CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

Certain Conventions

All references in the Draft Prospectus to “India” are to the Republic of India. All references in the Draft Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Draft Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Use of Financial Data

Unless stated otherwise, throughout this Draft Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Prospectus is derived from our restated consolidated financial statements prepared for the period ended December 31, 2021 and financial years ended 31st March 2021, 2020 and 2019 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “*Financial Information of the Company*” beginning on page 135 of this Draft Prospectus.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in the Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Statutory Auditor, set out in section titled “*Financial Information of the Company*” beginning on page 135 of this Draft Prospectus. As on the date of this Draft Prospectus we have one Subsidiary and one Associate company for details refer chapter titled “*History and Corporate Structure*” beginning on page 112 of this Draft Prospectus. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

For additional definitions used in this Draft Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Prospectus. In the section titled “*Main Provisions of the Articles of Association*”, on page 237 of the Draft Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Prospectus is reliable, it has not been independently verified by us or the LM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled ***“Basis for Issue Price”*** on page 74 of the Draft Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the LM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “₹” or “Rs.” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled ***“Industry Overview”*** throughout the Draft Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in ***“Risk Factors”***, ***“Our Business”***, ***“Management’s Discussion and Analysis of Financial Conditions and Results of Operations”*** on page 23, 88 and 174 of this Draft Prospectus, unless otherwise indicated, have been calculated based on our restated respectively financial statement prepared in accordance with Indian GAAP.

The Draft Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Draft Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Draft Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward-looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Changes in consumer demand;
3. Failure to successfully upgrade our product portfolio, from time to time;
4. Any change in government policies resulting in increases in taxes payable by us;
5. Our ability to retain our key managements persons and other employees;
6. Changes in laws and regulations that apply to the industries in which we operate.
7. Our failure to keep pace with rapid changes in technology;
8. Our ability to grow our business;
9. Our ability to make interest and principal payments on our existing debt obligations and satisfy the other covenants contained in our existing debt agreements;
10. General economic, political and other risks that are out of our control;
11. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
12. Company’s ability to successfully implement its growth strategy and expansion plans ;
13. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
14. Inability to successfully obtain registrations in a timely manner or at all;
15. Occurrence of Environmental Problems & Uninsured Losses;
16. Conflicts of interest with affiliated companies, the promoter group, group Companies and other related parties;
17. Any adverse outcome in the legal proceedings in which we are involved; and
18. Concentration of ownership among our Promoters.
19. The performance of the financial markets in India and globally.

For further discussion of factors that could cause our actual results to differ, see the Section titled “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page 23, 88 and 174 respectively of the Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Neither our Company, our Directors, our Officers, Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the LM will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II: SUMMARY OF THE DRAFT PROSPECTUS

SECTION III: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. prospective investors should carefully consider all the information in this Draft Prospectus, particularly the “Financial Information of the Company” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 135, 88 and 174 respectively and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects. In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with “Our Business”, “Industry Overview”, “Management’s Discussion and Analysis of Financial Position and Results of Operations” and “Financial Statements” on pages 88, 80, 174 and 135, respectively, as well as the other financial and statistical information contained in this Draft Prospectus. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Issue including the merits and risks involved.

This Draft Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be found material collectively.*
- 2. Some events may have material impact qualitatively instead of quantitatively.*
- 3. Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Draft Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” beginning on page 23 and “Management Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 174 unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Audited Financial Statements, as restated” prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP).

- 1. Our long-term growth and competitiveness are highly dependent on our ability to control costs and pass on any increase in operating expenses to customers, while continuing to offer competitive pricing.***

To maintain competitive pricing and enhance our profit margins, we must continuously control our costs. Employee benefits expense, line haul expenses, contractual manpower expenses, vehicle rental expenses, rent and power and fuel represent some of our most significant recurring operating costs and an increase in such costs or an inability to pass on some or all of such increase to our customers will adversely affect our results of operations and cash flows. Rental costs for our leased facilities and pricing for our

leased vehicles are subject to potential increases, with the former being subject to contractual escalations. The cost of fuel has increased in recent years and fluctuates significantly due to various factors beyond our control, including, international prices of crude oil and petroleum products, global and regional demand and supply conditions, geopolitical uncertainties, import cost of crude oil, domestic taxes, government policies and regulations and availability of alternative fuels. In addition, the GoI deregulated diesel prices in India, removing certain subsidies on diesel prices, and the price of diesel and consequently our fuel cost, have fluctuated significantly in recent periods. Our transportation partners may raise their service fees in response to increases in fuel cost. Furthermore, the GoI may implement new laws or other regulations and policies that could affect the logistics industry in general, including requiring additional approvals or licenses, imposing additional restrictions on our or our third-party network partners' operations or tightening the enforcement of existing or new laws or regulations, any of which could require us to incur additional expenses to comply with such laws and regulations. If we suffer any increases in expenses and are unable to pass on such increases to our customers, our operating margins, and consequently, our business and profitability may be adversely affected.

Effective cost-control measures have a direct impact on our financial condition, cash flows and results of operations. We have adopted various cost-control measures. For example, fuel cost can be reduced through the use of more fuel-efficient vehicles, and unit transportation cost can be reduced by adding cost efficient, high-capacity line-haul trucks to our self-owned and vendor fleet and employee and contracted manpower costs can be contained through the deployment of more automation equipment at our sorting hubs. We will continue to adopt new cost control measures as necessary and appropriate. However, the measures we have adopted or will adopt in the future may not be as effective as expected in improving our financial condition, cash flows and results of operations. In the event of a significant increase in our operating costs, whether as a result of increases in fuel prices, third-party transportation service charges, rent or other costs, our profitability may decrease if we are unable to adopt effective cost control-measures or pass on incremental costs to our customers. We may not be able to immediately pass on any short-term increases in service fees charged by our network partners, fleet partners or manpower agencies to our customers.

In general, our prices, based on varying combinations of weight, distance, the zone the shipment has to travel to and the size of the truck based on the service type, have declined over time, due to various factors, including our cost optimisation efforts and strategic pricing actions. However, increased investments, the lowering of prices or the offering of innovative services by our competitors may require us to divert significant managerial, financial and human resources to remain competitive. If we are not able to effectively control our cost and adjust to changes in market conditions, our profitability and cash flows may be adversely affected. Our adjusted EBITDA is also affected by a variety of other factors, such as shipment volume, utilisation rates of our vehicles and logistics facilities and the productivity of our employees, contracted workers and agents.

2. Our Company does not have Custom House Agent license.

We do not have any Custom House Agent license in our name which is used for clearance of cargo at entry or departure of a conveyance or the import or export of goods at any Customs Station. We have entered into an agreement with OFS Cargo Private Limited who is having a valid Custom House Agent License which we are using for the services required at the Custom House Stations. Thus, we don't have Custom House agent license in our own name and have to rely on third party for Custom House Agent Services. Any delay in the service or refusal of services by Custom House Agency may affect delivery of our goods and we may have to compensate our customers for the loss if any.

Further, all the licenses issued by the government authorities are issued for fixed period of time and the license holders are required to fulfil certain condition for renewal of the license. In case of any action being taken by the government authorities against OFS Cargo Private Limited or non-renewal of the license by them, may delay the custom clearance process or require us to arrange for any alternate solution for the getting cargo custom cleared. Any such event may affect our result of operations and future prospects of our business.

3. We deal in transport of hazardous goods, in case of any accident involving hazardous goods; we may be held liable for damages and subsequent litigations.

Our company excels in handling complete logistics for dangerous and hazardous cargo. The transportation and storing of these cargos have human and environmental concerns as well as require us to comply with rules and regulations. These goods may include cargo like flammable liquids, flammable solids, toxic substances, corrosives and miscellaneous dangerous goods. We take utmost care and precautions during storage and transportation of hazardous goods, as any mishandling of hazardous substance could have serious effect on the human life, equipment, environment and our business operations. In case of any accident or mishap involving hazardous goods they can cause personal injury as well as loss of life and destruction of property and equipment, environmental damage which may result in suspension of operation and imposition of civil and criminal liabilities upon us. In case of happening of any such event there could be an adverse effect on our Company and its financial position.

4. *Our Company may not be able to deliver the cargo on timely basis due to which we could become liable to claims by our customers, suffer adverse publicity and incur substantial cost as result of deficiency in our service which could adversely affect our results of operations.*

The timely delivery of the cargo at the destination is very crucial in our business. But, there can be event which may be beyond our control which could lead to delay in the transportation of the cargo to the customer destination. In some cases, we are also dependent on third parties to provide logistic services which may also lead to delay due to non-availability of the space or right mode of transport which may hamper the delivery schedules to the client and have an adverse effect on our revenue and cause claims to be initiated against us by the customers.

Further, timely delivery of the cargo is the essence of most of the contracts entered with our customers and any delay in the delivery of the cargo may lead to breach of the terms of the contract. Further, we are subjected to the terms as laid down by our customers. Any failure or defect in service or breach of any such terms laid by our customers could result in a claim against the Company for substantial damages, regardless of our responsibility for such failures. A successful assertion of one or more large claim(s) against us that exceeds available insurance coverage of our clients or the imposition of a demurrage, could adversely affect our financial condition and results of operations.

5. *Our freight forwarding business depends upon our network of agents for fulfillment of logistics needs of our customers. Our inability to maintain our relationships with our overseas sales agents or deficiency in the service provided by such agents may adversely affect our revenues and profitability.*

We depend on our network of overseas agents for cargo handling, transportation, warehousing and timely delivery at the destination and load port for export cargo and import cargo respectively. For this purpose, we enter into agency agreements and co-operation agreements in the normal course of business with overseas agents. As per these agreements the overseas agents act as the non-exclusive agent of our Company in that location and we act as the non-exclusive agent of that company in India. These agreements help our company to expand our network to different geographies around the world but also increase our dependency on these overseas agents appointed by us. Any deficiency in the service levels of our overseas agents or termination of any such agency agreement can directly impact our business in those geographies and have an adverse effect on our business operations and financial results.

Further, our efforts to maintain and expand our network or manage such expansion may be unsuccessful. If we expand too rapidly, we may encounter financial difficulties in a business downturn if the demand for our services falls short of our increased capacities. On the other hand, if we fail to expand our network at the necessary pace, we may lose potential customers and market share, or a portion of our existing customers' business to our competitors.

6. *Our Company has not entered into long term agreement with shipping companies but has built a long term relationship over time. Any disputes between the companies may have vital effect on the business of our Company.*

We take the vessel space on lease either from the shipping company or the operators and then sell such cargo or container space to our customers. These leases are not long term but are specific to particular space and based on the shipment. Because we have been in this industry for more than a decade, we have built strong relationships with the shipping companies which have helped us to procure on-board space at reasonable terms. But in case of any dispute with the shipping company we may not be able to procure the space for transportation of cargo on reasonable terms or may not be able to procure the space at all which may affect our business operations. If we do not maintain cordial relations with such companies, our business operations may be affected which could also affect us financially. Further, there may be instances when we may not be able obtain vessel space on lease from the shipping company or the operators due to non-availability of space or sometimes the space may not be available on commercially viable terms which may affect our business operations and financial results.

7. *Our Company, Promoters and Subsidiary Company are party to certain litigation and claims.*

Our Company, its Promoters, Directors and Subsidiary Company are involved in certain legal proceedings, which if determined, against us could have an adverse impact on our business prospects, reputation, financial conditions and result of ongoing operations. For details kindly refer chapter titled "***Outstanding Litigation and Material Developments***" at page 183 of this Draft Prospectus. A brief detail of such outstanding litigations as on the date of this Draft Prospectus are as follows:

Litigations/Matters involving our Company: -

Nature of Cases	No. of Outstanding Cases	Amount Involved (in ₹ Lacs)
Criminal Case	1	418.83
Direct Tax	1	7.93
Indirect Tax	1	55.37
Other pending litigation	4	212.00

Litigations/Matters involving our Promoters: -

Nature of Cases	No. of Outstanding Cases	Amount Involved (in ₹ Lacs)
Criminal Case	1	418.83
Direct Tax	2	0.62

Litigations/Matters involving our Subsidiary: -

Nature of Cases	No. of Outstanding Cases	Amount Involved (in ₹ Lacs)
Direct Tax	1	2.42
Other pending litigation	2	83.10

These legal proceedings are pending at different levels of adjudication before various courts and regulatory authorities. Any adverse decision may make us liable to liabilities/penalties and may adversely affect our reputation, business and financial status. For further details on above litigations, please refer to the chapter titled “**Outstanding Litigation and Material Developments**” on page 183 of this Draft Prospectus.

8. Breakdown, Mishaps or accidents could result in a loss or slowdown in operations and could also cause damage to life and property.

The services provided by our company are subject to operating risks, including but not limited to breakdown of the vehicles or accidents & mishaps which could affect our service providing capabilities. Though we take all the possible measure to reduce the risk of any such breakdown but there may be events which may be beyond our control. While, till date, there have not been any notable incidents involving mishaps or major accidents, we cannot assure that these may not occur in the future. Further, we rely on third party service providers like airline carriers, shipline and other service providers and any mishaps or accidents happening with these service providers may also affect our operations. Any consequential losses arising due to such events will affect our operations and financial condition.

Further, our operations are heavily dependent on trucks, machinery and equipment, including air conditioners, refrigeration infrastructure, data loggers, sorters and conveyors, vehicles and material handling equipment, including reach trucks, forklifts, very narrow aisle trucks and battery-operated pallet trucks. Any significant malfunction or breakdown of our machinery or equipment may entail significant repair and maintenance costs and cause delays in our operations. Further, if we are unable to repair the malfunctioning machinery or equipment, our operations may need to be suspended until we procure machinery or equipment to replace the same. Any malfunction or breakdown of our machinery or equipment may also cause the quality of products stored with us to be affected, including perishable products. Consequently, we may be liable for losses due to damage to our customers’ products. Any breach of our obligations may result in termination of our contracts with our customers, which could have an adverse effect on our business, reputation and financial results. Further, we may also be open to public liability from the end consumer for defects in the quality of perishable products we store and transport. Accordingly, any breakdown of our machinery or equipment may have a significant effect on our business, reputation, financial results and growth.

9. Failure in maintaining the requisite standard for storage of perishable products stored in our warehouse or transported by us could have a negative effect on our business.

While transportation of perishable products, we are required to maintain the requisite standard for storage of perishable products that we store and transport. We achieve this through various means and ensure that our temperature-controlled facilities adhere to specific storage requirements as required by our customers in terms of the agreements entered into with them. However, if we consistently, or frequently, fail to maintain the prescribed or requisite standards, we may be unable to retain our customers which will have an adverse effect on our business, growth prospects and our financial results.

Further, if the products delivered by us do not meet the requirements specified by our customers, then our customers may dispose of the products in a manner convenient to them, and the cost of such disposal may be adjusted from payments due to us. In the event that we fail to maintain the prescribed and/or requisite standards of storage or if the integrity of products that are stored or distributed is compromised, we could be in breach of our contractual obligations to our customers which could lead, among other things, to monetary damages.

10. We are also engaged in the business of Heavy Lift Transportation. In case of non-identification of efficient method of transporting or not obtaining statutory permissions in this regard, our operations and profitability could be adversely affected.

Bulk break projects or Heavy Lift Transportation is also one of the services provided by our Company, which inter alia include route survey, equipment analysis required for transportation and obtaining statutory permissions before the cargo is transported. In case of heavy lift transport proper route survey helps us to understand the possible obstacles in the route, ascertaining the best possible route, equipment required for the transportation of the Cargo and the necessary permission required from different statutory authorities for moving the Cargo. In case the route survey conducted by us is inaccurate, or we are unable to identify another efficient method of transporting, or we fail to obtain statutory permissions, it could lead to time and/or cost overrun and/or failure to meet scheduled timeliness. Also, in case of an inappropriate route being selected may lead to damage to cargo or may require us to find an alternate route which could lead to additional cost being imposed upon us and adversely affect our operations and profitability.

11. Substantial portion of our revenues has been dependent upon few customers. The loss of any one or more of our major customer would have a material adverse effect on our business, cash flows, results of operations and financial condition.

The substantial portion of our revenues has been dependent upon few customers. For instance, our top five and top ten customers accounted for around 54.2% and 68.7% respectively of our revenue from operations for the financial year ended March 31, 2021. We have not entered into long term agreements with our customers and the success of our business is accordingly significantly dependent on us maintaining good relationships with them. The loss of one or more of these significant customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Further, the sales volume may vary due to our customers' attempts to manage their logistic need either by themselves or through our competitors, which could reduce our sales and adversely affect our business, cash flows, results of operations and financial condition. In addition, we are exposed to payment delays and/or defaults by our major customers and our financial position and financial performance are dependent on the creditworthiness of our customers. There is no guarantee that all or any of our customers will honor their outstanding amounts in time and whether they will be able to fulfill their obligations, due to any financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur from all or any of our major customer, our financial performance and our operating cash flows may be adversely affected.

12. Our diverse and complex multi-location operations subject us to various statutory, legal and regulatory risks.

Our future revenue growth depends upon the successful operation of our operating locations and warehouses, the efficiency of our delivery systems and the successful management of our sales, marketing, and support and service teams through direct and indirect channels in various states across India where our existing or potential clients are located. The expansion of our business may require that we establish new offices and warehouses and manage businesses in widely disparate states with different statutory, legal and regulatory framework. In addition, we may be affected by various factors inherent in carrying out business operations in several states in India and abroad, such as:

- coordinating and managing operations in several locations, including different political, economic and business conditions and labour laws and associated uncertainties;
- exposure to different legal standards and enforcement mechanisms and compliance with regulations; and
- difficulties in staffing and managing operations, including coordinating and interacting with our local representatives and business partners to fully understand local business and regulatory requirements.

Any of these factors, alone or in combination, could materially and adversely affect our business, results of operations and financial condition and prospects.

13. We require certain approvals and licenses in the ordinary course of business and are required to comply with certain rules and regulations to operate our business, and the failure to obtain, retain and renew such approvals and licenses in timely manner or comply with such rules and regulations or at all may adversely affect our operations.

We require several statutory and regulatory permits, licenses and approvals to operate our Business. We need to make compliance and applications at appropriate stages of our business to continue our operations. There can be no assurance that the relevant authorities will issue these approvals or licenses, or renewals thereof in a timely manner, or at all. Further any default by our Company in complying with the same may result in the cancellation of such licenses, approvals or registrations which may adversely affect our operations and financial strength. Further, we have to apply for change in name in all registrations and approvals which are in the name of private limited and we are yet to apply for registration under the Shop and establishment Act for our Branch offices, renewal of Certificate of GCP Membership and renewal of Certificate of Registration of Container Code.

Further, many of these approvals are granted for fixed periods of time and need renewal from time to time. Non-renewal of the said permits and licenses would adversely affect our Company's operations, thereby having a material adverse effect on our business, results of operations and financial condition. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Any failure by us to apply in time, to renew, maintain or obtain the required permits, licenses or approvals, or the cancellation, suspension or revocation of any of the permits, licenses or approvals may result in the interruption of our operations and may have a material adverse effect on the business. For further details, please see chapters titled "Key Regulations and Policies" and "Government and Other Key Approvals" at beginning on pages 99 and 189 respectively of this Draft Prospectus.

14. Our company has not complied with some statutory provisions of the Companies Act. Such non-compliance may attract penalties against our Company which could impact the financial position of us to that extent.

Our Company has in the past not complied with certain statutory provisions under the Companies Act 2013, for instance our Company has in the past provided loan to its group company and subsidiary company which was not in accordance with the provisions of the Companies Act 2013, however, as on date our company has complied with the same by passing the shareholders resolution and also filed the same with the Registrar of Companies, Mumbai. Our Company has made some clerical mistakes in documents and form filed in Registrar of Companies, for instance, some document have not been properly signed or some documents/statements were not attached with the forms filed with Registrar of Companies. Also, the company has failed to file certain charge form related to vehicle loan with the Registrar of Companies. Further, our company has failed to comply certain provisions of section 123 of the Companies Act, 2013 regarding payment of dividend and we may be subject to penalty under these provision(s) of Companies Act, 2013, as maybe applicable. Although no show cause notice have been issued against our Company till date in respect of above, in the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected. Any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of corporate and other law could impact the financial position of the Company to that extent. While this could be attributed to technical lapses and human errors, our Company has appointed a Company Secretary and is in the process of setting up a system to ensure the requisite filings are done in timely manner

15. Our Subsidiary have incurred losses in past and any operating losses in the future could adversely affect the results of operations and financial conditions of our group company.

The details of profit and loss of our Subsidiary in past years are as follows: -

(Rs. in lakhs)

Company Name	For the year ended on		
	March 31, 2021	March 31, 2020	March 31, 2019
Cargosol Shipping Agency Private Limited (Subsidiary)	(0.93)	(0.44)	(0.87)

Further, our subsidiary namely Cargosol Shipping Agency Private Limited also have a negative network. Any operating losses could adversely affect the overall operations of the group and financial conditions. Further, our Group Company, Cargosol Logistics China Limited, incorporated in Hong Kong wherein 100% shares are held by our Promoter/Directors, has not prepared its financial statements for previous years. We are therefore not in a position to comment about the financial viability of this company. Moreover this company may be alleged by respective law of the country for non-preparation of financial statements and non-compliance of any regulatory requirements in this respect. It may result in levy of penal charges and other legal actions against the directors and promoters of the said company, in case of cognizance being taken by concerned Authorities. However any such action may not have any material impact on our Company. For more information, regarding the Company, please refer chapter titled "Our Group

Companies” beginning on page 192 of this Draft Prospectus.

