PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Certain Conventions

All references in this Red Herring Prospectus to “India” are to the Republic of India and all references to the “U.S.”, “USA” or “United States” are to the United States of America. All references to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless stated otherwise, all references to page numbers in this Red Herring Prospectus are to the page numbers of this Red Herring Prospectus. Further, unless otherwise specified, any time mentioned in this Red Herring Prospectus is in Indian Standard Time.

Financial Data

Unless stated otherwise, the financial information in this Red Herring Prospectus is derived from our Restated Financial Statements prepared in accordance with the Companies Act and IND AS and restated in accordance with the SEBI ICDR Regulations.

Our Company’s Financial Year commences on April 1 and ends on March 31 of the following year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the 12 month period ended on March 31 of that year. Unless the context otherwise requires, all references to a year in this Red Herring Prospectus are to a calendar year and references to a financial year are to March 31 of that calendar year.

The Restated Financial Statements have been prepared based on the financial statements as at and for the Fiscals 2019, 2018 and 2017, in accordance with Ind-AS notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 and other applicable provisions of the Companies Act, 2013 and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by ICAI.

Certain figures contained in this Red Herring Prospectus, including financial information, have been subject to rounding adjustments. All decimals have been rounded off to two or one decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

There are significant differences between, Ind AS, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. For details in connection with risks involving differences between Ind AS, U.S. GAAP and IFRS see “*Risk Factors – Significant differences exist between Ind AS and other accounting principles, such as IFRS and U.S. GAAP, which may be material to investors’ assessment of our financial condition*” on page 24. The degree to which the financial information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “*Risk Factors*”, “*Industry Overview*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Conditional and Results of Operations*” on pages 24, 87, 126 and 239, respectively, and elsewhere in this Red Herring Prospectus have been calculated on the basis of our Restated Financial Statements.

Non-consolidation of financial statements of our Joint Venture

As on the date of this Red Herring Prospectus, we have one joint venture, Royale Indian Rail Tours Limited with Cox & Kings Limited. However, we have not consolidated the financial statements of RIRTL in our financial

statements since the Fiscal 2011, on account of ongoing litigation with Cox & Kings Limited and unavailability of financial statements of RIRTL. Accordingly, no consolidated or standalone financial information for RIRTL has been presented in this Red Herring Prospectus. For further details, see “*Restated Financial Statements –Note 37.3*” on page 187 and “*Outstanding Litigation and Other Material Developments*” on page 269. For further details, see “*Risk Factors: We have been unable to make consolidation of our financial statements in absence of audited accounts of our joint venture, Royale Indian Rail Tours Limited*” on page 24.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States.

Our Company has presented certain numerical information in this Red Herring Prospectus in “million” units. One million represents 1,000,000 and one billion represents 1,000,000,000.

Exchange rates

This Red Herring Prospectus may contain conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and other currencies:

(Amount in ₹ unless otherwise specified)

The extent to which the market and industry data used in this Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

This Red Herring Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “seek”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans, prospects or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. For the reason described below, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Therefore, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, successfully implement our strategy, growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate. Important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- any adverse change in policy of the Ministry of Railways;
- any failure to maintain or enhance consumer awareness of our brand;
- inability to implement our growth strategy successfully including in relation to Catering, Travel and Tourism, internet – ticketing business;
- declines or disruptions in the travel industry;
- fluctuations in operating costs and impact on our financial results;
- any non-compliance with, or changes in, regulations applicable to us may adversely affect our business;
- seasonal changes that may affect the demand for our products and services;
- any adverse claims, media speculation and other public statements relating to the food quality, catering facilities and service;
- prevailing regional or global economic conditions and political situation in India or in countries in the region or globally; and
- increase in competition and other factors affecting the industry segments in which our Company operates.

For further discussion of factors that could cause the actual results to differ from the expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 24, 126 and 239, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure the Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as on the date of this Red Herring Prospectus and are not a guarantee of future performance. These statements are based on the management’s beliefs and assumptions, which in turn are based on currently available information. Although, we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Selling Shareholder, the BRLMs nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with SEBI requirements, our Company, the Selling Shareholder and BRLMs shall severally ensure that investors in India are informed of material developments from the date of this Red Herring Prospectus in relation to the statements and undertakings made by them in this Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for this Offer. The Selling Shareholder shall ensure that it will keep our Company and the BRLMs informed of all material developments pertaining to the Equity Shares under the Offer and itself, as Selling Shareholder from the date of this Red Herring Prospectus until receipt of final listing and trading approvals by the Stock Exchanges for this Offer, that may be material from the context of the Offer.

SUMMARY OF THIS RED HERRING PROSPECTUS

Unless otherwise stated or the context otherwise requires, references in this section to “we”, “our” or “us” refers to our Company. This section should be read in conjunction with the sections titled “*Risk Factors*”, “*Industry Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 24, 87 and 239, respectively, as well as the Restated Financial Statements included in “*Financial Information*” beginning on page 187.

Summary of Business

As a Central Public Sector Enterprise wholly owned by the Government of India and under the administrative control of the Ministry of Railways, we are the only entity authorized by Indian Railways to provide catering services to railways, online railway tickets and packaged drinking water at railway stations and trains in India. We were incorporated with the objective to upgrade, modernize and professionalize catering and hospitality services, managing hospitality services at railway stations, on trains and other locations and to promote international and domestic tourism in India through public-private participation. We were conferred the status of Mini ratna (Category-I Public Sector Enterprise) by the Government of India, on May 1, 2008.

We operate one of the most transacted websites, *www.irctc.co.in*, in the Asia-Pacific region with transaction volume averaging 25 to 28 million transactions per month during the five months ended August 31, 2019. We have also diversified into other businesses, including non-railway catering and services such as e-catering, executive lounges and budget hotels, which are in line with our objective to build a “one stop solution” for our customers.

For further details, see “*Our Business*” beginning on page 126.

Summary of Industry

In 2015, the Ministry of Statistics and Programme Implementation (MoSPI) changed the base year for calculating the gross domestic product (GDP) to fiscal 2012 from fiscal 2005. Based on this, India’s GDP shot up from ₹ 87.4 trillion in fiscal 2012 to ₹ 140.8 trillion in fiscal 2019, recording a 7.1% compound annual growth rate (CAGR). As per the Central Statistics Office (CSO), India’s GDP growth picked up in the second half of fiscal 2018 and was 7.2% for the full year. Total railway passenger traffic has remained nearly flat over the past four years, going from 8,397 million passengers in fiscal 2014 to 8,286 million passengers in fiscal 2018. Passenger traffic, after falling by 1-2% between fiscals 2014 and 2016, witnessed a revival in fiscal 2018, largely driven by a turnaround in non-suburban traffic.

As per the National Restaurant Association of India (NRAI), the food services industry was estimated at ₹ 3.09 trillion in fiscal 2016 and has grown at a ~11% CAGR to reach ₹ 4.24 trillion in fiscal 2019. The growth was driven by growing young population of India, rising disposable incomes, uptick in discretionary spending on eating out, and growing number of women in working population. Increasing availability of restaurants offering variety of cuisines along with the proliferation of food-ordering platforms has also aided growth of the food services and catering industry. The direct contribution of India’s travel and tourism industry to GDP grew at a strong 11.2% CAGR between fiscals 2013 and 2018 to reach ₹ ~6.8 trillion in fiscal 2018, driven by rising incomes and improved availability and affordability of travel, though the growth moderated in fiscal 2017 due to liquidity crunch caused by demonetisation.

SECTION II: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all of the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. The risks and uncertainties described in this section are not the only risks that we currently face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also have an adverse impact on our business, results of operations, cash flows and financial condition. If any or a combination of the following risks, or other risks that are not currently known or are currently deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition may be adversely affected, the price of the Equity Shares could decline, and you may lose all or part of your investment.

In making an investment decision, as prospective investors, you must rely on your own examination of us and the terms of the Offer, including the merits and the risks involved. You should consult your tax, financial, legal advisors about the particular consequences of investing in the Offer. To obtain a complete understanding of our business, you should read this section in conjunction with the sections titled “Industry Overview”, “Our Business”, “Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 87, 126, 187 and 239, respectively, of this Red Herring Prospectus, as well as the other financial and statistical information contained in this Red Herring Prospectus. The industry-related information disclosed in this section that is not otherwise publicly available is derived from CRISIL Industry Report. Neither our Company, nor any other person connected with the Offer, including the BRLMs, has independently verified the information in the industry report or other publicly available information cited in this section.

This Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including the considerations described in this section and elsewhere in this Red Herring Prospectus. See “Forward Looking Statements” on page 18. Unless otherwise expressly stated or the context otherwise requires, the financial information used in this section is derived from the Restated Summary Financial Information.

Unless specified or quantified in the relevant risks factors below, we are not in a position to quantify the financial or other implication of any of the risks described in this section. In this section, references to “we”, “our” and “us” are to our Company. Unless otherwise indicated, the financial information included herein is based on our Restated Financial Statements for Fiscal 2017, Fiscal 2018 and Fiscal 2019 included in this Red Herring Prospectus. For details, see “Financial Information” on page 187.

Internal Risk Factors

- 1. Our business and revenues are substantially dependent on Indian Railways. Any adverse change in policy of the Ministry of Railways may adversely affect our business and results of operations.***

Our business and revenues are substantially dependent on the policies of the Ministry of Railways and operations of Indian Railways. As a CPSE wholly owned by the Government of India and under the administrative control of the Ministry of Railways, our scope of services, and the fees we charge, are primarily determined by the Ministry of Railways. At certain times in the past, the Government has made certain decisions that has adversely impacted our results of operations. For example, the Ministry of Railways in 2016 removed the charges we levy on passengers booking railway tickets online as service charge at rates of ₹20 per ticket for non AC classes and ₹40 per ticket for AC classes. This had a material adverse impact on our revenues. Ministry of Finance by separate notification on July 5, 2017 proposed to reimburse ₹800.00 million to us until the Government of India permits us to recover online ticketing cost/levy of commission on passengers utilizing the online ticketing service we provide. The Ministry of Railways reimbursed our Company in the amount of ₹800.00 million and ₹880.00 million for Fiscal 2018 and 2019, respectively for our operations costs. Any similar decisions by the Ministry of Railways in the future could adversely affect our results of operations. More generally, as it is necessary for us to act in accordance with the directives of Government of India, through Ministry of Railways, we cannot assure you that our investments and efforts into our current operation will be profitable. The Government of India may, reasons of public interest, terminate any of its policy directives without due consideration to the performance of our operation. Further, Ministry of Railways issued general guidance on redevelopment of railway stations by Indian Railway Stations

Development Corporation Limited as nodal agency for facility management at railway stations. Any adverse change in policy of the Ministry of Railways in relation to facility management at railway station may adversely affect our business and results of operations

As a CPSE, we are often authorized by the Government to offer various products and services to the public on behalf of Indian Railways, as well as receiving operative support from the Ministry of Railways from time to time. However, there can be no assurance that these directives from the Ministry of Railways will continue to benefit our business. Certain government programs or projects may be subject to delays, extensive internal processes, policy changes, and changes due to local, national and internal political forces, such as periodic elections at Central and State level, insufficiency of Government funds or changes in budgetary allocations of Government entities. For example, as the only CPSE authorized by the Ministry of Railways with focus on railway catering services, we have been entrusted with the responsibility to take over catering services of Indian Railways pursuant to the Catering Policy 2017 in a phased manner and have directed a significant amount of resources in doing so. Any change in the mandate may halt the expansion of our business. Any withdrawal or adverse changes in Government policies may lead to adverse impact on our on-going business and could, materially and adversely affect our financial condition, capital expenditure, revenues, development and our business operation.

2. *Our Company and Directors are involved in certain legal and other proceedings.*

Our Company and Directors are currently involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. The summary of outstanding litigation in relation to criminal matters, tax matters, actions by regulatory/ statutory authorities and matters above the materiality threshold involving our Company and Directors have been set out below.

Nature of Cases	Number of Cases	Amount Involved* (in ₹ million)
Proceedings against our Company		
Criminal	8	0.12
Tax	95	2,257.23
Other pending material litigation	23	3,975.74
Proceeding by our Company		
Criminal	Nil	Nil
Other pending material litigation	1	NIL
Proceedings against our Directors		
Criminal	1	0.07
Tax	Nil	Nil
Other pending material litigation	Nil	Nil
Proceedings by our Directors		
Criminal	Nil	Nil
Other pending material litigation	Nil	Nil

* To the extent quantifiable.

For further details, see “*Outstanding Litigation and Other Material Developments*” beginning on page 269. Decisions in any of the aforesaid proceedings adverse to our interests may have a material adverse effect on our business, results of operations, financial condition and prospects. If the courts or tribunals rule against us or our Company or our Directors, we may face monetary and/or reputational losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities.

3. *We are the sole provider of online railway ticketing, catering services, and packaged drinking water for trains and stations, and certain other services we provide; if the Government were to allow open competition in all or any of these areas, it may impact our financial results.*

Under the Catering Policy 2017, we benefit from a monopoly position in many of the services we provide to our customers. In particular, we are the exclusive provider of online railway ticketing, catering services and packaged drinking water for trains and stations. As a result, we do not face some of the pressures experienced by businesses that operate in more openly competitive industries. This allows us to make certain operating and strategic decisions

without focusing on the impacts of those decisions *vis a vis* other competitors. In particular, we generated 25.62%, 48.70% and 54.99% of our income from railway catering in fiscal years 2017, 2018 and 2019, respectively, and 10.22%, 11.13% and 9.28% of our income from packaged drinking water during in fiscal years 2017, 2018 and 2019, respectively. If the Ministry of Railways were to permit more competition in mobile or static catering, packaged drinking water or another area in which we currently have a monopoly position, it could have a significant impact on the way we operate our business, and adversely impact our results of operations and profitability.

4. *Our Auditors have included a matter of emphasis in relation to our Company in the Restated Financial Statements.*

In its report on each of (a) the audited financial statements of our Company as at and for the year ended March 31, 2019, (b) the audited financial statements of our Company as at and for the year ended March 31, 2018 and (c) the audited financial statements of our Company as at and for the year ended March 31, 2017, our Auditors included an emphasis of matter. For details of these emphasis of matters and our responses thereon, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations–Summary of Qualifications, Emphasis of Matters and Observations in our Statutory Auditors Reports*” on page 239. Potential investors should consider these matters in evaluating our financial position, cash flows and results of operations.

5. *We have been unable to make consolidation of our financial statements in absence of audited accounts of our joint venture, Royale Indian Rail Tours Limited.*

As on the date of this Red Herring Prospectus, we have one joint venture, RIRTL with Cox & Kings Limited. However, we have not consolidated the financial statements of RIRTL in our financial statements since the Fiscal Year 2010 –11 on account of ongoing litigation with Cox & Kings Limited and unavailability of financial statements of RIRTL. Further, Cox & Kings Limited has initiated 2 arbitration proceedings *vide* two separate statement of claims dated November 09, 2011 and July 26, 2012, against our Company with respect to RIRTL; one pertaining to the joint venture agreement dated December 10, 2008 and the other pertaining to the articles of association of RIRTL. Simultaneously, our Company has also initiated proceeding before NCLT under sections 388B, 397, 398, 399 and 403 of the Companies Act, 1956. Accordingly, no financial information for RIRTL has been presented in this Red Herring Prospectus. For further details, see “*Financial Statements –Note 37.3*” on page 187 and “*Outstanding Litigation and Other Material Developments*” on page 269.

6. *Our business can be negatively affected if we are unable to maintain quality standards.*

We provide food catering services to the passengers of Indian Railways on trains and at the stations. Any adverse claims, media speculation or other public statements relating to our food and service quality could materially and adversely affect our reputation and our corporate image, or otherwise affect our ability to conduct our business in the ordinary course. It could also adversely impact our ability to obtain and renew operational licenses and regulatory approvals and establish and maintain our relationships with guests and suppliers, and to expand our business. The success of our catering business depends significantly on the quality of our food and services which are impacted by our ability to maintain cleanliness and hygiene at all locations where we serve food and provide catering services, including to people who ordered remotely on e-catering website. Any failure on our part to meet quality requirements of regulators or expectations of consumers could adversely affect our business, results of operations and financial condition.

We cannot assure you that there will not be incidents of contaminated products or ingredients in the future that may result in product liability claims, product recalls and negative publicity. Any such claims or allegations would also distract our management from their day to day management responsibilities and may therefore have a material adverse effect on our business, financial condition and results of operations.

Our operations are dependent on adequate and timely deliveries of quality ingredients, including fresh produce. We depend substantially on third-party distributors and suppliers tendered for such deliveries, and therefore, are subject to the risk of shortages or interruptions in supply, caused by factors such as adverse weather conditions, unanticipated demand, changes in government regulation and recalls of food products, all of which could adversely affect the availability, quality and cost of ingredients necessary for our operation. If the quality of our suppliers’ ingredients declines, we may not be able to obtain replacements for such ingredients on commercially agreeable

terms or at all in the open market through limited tender process for new suppliers. If our food quality declines due to the inferior quality of ingredients or due to interruptions in the supply of ingredients, demands for our products or services may decline and negatively affect our results of operations. In addition, the food supply industry in India is largely fragmented and unorganized and we depend on a number of local suppliers for our ingredients that participate in our limited tender process from time to time. Any change in operation or business of our local suppliers may affect the quality of ingredients received by us and negatively impact our business.

7. We rely on information technology to operate our internet ticketing and tourism business and maintain our competitiveness; any failure to adapt to technological developments or industry trends could harm our business.

We depend on the use of information technology and systems for the services that we provide and also for payments, refunds, customer relationship management, communications and administration. As our operations grow both in size and in scope, we must continuously improve and upgrade our systems and infrastructure to offer our customers enhanced services, features and functionality, while maintaining the reliability and integrity of our systems and infrastructure in a cost-effective manner. Our future success also depends on our ability to upgrade our services and infrastructure ahead of rapidly evolving consumer demands. We may not be able to use new technologies effectively, or we may fail to adapt our websites, transaction processing systems and network infrastructure to consumer requirements or emerging industry standards. If we face material delays in introducing new or enhanced solutions, our customers may stop using our services in favor of those of our competitors in business sectors where we are not the only entity authorized by the Government to provide services. Any of these events could have a material adverse effect on our operations.

In addition, all of our servers, information technology and storage systems are centrally located at one single location. We do not currently employ separate offsite storage or back-up systems other than at this location. While the Company is currently contemplating for an additional data centre and separate offsite storage and back-up systems, as on the date of this Red Herring Prospectus, such measures have not yet been implemented and there can be no assurances that we will not suffer disasters or other technological hazards prior to the implementation of such additional measures or that such measures will be implemented in a timely manner or at all. Further, there can be no assurance that implementation of such measures will prevent occurrence of simultaneous failure of all our sites. Therefore, if this location were to suffer a natural disaster, or other catastrophic event, we could lose critical data or information that we use in connection with our operations, and such loss could have a material adverse effect on our operations, customer relationships, relationships with our suppliers and other counterparties, and our business generally.

Further, our business could be negatively impacted by changes in search engines' search logic, policy and function, as we offer most of our products and services online. These search engines update their search logic from time to time which determines the placement of different websites, as well as the responsiveness to users' internet searches, and in turn impact the number of web traffic directed to our websites. The lack of placement of links to our websites may negatively impact our competitiveness among different sectors which we operate, and if these search engines change the search logic used on their web portal and resulting in change in our ranking among similar sites, we may experience decline in visitor traffic and in turn negatively affect our business operations.

8. We are exposed to risks associated with online security, security of our customers' personal information and credit card fraud; failure to manage these risks may expose us to litigation, liability and damage to our reputation and brand image.

We receive and maintain certain personal information about our customers who book online tickets and services through our various websites. Secured transactions over the internet are essential to our business operation. Security breaches, whether instigated internally or externally on our system or other internet-based systems could materially and adversely harm our business. Customers have the option to pay for services and tickets online via our web portal, and we rely on encryption and authentication technology to ensure secure transmission of personal data, including credit card numbers, over the internet. While we utilize various computer systems, including our point of sale systems which are customized web-based systems, persons having the requisite technology or knowhow may break into the security system containing customer information transmitted in connection with our debit/credit card sales. The technology we employ to protect customer and transaction data could be ineffective and may contain

loopholes which can be exploited by third parties. In addition, we incur substantial expense associated with our effort to prevent potential security breaches and relevant consequences, and these costs may increase in future periods. Even with proper security measures in place, there can be no guarantee that our security measures can prevent all security intrusions and we may be unsuccessful in or incur additional costs by implementing our remediation plan to address potential exposures.

We also have agreements with banks and other companies that process personal data such as debit and credit card information in order to facilitate customer bookings of travel services and other services, such as e-catering. The online gateway for some of our sales may not always be secure and we may become liable for accepting fraudulent credit cards on our websites. We may also experience disputes with our customers in connection with payment. All of the above may negatively impact our brand's image, our results of operations and financial condition.

The Indian Supreme Court, in a judgment delivered on August 24, 2017, held that the right to privacy is a fundamental right, following which, the Government set up a Committee of Experts under the chairpersonship of retired Justice B.N. Srikrishna ("**Srikrishna Committee**") to examine issues around, and draft legislation on data-protection in India. The Srikrishna Committee submitted its final report and a draft Personal Data Protection Bill, 2018 ("**Data Protection Bill**") to the Ministry of Electronics and Information Technology, Government of India on July 27, 2018. The Data Protection Bill proposes a legal framework governing the processing of personal data, where such data has been collected, disclosed, shared or otherwise processed within India, as well as any processing of personal data by the state, Indian companies, Indian citizens or any person or body of persons incorporated or created under Indian law. The Data Protection Bill defines personal data and sensitive personal data, prescribes rules for collecting, storing and processing of such data and creates rights and obligations of data-subjects and processors. Accordingly, maintenance and sharing of confidential data of our customers, including with banks or financial institutions with whom we offer co-branded cards, may be subject to additional scrutiny or may be deemed to be legally impermissible. Any adverse ruling by an authority on sharing of customer data may prevent us from capitalizing on customer data effectively and may prevent us from providing targeted delivery of our services, which may adversely impact our future prospects.

