions of these Articles and the Act, the Board shall be solely responsible for the management, supervision, direction and control of the Company.

54. Board of Directors

The number of Directors of the Company shall not be less than 3 and not more than 15. The Company may increase the number of Directors subject to the provisions of law.

55. Appointing the Nominees

The Board of each Group Company shall, on and from the BCCP Closing Date, consist of six (6) Directors. At any time and from time to time:

- (i) During the period beginning on the ACCP Closing Date and ending on the earlier of (1) the time at which either the Investors hold an interest in a majority of the Equity Shares (taking into account any Preference Shares they hold as if they had been converted at the then applicable Conversion Price) (the “**Investors Majority Time**”) and (2) the date on which a Listing occurs, the Investors shall have the right by notice in writing to require the appointment of such number of Nominated Directors to the Board of each Group Company that equals the greater of (i) 2 Nominated Directors and (ii) 20 per cent. (or as close to 20 per cent.) of the total number of Directors of the Group Company and by like notice to require the removal of such Nominated Director(s) and the appointment of (an) other person(s) to act in place of such Nominated Director(s). On and from the Investors Majority Time, the Investors shall have the right at any time and from time to time by notice in writing to require the appointment and removal of such number of Nominated Directors to the Board of each Group Company as is greater than 50 per cent. of the total number of Directors of the Group Company and by like notice to require the removal of such Nominated Director(s) and the appointment of (an) other person(s) to act in place of such Nominated Director(s). Any Nominated Director shall also, at the option of the Investors, be appointed as a member of all the committees and sub-committees formed by the Board of such Group Company. In addition, the Investors shall be entitled to require the appointment of an observer to the Board of any Group Company (an “**Observer**”) from time to time, who shall have the right to attend and speak at all Board meetings and receive all information and correspondence sent to or available to members of the Board but shall not be entitled to vote at any Board meetings (and shall not be deemed to be a Director of any Group Company for any purpose).
- (ii) On and from the date on which a Listing occurs, subject to the approval of the shareholders of the Company as required by applicable law, the Investors shall have the right by notice in writing to require the appointment of one Nominated Director to the Board of each Group Company and by like notice to require the removal of such Nominated Director and the appointment of another person to act in place of such Nominated Director. Any such Nominated Director shall also, at the option of the Investors, be appointed as a member of all the committees and sub-committees formed by the Board of such Group Company. In addition, the Investors shall be entitled to require the appointment of an Observer from time to time, who shall have the right to attend and speak at all Board meetings and receive all information and correspondence sent to or available to members of the Board but shall not be entitled to vote at any Board meetings (and shall not be deemed to be a Director of any Group Company for any purpose).
- (iii) The Observer shall not be considered for quorum, and the Observer who shall have the right to attend and speak at all Board meetings and receive all information and correspondence sent to or available to members of the Board but shall not be entitled to vote with respect to any resolution proposed to be passed at a Board meeting. The Investor Observer shall adhere to the code of confidentiality with respect to the information gathered in the Board meetings. All the expenses of the Investor Observer shall be borne by the Investor.
- (iv) All notices of appointment and removal required under Article 55(i) shall be given in writing to the Company. Upon receipt of such notice, the Company shall (and the Equity Shareholders agree that they shall do all such things as are necessary and within their respective powers to procure that the Company shall, including without limitation, by way of the exercise of all powers of Control as may be available to them) within three (3) Business Days thereafter take all such actions that are necessary under these Articles or relevant law or regulation to effect and register the relevant appointment or removal.
- (v) Each Nominated Director may by giving written notification to the Company and the other Directors nominate any other person (including another Director) to be his alternate Nominated Director (with the rights and responsibilities set out in these Articles) for such period of time as may be specified therein, and may in like manner at any time determine such appointment in accordance with these Articles. If such alternate Nominated Director

is a Director himself, such alternate Nominated Director would, for the purposes of quorum and voting, count for himself and, in addition, the person for whom he is an alternate.