16. We do not own some of our offices from where we carry out our business activities. Any dispute in relation to use of the premises would have a material adverse effect on our business and results of operations.

We do not own all our existing offices from where we carry on our business. We have obtained our Branch offices, Godown and warehouse on rental basis. For details on the duration of existing rent agreements for our offices, please refer to Chapter titled “*Our Business*” beginning on page 88 of this Draft Prospectus. Further, the rent agreement for our Branch office located at New Delhi and Pune Godown has expired on April 30, 2022 & May 18, 2022 which we are yet renew. In the event that the existing rent agreements are terminated or they are not renewed on commercially acceptable terms, we may suffer a disruption in our operations. Further, we also share our Branch office with our group companies and there is no proper division of space between our company and our Group Company. If alternative premises are not available at the same or similar costs, size or locations, our business, financial condition and results of operations may be adversely affected.

17. Our Contingent Liability and Commitments could affect our financial position.

As on December 31, 2021, we have Contingent Liability of Rs. 90.38 lakhs which have not been provided in our financial statements and which could affect our financial position. Details of Contingent Liabilities are as follows:-

Description	(Amt in ₹Lakhs)			
	December 31, 2021	March 31, 2021	March 31, 2020	March 31, 2019
Guarantee given by bank on behalf of the company	90.38	80.38	80.38	48.38

For further details, please refer to Note 28 – Contingent Liabilities of the chapter titled “*Financial Information of the Company*” on page 135 of this Draft Prospectus.

18. Our Subsidiary and one of our Group Company is engaged in the similar line of business as of our Company. There are no non - compete agreements between our Company and these Promoter Group Entities. We cannot assure that our Promoter will not favour the interests of such entities over our interest or that the said entities will not expand which may increase our competition and may adversely affect business operations and financial condition of our Company.

Our Subsidiary, Associate company and one of our group company are engaged in the business of providing logistic services only which is similar line of business as of our Company. Further, we have not entered into any non-compete agreement with any of our said entities. We cannot assure that our Promoter who has common interest in said entities will not favour the interest of the said entities. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and aforesaid entities in circumstances where our respective interests diverge. In cases of conflict, our Promoter may favour other entities in which our Promoter has interests. There can be no assurance that our Promoters or our Promoter Group entities will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations.

19. Our Company has not placed orders for vehicle and containers required by us for which funds are being raised through this IPO. Any delay in placing the orders or supply of these equipment’s may result in time and cost overruns, and may affect our profitability.

Our Company proposes to acquire vehicles and containers for expanding its operations. Our Company has identified the vehicles and containers which we propose to acquire and have received the quotations from the suppliers, but we have not placed final orders for the said vehicles aggregating to Rs. 439.81 lakhs which are proposed to be acquired for our expansion plan by utilization of Issue Proceeds. For further details read section “Objects of the Issue” beginning on page 68 of the Draft Prospectus.

Our Company is further subject to risks on account of inflation in the price of such vehicles and equipment’s. Any delay in access to IPO proceeds or any inaccuracy in the management estimates would eventually delay the process of placing the orders. There may be a possibility of delay at the supplier’s end in providing timely delivery of the vehicles and equipment’s, which in turn may delay the implementation of our plan.

20. The Company has not made any provision for decline or revalued in value of Investment of the Company.

Our Company has made investment in stocks, the total value of which stands at Rs. 54.65 lakhs and Rs. 334.43 Lakhs as on December 31, 2021 on standalone basis and consolidated basis respectively. We have not made any provision for any decrease in the value of investments, if provision is made in future on account of permanent decrease in value of these investments, our profits would reduce to the extent of such provision. This may have an adverse impact on our results of operations and financial conditions.

21. The trend toward outsourcing of supply chain management activities, throughout India or within specific sectors, may change, thereby reducing demand for our services.

Our growth strategy is based on the assumption that the trend of outsourcing of supply chain management and other logistics services will continue, or rise, in the future to a certain extent. Third-party logistics service providers, such as us, are generally able to conduct supply chain management and other logistics services more efficiently than comparable in-house operations run by customers primarily as a result of expertise, implementation and adoption of technology, efficient management of operations and lower and more flexible employee cost structures. However, many factors could cause a reversal of this trend and cause our customers to perform supply chain and other logistics operations themselves rather than outsourcing their supply chain needs, which could have a material and adverse effect on our business.

In addition, some of our customers may change their third-party logistics provider due to decisions made by their management. Furthermore, when a customer ceases to outsource portions of its logistics operations to us, the customer may find it less compelling or unattractive to engage us for remaining logistics services, as a result of which some or all of our business with such customer may be adversely affected. In addition, we make investments in storage space on the assumption of continued outsourcing of our customers' logistics needs and a reversal in that trend could result in excess storage space, which could also result in higher rental costs as a percentage of revenue from operations.

22. Relevant copies of educational qualifications of some of our key managerial person are not traceable.

Relevant copy of the educational qualification of Mr. Cletus William D'souza and Mr. Samuel Muliylil is not traceable. For the disclosure of their education qualification and biography we have relied on the affidavits provided by him. For the details regarding their educational qualifications as disclosed in their brief biographies refer section title "Our Management" on page 118 of this Draft Prospectus.

23. Our Statutory Auditors have made certain observations in the report on Internal Financial Controls in respect of certain area which need further improvement.

Our Statutory Auditors have made certain observations in the report on Internal Financial Controls which is mentioned here below:-

"Certain areas need further improvement such as designing the documentation on internal financial control by way of identifying significant accounts including the fixed assets accounting, incorporating the process flow by which the aforesaid transactions are initiated, authorized, processed, recorded and reported at all levels, supporting information, procedure how the system is integrated at all levels to capture the transactions that relates to financial statement and defining the control related information technology so as to fulfil objective of control criteria established at company. However, our opinion is not qualified in above respect."

24. Dependence on third-party vendors could have an adverse effect on our business financial condition and results of operations.

Our ability to service our customers depends on the availability and costs of leased storage space, vehicles used for transport, equipment and adequate work force of independent contractors for operations. We use trucks and reefer trucks used in our temperature-controlled business, owned by third parties. Further, we often engage independent contractors for our skilled and unskilled labour needs and, in the event that such contractors are not available, this may have a material and adverse effect on our operations. We cannot assure you that we will be able to obtain access to preferred third-party vendors for our warehousing space, equipment, vehicles or independent contractors, or at attractive rates or that these vendors will have adequate available capacity to meet our needs or be able to meet our requirements in a timely manner.

Further, if we are unable to procure the services of third-party vendors in response to increased demand from our customers, we may be compelled to make capital expenditures or seek out costlier or lower quality third-party vendors to meet our needs. Any

inability to secure leased spaces, equipment, vehicles or independent contractors or on attractive terms could have an adverse effect on our business, financial condition and results of operations.

25. We face several risks associated with the setting up of our new facilities, which could hamper our growth, cash flows and business and financial condition.

We allocate a significant part of the cash flows from our business operations for capital expenditures for developing the infrastructure for new facilities and for maintaining our existing facilities. When setting up new facilities, we may encounter cost overruns or delays for various reasons, including, but not limited to, delays in construction, delays in receiving governmental, statutory and other regulatory approvals and permits and delays in, or non-delivery of equipment by suppliers. If any facility that we propose to set up, maintain or renovate is not completed in a timely manner, or at all, our business and results of operations may be adversely affected. Further, our budgeted resources may prove insufficient to meet our requirements due to, among other things, cost escalation, which could drain our internal cash flows or compel us to raise additional capital, which may not be available, on terms favourable to us, or at all. We also face the risk of not being able to obtain a desired location specific to our customers' requirements, which could affect their supply chain operations and costs as well as our margins on our services provided to them. Any of the foregoing factors could undermine our expansion of facilities and hamper our growth and could adversely affect our business, financial condition and results of operations.

26. We may be unable to enforce our rights under some of our agreements with on account of insufficient stamping and non-registration.

We enter into agreements with our customers for our warehousing and transportation business. The terms, tenure and the nature of the agreement may vary depending amongst others on the product and the customer. Some of the agreements executed by us may be inadequately stamped. Inadequately stamped documents while not illegal cannot be enforced in a court of law until the applicable stamp duty, with penalty, has been paid and could impact our ability to timely enforce our rights under the agreements.

Further, some of our customers are walk-in customers with whom we do not execute definitive agreements. The arrangement with such customers is through a simple invoice or work orders. There can be no assurance that we will be able to enforce our rights under these arrangements. Any such events have an adverse effect on our operations and financial positions.

27. Our business is dependent on the transportation infrastructure in India and our ability to utilise our vehicles in an uninterrupted manner. Any disruptions or delays in this regard could adversely affect us and lead to a loss of reputation and/ or profitability.

The transportation and delivery services we provide are dependent on the transportation network in India including the road, rail, air and water transport network. There are various factors which affect transport infrastructure development such as political unrest, bad weather conditions, natural calamities, road construction, road quality, regional disturbances, accidents or mishaps and third-party negligence. Even though we undertake various measures to avoid or mitigate such factors to the extent possible, some of these could cause extensive damage and affect our operations and/or the condition of our vehicles, thereby increasing our operational costs. Also, any such interruption or disruptions could cause delays in the delivery of goods to their destination and/or also cause damage to transported cargo. We may be held liable to pay compensation for losses incurred by our customers in this regard, and/or losses or injuries sustained by other third parties. Further, such delays and/or damage may cause a loss of reputation, which, over a period of time could lead to a decline in business. In the event that goods to be delivered have a short shelf life, such as perishable goods, any delay in the delivery of such cargo could also expose us to additional losses and claims.

28. We experience the effects of seasonality, which may result in our operating results fluctuating significantly.

Some of our customers' businesses are subject to seasonality, which in turn, affects our business. For instance, our customers in the automobile industry experience higher demands during festival season in India, and our operations from such customers increase accordingly during such periods. As a result of such seasonality, our quarterly financial results may fluctuate significantly. Accordingly, results for any one period are not necessarily indicative of results to be expected for any other period and declines in demand during our peak seasonal periods could materially and adversely affect our business, financial condition or results of operations.

29. Our Company has during the preceding one year from the date of the Draft Prospectus have allotted Equity Shares at a price which is lower than the Issue Price.

In the last 12 months, we have made a Bonus Issue of 50,00,000 Equity Shares of Face Value of Rs. 10/- each fully paid up in the ratio of 2 (Two) equity shares for every 1 (One) equity shares held on February 03, 2022 to our promoters and promoter group, which is lower than the Issue Price. For further details, please refer section titled “*Capital Structure*” on page 52 of this Draft Prospectus. The Issue Price may not be an indicative of the price that will prevail in the open market post listing of the Equity Shares.

30. Our Company has taken unsecured loans that may be recalled by the lenders at any time and our Company may not have adequate working capital to make timely payments or at all.

Our Company has availed unsecured loans which may be recalled by its lenders at any time. As of December 31, 2021, such loans amounted to Rs. 247.04 lacs. In the event that any lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may materially affect our business, cash flows, financial condition and results of operations. For further details, please see the section entitled “*Statement of Financial Indebtedness*” on page 171 of this Draft Prospectus

31. We have incurred substantial indebtedness which exposes us to various risks which may have an adverse effect on our business and results of operations

Our ability to borrow and the terms of our borrowings will depend on our financial condition, the stability of our cash flows, general market conditions, economic and political conditions in the markets where we operate and our capacity to service debt. As on December 31, 2021 our total outstanding indebtedness was ₹ 2225.50 Lakhs.

Our significant indebtedness results in substantial amount of debt service obligations which could lead to:

1. increasing our vulnerability to general adverse economic, industry and competitive conditions;
2. limiting our flexibility in planning for, or reacting to, changes in our business and the industry;
3. affecting our credit rating;
4. limiting our ability to borrow more money both now and in the future; and
5. increasing our interest expenditure and adversely affecting our profitability.

If the loans are recalled on a short notice, we may be required to arrange for funds to fulfil the necessary requirements. The occurrence of these events may have an adverse effect on our cash flow and financial conditions of the company. For further details regarding our indebtedness, see “*Statement of Financial Indebtedness*” on page 171 of this Draft Prospectus.

32. Our transportation operations depend on our ability to generate sufficient transportation volumes to achieve acceptable profit margins or avoid losses.

Our transportation operations are dependent on the availability of sufficient transportation volumes to achieve acceptable margins and avoid losses. The high fixed costs that are typical in our transportation operations do not vary significantly with variations in transportation volumes, and a relatively small change in transportation volumes or the prices we charge to our customers can have a significant effect on our results of operations. Further, difficulties with internal processes or other external adverse influences could lead to shortfalls in revenue. As a result, the success of our business depends on our ability to optimise transportation volumes and revenues. If we are unable to succeed sufficiently at these tasks, we may not be able to achieve acceptable operating or net profit margins, and our business, results of operations and financial condition could be adversely affected.

33. The COVID-19 pandemic has affected, and could continue to affect, the global economy as a whole and markets in which we operate.

The COVID-19 pandemic has created unique global and industry-wide challenges, including challenges to many aspects of our business. The COVID-19 pandemic has resulted in quarantines, travel restrictions, limitations on social or public gatherings, and the temporary closure of business venues and facilities across the world, including India. There have been multiple waves of infections that have impacted certain countries, with India most recently experiencing a second wave of infections that has significantly increased the number of persons impacted by COVID-19. In particular, in April and May 2021, there was a significant resurgence in the daily number of new COVID-19 cases and resulting deaths and the GoI and state governments in India have re-imposed

lockdowns and other more restrictive measures in an effort to stop the resurgence of new infections. These all contributed to negative economic impact on the India economy and consequently our business and operations; for example, India recorded negative GDP in Fiscal Year 2021, and the second wave of infections also adversely impacted the growth outlook for Fiscal Year 2022. COVID-19 has forced India to restrict the movement of goods across government-defined zones and across states, so the use of suboptimal routes has increased. Further, COVID-19 pandemic restrictions had disrupted our business, resulting in:

- Increased transportation cost
- Shortage of drivers
- Delay in shipments
- Inventory management at the warehouses
- Supply chain disruptions

For the financial year 2019, 2020 and 2021, our total income on consolidated basis was ₹ 5590.79 lakhs, ₹ 6412.92 lakhs and ₹ 10359.99 lakhs respectively. On basis of assessments of the impact of the outbreak of COVID-19 on business operation of the entity, the entity's management may conclude that our business is not much impacted. However, the situation with COVID-19 is still evolving, also some of the various preventive measures taken are still in force, leading to highly uncertain economic environment. Due to these circumstances, the management's assessment of the impact on the subsequent period is dependent upon the circumstances as they evolve.

34. Our Company had negative cash flow in recent fiscals, details of which are given below. Sustained negative cash flow could adversely impact our business, financial condition and results of operations.

The detailed break up of cash flows is summarized in below mentioned table and our Company has reported negative cash flow in certain financial years and which could affect our business and growth:

	(₹ In Lakhs)			
Particulars	31-12-2021	31-03-2021	31-03-2020	31-03-2019
Net cash from operating activities	407.45	52.56	201.86	(280.20)
Net Cash (used in) / from investing activities	(558.64)	(183.56)	(10.94)	(30.70)
Net Cash used in financing activities	365.48	130.49	(187.87)	336.97

35. We may face competition from a number of international and domestic third-party logistics companies, which may adversely affect our market position and business.

We operate in a highly competitive industry, dominated by a large number of unorganized players. While the logistics industry in India is generally fragmented, we may face competition from a number of international and domestic third-party logistics service providers, especially as the trend toward larger-scale logistics providers in India continues. Many segments within the logistics industry are highly commoditized and have low barriers to entry or exit, leading to a market with a very high degree of fragmentation. Some of our competitors may have significantly greater financial and marketing resources and operate larger networks than we do. In the regions of India in which we may operate, we may face competition from certain regional logistics services providers and the unorganized sector, some of which have market presence in their respective areas of operation. We may also face competition from new entrants into the logistics service industry. If we cannot maintain, or gain, sufficient market presence or are unable to differentiate ourselves from our competitors, we may not be able to compete effectively. Further, if we cannot maintain cost competitiveness within the third-party logistics industry, including, in the event we choose to expand and incur excessive fixed costs or if we experience a disproportionate increase in costs in comparison to our competitors, our customers could choose to service their third-party logistics needs with our competitors rather than us. Increased competition from other organized and unorganized third party logistics or people transport providers (including our business partners) may lead to a reduction in our revenues, reduced profit margins or a loss of market share. Our ability to compete effectively may be constrained by the following factors:

- deployment of more advanced technology platforms by our competitors;
- alliances entered into by our competitors with other logistics services providers, increasing their distribution network or resources and technologies that may not be available to us;
- lower cost base of domestic and regional competitors than ours, increasing their cost competitiveness;
- the deployment by our competitors of a more robust fleet of transportation vehicles;
- difficulties entering new sectors that may be dominated by competitors;
- our competitors having a wider domestic and global network of warehouses and delivery centres; and

- existing or new competitors pricing their services with significant discounts.

In addition, increased competition may reduce the growth of our customer base and result in higher selling and promotional expenses. If we are unable to compete effectively with our competitors, we may experience a decline in our revenues and profitability and our business, financial condition and results of operations could be materially and adversely affected.

36. Changes in technology may render our current technologies obsolete or require us to undertake substantial capital investments, which could adversely affect our results of operations.

We take all the possible steps to keep ourselves upgraded to the latest technology. Technologies currently under development or that may be developed in the future, if employed by our existing competitors or new entrants, may adversely affect our competitiveness. The development and application of new technologies involve time, substantial cost and risk. Our competitors may be able to deploy new technologies, such as those pertaining to refrigeration, before us and we cannot predict how emerging and future technological changes will affect our operations or the competitiveness of our services. If we fail to successfully implement new technologies in a timely manner or at all, our business, financial condition and results of operations may be adversely affected.

37. We have high working capital requirements. Our inability to meet our working capital requirements may have a material adverse effect on our business, financial condition and results of operations.

Our business requires a significant amount of working capital for smooth functioning. We meet our requirement for working capital majorly through banking facilities or fresh infusion of funds by way of issue of shares internal accruals in future, our inability, if any to meet our working capital requirements through banking/other arrangements can adversely impact our business operations and financial position. As on date of this Draft Prospectus, we have been sanctioned working capital limit from day-to-day from Indusind Bank Limited. Our growing scale and expansion, if any, may result in increase in the quantum of current assets. Our inability to maintain sufficient cash flow, credit facility and other sources of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the section “Objects of the Issue” on page 68 of this Draft Prospectus.

38. If we are not able to utilize the purchased container space purchased from sea shipping lines, capacity that we charter from our air carriers and utilize our truck capacity, we will not be able to recover our costs and our profitability may suffer.

We specialize in arranging and coordinating all activities for shipping of goods in & out of India by sea. This includes arranging of all pre-shipment activities like coordination of the container movements, inspection, cargo pickup and cargo stuffing etc. Under non vessel owning common carrier (NOCC), we take the vessel space on lease from the shipping company or the operators and sell cargo or container space on-board mainline transport vessels, to our customers. We provide complete range of services of freight forwarding (sea freight & air freight). As an air freight forwarder, we also charter aircraft capacity to meet peak season volume increases for our clients. We then solicit freight from our clients to fill the containers and air charter capacity.

If we will not be able to recover our costs for such purchase of container space or charter aircraft capacity our business, financial condition and results of operations could be adversely affected. We also lease or own a number of specialized carriers which are utilized in our logistics business. If we are unable to efficiently utilize capacity within these specialized carriers, we will not be able to recover all of our expenses associated with operating these specialized carriers and our business, financial condition and results of operations could be adversely affected.

39. We have not received No Objection Certificate from all the lenders of term loans to our company.

We have not received the no objection certificate from Indusind Bank Limited from whom we have availed secured loan. Our company has made an application with the Bank to provide us with the NOC. We are awaiting to receive the same. In case the said consent or NOC is not received in time may delay the operations. Further, in case we undertake any operation without their prior consent, our lenders may ask for repayment of amounts outstanding under such facilities, or even terminate such facilities, and as a result we may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows.

40. Our Company has entered into certain related party transactions and may continue to do so in the future.

Our Company has entered into related party transactions with our Promoters, Directors, Group Entities and their relatives. While our Company believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to "Related Party Transactions" under section titled "Financial Statements" on page 135 of this Draft Prospectus.