9. We rely on awareness of our brand to build our customer base and grow our revenues. Any failure to maintain or enhance consumer awareness of our brand could have a material adverse effect on our business, financial condition and operation.

We believe our brand name "IRCTC" is crucial to our ability to grow our revenues and customer base. However, consumer acceptance of our products may be influenced by or subject to a variety of reasons. For example, adverse publicity associated with food preparation, hygiene and quality of service on trains or in stations may drive popular opinion against our catering or other services. In addition, adverse publicity resulted from litigation and regulation (including initiatives intended to influence consumer behavior) may also impact the value of our brands.

Health awareness campaigns against products we offer in favor of foods that are perceived to be healthier may affect consumer perception of our products and impact the value of our brand. Perceptions may also be driven by activist campaigns against the fast food restaurant industry or industry in which we, our suppliers, licensees or other partners operate. If we are unsuccessful in addressing negative consumer perceptions, our brand image may suffer. There is no assurance that we will be able to successfully maintain or enhance consumer awareness of our brand. Even if we are able to continue our branding efforts, such efforts may not be cost effective. If we are unable to maintain or enhance consumer awareness of our brand and in turn generate demand for our products and services in different sectors which we operate, it could negatively affect our competitiveness or adversely affect our business, financial condition and results of operations.

Negative publicity about food quality, illness, injury or other health concerns (including health implications such as obesity) or similar issues stemming from catering services on board the train or at stations could materially adversely affect us, regardless of whether the negative press pertains to catering services operated by our franchisees or by us departmentally or by the Zonal Railways. For instance, the Report of the CAG on Catering Services in Indian Railways (No. 13 of 2017) ("**CAG Report 2017**") has highlighted several deficiencies in the quality of food and beverages available on trains and in railway stations, including highlighting issues relating to cleanliness and hygiene as well as overall quality of food available. While the CAG Report 2017 covers and audit period between 2013 to 2016 and covers catering services provided by Zonal Railways in addition to us there can be no assurance

that such instances will not occur in the future or that the transition of the catering services in terms of the Catering Policy 2017 will result in overcoming of all the deficiencies highlighted by the CAG. We cannot guarantee that our operational controls and employee training will be effective in preventing food-borne illnesses, food tampering and other food safety issues. Food-borne or local illness or food tampering incidents could be caused by guests, employees, food suppliers or distributors and, therefore, could be beyond our control. Any publicity relating to health concerns or the perceived or actual outbreaks of food-borne illnesses, food tampering or other food safety issues attributed to one or more of our business operations, could have a material adverse effect on our results of operations.

10. We operate in highly competitive business sectors in the Indian market, and in case we are not able to compete effectively, there may be material adverse effect on our financial condition, results of operations and our business.

Our travel and tourism business segment is highly competitive in India. Factors affecting our competitiveness in this segment include, among other things, price, availability and breadth of choice of different services and products, brand recognition, customer service, ease of use, accessibility and reliability. For example, we compete with both established and emerging service and product providers in air ticketing, hospitality and tour package offerings. Some of our competitors have significantly greater financial, marketing, personnel and other resources than us and better brand recognition in the Indian market. As such, from time to time we may be required to reduce prices to effectively compete and to maintain our market share. Further, some of our current suppliers, such as airlines and hotel chains, may decide to promote their own distribution channels and decrease association with travel platforms like ours. If our access to our suppliers is restricted or if we are unable to compete effectively with our competitors, our business may be materially and adversely affected.

Our catering and packaged drinking water services face competition from unorganized traditional food and beverage vendors primarily comprising eateries, hawkers and street stalls, which may be able to offer food and beverages at cheaper prices as compared to us. The willingness of Indian consumers to patronize such unorganized traditional food and beverage vendors could have an adverse impact on our business, results of operations, financial condition and prospects.

11. We rely on telecommunications and information technology systems, networks and infrastructure to operate our business; any interruptions or breakdown in such systems, networks or infrastructure or our IT system may impair our ability to effectively provide our products and services, which in turn may harm our business.

We rely significantly on computer systems to facilitate and process transactions. To process and handle the large volume inflow on a daily basis, a new data center was set up by CRIS. However, we may still experience system interruptions from time to time that prevent some or all of these systems from operating at full capacity, thus preventing us from efficiently and effectively fulfilling bookings or providing services to our customers. As such, our business operations, the quality of our services and our ability to attract and retain customers depend on the efficient and uninterrupted operation, reliability, speed and availability of such systems, networks and infrastructure, both internal and external. Our websites, mobile sites, mobile applications and servers are vulnerable to telecommunications failures, downtime, computer viruses, hacking, defacement, physical or electronic break-ins and similar disruptions, which could lead to accessing difficulties, service interruptions, delays, loss of our database content, inability to accept and/or fulfill user requests or inaccurate data being processed or displayed. Any interruptions, outages or delays in our systems, or deterioration in performance, could impair our ability to process transactions and decrease the quality of our services to our customers and resulting in dissatisfaction among our customer base. If we were to experience frequent or persistent system failures, our reputation and brand image could be harmed.

We may also in future experience misuse by third parties who use our websites to send spam emails to our members, which may result in our members unsubscribing from our services. Spam that can be traced to our server not only exposes us to liability but also poses the threat of our legitimate emails being blocked by anti-spam monitoring agencies and/or tools.

While backup systems and contingency plans are in place to prevent critical losses of data and to ensure the continuation of our operation or business processes, these backup systems and contingency plans may not be sufficient. Fires, floods, power outages, telecommunication failures, earthquakes, act of war or terrorism, act of God, computer viruses, corporate espionage and similar events or disruptions may nonetheless occur and damage, impact or interrupt our computer or communication systems, business processes. Remedial actions to address these interruptions or damages may be costly and our insurance coverage may not be sufficient to remedy the problem within covered costs. Further, these remedial actions may also be time consuming and can divert management's attention and other resources from other business operation matters.

12. If we are not successful in managing our growth, our profitability may decrease and result in adverse impact on our business, results of operations and financial condition.

We anticipate rapid growth in our revenues in certain of our business segments in future periods, particular in our online railway ticketing segment as a result of the reinstatement of the services charges for tickets purchased online from our website www.irctc.co.in. Our future growth may place significant demand on our management and operation and will require us to continuously evolve and to improve our financial, operational and other internal controls within our Company. In particular, business expansion may pose challenges in:

- recruiting, training and retaining sufficient skilled management, technical and service personnel;
- competing with existing companies in the travel and tourism sector we operate;
- strengthening our existing relationship with the ministries of the government;
- making accurate assessments of the resources we will require;
- adhering to the standards of health, safety and environment, quality control, and process execution to meet customers' expectations;
- continuing to exercise effective quality control;
- operating in business segments where we have limited experience;
- preserving a uniform culture, values and work environment;
- strengthening and ensuring compliance with legal and contractual obligations;
- managing relationships with clients, suppliers, contractors, investors and service providers; and
- supporting infrastructure such as IT and HR management systems.

In line with our business strategy, we intend to continue leveraging on government policy, strengthening products and service offerings and implementing initiatives to improve operational efficiencies. If we are not successful in managing our growth, our business may be disrupted and revenue margin may be reduced, which in turn may impact our business, prospect, financial condition and results of operations.

As part of our operative goal to expand into different non-rail sectors, we face increased risks when we enter new markets in India. For example, we faced strong competition in tourism and hospitality. We may need to build or increase brand awareness in the relevant markets by increasing investments in advertising and promotional activities than we originally planned. We may find it more difficult to hire, train and retain qualified employees in business sectors which we are not familiar with. As a result, products we introduce in new markets may be more expensive to produce and/or to distribute, and may take longer to reach expected sales and profit levels than in our existing markets, which could affect the viability of these operations and our overall profitability.

Our business growth could strain our managerial, operational and financial resources. Our ability to manage future growth will depend on our ability to continue to implement and improve operational, financial and management information systems on a timely basis within the confine and policy goals set forth by the Ministry of Railways. We cannot assure you that our personnel, systems, procedures and internal controls will be adequate to support our future growth. Further, we cannot assure you that our investment will be profitable, as policy change from the Government of India may restrict our ability to recoup our investment. Failure to effectively manage our expansion may lead to increased costs and reduced profitability and may adversely affect our current business and growth prospect.

13. Change in haulage charge principles by Ministry of Railways on the trains we operate could adversely affect our business, financial condition and result of operations.

Under haulage concept, Indian Railways take fixed charges for hauling the rake of the train from one destination to another. The charges are calculated and informed by the Indian Railways to our Company. Any revision of haulage charge principles by Ministry of Railways for the trains we operate under haulage will have significant impact on our business, financial condition and results of operations.

14. We may be unable to implement the directives under the Catering Policy 2017 in a timely manner or at all, which in turn may subject us to penalties and may in turn adversely impact our profitability, results of operations and goodwill

The Catering Policy 2017 has been formulated with a view to provide quality food to passengers of Indian Railways and to modify the management of catering services in trains and at stations to implement social objectives of the Government of India, including encouraging fair competition in allotment of catering units over stations. A total of 159 observations made by commercial inspectors during 2013 through 2016 are relating to issues of hygiene, tariff, cooking and kitchen and quantity of food production and service in Indian Railway. While our Company has been charged with the mandate to unbundle catering services by creating a distinction between food preparation and food distribution, the timelines for certain matters under the Catering Policy 2017 are not clearly defined and are currently under discussions. Any failure on part of our Company to adhere to the mandate of the Catering Policy 2017 may result in imposition of penalties by the Government or the Indian Railways, including for delays in setting up of base kitchens and failure by third party contractors to maintain food quality.

The responsibility for preparing blue prints for catering units at each station are required to be drawn up by our Company in coordination with Zonal Railways. The CAG Report 2017 observed that under the previous Catering Policy, certain Zonal Railways had failed to prepare or update the blue prints required leading to improper assessment of catering requirements at stations. There can be no assurance that we will be able to formulate or implement the necessary blue prints for catering requirements of each station in terms of the Catering Policy 2017, in a timely manner or at all.

We may be required to invest significant amounts of capital to modernize, upgrade or refurbish existing kitchens which are transferred to us as part of the Catering Policy 2017. Capital for such investments may not be available on commercially acceptable terms or at all. Further, as part of the Catering Policy 2017, we would be required to create base kitchens at multiple locations (including for Category A and A1 stations). As many as 115 base kitchens are located outside railway premises which are not in accordance with the erstwhile Catering Policy, which in turn would require us to invest capital to ensure relocation within railway premises.

15. If we are unable to manage and run our back end operations efficiently, our business and results of operations would be adversely affected

Under Catering Policy 2017, some of our food items and consumables used in our railway catering services are to be prepared at our own base kitchens at or near various train stations. Once the food items and consumables are prepared, our staff member or service provider co-ordinates the delivery to the respective stations or catering units on board the train in containers repackaged for railway catering service to travelers. This requires a significant logistical effort and quality control mechanism. A failure in our operational and delivery systems, shortages or interruption in the supply of food by our suppliers (either due to weather or other conditions) would impact passengers' experiences using our catering service on board Indian Railways' trains and in turn affect our results of operations and future prospect. Deliveries from these base kitchens may also be affected by reasons beyond our controls, for example, food contamination, strikes by laborers, transporters, loaders or train stations.

In addition, any unavailability or breakdown of our equipment could lead to an interruption in the food supply to our catering service and reduce the volume of our sales, and in turn materially adversely impact our business, results of operations and financial condition.

16. Performance of licensees may impact our results of operations and brand image.

From time to time, we enter into contracts for various services to be performed by third party service providers in business segments which we operate, for example, all our raw ingredients used in catering services are sourced by

winning suppliers. When we tender contracts to third party, payments may depend on the performance of that third party supplier or service provider. Issues on the part of a principal licensee or sub-licensee could result in delayed or reduced payments to us. Further, when we call for tender from the interested parties, we may be liable to the passengers due to failure on the part of the person to whom we licensed to maintain the required performance standards. For instance, under Catering Policy 2017, while we are able to tender licenses for certain provisional catering services to private licensees, we will continue to be fully accountable to Indian Railways for all issues pertaining to setting up and operation of the base kitchens as well as the quality of food. Licensees' failure to perform all services in accordance with the work scope, or our inability to contract with qualified service provider and supplier may materially and adversely impact our results of operations and brand image.

17. Changes in consumer tastes and purchasing habits could negatively impact our business, prospect and results of operations.

A significant portion of our revenue derived from the sale of food that is characterized as North Indian, Punjabi, or South Indian. If consumer preferences for these types of food change, such change could have a material adverse effect on our results of operations. For example, the food segment is characterized by the frequent introduction of new products, often accompanied by substantial promotional campaigns. Our success depends on our ability to anticipate and respond to changing consumer preferences, tastes and dining and purchasing habits, as well as other factors affecting the restaurant industry in general, including new market entrants and demographic changes. We may find it necessary to make changes to our menu items in order to respond to changes in consumer tastes or dining patterns, and we may lose guests who do not prefer the new menu items. If we fail to develop and successfully introduce new menu offerings that appeal to changing consumer preferences, or if we fail to capitalize on market demand in a timely fashion, our results of operations could suffer. Any significant event that adversely affects consumption of our products, such as cost of raw material, changing tastes or health concerns, could also negatively impact our business, prospect, financial condition.

In addition, the growth of the Indian economy has led to changes in the way businesses operate in India, while population growth and urbanization continue to drive consumer demand for better quality in service industry. As consumers continue to seek better quality and economic solutions, we are required to focus on the development of better service handling processes as well as maintaining good quality product while cutting back costs. If we are unable to provide consumers with their preferred services efficiently and effectively or if we fail to anticipate and respond to consumers' needs accordingly, our business, results of operations and financial condition may be materially and adversely affected.

18. We have no ability to pass on any increase in raw ingredient costs due to price regulation by Indian Railways; we do not hedge our risk against market fluctuations in commodities market.

Changes in cost or availability of certain food products could affect our ability to offer a broad menu and maintain competitive prices and materially and adversely affect our profitability. The type, variety, quality and cost of produce, poultry, cheese and other commodities can also subject to change due to factors beyond our control, including weather, government regulation, availability and seasonality of raw materials, each of which may affect our raw material costs or cause a disruption in our supply. For instance, water is one of the primary raw materials used in the production of Rail Neer and our catering business; hence our business operations in those segments is dependent on our ability to procure sufficient amounts of quality water at commercially viable price. Water is a limited resource in India, facing significant challenges from over-exploitation, increasing demand, pollution and poor management. Further, water supply can also be significantly influenced by changing environmental conditions which lead to drying water resources and receding ground water levels. Water scarcity and deterioration in the quality of available water sources in India, specifically, within our supply chain, even if temporary, may result in increased production costs or capacity constraints, which could adversely affect our ability to produce, sell and distribute our products and increase our costs.

Our profitability and operating margins are dependent in part on our ability to anticipate and react to changes in raw material costs. The price of these raw materials is subject to price fluctuation due to various factors beyond our control, such as severe climatic conditions, outbreak of infectious diseases and other changes in the business segments which we operate, including change in government regulations. Given the fact that Indian Railways regulates the pricing of services and products offered by us, we have no control on pricing and are unable to pass on

the increased raw material costs to our customers, specifically on departmental catering and packaged drinking water segments. All of the above may reduce supply and drive up the costs, especially for those contracts that contain escalation clause.

Our raw material distributors or suppliers may also be affected by higher costs to produce and transport commodities used in our catering business, including higher minimum wage and benefit costs and other expenses that they pass through to their customers, which could result in higher costs for goods and services supplied to us. Although we utilize purchasing contracts to lock in prices for a material portion of the food commodities used in our catering services, some of the commodities used in our operations cannot be guaranteed for a period longer than one month. Additionally, we have seen decline in quality of ingredient supplied by our suppliers when commodity price hikes. As of the date of this Red Herring Prospectus, we have contracts of varying length with several of our distributors and suppliers, including our distributors and suppliers of poultry. We do not use financial instruments to hedge our risk against market fluctuations in the price of commodities at this time. We may not be able to anticipate and react to changing raw material costs through our procurement process and menu price adjustments, and failure to address these variables could negatively impact our business and results of operations.

19. We use PET bottles and other plastic items for our packaged drinking water, which is subject to various regulatory requirements and increasing public scrutiny.

The principal packaging materials used by us for packaged drinking water include preforms for PET bottles, shrink-wrap films, plastic closures and labels. Environmentalists have long discouraged the use of plastic products as plastic is not biodegradable and is considered environmentally unfriendly. Moreover, governmental bodies have introduced policies to discourage the use of plastic products. For instance, (i) several cities in the United States have banned or limited the use of plastic straws in restaurants or prohibits stores from handing out plastic shopping bags for free; (ii) the European Union is pushing for many single-use plastic products, including straws, to be barred by 2030; (iii) the PRC government had published a notice to limit the production and usage of plastic shopping bags; and (iv) certain world's famous consumer brands have agreed to reduce their use of plastic packaging.

In India, Indian Railways has been instructed to take steps to minimise generation of plastic waste and ensure its environmentally friendly disposal. The Ministry of Railways, Government of India vide its letter dated August 19, 2019 have directed us to implement return of plastic drinking water bottles as part of an effort to increase responsibility on the part of companies that produce such bottles. Also, Maharashtra Pollution Control Board directed our West Zone to create a separate fund for discharging our liability by crediting an amount of 15 paise per bottle introduced or sold by us directly or through our distributor/wholesalers/retailers or partners. In the event of an inability on our part to implement abovementioned directives may materially and adversely affect our Rail Neer business and impact our results of operations. In addition, in case stricter environmental protection policies are enacted or market trends emerge to phase out the use of plastics, particularly in relation to plastic bottles, our business and financial performances could be adversely affected.

20. Strikes, work stoppages or increased benefit or wage demands by our employees or employees of our contractors could adversely affect our business and results of operations.

We operate in a labor intensive industry and hire contract labor to provide certain services in the business segments in which we operate. Labor cost is a primary component in our operating costs. In fiscal years 2017, 2018 and 2019, our employees' benefits represented 10.22%, 12.24% and 9.97% of our income. If we or our contractors face increased labor costs because of competition for skilled employees, higher employee turnover rates, increase in minimum wages or employee benefits under applicable laws, our growth could be adversely affected. If we or our contractors are unable to successfully negotiate with our employees or if there is any shortage or disruption in the availability of labor, it could result in work stoppages or increased operating costs. Our supply of labor may be adversely affected by, among other things, work stoppages and labor disputes. Such events may also increase the price of labor that we or our contractors can source for our business operations, or in the case of our contractors, for performing in accordance with the limited tender. India has stringent labor legislation that protects the interests of workers, including legislation that sets forth detailed procedures for establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. Although there is no labor union formed by our employees at the time of this Red Herring Prospectus, we cannot assure you that our employees will not unionize, or attempt to unionize in the future. Further, there can be no

assurance that we will have adequate access to skilled workforce at reasonable rate and in the industry in which we operate. As a result, we may be required to incur additional costs to ensure the quality and timeliness of our services, which may in turn affect our results of operations.

21. Our insurance coverage may not adequately protect us against all losses. Failure to insure against potential risks and liabilities may material adversely affect our business, results of operations, and financial condition.

We have insured against a majority of the risks associated with our business, such as equipment failure, work accidents, fire or explosion, burglary, special contingencies, money transit, group life term insurance for employees, commercial general liability and product liability. In addition, we have obtained separate insurance coverage for personnel related risks, motor vehicles and loss of movable assets risks, such as the special contingency policy covering our trains. Our Company's insurance cover as on March 31, 2019 was approximately ₹ 1,300.00 million in respect of its net block of property, plant and equipment which stood at ₹ 1,470.51 million, inclusive of land aggregating to ₹ 248.06 million as of March 31, 2019. Consequently, our Company's insurance cover as a percentage of its net block of property, plant and equipment as of March 31, 2019 was approximately 100%. While we believe that the insurance coverage we maintain would reasonably be adequate to cover all ordinary risks associated with our business operations, there can be no assurance that any claim under our insurance policies will be honored fully, in part or on time, or that we have taken out sufficient insurance to cover all material losses. To the extent that we suffer loss or damage resulting from not obtaining or maintaining insurance or exceeding our insurance coverage, the loss would have to be borne by us and it could have a material adverse effect on our results of operations and financial condition.

If certain operation or service is considered safe by us and is subsequently not insured, any unforeseen or unprecedented act or event resulting in a loss will affect our financial condition and results of operations. To the extent that uninsured, unforeseen or unprecedented risks materialize, we would be materially and adversely affected.

22. If we are unable to maintain existing, and establish new arrangements with our travel suppliers, our business may be adversely affected.

Our business is dependent on our ability to maintain our relationships and arrangements with existing suppliers, such as Indian Railways, cruise agents which supply cruise packages, and the airlines which supply air tickets to us directly. A substantial portion of our revenue is derived from fees and commissions negotiated with travel suppliers for bookings made through our websites or via our other distribution channels. Adverse changes in existing arrangements, including an inability by any travel supplier to fulfill their obligation to us in a timely manner, increasing industry consolidation or our inability to enter into new arrangements with these parties on favorable terms or at all, could reduce the amount, quality, pricing and breadth of the travel services and products that we are able to offer, which could adversely affect our business and results of operations.