56. Nominated Director

- (i) The Nominated Directors will be non-executive and non-retiring Directors of the Company.
- (ii) The Company and the Equity Shareholders expressly agree and undertake that the Nominated Directors shall not be in charge of, or responsible for the day to day management of any Group Company and shall not be identified as officers in charge and/or in default for the purposes of section 2(60) of the Companies Act, 2013 or as occupier of any premises used by any Group Company or an employer of the employees of any Group Company. Further, the Company and the Principal Shareholders shall procure that the other Directors or suitable persons are nominated as officers in charge and/or default and for the purpose of statutory compliances and/or employers as the case may be so that the Nominated Directors do not incur any such liability. In the event that any notice or proceedings have been filed against a Nominated Director by reason of him/ them being included within the scope of an “**officer who is in default**”, the Company and the Principal Shareholders shall take all necessary steps to:
 - a. procure that the name of the Nominated Director is excluded/deleted from such notice; and
 - b. procure that the charges / proceedings against the Nominated Director are withdrawn; and
 - c. if so requested by the Nominated Director, defend, or assist in the defence of, the Nominated Director against such proceedings (including paying all costs associated with such defence).
- (iii) The Company and the Principal Shareholders shall procure that within one month after the First Effective Date each of the foregoing shall continually keep in effect suitable director and officers liability insurance in favour of all Directors from time to time serving on the Board of any Group Company from a reputable insurance company (and in an amount each year equal to at least 10 per cent. of the total gross annual sale revenues of the Group for that year) in respect of all claims or liabilities resulting from the actions or omissions of the Directors of the Group Companies to the extent permitted by law.
- (iv) The Company and the Principal Shareholders shall indemnify (on a joint and several basis) each of the Nominated Directors, Observers and the Investors (and its Connected Persons and any of their respective employees, directors and officers) in respect of any Loss (including any Loss in connection with enforcing this indemnity) it may suffer as a result of a Nominated Director acting as a director of any Group Company (or as a result of an Observer attending Board meetings), including, without limitation:
 - (1) any act, omission or conduct (including, without limitation, contravention of any law) of or by the Company or any of the Equity Shareholders or their Connected Persons or any of their respective officials, employees, managers, representatives or agents;
 - (2) any action or omission to act by a Nominated Director at the request of or with the consent of the Company or any of the Equity Shareholders or their Connected Persons or any of their respective officials, employees, managers, representatives or agents; or
 - (3) any action brought against it under Article 56(ii).

For the avoidance of doubt, the indemnity contained in this Article 56(iv) shall not extend to any fraud or wilful misconduct on the part of the Nominated Director or Observer.

- (v) The Nominated Directors shall not be required to give any personal guarantees in connection with the performance of or any obligation undertaken by the Company pursuant to any financial transaction or indebtedness.

57. Committees and Sub-Committees of the Board

The Investors shall have the right but not the obligation to have at least 1 (One) Nominated Director on each of the committees and sub-committees of the Board subject to the provisions of the Act. Each of the committees shall make recommendations to the Board and decisions on all the matters recommended by the committees shall be taken by the Board.

58. Directors' Access

Each Nominated Director shall be entitled to examine the books, accounts and records of the Company and shall have free access, at all reasonable times and with prior written notice, to any and all properties and facilities of the Company. The Company shall provide such information relating to the business affairs and financial position of the Company as any Nominated Director may require. An Investor Nominee Director nominated may provide such information to the Investor as the Investor may require.

59. Chairperson of the Board

The Chairperson of the Board (“**Chairperson**”) shall be selected by a majority of the Board. The Board shall be headed by the Chairperson. The Chairperson shall be entitled to chair all meetings of the Board or committees thereof and all General Meetings. In the absence of the Chairperson at a Board or General Meeting, one of the Directors appointed by the Board shall act as the Chairperson. The Chairperson shall not have a casting vote.