41. We are susceptible to risks relating to fluctuations in currency exchange rates.

We provide international freight forwarding services and derive a portion of our revenue from international operations. Therefore, our exposure to foreign currency risk arises in respect of our non-Indian rupee-denominated trade and other receivables, trade payables, and cash and cash equivalents. While our presentation and functional currency is the Indian Rupee, we undertake transactions in various currencies. Any fluctuation in the value of the Indian Rupee against any currency in the currency group will affect our results of operations. Receipts in foreign currency are enumerated below:

Particulars	(₹ In Lakhs)			
	31-12-2021	31-03-2021	31-03-2020	31-03-2019
Revenue received in foreign currency (Export on F.O.B. basis)	2,573.39	1,415.67	691.05	786.07

Further, we currently do not use any foreign exchange hedging contracts to manage our exchange rate risk. Although we may, in the future, enter into such foreign exchange hedging contracts, we cannot assure you that such hedges will be available or commercially viable or effective to hedge our exposure to foreign currency risks. In addition, the policies of the RBI may also change from time to time, which may limit our ability to effectively hedge our foreign currency exposures and may adversely affect our reported revenues and financial results. We cannot guarantee that we will not experience foreign exchange losses going forward and that such losses will not adversely affect our business, financial condition or results of operations.

42. Our Promoters/Directors and Promoter Group Member have provided personal guarantees for loan facilities obtained by our Company, and any failure or default by our Company to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoters/Directors and thereby, impact our business and operations.

Our Promoters/Directors and Promoter Group Member have extended personally guarantee towards loan facilities taken by our Company. Any default or failure by us to repay the loans in a timely manner, or at all could trigger repayment obligations of our guarantors in respect of such loans, which in turn, could have an impact on their ability to effectively service their obligations as Promoters/Directors of our Company, thereby having an effect on our business, results of operation and financial condition. Furthermore, in the event that these individuals withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows.

43. If we are unable to manage our growth effectively or if our estimates or assumptions used in developing our strategic plan are inaccurate or we are unable to execute our strategic plan effectively, our business and prospects may be materially and adversely affected.

Our revenue and our business operations have grown in recent years. Although we plan to continue to expand our scale of operations, we may not be able to sustain these rates of growth in future periods due to a number of factors, including, among others, our execution capability, our ability to retain, maintain & enter into new agreements, our ability to maintain customer satisfaction, our ability to mobilise sufficient working capital, macroeconomic factors beyond our control such as decline in global economic conditions, competition with other players in the organized and unorganized segments, the greater difficulty of growing at sustained rates from a larger revenue base, our inability to control our expenses and the availability of resources for our growth. There can be no assurance that we will not suffer from capital constraints, operational difficulties or difficulties in expanding existing business operations.

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and

within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

44. Our Company's insurance coverage may not be adequate to protect us against all material hazards which may result in disruptions of operations/monetary loss on account of stoppage of work.

We have undertaken Vehicle insurance, Employee health insurance, Office premises insurance (from fire, theft, and natural disasters), Group Term insurance, Documentation insurance policy – Bill of lading (BL) & Marine Container Policy to safeguard against the financial losses arising out of third-party liability, transportation risks, stock stored at warehouse, and employees' health. Our existing insurance coverage may be insufficient to cover all the risks associated with our business and operations and generally do not cover losses from business interruption. Further, if we are unable to secure vehicular insurance on attractive terms for our trailers/trucks, our transportation operations logistics services could be negatively affected. We also cannot assure you that we will renew our existing insurance policies in a timely manner or at all. In the case of an uninsured loss, a loss in excess of insured limits or a loss for which we do not have coverage or coverage is prohibitively expensive, including those caused by natural disasters and other events beyond our control, we may be required to pay for losses, damages and liabilities out of our own funds, which could materially and adversely affect our business, financial condition and results of operations. Even if our insurance coverage is adequate to cover our direct losses, we may not be able to take remedial actions or other appropriate measures. Furthermore, our claim records may affect the premiums which insurance companies may charge us in the future.

45. Our Promoter Group will continue to have substantial voting power to influence corporate actions even after the completion of the Public Issue.

Upon completion of this Issue, our Promoter Group will continue to own 73.53% of our post Issue Equity Share capital. As a result, our Promoter Group will have the ability to exercise significant influence over all matters requiring shareholder's approval, including the election of directors and approval of significant corporate transactions. Our Promoter Group will also be in a position to influence any shareholder action or approval requiring a majority vote, except where it is required by applicable laws to abstain from voting. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control.

46. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

The proposed fund requirement for our Working Capital requirements, as detailed in the section titled "Objects of the Issue" is to be funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled "***Objects of the Issue***" beginning on page 68 of this Draft Prospectus.

47. Any Penalty or demand raised by statutory authorities in future will affect our financial position of the Company.

Our Company is engaged in the logistics and transportation business which attracts tax liability such as Goods and Service Tax, Income Tax (including dividend distribution tax for dividend payment), and Professional Tax as per the applicable provisions of Law. We are also required to comply with the provisions such as registration under the labour laws like Provident Fund and ESI and are also subjected to deposit of Provident Fund and ESI contribution of employer and employees. Although, we have taken all the necessary approvals and deposited the required returns and taxes under various applicable Acts but any demand or penalty raised by the concerned authority in future for any previous year and current year will affect the financial position of the Company.

48. The Objects of the Issue for which funds are being raised have not been appraised by any bank or financial institution. Any variation between the estimation and actual expenditure as estimated by the management could result in execution delays or influence our profitability adversely.

The deployment of funds as stated in the "Objects of the Issue" beginning on page 68 of the Draft Prospectus is entirely at the discretion of our management and has not been appraised by any independent agency. Further, the purposes for which the Net Proceeds are to be utilised have not been appraised by an independent entity and are based on our estimates and on third-party quotations. In the event, for whatsoever reason, we are unable to execute our plans, we could have a significant amount of unallocated net proceeds. In such a situation, we would have broad discretion in allocating these net proceeds from the Issue without any action or approval of our shareholders. In case the assumptions on which these estimates have been made are not correct or they

become un-realistic then there will be a variation in the estimates and the actual expenditure incurred which could result in execution delays and have an adverse effect on our operations and profitability.

49. *There are certain restrictive covenants in the agreements that our Company has entered into with Banks.*

The loan agreements entered into by us with banks contain specific covenants which require us to obtain the prior approval/permission from the banks on the occurrence of certain events such as formulation of any scheme of amalgamation or reconstruction, undertaking of any new project or expansion, making any substantial change in our management set up, any change in our capital structure resulting in reduction of capital, etc. We are required to obtain consent/approval from our lender before undertaking any such steps which have been mentioned in the loan agreements. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. In the event we breach any financial or other covenants contained in any of our financing arrangements, we may be required under the terms of such financing arrangements to immediately repay our borrowings either in whole or in part, together with any related costs. This may adversely impact our results of operations and cash flows. For further details on the Cash Credit Limits and other banking facilities, please see “**Statement of Financial Indebtedness**” on page 171 of the Draft Prospectus.

50. *Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial, may affect the business and operations of our Company.*

Success of our Company is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our Company’s future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations. We cannot assure that we will be able to retain the services of our Directors, Promoters and other Key Managerial Personnel in the future or that our inability to retain will not have any adverse impact on our business operations.

51. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Issue is for an amount not exceeding ₹10,000 lakhs, in terms of SEBI ICDR Regulations, our Company is not required to appoint an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our finances.

52. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, working capital requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 134 of this draft prospectus.

53. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuance by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the

Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

54. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue price is based on numerous factors. For further information, see the chapter titled “Basis for Issue Price” beginning on page 74 of this Draft Prospectus and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. The factors that could affect our share price are:

- Variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings;
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

55. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the prospectus.

While facts and other statistics in the Draft Prospectus relating to India, the Indian economy and the industry in which we operate has been based on various governmental and organizational web site data that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled “Industry Overview” beginning on page 80 of this Draft Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

EXTERNAL RISK FACTOR:

56. Changing regulations in India could lead to new compliance requirements that are uncertain.

The regulatory environment in which we, and our key customers, operate is evolving and is subject to change. The Government of India may implement new laws or other regulations that could affect the logistics industry or the sectors we serve, which could lead to new compliance requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Further, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations. Any such changes and the related uncertainties with respect to the implementation or change in the legal framework may have a material adverse effect on our business, financial condition and results of operations.

57. Demand for our services may decrease during an economic recession which may adversely affect our profitability and financial condition.

The transportation industry historically has experienced cyclical fluctuations in financial results due to economic recession, downturns in business cycles of our customers, fuel shortages, price increases by carriers, interest rate fluctuations, and other economic factors beyond our control. Carriers can be expected to charge higher prices to cover higher operating expenses, and our gross profits and income from operations may decrease if we are unable to pass through to our customers the full amount of higher transportation costs. If economic recession or a downturn in our customers’ business cycles causes a reduction in the volume of freight shipped by those customers, our operating results could also be adversely affected.

58. *Investor may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

59. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our services may be adversely affected by an economic downturn in domestic, regional and global economies. The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

60. *An outbreak of other infectious or virulent diseases, if uncontrolled, may have an adverse effect on our operations.*

An outbreak of other infectious or virulent diseases, such as severe acute respiratory syndrome, the COVID-19 virus, the H1N1 virus, avian influenza (bird flu), the Zika virus or the Ebola virus, if uncontrolled, may have a material adverse effect on the economies of certain countries and our operations. If any of our employees or the employees of our suppliers and/or customers are infected with such diseases or if a significant portion of our workforce refuses to work for fear of contracting an infectious disease, our Company, our suppliers and/or our customers may be required to shut down operations for a period of time, and this could adversely affect our business, results of operations and financial condition.

61. *Terrorist attacks or war or conflicts involving India or other countries could adversely affect consumer and business sentiment and the financial markets and adversely affect our business.*

Terrorist attacks and other acts of violence or war may adversely affect global equity markets and economic growth as well as the Indian economy and stock markets. Such acts negatively impact business and economic sentiment, which could adversely affect our business and profitability.

Also, India has from time to time experienced, and continues to experience, social and civil unrest and hostilities with neighbouring countries. Armed conflicts could disrupt communications and adversely affect the Indian economy. Such events could also create a perception that investments in Indian companies involve a high degree of risk. This, in turn, could have a material adverse effect on the market for securities of Indian companies, including our Equity Shares. The consequences of any armed conflicts are unpredictable and we therefore may not be able to foresee events that could have an adverse effect on our business.

62. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

63. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

64. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

Details of the Market Making arrangement for this Issue

Our Company and the LM has entered into Market Making Agreement dated [•] with the following Market Maker, to fulfill the obligations of Market Making for this issue:

Name	[•]
Correspondence Address:	
Tel No.:	
E-mail:	
Website:	
Contact Person:	
SEBI Registration No.:	
BSE Market Maker Registration No.	

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the SME Platform of BSE and SEBI from time to time.
- The minimum depth of the quote shall be Rs.1,00,000/- . However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of BSE (in this case currently the minimum trading lot size is [•] equity shares; however the same may be changed by the SME platform of BSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
- There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- The Market Maker(s) shall have the right to terminate said arrangement by giving a six months’ notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the LM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106 V of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the LM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as

specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our office from 10.00 a.m. to 5.00 p.m. on working days.

- **Risk containment measures and monitoring for Market Makers:** BSE SME platform will have all margins, which are applicable on BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
- **Punitive Action in case of default by Market Makers:** BSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to Rs. 250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

- All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Details of Promoters' Contribution Locked-in for One Year

In terms of Regulation 238(b) and 239 of the SEBI (ICDR) Regulations, 2018, in addition to the Minimum Promoters contribution which is locked in for three years, as specified above, the entire pre-issue equity share capital constituting 54,00,000 Equity Shares shall be locked in for a period of one year from the date of allotment of Equity Shares in this Issue.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, the Equity Shares which are subject to lock-in shall carry inscription '**non-transferable**' along with the duration of specified non-transferable period mentioned in the face of the security certificate. The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

Other requirements in respect of lock-in:

- a) In terms of Regulation 242 of the SEBI (ICDR) Regulations, the locked in Equity Shares held by the Promoters, as specified above, can be pledged with any scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company as collateral security for loan granted by such bank or institution provided that the pledge of Equity Shares is one of the terms of the sanction of the loan. Provided that securities locked in as minimum promoter contribution may be pledged only if, in addition to fulfilling the above requirements, the loan has been granted by such bank or institution, for the purpose of financing one or more of the objects of the Issue.
 - b) In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked in as per Regulation 239 of the SEBI (ICDR) Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
 - c) Further in terms of Regulation 243 of the SEBI (ICDR) Regulations, the specified securities held by the promoters and locked-in as per regulation 238 may be transferred to another promoter or any person of the promoter group or a new promoter or a person in control of the issuer subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
19. Neither, we nor our Promoters, Directors and the LM to this Issue have entered into any buyback and / or standby arrangements and / or similar arrangements for the purchase of our Equity Shares from any person.
 20. As on the date of this Draft Prospectus, the entire Issued Share, Subscribed and Paid-up Share Capital of our Company is fully paid up. Since the entire issue price in respect of the issue is payable on application, all the successful applicants will be allotted fully paid up Equity shares.
 21. The LM i.e. Hem Securities Limited and their associates do not hold any Equity Shares in our Company as on the date of filing of this Draft Prospectus.

22. As on the date of this Draft Prospectus, we do not have any Employees Stock Option Scheme / Employees Stock Purchase Scheme and we do not intend to allot any shares to our employees under Employee Stock Option Scheme/ Employee Stock Purchase Plan from the proposed issue. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
23. We have 8 (Eight) shareholders as on the date of filing of this Draft Prospectus.
24. As on the date of filing of this Draft Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer
25. Our Company has not raised any bridge loan against the proceeds of the Issue.
26. As on the date of this Draft Prospectus, none of the shares held by our Promoters / Promoters Group are subject to any pledge.
27. We here by confirm that there will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of the Draft Prospectus until the Equity Shares offered have been listed or application money unblocked on account of failure of Issue.
28. An over-subscription to the extent of 1% of the Issue, subject to the maximum post issue paid up capital of Rs. 25 crores, can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 1% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3 year lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
29. Allocation to all categories shall be made on a proportionate basis subject to valid applications received at or above the Issue Price. Under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the LM and Designated Stock Exchange i.e. BSE. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.
30. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of Regulation 253 of SEBI (ICDR) Regulations, 2018 and its amendments from time to time.
31. The unsubscribed portion in any reserved category (if any) may be added to any other reserved category.
32. The unsubscribed portion if any, after such inter se adjustments among the reserved categories shall be added back to the net issue to the public portion.
33. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
34. Our Company shall comply with such disclosure and accounting norms as may be specified by BSE, SEBI and other regulatory authorities from time to time.
35. There are no Equity Shares against which depository receipts have been issued.
36. Other than the Equity Shares, there is no other class of securities issued by our Company.
37. There are no safety net arrangements for this public issue.
38. As per RBI regulations, OCBs are not allowed to participate in this issue.
39. Our Promoters and Promoter Group will not participate in this Issue.
40. This Issue is being made through Fixed Price Issue.
41. Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.

42. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-issue paid-up Equity Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.
43. No person connected with the Issue shall offer any incentive, whether direct or indirect, in the nature of discount, commission, and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Applicant.

We shall ensure that transactions in Equity Shares by the Promoters and members of the Promoter Group, if any, between the date of filing the Prospectus with the Registrar of companies and the Issue Closing Date are reported to the Stock Exchanges within 24 hours of such transactions being completed.

OBJECTS OF THE ISSUE

The Issue includes a fresh Issue of up to 27,00,000 Equity Shares of our Company at an Issue Price of Rs. [●] per Equity Share.

We intend to utilize the proceeds of the Issue to meet the following objects:-

1. Purchase of vehicle for commercial purpose;
2. Purchase of Containers for expansion of the Non Vessel Owning Common Carrier (NVOCC) division;
3. To meet working capital requirements;
4. General Corporate Purpose;
5. To meet issue expenses.

(Collectively referred as the “Objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the SME Platform of BSE. It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution.

Our Company is a complete 3 PL (third-party logistics service provider), delivering end-to-end solutions in the logistics and supply chain domain to our customers involving multimodal transport operations (MTO), owning and operating container, sea and air freight, transportation, warehousing, custom clearance services and handling of project cargo. We also provide warehousing facilities to our customers and our warehouses are well connected to several manufacturing and consumption clusters with a space aggregating to approx. 35000 square feet located at Thane, Maharashtra. We also handle NVOCC facility for the sectors like Indian Sub-continent, Middle East, Upper gulf and South East Asia.

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amt (Rs. in Lacs)
Gross Proceeds of the Issue	[●]
Less: Issue related expenses	[●]
Net Proceeds	[●]

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

S. No	Particulars	Amt (Rs. in Lacs)
1.	Purchase of vehicle for commercial purpose	233.42
2.	Purchase of Containers for expansion of the NVOCC division;	206.39
3.	To meet working capital requirements	[●]
4.	General Corporate Purpose	[●]
	Total	[●]

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

Means of Finance

We intend to finance our Objects of Issue through Net Issue Proceeds which is as follows:

Particulars	Amt (Rs. in Lacs)
Net Issue Proceeds	[●]
Total	[●]

Since, the entire fund requirement is to be funded from the proceeds of the Issue, there is no requirement to make firm arrangements of finance under Regulation 230(1) (e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled "Risk Factors" beginning on page 23 of the Draft Prospectus.

Details of Utilization of Net Proceeds

The details of utilization of the Net Proceeds are set forth herein below:

1. Purchase of vehicle for commercial purpose

We are currently planning to expand our existing fleet of commercial vehicles by adding new vehicles with different capacity.

A detailed breakup of estimated cost towards purchase of vehicles which are proposed to be funded from the net issue proceeds is set forth below:

TOTAL				233.42

Notes:

- a) We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.

- b) All quotations received from the vendors mentioned above are valid as on the date of this Draft Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/equipments or at the same costs.
- c) The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of Model or vendor or addition/deletion of any equipment) at the time of actual placement of the order. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipments and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- d) We are not acquiring any second hand machinery as mentioned in the list above.
- e) The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the cost. Further, cost can be escalated on account of freight expenses, incidental charges, custom duty etc. Such cost escalation would be met out of either of surplus portion of net issue proceeds (if any) or our internal accruals.
- f) The quotations above are inclusive of taxes if any.

2. Purchase of Containers for expansion of the NVOCC division

Our management has estimated that we will require additional 87 containers with different specification at different point of time and different locations. A detailed breakup of estimated cost towards purchase of containers which are proposed to be funded from the net issue proceeds is set forth below:

Notes:

- a) We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- b) We have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/equipments or at the same costs.
- c) The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of Model or vendor or addition/deletion of any equipment) at the time of actual placement of the order. Furthermore, if any surplus from the proceeds remains after meeting the total cost of equipments for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.

- d) We will be acquiring used containers as mentioned in the list above. The total useful life of the new containers as estimated by our management is around 20 years and the expected age of the containers we propose to acquire may range in between 8-10 years and we will have a balance usable life of approximately 10-12 years.
- e) The estimate relied upon by us in arriving at the above cost are purely based on the time, place and availability. Further, cost can be escalated on account of freight expenses, incidental charges, custom duty etc. Such cost escalation would be met out of either of surplus portion of net issue proceeds (if any) or our internal accruals.
- f) The above amounts are exclusive of taxes if any.

3. To Meet Working Capital Requirement

With the expansion of the business the company will be in the need of additional working capital requirements. The major capital will be invested in the trade receivables as the money gets blocked in them. The Company will meet the requirement to the extent of Rs. [●] lakhs from the Net Proceeds of the Issue and balance from borrowings at an appropriate time as per the requirement.

Details of Estimation of Working Capital requirement are as follows:

(Rs. In Lacs)

Justification:

S. No.	Particulars
Debtors	We have assumed Debtors holding period to be at around [●] days for FY2021-22 & [●] days for FY 2022-23 as compared to 89 days in F.Y. 2020-21 and 93 days in F.Y. 2019-20.
Creditors	In F.Y. 2020-21, we expect to prune our creditor days through repayment of creditors and get benefits of better pricing by offering faster payment terms. We have assumed Creditors payment period to come down to average [●] days for FY 2021-22 & [●] days for FY2022-23 after repayment to creditors as compared to 40 days in F.Y. 2020-21 and 32 days in F.Y. 2019-20.

4. General Corporate Purpose

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Fresh Issue proceeds aggregating Rs. [●] Lakhs towards the general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Net Proceeds, for general corporate purpose including but not restricted to, meeting operating expenses, initial development costs for projects other than the identified projects, and the strengthening of our business development and marketing capabilities, meeting exigencies, which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act, 2013.

We confirm that any issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual issue expenses turn to be lesser than the estimated issue expenses of Rs. [●] lakhs, such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Prospectus, shall not exceed 25% of the amount raised by our Company through this Issue.

5. Public Issue Expenses

The total estimated Issue Expenses are Rs. [●] Lakhs, which is [●] % of the total Issue Size. The details of the Issue Expenses are tabulated below:

Activity	(Rs. in Lakh) *	As a % of Estimates Issue Expenses	As a % of Issue Size
Lead Manger Fees	[●]	[●]	[●]
Fees Payable to Registrar to the Issue	[●]	[●]	[●]

Appraisal

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on available quotations and management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including but not limited to variations in interest rate structures, changes in our financial condition and current commercial conditions of our Business and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and or unsecured Loans.