No assurance can be given that our agreements or arrangements with our travel suppliers or GDS service providers will continue or that our travel suppliers or GDS service providers will not reduce or eliminate fees or commissions or attempt to charge us for content, terminate our contracts and seek to recover signing bonuses or default on or dispute their payment obligations towards us, any of which could reduce our revenue and net revenue margins or may require us to initiate legal or arbitral proceedings to enforce relevant contractual payment obligations, which may adversely affect our business and results of operations, and deviate the attention of our management team.

23. Infrastructure required to increase internet penetration in India may not be upgraded to support the fast growing Indian economy, which may limit our growth.

A significant portion of our ticketing and reservation is done through the internet. According to CRISIL Industry Report, India has witnessed a significant surge in internet usage over the past few years, with internet penetration as a percentage of total population increasing to 49.9% during Fiscal 2019. There can be no assurance that such growth will continue, and we cannot be certain that government's upgrading efforts for infrastructure throughout India will continue or be successful. As such, any slowdown of these upgrading efforts by the government may cause internet penetration rate to stall or decline in India, which may require us to make additional investments to explore alternative distribution channels and may have material adverse effect on our business.

In order to successfully process out customers' order for tickets, the information technology systems that we use must be able to process customer orders in an efficient manner, even during times of peak use. If our systems are unable to process customer orders, customers could experience delays or be unable to purchase tickets at the times they place their orders, which could cause them to find alternative forms of transportation, seek other providers or otherwise decrease the business they conduct with our Company. Further, to successfully process a ticket purchase transaction requires not just our servers and information technology systems to function effectively, but also requires the systems of the banks and other financial institutions through which we process our payments to operate efficiently and effectively. We have no control over the technology to our banks and other financial institutions use to process the transactions of our customers, and if these systems cannot process the volume of transactions submitted by our customers, it could cause their ticket purchases to fail, which could impact our business and reputation for customer service and adversely affect our results of operations.

24. Our travel and tourism and packaged water segments experience seasonal fluctuations due to periodic local and national elections, weather changes as well as holidays; as such, quarterly financial data comparisons may not be meaningful.

We operate in business sectors that are susceptible to seasonal changes resulting from holidays, weather changes and special events, particularly in the travel and tourism and internet ticketing sectors. For example, we tend to experience higher revenue from our ticket sales when there are state and central government elections where we are authorized to cater for the election special trains and when we collaborate with various state governments in offering state special trains to local residents. In our packaged water segment, demand increases significantly during summer as temperatures rise. As a result, some or most of the financial data comparison on a quarterly basis may be inaccurate and less reflective of our actual business operations due to the occurrence of these special events in some, but not all of the financial periods.

25. Indian food service industry and package water industry have both historically been fragmented and unorganized, lacking sufficient reliable industry data. As such, any attempt to analyze the relevant data on catering and packaged drinking water market competition and industry trend may be incomplete or unreliable.

Both catering and packaged drinking water industry lack standard centralized controls in India. Moreover, both industries are known for their fragmentation and lack of organization, comprising local roadside sellers and eateries as well as unlicensed water spots/factories across the country. Therefore, industry data for these industries may not exist, be reliable or reflect the current industry trends and financial information, and may be incomplete.

26. As of March 31, 2019, contingent liabilities appearing in our financial statements aggregated to ₹1,667.92 million. Should these contingent liabilities materialize, our financial condition and results of operations will be materially and adversely affected.

As of March 31, 2019, we had contingent liabilities of ₹1,667.92 million, which primarily relate to service tax, VAT and other taxes. For further details of certain matters which comprise our contingent liabilities, see "Financial Statements" on page 187. If any or all of these contingent liabilities materialize, our cash flows, financial condition and results of operations may be adversely affected.

27. We are dependent on a number of our key managerial personnel and other senior management, and the loss of or our inability to retain such persons could adversely affect our cash flows, business, results of operations and financial condition.

Our performance depends largely on the efforts and abilities of our key managerial personnel and other senior management, including our present officers. The input and experience of our key managerial personnel and other senior management are invaluable for the development of our business and the operations and the strategic directions taken by us. We cannot assure you that we will be able to retain these key managerial personnel and other senior management or find adequate replacements in timely manner, or at all, should they chose to discontinue their employment with us. We may need a long period of time to hire and train replacement personnel when key managerial personnel and other senior management terminate their employment with us. We believe that

competition for qualified managerial personnel with relevant expertise in India is intense due to scarcity of qualified individuals in the industry in which we operate. The retirement or resignation of any of our key managerial personnel may materially and adversely impact our business, results of operations and financial condition. In Fiscal 2017, 2018 and 2019, the attrition rates were 0.42%, 0.99% and 0.43%, respectively.

In addition, we cannot assure you that our relations with our employees shall remain cordial at all times and that employees will not undertake or participate in strikes, work stoppages or other industrial actions in the future. Any labor disruptions may affect our operations, thereby adversely affecting our business, financial condition and results of operations.

28. Our Registered Office, Regional Offices and Zonal Offices and some of our Rail Neer plants are situated on land that we do not own; in the event that we are unable to continue operating from such premises, our business, financial condition and results of our operations may be adversely affected.

We do not own the land/properties on which our Registered Office, Regional Offices and Zonal Offices are located. Further, some of our regional offices, Rail Neer plants, base kitchens are situated and are taken on a long – term/short term leasehold basis from third party. We operate ten Rail Neer plants located at Nangloi, Danapur, Palur, Ambernath, Amethi, Parassala, Bilaspur, Hapur, Ahmedabad and Bhopal, out of which five (5) Rail Neer plants located at Bilaspur, Amethi, Ahmedabad, Hapur and Bhopal are on long term lease from third parties.

There can be no assurance that these agreements will be renewed upon expiry or on terms and conditions acceptable to us. Any failure to renew these agreements or procure new premises will increase our costs or may force us to look out for alternative premises which may not be available or which may be available at more expensive prices. Any event that causes a disruption of the operation of these facilities might impact our ability to provide our services and therefore could have a material adverse effect on our business, financial condition and results of operations.

29. We have only recently introduced some of our businesses or services; it may be hard to predict and evaluate their performance and future prospects

We have recently introduced or are in the process of introducing various new products and services. For instance, we are in process of introducing IRCTC iMudra, i-Pay and developing the payment services they offer. In addition, we have no prior experience in operating trains. In addition, our catering services have now expanded beyond railway catering at railway stations and on trains and into food courts and through other channels, especially given the Catering Policy 2017, which explicitly mandated us to take over operations of food plaza, food court and fast food units. Given the limited operating history of these new business ventures, we may not experience the same margins or operating results in these new business that we have in our more established businesses. In addition, the evaluation and expectation for these investments may significantly deviate from the actual results.

We cannot assure you that we will be able to adapt our product portfolio to changes in or shifts in consumer preferences and tastes. We may not be able to introduce new products that are in faster-growing and more profitable categories or reduce our production of products in categories experiencing consumption declines. Additionally, trends and shifts in consumer preferences and tastes may apply downward pressure on sales and pricing or lead to increased levels of sales and promotional expenses. Any number of these factors individually, or in the aggregate, could have a material adverse effect on our financial condition and results of operations.

30. We may not maintain our historical level of dividends in the future.

We have declared and paid dividend in the previous financial years. For details, see “Dividend Policy” beginning on page 186. Our ability to pay dividends in the future will depend on number of factors, including our profit after tax for the fiscal year, our capital requirements, our financial condition, our cash flows and applicable taxes, including dividend distribution taxes way pay. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and subsequent approval of shareholders and will depend on factors that our Board and shareholders deem relevant. We may decide to retain all our earnings to finance the development and expansion of our business and, therefore, may not declare dividends on our Equity Shares. We cannot assure you that we will be able to pay dividends in the future.

In accordance with the CPSE Capital Restructuring Guidelines issued in May 27, 2016, our Company is required to pay a minimum annual dividend of 30% of its PAT or 5% of its net worth, whichever is higher, subject to the maximum dividend permitted under the extant legal provisions and the conditions mentioned in the aforesaid CPSE Capital Restructuring Guidelines, unless an exemption is provided in accordance with the guidelines. For further details relating to our dividend policy which is governed by CPSE Capital Restructuring Guidelines, please see the section entitled “*Our Dividend Policy*” on page 186.

31. If we fail to obtain, renew or maintain our statutory and regulatory permits and approvals in a timely manner or at all, we may be unable to fully or partially operate our businesses and our results of operations may be adversely affected.

We are required to obtain and maintain certain licenses, approvals, permits and registrations in order to undertake our business activities. For further details in connection with the regulatory and legal framework within which we operate, see “*Key Regulations and Policies*” on page 146.

Our Company has its Registered Office in New Delhi and regional offices across India. We are required to apply for and obtain licenses and approvals in the ordinary course of our business. As of the date of this Red Herring Prospectus, we are in the process of renewing the licenses which have expired. For details, please see “*Government and other Approvals*” on page 276. There can be no assurance that we will continue to be able to maintain all approvals required for our operations. Additionally, our failure to comply with the terms and conditions to which such licenses, approvals, permits or registrations are subject, or to renew, obtain or maintain the required licenses, approvals, permits or registrations, may result in an interruption of our operations and have a material adverse effect on our business, financial condition and results of operations.

32. Provisions relating to the formulation of policies governing our appointment and remuneration of Directors and appointment of our statutory auditors (as prescribed under with the SEBI Listing Regulations) are not included in the terms of reference of our Nomination and Remuneration Committee and Audit Committee.

In accordance with the MCA notification dated June 5, 2015, the DPE Guidelines on Corporate Governance for Central Public Sector Enterprises and pursuant to our Article of Associations, matters pertaining to, among others, appointment, remuneration and performance evaluation of our Directors are determined by the President of India through the Ministry of Railways. Further, our Statutory Auditors are appointed by the Comptroller and Auditor General of India. Accordingly, in so far as the above-mentioned matters are concerned, the terms of reference of our Nomination and Remuneration Committee and Audit Committee only allow these committees to take on record the actions of the President of India or the Comptroller and Auditor General of India, as the case may be. In the absence of any specific dispensation granted by SEBI with regard to the terms of reference of our Nomination and Remuneration Committee and Audit Committee, there can be no assurance that we will be in compliance with the provisions of the SEBI Listing Regulations in this regard.

33. Non-compliance with, and changes in, safety, health and environmental laws and regulations may adversely affect our business, financial condition and results of operations.

We operate in industries that are subject to extensive Indian national and state environmental laws and regulations which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our businesses, including health and hygiene requirements in disposing food wastes. These laws and regulations include the Environmental Protection Act 1986, the Water (Prevention and Control of Pollution) Act, 1974 and other regulations promulgated by the Ministry of Environment and the Pollution Control Boards of the relevant states. For further details, see the section “*Key Regulations and Policies*” on page 146. We believe environmental regulation of industrial activities in India will become more stringent in the future as India's economy grows. The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted with certainty. The costs and management time required to comply with these requirements could be significant. The measures we implement in order to comply with these new laws and regulations may not be deemed sufficient by Government entities and our compliance costs may significantly exceed our estimates. All these variables may negatively impact our business, prospects, results of operations and financial condition.

If we fail to meet environmental requirements, we may also be subject to administrative, civil and criminal proceedings by Government entities, as well as civil proceedings by environmental groups and other individuals, which could result in substantial fines and penalties against us as well as revocation of approvals, permits and orders that could limit or halt our operations. While as of August 31, 2019, we are not subject to any environmental legal proceedings, we may be impleaded in such legal proceedings in the course of our business in the future. There can be no assurance that we will not become involved in future litigation or other proceedings or be held responsible in any such future litigation or proceedings relating to safety, health, public hygiene and environmental matters in the future, which could divert management time and attention, and consume financial resources in defence or pursue of such legal proceedings or cause delay in the commencement of operation of our projects. No assurance can be given that we will be successful in all, or any, of such proceedings. Further, clean-up and remediation costs, as well as damages, other liabilities and related litigation, could adversely affect our business, financial condition and results of operations.

34. We have applied for renewal of certain trademark under the Trade Marks Act, 1999.

We have filed applications for renewal of trademark “Rail Neer”, “Rail Nir” and “Rail Neir” on February 17 2012 under class 32 of the Trade Marks Act, 1999 (the “**Trademarks Act**”), which is currently pending before the Registrar of Trademarks, New Delhi. For more details on these trademarks kindly see the chapter “*Government and Other Approvals*” beginning on page 276. We cannot assure that our application for renewal will be granted, in a timely manner or at all. Further, there can be no assurance that third parties will not infringe upon our intellectual property, causing damage to our business prospects, reputation and goodwill. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect its intellectual property.

35. The determination of the Price Band is subject to various factors and assumptions and the Offer Price may not be indicative of the trading price of the Equity Shares, upon listing on the Stock Exchanges subsequent to the Offer. Further, the current trading price of equity shares listed pursuant to certain past issues handled by the BRLMs is below their respective issue price.

The determination of the Price Band is based on various factors and assumptions and was determined by our Company and the Selling Shareholder in consultation with the BRLMs. Further, the Offer Price of the Equity Shares was determined by our Company and the Selling Shareholder in consultation with the BRLMs through the Book Building Process. This price is based on certain factors, as described under “*Basis for Offer Price*” on page 78 and may not be indicative of the trading price of the Equity Shares, upon listing on the Stock Exchanges subsequent to the Offer. The trading price of the Equity Shares could be subject to significant fluctuations after the Offer and may decline below the Offer Price. We cannot assure that you will be able to resell the Equity Shares at or above the Offer Price. In addition to the above, the current trading price of equity shares listed pursuant to certain past issues handled by the BRLMs is below their respective issue price. For further details regarding the track record of the public issues handled by the BRLMs, please see the section “*Other Regulatory and Statutory Disclosures – Price information of past issues handled by the BRLMs*”.

36. This Red Herring Prospectus contains information from CRISIL Industry Report.

This Red Herring Prospectus in the sections “*Industry Overview*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 87, 126, and 239, respectively, includes information that is derived from CRISIL Industry Report. This report is commissioned for the purpose of confirming our understanding of the Indian catering service, hospitality service, tourism, internet ticketing service and packaged drinking water service industries. Neither we, nor any of the BRLMs, our Directors, nor any other person connected with the Offer has verified the information in the commissioned report. CRISIL has advised that while it has taken due care and caution in preparing the commissioned report, which is based on information obtained from sources that it considers reliable, it does not guarantee the accuracy, adequacy or completeness of the such information and disclaims responsibility for any errors or omissions in the information or for the results obtained from the use of such information. The commissioned report also highlights certain industry and market data, which may be subject

to assumptions. Methodologies and assumptions vary widely among different industry sources. Further, such assumptions may change based on various factors. We cannot assure you that CRISIL's assumptions are correct or will not change and, accordingly, our position in the market may differ from that presented in this Red Herring Prospectus. Further, the commissioned report is not a recommendation to invest or disinvest in the Equity Shares. Prospective investors are advised not to unduly rely on the commissioned report or extracts thereof as included in this Red Herring Prospectus, when making their investment decisions.

External Risk Factors

37. We will not receive any proceeds from the offer for sale by the Selling Shareholder.

The Offer consists of an offer for sale by the Selling Shareholder. The net proceeds of the Offer will be respectively transferred to the Selling Shareholder and will not result in any creation of value for us in respect of your investment in us. For further details, see “*Objects of the Offer*” on page 75.

38. Our Company will continue to be controlled by the GoI following this Offer.

After the completion of the Offer, the GoI will hold majority of the paid-up Equity Share capital of our Company. Consequently, the GoI acting through the Ministry of Railways will continue to control us and will have the power to elect and remove the Directors and therefore determine the outcome of most proposals for corporate action requiring approval of the Board or the shareholders, including with respect to the payment of dividends, preparation of budgets, capital expenditure, and transactions with other public sector companies. We will continue to be a public sector undertaking under the Companies Act, and the GoI may issue directives with respect to the conduct of our business or its affairs or change in control or impose other restrictions in terms of our Articles of Association. For further information on the Articles of Association, see “*Description of Equity Shares and Terms of the Articles of Association*” on page 326.

39. If there is any change in tax laws or regulations, or their interpretation, such changes may significantly affect our financial statements for the current and future years, which may have a material adverse effect on our financial position, business, and results of operations.

Any change in tax laws, including for indirect taxes, may result in us no longer being able to enjoy the existing exemptions / benefits, available to us, which could adversely impact our profitability. If there is an upward revision to the currently applicable special corporate tax rates, our tax burden will increase. Other benefits such as inapplicability of minimum alternate tax rates, as applicable to other corporates, exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds.

The Government has announced the interim union budget for the Financial Year 2020. Further, the Finance Act, 2019 (the “**Finance Act**”) has made various amendments. Further, the Government has also announced the union budget for Financial Year 2020, pursuant to which the Finance (No.2) Bill, 2019 proposes to introduce the various amendments. As such, there is no certainty on the impact that the Finance (No. 2) Bill, 2019 may have on our business and operations or on the industry in which we operate.

We cannot predict whether any tax laws or regulations impacting loans or financial products will be enacted, the nature and impact of the specific terms of any such laws or regulations will be or whether, if at all, any laws or regulations would have a material adverse effect business, results of operations and financial condition.

40. Recent global economic conditions have been unprecedented and challenging and continue to affect the Indian market, which may adversely affect our business, financial condition, results of operations and prospects.

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors’ reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries

may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general.

There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall. Any persisted or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections. In Europe, the exit of the United Kingdom from the European Union, and any prolonged period of uncertainty which results, could have a significant negative impact on international markets. These could include further falls in stock exchange indices and/or greater volatility of markets in general due to the increased uncertainty. These and other related events could have a significant impact on the global credit and financial markets as a whole, and could result in reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in the global credit and financial markets.

There are also concerns that a tightening of monetary policy in emerging markets and some developed markets will lead to a moderation in global growth. In particular, as China is one of India's major trading partners, there are raising concerns regarding the United States limiting trade and/or imposing a tariff on imports from China and of a possible slowdown in the Chinese economy. Such factors might also result in a slowdown in India's export growth momentum and could materially and adversely affect our operating results and financial performance.

In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have had the intended stabilizing effects. Any significant financial disruption in the future could have a material adverse effect on our cost of funding, loan portfolio, business, future financial performance and the trading price of the Equity Shares. Adverse economic developments overseas in countries where we have operations could have a material adverse effect on our business and the trading price of the Equity Shares.

41. Our business and activities is regulated by the Competition Act; any adverse application or interpretation of the Competition Act could in turn adversely affect our business.

The Competition Act was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition in India and has mandated the Competition Commission of India ("CCI") to supervise such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an appreciable adverse effect on competition is void and attracts substantial penalties.

Further, any agreement among competitors which, directly or indirectly, involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of subscribers in the relevant market is presumed to have an appreciable adverse effect in the relevant market in India and shall be void. The Competition Act also prohibits abuse of a dominant position by any enterprise. On March 4, 2011, the Central Government of India notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to, and pre-approved by, the CCI. Additionally, on May 11, 2011, the CCI issued the Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India. The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an appreciable adverse effect in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside of India, if such agreement, conduct or combination is considered to have an appreciable adverse effect in India.

If we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, financial condition, results of operations and prospect.

42. An outbreak of an infectious disease or any other serious public health concerns in Asia or elsewhere could adversely affect our business.

The outbreak of an infectious disease in Asia or elsewhere or any other serious public health concern, such as swine influenza, could have a negative impact on the global economy, financial markets and business activities worldwide, which could in turn adversely affect our business. Although, we have not been adversely affected by such outbreaks in the past, we can give no assurance that a future outbreak of an infectious disease or any other serious public health concern will not have a material adverse effect on our business.

For example, avian influenza is a highly contagious viral disease that affects poultry. Bird flu is another contagious disease that has affected poultry in the recent past. Our markets have been affected by both these diseases.

Despite precautionary measures we took to monitor our suppliers of food ingredients, there can be no guarantee that our supplies will not be affected in the future in case of an outbreak of any such contagious disease. If any of our suppliers are affected, or a wide spread of disease have affected the Indian market, we may not be able to locate supplier in time through limited tender process or at all. We may be constrained to replace these affected items at a higher price without being able to pass on the costs to our customers.

An outbreak of a disease, whether directly impact our supply or not, may attract negative publicity resulting in declining demand. As a result of these and other factors, any outbreak of disease, or the possibility of an outbreak of disease could adversely affect our business, financial condition and results of operations.

43. Terrorist attacks and other acts of violence or war involving India, the United States or other countries could adversely affect the financial markets, result in loss of client confidence, and adversely affect our business, financial condition and results of operations.

Any major hostilities involving India or other act of violence, including terrorist attack, civil unrest or similar events that are beyond our control, could have a material adverse effect on the Indian economy and our business. Such acts could negatively impact business sentiment, market condition as well as trade between countries, which in turn could materially and adversely impact our profitability, the price of our ordinary shares and operation.

In addition, India, the United States and other countries may also enter into armed conflict with other countries or continue pre-existing hostilities. South East Asia has, from time to time, experienced instances of civil unrest and hostilities among neighboring countries, including military confrontations between India and Pakistan have occurred along the India/Pakistan border. Military activity or terrorist attacks could, for example, disrupt communication and travel. These events could also led to a perception that investments in India carries a higher risk, which, can in turn negatively impact potential investors' confidence in India and have a material adverse effect on the market for securities of Indian companies, including the Equity Shares. If India were to become engaged in armed hostilities, we might not be able to continue our operations and, while we maintain insurance for losses arising from terrorist activities, our insurance policies may not sufficiently cover business interruptions from terrorist attacks or for other reasons.

44. Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations and prospects.

Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business, including those relating to the Internet and e-commerce, consumer protection and privacy. Such unfavorable changes could decrease demand for our services and products, increase costs and/or subject us to additional liabilities. For example, there may continue to be an increasing number of laws and regulations being legislated pertaining to the Internet and e-

commerce, which may relate to liability for information retrieved from or transmitted over the Internet or mobile networks, user privacy, content restrictions, taxation and the quality of services and products sold or provided through the Internet. Furthermore, the growth and development of e-commerce may result in more stringent consumer protection laws that may impose additional burdens on online businesses generally.

The application of various Indian and international sales, use, occupancy, value-added and other tax laws, rules and regulations to our services and products is subject to interpretation by the applicable taxing authorities. Many of the statutes and regulations that impose these taxes were established before the growth of the Internet, mobile networks and e-commerce. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, particularly with respect to occupancy or value-added or other taxes, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties and, even if we are able to pass on such costs to our customers, such action would decrease the demand for our services and products. As a result, any such changes could have an adverse effect on our business and results of operation. Further, the uncertainty in relation to change of laws, rules and regulations may lead to unpredictability and negatively impact our ability to manage our business prospects.

For example, in India, as of July 1, 2017, GST replaced taxes levied by central and state governments with a unified tax regime in respect of certain goods and services for the whole of India. However, given the recent introduction of the GST in India, there is no well-established practice regarding the implementation of, and compliance with, GST. Further, as GST is implemented, we cannot assure you that we will not be required to comply with additional procedures or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. As the taxation system in India will see significant changes as a result of GST, its consequent effects cannot be determined at present and we cannot assure you that such effects will not have a material adverse effect on our business, future financial performance and the trading price of the Equity Shares.

The application of GST and other applicable laws, rules and regulations to our business now or in the future, may be subject to interpretation by relevant authorities, and, if amended or notified, could result in increased tax payments to us (prospectively or retrospectively), which could affect our business, prospects, financial condition and results of operations. Further, there is a risk that the Indian Income Tax Department may assess our tax liability to be materially different from the provision that we have carried in our books for the past periods.

Separately, unfavorable changes in existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in applicability or implementation of any amendment to, or change in, law, regulation or policy, including due to an absence, or a limited body, of administrative or judicial precedent may be time consuming and costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

45. Significant differences exist between Ind AS and other accounting principles, such as IFRS and U.S. GAAP, which may be material to investors' assessment of our financial condition.

The financial statements included in this Red Herring Prospectus have been prepared in accordance with Ind AS, as applicable, in the relevant period of reporting. We have not attempted to quantify the impact of U.S. GAAP or IFRS on the financial data included in this Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Ind AS. Accordingly, the degree to which the Ind AS financial statements, which are restated as per the SEBI ICDR Regulations included in this Red Herring Prospectus, will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should be limited accordingly.

46. Foreign investors are subject to foreign investment restrictions under Indian law that limit our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Foreign ownership of Indian securities is subject to regulation by the GoI. In accordance with foreign exchange regulations currently in effect in India, under certain circumstances, the RBI must approve the sale of the Equity Shares from a non-resident of India to a resident of India or vice-versa if the sale does not meet certain requirements specified by the RBI. Additionally, any person who seeks to convert Indian Rupee proceeds from any such sale into foreign currency and repatriate that foreign currency from India is required to obtain a no-objection or a tax clearance certificate from the Indian income tax authorities. As provided in the foreign exchange controls currently in effect in India, the RBI has provided that the price at which the Equity Shares are transferred will be calculated in accordance with internationally accepted pricing methodology for the valuation of shares at an arm's length basis, and a higher (or lower, as applicable) price per share may not be permitted. We cannot assure you that any required approval from the RBI or any other government agency can be obtained on terms favorable to a non-resident investor in a timely manner or at all. Because of possible delays in obtaining requisite approvals, investors in the Equity Shares may be prevented from realizing gains during periods of price increase and/or limiting losses during periods of price decline. This may have a material adverse effect on the price of the Equity Shares. See “*Restrictions on Foreign Ownership of Indian Securities*” on page 325.

47. The interests of the Promoter as our controlling shareholder may conflict with the interests of other shareholders.

Under our Articles of Association, the Promoter, by holding a majority of our Equity Share capital may issue directives with respect to the conduct of our business or our affairs for as long as we remain a Government company, as defined under the Companies Act. The interests of the Promoter may be different from our interests or the interests of other shareholders. As a result, the Promoter may take actions with respect to our business and the businesses of our peers and competitors, designed to serve the public interest in India and not necessarily to maximize profits. In addition, as a result of our controlling ownership by the Promoter, we are required to adhere to certain restrictions with respect to the types of investments we may make using our cash balances, which may restrict us from entering into certain investments providing a higher rate of return. The Promoter will retain control over the decisions requiring adoption by our shareholders and could exercise its powers of control, delay or defer or initiate a change of control of our Company or a change in our capital structure, delay or defer a merger, consolidation, or discourage a merger with another public sector undertaking.

Risk Factors Related to the Equity Shares

48. Any further issuance of Equity Shares by us or sale of Equity Shares by our Promoter may adversely affect the trading price of the Equity Shares and in the case of issuance of Equity Shares by us result in the dilution of your shareholding.

Any future issuance of equity shares by us could dilute your shareholding. Any such future issuance of equity shares or sales of equity shares by any of our significant shareholders may also adversely affect the trading price of the Equity Shares, and could impact our ability to raise capital through an offering of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares.

As disclosed in “*Capital Structure*” on page 67, all of the Equity Shares held by the Promoter following the Offer will be locked-in for one year from the date of Allotment and an aggregate of 20% of the fully diluted post-Offer capital of our Company held by our Promoter shall be considered as minimum Promoter's contribution and locked-in for a period of three years from the date of Allotment. Except for the customary lock-in on our Company's ability to issue equity or equity linked securities discussed in “*Capital Structure*” on page 67, there is no restriction on our Company's ability to issue Equity Shares. As such, there can be no assurance that our Company will not issue additional Equity Shares after the lock-in period expires or that the Promoter will not sell, pledge or encumber the Equity Shares after the lock-in periods expire. Future issuances of Equity Shares or convertible securities and sale of the underlying Equity Shares could dilute the holdings of our shareholders and adversely affect the trading price of our Equity Shares. Such securities may also be issued at prices below the then current trading price of our Equity Shares.

We cannot predict the effect, if any, that the sale of the Equity Shares held by our Promoter or other major shareholders or the availability of these Equity Shares for future sale will have on the market price of the Equity Shares.

49. There is no existing market for the Equity Shares and the price of the Equity Shares may be volatile and fluctuate significantly in response to various factors.

Prior to this Offer, there is no public market for the Equity Shares. The trading price of the Equity Shares may fluctuate after this Offer due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, volatility in the Indian and global securities markets, the performance of the Indian and global economy, significant developments in Indian's monetary policies and other factors. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Offer, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Offer.

50. Conditions in the Indian securities market may affect the price or liquidity of the Equity Shares.

The Indian securities markets are smaller than securities markets in more developed economies. Further, the regulation and monitoring of Indian securities markets and the activities of investor brokers and other participants differ, in some cases significantly, from those in the United States and Europe. In the past, Indian stock exchanges have experienced temporary exchange closures, broker defaults and settlement delays which, if continuing or recurring, could affect the market price and liquidity of the securities of Indian companies, including the Equity Shares. A closure of, or trading stoppage on, the stock exchanges could adversely affect the trading price of the Equity Shares.

In the past, the stock exchanges have experienced substantial fluctuations in the prices of listed securities. In addition, the governing bodies of the Indian stock exchanges have from time to time restricted securities from trading, limited price movements and restricted margin requirement. Further, from time to time, disputes have occurred between listed companies and the stock exchanges and other regulatory bodies that, in some cases, have had a negative effect on market sentiment. Similar problems could occur in the future and, if they do, these market conditions could negatively impact the market price and liquidity of the Equity Shares.

51. The Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer.

The Offer Price of the Equity Shares will be determined by us in consultation with the Selling Shareholders and the BRLMs, and through the Book Building Process. The market price of the Equity Shares may be influenced by many factors, some of which are beyond our control, including:

- the failure of security analysts to cover the Equity Shares after this Offer, or changes in the estimates of our performance by analysts;
- the activities of competitors;
- future sales of the Equity Shares by us or our shareholders;
- investor perception of us and the industry in which we operate;
- our quarterly or annual earnings or those of our competitors;
- developments affecting fiscal, industrial or environmental regulations;
- the public's reaction to our press releases and adverse media reports; and
- general economic conditions.

The pricing of the Equity Shares will be based on numerous factors, as described under “Basis for Offer Price” on page 78 and may not be indicative of the market price for the Equity Shares after the Offer. The market price of the Equity Shares could be subject to significant fluctuations after the Offer, and may fall below the Offer Price. We cannot assure you that you will be able to resell the Equity Shares at or above the Offer Price after the Offer.

52. There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.

We will be subject to a daily "circuit breaker" imposed by stock exchanges in India, which does not allow transactions beyond a specified increase or decrease in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by the SEBI on Indian stock exchanges. The maximum movement allowed in the price of the Equity Shares before the circuit breaker is triggered is determined by the Stock Exchanges based on the historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges will not inform us of the triggering point of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of such mechanism, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

53. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by the shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

54. Investors of the Equity Shares may not be able to enforce a judgment of a foreign court against us.

We are a limited liability company incorporated under the laws of India. All of our Directors are residents of India. A substantial portion of our assets and the assets of our Directors resident in India are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons outside India or to enforce judgments obtained against us or such parties outside India.

Recognition and enforcement of foreign judgments is provided for under Section 13 of the Code of Civil Procedure, 1908 ("CPC") on a statutory basis. Section 13 of the CPC provides that foreign judgments shall be conclusive regarding any matter directly adjudicated upon, except: (i) where the judgment has not been pronounced by a court of competent jurisdiction; (ii) where the judgment has not been given on the merits of the case; (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or a refusal to recognize the law of India in cases to which such law is applicable; (iv) where the proceedings in which the judgment was obtained were opposed to natural justice; (v) where the judgment has been obtained by fraud; and (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the CPC, a court in India shall, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record. However, under the CPC, such presumption may be displaced by proving that the court did not have jurisdiction.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Section 44A of the CPC provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Government of India has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the CPC is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature or of a fine or other penalties. The United Kingdom, Singapore and Hong Kong have been declared by the Government of India to be reciprocating countries for the purposes of Section 44A of the CPC.

The United States and India do not currently have a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitration awards, in civil and commercial matters. Therefore, a final judgment for the payment of money rendered by any federal or state court in the United States on civil liability, whether or not predicated solely upon the federal securities laws of the United States, would not be enforceable in India. However, the party in whose favor such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States. The suit must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India.

Further, there may be considerable delays in the disposal of suits by Indian courts. It is unlikely that a court in India would award damages on the same basis as a foreign court if an action was brought in India. Furthermore, it is unlikely that an Indian court would enforce a foreign judgment if that court were of the view that the amount of damages awarded was excessive or inconsistent with public policy or Indian practice. It is uncertain as to whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. However, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the FEMA to execute such a judgment or to repatriate any amount recovered.

55. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulties in asserting their rights as shareholder in an Indian company than as shareholder of a body corporate in another jurisdiction.

56. Investors may be subject to Indian taxes arising out of capital gains on the sale of Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of Equity Shares in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. The Finance Act, 2018 has levied taxes on such long-term capital gains exceeding ₹ 0.10 million arising from sale of equity shares on or after April 1, 2018, while continuing to exempt the unrealized capital gains earned up to January 31, 2018 on such equity shares. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares may be partially exempt or exempt from taxation in India in cases where such exemption is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain resulting from the sale of the Equity Shares.

57. Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.

Under the Companies Act, a company incorporated in India must offer its equity shareholders pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages against dilution prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution.

However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights unless we make a filing of an offering document or registration statement with the applicable authority, you may be unable to exercise such pre-emptive rights. If we elect not to file a registration statement in accordance to the above, the new securities may be issued to a custodian, who may sell the securities on your behalf for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted for

certainty. Further, to the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interests in our Company may be reduced.

58. QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Investors are not permitted to withdraw their Bids after closure of the Offer.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/Offer Period and withdraw their Bids until closure of the Offer.

Therefore, QIBs and Non-Institutional Bidders would not be able to withdraw or lower their Bids, notwithstanding adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition, or otherwise, between the dates of the submission of their Bids and the Allotment.

While we are required to complete Allotment pursuant to the Offer within six Working Days from the Bid/Offer Closing Date or such other period as may be prescribed, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the offer or cause the trading price of the Equity Shares to decline on listing.

SECTION III: INTRODUCTION

Equity Shares outstanding after the Offer	160,000,000 Equity Shares
Use of proceeds of this Offer	As the Offer is an Offer for Sale, our Company will not receive any proceeds from the Offer. See “Objects of the Offer” on page 75.

- 1) Our Board of Directors has approved the Offer pursuant to a resolution passed at their meeting held on August 21, 2019. The Selling Shareholder, through its letter dated August 21, 2019 conveyed its approval for the Offer for Sale of 20,000,000 Equity Shares of our Company. The Equity Shares offered by the Selling Shareholder in the Offer are eligible for being offered in the Offer for Sale as required by the SEBI ICDR Regulations. For further details, see “Capital Structure” on page 67.

The Selling Shareholder confirms that the Offered Shares have been held by it for a period of at least one year prior to the date of filing of the Draft Red Herring Prospectus, in accordance with Regulation 8 of the SEBI ICDR Regulations.

- 2) The Offer includes a reservation of up to 160,000 Equity Shares aggregating to ₹[●] million for subscription by Eligible Employees. The Offer less Employee Reservation Portion is referred to as the Net Offer. The Offer and the Net Offer will constitute 12.60% and 12.50% respectively, of the post Offer paid-up Equity Share capital of our Company.

Eligible Employees Bidding in the Employee Reservation Portion can Bid up to a Bid Amount of ₹500,000 (net of Employee Discount). However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid Amount of up to ₹200,000 (net of Employee Discount). In the event of under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000 (net of Employee Discount), subject to the maximum value of Allotment made to an Eligible Employee not exceeding ₹500,000 (net of Employee Discount). The unsubscribed portion, if any, in the Employee Reservation Portion (after allocation over ₹200,000), shall be added to the Net Offer.

- 3) *Our Company and the Selling Shareholder, in consultation with the BRLMs, may offer a discount of ₹ [●] per Equity Share on the Offer Price to the Retail Individual Bidders and / or a discount of ₹ [●] per Equity Share on the Offer Price to the Eligible Employees Bidding under the Employee Reservation Portion respectively. The amount of Retail Discount and Employee Discount, as applicable, will be advertised in all newspapers wherein the Pre-Offer Advertisement will be published. For further details, see “Offer Procedure” on page 307.*
- 4) *Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category except the QIB Portion would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company and the Selling Shareholder, in consultation with the BRLMs and the Designated Stock Exchange, on a proportionate basis and in accordance with the applicable laws, rules, regulations and guidelines. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill-over from other categories or a combination of categories. For further details, see “Offer Structure” on page 303.*

Allocation to Bidders in all categories (including the Employee Reservation Portion), except for the Retail Portion, shall be made on a proportionate basis subject to valid Bids being received at or above the Offer Price. The allocation to each Retail Individual Bidder shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail portion and the remaining Equity Shares, if any, shall be allocated on a proportionate basis. For further details, see “Offer Procedure – Allotment Procedure and Basis of Allotment” on page 307.

Investor Grievances

Bidders may contact the Company Secretary and Compliance Officer, the Registrar to the Offer and / or the BRLMs in case of any pre-Offer or post-Offer related problems, such as those relating to share certificates, non-receipt of letters of Allotment, non-receipt of refund intimations, non-credit of Allotted Equity Shares in the respective beneficiary account and non-receipt of funds by electronic mode. For all the Offer related queries and for redressal of complaints, Bidders may also write to the BRLMs or the Registrar in the following manner:

All Offer related grievances may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary to whom the ASBA Form was submitted. The Bidder should give full details such as name of the Sole or First Bidder, ASBA Form number, Bidder DP ID, Client ID, PAN, date of the submission of the ASBA Form, address of the Bidder, number of the Offered Shares applied for, the name and address of the Designated Intermediary where the ASBA Form was submitted by the Bidder and ASBA Account number (for Bidders other than Retail Individual Bidders Bidding through the UPI Mechanism) in which the amount equivalent to the Bid Amount was blocked or the UPI ID in case of Retail Individual Bidders Bidding through the UPI Mechanism. Further, the Bidder shall enclose the Acknowledgement Slip or provide the acknowledgement number received from the Designated Intermediaries in addition to the documents / information mentioned hereinabove.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

All grievances relating to Bids submitted with Registered Brokers may be addressed to them with copy to the Stock Exchanges and to the Registrar to the Offer. Further, the Bidder shall also enclose the Acknowledgement Slip from the Designated Intermediaries in addition to the documents/information mentioned hereinabove.

IPO Grading

No credit agency registered with SEBI has been appointed for the purposes of obtaining a grading for the Offer.

Credit Rating

As this is an offer of Equity Shares, credit rating is not required.

Experts

Except as disclosed below, our Company has not obtained any expert opinions:

Our Company has received written consent from our Statutory Auditors, M/s. Serva Associates, Chartered Accountants, to include their name as an “expert” as defined under Section 2(38) of the Companies Act, 2013 in respect of their (a) examination report dated August 21, 2019 on the Restated Financial Statements; (b) report dated August 21, 2019 on the statement of possible special tax benefits available to our Company and the Shareholders and such consents have not been withdrawn as on the date of this Red Herring Prospectus. However, the term “expert” shall not be construed to mean an expert as defined under the U.S. Securities Act.

Trustees

As this is an offer of Equity Shares, the appointment of trustees is not required.

Monitoring Agency

This being an Offer for Sale of Equity Shares, our Company will not receive any of the proceeds from the Offer. Accordingly, no monitoring agency is appointed for the Offer.

Appraising Entity

As the Offer is an offer for sale of Equity Shares by the Selling Shareholder, our Company will not receive any proceeds from the Offer. Accordingly, no appraising entity is required to be appointed.

Filing

Book Building Process

The Book building process, in the context of the Offer, refers to the process of collection of Bids from Bidders on the basis of this Red Herring Prospectus, the ASBA Forms, and the Revision Forms within the Price Band. The Price Band, Bid Lot, rupee amount of the Retail Discount and Employee Discount, as applicable shall be decided by our Company and the Selling Shareholder in consultation with the BRLMs, and advertised in all newspapers wherein the Pre-Offer advertisement will be published, at least two Working Days prior to the Bid / Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading on their website. The Offer Price shall be determined by the Selling Shareholder and our Company in consultation with the BRLMs after the Bid/Offer Closing Date.

All potential Bidders shall participate in this Offer mandatorily through the ASBA process. Pursuant to the UPI Circulars, Retail Individual Bidders may also participate in this Offer through UPI in the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not permitted to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders and Eligible Employees Bidding in the Employee Reservation Portion can revise their Bids during the Bid/ Offer Period and withdraw their Bids until the Bid/ Offer Closing Date. Allocation to QIBs, Non-Institutional Buyers and Eligible Employees Bidding in the Employee Reservation Portion will be on a proportionate basis. For further details, see “Terms of the Offer” and “Offer Procedure” beginning on pages 297 and 307, respectively.

Each Bidder by submitting a Bid in the Offer will be deemed to have acknowledged the above restrictions and the terms of the Offer.

Our Company will comply with the SEBI ICDR Regulations and any other directions issued by SEBI in relation to this Offer. The Selling Shareholder has specifically confirmed that they will comply with the SEBI ICDR Regulations and any other directions issued by SEBI, as applicable in relation to the Offered Shares. In this regard, our Company along with the Selling Shareholder has appointed the BRLMs to manage this Offer and procure Bids for this Offer.

The process of Book Building is in accordance with the guidelines, rules and regulations prescribed by SEBI under the SEBI ICDR Regulations and the Bidding Processes are subject to change from time to time. Investors are advised to make their own judgment about investment through this process prior to submitting a Bid in this Offer.

Bidders should note that this Offer is also subject to (i) filing of the Prospectus with the RoC; and (ii) obtaining final listing and trading approvals from the Stock Exchanges, which our Company shall apply for after Allotment.

For further details on the method and procedure for Bidding, see “Offer Procedure” beginning on page 307.

Underwriting Agreement

After the determination of the Offer Price and allocation of Offered Shares, but prior to the filing of the Prospectus with the RoC, our Company and the Selling Shareholder intend on entering into the Underwriting Agreement with the Underwriters for the Offered Shares. The underwriting shall be to the extent of the Bids uploaded, subject to Regulation 40 of the SEBI ICDR Regulations. Pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters are several and are subject to certain conditions specified therein.

The Underwriting Agreement is dated [●]. The Underwriters have indicated their intention to underwrite the following number of the Offered Shares:

(This portion has been intentionally left blank and will be completed before the filing of the Prospectus with the RoC.)

Name, address, telephone number and email address of the Underwriters	Indicative Number of Offered Shares to be underwritten	Amount underwritten (in ₹ million)
[●]	[●]	[●]
[●]	[●]	[●]

Name, address, telephone number and email address of the Underwriters	Indicative Number of Offered Shares to be underwritten	Amount underwritten (in ₹ million)
Total	[●]	[●]

The above-mentioned underwriting commitments are indicative and will be finalized after determination of the Offer Price and finalization of the Basis of Allotment subject to the provisions of the SEBI ICDR Regulations.

In the opinion of our Board and the Selling Shareholder (based on representations given by the Underwriters), the resources of the Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or are registered as brokers with the Stock Exchange(s). Our Board of Directors/ IPO Committee, at its meeting, held on [●], has accepted and entered into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitments set forth in the table above. Notwithstanding the above table, each of the Underwriters shall be severally responsible for ensuring payment with respect to the Offered Shares allocated to Bidders procured by them, in accordance with the Underwriting Agreement.