60. Board Meetings

- (i) At least one Board meeting every two months shall be convened which the Directors may attend in person, or by telephone or video conferencing facility to the extent permitted under Indian law.
- (ii) Each notice of a Board meeting shall:
 - a. specify a reasonably detailed agenda;
 - b. be accompanied by any relevant papers; and
 - c. be sent by e-mail or facsimile transmission as well as by post.
- (iii) At least seven days' written notice or notice by electronic communication shall be given to each of the Directors (including alternates) of all Board meetings (except if the majority of the Directors (including at least one Nominated Director) agree to shorter notice which in any event must be reasonable).
- (iv) The quorum at any Board meeting shall always include at least one Nominated Director present at the time when the relevant business is transacted. If a quorum is not present within an hour of the time appointed for the meeting or ceases to be present, the Director(s) present shall adjourn the meeting to a specified place and time one week after the original date. Notice of any adjourned meeting shall be given to all Directors by the secretary of the Company. If a quorum is not present within half an hour of the time appointed for the adjourned meeting, the Director(s) present shall adjourn the meeting once again to a place and time the week after the date of the original adjourned meeting. If a quorum is not achieved at the second adjourned meeting, then, notwithstanding anything contained herein, the Directors present shall constitute the quorum (but without prejudice to the Investors' rights to consent to the reserved matters contained in Article 25 (Reserved Matters)).
- (v) Board meetings shall be chaired by the Chairperson.

- (vi) All business arising at any Board meeting shall be determined by resolution passed by a simple majority of Directors present.
- (vii) The Board may act by written circular resolution, or in any other legally permissible manner, on any matter, except for matters, which by Indian law may only be acted upon at a meeting. Subject to any restrictions imposed by Indian law, no written circular resolution shall be deemed to have been duly adopted by the Board, unless such written circular resolution shall have been approved by a simple majority of Directors including at least one Nominated Director. A Director shall convey his acceptance or rejection of a written circular resolution by signing the resolution and returning the same to the secretary of the Company. In the event that a Nominated Director fails to convey his acceptance or rejection within 14 days of receipt of the circular resolution, the circular resolution shall be deemed to be passed by such Nominated Director.
- (viii) A Director shall not be required to hold any qualification share.
- (ix) The fees of the Directors for attending meetings of the Board and other services rendered to the Company may be fixed by the Board from time to time as prescribed by the Act, subject to the Reserved Matter rights.
- (x) Subject to the provisions of the Act and the Reserved Matter rights, the Directors may from time to time at their discretion exercise all the powers of the Company to borrow money and to mortgage or charge its undertakings, property and uncalled capital or any part thereof and to issue to members only, debentures, debenture stocks and other securities as security for any debts, liabilities or obligations of the Company. Any debentures, debenture stock, other securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into Shares of any denomination and with any privileges and conditions as to redemption, surrender, drawing, allotment of Shares, attending (but not voting) at general meetings of the Company, appointment of Directors and otherwise debentures with the right to conversion or allotment of shares shall be issued only with the consent of the Company in general meeting.
- (xi) Regulation 91 of Table “F” shall not apply to the Company, save and except so far as the provisions of these Articles are avoided by section 129 of the Act. Without prejudice to or limiting Article 56(iv), the Board, managers, auditors, secretary and other officers or servants for the time being acting in relation to any of the affairs of the Company, and everyone of them and every one of their heirs, executors and administrators shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them, their executors or administrators shall or may incur or sustain by reason of any act done, occurred in or about the execution of their duty or supposed duty in their respective offices or trusts, except such (if any) as they shall incur or sustain through or by their own wilful neglect or default respectively and none of the acts, receipts, neglects or default the others of them or for joining in any receipt for the same of conformity or for any bankers or other persons with whom any moneys or effects belonging to the Company shall or may be lodged or deposited for safe custody or for the insufficiency or deficiency or any security upon which any money or effects belonging to the Company shall be invested or for any other loss, misfortune or damage which may happen in the execution of their respective offices or trusts or in relation thereto except the same shall happen by or through their own wilful neglect.
- (xii) Subject to the provisions of the Articles and the Reserved Matter rights, the Board may from time to time appoint one or more of their body to be the managing Director or managing Directors or whole- time Directors and/or special Directors of the Company either for a fixed period or without any limitation as to the period for which he or they are to hold office, fix his or their remuneration, specify duties and powers and may from time to time (subject to the provisions of any contract between him or them and the Company)

remove or dismiss him or them from office and appoint another or others in his or their place or places.