Bridge Financing Facilities

As on the date of the Draft Prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Issue will not exceed Rs.10,000 Lakhs, the appointment of Monitoring Agency would not be required as per Regulation 262(1) of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Issue Proceeds through our audit committee. Pursuant to Regulation 32 of the SEBI Listing Regulations, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Interim Use of Proceeds

Pending utilization of the Issue proceeds of the Issue for the purposes described above, our Company will deposit the Net Proceeds with scheduled commercial banks included in schedule II of the RBI Act.

Our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any listed company or for any investment in the equity markets or investing in any real estate product or real estate linked products.

Variation in Objects

In accordance with Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and shall be published in accordance with the Companies Act and the rules there under. As per the current provisions of the Companies Act, our Promoters or controlling Shareholders would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Other confirmations

There are no material existing or anticipated transactions with our Promoter, our Directors, our Company's key Managerial personnel, in relation to the utilization of the Net Proceeds. No part of the Net Proceeds will be paid by us as consideration to our Promoters, our Directors or key managerial personnel except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the section titled “**Risk Factors**”, the details about our Company under the section titled “**Our Business**” and its financial statements under the section titled “**Financial Information of the Company**” beginning on page 23, 88 and 135 respectively of the Draft Prospectus. The trading price of the Equity Shares of Our Company could decline due to these risks and the investor may lose all or part of his investment.

The Issue Price will be determined by our Company in consultation with the LM on the basis of the quantitative and qualitative factors as described below. The face value of the Equity Shares is Rs. 10.00 each and the Issue Price is Rs. [●], which are [●] times of the face value.

QUALITATIVE FACTORS

We believe the following business strengths allow us to successfully compete in the industry and the following are our primary competitive strength:

- a) Integrated, end-to-end logistics services and solutions
- b) Our existing Network
- c) Storage capabilities
- d) Strong knowledge and expertise of our promoters.
- e) Diverse customer base across many sectors.

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to sections titled “**Our Business**” beginning on page 88 of the Draft Prospectus.

QUANTITATIVE FACTORS

The information presented below relating to our Company is based on the Restated Financial Statements. For details, please refer section titled “**Financial Information of the Company**” on page 135 of this Draft Prospectus.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

1. Basic & Diluted Earnings per share (EPS) (Face value of Rs. 10 each), as adjusted for change in capital:

As per the Restated Financial Statements;

Sr. No	Period	Consolidated	Weights
1.	Period ending March 31, 2021	2.62	3
2.	Period ending March 31, 2020	1.68	2
3.	Period ending March 31, 2019	1.64	1
	Weighted Average	2.14	
	Period ending December 31, 2021	6.38	

Notes:

- i. The figures disclosed above are based on the Restated Financial Statements of the Company as adjusted with the effect of issue of Bonus shares.
- ii. The face value of each Equity Share is Rs.10.00.
- iii. Earnings per Share has been calculated in accordance with **Accounting Standard 20 – “Earnings per Share”** issued by the Institute of Chartered Accountants of India.
- iv. The above statement should be read with Significant Accounting Policies and the Notes to the Restated Financial Statements as appearing in Annexure IV.
- v. **Basic Earnings per Share = Net Profit/(Loss) after tax, as restated attributable to equity shareholders / Weighted average number of equity shares outstanding during the year/ period**
- vi. **Diluted Earnings per Share = Net Profit/ (Loss) after tax, as restated attributable to equity shareholders / Weighted average number of diluted potential equity shares outstanding during the year/ period.**

STATEMENT OF SPECIAL TAX BENEFITS

To,
The Board of Directors,
Cargosol Logistics Limited
502, Swaroop Arcade, Sahar Road, Andheri - East, Mumbai - 400099, Maharashtra, India

Sub: Statement of Tax Benefits ('The Statement') available to **Cargosol Logistics Limited** ("The Company") and its shareholders under the Direct and Indirect Tax Laws in India.

We hereby report that the enclosed annexure prepared by the management of Cargosol Logistics Limited, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Limitations:

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein. We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Prospectus/ Prospectus or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

This statement has been prepared solely in connection with the Proposed Offer by the Company under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN THEIR PARTICULAR SITUATION.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY:

Special tax benefits available to the Company

The Company is not entitled to any special tax benefits under the Income Tax Act, 1961.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS:

The Shareholders of the Company are not entitled to any special tax benefits under the Income Tax Act, 1961.

NOTES:

1. The above Annexure of special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.
2. The above Annexure covers only the special tax benefits under the Act, read with the relevant rules, circulars and notifications and does not cover any benefit under any other law in force in India. This Annexure also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company.
3. The above Annexure of special tax benefits is as per the current direct tax laws relevant for the assessment year 2023-24. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws.
4. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the relevant Double Taxation Avoidance Agreement, if any, entered into between India and the country in which the non-resident has fiscal domicile.
5. A new Section 115BAA has been inserted by the Taxation Laws (Amendment) Act, 2019 ('the Amendment Act, 2019') with effect from Financial Year 2019-20 granting an option to domestic companies to compute corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and cess of 4%), provided such companies do not avail specified exemptions/ incentives. The option under section 115BAA of the Act once exercised cannot be subsequently withdrawn for any future financial year. The Amendment Act, 2019 further provides that domestic companies availing such option will not be required to pay Minimum Alternate Tax ('MAT') under Section 115JB. The CBDT has further issued Circular 29/2019 dated October 02, 2019 clarifying that since the MAT provisions under Section 115JB itself would not apply where a domestic company exercises option of lower tax rate under Section 115BAA, MAT credit would not be available. In such a case, the Company is not allowed to claim any of the following deductions/ exemptions under the Act: -
 - Deduction under the provisions of Section 10AA.
 - Deduction under clause (iia) of sub-section (1) of Section 32 (additional depreciation).
 - Deduction under section 32AD or Section 33AB or Section 33ABA
 - Deduction under section 35(2AA) or section 35(2AB)
 - Deduction under section 35AD or Section 35CCC or 35CCD
 - Deduction under any provisions of Chapter VI-A other than the provisions of Section 80JJAA or Section 80M of the Act;
 - No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred above;
 - No set off of any loss or allowance for unabsorbed depreciation deemed so under Section 72A of the Act, if such loss or depreciation is attributable to any of the deductions referred above.

6. Lower corporate tax rate under Section 115BAA of the Act and Minimum Alternate Tax ('MAT') credit under section 115JAA of the Act which are in general available may not be treated as special tax benefits.
7. The Company has evaluated and decided to exercise the option permitted under Section 115BAA of the Act for the purpose of computing its income-tax liability with effect from Financial Year 2019-20.
8. This Annexure is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his or her tax advisor with respect to specific tax consequences of his/her investment in the shares of the Company.
9. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the issue has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

Global Scenario:

Global growth is expected to moderate from 5.9 in 2021 to 4.4 percent in 2022, half a percentage point lower for 2022 than in the October World Economic Outlook (WEO), largely reflecting forecast markdowns in the two largest economies. A revised assumption removing the Build Back Better fiscal policy package from the baseline, earlier withdrawal of monetary accommodation, and continued supply shortages produced a downward 1.2 percentage-points revision for the United States. In China, pandemic-induced disruptions related to the zero-tolerance COVID-19 policy and protracted financial stress among property developers have induced a 0.8 percentage-point downgrade. Global growth is expected to slow to 3.8 percent in 2023. Although this is 0.2 percentage point higher than in the previous forecast, the upgrade largely reflects a mechanical pickup after current drags on growth dissipate in the second half of 2022. The forecast is conditional on adverse health outcomes declining to low levels in most countries by end-2022, assuming vaccination rates improve worldwide and therapies become more effective.

Elevated inflation is expected to persist for longer than envisioned in the October WEO, with ongoing supply chain disruptions and high energy prices continuing in 2022. Assuming inflation expectations stay well anchored, inflation should gradually decrease as supply-demand imbalances wane in 2022 and monetary policy in major economies responds.

Risks to the global baseline are tilted to the downside. The emergence of new COVID-19 variants could prolong the pandemic and induce renewed economic disruptions. Moreover, supply chain disruptions, energy price volatility, and localized wage pressures mean uncertainty around inflation and policy paths is high. As advanced economies lift policy rates, risks to financial stability and emerging market and developing economies' capital flows, currencies, and fiscal positions—especially with debt levels having increased significantly in the past two years—may emerge. Other global risks may crystallize as geopolitical tensions remain high, and the ongoing climate emergency means that the probability of major natural disasters remains elevated.

With the pandemic continuing to maintain its grip, the emphasis on an effective global health strategy is more salient than ever. Worldwide access to vaccines, tests, and treatments is essential to reduce the risk of further dangerous COVID-19 variants. This requires increased production of supplies, as well as better in-country delivery systems and fairer international distribution. Monetary policy in many countries will need to continue on a tightening path to curb inflation pressures, while fiscal policy—operating with more limited space than earlier in the pandemic—will need to prioritize health and social spending while focusing support on the worst affected. In this context, international cooperation will be essential to preserve access to liquidity and expedite orderly debt restructurings where needed. Investing in climate policies remains imperative to reduce the risk of catastrophic climate change.

Maritime trade lost momentum in 2019 and came under pressure in 2020

Owing to the slowdown in the world economy and trade, growth in international maritime trade stalled in 2019 and reached its lowest level since the financial crisis of 2008–2009. After rising moderately (2.8 per cent) in 2018, volumes expanded at a marginal 0.5 per cent in 2019. A number of factors weighed on the performance of maritime trade. These included trade policy tensions; adverse economic conditions and social unrest in some countries; sanctions; supply-side disruptions, such as the Vale dam collapse in Brazil and Cyclone Veronica in Australia; and low oil demand growth. UNCTAD estimates the total volume of maritime trade in 2019 at 11.08 billion tons.

Growth in maritime trade decelerated in line with the slowdown in world GDP growth. Data also point to a negative outlook for 2020, with world GDP and maritime trade projected to contract by 4.1 per cent. The onset of the pandemic in early 2020 and its fallout on world economies, travel, transport and consumption patterns, as well as manufacturing activity and supply chains, are causing a global recession in 2020. See section C for a more detailed discussion on the pandemic and its implications for maritime transport and trade.

Demand and supply-side pressures weighed on key market segments

Since the onset of the shale revolution in the United States, developments in the country’s energy sector have played a significant role in shaping global tanker trade. This was apparent throughout 2019, with a decline in United States crude oil imports and a rise in its long-haul exports. Overall tanker trade contracted by 1 per cent in 2019, owing to lower volumes of crude oil and refined petroleum products.

Shrinking port volumes in 2020 and need for more storage space

According to a baseline scenario provided by Drewry, global port container throughput is expected to contract by 7.3 per cent in 2020. The contraction could amplify and reach 12 per cent if the negative scenario is upheld. As shown by the quarterly trends, global container port volumes collapsed in the second quarter of 2020 at the height of the pandemic. Port volumes in 2021 will vary, depending on the scenario. Projected figures range between another contraction of 3 per cent and a jump of more than 10 per cent (Drewry, 2020f). The range of scenarios shows how unpredictable and volatile the short-term outlook can be.

Several ports reported an increase in port and terminal utilization due to a rise in imported essential goods, such as grains (rice, wheat). Other ports reported that traders began storing liquid bulk commodities in anticipation of future commodity price developments. Another situation faced by ports relates to the automotive industry, as many new cars were not collected, due to a collapse in sales, which resulted in the overcrowding of relevant storage areas. Storage space has also been used in cases where transit container shipping programmes have been suspended. For example, the Mediterranean Shipping Company applied the suspension of transit while using some of the world’s leading trans-shipment hubs (Bremerhaven, Germany; Busan, the Republic of Korea; King Abdullah port, Saudi Arabia; Lomé; Rodman port, PSA Panama International Terminal, Panama; and Asyaport, Tekirdağ, Turkey). As reported in the experience shared by the Mediterranean Shipping Company, this allowed shippers to benefit from advance yard storage and start moving goods early in anticipation of resumption in demand.

Container ports will have an important role to play inservicing the migrating trade. The new locations will need to prepare for the potential growth in volumes. For example, Cambodia and Indonesia are said to have shortfalls in port capacity, that is, to handle more traffic and larger vessels. In Vietnam, the major beneficiary of recent changes in container trade patterns, port capacity is considered suitable, although the country may need to invest in deepwater berths capable of handling larger vessels and direct calls. Closing the infrastructure gap in the region is estimated to require over \$12 billion in investment (Drewry, 2020g).

Vertical integration between shipping companies, terminal operators and inland logistics intensifies:

From 2010–2020, container shipping companies sought to expand their services offer to include shipping, terminal operations and inland logistics to reduce exposure to volatile freight rates and generate alternative revenue streams providing end-to-end logistic solutions.

Similarly, terminal operators are engaging in vertical integration by taking greater control of inland logistics and aiming to provide integrated service offerings and generate more value. Examples of these developments in 2020 include Maersk’s acquisition of a customs brokerage firm and a warehousing and distribution services provider (JOC.com, 2020c), CMA CGM’s partnership with an online platform that links couriers to online retailers (Lloyd’s List, 2019b) and DP World’s acquisitions in the global feeder network, as well and freight forwarding services providers (The Loadstar, 2020b).

A recent study of a representative group of ports in Latin American and Caribbean countries (Argentina, the Bahamas, Brazil, Colombia, Jamaica, Mexico, Panama and Peru) suggests that a significant proportion of container volumes in the region (see table 2.12) is handled at port terminals controlled by shipping companies that are part of the three major alliances (2M, Ocean Alliance and THE Alliance) (Sánchez, forthcoming).

From the perspective of port development, terminal investments by shipping lines can have a positive impact. For example, these investments can make it possible to secure more capital investment to upgrade port facilities to serve ever-larger vessels, increase efficiency and service reliability, and reduce costs and operating times (Zhu et al., 2019). Yet, increased vertical integration between

shipping and port services could also discourage other lines from calling at ports, limit choices available to shippers and influence approaches to terminal concessions.

Overview of Indian Economy

Improving Logistics Competitiveness of India

India is world's fifth largest economy by nominal GDP and is one of the fastest-growing economies globally. Efficient logistics is the bed rock for a growing economy like India. The reduction in logistics cost could be a key enabler in enhancing the competitiveness of all sectors of the economy. Improving supply chain efficiencies and reducing logistics costs are fundamental to India capitalizing on this strategic shift and meeting the well-defined aspiration to become a USD 5 trillion economy⁷ as set by the Hon'ble Prime Minister.

India's logistics cost is estimated to be about 14% of its GDP. For most of the developing countries the cost is in the same range. However, the logistics cost is considerably low for developed countries and it lies within the range of 8-10 percent.

As India march on the economic development path, it needs to focus on addressing issues inhibiting reduction in logistics cost including suboptimal modal mix, fragmented regulatory/Institutional regime, warehousing and packaging losses, shortage of skilled manpower, sub optimal fleet size and lack of inter-modal terminals.

Improvement in Logistics is the cornerstone of the Government's push towards achieving Aatma Nirbhar Bharat. Various initiatives are being taken by the Central and State/UT governments to improve logistics ecosystem across the country. Infrastructure development initiatives like Sagarmala, Bharatmala, Dedicated Freight Corridors (DFCs) amongst others are under different stages of implementation. Besides, regulatory and process related reforms like paperless EXIM trade process through E-Sanchit, faceless assessment through Turant Customs and introduction of mandatory electronic toll collection system (FASTag) have contributed to increasing the efficiency of the logistics sector.

Database of respondents

The respondent set included the following categories of logistics industry stakeholders:

- Transport Service Provider - Road Operators, Rail Operators, Container Train Operators, Shipping Lines and Airline Operators.
- Terminal Infrastructure Service Provider - Port Operators, Air Cargo Terminal Operators, Warehouse Operators, Container Freight Station, Inland Container Depot
- Logistics Service Provider – Freight Forwarder, Express Carrier, Air Cargo Agent, Multimodal Transport Operator
- Trader/Shipper – End-users of Logistics services both in EXIM and Domestic segments

Exhibit 5: Stakeholder categories for LEADS survey

Logistics is an ever-evolving industry in India, stretching from long coasts to deserts, hilly terrains, and plains. As a result, evaluating the whole Country as one logistics ecosystem is near impossible. Different regions have their challenges with varying responses. Yet, if logistics performance is to be assessed for them all on a common platform, logistics infrastructure and its management had to be broken down into indicators that covered all aspects comprehensively. For LEADS 2021, the overall construct of indicators focused on Infrastructure, Services and Regulatory Environment, like in previous studies. The three constructs mapped the entire gamut of

experiences a user has in the logistics value chain. These three broad constructs were broken down into 17 specific indicators (5 for infrastructure, 9 for services and 3 for regulatory), which granularly captured every component explicitly. Since objectivity has been introduced for the first time in Index formation for LEADS 2021 exercise, 4 additional parameters (Range Scaled EoDB Ranks, TIES Outlay, States’ Logistics Enabling Initiatives and Assessment of Variables for Logistics Ease) were incorporated to assess the States’ performance based on data. Thus, the universe of indicators for the current year stood at 21.

Top three States namely Gujarat, Haryana and Punjab have emerged as the top performers across perception indicators – infrastructure, services and regulatory. Western India led by Gujarat and Maharashtra exhibit good performance on nearly all perception indicators leading to infer that the States have a well-established logistics ecosystem in conjunction to the current demand. Southern India on the other hand has fared average to good range across indicators. Similarly, east India has witnessed an average rating across parameters in LEADS 2021. Barring a few States, Overall Operating and Regulatory Environment across States has been registered in average to good range. In northern region Haryana, Punjab and Uttar Pradesh endorse of good scores across infrastructure, services, and regulatory categories. Andhra Pradesh, Uttar Pradesh, Telangana, Madhya Pradesh, and Jharkhand are best performing States in Range Scaled EoDB Ranks. Andhra Pradesh and Tamil Nadu also fare well in availing TIES subsidy for creation of infrastructure for export promotion. Majority of the States have reported average to good in in the parameter of Assessment of Variables of Logistics Ease (State logistics enabling initiatives).

FREIGHT TRANSPORT IS CRITICAL TO INDIA’S GROWING ECONOMY

India has been the world’s fastest-growing major economy for four of the past five years, due to rising demand for goods and services. The movement of goods across the country and beyond its borders has created economic opportunities for millions of India’s citizens.

Today, the logistics sector represents five percent of India’s Gross Domestic Product (GDP) and employs 2.2 crore people. India handles 4.6 billion tonnes of goods each year, amounting to a total annual cost of INR 9.5 lakh crore. These goods represent a variety of domestic industries and products: 22 percent are agricultural goods, 39 percent are mining products, and 39 percent are manufacturing-related commodities. Trucks and other vehicles handle most of the movement of these goods. Railways, coastal and inland waterways, pipelines, and airways account for the rest.

Recognising the critical role of the sector in the country’s future, the Government of India (GOI) is pursuing a range of actions to improve its logistics performance. These include the development of dedicated rail-based freight corridors, improvements to the capacity and connectivity of coastal and inland water-based shipping. It is also looking at the build out of road infrastructure projects such as Bharatmala and the Golden Quadrilateral, and the creation of supportive policies.

As national freight activity grows about five-fold by 2050, India’s freight transport ecosystem has a critical role to play in supporting India’s ambitious priorities. Some of these include international competitiveness, job growth, urban and rural livelihoods, and clean air and environment.

SHIFTING TO COST-EFFECTIVE, CLEAN FREIGHT TRANSPORT CAN SAVE THREE BILLION TOE OF ENERGY

India’s cumulative energy consumption from freight transport between 2020 and 2050 under a business as usual (BAU) scenario will be around 5.8 billion tonnes of oil equivalent (TOE). However, India can reduce this energy consumption by 50 percent under an efficient scenario through three opportunity areas:

- Increasing the share of rail transport
- Optimizing truck use
- Promoting use of fuel-efficient vehicles and alternative fuels

These opportunities will also lead to the following benefits:

Reduced logistics costs – India has set a target of reducing the logistics costs as a share of GDP from 14 percent currently to 10 percent by 2022, which can save up to INR 10 lakh crore.

Reduced carbon emissions and improved air quality – India can save 10 gigatonnes of CO₂, 500 kilo tonnes of particulate matter (PM) and 15 million tonnes of nitrogen oxide (NO_x) caused by freight transport by 2050.

Less truck traffic on roads – Improved mode share and efficient logistics can reduce the vehicular-freight activity by 48 percent in 2050 over a BAU scenario.

This new freight paradigm will also lead to higher economic growth, more employment opportunities, better public health, and enhanced logistics productivity, which will meet many of India’s development goals

LOGISTICS REFERS TO THE PROCESS OF MOVING AND STORING GOODS AS THEY MAKE THEIR WAY TO THE CONSUMER

As products are made, they move along a supply chain until they reach the consumer. To move those goods, the logistics sector combines vehicles and warehouses, all of which are selected to efficiently move and process them. The types of vehicles and storage facilities selected are typically based on the type of goods being moved and the distance over which they are being moved. This process of supply chain managers efficiently deploying and using a set of vehicles and warehouses to move goods through the

production process to their final use by consumers is critical to the wellbeing of communities and economies.