In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to the Offered Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement. The underwriting arrangements mentioned above shall not apply to the applications by the Bidders in the Issue, except for Bids procured by any member of the Syndicate.

The Underwriting Agreement has not been executed as on the date on the date of this Red Herring Prospectus and will be executed after the determination of the Offer Price, but prior to the filing of the Prospectus with the RoC. Details of the final underwriting arrangement indicating the actual number of Equity Shares underwritten, will be provided in the Prospectus before it is registered with the RoC.

*56 Equity Shares are held by the nominees of our Promoter

All the above Equity Shares were fully paid-up at the time of allotment or transfer, as the case may be. As on the date of this Red Herring Prospectus, none of the Equity Shares held by our Promoter are pledged.

b. Details of Promoter's contribution locked-in for three years

Pursuant to Regulation 14(1) and Regulation 16 of the SEBI ICDR Regulations, an aggregate of 20% of the post-Offer equity share capital of our Company held by our Promoter shall be considered as minimum promoters' contribution and locked-in for a period of three years from the date of Allotment ("Promoters' Contribution").

The MoR, pursuant to its letter dated August 21, 2019, has granted consent to include up to 32,000,000 Equity Shares held by them as Promoter's Contribution and has agreed not to sell, dispose, transfer, charge or pledge or otherwise encumber in any manner, the Promoter's Contribution from the date of filing of this Red Herring Prospectus until the commencement of the lock-in period specified above or for such other time as may be required under the provisions of SEBI ICDR Regulations.

Details of the Equity Shares to be locked-in for three years from the date of Allotment as minimum Promoter's contribution are set forth in the table below:

Name of the Promoter	Date of allotment of the Equity Shares	Nature of transaction	Number of Equity Shares	Face value (₹)	Issue/acquisition price per Equity Share (₹)	Percentage of the post-Issue paid-up capital (%)	Date up to which the Equity Shares are subject to lock-in
The President of India through Ministry of Railways	[•]	[•]	[•]	[•]	[•]	[•]	[•]
Total						[•]	

All the Equity Shares were fully paid-up on the respective dates of allotment or acquisition of such Equity Shares, as the case may be.

All Equity Shares, which are considered for the purposes of the Promoter's Contribution, are eligible in terms of Regulation 15 of the SEBI ICDR Regulations.

The Promoter's Contribution has been brought in to the extent of not less than the specified minimum lot and from the 'Promoter' as required under the SEBI ICDR Regulations. All Equity Shares offered as Promoters' Contribution were fully paid up at the time of their issue.

The Equity Shares that are being locked-in are not ineligible for computation of Promoter's Contribution under Regulation 15 of the SEBI ICDR Regulations. In this connection, our Company confirms that the Equity Shares which are being locked-in do not and shall not consist of:

- (a) Equity Shares acquired in the last three years from the date of the Draft Red Herring Prospectus: (a) for consideration other than cash and revaluation of assets or capitalization of intangible assets or (b) resulting from a bonus issue by utilization of revaluation reserves or unrealized profits of our Company or from a bonus issue against Equity Shares which are otherwise ineligible for computation of Promoter's contribution;
- (b) Equity Shares acquired during the preceding one year at a price lower than the price at which Equity Shares are being offered to the public in the Offer;
- (c) The Equity Shares offered for Promoter's Contribution have not been issued on account of the conversion of a partnership firm into a company;
- (d) The Equity Shares offered for Promoter's Contribution are not subject to any pledge or any form of encumbrance; and
- (e) As on the date of this Red Herring Prospectus, all the Equity Share of our Company are held in dematerialized form.

7. Other requirements in respect of lock-in:

Except for the Promoter's Contribution which shall be locked-in as above, the entire pre-offer capital of our Company shall be locked in for a period of one year from the date of Allotment, except for the Equity Shares sold pursuant to the Offer for Sale and any other categories of shareholders exempt under Regulation 17 of the SEBI ICDR Regulations, as applicable.

The President of India, through the MoR and has, pursuant to letter dated August 21, 2019, granted approval for the lock-in of the entire post-Offer shareholding held by the President of India (less the Promoter's Contribution of 32,000,000 Equity Shares and the Offered Shares), for a period of one year from the date of Allotment or for such other time as may be required under the SEBI ICDR Regulations. Any Offered Shares remaining unsold in the Offer shall be locked-in for a period of one year.

The Equity Shares held by our Promoter, which are locked-in for a period of one year from the date of Allotment may be pledged only with scheduled commercial banks, public financial institutions, systemically important non-banking finance companies or housing finance companies as collateral security for loans granted by such banks, public financial institutions, systemically important non-banking finance companies or housing finance companies provided that such pledge of the Equity Shares is one of the terms of the sanction of the loan.

Monitoring Utilization of Funds

Since the Offer is an offer for sale and our Company will not receive any proceeds from the Offer, our Company is not required to appoint a monitoring agency for the Offer.

BASIS FOR OFFER PRICE

The Offer Price will be determined by our Company and the Selling Shareholder in consultation with the BRLMs on the basis of an assessment of market demand for the Offered Shares through the Book Building Process and on the basis of the following qualitative and quantitative factors. The face value of the Equity Shares of our Company is ₹10 each and the Offer Price is [●] times of the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band. Investors should also see “*Risk Factors*”, “*Our Business*”, “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 24, 126, 187 and 239, respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors and our strengths which form the basis for the Offer Price are:

1. Authorised by the Ministry of Railways to offer tickets of Indian Railways online;
2. Authorised catering service provider to passengers traveling by Indian Railways;
3. Comprehensive tourism and hospitality service provider in India;
4. Exclusively authorized for manufacturing and supplying packaged drinking water at railway station and trains;
5. Robust operating system and internal control; and
6. Qualified and experienced employees and management team.

For further details, see “*Risk Factors*” and “*Our Business – Our Competitive Strengths*” on pages 24 and 126, respectively.

Quantitative Factors

The information presented below relating to our Company is based on the Restated Financial Statements. For details, see “*Restated Financial Statements*” on page 187.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

Macro-Economic Overview of India

Review of India’s GDP growth

GDP grew at 7.1% CAGR over the past seven years

In 2015, the Ministry of Statistics and Programme Implementation (MoSPI) changed the base year for calculating the gross domestic product (GDP) to fiscal 2012 from fiscal 2005. Based on this, India’s GDP shot up from Rs 87.4 trillion in fiscal 2012 to Rs 140.8 trillion in fiscal 2019, recording a 7.1% compound annual growth rate (CAGR). As per the Central Statistics Office (CSO), India’s GDP growth picked up in the second half of fiscal 2018 and was 7.2% for the full year.

GDP growth further dipped to 6.8% in fiscal 2019, on account of slower growth in government consumption, decline in rate of change in stocks on the demand side and broad-based slower growth in agriculture, mining, electricity and other utilities, trade, hotels, transport and communication services, and public administration, defence and other services on the supply side.

Outlook of GDP growth in Fiscal 2020

GDP growth could see a modest uptick to 6.9% in fiscal 2020

As per the RBI estimates released on August 7, 2019, GDP growth for fiscal 2020 is expected to be 6.9%, attributed to a weakening of private consumption and falling domestic investment activity, along with slowing exports on account of weak global demand due to escalation in trade wars. The Monetary Policy Committee expects growth in the range of 5.8-6.6% in the first half of 2019-20 and 7.3-7.5% in the second half. However, political stability, high capacity utilisation, buoyant stock market conditions, and higher financial flows to the commercial sector are likely to support investment activity during the period.

CRISIL Research expects GDP growth to rise to 6.9% on-year in fiscal 2020, while maintaining a downward bias to this estimate. Growth will pick up if monsoons are normal and well distributed and crude oil prices remain below US\$ 70 per barrel. We expect growth to be supported by softer interest rates and budgetary measures that push consumption. The key drivers will likely be private consumption and investment. In a weak global environment, India will have to lean on domestic factors. With the government pursuing a fiscal consolidation path, the pickup in growth is expected to be only gradual. A change in the growth mix is on cards, with the private sector taking over the baton from the government. So unlike fiscal 2019, the push will have to come from private consumption and investment, as the government's hands are tied on the fiscal front.

Trend in real GDP growth (% y-o-y)

Note: P: Projected by CRISIL Research

Source: Second advance estimates of national income 2018-19 released on 28th Feb 2019, CSO, MoSPI, CRISIL Research

The upside to growth could essentially come from two factors:

- Monsoon turning out to be normal for the fourth consecutive year, raising agriculture GDP growth and benefiting farm incomes: The past 15 years have seen two such periods of four consecutive normal rainfall years – 2005 to 2008 and 2010 to 2013 – which yielded healthy average agriculture growth of 3.6% and 5.5%, respectively
- Crude oil prices staying low, easing the pressure on manufacturers' input costs

The downside could emanate in the following ways:

- Monsoon risk: The National Oceanic Atmospheric Administration of the United States is forecasting an El Niño [1] event in 2019. India faced two consecutive El Niño events in 2014 and 2015, with agriculture GDP growth dropping to near zero. With farmer incomes beginning to drop, a weak rainfall, if it manifests, would add to the rural pain

Note: [1] The condition, which typically occurs at irregular intervals of three to five years, weakens the Asian monsoon, often causing drought in north-west and central India and heavy rainfall (or even floods) in the north-east.

- Much weaker global outlook: If the slowdown is much faster and deeper than currently expected, global demand and trade growth could severely slow down, creating adverse consequences for India's exports

Review of share of agriculture, industry and services in GVA

GVA grew at 6.9% annually in the past six years, driven by services and manufacturing

India's gross value added (GVA), at constant prices, clocked 6.9% CAGR between fiscals 2012 and 2019 to reach Rs 129.1 trillion. Over the long term, sectoral contribution has also evolved, with India moving from being an agricultural economy to a predominantly services-led economy.

Agriculture grew at 3.1% CAGR during the period as overall foodgrains production fell marginally, primarily due to lower production of rabi rice, pulses and coarse cereals. Manufacturing, which grew at 7.5% CAGR in the period, has gained marginally in terms of its share in the GVA, while Pay Commission revisions at the central and state levels have hiked demand across segments such as automobiles and fast moving consumer goods (FMCG). Good monsoons over the past three years have also propped up rural demand.

Review of private final consumption growth

PFCE continues to maintain dominant share in GDP

Private final consumption expenditure (PFCE) at constant prices has increased at 7.3% CAGR between fiscals 2012 and 2019. Factors contributing to this growth include good monsoons, wage revisions due to implementation of the pay commissions, benign interest rates, and low inflation levels. PFCE continues to maintain its dominant share of ~56% in the GDP. In its provisional estimates, the CSO estimated the PFCE at Rs 80.2 trillion (~57% of GDP) for fiscal 2019.

Review of per capita income growth

Per capita income recorded 5.5% CAGR from fiscals 2012 to 2018

India's per capita income, a broad indicator of living standards, clocked a healthy 5-6% CAGR over the past six years. Growth in per capita income levels have been led by the same factors propping up overall GDP growth. Moreover, population growth has remained fairly stable as well, with India's population growing at 1% CAGR from 2011-17 to reach approximately 1.3 billion people. The CSO, in its second advance estimates, estimated per capita income in fiscal 2019 grew ~5.8% over the levels seen in fiscal 2018.

Trend in per capita net national income (NNI) at constant prices (in Rs and USD)

	FY12	FY13	FY14	FY15	FY16	FY17	FY18 (RE)

Review of consumer price index (CPI)

CPI inflation recorded a downward trend in fiscal 2019

Consumer price index-linked (CPI) inflation rose for the first time in eight months in February 2019 and was recorded at 2.57% compared with 1.97% in January 2019, which was close to the lowest inflation reading (1.5% in June 2017) in this series. CPI continued its momentum in the months of March, April and May and further increased to 3.18% in June 2019 on account of food inflation turning positive and stable fuel inflation even as core inflation softened a bit, while decreasing slightly to 3.15% in July 2019. Food inflation, which has hitherto been negative – since October 2018 – came back to positive territory in March 2019, and has continued its upward momentum in July 2019. Fuel inflation went up marginally reflecting higher prices in other categories such as electricity, coal, etc.

Trend in CPI inflation

Source: Ministry of Commerce and Industry, CSO, CRISIL Research

CPI inflation trended downwards in fiscal 2019 at 3.4%, compared with 3.6% in fiscal 2018. In fiscal 2019, fuel and core inflation pushed up headline inflation, while food pulled it down. Food inflation has been the only component that has seen decline since fiscal 2013 and is the key reason behind falling headline inflation. Core inflation, which is supposed to indicate demand-side pressures in the economy, rose marginally in fiscal 2019 and typically trends between 4.5-5%.

In fiscal 2020, however, inflation may see some upside on account of following factors

- Food inflation, which has remained unusually low may move up largely led by a weak base effect, particularly in the case of vegetables, pulses, and sugar, which witnessed negative inflation in fiscal 2019. Higher rural demand on account of possible augmentation of cash transfers to farmers and basic income transfers to rural households could aid pick-up in food inflation, along with a possible weak monsoon due to El Nino conditions disrupting the Indian Meteorological Department's (IMD) forecast for a well-distributed normal monsoon in 2019
- Core inflation, is expected to move up on factors such as a consumer-friendly budget, rising expenditure on categories such as health and education, implementation of the Pay Commission hikes by more states, and other populist measures such as farm loan waivers
- Fuel inflation is expected to stay muted on account of receding global demand pressures, even as current price rise due to geopolitical tensions

Accordingly, CRISIL Research forecasts the CPI inflation at 3.8% in fiscal 2020.

Review of population growth, urbanisation and internet penetration

By 2030, India's population projected to touch 1.5 billion, urbanisation likely to reach 40%

As per Census 2011, India's total population was ~1.2 billion and comprised nearly 246 million households. From 2001 to 2011, population rose at 1.8% CAGR.

According to the 'World Urbanization Prospects: The 2018 Revision' by the United Nations, India will be second only to China in terms of population. Together, the two countries accounted for nearly 37% of the world's population as of 2015. The report further projects India's population will clock 1% CAGR to reach 1.5 billion people by 2030, making India the world's most populous country, surpassing China (with 1.4 billion people by 2030).

India's population growth

Note: E: Estimated P: Projected

Source: World Urbanisation prospects: The 2019 revision, United Nations, CRISIL Research

The share of India's urban population, in relation to its total population, has been rising over the years, and stood at about 31% in 2010. People from rural areas move to cities for better job opportunities, education, quality of life, etc. Entire families or only a few individuals (generally an earning member or students) may migrate, while the rest of the family continues to live in the native, rural house. The above-mentioned United Nations report expects nearly 40% of the country's population to live in urban areas by 2030.

OVERVIEW OF RAILWAYS SECTOR IN INDIA

Trend in Passenger traffic and Freight traffic for Indian railways during the past 5 years (FY14-FY18)

Passenger traffic growth has remained flat over the past four years

Total railway passenger traffic has remained nearly flat over the past four years, going from 8,397 million passengers in fiscal 2014 to 8,286 million passengers in fiscal 2018. Passenger traffic, after falling by 1-2% between fiscals 2014 and 2016, witnessed a revival in fiscal 2018, largely driven by a turnaround in non-suburban traffic.

Railway passenger traffic (million passengers)

Note: E: Estimated; P: Projected

Source: Indian Railways, CRISIL Research

Going forward, the share of suburban passenger traffic in total railway passenger traffic is expected to slightly increase from ~57% in fiscal 2019 to ~58% in fiscal 2024, as passenger traffic on the suburban network is likely to

grow at a 0.5-1.5% CAGR during the period, while non-suburban passenger traffic remain flat. Within non-suburban passenger traffic, share of upper class reserved ticket bookings in total railway passenger traffic is expected to grow slightly from ~2% in fiscal 2019 to ~3% in fiscal 2024, with the segment growing at a 5.5-6.5% CAGR during the period on account of growing preference for convenient travel. The share of second class mail/express ticket bookings (reserved) is expected to inch up from ~17% in fiscal 2019 to ~18% in fiscal 2024, with the segment growing at a 1.5-2.5% CAGR.

Freight traffic growth revives in fiscal 2018 after remaining flat for two years

Total railway freight traffic grew from 1,052 million tonnes in fiscal 2014 to 1,160 million tonnes in fiscal 2018, registered a 2.5% CAGR during the period. Growth in freight traffic was majorly driven by strong freight demand from coal, pig iron and finished steel, iron ore, and container service during the four years. In fiscal 2018, freight traffic rebounded to a 4.8% on-year growth on the back of strong freight demand from coal, cement, container service, and other goods.

Government introduced measures to increase freight traffic, with an objective of increasing the share of Indian Railways (IR) in freight transport across India. Government announced the Eastern and Western Dedicated Freight Corridors (DFC), which aims to cut down on the turnaround time between importing and consuming destinations through construction of a railway network specialised for freight traffic.

Investments in Railways sector over the next three years (FY19-FY21)

Robust investments over the next three years to be driven by dedicated freight corridors

The government announced a planned outlay of Rs 1.59 trillion for the railways in the Interim Union Budget 2020, 14% higher than the preceding year's revised estimate of Rs 1.39 trillion, thus driving investment in the sector. About 41% of the planned outlay is expected to be financed through budgetary support, and the remaining through internal sources and market borrowings/institutional finance.

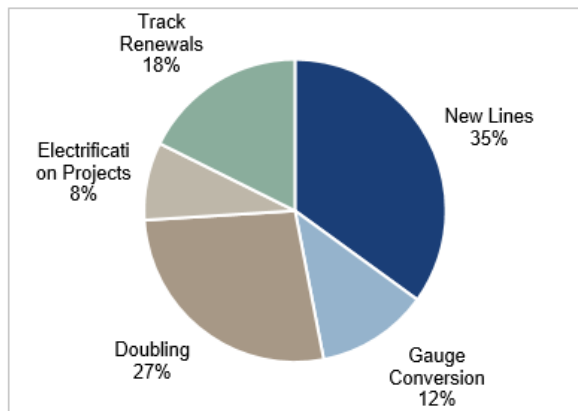

The growth in investments is driven by:

- Availability of funding from Life Insurance Corporation (LIC) and Multilateral agencies
- Improvement in the pace of approvals

- Provision of additional resources such as Rashtriya Rail Sanraksha Kosh (RRSK)
- Increase in private sector participation (especially in rolling stock, station redevelopment, connectivity projects, etc.)

In the short term, investments in railways are expected to continue the strong momentum as government maintains focus on network decongestion, particularly doubling and electrification works. Allocation to decongestion projects is estimated to be way above that made towards expansion projects, as the former is bankable/amenable to external financing (provide a rate of return greater than 12% based on detailed project reports prepared by the railway zones), cheaper, and likely to be completed and monetised quickly.

Source: Indian Railways, CRISIL Research

We believe the four-pronged strategy adopted: 1) plucking the low-hanging fruit by prioritising and commissioning vast backlog of projects, amounting to ~Rs 3.3 trillion for the major heads (excluding annual rolling stock procurement), 2) standardising and expediting project sanctioning to ensure a robust project pipeline and facilitating time-bound execution, 3) transforming the DNA of the institution via greater empowerment and accountability to enhance efficiency, and 4) focusing on bolstering its own finances – will help reinvigorate Indian Railways.

OVERVIEW OF FOOD SERVICES/CATERING INDUSTRY

Overview of overall Food services/Catering Industry

As per the National Restaurant Association of India (NRAI), the food services industry was estimated at Rs 3.09 trillion in fiscal 2016, and has grown at a ~11% CAGR to reach Rs 4.24 trillion in fiscal 2019. The growth was driven by growing young population of India, rising disposable incomes, uptick in discretionary spending on eating out, and growing number of women in working population. Increasing availability of restaurants offering variety of cuisines along with the proliferation of food-ordering platforms has also aided growth of the food services and catering industry.

Structure of Railway catering and e-catering industries

Railway catering refers to the catering services provided to railway travellers aboard trains as well as on stations and other railway establishments operated by Indian Railways. The Indian Railway Catering and Tourism Corporation Ltd. (IRCTC) is primarily responsible for providing catering services to patrons of Indian Railways through on-board catering services and its outlets/stalls operated on stations.

Railway catering can be categorized on the basis of point of consumption or sale as follows:

- **Mobile catering**
Mobile catering refers to catering services provided to rail travellers aboard a train, through a pantry car (on-board cooking facility) attached to the train or base kitchens (large cooking and packing facility within/near Railway premises for food preparation and distribution to trains or static units) located at major stations in the country.
- **Static catering**
Static catering refers to catering services offered to patrons at static units at railway establishments located at railway stations across the country. These static units include Jan Ahars (unit serving economy combo meals comprising of regional and local items), Cell Kitchens (mini base kitchens supplying food to trains or static units), Refreshment Rooms (unit where a-la-carte items, ready-to-eat meals, and thali meals are served), Food Plazas (multi-cuisine plaza serving food items at market-driven rates), Fast Food Units (major units selling fast

food items through self-service counters), and Food Courts (cluster of stalls selling food items such as branded products/eatables).

- E-catering

E-catering is an online food ordering service, launched by IRCTC in September 2014, that allows rail travellers, who are willing to pay higher prices for variety in food options, to order food items from partner restaurants listed on IRCTC's Food on Track app, IRCTC's e-catering website, and online platforms of other partner aggregators approved by IRCTC. Rail travellers can use their Passenger Name Reservation (PNR) number to order food items available with listed restaurants in the vicinity of approaching railway stations, any time after booking of ticket and up to two hours of scheduled arrival of the train, and have it delivered to the seat/berth allotted on their PNR number. The partner restaurants are selected through a tendering process and pay IRCTC 12% flat commission of the order value for every order received through the Food on Track platform or a partner aggregator platform.