EXIT EVENT AND LISTING

70. Exit Event

- (i) Each of the Principal Shareholders, the Company and each WasteSubsidiary undertake to use best endeavours to procure that either of the following events (each such event being an “**Exit Event**”) shall be completed on or before the Exit Event Date:

- 1. a QIPO; or
- 2. a Qualifying Change of Control,

provided that no such event shall constitute or be deemed to be an “**Exit Event**” unless the Investor is, if it so requires in its sole and absolute discretion, able to sell or otherwise dispose of, as part of that Exit Event, all of its Shares at a cash price per Share (assuming and on the basis of the conversion in full of any and all Preference Shares held by the Investor into Equity Shares at the Conversion Price applicable on the Exit Event Date) payable in US\$ which is equal to or more than the price at which each Equity Share is valued in the relevant Exit Event.

- (ii) The Principal Shareholders shall use their reasonable endeavours to assist the Company, the Investors and all other involved parties as may be required to expeditiously achieve a QIPO in accordance with the rules and regulations of the Exchange and other applicable laws.
- (iii) The Company may, in its discretion, at any time during the Extension Period by written notice delivered to the Investors extend the Exit Event Date so that the Exit Event Date shall become the date that is the fourth anniversary of the Second Effective Date, provided always that the Company shall only be entitled to exercise its rights under this Article 70(iii) to extend the Exit Event Date if (i) market conditions during the Extension Period are such that the Company determines (acting reasonably) that a

Listing would not be desirable on or before the Exit Event Date; and (ii) a consolidated net profit of Rupees five hundred million (INR500,000,000) or more of the Group is reflected in the last consolidated audited profit and loss accounts of the Company published prior to the Exit Event Date (as unextended). The Company shall be entitled to extend the Exit Event Date once only.

71. Steps to an Exit Event and Listing

The Principal Shareholders, the Company and each Waste Subsidiary shall (i) keep the Investors fully informed on a timely and regular basis as to any progress, updates or other material information which any of them may have or come to have in relation to an Exit Event or potential Exit Event; and (ii) consult with the Investors with respect to the timing, structure, terms and any other material considerations with respect to any potential Exit Event. No Exit Event or Listing may be effected without the prior written consent of the Investors. Notwithstanding the previous sentence, the prior written consent/approval of the Investors in respect of each of step taken in relation to a Listing (including a QIPO) shall be required, including (without limitation) the following steps:

- (i) converting the Company into a public limited company;
- (ii) amending the Memorandum and Articles of the Company in force at such time as appropriate;
- (iii) reorganising the share capital structure of the Company and determining the number of Equity Shares to be issued;
- (iv) engaging in the book building process in respect of 100% of the net offer for sale of Equity Shares to be made to the public as determined by the Investors;
- (v) ensuring that all existing partly paid up Equity Shares are forfeited prior to the issue;
- (vi) changing the composition of the Board in order to comply with the requirements of the Exchange;
- (vii) appointing the following:
 - (1) the appropriate number of lead managers as required by SEBI;
 - (2) registrar/share transfer agents;
 - (3) bankers to the issue;
 - (4) underwriters to the issue;
 - (5) collection agents other than the bankers to the issue;
 - (6) advisers to the issue;
 - (7) market makers for the Exchange where the Shares are proposed to be listed;
 - (8) depositories (to dematerialize shares); and
 - (9) a compliance officer.
- (viii) instructing reporting accountants;
- (ix) meeting the financial reporting requirements of the Exchange (for example as to trading history, extracts from audited accounts of prior years, cash flow and profit forecasts, working capital report and indebtedness statement);
- (x) agreeing the form of the offer document in consultation with the lead managers and in particular the form of the warranties to be given by the Directors and the Company and procuring that the offer document shall contain all material information specified in Schedule VI to the ICDR Regulations;
- (xi) drafting and finalizing the advertisement material for the Company's public issue in consultation with the lead managers of the Company which should follow the formats given in ICDR Regulations;