PRODUCT SUPPLY CHAIN INVOLVES MULTIPLE MODES OF TRANSPORT

The manufacturing and distribution of any product typically involves multiple types of modes. For example, consider a product made in Malaysia, bought by a consumer in India. The raw material may be transported to the processing unit by rail. The finished goods may be shipped overseas on a container vessel, across the country by rail, brought to a distribution centre by a truck and LCV, and finally delivered to the store by a three-wheeled goods vehicle where it is sold to a consumer.

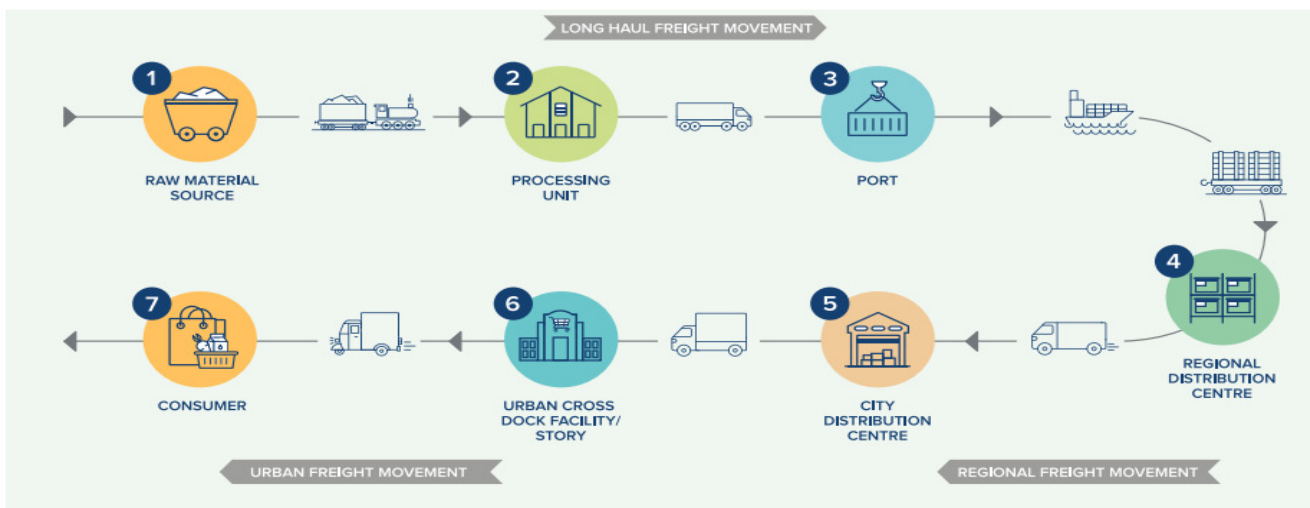

Exhibit 1-1 Supply chain of goods across various modes

INDIAN LOGISTICS INDUSTRY

India's logistics sector comprises over 10,000 types of products and has a market size of INR 11 lakh crore. It is expected to grow to a market of INR 15 lakh crore by 2022. Currently, commercial activities in India generate about 4.6 billion tonnes of freight annually, which results in over three trillion tonne-km of transportation demand at a cost of INR 9.5 lakh crore. This demand for freight transport has been rising as the population has grown and standards of living have improved, leading consumers and business to demand and consume more goods.

Between 2015 and 2020, India's GDP grew by 32 percent to 217 lakh crore —making India the sixth largest economy in the world. In the same decade, India's population also increased by 5 percent, while freight demand increased by percent. With rising income levels, higher exports, a rapidly growing e-commerce sector, a growing retail sales market, and a projected GDP growth of seven to eight percent in the next five years, the demand for goods movement is also expected to increase at 7 percent Compound Annual

Growth Rate (CAGR). As the demand for goods continues to grow, goods movement is expected to increase to 15.6 trillion tonne-km in 2050. This activity will spur growth across freight modes, but especially in road-freight transport. This will lead to over three trillion kilometres travelled on Indian roads by freight vehicles in 2050.

To meet this demand, India has been continuously improving its logistics system. India had improved its score on the Logistics Performance Index (LPI), a World Bank tool, commonly used to measure a country's logistics capabilities, from 3.07 to 3.42 between 2007 and 2016. This progress came from improving infrastructure, introducing policies and programmes like Make in India, and incorporating technological and digital improvements in the logistics supply chain. However, work remains to be done. Despite being one of the world's biggest and fastest-growing logistics industries, India's LPI only ranks 44th in the world.

The Union Budget announced in 2021 allocated INR 2.3 lakh crore for transport infrastructure.

- The dedicated freight corridors are long distance, high-capacity freight rail routes that are being developed by the GOI for freight movement.
- The Sagarmala project focuses on developing waterways transport by improving existing ports and developing Coastal Economic Zones.
- The Bharatmala and Golden Quadrilateral projects focus on the development of road highway infrastructure in the country.
- The Jal Marg Vikas Project (JMVP) is developed for operations for operations of National Waterway 1 is under progress.
- National infrastructure pipeline includes over 7,400 infrastructure projects – INR 30 lakh crore for roads, INR 14 lakh crore for railways, INR 1.4 lakh crore for airports and INR one lakh crore for ports and inland waterways.
- UDAN scheme aims to establish 100 more airports to improve air connectivity.
- Hydrogen Energy Mission is aimed to ramp up the production for green hydrogen used for various end use sectors such as industries and transport.

INVENTORY MANAGEMENT CAN BE IMPROVED THROUGH HIGH-QUALITY WAREHOUSES AND OPTIMISED SITING

Warehousing is an important part of any supply chain, especially when it comes to inventory management. Depending on the purpose, warehousing infrastructure can include logistics parks, consolidation centres, multimodal parks, regional warehouses, and distribution centres. The size of the warehouses can be managed according to consumer demand. Higher inventory aggregation at large centralised warehouses reduces inventory holdings but also increases lead times. So hitting the right balance is an important part of distribution network design.

There are three factors to consider making warehousing more efficient:

- 1) Quality,
- 2) siting, and
- 3) processes.

The three are interrelated. For example, digitisation can improve the quality of a warehouse, while siting can be simplified through digital processes. Improving quality of warehouses and digitising processes support streamlined loading operations, leading to lower detention time for trucks and improved load factors. Optimised warehouse siting minimises distance to the customer, and hence reduces vehicle travel and lead times. Thus, improving warehousing efficiency supports optimised truck use.

India's warehousing sector has started to attract big investments over the past two years. Between 2017 and 2019, investment in India's warehousing sector was INR 25,400 crore. On the supply side, the warehousing space is expected to increase from 169 million sq ft in 2019 to 344 million sq ft in 2022. This growth is a result of market conditions such as increased e-commerce demand and the emergence of 3PL players. The 3PLs play an important role in shaping the future market. They provide integrated services for warehouse management, network optimisation and dispatch planning. They have expertise in supply chain efficiencies and ability to achieve economies of scale and potential to invest in higher quality warehousing. With increase in 3PL penetration, India's warehousing market is expected to rapidly deploy world-class infrastructure, technology and processes.

OUR BUSINESS

The following information should be read together with the more detailed financial and other information contained in the sections “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Restated Financial Statements” beginning on pages 23, 174 and 135, respectively. Some of the information in this section, including information with respect to our plans and strategies, contains forward looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” on page 16 for a discussion of the risks and uncertainties related to those statements. Our actual results may differ materially from those expressed in or implied by these forward-looking statements.

Business Overview

Our Company is a complete 3 PL (third-party logistics) service provider, delivering end-to-end solutions in the logistics and supply chain domain involving multimodal transport operations (MTO), owning and operating container, sea and air freight, transportation, warehousing, custom clearance services and handling of project cargo. As on the date of this Draft Prospectus, we operate a fleet of 12 commercial vehicles which are owned by us and apart from this, we also hire third party transport operators in case of high demand and business feasibility. We also provide warehousing facilities with our customers and our warehouses are well connected to several manufacturing and consumption clusters located at Thane, Maharashtra. We also handle NVOCC (Non Vessel Owning Common Carrier) facility for the sectors like Indian Sub-continent, Middle East, Upper Gulf, South East Asia and part of Europe through our slot arrangements with feeder operator as well as with main line operators.

We started the business of freight forwarding as a partnership firm under the leadership of our promoters in the year 2004 under the name and style of “Cargosol Logistics” and have, since then, we have consistently grown our presence, enhanced the scope of our services, and increased our capabilities and expertise with continuous learning and upgradation. We have over the years developed ourselves and increased the ambit of our services covering critical services which are required to execute end-to-end logistic needs. These include Multimodal Transportation, Contract Logistics, Regulatory Compliance, warehousing and related Value-Added Services. We are also engaged in handling of project cargo, which is a specialized activity requiring detailed planning and technical expertise. The comprehensive project handling service includes designing and execution of customized solutions tailored to meet specific customer requirements for the transport of high value specialized equipment’s such as power plants, windmills stations etc. from one location to another using multiple modes of transport. These assignments are generally handled on a turnkey contract basis.

Our Company is headquartered in Mumbai and has presence in major locations such as Kalamboli, Pune, New Delhi, Chennai and warehouse located at Thane. Our international logistics operations are supported by a network of logistic service partners and vendors with whom we enter into cooperation agency agreements that enables us to service client requirements across India and abroad. We deliver international logistic services by using air, sea and surface, as modes of transportation. We have a Multi-Modal Transport Operator’s License and an IATA Accreditation for servicing our customers’ requirements. Multi-Modal Transport Operator’s License enable us to issue a single negotiable multimodal transport document covering multiple modes of transport and position ourselves as an independent player in this field thus strengthening our revenue model. We also undertake work related to regulatory compliance services such as customs clearance and industry-specific solutions for which we have entered into an agreement with OFS Cargo Private Limited who have a valid Custom House Agent’s License.

The growth of our company starts with the idea of our promoters namely Mr. Roshan Kishanchand Rohira and Mr. Samuel Janathan Muliylil. With an experience of around 30 years in the logistics and shipping industry, Mr. Roshan Kishanchand Rohira has mastered knowledge in functions like documentation, customer service, operations, and finance and Mr. Samuel Janathan Muliylil with an experience of around 29 years has developed a remarkable expertise in technical, operations and sales & marketing in the logistics and shipping industry. Under the leadership of our promoters and the support of our employees we have evolved ourselves from a freight & forwarding company to a full-scope 3 PL (third-party logistics) service provider, delivering end-to-end solutions in the logistics and supply chain domain to our customers including project and heavy-lift logistics solutions involving movements of odd and oversized cargo.

Our customers operate in various sectors across India, including automotive and heavy engineering, telecom, food and agro, fast-moving consumer goods (“FMCG”), paint and dairy. We believe our business model enables us to provide solutions that enable our customers to leverage our distribution network which optimizes the performance, cost and efficiency of their supply chains, shortening their lead-time to market resulting in lower inventory costs to the customer.

Over the years, we have nurtured our capabilities and specialized in the segment of Project Logistics where we take care of end-to-end pickup, clearance & delivering for all kinds of heavy and over dimensional cargo. Project cargo is a specialized activity requiring detailed planning, scheduling, and technical expertise. The comprehensive project handling service includes undertaking the route survey for designing and executing customized solutions tailored to meet specific customer requirements for the transport of high-

value specialized equipment such as power plants, windmills stations, turbines, boilers, etc. from one location to another using multiple modes of transport.

Major areas of Operation:

We believe in a technology enabled third party logistics service providing model. This enable us to be flexible and seek alternatives that can be customized to the specific needs of our customers’. As a logistics and supply chain company, the scope of our services includes the following:

1. **NVOCC (Non-Vessel Operating Common Carriers)** – We started NVOCC operations in 2011, with our owned and leased fleet of standard containers, special equipment, refrigerated containers, etc. Under the NVOCC services, we have firm arrangements with ship owners, charters, and shipping lines for the transportation of cargo. We have slot arrangements with the feeder operator as well as with mainline operators which enable us to procure onboard space on the vessel on commercially viable terms which are then sold to our customers. We actively liaise with shipping lines, port agents, local carriers, and others for the movement of shipments thus taking on responsibility for safe and time-bound delivery across the world.

As of now we currently operate in the sectors of the Indian Sub-continent, Middle East, Upper Gulf, South East Asia and part of Europe. We specialize in handling ODC shipments. We currently operate a fleet of containers comprising of 20’ GP, 40’ HC, 20’ Reefer, 40’ Reefer, 40’ O/T type containers.

2. Logistics & Transportation – Under the logistic & transportation services we are specialized in all type of transportation being ocean freight, air freight, and surface transportation or being multi-model transportation.

a. **Ocean Freight:** We specialize in arranging and coordinating all activities for shipping sensitive freight, with unique dimensions to remote locations, in and out of India by sea. Wherever shipments need to reach, our innovative solutions bridge the gap between the point of sales and procurement market. Our contacts with multiple carriers make us a single-source logistics window for all products moving through the supply chain. Over the years, our high volumes and excellent networks have enabled us to obtain the best shipping terms and conditions, including reasonable freight rates, priority services among other benefits. We provide our customers with flexible schedules, shipment tracking facilities, purchase order management and space protection during periods of high demand. Our comprehensive and customized solutions help you navigate through the complexities of international shipping. Some of the salient features are -

- Consolidation of cargo
- Multimodal transportation by sea/air/road
- Custom clearance services
- Cargo insurance services
- Pick-up, packing options, delivery, and distribution
- Complete documentation service
- Sensitive freight – Dry/Liquid/Bulk/Perishables/hazardous goods

b. **Air Freight:** Over the year we have established relationships with global airline carriers, assure competitive rates, transit time, and fixed allocations in every major trade lane. We are also registered with IATA to provide air freight services to our customers through our dedicated account managers and a 24X7 service assurance, to create unparalleled synergies for business success. Some of the salient features are:

- Cargo pick-up from the warehouse of the shipper
- Export clearance at the airport of origin.
- Import clearance at the airport of destination
- Safe handling of General cargo / Perishable cargo
- Door-to-Door Express Products

c. **Surface Transportation**–This service involves the transportation of the client’s goods over the land. The surface transportation services are undertaken through company-owned vehicles and also sometimes through third-party service providers. Our surface transportation services clearly define the transit times giving our customers the security to budget reliably and track the smooth transition of goods. We offer fast and reliable services to deliver goods in flawless condition, operating on the principle of care and perfection. Some of the salient features are:

- Transportation of general cargo.
- Transportation of heavy and over-dimensional consignment.
- Feasibility study for the transportation of heavy and over-dimensional cargo.
- Specialized transportation of very heavy consignments by hydraulic axle trailers.
- Unloading of cargo at site.

d. **Rail transport** – We also provide rail logistics services across India supported by cutting-edge logistics management. We meet the complex needs of rapidly changing rail transport services with our distinctive strategies for generating group synergy. To

ensure the speedy and safe delivery of your products by railway freight services across India, we scrutinize the rail supply and logistics chain and check that cargo is handled appropriately. The rail transport services that we offer include:

We have a Multi-Modal Transport Operator’s License for servicing our customer’s requirements. By rail, barge, or road, our flexible inland transportation services cover both FCL (full container load) and LCL (less than full container load) and help ensure products are collected and delivered to the right place, at the right time. These services are offered under a single entity, having time and cost benefits. We have over the years developed an expertise for rendering these services effectively. We provide smooth and hassle-free deliveries at worldwide destinations. We have through our subsidiary; group companies and our network of third-party service providers created a strong network which is specialized in both sea and air shipments. Based on our experience and expertise, we adept the best routes, documentation, schedules, and regulatory compliances, opening a completely new spectrum of growth towards trade.

3. **Warehousing & Distribution** – Our warehouse is located at Survey No.105, Plot No.95/96, Pimpri Village, MP Road, Dahisar Mori, Dist. Thane, Navi Mumbai. The warehouse offers comprehensive warehousing solutions, supported by trained manpower and excellent managerial services.

Our warehouse is well-equipped with:

- End to end surveillance
- Material handling (Standard & Non-standard cargo, ODC Shipments, Perishables, Volatile goods)

4. **Projects & Bulk Break** – We specialize in handling project cargo that calls for special care, attention, and expertise. We cater to a range of industries, like oil, gas, construction, energy, maritime, mining, and heavy machinery, inclusive of engines for maritime and shore-side, terminal equipment, power plants, and windmills. We are well equipped to handle complex transport logistics, whether it is cargo shipped as Break Bulk (BB), Heavy Lift (HL), or Out of Gauge (OOG). We also undertake project cargo comprising of over-dimensional (ODC) and over-weight cargo (OWC).

With our expert technical team and our experience as an MTO, our relationship with shipping lines and vendors, and our vast network, we are adept to provide customized solutions tailored to meet specific customer requirements. Right from the inception to completion, we monitor the project closely – involving activities like ocean and land transportation, customs clearance, route survey, documentation, obtaining NOC and other permissions from Government departments, and arranging heavy lift equipment and inland transportation to its ultimate destination.

5. **Other related value-added services** - We also provide certain value-added services as a part of our logistic, distribution, and warehousing services –

- **Custom Clearance** - We have entered into an agreement with OFS Cargo Private Limited who have a valid Custom House Agent's License for providing custom clearing services to our customers. We help our customers for Customs Documentation, Carting / Receiving Goods, Inspection of Shipments, Handling of stuffing & de-stuffing at Ports, ICD's and Customers warehouse.
- **Door to Door Delivery** – From the shipper's door to the consignee's door, we take complete responsibility for the delivery service. We serve as a 'single window' continuously monitoring shipments from their origin until their destination. We close all communication gaps while interacting between different agencies involved. Thus, making us a go-to service provider in the supply chain industry.
- **Palletization** – Our value-added services include palletization of export consignments. We assure safe loading and unloading of your products, involving fumigation of pallets. With the assurance that the base of the pallets is accessible for all pallet jacks with minimum damage.
- **Chartering** - Our chartering services cover vessel sourcing and on-site supervision for routes and un-conventional cargo. We provide vessel chartering services from Indian ports to destinations across the world. Our expertise covers the break bulk of both liquid and dry cargo, handled by our efficient networks and teams. Our salient features include sourcing vessel to match cargo requirements, voyage estimation, offering charters on basis of the voyage, period, and up to date market intelligence including port C.O.A., monitoring the vessel for compliance to charter party requirements, handling full post-fixture and account tracking, demurrage dispatch calculations, up to date market intelligence including port information.
- **LCL consolidation** - We offer Import or Export consolidation for consignees/shippers with multiple suppliers. Rather than small shipments, we can consolidate our vendor's cargo into a full container for maximum container utilization and cost efficiency of our customers. Our consolidation service offers the advantages of competitive freight rates, reduced risk of pilferage, and reduced packing costs. We make all arrangements for combining of goods at the origin.

OUR COMPETITIVE STRENGTH

A. *Integrated, end-to-end logistics services and solutions*

Our integrated, end-to-end logistics services focus on creating solutions that address the requirements of our clients. Our range of services involves multimodal transport operations (MTO), owning and operating container, sea and air freight, transportation, warehousing, custom clearance services and handling of project cargo. Use of integrated, end-to-end solutions from a single 3PL logistics service provider such as us results in enhanced cost efficiencies for our clients, which encourages them to use our services. We offer a wide range of solutions including transportation, warehousing and other value added services. We provide our clients with value added services such as packaging, quality checks and custom clearance. Our business development and solutions are dedicated to, and specialize in, designing customized integrated logistics solutions for our clients, which have helped improve service levels, cost, quality, scalability and visibility of our clients' supply chain. This, along with a combination of our logistics and transportation network and diversified service portfolio, has made it possible for us to attract and retain clients across various industry segments. This integrated approach allows us to exploit network and infrastructure synergies, reduces our dependence on any single business line and also reduces the effect of cyclicity in our customers' businesses on our operations.

B. *Our existing Network*

We have tapped markets across the countries by establishing a strong and symbiotic relationship through our network with international companies through our subsidiary, associate and group companies. We have also entered into cooperation agency agreements with many parties across the globe in countries like Finland, Greece, China etc. As per the terms of the agreement we have authorized those parties to operate on a non-exclusive basis as the agent of Cargosol and we will operate on a non-exclusive basis as

an agent of those parties in India. These agreements have helped us to expand our geographical presence to different part of the globe. We have also created a strong network through our sister concerns located in Dubai, United Kingdom, Canada and Hong Kong. Our ability to develop mutually beneficial partnerships with large international players has enabled us to further expand our reach outside India by leveraging their global networks without having to incur additional fixed costs.

Apart from these companies, over the year we have established a strong relationship with the ship lines and air carriers. These Airlines, shipping companies, transporters and other vendors are crucial to our business. By maintaining our existing relationship with these carries we are able to procure space onboard on priority basis and on commercially feasible terms. This network also helps us to negotiate favorable commercial terms and operational advantageous for our clients during high demand and peak load times.