Key regulations for rail catering

New Catering Policy 2017

As per the catering policy implemented by Ministry of Railways in 2010, mobile catering services including base kitchens were taken away from IRCTC. The policy directed the Railway Board to determine the menu and tariff for the standard meals, breakfast, tea, coffee and catering charges for meals, etc., whereas Zonal Railways would be responsible for fixing the menu and tariff for all other items including a-la-carte items and Jan Ahar outlets. IRCTC was primarily responsible for running of Food Plaza, Food Courts and fast food units under this policy.

On 27th February, 2017, the Ministry of Railways notified the New Catering Policy 2017 as per the Rail Budget 2016-17, under which IRCTC was reassigned the responsibility for the entire catering services across Indian Railways. As per the policy, IRCTC was directed to unbundle catering services by creating a distinction primarily between food preparation and food distribution, and add 10 more IRCTC-operated, mechanized, sophisticated base kitchens to ensure fresh and hygienic supply of food on trains.

The key features of the New Catering Policy 2017 are:

- IRCTC has been mandated to carry out the unbundling of catering services by creating a distinction primarily between food preparation and food distribution, and set up new kitchens and upgrade existing ones to order to upgrade quality of food preparation.
- IRCTC shall be responsible for catering services through mobile catering units, Base Kitchens, Cell Kitchens, Refreshment Rooms at A1 and A category of stations, Food Plazas, Food Courts, trains side vending, and Jan Ahars.
- IRCTC shall manage catering service on all mobile units having pantry car service presently with IRCTC. IRCTC shall also take over management of catering services on trains for which contracts have not been awarded by Zonal Railways due to various reason or trains that are being run departmentally by Zonal Railways.
- IRCTC shall determine the menu of standard meals as also of Rajdhani/ Shatabdi/ Duronto, in consultation with Zonal Railways, taking into consideration the local taste and cuisine. The standard meals served in trains shall be within the fixed tariff approved by Railway Board.
- Sale of a-la-carte items and Ready-to-Eat (RTE) meals shall be permitted through e-catering as well as on-board catering services by IRCTC.

Unbundling of food preparation and food distribution is expected to improve operational efficiency of catering services, thereby improving quality of services provided to customers. The transfer of operations of mobile catering services from Indian Railways to IRCTC could boost IRCTC's mobile catering revenues during the transition period, post which the revenues will moderate to a normal growth influenced by underlying growth drivers. IRCTC would be largely responsible for the entire catering services provided to rail travellers, thus resulting in cost and operational efficiencies. Sale of a-la-carte items and Ready-to-Eat (RTE) meals increase the variety in food items provided in catering services.

Review of IRCTC's catering revenues

IRCTC's catering revenues to grow at 7.5-8.5% CAGR in the next five years

CRISIL Research has considered IRCTC revenues from catering business as rail catering industry size, since IRCTC is entirely responsible for catering services provided to rail travelers through mobile catering and static catering.

IRCTC plans to expand its base kitchen network, with 15-20 greenfield base kitchens to be set up along with conversion of some Jan Ahar outlets on railway stations into base kitchens. IRCTC also plans to add pantry cars to some trains not having pantry cars. Growth in mobile catering services is likely to moderate to 7-8% going forward as revenue is expected to normalize after handover of catering services as per New Catering Policy 2017, supported by rise in rail travelers, increasing spending power of consumers, and improved coverage of catering services due to addition of base kitchens. Initiatives such as providing access to CCTV footage from base kitchens on IRCTC's website and providing QR codes on food packaging to access food details and base kitchen CCTV footage will help address concerns about quality of food being served. Healthy growth in rail passengers travelling on upper class and second class reserved tickets, who are most likely to avail catering services provided by IRCTC, is likely to aid growth in mobile catering revenues. E-catering services, although still a small part of catering services, are expected to continue strong growth on the back of increasing restaurant listings, ease of on-seat food delivery and growing preference of travelers. Going forward, revenue from static catering services is expected to grow at 13-14% due to moderation in addition of new food plazas/fast food units as coverage on railway stations nears saturation.

Consequently, IRCTC's catering revenues is expected to grow at 7.5-8.5% CAGR between fiscals 2019 and 2024 to reach Rs 14.5-15.5 billion in fiscal 2024. The growth in IRCTC's catering revenues is expected to be driven by:

- Likely increase in passenger traffic due to addition of new non-suburban trains i.e. long distance trains
- Rising affordability and variety of food items available in catering services
- Increasing coverage of catering services through addition of base kitchens and static catering units

Key industry trends

E-catering gaining traction among rail travellers

IRCTC launched station-based e-catering services in September 2014 as a pilot project covering 14 trains, and was expanded to 201 trains as of 31st March 2015. As per the Rail Budget 2016-17, the initiative has been extended to all 409 A and A-1 class stations, as against the 45 stations covered in the pilot phase. E-catering services offered through IRCTC's e-catering website, the Food on Track app, online platforms of approved aggregator partners, or by calling on 1323. As of July 2019, e-catering services had ~700 partner restaurants listed on its portal.

Average meals booked per day was around 1 in October 2014, steadily growing to ~8,500 in July 2018, and further up to 19,847 meals in July 2019. The growth in meal orders has been driven by increasing access to internet-enabled devices, growing online penetration in rail bookings, and expanding list of popular restaurants and quick service restaurant (QSR) chains on the e-catering platforms. Growing number of young travellers having awareness about food brands has also boosted growth in e-catering orders. The e-catering services initiative has shown strong growth despite logistical issues in timely deliveries at correct seats/berths and inconsistent internet coverage, especially in moving trains.

Since its introduction in fiscal 2015, annual order volumes for e-catering services registered a ~541% CAGR to grow from ~800 in fiscal 2015 to ~1.3 million in fiscal 2019. During the period, revenue from e-catering services grew at a ~609% CAGR, reaching Rs ~402 million in fiscal 2019 from Rs ~0.2 million in fiscal 2015. Order volumes and revenue from e-catering services more than doubled in fiscal 2019, due to strong growth in orders from the mobile app along with strong performance of mobile website introduced during the year.

OVERVIEW OF TRAVEL AND TOURISM INDUSTRY

Trends in global travel and tourism industry

Direct contribution of India's travel and tourism industry to grow at ~12% CAGR

World Travel and Tourism Council (WTTC) defines direct contribution of travel and tourism industry to the GDP as “GDP generated by industries that deal directly with tourists, including hotels, travel agents, airlines and other passenger transport services, as well as the activities of restaurant and leisure industries that deal directly with tourists. It is equivalent to total internal Travel & Tourism spending within a country less the purchases made by those industries (including imports)”. The direct contribution of India's travel and tourism industry to GDP grew at a strong 11.2% CAGR between fiscals 2013 and 2018 to reach Rs ~6.8 trillion in fiscal 2018, driven by rising incomes and improved availability and affordability of travel, though the growth moderated in fiscal 2017 due to liquidity crunch caused by demonetisation. Consequently, the direct contribution of India's travel and tourism industry as a percentage of its GDP fell to 3.58% in fiscal 2019, after rising to 3.62% in fiscal 2016.

WTTC expects the direct contribution of India's travel and tourism industry to GDP to grow by ~12% and reach Rs ~11.7 trillion in fiscal 2024, driven by factors such as improved connectivity and affordability of air and rail travel, government policy initiatives for promoting domestic tourism, growing convenience of online travel bookings, and higher exposure to unexplored domestic and foreign tourist destinations due to social media.

Overview of domestic travellers in India

Growth in domestic travellers to see uptick over next 5 years

Domestic Tourist Visits (DTV's) to all States/UTs in India have seen strong growth largely on account of rising disposable incomes, increase in connectivity via air and rail travel, affordability of air travel thanks to low-cost carriers, state-level policy initiatives for tourism and increasing room inventory across budget, mid-segment and premium hotels in the country. Other softer factors like increase in business travel, concept of weekend getaways and shorter stays gaining popularity, ease in bookings due to growing proliferation of online agents and aggregators and rising inclination of young travellers to explore untapped tourist destinations have also played a role in strong growth in DTV's in India. Consequently, CRISIL Research estimates that DTVs grew by 8.0-8.5% to reach 1,765-1,815 million in 2018.

Domestic travel in India is primarily done as a leisure activity followed by travelling for visiting friends and relatives, and travelling for religious purposes. In recent years, trends such as eco-tourism and health tourism have also gained ground, while corporate travel too has augmented within the country. Hence, over the medium term, CRISIL Research expects DTVs to grow annually by 9-10% and touch an estimated 2,760-2,810 million by 2023 due to factors such as rising trend of youth population willing to explore more places in the country.

Trend in train tour packages and tourist trains

Land tour packages grew at ~23% CAGR over the last four years

While IRCTC's overall revenue from tour packages declined in the previous 4 years, revenue from land tour packages (LTP) has increased sharply from Rs 20.6 million with 10,376 passengers in fiscal 2015 to Rs 47.1 million with total number of 33,725 passengers in fiscal 2019. The decline in overall train tour packages is attributed to the significant decline in revenues of rail tour packages (RTP) from Rs 139.5 million in fiscal 2015 to Rs 48.1 million in fiscal 2019.

While the overall revenues from tour packages have declined at a ~6.5% CAGR in the last four years, the total number of passengers have registered a 2.3% increase indicating lower realisation rates of the overall tour packages for IRCTC.

State Special Trains continues to generate maximum revenue from tourist trains

The total revenue generated by tourist trains grew from Rs 2,013.9 million in fiscal 2015 to Rs 2,994.4 million in fiscal 2019 thus showing a healthy 10.2% CAGR. Bharat Darshan trains have registered the highest growth in revenues at 26% CAGR between fiscals 2015 and 2019 whereas revenues from Maharajas' Express have shown mild uptick in revenue. While the overall revenues declined in fiscal 2018, it has slightly recovered by 1.4% in fiscal 2019.

Overview of foreign travellers in India

Foreign tourist arrivals to exhibit strong growth in next 5 years

Foreign tourist arrivals (FTAs) registered on-year growth of 5% to reach 10.5 million in 2018, with FTAs on e-visa continuing its strong growth at 39% on-year, reaching 2.37 million in 2018 from 1.7 million in 2017. Although on-year growth in FTAs moderated in 2018, it is expected to pick up in subsequent years on account of favourable government policies.

Various luxury trains such as Maharaja Express and Golden Chariot offer an attractive route to explore the country for foreign tourists in India. These trains are aimed to provide tourists with an experience of the culture, heritage and cuisine of India by visiting various destinations in the country. Other than these luxury trains, foreign tourists are also attracted by other tour packages such as Bharat Darshan Tourist Train and Buddhist Circuit Special Train as they cover various destinations within the country at a relatively cheaper price. Buddhist Circuit Special Train focuses on providing comfort level with specific emphasis on the ride quality through customisation as per the needs of the passengers and covers accommodation in luxury hotels at select destinations, meals at fine dining restaurants, transfers and sightseeing in buses, services of multi-lingual tour guide, on-board and off-board meals, monument entry fees and travel insurance.

Trend in Indian Nationals' Departures (INDs) from India

Indian Nationals' Departures (INDs) from India grew annually at 9.4% over the last 10 years

The number of Indian Nationals' Departures (INDs) from India grew from 4.6 million in 2001 to 23.9 million in 2017, registering an annual growth rate of 10.9% during that period. INDs are expected to grow at a moderate pace of ~5.5% in 2019, on account of a high base in 2018. Going forward, INDs are expected to sustain their strong growth at a 9-10% CAGR between 2018 and 2023, driven by rising disposable incomes, higher number of millennial travellers opting for foreign trips, and increasing awareness about plethora of foreign tourist destinations through growing usage of social media.

Travel Insurance and co-branded credit cards

Travel and tourism companies and banks jointly offer co-branded credit cards which are routed through credit card companies, which help increase credit penetration for banks and helps increase volumes for online travel and tour operators as well as airlines and railways. Travel insurance protects customers and/or their family against travel related accidents, unexpected medical expenditure during travel, losses such as baggage loss, loss of passport etc. and interruption or delays in flights or delayed arrival of baggage etc. The travel insurance market in India is gaining momentum each year as insurance companies are now offering customized travel insurance plans, considering the convenience of the travellers.

Co-branded Credit Cards

Most of the co-branded cards come with a one-time joining fee and some also have additional yearly annual fee. Most of them which have annual fee have a feature that if the annual spend through the card is above a limit, the annual fee is waived off. Based on the total amount spent using co-branded credit cards, customers earn reward points that can be redeemed and as cash for further bookings. These rewards points earned are further multiplied by a factor and customers get high rewards if the bookings/purchases are made directly with the affiliated brand/merchant. Some cards offer direct cashback offers on the total amount in addition to the rewards awarded. Most of these cards come with some joining bonuses/perks such as initial reward points, gift vouchers, or brand-specific offers.

Co-branded credit cards assist the service provider in increasing their website traffic and provides a value differentiation over its competitors. Offering of co-branded credit cards helps in greater customer engagement as the existing customers will be less likely to move to competitors since they know they can get better benefits and rewards if they make their purchases with the card of the partner. This leads to increasing the overall passenger volumes and revenues for the organisation through customer retention and repeat purchases and building a long term relationship with the passenger while also enhancing customer loyalty.

Travel Insurance

Purchasing a travel insurance policy provides cover against medical and non-medical travel-related contingencies. It can be availed by anyone below the age of 85 years without undergoing medical check-up, unless specified in the insurance plan. While travel insurance is typically for international travel, insurance companies have now come up with plans to include travel within India as well. Different travel websites have tie-ups with different insurance companies which have specific policies. Based on the issue, the insurance amount/coverage varies and it varies according to the company's policies.

Some travel insurance providers in India are SBI General, Religare, TATA AIG, Bharti AXA, and Future Generali. Travel insurance plans can range from one month to one year. These include coverage of medical emergency, personal accident coverage, flight delay or loss of checked baggage, loss of passport or other travel related documents, etc. Some of these travel insurance plans also include personal liability coverage (up to a pre-determined amount), upgradation, and hijack distress cover.

Travel insurance helps the partner in repeat purchases by customers by providing them with a safety against a possible future loss through monetary compensation. Travel insurance is usually provided to an individual, however, recent developments in the segments have showed that the companies are now coming up with schemes and incentive plans to provide travel insurance to a group of people as well such as spouse or children. This helps in multiple bookings at the same time for the service provider, thus helping them in increasing their sales volume.

Key government initiatives for tourism industry

The Ministry of Tourism, MoT (under Government of India) is responsible for formulating programs and schemes, introducing growth oriented policy measures, coordinating with private and Government agencies, and marketing and promoting tourism in India and across the world. Augmenting tourism infrastructure, easing of visa regime, assurance of quality standards in services of tourism service providers, projecting the country as a 365 days' tourist destination, promoting tourism in a sustainable manner, etc. are some of the areas which MoT is working upon to increase and facilitate tourism in India.

At a global level, India has been consolidating its position as a tourism destination. As per the Travel & Tourism Competitiveness Index 2017 of the World Economic Forum, India figured in the list of 'Most improved countries in the travel and tourism competitiveness Index 2017' gaining 12 places to reach the 40th position globally in 2017 from 52nd in 2015. The Travel & Tourism Competitiveness Index 2017 report also forecasts that India will be one of the 10 fastest growing destinations for leisure-travel spending between 2016 and 2026.

According to the United Nations World Tourism Organization UNWTO tourism highlights 2018, South Asia recorded about 6% increase in international tourist arrivals in 2017. India drove the regions' performance by about 7% growth in international tourists making India the top destination in South Asia. The MoT has undertaken several key initiatives to promote tourism in the country, at a national as well as global level.

OVERVIEW OF PACKAGED DRINKING WATER INDUSTRY

Industry overview

Packaged Drinking Water (PDW), also called bottled water, is defined as water treated and disinfected through several processes to make it fit for human consumption. Packaged drinking water is derived from varied sources including surface, ground or sea and subjected to treatment like decantation, filtration (including aeration filtration with membrane filter, cartridge filter, and activated carbon filtration), demineralisation, mineralisation and reverse osmosis. The packaged water is also disinfected before being packed so that it does not get contaminated until consumed within a specific time. The drinking water is filled in sealed containers of various compositions, forms and capacities that are suitable for direct consumption without further treatment. In case demineralization is a part of the treatment process, the ingredients used in the process should be of food-grade quality and conform to the requirements set by Food Safety and Standards Authority of India and rules framed thereunder.

Under the packaged drinking water industry, mineral water and purified water are most popular in India. The segment also encompasses other types of bottled water such as sparkling bottled water, premium natural mineral water and spring water. The industry has a seasonal demand to a certain extent with peak demand occurring during summer, especially in the months from March to June, and lower demand in winter.

The Packaged Drinking Water Industry broadly operates in three models:

- Standalone manufacturing – companies set up their own plants for extraction of groundwater and bottling of processed water
- Contract manufacturing – bottling operations are partly or entirely outsourced to a third-party to reduce initial setup cost
- Franchisee operations – third party uses the trademark of the parent company to sell the product under their name for an agreed upon franchisee fee while adhering to the quality standards and guideline laid down by the franchiser in manufacturing the product

Packaged drinking water is sold in various stock keeping units (SKUs) by the players. Smaller SKUs include 250ml, typically served at conferences, banquet halls, and corporate events, and 500ml, generally consumed for instantaneous need and short distance commute. 1 litre bottle is the most widely used SKU due its better availability in retail shops and suitability for individuals for a short duration. Larger SKUs include the 2 litre bottle and 5 litre pack which are used for longer durations and by small groups for purposes like short trips or longer duration travel. The 20 litre SKU, which is offered by a small number of players and provide good value for money, is preferred for domestic and office use.

The distribution of packaged drinking water happen through two channels:

- Off-trade sales take place at retail outlets, such as grocery stores, local shops and malls
- On-trade sales are those that take place at food-service outlets, restaurants, bars and clubs

The Supreme Court has allowed hotels and restaurants to sell bottled water and other packaged products at above the maximum retail price as they render a service and cannot be governed by the Legal Metrology Act. Hence typically, price per litre for on-trade sales is higher as compared to the off-trade sales, while the sales volumes are higher for off-trade sales.

Packaged drinking water market is highly fragmented as regional players who have limited reach and production capacity tend to dominate the market in their respective regions by giving retail shops a higher margin to increase the sales of their product while the unorganised players have an adverse effect on the sales of branded players through the imitation of their trademarks. Currently the industry is dominated by regional players which includes both organised and unorganised players. As of fiscal 2019, the share of organised segment in the PDW market is 60-65% whereas the share of unorganised segment in the market is 35-40%.

Review of organised packaged drinking water market

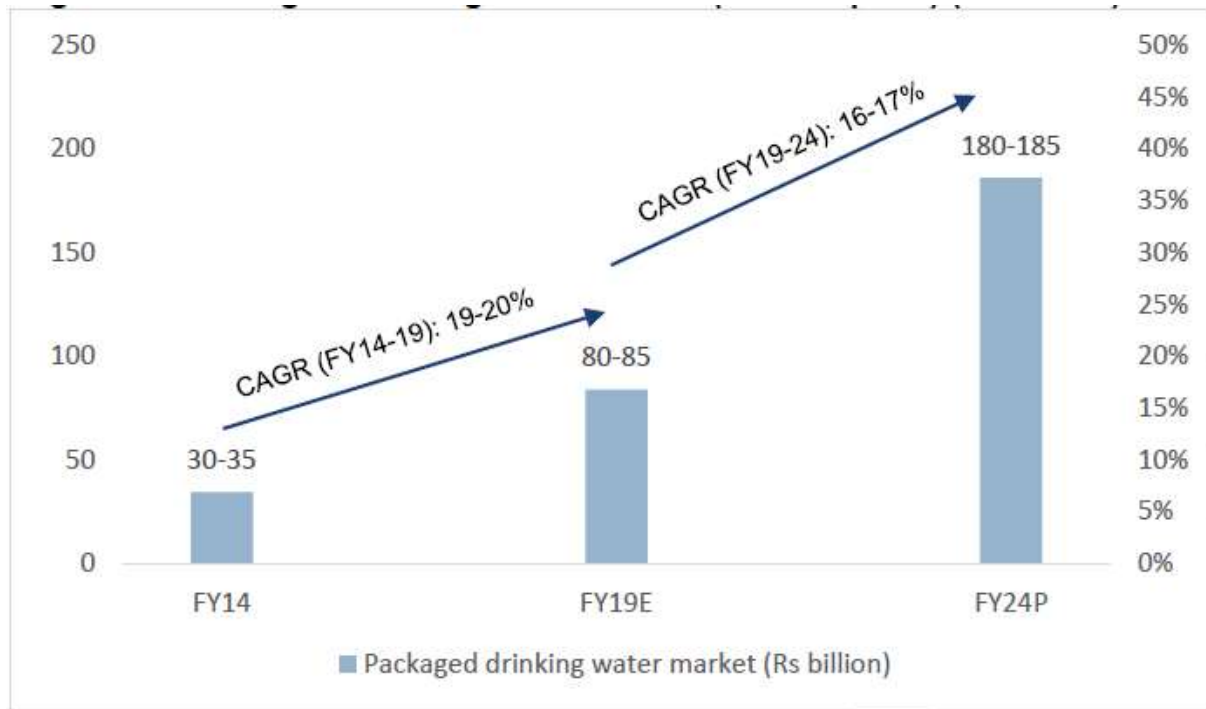

Strong growth in past five years due to growing health awareness and improved availability of packaged drinking water

Growth in the organised packaged drinking water market has been driven by rising health consciousness of people due to concerns over the quality of tap water supply and the possible incidence of water-borne diseases due to consumption of contaminated water, resulting in opting for packaged drinking water as it proves as a safer alternative. Advertising campaigns by major players in the industry has also contributed to growing awareness about packaged drinking water and its benefits. Focus of large players on widening distribution network as well as retail network has increased availability of bottled water, thereby aiding its growth.