- (xii) holding a general meeting and passing a special resolution of the Company by a 75% majority for the purposes of approving the Listing;
- (xiii) carrying out verification of the offer document and other documents pertinent to the Listing in respect of which verification is required;
- (xiv) procuring (so far as it is able) that the Directors accept responsibility for the offer document to be issued by the Company;
- (xv) procuring that the Directors provide any other confirmations or consents which are either reasonably necessary to secure the Listing;
- (xvi) agreeing to any indemnities and/or warranties which are required to be given;
- (xvii) making all necessary applications and filings and entering into all necessary agreements with the ROC and the Exchange.

72. The Listing Process

The Investors are authorized by the Company and each Equity Shareholder to determine the terms of a Listing and manner in which it is conducted, including, without limitation, the timing, placing of shares, in consultation with the lead managers (without any liability to the Company or any other person for the same). The Investors shall along with the lead manager(s) decide the pricing range of the issue pursuant to the Listing and such pricing range shall be binding on the Company and all Equity Shareholders.

73. Sale and Subscription for Shares

- (i) If an application is made for a Listing, the Equity Shareholders shall “**offer for sale**” (as defined under the SEBI Guidelines) such amounts of their Equity Shares (subject to any minimum caps prescribed under Indian law) and to such persons, in each case as may be required by the Investors in connection with the Listing.
- (ii) The Equity Shareholders (other than the Investors) undertake that they, or some of them, to the extent required by SEBI and the Investors, shall (i) be “**Promoters**” (as defined in Regulation 2(1)(oo) of the ICDR Regulations) for the purposes of the Listing; (ii) hold at least 20 per cent of the post-Listing issued Equity Shares; and (iii) pay the subscription monies for such Equity Shares required to be issued/transferred to them in order to bring them to the 20 per cent requisite shareholding at such time required by the Investors, but in any event not less than one Business Day prior to date on which the issue is opened, into an escrow account nominated by the Investors and such funds shall be released to the Company from escrow at the same time that the public issue proceeds are received by the Company. It is agreed between the parties that none of the Preference Shareholders Investors shall be required to call itself and the Company shall not refer to any Preference Shareholder or Investor as a “**Promoter**” in the offer documents nor shall any of the Preference Shareholder or Investors be required to offer any of its (or its nominees’) Shares for lock-in except as required by applicable law.
- (iii) The Equity Shareholders (other than the Investors) undertake to offer such number of their post-Listing Equity Shares for a lock-in as may be required to meet the minimum requirements under the ICDR Regulations and as may be reasonably required by the Company’s sponsor bank in order to maintain an orderly market in the Equity Shares following Listing.

74. Costs of Listing

Except for Listing fees which shall be solely borne by the Company, all expenses related to a Listing will be borne, upon successful completion of the Listing, by the Company and any selling shareholders on a pro-rata basis in proportion to the number of Equity Shares issued and allotted by the Company in any fresh issue and the number of Equity Shares sold by the selling shareholders in any offer for sale in

respect of such Listing. Notwithstanding the foregoing, in the event that the Listing does not occur for any reason whatsoever, all expenses related to the Listing will be solely borne by the Company.

75. Reorganisation Prior to Listing

If a holding company of the Company is put in place for the purposes of effecting the Listing or a subsidiary of the Company is listed, the term “**Company**” in the Article 70 to 75 shall refer to such holding company or subsidiary, and the term “**Equity Shares**” shall refer to the shares of such holding company to be admitted to trading pursuant to the Listing.