C. Storage capabilities

We have established our warehouse which can be used by our customers to help them store their products. The warehouse is equipped with all the necessary requirements for proper handling, safety and security of the cargo like end to end surveillance, material handling equipments like MHE / HPT / Forklift / Reach Trucks, trained manpower, packaging facility and Epoxy Flooring with storing high load capacity. Warehousing facility services allows the customer to keep their goods in our warehouse which can be delivered based on the requirement of the customers or for storing of the goods which are waiting for clearance or approval.

We do handle all kinds of goods with efficiency, ensuring safety and privacy. We also conduct regular quality control checks on entry and exit of goods. Our warehouse located at Survey No.105, Plot No.95/96, Pimpri Village, MP Road, Dahisar Mori, Dist. Thane, Navi Mumbai which is equipped to store all kind of goods safely before being transported to its final destination. We have an experienced team of equipment handlers, which ensures careful handling of goods.

D. Strong knowledge and expertise of our promoters.

Our promoters have a strong knowledge of the logistic and warehousing management. Under their leadership we have shaped our company and build domain knowledge of specific logistics requirements in a variety of sectors such as Power, Heavy Engineering, Pharmaceutical, Telecom & Retail. This domain knowledge combined with our capabilities of end-to-end logistics management enables us to offer customised solutions in these customers' requirements. We have an experienced management team which we believe has positioned our business well for continued growth and development. Our management team has significant experience in the areas of finance, logistic, freight and forwarding business. We believe that the knowledge and experience of our management team provides us with a significant competitive advantage as we seek to grow in our existing markets and enter new segments and geographies.

E. Diverse customer base across many sectors.

Our customer base spans many sectors, including retail, pharmaceutical, telecom, automotive and heavy engineering, food and agro, FMCG, paint and dairy. Our large client-base across various industry verticals has enabled us to cross-leverage the know-how and best practices that we have acquired from our experience with a set of clients across a wider spectrum of clients. We have a diversified customer base in each of the sectors we serve, including Indian corporate groups and multinational companies. We believe we are well positioned in the logistics industry in India, given our experience and infrastructure suited to serve a wide range of sectors. Over the years, we have built strong customer relations, demonstrating the value proposition we provide and positioning us for expected further growth. Our service quality, reach and efficiency in business processes have led to customer stickiness. Due to this, our customers have also steadily increased the volume of business they undertake with us over time.

OUR BUSINESS STRATEGIES

A. Focus on large revenue clients by providing integrated, end-to-end solutions and continue to provide additional services to existing clients

We intend to continue to acquire large revenue clients and provide them with integrated, end-to-end solutions to address all their logistics requirements. This gives our clients flexibility and scalability in their operations along with cost efficiencies. We expect that focusing on a few clients will allow us to manage and allocate our resources efficiently and enhance our ability to provide customized solutions. We also believe that this approach will result in increased revenues and a higher rate of renewal of contracts and will allow us to continue to grow our business. However, this approach may result in certain dependence on a limited number of clients in certain industry verticals. Additionally, we will also continue to expand our relationships with our existing clients by offering additional logistics services to them.

B. Identifying new customers and continue to diversify our revenues from different industry verticals

We are able to target a large customer base due to our experience of dealing with customers across multiple sectors, which provide us with a significant competitive advantage. Our strategy also includes marketing customised solutions to target customers and analysing their business processes to propose a comprehensive solution to their warehousing, logistic and supply chain needs. Our senior management focuses on customer account management for existing customers and new business development. With our multi-industry exposure and by leveraging the network of our senior management, we have access to many potential customers across varied sectors. Apart from expanding our reach to new customers, we aim to increase our revenues and margins by expanding the range of services we offer to existing customers. Our company also intends to enter into segment related to renting of construction equipment. As our customers continue to grow and their supply chains increase in size and complexity, we intend to focus on expanding the range of services for which they rely on us, cater to new geographies in which they operate and expand our services into their new product lines.

C. Continue to focus on technology upgradation

We believe that technological play a key role in helping us effectively manage our operations, maintain controls, and support our efforts to client satisfaction levels. We intend to continue to acquire technology systems to increase productivity, improve operating efficiencies, and strengthen our competitive position. We will continue to automate major processes in our business to improve process efficiency, reduce costs and offer customer satisfaction. Technology can help us identify strategic warehouse locations, provide transportation and distribution solutions to meet market expectation. We intend to continue to develop our technology systems to increase asset productivity, improve operating efficiencies, and strengthen our competitive position. Going forward, we will focus on the areas set out below –

- Advanced transportation management system
- Advanced warehouse management service for faster accessibility to the markets.
- Advanced employee transportation management service for enhanced user experience.
- Using analytics to support real time decision making and operations support.

D. Focus on new warehouses

In order to take advantage of the business expansion opportunities, we intend to obtain leasehold or license rights over large, multi-user, integrated warehouses in certain specific well-connected and central locations in India. Our present warehouses are well connected to several manufacturing and consumption clusters in India. Addition of new warehouse in different locations is likely to emerge and position ourselves to ideally serve our clients' needs. We will have the capability to provide a wide variety of warehousing and value-added services from these warehouses. We will continue to focus on increasing the utilization rates of our new warehouses by continuing to attract new clients.

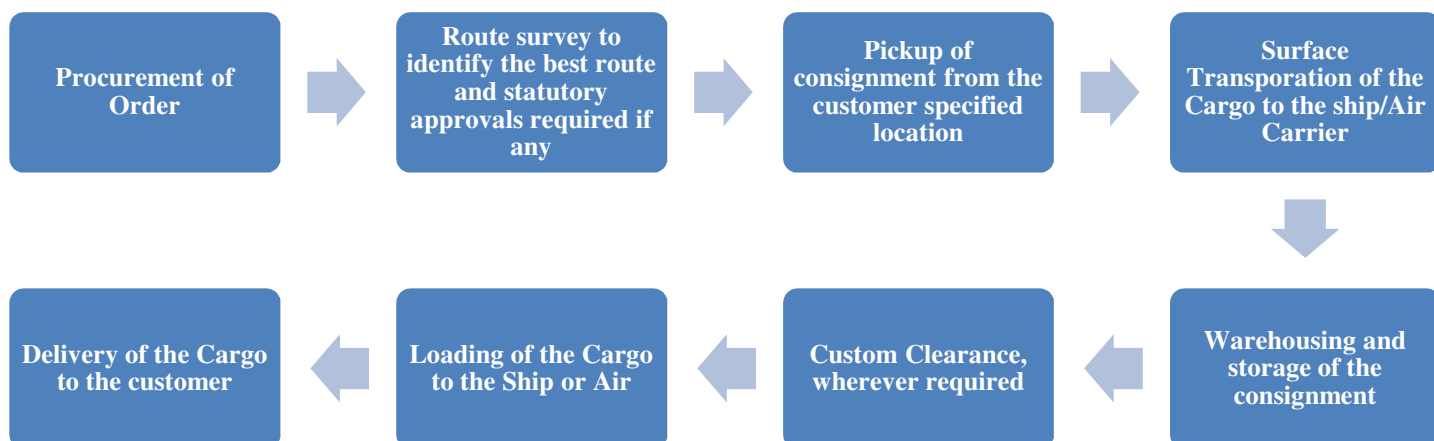

Industries served

Over the years with the intent to cater to all needs of our customers, we have focused, nurtured, and leveraged in building domain focus in our Company. Our customers belong to various industry sectors across India, including automotive and heavy engineering, telecom, food and agriculture produce, fast-moving consumer goods ("FMCG"), chemicals, infrastructure, technology, electrical & electronic White goods, pharmaceutical, power, paint, and dairy. We have a diverse customer portfolio including multinationals, domestic and the MSME, servicing many of India's industries across various sectors. We procure orders from our customers by way of direct relationship with customers and their representatives.

Each of these sectors has unique considerations that we must take into account in optimizing our service offerings to our customers. For instance, logistics in the FMCG, food & agricultural sector are complex given that the products typically have a short shelf life and require strict monitoring to ensure that customers receive products with adequate shelf-life. Our infrastructure and processes enable us to handle increased throughput for both perishable food products and non-perishable FMCG products.

We are specialized in handling pharmaceutical products, along with the necessary documentation and various departmental approvals to comply with the export norms of India. Our company excels in handling complete logistics for dangerous and hazardous cargo. Our business vertical is cemented in expert knowledge and technical know-how. Human and environmental concerns take top priority, as we comply with rules and regulations. We are prepared to handle cargo like flammable liquids, flammable solids, toxic substances, corrosives and miscellaneous dangerous goods. We adhere to ICAO, IATA and IMDG regulations for the transportation and safe handling of all types of dangerous goods.

PROCESS DESCRIPTION (LOGISTIC & WAREHOUSING)

CAPACITY AND CAPACITY UTILIZATION

Capacity and capacity utilization is not applicable to our company since we are primarily involved in logistics movement and storage activity.

EXPORT OBLIGATION

Our Company does not have any export obligation as on date of this Draft Prospectus.

OUR FLEET

We currently operate a fleet of around 200 containers comprising of 20' GP, 40' HC, 20' Reefer, 40' Reefer, 40' O/T type containers. The container type to be used is based on the type of the material to be transported and the size depends on the quantity of the material to be transported. We also have a fleet of around 12 transport vehicle which are used in our business of which 9 are 20FT, one 40FT vehicle, one tempo & one pick-up. Apart from the containers and transport vehicles mentioned above we also take them on lease basis from third party vendors which is purely on demand basis.

COLLABORATIONS/TIE UPS/ JOINT VENTURES: -

In the normal course of our business, we have not entered into any collaborations/tie ups/ joint ventures. However, our company have entered into mutual cooperation or agency agreements with parties located in countries like Finland, Greece, China, Vietnam, Sri Lanka, Iran, Singapore, Bangladesh, UAE etc. for their logistic business under a Principal and agent relationship for inward and outward movement of the cargo and performing all required operations and documentation work for the Containerized cargo.

COMPETITION: -

The industry in which we operate is unorganized and fragmented with many small and medium-sized companies. Logistics being a global industry, we face competition from various domestic and international players. We compete with other service provider on the basis of service quality, price and reliability. While these factors are key parameters in client's decisions matrix in availing service, we try to offer the best quality service at economical price. Although a number of companies compete with us on a regional basis, only a limited number of companies compete with us in all of our geographic markets. We believe that the scale and scope of our operations allow us to meet our customers' requirements.

Major competitors include Expeditors International, Allcargo logistics Ltd., CEVA Logistics, Om Freight Forwarders Pvt. Ltd., Mahindra Logistics Limited and other national or international players engaged in the Logistic industry.

SALES AND MARKETING

The efficiency of the marketing and sales network is a critical success factor of our Company. Our success lies in the strength of our relationship with our customers who have been associated with our Company for a long period. Our Marketing team through their vast experience and good rapport with clients owing to timely and quality delivery of service play an instrumental role in creating and expanding a work platform for our Company. To retain our customers, our marketing team, along with the promoters and senior management and middle management team of our company who have vast experience regularly interact with them and focus on gaining an insight into the additional needs of such customers.

We pride ourselves in providing ‘Cargo solutions in an ever-changing world’. Our one-stop total logistic solution approach helps us cater to varying market bases and clientele. Our sales and marketing team is driven to customize solutions to maximize client service and satisfaction. The long tenure of our workforce helps us in an in-depth understanding of the industry and its changing trends at a micro and macro level.

INFRASTRUCTURE & UTILITIES: -

Materials: -We are engaged in the business of logistic and storage of cargo and consignment. Over the years we have established healthy relationship with major ship and airline carriers through our market standing and extensive business networks. Being a part of service sector, we don’t have any specific material requirements.

Power: - Power requirements for our office and warehouse are very limited and are met through state electricity board.

Water: - Since we are logistic and storage company our water requirement is minimum.

In-house ERP Software: - We have customized in-house ERP software to ensure seamless and smooth tracking and documentation from start to end of the shipment. The software assures accuracy and helps build efficiency. The system helps track shipments that ensure an accurate update to customers at every checkpoint within the supply chain system.

Human Resource: -

Our Company has a total strength of over 84 Employees and apart from the same we also employ contract labour for certain works such as guards and security personnel’s etc. Our Company is committed towards creating an organization that nurtures talent. We provide our employees an open atmosphere with a continuous learning platform that recognizes meritorious performance. We believe is a people-oriented organization. We believe that people are the most important element in the success of our enterprise.

The classification of the Employees as per their qualification and designation is stated below:-

Categories	No of Employees
Senior Management Personnel	06
Managers	11
Executives	50
Staff Level	2

Total	84

INSURANCE: -

We maintain a range of insurance policies to cover our assets, risks, and liabilities. As of the date of this Draft Prospectus, we have obtained various insurance policies such as-

- Vehicle insurance
- Employee health insurance
- Office premises insurance (from fire, theft, and natural disasters)
- Group Term insurance
- Documentation insurance policy – Bill of lading (BL)
- Marine Container Policy

We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the industry standard in India. Although, many events could cause significant damages to our operations, or expose us to third-party liabilities, whether or not known to us, for which we may not be insured or adequately insured, which may expose us to certain risks and liabilities.

KEY INDUSTRIAL REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that may be applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable.

The business of our Company requires, at various stages, the sanction of the concerned authorities under the relevant Central, State legislation and local bye-laws. The following is an overview of the important laws, regulations and policies which are relevant to our business in India. Certain information detailed in this chapter has been obtained from publications available in the public domain. The description of law, regulations and policies set out below are not exhaustive, and are only intended to provide general information to bidders and is neither designed nor intended to be a substitute for professional legal advice.

*In addition to what has been specified in this Draft Prospectus, taxation statutes such as the Income Tax Act, 1961 and Central Goods and Services Tax Act, 2017, various labour laws and other miscellaneous laws apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. For details of government approvals obtained by us, see the chapter titled “**Government and Other Approvals**” beginning on page no 189 of this Draft Prospectus.*

Depending upon the nature of the activities undertaken by our Company the following are the various regulations applicable to our company

INDUSTRY RELATED LAW

Warehousing (Development and Regulation) Act, 2007 (the “Warehousing Act”)

The Warehousing Act was notified and came into effect on September 19, 2007. The Warehousing Act prescribes, among other things, the form and manner of registration, development and regulation of warehouses. The Warehousing Act also provides for setting up of a Warehousing Development and Regulatory Authority (the “WDRA”) which comprises a chairman and not more than two other members. The WRDA has the duty to regulate and ensure implementation of the provisions of the Warehousing Act and promote orderly growth of the warehousing business. The powers and functions of the WRDA include, amongst others, (i) to regulate the process of pledge, creation of charges and enforcement thereof in respect of goods deposited with the warehouses; (ii) to promote efficiency while conducting the warehouse business; (iii) to promote professional organizations connected with the warehousing business; (iv) to maintain a panel of arbitrators and to nominate arbitrators from such a panel in disputes between warehouses and warehouse receipt holders; and (v) to determine the rate of, and levy, the fee and other charges for carrying out the provisions of the Warehousing Act.

Warehousing Regulations, 2016

Public Warehouse Licensing Regulations, 2016, the Special Warehouse (Custody and Handling of Goods) Regulations, 2016 and the Private Warehouse Licensing Regulations, 2016 (collectively, the “Warehousing Regulations”) govern the issue of public, private and special warehouse licenses to different categories of applicants. The Warehousing Regulations stipulate the conditions for grant of warehouse licenses and also set out other requirements in relation to validity, surrender and transferability of the said licenses.

Carriage by Road Act, 2007

Carriage by Road Act, 2007 came into force on March 1, 2011 superseding the erstwhile Carriers Act, 1865. The Carriage by Road Rules, 2011 came into force on the same day. This Act provides for the regulation of common carriers, limiting their liability and declaration of value of goods delivered to them to determine their liability for loss, or damage to, such goods occasioned by their negligence or criminal acts, their servants or agents and for incidental matters. Carriage by Road Act 2007 does not apply to the Government or private carriers. No person shall engage in the business of collecting, storing, forwarding or distributing goods to be carried by goods carriages under a goods receipt or transporting for hire of goods from place to place by motorized transport on road, for all persons indiscriminately and includes a goods booking company, contractor, agent, broker, and courier agency engaged in

the door-to-door transportation of documents, goods or articles utilizing the services of a person, either directly or indirectly, to carry or accompany such documents, goods or articles, but does not include the Government.

Carriage by Air Act, 1972

The Act came into force on 15th May, 1973 and shall extend to whole of India. The rules apply to all international carriage of persons, luggage or goods performed by aircraft for reward. They apply also to such carriage when performed gratuitously by an air transport undertaking.

Carriage of Goods by Sea Act, 1925

The Carriage of Goods by Sea Act, 1925 is extended to the whole of India. Before the invention of airplanes, the transportation and exportation of goods out of India was done through ships, as the earth has seventy percent of seawater and humans from the beginning used ships for export and import. The act shall have effect in relation to and in connection with the carriage of goods by sea in ships carrying goods from any port in India to any other port whether in or outside India.

Motor Vehicles Act, 1988 (the "Motor Vehicles Act")

The Motor Vehicles Act and the rules prescribed thereunder regulate all aspects of motor vehicles in India, including licensing of drivers, registration of motor vehicles, control of motor vehicles through permits, special provisions relating to state transport undertakings, insurance, liabilities, offences and penalties. Accordingly, the Motor Vehicles Act places a liability on every owner of, or person responsible for, a motor vehicle to ensure that every person who drives a motor vehicle holds an effective driving license. Further, the Motor Vehicles Act requires that an owner of a motor vehicle bear the responsibility of ensuring that the vehicle is registered in accordance with the provisions of the Motor Vehicles Act and that the certificate of registration of the vehicle has not been suspended or cancelled. Further, the Motor Vehicles Act prohibits a motor vehicle from being used as a transport vehicle unless the owner of the vehicle has obtained the required permits authorizing him/her to use the vehicle for transportation purposes.

The Central Motor Vehicles Rules, 1989, is a set of rules prescribed under the Motor Vehicles Act, which lay down the procedures for licensing of drivers, driving schools, registration of motor vehicles and control of transport vehicles through issue of tourist and national permits. It also lays down rules concerning the construction, equipment and maintenance of motor vehicles and insurance of motor vehicles against third party risks.

International Commercial Terms ("Incoterms")

Incoterms are standard trade definitions most commonly used in international sales contracts. Devised and published by the International Chamber of Commerce ("ICC"), they are at the heart of world trade. ICC introduced the first version of Incoterms in 1936. Most contracts made after January 01, 2000 will refer to the latest edition of Incoterms, which came into force on that date. The correct reference is "Incoterms 2000". Unless the parties decide otherwise, earlier versions of Incoterms - like Incoterms 1990 - are still binding if incorporated in contracts that are unfulfilled and are dated before January 01, 2000. The latest version of Incoterms is designed to bring Incoterms in line with the latest developments in commercial practice. Correct use of Incoterms goes a long way to providing the legal certainty upon which mutual confidence between business partners must be based. Among the best-known Incoterms are EXW (Ex works), FOB (Free on Board), CIF (Cost, Insurance and Freight), DDU (Delivered Duty Unpaid), and CPT (Carriage Paid To).

Uniform Customs and Practice for Documentary Credits ("UCP")

This revision of the Uniform Customs and Practice for Documentary Credits (commonly called "UCP") is the sixth revision of the rules since they were first promulgated in 1933. The U.P. 2007 Revision. ICC Publication no. 600 are rules that apply to any documentary credit ("credit") (including, to the extent to which they may be applicable, any standby letter of credit) when the text of the credit expressly indicates that it is subject to these rules. They are binding on all parties thereto unless expressly modified or excluded by the credit.

Special Economic Zone Act, 2005

The Special Economic Zone Act shall extend to whole of India. The Act is to provide for the establishment, development and management of the Special Economic Zones for the promotion of exports and for matters connected therewith or incidental thereto. A special economic zone (SEZ) is an area in which the business and trade laws are different from the rest of the country. SEZs are located within a country's national borders, and their aims include increasing trade balance, employment, increased investment, job creation and effective administration. To encourage businesses to set up in the zone, financial policies are introduced. These policies

typically encompass investing, taxation, trading, quotas, customs and labour regulations. Additionally, companies may be offered tax holidays, where upon establishing themselves in a zone, they are granted a period of lower taxation.

The Indian Bills of Lading Act, 1856

Bill of lading in hands of consignee, conclusive evidence of the shipment as against master, etc.-- Every bill of lading in the hands of a consignee or endorsee for valuable consideration, representing goods to have been shipped on board a vessel, shall be conclusive evidence of such shipment as against the master or other person signing the same, notwithstanding that such goods or some part thereof may not have been so shipped, unless such holder of the bill of lading shall have had actual notice at the time of receiving the same that the goods had not in fact been laden on board: Provided that the master or other person so signing may exonerate himself in respect of such misrepresentation, by showing that it was caused without any default on his part, and wholly by the fraud of the shipper, or of the holder, or some person under whom the holder claims.

The Merchant Shipping Act, 1958

This act is applicable to (a) any vessel which is registered in India; or (b) any vessel which is required by this Act to be so registered; or (c) any other vessel which is owned wholly by persons to each of whom any of the descriptions specified in clause (a) or in clause (b) or in clause (c), as the case may be, of section 21 applies, shall so apply wherever the vessel may be. The provisions of this Act which apply to vessels other than those referred to in sub-section (1) shall so apply only while any such vessel is within India, including the territorial waters thereof.