Domestic tourism (Indians travelling to destinations within India) and inbound tourism (foreign nationals travelling to destinations in India) has seen a strong growth between 2013 and 2018, as indicated by the estimated growth of domestic tourist visits (DTV's) and foreign tourist arrivals (FTAs) at 9-10% CAGR and 8-9% CAGR respectively. Foreign tourists in India, especially from developed countries such as US and European nations, have preferred packaged drinking water from globally recognized brands due to concerns about quality

of drinking water available while travelling in India. On the other hand, domestic tourists are also increasingly preferring packaged drinking water due to quality concerns about drinking water, convenience of disposal of water bottles, and improved availability of packaged drinking water. As a result, the organised packaged drinking water market has been estimated to have grown from Rs 30-35 billion (at retail price) in fiscal 2014 to Rs 80-85 billion in fiscal 2019 at a strong 19.5% CAGR.

Organised Packaged Drinking Water Market (at retail price) (Rs billion)

Increasing spending by health conscious consumers likely to sustain high growth

Going forward, growth in Packaged Drinking Water industry will be driven by increasing awareness and desire to consume clean drinking water as well as the rise in ability and willingness to pay for it. Demand will be driven by higher demand from both the urban and rural areas. Water demand in urban areas is rising due to growing health consciousness, as well as growing demand for premium products such as spring and sparkling water. Rising rural incomes, improving availability, and increased threat of water borne diseases due to shortage of safe drinking water is likely to support the demand for packaged drinking water in rural areas.

Higher mobility among young population due to growing opportunities in new education and industrial hubs is resulting in migration, with a large share of this population opting for rented accommodation. Such residents tend to opt for large SKUs of packaged drinking water over upfront investment and regular maintenance cost associated with a water purifier due to the possibility of moving to a new city in a short period. Changing lifestyles of people is likely to increase the demand for the larger SKUs. As the more mobile and younger generation is opting to rent houses over purchasing a property over factors such as frequent changes in job and moving to different locations to attain education, people prefer purchasing the 20 litre SKU over installing water purifiers thus avoiding the upfront investment and regular maintenance cost of the purifier.

Sustained growth in domestic and inbound tourism coupled with preference for packaged drinking water over tap water is expected to be a major driver for bottled water demand in India. While the WTTC expects the direct contribution of India's travel and tourism industry to GDP to grow by ~12% and reach Rs ~11.7 trillion in fiscal 2024, both the FTAs and DTVs are expected to rise by another 9-10% till fiscal 2024. Rise in tourism is likely to

drive demand for the packaged water industry due to unavailability of potable water during the travel period. The health conscious tourists also have a preference for the packaged water over the less reliable tap water in the public places and stations.

On account of these factors, the packaged drinking water market is expected to further grow by 16-17% CAGR and reach Rs 180-185 billion in fiscal 2024.

Share of railway establishments in packaged water industry

With IRCTC (Rail Neer) being provided a monopoly to market bottled water at all Railway establishments, it has been fast expanding its presence across Pan-India to supply at all Railway stations. Currently, Rail Neer distributes water to only a few Railway establishments in India due to constraints in capacity. Going forward, with a significant step up in investments across the country in Drinking Water facilities through PPP model and Semi-PPP model, Rail Neer is expected to increase coverage to majority of Railway establishments in the country. This could result in organised players eventually gaining more market in the non-railway market as they move out of railways boosting the overall organised market share further.

The upper class reserved ticket bookings under the non-suburban traffic has been growing at 5.5-5.6% CAGR between the fiscals 2014 and 2019 which accounts for ~2% of the overall railway passenger traffic. This segment represents the population segment which is likely to purchase packaged drinking water during their rail travel and a healthy growth in the segment is likely to be a growth driver for the packaged water industry in railway establishments.

Indian Railways has made the distribution of Rail Neer in railway stations a mandatory depending on their distribution capacity and their ability to supply to these railway establishments. However, in the places where the Indian Railways is not able to distribute Rail Neer due to logistical and capacity constraints, they approve certain companies to provide packaged drinking water in these establishments and give the contract through tender bidding. These bidders have to be evaluated on the basis of the water quality they provide through rigorous quality control methods. Another requirement for these bidders who wish to sell packaged water in Railway establishments is that they cannot sell their product over the maximum retail price of Rail Neer.

While the overall Packaged Drinking Water industry has been estimated to grow at 20-21% between fiscals 2014 to 2019, the market size of railway establishment for the packaged water is estimated to grow at 2.1%-2.2% during the same period. Hence the share of railway establishments for packaged drinking water in the overall market is estimated to decline from 20-22% in fiscal 2014 to 9-10% in fiscal 2019. We estimate this trend to continue through fiscal 2024 and hence the share of railway establishments for packaged water is expected to further decline to 4-5% by fiscal 2024.

Key Regulations and Challenges

The Bureau of Indian Standards (BIS) had formulated Indian Standard (IS) for packaged drinking water (PDW) and packaged natural mineral water (PNMW) under mandatory BIS certification as per Food Safety and Standards Regulation (FSS). This implementation led major players to acquire ISI and BIS certifications to avoid any cancellation of licenses.

Challenges

Companies do not have control over managing water resources

Ministry of Water Resources strictly limits the withdrawal of ground water by Industries which use water as raw material. Withdrawal of water from Over Exploited (OE) areas is not permitted. Thus, the availability of primary input is sensitive to the natural fluctuation of water levels in reservoirs. Maximal withdrawal limits in different regions is given below.

Category	Ground water withdrawal limit
Safe	Withdrawal limited to 200% of ground water recharge
Semi-critical	Withdrawal limited to 100% of ground water recharge
Critical	Withdrawal limited to 50% of ground water recharge

Note: Ground water recharge is a managed process surface water flowing into the groundwater system

Imitation from unorganised players

In recent years, a number of companies selling fake branded bottled water have cropped up in the market. These players imitate the packaging of major brands, but do not maintain quality and hygiene standards, which in turn leads to health issues among consumers. As a result, sales of the organised players are also being impacted by the smaller players who provide higher margin to the retailers in order to push their product. This has also led to consumers losing faith in the packaged bottled water due to inferior quality provided by these imitating brands, thus affecting the overall sales of the major players in the market in the long run.

Adverse government regulations

Players in this segment are exposed to adverse government regulations and reports on the use/misuse of the ground water in a particular region. This can temporarily result in a drop in sales for a player in that region. The rising water scarcity issue in the country has alarmed the general public over depleting water sources that can lead to stringent laws from the government over procurement of water through the natural water bodies in the future.

Rising popularity of Water Vending Machines

Water Automated Teller Machines (ATM) or water vending machines are automated purification systems which are set up by state government or private companies in areas where there is a deficiency of water, especially in urban areas. These water ATMs provides access to safe water at a nominal rate of 15 paise to 1 rupee per litre of water. The main aim of the water vending machines in India is to provide clean and pure drinking water to the poor and needy at nominal rates. The private companies built and operate the machines and in return benefit from them. This has reduced the financial burden of government to spend on providing clean drinking water to a great extent. Increasing popularity of water ATMs near railway establishments is likely to eat up the market for packaged drinking water of IRCTC as they are priced significantly lower as compared to Rail Neer.

Key Industry Trends

Trends in SKU preferences

One-litre bottle is the most preferred SKU among retail consumers

The 1 litre PET bottle is the largest selling category in this segment. Demand for bottled water is mainly from the retail sector; however, rise in demand from social functions and corporate events is changing this trend as convenience of carrying the smaller pack size as desired has resulted in emergence of the 500 ml SKU.

Rising demand for smaller SKUs

Demand for smaller packs, especially the 500 ml SKU, is increasing due to people demanding water on the go to quench their thirst on a short term basis. As there is no difference in the effective cost per litre of a 500 ml SKU and a 1 litre bottle, people prefer the smaller SKU due to ease in portability which adversely impacts the profitability of players due to comparatively higher packaging cost for the smaller SKU. There is also an increase in demand for the 250 ml pack from the Meetings, Incentives, Conferences and Exhibitions (MICE) market, corporate clients and independent events such as concerts and sporting events. With the aim to capture all the segments of society, players have started foraying into packaged water pouches at low price points to increase affordability of packaged drinking water for masses, however this is still in the experimental stage.

Carbonated and flavoured vitamin water to gain traction from the health conscious consumers

Another form of beverage that is gaining popularity is flavoured vitamin water. These products claim to be able to deliver the requisite amounts of vitamins and minerals to keep a person healthy and energised. Changing lifestyles of consumers has to lead a preference for vitamin and minerals rich drinking water. Bottled water manufacturers are introducing new products with health benefits and new flavors which has resulted in several product launches in the bottled water market. Growing consumption of bottled water rich in minerals such as potassium, sodium, and magnesium, is supporting the growth of the water market. Health conscious consumers are also exploring the carbonated water segment which has benefits for digestion as it can lead to improved swallowing, increased feelings of fullness and reduced constipation. Several studies have also showed that carbonated water may have beneficial effects on cholesterol, inflammation and blood sugar, potentially reducing the risk of heart disease. Moreover, efforts by manufacturers towards product innovation followed by product promotion is boosting the growth of the market.

OVERVIEW OF E-BOOKING INDUSTRY

Overview of E-booking industry

E-booking refers to online bookings, which are typically done over the internet by using laptops, desktops, tablets and mobiles. Offline bookings include bookings made through phone calls, and walk-ins. E-booking includes bookings done using:

- Captive platforms – website or mobile application offered by service provider such as airline or hotel;
- Global distribution systems (GDS) – worldwide network of electronic reservation systems used by travel product suppliers and buyers to provide and avail of booking services;
- Online travel agency (OTA) platforms – website or mobile application provided by OTAs, who are typically third-party agents reselling travel-related products and services provided/organised by others for an agreed commission
- Aggregator platforms – website or mobile application provided by aggregators, who typically list offerings from different providers/sellers in a particular travel segment

The industry sizing has been estimated at gross bookings defined as the total amount paid by customers for travel services and products booked through the company and/or agency, including taxes, fees and other charges, and these are net of cancellations, discounts and/or refunds.

CRISIL Research has considered the following travel segments for sizing the e-booking industry:

- Domestic and international airlines
- Domestic hotels
- Railways

While online booking of movies, sports and other events is also widely popular in India today, they have been kept out of the purview of this study as the focus is on travel-related segments. Tour or holiday packages have also been excluded from the market sizing in order to avoid over-estimation.

Estimated current market size for booking industry (including traditional and online)

Indian booking industry currently estimated at ₹ 2,335-2,355 bn

CRISIL Research has considered airline booking (domestic and international), hotels (room revenues across premium, mid-market and budget accommodations) and railway booking (long distance train booking) segments for mapping the travel industry in India. The market sizing includes tickets booked via offline and online modes and is estimated at the gross bookings level (defined as the total amount paid by customers for travel services and products booked through the company and/or agency, including taxes, fees and other charges, and these are net of cancellations, discounts and/or refunds).

In the last few years, the Indian booking industry has grown strongly on the back of healthy growth in domestic tourism and inbound tourism in India. Growth in domestic tourism has been aided by rising disposable incomes, widening reach of air and rail travel, and state-level policy initiatives for promoting tourism. Increase in business travel, evolving traveller towards new experiences and unexplored tourist destinations, and growing online bookings due to rise of online agents and aggregators have further boosted domestic tourism.

Inbound tourism is majorly driven by leisure travel on account of India's rich cultural heritage and geographical diversity, with government initiatives for promoting tourism through simplification of visa process and tourism events such as Rann Utsav in Kutch and Kumbh Mela in Prayagraj (erstwhile Allahabad) also aiding leisure inbound tourism. Medical tourism is a key factor attracting foreign tourists from developing nations, with South Asian nations accounting for more than half of medical tourists coming to India, due to availability of advanced medical facilities and specialised doctors at affordable costs.

The Indian booking industry was estimated at ₹ 1,370-1,390 billion in fiscal 2014. On account of strong growth in domestic tourism and inbound tourism, the Indian booking industry grew at a CAGR of 11-12% to reach ₹ 2,335-2,355 in fiscal 2019.

Airline booking constitutes nearly half of Indian booking industry

Airline booking formed 47-49% of Indian booking industry as of fiscal 2014. Its share inched up to 48-50% as of fiscal 2019 due to strong growth in airline booking on account of improvement in connectivity, increasing affordability of air travel, and rising incomes and inclination for air travel among travellers.

Hotel bookings slightly increased its share from 29-31% in fiscal 2014 to 30-32% in fiscal 2019 on account of healthy growth in domestic tourism, higher spending on travel, and increasing availability of options at competitive prices due to emergence of OTAs and aggregators.

Rail booking lost share in overall booking industry from 21-23% in fiscal 2014 to 19-21% in fiscal 2019, even as some of the train travellers shifted towards air travel, especially with extension of airline connectivity to some cities, even as rail booking grew at a moderate pace.

India's rising internet penetration

India has witnessed a drastic surge in internet users over the past few years with internet penetration as a percentage of total population crossing 49.9% as of fiscal 2019. CRISIL Research expects the total number of internet subscribers in the country to reach more than 1000 million by fiscal 2024 resulting in 62% internet penetration, out of which more than 96% will be wireless broadband users. By 2024, we expect complete transition of 2G and 3G data services to 4G. This can be attributed to increased demand for data, competitive pricing of 4G services and availability of affordable handsets. Consequently, narrowband is expected to be on the wane as better speeds are available to users at lower price points which the players are using as a point of differentiation.

Share of E-booking in the industry for fiscal 2019

Share of E-booking in the Indian booking industry estimated at 53-57% as of fiscal 2019

The Indian travel market is growing fast and has significantly evolved with digitisation. The global distribution system (GDS)* was introduced for travel and hospitality service providers in India during the 1990's, at a time when internet penetration was low. The trend in online travel bookings was further fuelled with the Indian Railway Catering and Tourism Corporation (IRCTC) launching its e-booking services in 2002. Another factor that fuelled the growth of online booking in the country was the emergence of OTAs and online travel aggregators during the early 2000s, who initially focussed on airline booking.

Note: *Global distribution systems (GDS) is a worldwide network of electronic reservation systems used by travel product suppliers and buyers to provide and avail of booking services. GDS enables transactions between suppliers like airlines, hotels, car rental and travel agencies. GDS gathers and combines the information from several travel product suppliers in a common database. It enables travel agents to access real-time information such as rates, inventory, availability of various travel products to make bookings. GDS has been a stepping stone for the internet based travel services and is expected to help the travel industry grow further in future as more travel agents are expected to integrate GDS to their websites.

Booking services across travel segments have undergone a dramatic change over the past five years thanks to increased internet penetration, greater affordability of smart phones, user friendliness of online platforms, convenience in terms of comparison and varied modes of payment offered (credit cards, debit cards and net banking) and faster pace of service providers adopting digital platforms for their respective businesses. Consequently, the share of e-booking, made via captive websites/applications of the service providers or through online travel agencies (OTAs), in the Indian booking industry has substantially increased from 35-40% as of fiscal 2014 to 53-57% as of fiscal 2019.

E-booking industry reached ₹ 1,300-1,320 bn in fiscal 2019

The e-booking industry in India was estimated at ₹ 505-525 billion in fiscal 2014, with online travel bookings largely prevalent in major cities, due to limited internet penetration and unavailability of affordable internet-enabled devices. However, with the emergence of low-cost mobile internet and improving affordability of smartphones due to intense competition in the market, access to online travel bookings has improved substantially over the past five years. Growing traction for online travel agencies (OTAs) and aggregators, easier access to information about tourist destinations due to internet blogs and influencers, and rising tendency among young travellers for frequent travel has further fuelled online travel bookings.

Consequently, the Indian e-booking industry has grown strongly at a 20-21% CAGR to reach ₹ 1,300-1,320 billion as of fiscal 2019.

Airline booking currently accounts for a dominant share in the Indian online booking industry

The online booking market in India is dominated by high-volume airline booking business, which includes both domestic and international travel. The segment accounts for 59-61% of overall online booking. Industry estimates indicate airlines have a high online penetration of 65-75% as they were among the earliest to adopt online channels. Online airline booking was further aided by rising internet and smartphone penetration, incentivisation of online bookings by airlines through loyalty programmes, increasing usage of OTAs for competitive airfares and price comparison.

Rail booking accounts for 24-26% of the online booking industry in India. The IRCTC, which introduced online rail booking in 2002, has been instrumental in popularising online option for bookings in India. As per its annual reports, the share of e-booking in total ticket bookings improved from ~55% in fiscal 2015 to ~66% in fiscal 2018. On an average, approximately 675,000 tickets were sold on a daily basis through the IRCTC's website during fiscal 2018.

Outlook of the Indian E-booking industry over the next five years

Indian e-booking industry to grow at 16-18% CAGR from fiscals 2019 to 2024

In fiscal 2019, the Indian online booking market was estimated to be worth ₹ 1,300-1,320 billion, registering 20-21% CAGR from ₹ 505-525 billion in fiscal 2014. The growth can be attributed largely to the increasing penetration of internet and smart phones. Other enabling factors include growing share of low-cost airlines, increasing popularity of online railway ticket booking system and convenience that online bookings offer. With increasing popularity of online bookings due to the convenience, the market is expected to clock 16-17% CAGR to reach ₹ 2,830-2,850 billion by fiscal 2024. While increasing penetration of internet and smart phones will continue to aid growth in the medium to long term, other factors such as increasing usage of credit/debit cards as payment mechanisms, proliferation of channels like OTAs will also play a key role in the medium to long term.

However, the online booking industry is not without its share of challenges. Travellers' concern about security of their personal information and online financial frauds are the key challenges that require to be addressed effectively in order to ensure seamless transition from offline to online channels.

Review of penetration of E-booking in Railway bookings

E-booking penetration in railway bookings estimated at 70% in fiscal 2019

Indian Railway Catering and Tourism Corporation (IRCTC) launched its rail e-booking services in 2002, which helped the rail booking segment gain significant ground in e-booking penetration. IRCTC is the only entity authorized to provide rail e-booking facility, with other OTAs routing their rail e-booking transactions through IRCTC's booking engine. As of fiscal 2014, ~158 million rail tickets (for non-suburban rail i.e. long distance trains) were booked online through IRCTC platforms, including its desktop website as well as mobile website and application, resulting in ~51% e-booking penetration out of total railway tickets booked during the year.

The growth in number of online rail bookings slightly slowed down between fiscals 2014 and 2017 due to moderation in online bookings as well as levying of service charge of ₹ 20 per ticket and ₹ 40 per ticket for Non-AC and AC classes respectively. This was in line with slowing growth in rail bookings on account of a shift towards air travel due to improving connectivity between major cities and rising share of low-cost carriers offering affordable airfares. As a result, online rail bookings reached ~209 million in fiscal 2017, even as e-booking penetration improved to 62%.

Ministry of Railways announced the withdrawal of service charge levied on tickets with effect from 23 November, 2016, thus providing a boost to rail e-booking. Consequently, online rail bookings jumped to ~247 million in fiscal 2018, with e-booking penetration rising up to ~66% for the year. Between fiscals 2014 and 2019, online rail bookings have registered a ~12.5% CAGR to reach ~284 million, with e-booking penetration rising to 68-70% in fiscal 2019.

E-booking penetration in railway bookings to increase to 81-83% by fiscal 2024

Healthy growth in rail bookings is expected due to rise in domestic tourism, widening rail network across the nation, increase in number of young travellers, and growing awareness about domestic tourist destinations. Online railway bookings have reached high penetration in major cities, but there remains a huge potential for increasing penetration of rail e-booking in smaller cities and towns. Growth in these areas will be driven by improving internet penetration and access to smartphones, better awareness about online booking platforms, and increasing comfort with online booking platforms and financial transactions. Growth in e-booking penetration will also be supported by improving technological infrastructure in IRCTC platforms as well as growing traction of other OTA platforms for online rail bookings.

Consequently, online rail bookings are expected to grow at 8-9% CAGR to reach 425-435 million in fiscal 2024, with e-booking penetration rising to 81 – 83% for the year.

Key regulations and challenges for the E-booking industry

Government scheme for accreditation of online travel aggregators

On 10th December 2018, the Ministry of Tourism notified the guidelines for approval of online travel aggregators to ensure adequate safeguards against deficiency of service, alternate arrangements if needed and punitive deterrence. This is a voluntary scheme for bonafide online travel aggregators to bring them on a common platform in the organised sector, whilst weeding out players operating without a valid accreditation and resorting to unfair or unethical trade practices.

The scheme envisages granting approval for five years, and re-approval for five years, to the applicant aggregator by the Ministry of Tourism, Government of India, based on the inspection report / recommendations of a Committee comprising the concerned Regional Director (RD), a representative of The Federation of Hotel & Restaurant Associations of India (FHRAI), and a representative of Indian Association of Tour Operators (IATO), and approval of Competent Authority (Chairman, HRACC).

The scheme will be beneficial for smaller OTAs, which find it difficult to spend heavily on marketing and expand their service provider network due to feasibility issues. Larger OTAs are likely to opt out, as

MakeMyTrip has already announced in February 2019, since they employ their own well-funded strategies for marketing their services and claim to have their internal programmes for quality checks.

Draft Personal Data Protection Bill 2018

On 27th July 2018, a former Supreme Court Justice B N Srikrishna-led expert committee, appointed by the Ministry of Electronics and Information Technology (MeitY), notified the draft Personal Data Protection Bill 2018, aimed at laying down regulations for storage and processing of personal user data, which is currently governed by the SPD Rules (Sensitive Personal Data and information, 2011). The bill applies to goods and services offered by any data fiduciary (any individual, company, juristic entity or the government who, alone or with others, determines the purpose and means of processing personal data) in the private and government sectors to any data principal (a natural person to whom the personal data belongs). The Bill borrows principles from the framework of the European Union General Data Protection Regulation (GDPR) implemented in May 2018.