Container Freight Station Guidelines ("CFS")

CFS has been defined under the CFS Guidelines issued by the Ministry of Commerce, as a common user facility with public authority status equipped with fixed installations and offering services for handling and temporary storage of import/export laden and empty containers carried under customs control and with customs and other agencies competent to clear goods for home use, warehousing, temporary admissions, re-export, temporary storage for onward transit and outright export. Functionally CFS is a transit facility, which offers services for containerization of break bulk cargo and vice-versa. Some of the primary functions of CFSs relate to receipt and dispatch/delivery of cargo, stuffing and stripping of containers, transit operations by rail/road to and from serving ports, customs clearance, consolidation and desegregation of LCL cargo, temporary storage of cargo and containers, reworking of containers and maintenance and repair of container units.

The Customs Act, 1962 and related regulations

The Customs Act, 1962, as amended, ("Customs Act) regulates import of goods into and export of goods from India. Further, the Customs Act regulates the levy and collection of customs duty on goods imported into, or exported from India in accordance with the Customs Tariff Act, 1975. Under the Customs Act, the Central Board of Excise and Customs ('CBEC") is empowered to appoint, by notification, inter alia, ports or airports as customs ports or customs airports and places as ICDs. Further, all imported goods unloaded in a customs area are required to remain in the custody of a person approved by the Commissioner of Customs, appointed under the Customs Act, until cleared for home consumption or warehoused or transhipped. The CBEC can also, by notification, declare places to be warehousing stations. At such warehousing stations the assistant or deputy Commissioner of Customs may appoint public warehouses or license private warehouses. The license granted to a private warehouse is liable to be cancelled in case of any violation of the provisions of the Customs Act or the rules or regulations thereunder, or breach of any of the conditions of licenses or by giving the licensee a written notice of one month. Any importer of goods specified in the Customs Act and which have been entered for warehousing and assessed to duty, is required to execute a bond which is cancelled once all amounts due on such goods have been paid in full and the warehoused goods have been cleared for home consumption or export, as the case maybe. Further, the assistant/deputy Commissioner of Customs is authorized to permit any owner of any warehoused goods to carry out manufacture or other operations in relation to the goods stored at the warehouse, and were found necessary for development of domestic industry, the Central Government may exempt the imported materials consumed in such manufacture or other operations from the whole or part of the excess rate of duty. The warehoused goods shall be cleared for home consumption or exportation, as the case may be, upon presenting a bill of entry or bill of export, payment of requisite duty on the goods and obtaining a clearance order from the proper officer under the Customs Act. The Customs Act provides for levy of penalty and/or confiscation of, inter alia, prohibited or dutiable goods that are imported into or exported from an area that is not appointed as a customs port or customs airport or are imported or exported without payment of requisite duty. Additionally, any owner of motor vehicle is required to obtain written permission from the Commissioner of Customs for transshipment of imported goods by a motor vehicle, pursuant to the Goods Imported (Conditions of Transshipment) Regulations, 1995.

Customs Brokers Licensing Regulations, 2013

In exercise of the powers conferred by sub-section (2) of section 146 of the Customs Act, 1962 (52 of 1962), and in supersession of the Customs House Agents Licensing Regulations 2004, the Customs Brokers Licensing Regulations, 2013 were notified vide Notification no.65/2013-Customs (N.T) dated 21.06.2013 amended by Notification no. 01/2016 dated 05.01.2016. This regulation is one of the principal legislations for the purpose of governing the regulation of customs house agents. No person shall carry on the business as Custom House Agent relating to the entry or departure of a conveyance or the import or export of goods at any customs station within the country unless it holds license granted under these regulations. A license granted under these regulations shall be valid for a period of ten years from the date of issue and shall be renewed from time to time The Commissioner of Customs may, on an application made by the licensee before the expiry of the validity of the license, renew the license for a further period of ten years from the date of expiration, if the performance of the licensee is found to be satisfactory with reference, inter alia, to the obligations specified in this regulation including the absence of instances of any complaints of misconduct. However, such license is not transferable. No separate license shall be required in places where in addition to a customs house handling imports by sea, there is also an international airport to handle imports by air, even if under the jurisdiction of a different Commissioner of Customs.

Handling of Cargo in Customs Area Regulations, 2009

Handling of Cargo in Customs Area Regulations, 2009, as amended, (Cargo Handling Regulations") are applicable to the handling of goods that are meant for import or export at ports, airports, ICDs, land customs stations and other customs areas notified under the Customs Act. The Cargo Handling Regulations prescribe conditions that must be fulfilled by an applicant to the satisfaction of the Commissioner of Customs, pursuant to which the Commissioner of Customs may approve such applicant as a customs cargo service provider initially for a period of two years, and thereafter for periods of five years each, upon review of such approval before its expiry. These conditions include, inter alia adequacy of infrastructure, equipment and manpower, safety and security of the premises for loading, unloading, handling, storing of containers and cargo and obtaining insurance for an amount equal to the average value of the goods likely to be stored in the customs area based on projected capacity. Further, the customs cargo service provider is required to bear the cost of customs officers that are posted at such customs area on cost recovery basis and execute a bond for an amount equal to the average amount of duty involved on imported goods and 10% of the value of the goods to be exported.

Additionally, the customs cargo service provider has certain responsibilities, including, keeping a record of goods for import, export or transshipment and ensuring that goods are not removed from the customs area, or otherwise dealt with, without the written permission of the superintendent of customs or appraiser. Further, pursuant to a circular (no. 4/2011-Customs) dated January 10, 2011 issued by the CBEC, the CBEC has issued guidelines on safety and security of premises where imported or export goods are loaded, unloaded, handled or stored. These guidelines require that hazardous goods are stored at the approved premises of the customs cargo service provider in an isolated place duly separated from general cargo, the premises are equipped with adequate firefighting apparatus and necessary fire preventive equipment be provided, the material handling equipment (including cranes, reach stackers, tractors) and other machines used in the premises for handling of cargo are in conformity with the safety standards prescribed for such equipment and that the custodian provides appropriate contingency plan to handle emergency situations, including provision of medical first aid kits within the premises. The guidelines further prescribe that the space allocated for storage of hazardous cargo within the premises should be properly constructed and should provide specifications for the construction of such premises.

The Indian Carriage of Goods by Sea Act, 1925 ("COGSA")

The Indian Carriage of Goods by Sea Act, 1925 came into force on September 21, 1925 and extends to the whole of India. The Act provides the rules set out under the Schedule to the Act("Rules") in relation to and in connection with the carriage of goods by sea in ships carrying goods from any port in India to any port whether in or outside India. It also provides that every bill of lading, issued in India which contains or is evidence of any contract to which the Rules apply, shall contain an express statement that it is to have effect subject to the provisions of the said Rules. The Rules also set out the responsibilities, liabilities and the rights and immunities of the carrier.

The Multimodal Transportation of Goods Act, 1993 ("MTG Act")

The MTG Act came into force with effect from April 02, 1993 and is one of the principal legislation for the purpose of governing the regulation of multimodal transportation of goods, from any place in India to a place outside India, on the basis of a multimodal transport contract (which is a contract under which a multimodal transport operator undertakes to perform or procure the performance of multimodal transportation against payment of freight) and for matters connected therewith or incidental thereto. The said Act deals in carriage of goods, by at least two different modes of transport under a multimodal transport contract, from the place of acceptance of goods in India to a place of delivery of the goods outside India. Under the MTG Act, business in multimodal transportation can commence only upon obtaining registration by the Competent Authority as defined in the Act. If the competent

authority is satisfied that all the conditions under the MTG Act are satisfied it may grant a certificate to the applicant which shall be valid for a period of 3 years and which may be renewed from time to time for a further period of 3 years.

International Maritime Dangerous Goods Code

The International Maritime Dangerous Goods Code, as amended, ("IMDG Code") was developed as a uniform international code for the transport of dangerous goods by sea covering such matters as packing, container traffic and stowage, with particular reference to the segregation of incompatible substances. For the purposes of the IMDG Code, dangerous goods are classified into different classes, including, inter alia, explosives, gases, flammable gases, non-inflammable, non-flammable and non-toxic gases, toxic gases, among others, based on the characteristics and properties of the substances, individual dangerous goods along with the class and any specific requirements. Further, certain substances harmful to the marine environment have been identified as 'marine pollutants' in accordance with International Convention for the Prevention of Pollution from Ships, 1973, as modified by the Protocol of 1978. The classification as per the IMDG Code is required to be made by the shipper, consignor or by any appropriate authority as specified in the IMDG Code.

Motor Transport Workers Act, 1961 ("MTWA")

The MTWA provides for the welfare of motor transport workers and to regulate the conditions of their work. It applies to every motor transport undertaking employing five or more motor transport workers. A 'motor transport worker' means a person who is employed in a motor transport undertaking directly or through an agency, whether for wages or not, to work in a professional capacity on a transport vehicle or to attend to duties in connection with the arrival, departure, loading or unloading of such transport vehicle and includes a driver, conductor, cleaner, station staff, line checking staff, booking clerk, cash clerk, depot clerk, time-keeper, watchman or attendant.

The Legal Metrology Act, 2009

The Legal Metrology Act, 2009 ("Legal Metrology Act") came into force on March 1, 2011. The Legal Metrology Act provides that the units of weights and measures must be in accordance with the metric system based on the international system of units, and prohibits quotations made otherwise. The Legal Metrology (General) Rules, 2011, which came into force on April 1, 2011, also provide the detailed specifications of standard weights and measures and the standard equipment. The Legal Metrology Act regulates the trade and commerce in weights and measures, and provides for the appointment of a director, controller and other legal metrology officers, and empowers them to undertake inspection or forfeiture to ensure compliance with its provisions. The Legal Metrology Act provides for imposition of penalty on use of non-standard, or unverified weights and measures, and for making any transaction, deal or contract in contravention of the standards of weights and measures. The Legal Metrology Act allows companies to nominate a person who will be held responsible for the breach of provisions of this legislation.

Consumer Protection Act, 2019 (the "Consumer Protection Act")

The Consumer Protection Act was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, among other things, to promote and protect the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of "consumer" under the Consumer Protection Act includes persons engaged in offline or online transactions through electronic means or by tele-shopping or direct selling or multi-level marketing. It provides for the establishment of consumer disputes redressal forums and commissions for the purpose of redressal of consumer grievances. In addition to awarding compensation and/or passing corrective orders, the forums and commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term, which may extend to two years and fine which may extend to rupees ten lakh, and for every subsequent offence, imprisonment for a term which may extend to five years and a fine which may extend to fifty lakh rupees.

In line with the Consumer Protection Act, the Ministry of Consumer Affairs, Food and Public Distribution, Government of India has also notified the Consumer Protection (E-Commerce) Rules, 2020 ("**E-Commerce Rules**") which provides a framework to regulate the marketing, sale and purchase of goods and services online. The E-Commerce Rules govern e-commerce entities which own, operate, or manage a digital or electronic facility or platform for electronic commerce, and sellers of products and services.

Information Technology Act, 2002 ("Information Technology Act")

The Information Technology Act seeks to (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information; (ii) facilitate electronic filing

of documents; and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The Information Technology Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third party information liability and creates liability for failure to protect sensitive personal data.

The Information Technology Act empowers the Government of India to formulate rules with respect to reasonable security practices and procedures and sensitive personal data. In exercise of this power, the Department of Information Technology, Ministry of Electronics and Information Technology, Government of India (“DoIT”), on April 11, 2011, notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (“IT Security Rules”) which prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, ensuring security of all personal data collected by it and publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected and any third party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

The DoIT also notified the Information Technology (Intermediaries Guidelines and Digital Media Ethics Code) Rules, 2021 (“IT Intermediaries Rules”) on February 25, 2021, requiring intermediaries receiving, storing, transmitting, or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under the IT Intermediaries Rules, to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it, as well as specifying the due diligence to be observed by intermediaries.

The Food Safety and Standards Act, 2006 (the “FSS Act”)

The FSS Act consolidates the laws relating to food and to establish the Food Safety and Standards Authority of India (the “Food Authority”) for setting out scientific standards for articles of food and to regulate their manufacture, storage, distribution, sale and import, to ensure availability of safe and wholesome food for human consumption and for matters connected therewith or incidental thereto. The Food Authority is required to provide scientific advice and technical support to the GoI and the state governments in framing the policy and rules relating to food safety and nutrition. The FSS Act also sets out requirements for licensing and registering food businesses, general principles for food safety, and responsibilities of a ‘food business operator’ and liability of manufacturers and sellers, and adjudication process. The Food Safety and Standard Regulations, 2011 lay down duties of a Food Inspector, which, among others, include ensuring that food business operators are complying with the requirements pertaining to manufacture, handling and packaging of food articles, along with the conditions of the license granted to them for various food products.

- vii. Various state shops and establishments legislations

**The GoI enacted ‘The Code on Wages, 2019’ which received the assent of the President of India on August 8, 2019. Through its notification dated December 18, 2020, the GoI brought into force sections 42(1), 42(2), 42(3), 42(10), 42(11), 67(2)(s), 67(2)(t) (to the extent that they relate to the Central Advisory Board) and 69 (to the extent that it relates to sections 7, 9 (to the extent that they relate to the GoI) and 8 of the Minimum Wages Act, 1986) of the Code on Wages, 2019. The remaining provisions of this code will be brought into force on a date to be notified by the GoI. It proposes to subsume four separate legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.*

***The GoI enacted ‘The Code on Social Security, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the GoI. It proposes to subsume several separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers’ Welfare Cess Act, 1996 and the Unorganised Workers’ Social Security Act, 2008.*

INTELLECTUAL PROPERTY LEGISLATIONS:

In-general the Intellectual Property Rights includes but is not limited to the following enactments:

- i. The Patents Act, 1970
- ii. Indian Copyright Act, 1957
- iii. The Trademarks Act, 1999

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling,

importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

The Trade Marks Act, 1999 (the “Trade Marks Act”)

The Trade Marks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. It provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trade mark registration may be made with the Controller General of Patents, Designs and Trademarks by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trade mark in the future. Once granted, a trade mark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides penalties for infringement, falsifying or falsely applying for trademarks. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trade mark in India and other countries has been made available to owners of Indian and foreign trade marks. It also seeks to simplify the law relating to the transfer of ownership of trade marks by assignment or transmission and to bring the law in line with international practices.

OTHER LAWS

Municipality Laws

Pursuant to the Seventy Fourth Amendment Act, 1992, the respective State Legislatures in India have the power to endow the Municipalities (as defined under Article 243Q of the Constitution of India) with the power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India which includes regulation of public health. The respective States of India have enacted laws empowering the Municipalities to regulate public health including the issuance of a health trade license for operating eating outlets and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

Police Laws

The State Legislatures in India are empowered to enact laws in relation to public order and police under Entries 1 and 2 of the State List (List II) to the Constitution of India. Pursuant to the same the respective States of India have enacted laws regulating the same along with prescribing penalties for non-compliance.

Approvals from Local Authorities

Setting up of a Factory or Manufacturing/Housing unit/Establishments entails the requisite Planning approvals to be obtained from the relevant Local Panchayat(s) outside the city limits and appropriate Metropolitan Development Authority within the city limits. Consents from the state Pollution Control Board(s), the relevant state Electricity Board(s), the State Excise Authorities, Sales Tax, are required to be obtained before commencing the building of a factory or the start of manufacturing operations.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

Transfer of Property Act, 1882

The transfer of property is governed by the Transfer of Property Act, 1882 (“T.P. Act”). The T.P. Act establishes the general principles relating to the transfer of property including among other things identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property.

Registration Act, 1908

The Registration Act, 1908 (“Registration Act”) has been enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property of the value of one hundred rupees or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. Section 18 of the Registration Act provides for non-compulsory registration of documents as enumerated in the provision.

The Negotiable Instruments Act, 1881(NI Act)

In India, the laws governing monetary instruments such as cheques are contained in the NI Act, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid.

Bureau of Indian Standards Act, 2016 (the “BIS Act”)

BIS Act was notified on March 22, 2016 and came into effect from October 12, 2017. The BIS Act establishes the Bureau of Indian Standards (BIS) as the National Standards Body of India. It has broadened BIS’s ambit and allows Central Government to make it mandatory for certain notified goods, articles, processes etc. to carry standard mark.

FEMA Regulations

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“FEMA Regulations”) & Foreign Exchange Management (Non-debt Instruments) Rules, 2019 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

The Arbitration & Conciliation Act, 1996

The Arbitration and Conciliation Act, 1996 is an act to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. It aims at streamlining the process of arbitration and facilitating conciliation in business matters. The Act recognizes the autonomy of parties in the conduct of arbitral proceedings by the arbitral tribunal and abolishes the scope of judicial review of the award and minimizes the supervisory role of Courts. A significant feature of the Act is the appointment of arbitrators by the Chief Justice of India or Chief Justice of High Court. The Chief Justice may either appoint the arbitrator himself or nominate a person or Institution to nominate the arbitrator. The autonomy of the arbitral tribunal has further been strengthened by empowering them to decide on jurisdiction and to consider objections regarding the existence or validity of the arbitration agreement.

The Code of Criminal Procedure Code, 1973

It is the main legislation on procedure for administration of substantive criminal law in India. It was enacted in 1973 and came into force on 1st April, 1974. It provides the machinery for the investigation of crime, apprehension of suspected criminals, collection of evidence, determination of guilt or innocence of the accused person and the determination of punishment of the guilty.

Criminal law occupies a pre-dominant place among the agencies of social control and is regarded as a formidable weapon that society has forged to protect itself against anti-social behaviour. The law of criminal procedure is meant to be complimentary to criminal law. It is intended to provide a mechanism for the enforcement of criminal law. The Code of Criminal Procedure creates the necessary machinery for apprehending the criminals, investigating the criminal cases, their trials before the criminal courts and imposition of proper punishment on the guilty person. The Code enumerates the hierarchy of criminal courts in which different offences can be tried and then it spells out the limits of sentences which such Courts are authorized to pass.

The law of criminal procedure is intended to provide a mechanism for the enforcement of criminal law. Without the proper procedural law the substantive criminal law which defines offences and provides punishment for them would be almost worthless.

The Code of Civil Procedure, 1908

The Code of Civil Procedure, 1908 is a procedural law related to the administration of civil proceedings in India. The Civil Procedure Code consolidates and amends the law relating to the procedure of the Courts of Civil jurisdiction. The Code of Civil Procedure is an adjective law it neither creates nor takes away any right. It is intended to regulate the procedure to be followed by Civil Courts. The Civil Procedure Code consists of two parts. 158 Sections form the first part and the rules and orders contained in Schedule I form the second part. The object of the Code generally is to create jurisdiction while the rules indicate the mode in which the jurisdiction should be exercised.

The Code does not affect any special or local laws nor does it supersede any special jurisdiction or power conferred or any special form of procedure prescribed by or under any other law for the time being in force. The Code is the general law so that in case of conflict between the Code and the special law the latter prevails over the former. Where the special law is silent on a particular matter the Code applies, but consistent with the special enactment.

The Essential Commodities Act, 1955

The Essential Commodities Act, 1955 was enacted to ensure easy availability of essential commodities to the consumers and to protect them from exploitation by unscrupulous traders. The Act provides for regulation and control of production, distribution and pricing of commodities, which are declared as essential for maintaining or increasing supplies or for securing their equitable distribution and availability at fair prices’.

The items declared as essential commodities under the Essential Commodities Act, 1955 are reviewed from time to time in the light of liberalized economic policies in consultation with the Ministries/Departments administering the essential commodities and particularly with regard to their production, demand, and supply.

Prevention of Money Laundering Act, 2002

Money laundering is the processing of criminal proceeds to disguise its illegal origin. Terrorism, illegal arms sales, financial crimes, smuggling, and the activities of organized crime, including drug trafficking and prostitution rings, generate huge sums. Embezzlement, insider trading, bribery and computer fraud also produce large profits and create an incentive to legitimise the ill-gotten gains through money laundering. When a criminal activity generates substantial profits, the individual or group involved in such activities route the funds to safe heavens by disguising the sources, changing the form, or moving the funds to a place where they are less likely to attract attention.

Most fundamentally, money laundering is inextricably linked to the underlying criminal activity that generates it. In essence, the laundering enables criminal activity to continue.

Note 2: Statement on Significant Accounting Policies

1. Basis of Preparation:

Basis of accounting and preparation of financial statements:

The Consolidated Restated Summary Statement of Assets and Liabilities of the Company as on December 31, 2021, March 31, 2021, March 31, 2020 and March 31, 2019 and the Consolidated Restated Summary Statement of Profit and Loss and Consolidated Restated Summary Statements of Cash Flows for the same period mentioned above and the annexure thereto (collectively, the "Restated Financial Statements" or "Restated Summary Statements") have been extracted by the management from the Financial Statements of the Company for the period ended on December 31, 2021, March 31, 2021, March 31, 2020 and March 31, 2019

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act. The accounting policies adopted in the preparation of financial statements have been consistently applied. All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time difference between the provision of services and realization of cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and noncurrent classification of assets and liabilities.

2. Use of Estimates:

"The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize."

3. Principles Of Consolidation:

The Consolidated Financial Results comprise of the financial statements of Cargosol Logistics Limited and its subsidiaries, which are consolidated in accordance with Accounting Standard 21 on Consolidated Financial Statements notified pursuant to the Companies (Accounting Standards) Rules, 2006.

The Consolidated Financial Statements relate to Cargosol Logistics Limited ('The Company') and its subsidiaries have been prepared on the following basis:

- The financial statements of the Company and its subsidiaries has been combined on a line-by-line basis by adding together the balances of like items of assets, liabilities, income and expenditure after fully eliminating the intra-group balances and intra-group transactions resulting in unrealized profit or loss.

- The consolidated financial statements has been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements.
- The excess of cost to the Company of its investments in the subsidiary over its portion of equity of subsidiary at the dates they become subsidiary is recognized in the financial statements as goodwill.
- The excess of Company's portion of equity of the subsidiary over the cost to the Company of its investments at the dates it become subsidiary is recognized in the financial statements as capital reserve.
- The excess of Company's portion of equity of the subsidiary over the cost to the Company of its investments at the dates it become subsidiary is recognized in the financial statements as capital reserve
- While preparing Consolidated Financial Statements, the foreign exchange adjustments have been carried out as per Accounting Standard 11 – "Accounting for effects of changes in Foreign Exchange Rates" on following basis:
 - a) The summarized revenue and expenses transactions at the year-end reflected in Profit and Loss Account of the foreign subsidiaries, which are stated in the currency of their domicile, are translated into Indian Rupees at an average exchange rate.
 - b) All monetary items reflected in the Balance Sheet of the foreign subsidiaries which are stated in the currency of their domicile, are translated into Indian Rupees at the year-end closing exchange rate and Non-monetary items are translated at the exchange rate at the date of transaction.
 - c) The resultant translation exchange gain/loss in case of non-integral foreign operations is disclosed as Foreign Exchange Translation Reserve in Reserves & Surplus Schedule in the Accounts.

4. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise of cash at bank and in hand and short-term investments with an original maturity of twelve months or less. Earmarked balances with bank, margin money or security against borrowings, guarantees and other commitments, if any shall be treated separately from cash and cash equivalent

5. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

6. Segment Reporting

Based on the principles for determination of segments given in Accounting Standard 17 "Segment Reporting" issued by accounting standard notified by Companies (Accounting Standard) Rules, 2015, The Company has identified its business segment as "Goods Transportation Services". There are no other primary reportable segments. The activities of the company are restricted to only one geographical segment i.e., India, hence the secondary segment disclosures are also not applicable.

7. Revenue Recognition

- a) Revenue is recognized from rendering of services in the accounting period in which the services are rendered. For Fixed price contracts, revenue is recognized based on the actual service provided to the end of the reporting period as proportion of the total services to be provided.
- b) Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and stated at net of taxes or duties collected on behalf of the government.
- c) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- d) Dividend income is recognized at the time when right to receive dividend is established.

8. Plant Property & Equipments

Property, Plant and equipment including capital work in progress are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase price, taxes, duties, freight and other incidental expenses directly attributable and related to acquisition and installation of the concerned assets and are further adjusted by the amount of input tax credit availed wherever applicable. Subsequent costs are included in asset's carrying amount or recognized as separate assets, as appropriate,

only when it is probable that future economic benefit associated with the item will flow to the Company and the cost of item can be measured reliably.

Fixed assets acquired in full or part exchange for another asset are recorded at the fair market value or the net book value of the asset given up, adjusted for any balancing cash consideration. Fair market value is determined either for the assets acquired or asset given up, whichever is more clearly evident. Fixed assets acquired in exchange for securities of the Company are recorded at the fair market value of the assets or the fair market value of the securities issued, whichever is more clearly evident."

9. Depreciation & Amortization

i. Tangible Asset

Depreciation on property, plant and equipment is provided using the written down value method based on the life and in the manner prescribed in Schedule II to the Companies Act, 2013, and is generally recognized in the statement of profit and loss. Cost of Lease hold is amortized over the tenure of lease agreement. Freehold land is not depreciated. In case where the cost of part of asset is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining assets, the useful life of that significant part has been determined separately.

Asset	Life
Office Premises	30 years
Furniture and Fixtures	8 years
Office Equipment	10 years
Vehicles	8 years
Computer	3 years

The depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

ii. Intangible Asset

The amortization of an Intangible Assets is allocated on a systematic basis over the best estimate of its useful life of the Intangible asset

10. Impairment of Assets

The carrying values of assets / cash generating units are reviewed at each Balance Sheet date for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss.

11. Accounting for Taxes of Income:-

Current Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income that originates in one period and are capable of reversal in one or more subsequent periods

Deferred Taxes

Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognized only if there is virtual certainty

that there will be sufficient future taxable income available to realize such assets. Deferred tax assets are recognized for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Minimum Alternative Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

12. Borrowing Cost

"Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets.

Borrowing cost attributable to the fixed assets during construction/ exploration, renovation and modernization are capitalized. Such borrowing costs are apportioned on the average balance of capital work in progress for the year. Other borrowing costs are recognized as an expense in the period in which they are incurred."

13. Leases

Lease arrangements where risks and rewards incidental to ownership of an asset substantially vests with lessor are classified as operating lease. Rental expenses on assets obtained under operating lease arrangements are recognized in the Statement of Profit and Loss on straight line basis over the lease period.

14. Employee Benefits :

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.

"Provident Fund

The Company's contribution as per Employee Provident Fund Law towards Provident Fund as provided for and payments thereof are made to the relevant authorities on actual basis and relevant employer's contribution are recognized as expenditure and are charged to the statement of profit & loss on accrual basis."

"Gratuity

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation"

15. Foreign Currency Transactions

"Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction."

"Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined."

"Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise."

16. Provisions and Contingent Liabilities:

Provisions are recognized when an enterprise has a present obligation as a result of past event for which it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the best current estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or the present obligations that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

17. Investments

Long-term investments, are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

18. Earnings per share

"The Company reports basic and diluted Earnings per Share (EPS) in accordance with Accounting Standard 20 'Earning per Share'". Basic EPS is computed by dividing the net profit or loss attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss attributed to the equity shareholders for the year by weighted average number of equity shares outstanding during the year as adjusted for the effects of all potential equity share, except where the result is antidilutive."

19. Material Adjustments

MANAGEMENT'S DISCUSSION & ANALYSIS OF FINANCIAL CONDITIONS & RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled "Financial Information of the Company" beginning on page 135. You should also read the section titled "Risk Factors" on page 23 and the section titled "Forward Looking Statements" on page 16 of this Draft Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us, and, unless otherwise stated or the context requires otherwise, is based on our Restated financial Statements.

Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated May 26, 2022 which is included in this Draft Prospectus under "Financial Statements". The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

Business Overview

Our Company is a complete 3 PL (third-party logistics service provider), delivering end-to-end solutions in the logistics and supply chain domain involving multimodal transport operations (MTO), owning and operating container, sea and air freight, transportation, warehousing, custom clearance services and handling of project cargo. As on the date of this Draft Prospectus, we operate a fleet of around 12 commercial vehicles which are owned by the company and apart from this we also hire third party transport operators in case of high demand and business feasibility. We also provide warehousing facilities to our customers and our warehouses are well connected to several manufacturing and consumption clusters located at Thane, Maharashtra. We also handle NVOCC (Non Vessel Owning Common Carrier) facility for the sectors like Indian Sub-continent, Middle East, Upper Gulf, South East Asia and part of Europe through our slot arrangements with feeder operator as well as with main line operators.

We started the business of freight forwarding as a partnership firm under the leadership of our promoters in the year 2004 under the name and style of "Cargosol Logistics" and have, since then, we have consistently grown our presence, enhanced the scope of our services, and increased our capabilities and expertise with continuous learning and upgradation. We have over the years developed ourselves and increased the ambit of our services covering critical services which are required to execute end-to-end logistic needs. These include Multimodal Transportation, Contract Logistics, Regulatory Compliance, warehousing and related Value-Added Services. We are also engaged in handling of project cargo, which is a specialized activity requiring detailed planning and technical expertise. The comprehensive project handling service includes designing and execution of customized solutions tailored to meet specific customer requirements for the transport of high value specialized equipment's such as power plants, windmills stations etc. from one location to another using multiple modes of transport. These assignments are generally handled on a turnkey contract basis.

Our Company is headquartered in Mumbai and has presence in major locations such as Kalamboli, Pune, New Delhi, Chennai and warehouse located at Thane. Our international logistics operations are supported by a network of 3PL partners and vendors with whom we enter into cooperation agency agreements that enables us to service client requirements across India and abroad. We deliver international logistic services by using air, sea and surface, as modes of transportation. We have a Multi-Modal Transport Operator's License and an IATA Accreditation for servicing our customers' requirements. Multi-Modal Transport Operator's License enable us to issue a single negotiable multimodal transport document covering multiple modes of transport and position ourselves as an independent player in this field thus strengthening our revenue model. We also undertake work related to regulatory compliance services such as customs clearance and industry-specific solutions for which we have entered into an agreement with OFS Cargo Private Limited who have a valid Custom House Agent's License.

The growth of our company starts with the idea of our promoters namely Mr. Roshan Kishanchand Rohira and Mr. Samuel Janathan Muliylil. Mr. Roshan Kishanchand Rohira has an experience of around 30 years in the logistics and shipping industry, has mastered knowledge in functions like documentation, customer service, operations, and finance and Mr. Samuel Janathan Muliylil has an experience of around 29 years in in technical, operations, sales & marketing in the logistics and shipping industry. Under the leadership of our promoters and the support of our employees we have evolved ourselves from a freight & forwarding company to a full-scope 3 PL (third-party logistics service provider), delivering end-to-end solutions in the logistics and supply chain domain to our customers including project and heavy-lift logistics solutions involve movements of odd and oversized cargo.

Over and above our execution capabilities, we have built vertical focus in our Company, by leveraging the domain expertise which we have nurtured over the years. Our customers operate in various sectors across India, including automotive and heavy engineering, telecom, food and agro, fast-moving consumer goods ("FMCG"), paint and dairy. We believe our business model enables us to provide solutions that enable our customers to leverage our distribution network which optimizes the performance, cost and efficiency of their supply chains, shortening their lead-time to market resulting in lower inventory costs to the customer.

Over the years we have nurtured our capabilities and specialize in the segment of Project Logistics where we take care of end-to-end pickup, clearance & delivering for all kinds of Heavy and Over Dimensional Cargo. Project cargo is a specialized activity requiring detailed planning, scheduling, and technical expertise. The comprehensive project handling service includes undertaking the route survey for designing and executing customized solutions tailored to meet specific customer requirements for the transport of high-value specialized equipment such as power plants, windmills stations, turbines, boilers, etc. from one location to another using multiple modes of transport.

iv. Other Pending Litigations:

- a) Total Tools & Equipment’s (P) Limited has engaged our services to collect and arrange for carriage of its various import consignments. The defendant failed to make the payment of freight, THC and other incidental charges etc. Our Company has filed a Summary Suit being Suit No. 202614 of 2013 under Order XXXVII Rule 2 of CPC before City Civil and Sessions Court at Dindoshi, Goregaon (E), Mumbai against Total Tools & Equipment’s (P) Limited (the “Defendant”) for payment of Rs. 2,98,673/- (Principal Amount along with Interest). The matter is pending adjudication. The last hearing in the above matter was on June 29, 2022.

- b) Our Company along with our subsidiary company i.e. Cargosol Shipping Agencies Private Limited has filed a Suit for Recovery being Civil Suit No. 2181/2016 before Court of District Judge, Karkardooma Court, New Delhi against Saurabh Maheshwari (the “Defendant”) for recovery of Rs. 77,39,733/- (Principal Amount along with Interest as on date of filing of suit) towards damages suffered by our company due to unauthorized and illegal act of the Defendant. The same is pending adjudication. The last hearing in the above matter was on May 26, 2022.
- c) Our Company (hereinafter referred to as ‘Plaintiff’) had been providing services to Tata Sky (hereinafter referred to as ‘Defendant No. 2’) services related to freight forwarding in respect of their various consignments from different origins from time to time. As part of these ongoing services, our Company also agreed to provide freight forwarding services to Defendant No. 2 in respect of consignments of Dish Antenna, Cable and other accessories and equipment’s which were to arrive at Nhava Sheva Port during the period commencing from December, 2010 to January, 2011. The rates and other charges were mutually agreed between our Company and Defendant No. 2 in respect of which there was no dispute between our Company and Defendant No. 2. On Defendant No. 2 orally communicating its approval to the quotation submitted for customs clearance services through Falcon Cargo Services (I) Pvt. Ltd. (hereinafter referred to as Defendant No. 1), our Company appointed Defendant No. 1 as its agent to render the outsourced services to Defendant No. 2. Due to failure on the part of Defendant No.1 to locate a Custom Bonded Warehouse, the containers of Hapag-Lloyd containing the cargo could not be returned to Hapag-Lloyd. The containers containing the said Consignments continued to remain at the Container Corporation of India for a long time which not only resulted in the liability of Rs. 1,24,13,925/- (“detention charges”) being incurred towards detention charges payable to Hapag-Lloyd, but also the liability for demurrage of Rs. 44,61,588/-. In view of the same our Company has filed a Suit No. 266/2012 converted to COMS6/2014 before the High Court of Judicature at Bombay to pass an Order and Decree in favour of our Company and against Defendant No.1 for a sum of Rs. 72,91,330/- (after adjustment of Rs.51,22,594.88) together with interest at the rate @24% per annum from the date of filing of the Suit till payment and/or realization; or in the alternative and in the event the Hon’ble Court comes to a conclusion that Defendant No. 1 was not negligent in performing the outsourced services and therefore, not liable to pay to our Company the said balance amount of Rs. 72,91,330.12, then, the Hon’ble Court ought to pass an Order and Decree in favour of our Company and against Defendant No. 2 in the sum of Rs.1,24,13,925/- together with interest at the rate of 24% per annum from the date filing of the present Suit till payment and/or realization as per the, particulars of claim. The same is pending adjudication.
- d) Our Company has filed a Summary Suit for Recovery being Summary Suit No. 200842/2018 before Court of City Civil Court of Bombay at Dindoshi against Rama Vessel Handlers Pvt. Ltd. (the “Defendant”) for payment of Rs. 7,47,418.23/- (Along with Interest @24% p.a. on the principal amount from the date of filing of suit till payment). The same is pending adjudication. The next date of hearing in the above matter is July 07, 2022.

SECTION VIII: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

The Equity Shares being Issued are subject to the provisions of the Companies Act, SCRA, SCRR, SEBI (ICDR) Regulations, the SEBI Listing Regulations, our Memorandum and Articles of Association, the terms of the Draft Prospectus, Prospectus, Application Form, any Confirmation of Allocation Note (“CAN”), the Revision Form, Allotment advices, and other terms and conditions as may be incorporated in the Allotment advices and other documents/certificates that may be executed in respect of the Issue. The Equity Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the GoI, the Stock Exchange, the RoC, the RBI and/or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by SEBI, RBI, the GoI, the Stock Exchange, the RoC and/or any other authorities while granting its approval for the Issue.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019 and circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 and any subsequent circulars issued by SEBI in this regard, SEBI has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Application by retail individual investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applicants with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by retail individual investors (“UPI Phase III”), as may be prescribed by SEBI.

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the Application forms. Investor may visit the official website of the concerned for any information on operationalization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

As per the provisions of the Depositories Act, 1996 and the regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being offered can be applied for in the dematerialized form only.

In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated March 08, 2022 between NSDL, our Company and Registrar to the Issue; and
- Tripartite Agreement dated March 10, 2022 between CDSL, our Company and Registrar to the Issue.

Market Lot and Trading Lot

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the BSE (SME platform of BSE) from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares is subject to a minimum

allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In accordance with Regulation 268 of SEBI (ICDR) Regulations, 2018 the minimum number of allottees in the Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in Mumbai, Maharashtra.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Phased implementation of Unified Payments Interface

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of

blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Applicant had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIIs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three Working Days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Lead Manager.

OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Applicants

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed Rs. 2,00,000. In case of revision of Applications, the Retail Individual Applicants have to ensure that the Application Price does not exceed Rs. 2,00,000.

2. For Other than Retail Individual Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds Rs. 2,00,000 and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Prospectus.

The above information is given for the benefit of the Applicants. The Company and the LMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

For applications where the proportionate allotment works out to less than [●] Equity shares the allotment will be made as follows:

1. Each successful applicant shall be allotted [●] Equity shares; and
2. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.

If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] Equity shares subject to a minimum allotment of [●] Equity shares.

If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.

The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:

1. As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
2. The balance net offer of shares to the public shall be made available for allotment to
 - a. Individual applicants other than retails individual investors and
 - b. Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
3. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Participation by Associates /Affiliates of LM and the Syndicate Members

The LM, Market Maker and the Underwriter, if any shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting and market making obligations. However, associates/affiliates of the LM and Syndicate Members, if any may subscribe for Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to the Applicants, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.

The applicants shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Applicants shall neither withdraw nor lower the size of their applications at any stage.

In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public offer have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

PROCEDURE FOR UNIFIED PAYMENT INTERFACE (UPI)

In accordance to the SEBI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, to stream line the process of public issue of Equity Shares and convertibles, Phase II shall become effective from July 01, 2019, thereafter for applications by Retail Individual Investors through intermediaries, where the existing process of investor submitting application form with any intermediaries along with bank account details and movement of such application forms from intermediaries to self-certified Syndicate Banks (SCSBs) for blocking of funds, will be discontinued. For such applications only the UPI mechanism would be permissible mode.

Who can apply through UPI Mode:

Only Retail Individual Investors are allowed to use UPI for the payment in public issues. Qualified Institutional Buyers and High-Net worth Investors shall continue to apply as per the existing process.

PROCESS

Applications through UPI in IPOs (Public Issue) can be made only through the SCSBs/mobile applications whose name appears on the SEBI website: www.sebi.gov.in.

BLOCKING OF FUNDS:

- a) Investors shall create UPI ID
- b) Investors shall submit their IPO applications through intermediaries and the investors shall enter UPI ID in the application form.
- c) Thereafter, intermediary shall upload the bid details and UPI ID in the electronic bidding system of the Stock Exchange
- d) Stock Exchange shall validate the bid details on the real time basis with depository's records and shall bring the inconsistencies to the notice of intermediaries for rectification and re-submission
- e) Stock Exchange shall share the details including UPI ID with Sponsor Bank, to enable the Sponsor Bank to initiate the request for the blocking of funds
- f) Thereafter the investor shall receive notification and shall confirm the request by entering valid UPI PIN and upon such acceptance of request, funds would get blocked and intimation shall be given to the investor regarding blocking of funds

UNBLOCKING OF FUNDS:

- a) After the offer close day, the RTA on the basis of bidding and blocking received from stock exchange undertake a reconciliation and shall prepare Basis of Allotment.
- b) Upon approval of such basis, instructions would be sent to the Sponsor Bank to initiate process for credit of funds in the public offer escrow account and unblocking of excess funds

- c) Based on authorization given by the investor using UPI PIN at the time of blocking of funds, equivalent to the allotment, would be debited from investors account and excess funds, if any, would be unblocked.

Further, RIIs would continue to have an option to modify or withdraw the bid till the closure of the offer period. For each such modification of application, RIIs shall submit a revised application and shall receive a mandate request from the Sponsor Bank to be validated as per the process indicated above. Hence, applications made through UPI ID for payment the same shall be revised by using UPI ID only.

REJECTION GROUNDS UNDER UPI PAYMENT MECHANISM

An investor making application using any of channels under UPI Payments Mechanism, shall use only his/ her own bank account or only his/ her own bank account linked UPI ID to make an application in public issues. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. Sponsor Bank shall provide the investors UPI linked bank account details to RTA for purpose of reconciliation. RTA shall undertake technical rejection of all applications to reject applications made using third party bank account.

LIST OF BANKS PROVIDING UPI FACILITY

An investor shall ensure that when applying in the IPO using UPI facility, the name of his Bank shall appear in the list of SCSBs as displayed on the SEBI website.

A list of SCSBs and mobile application which are live for applying in public issues using UPI mechanism is provided on the SEBI Website at the following path:

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the "FDI Policy"), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investors"), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management. (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

CALLS		
35.	(1) The Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board and not by a circular resolution, make such calls as it thinks fit, upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board. (2) A call may be revoked or postponed at the discretion of the Board. (3) A call may be made payable by installments.	Directors may make calls
36.	Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.	Notice of Calls
37.	A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorising such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.	Calls to date from resolution.
38.	Whenever any calls for further share capital are made on shares, such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class.	Calls on uniform basis.
39.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member shall be entitled to such extension save as a matter of grace and favour.	Directors may extend time.
40.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 21% per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.	Calls to carry interest.
41.	If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.