The Bill proposes that all personal data, sensitive personal data and children data should be obtained by explicit consent from the data principal, who will have the right to be forgotten and erased from data records, the right to request a portable copy of personal data, and the right to correction and confirmation. For processing of personal data within or outside India, one mirror copy shall have to be stored in India, whereas sensitive personal data, to be defined by the proposed Data Protection Authority of India, should be stored only in India. The Bill also proposes a penalty of up to ₹ 150 million or 4% of the data fiduciary's total global turnover, whichever is higher, in case of non-adherence to provisions laid out in the Bill.

The Bill is currently under consideration by the MeitY, and if passed, is likely to strengthen the security in storage and processing of personal user data by government bodies and companies operating in India. Even as the implementation of the Bill could increase compliance costs associated with data security for OTAs, it could improve users' confidence on how their personal data is being treated by the companies and help address security concerns about online bookings, thereby aiding industry growth.

Draft National E-commerce Policy

On 23rd February, 2019, Department for Promotion of Industry and Internal Trade (DPIIT), Government of India, released the Draft National E-commerce Policy covering aspects related to data flow and data storage, among others, by e-commerce companies.

The draft policy treats data generated by Indian users as a sovereign resource, and mandates storage of such data on local servers located within India, with industry to comply with data localisation in three years. It places restrictions on cross-border flow of data, and prohibits sharing of sensitive data, collected in India and stored abroad, with other foreign business entities or third parties, apart from foreign governments after securing permission of Indian authorities.

The government, as per its announcement in June 2019, is expected to come up with the final e-commerce policy in 2020. Even though major Indian OTAs operate in India, they are registered in foreign nations and count foreign entities among investors. These players are likely to benefit at the expense of international OTAs, which have started entering the Indian e-booking market, as Indian players could find it easier to comply with local data storage requirements due to pre-existing arrangements for the same, as compared to foreign OTAs operating in India. Although the players are likely to see a rise in compliance and digital infrastructure costs, it could help industry growth by increasing consumer confidence about online bookings.

However, in June 2019, the government announced the decision to leave out data localization norms out of the draft policy, with data protection to be handled by the MeitY in its Personal Data Protection Bill, aimed at keeping one point of reference for data-related issues.

Major new entrants in the E-booking industry

With the Indian e-booking industry growing at a robust pace in the past few years, few players from related sectors have also forayed into the e-booking space. PayTM, a digital wallet-turned-digital financial services player, entered the e-booking segment in October 2016 with online rail bookings, and now offers online bookings for flights, buses, and hotels as well, as a use case for its digital payments services.

E-commerce companies are looking to leverage their user base to provide travel booking services to their customers. In September 2018, Flipkart started offering domestic flight bookings on its flagship Flipkart platforms in partnership with MakeMyTrip, with plans to extend its travel services to hotel, bus and holiday bookings in future. In May 2019, Amazon launched domestic flight bookings in partnership with Cleartrip, also with an objective to promote the use of its digital wallet and payment service Amazon Pay. The e-retailer in both these cases will provide the digital space for flight search and discovery, whereas the booking transactions will be handled by the OTA platforms, in a bid to tap the potential synergy between the e-retailers' consumer base and the OTAs' technology infrastructure.

Overview

As a Central Public Sector Enterprise wholly owned by the Government of India and under the administrative control of the Ministry of Railways, we are the only entity authorized by Indian Railways to provide catering services to railways, online railway tickets and packaged drinking water at railway stations and trains in India. We were incorporated with the objective to upgrade, modernize and professionalize catering and hospitality services, managing hospitality services at railway stations, on trains and other locations and to promote international and domestic tourism in India through public-private participation. We were conferred the status of Mini – ratna (Category-I Public Sector Enterprise) by the Government of India, on May 1, 2008.

We operate one of the most transacted websites, www.irctc.co.in, in the Asia-Pacific region with transaction volume averaging 25 to 28 million transactions per month during the five months ended August 31, 2019. We have also diversified into other businesses, including non-railway catering and services such as e-catering, executive lounges and budget hotels, which are in line with our objective to build a “one stop solution” for our customers.

Currently, we operate in four business segments, namely, internet ticketing, catering, packaged drinking water under the “Rail Neer” brand, and travel and tourism:

Internet Ticketing: We are the only entity authorized by Indian Railways to offer railway tickets online through our website and our mobile application. As of August 31, 2019, more than 1.40 million passengers travelled on Indian Railways on a daily basis, which consisted of approximately 72.60% of Indian Railways' tickets booked online. As a result, there are more than 0.84 million tickets booked through www.irctc.co.in and “Rail Connect” on a daily basis. We currently operate one of the most transacted websites in the Asia-Pacific region with a transaction volume of more than 25 million per month and 7.2 million logins per day. The booking of railway tickets through the internet is now available 24 hours per day, 365 day per year, with the only exception being daily maintenance closure from 23:45 hours to 00:20 hours. The main objective behind the introduction of the internet ticketing was that instead of requiring passengers to be physically present at the Passenger Reservation System (“PRS”), the PRS should be brought to the door steps of passengers.

Catering: We provide food catering services to Indian Railway passengers on trains and at stations. On-board catering services are referred to as mobile catering and catering services at stations are referred to as static catering. Pursuant to the catering policy issued by Ministry of Railways dated February 27, 2017, (“**Catering Policy 2017**”), we provide catering services for approximately 350 pre-paid and post-paid trains and 530 static units. We provide catering services through mobile catering units, base kitchens, cell kitchens, refreshment rooms, food plazas, food courts, train side vending, and Jan Ahaars over the Indian Railways network. All other catering units, such as refreshments rooms at stations categorized at B or below, AVMs, milk stalls, and trolleys are managed by zonal railways. We also offer e-catering services to passengers through our mobile application "Food on Track" and our e catering website, www.ecatering.irctc.co.in.

We also operate executive lounges, budget hotels, and retiring rooms for the convenience of the travelling passengers on Indian Railways.

Packaged Drinking Water (Rail Neer): We are the only entity authorized by the Ministry of Railways to manufacture and distribute packaged drinking water at all railway stations and on trains, according to CRISIL. We manufacture and distribute packaged drinking water under brand “Rail Neer”. Currently, we operate ten Rail Neer plants located at Nangloi, Danapur, Palur, Ambernath, Amethi, Parassala, Bilaspur, Hapur, Ahmedabad and Bhopal, with an installed production capacity of approximately 1.09 million litres per day, which caters to approximately 45% of the current demand of packaged drinking water at railway premises and in trains. To increase our presence in the packaged drinking water market at railway stations, and to meet the growing demand, we are commissioning new Rail Neer plants at Sankrail, Jagi Road, Nagpur, Bhusawal, Jabalpur, and Una. Further four new Rail Neer plants have been approved by the Company’s Board of Directors and will be commissioned by 2021. We have also installed water vending machines (“**WVMs**”) at railway stations to provide purified, chilled and portable drinking water to railway passengers at an affordable price.

Travel and Tourism: We have been mandated by Indian Railways to provide tourism and travel related services. As of the date of this Red Herring Prospectus, we have footprints in across all major tourism segments such as hotel bookings, rail, land, cruise and air tour packages and air ticket bookings, and are known as one of India's leading travel and tourism companies catering to the needs of diverse tourist segments. With the strength of being a CPSE under the administrative control of the Ministry of Railways, we specialize in rail tourism.

We have an established track record of delivering strong annual returns to shareholders and our return on equity has exceeded 23% for each fiscal year since Fiscal 2017. We have been a profitable and debt free company since incorporation.

We have received several awards and recognitions including Satta Awards in the category of “Excellence in Domestic Tour Operations” in 2017, Dun & Bradstreet’s PSU Awards in 2017, India Power Brand 2016 Award, Indian e-Retail Awards 2015, Best Use of Mobile App 2015, Most Trusted Brand in Railways Service Provider India Pride Awards 2014-15, World Travel Awards 2015, Website of the Year India Award 2015. Our packaged drinking water, Rail Neer, was ranked as a top performer by “Consumer Voice” Magazine in 2017. We have been honoured in the Fortune India Next 500 list for the year 2016 – 2017.

Our total revenues, excluding interests and dividend income for Fiscal 2017, Fiscal 2018 and Fiscal 2019 were ₹15,558.42 million, ₹15,199.89 million and ₹18,993.29 million, respectively. Our profit after tax (excluding other comprehensive income) for Fiscal 2017, Fiscal 2018 and Fiscal 2019 were ₹2,290.81 million, ₹2,206.19 million and ₹2,725.95 million respectively.

Competitive Strengths

We believe that our Company has the following competitive strengths:

Authorised by the Ministry of Railways to offer Indian Railway tickets online

We are the only entity authorized by Indian Railways to offer railway tickets online through our website www.irctc.co.in and mobile application, "Rail Connect". During June 2019, an average of more than 1.40 million passengers reserved online tickets and travelled on Indian Railways every day. Approximately 72.60% of Indian Railways' tickets are booked online with an average of more than 0.84 million tickets booked through www.irctc.co.in and "Rail Connect" on a daily basis. Between Fiscal 2014 and Fiscal 2019, online rail bookings have registered an approximately 12.5% CAGR to reach approximately 284 million annually, with e-booking penetration rising to approximately 70% in Fiscal 2019. Online rail bookings are expected to grow at approximately 8% CAGR to reach approximately 425-435 million in fiscal 2024, with e-booking penetration rising approximately 81 – 83% during the same period, according to CRISIL.

We currently operate one of the most transacted websites in the Asia-Pacific region with a transaction volume of more than 25 million per month, and with 7.2 million logins per day. Our website and database are extremely valuable assets and offer numerous ways for us to optimize growth opportunities. With a surge in e-commerce driven by increasing internet penetration in India, we believe the variety and volume of the user data available online will continue to expand. Significant web traffic volume creates leads for online businesses such as air tickets, hotels and tour package bookings, and opportunities to generate revenue by cross-selling services and products.

Separately, under our Next Generation E-Ticketing system, booking of 24,350 tickets per minute was achieved on April 17, 2019. A new data centre has been set up in order to process the volume inflow on a daily basis. We believe our customer database is one of our key competitive strengths, which we leverage to cross-sell our different services and products. Our internet – ticketing system is designed and operated in conjunction with the Centre for Railway Information Systems ("CRIS"), the IT arm of Indian Railways.

Authorised catering service provider to passengers traveling by Indian Railways

As a CPSE under the Ministry of Railways, we are the only entity authorized to manage the catering services on board trains and major static units at railway stations under the Catering Policy 2017. Since we began our business operation in 1999, we have continuously focussed on improving the standard of catering services by setting up fully equipped base kitchens, appointing professionally trained staff and maintaining stringent quality control systems. This includes deployment of food safety supervisors at base kitchens, use of quality ingredients for cooking, as well as improved means of packaging in order to ensure hygiene in the catering services we provide to Indian Railways. We also conduct third party audits to assess the quality of service rendered to the travelling passengers. We believe a significant number of passengers utilizing our services on a daily basis provides opportunity for further expansion, especially in terms of cross-selling of different business products and services which we offer.

In the past, due to changes in catering policies by the Ministry of Railways, we have witnessed some uncertainties in products and services that we are allowed to offer on board trains and at stations. However, with the mandate from the Ministry of Railways to transfer catering services in their entirety to us under the Catering Policy 2017, we are now responsible for catering services in all mobile catering units (trains) and static units, except refreshment rooms at stations which are of Category B or below and other minor units operated by Indian Railways. The Catering Policy 2017, together with the existing range of products and services we offer, and exclusivity in railway catering

has further expanded the scale of our operations. Our years of experience in catering to passengers on board the trains and at stations have provided us with deep knowledge of customers' expectations. Based on our experience and customer feedback, we carefully design and adjust our catering products and services offering to suit our customers' changing demands. Our understanding of the market has enabled us to grow our business with improved passenger satisfaction.

Comprehensive tourism and hospitality service provider in India

According to the World Travel and Tourism Council (“WTTC”), direct contribution of India’s travel and tourism industry to GDP will grow by approximately 12%, and is expecting to reach approximately ₹11.7 trillion in 2024, driven by factors such as improved connectivity and affordability of air and rail travel, government policy initiatives for promoting domestic tourism, growing convenience of online travel bookings, and higher exposure to unexplored domestic and foreign tourist destinations due to social media. At present, we provide railway and non-railway packages such as rail tour packages, Bharat Darshan and Aastha tourist trains (budget trains), Maharajas’ Express (luxury trains), Majestic tourist trains, AC tourist trains, theme based tourist trains, state special tourist trains, election special trains, land tour packages, charter trains and coaches, hill charters, educational tours, online air ticketing, corporate travel services (including corporate air ticketing and visa services), outbound air packages, domestic air packages, online and offline hotel booking services, cab rental services, customised packages and LTC packages. To capture the market growth, we work closely under the Ministry of Railways' directive. Through cross-selling, e-commerce and intelligent travel solutions, we believe our close ties with the Government and private entities have positioned us well to serve as the “one window solution” to customers in the tourism and hospitality industry.

Additionally, we along with M/s Balmer Lawrie & Company Limited and M/s Ashok Travels & Tours, are the three entities permitted by the Government of India to offer air ticketing service to different ministries at both the Central and State Government level. To facilitate service to these central and state ministries, we have introduced an advance rolling deposit system, whereby we issue air tickets to the extent that the costs have been prepaid by the respective ministries. Regular top-ups will take place to ensure undisrupted services. We also developed a “Corporate Tool” that enables corporates to issue tickets themselves from their own premises. Separate login IDs and passwords are issued to corporates. This is also linked with an RDS account.

Working closely with the Central Government, we are an authorized entity to operate special election trains for movement of paramilitary forces across India for general and assembly elections. We also operate state-special trains, and "pilgrim trains" for various state governments where the beneficiaries are selected by the respective state primarily senior citizens. We believe that this collaborative partnership with the Central and State Government provides us with additional revenues.

Exclusively authorized for manufacturing and supplying packaged drinking water at railway station and trains

We are the only entity authorized by the Ministry of Railways to manufacture and distribute packaged drinking water at all railway stations and trains, subject to availability of Rail Neer. The total average daily demand for packaged drinking water in India at all railway stations and in trains is approximately 1.8 million liters per day, and we are able to cater to approximately 45% of the total demand based on the existing production capacities of our ten Rail Neer plants located at Nangloi, Danapur, Palur, Ambernath, Amethi, Parassala, Bilaspur, Hapur, Ahmedabad and Bhopal. Our overall production capacity at the ten operational plants of Rail Neer is approximately 0.83 million liters per day. We have also installed 1,950 WVMs at 700 railway stations as of August 31, 2019 to provide purified, chilled and potable drinking water to railway passengers at an affordable rate.

We have entered into an agreement with NTPC Limited (“NTPC”) to develop a Rail Neer plant at Simhadri (Vishakhapatnam). Under this agreement, NTPC will supply raw water which will be converted from waste sea water through a multi-effect desalination system utilising wasteful hot flue gases. According to CRISIL Industry Report, the packaged drinking water market is expected to grow, with increasing health awareness and unavailability of clean drinking water. Domestic tourism (Indians travelling to destinations within India) and inbound tourism (foreign nationals travelling to destinations in India) has seen a strong growth between 2013 and 2018, as indicated by the estimated growth of domestic tourist visits (DTV) and foreign tourist arrivals (FTAs) at 9-10% CAGR and

8-9% CAGR respectively. As of fiscal 2019, the share of organised segment in the PDW market is 60-65% whereas the share of unorganised segment in the market is 35-40%. Sustained growth in domestic and inbound tourism coupled with preference for packaged drinking water over tap water is expected to be a major driver for bottled water demand in India. The packaged drinking water market is expected to further grow by 16-17% CAGR and reach ₹ 180-185 billion in fiscal 2024. With the current mismatch in supply and demand, we have a significant opportunity to grow our business operation by making Rail Neer more accessible to general public at railway stations and on trains.

Robust operating system and internal controls

We have a robust operating system and internal controls that have enabled us to deliver quality products and services to our customers across different segments of our operation. For example, we routinely send supervisors to trains operated by us to closely monitor catering services, and with the online monitoring website launched by the Ministry of Railways in 2019, passengers can now access live feed online to watch how their meals are being cooked and packed at our kitchens. Further, we have empanelled professional agencies to conduct customer satisfaction surveys in order to attain better customer satisfaction, and we have taken steps to improve the quality of catering services, include attaining ISO certification. Over the years, we have implemented several well-tested systems and internal controls procedures:

- *Customer Satisfaction Survey*

Customer satisfaction and quality of our service are important to us. To ensure quality of our food and service, we have empanelled third party professional agencies to conduct surveys covering a period of several years. Through the end of August 2019, customer satisfaction surveys have been conducted on 353 trains and at 263 food plazas/fast food units. With consistent steps to ensure quality of our food and service, a total of 435 licensee-operated units have been certified with ISO 22000:2005 certification for their quality.

- *Complaint Monitoring*

Beginning January 2014, we have implemented a system to actively identify the root cause of complaints, focusing on different issues in a single complaint, and developing a roadmap for improvement. Further, we have taken preventive and punitive actions based on the nature and seriousness of complaints, and addressed the complaints with a variety of measures including counselling, warnings and penalties.

- *24 hour, 365 day monitoring through control offices*

To manage the handling of complaints and supervise our operations efficiently, we have divided our business in five zones, each with a control office, and one central control office to monitor on a continuous basis all activities of our business segments.

- *Comprehensive Selection of Service and Product offerings*

To capture the cross-selling opportunities arising out of the volume of visitors to our website, we strive to offer our customers a comprehensive selection of travel, travel-related services, and value added products. To effectively match the customer with appropriate services/products options, we offer a wide range of customised travel options and packages.

- *Robust Contract Management*

In line with the recommendations of the Central Vigilance Commission ("CVC"), to ensure all activities and transactions between our Company and the Government and other suppliers are handled in a fair, transparent and corruption-free manner, we have implemented an "integrity pact program" where independent external monitor has been appointed with the approval of CVC, and a coordinator has been appointed to review all tenders which are beyond the set threshold values for appropriateness.

- *Ability to provide quality services*

We strive to provide quality service to our clients and adhere to high quality standards, and we have a strong commitment to implementing and maintaining sound monitoring systems for food quality and also for ensuring the standards of meals prepared in the base kitchens. Further, in view of the impact on public health, we also carry out food safety audits through third party agencies accredited by National Accreditation Board for Certification Bodies. Our ability to maintain and improve the services we offer to customers enables us to generate stable revenue and minimize customer complaints. Under the Catering Policy 2017, food preparation and food service are unbundled to provide quality food to our customers and, at the same time, a comprehensive quality assurance program ensures transparency and efficiency across the production-logistics-distribution cycle covering kitchen to delivery. Passenger feedback may be provided utilizing a grievance channel.

Qualified and experienced employees and management team

We have a diversified Board and senior management team with significant experience. We believe that the industry experience of our management team and their ability to deliver consistent sales growth are our significant strengths. For details regarding the qualifications and experience of our Directors and senior management team, see “*Our Management*” on page 162.

We have a qualified and trained employee force to service our customers. As of August 31, 2019, we had 1,384 full time employees across our business verticals including more than 350 graduates from the Institute of hotel managements and Food Craft Institutes with expertise in hospitality industry. The wide range of skill sets of our employees gives us the flexibility to adapt to the needs of our customers and the demands of the various projects/investments that we undertake. We are committed to the development of expertise and know-how of our employees through regular technical seminars and training workshops organised by us or reputed institutes. We have also trained 10% of our middle and senior managerial officials in various management institutes MDI, Gurugram, and IIM Rohtak covering various topics e.g. Data analytics, operation and supply chain management, finance and non-finance, developing communication competencies.

Business Strategies

Diversifying and offering new services to the passengers of Indian Railways and others

We are one of key strategic partners of Indian Railways in various value chains and strategies. We strive to strengthen and enhance the services provided by Indian Railways, and tap opportunity presented by digital payments in the Indian economy which are growing at significant pace. We transact payments of more than ₹360 billion annually through banks and payment aggregators. In order to capitalize on this opportunity both in house and beyond, we have implemented our own payment gateway platform named IRCTC e-Wallet, and are also developing additional payment tools to facilitate easy and efficient payment by our customers.

IRCTC iMudra wallet and i-Pay

We are developing our IRCTC iMudra wallet to promote digital payment options to customers/users. This is a prepaid card which allows users to book train tickets, shop online and transfer money to friends and families. The IRCTC iMudra Wallet offers the convenience of accessing the user's wallet across mobile applications, tablets, laptop and desktop computers. IRCTC iMudra wallet comes with both virtual and physical cards to enable users to purchase goods online as well as offline. iMudra wallet is designed to provide our customers with the option of going cashless on every transaction, whether a transaction through POS machines, peer to peer money transfer, withdrawing cash at ATMs or buying goods and services online.

We believe the expansion in payment options will further encourage people to utilize our services, allow us to reach new customers, and drive expansion of our business operations. In addition, it will help us to drive cross-selling of various services which we offer. Together, we believe these factors will allow us to grow our revenues and increase our profitability.

We launched our i-Pay payment gateway on a pilot basis in October 2018. i-Pay is designed to handle domestic debit and credit cards transactions. We are currently evaluating its operational utility and technical capabilities. If successful, we intent to position i-Pay for use in various additional market segments in the future.

IRCTC as Private train operator

In July 2019, the Ministry of Railways, Government of India, Railway Board mandated us two trains under the haulage concept, with ticketing and on board services. We will have full freedom to determine the trains' fares. We are currently in process of finalizing the modalities of this concept, following which we will implement them initially on a pilot project basis. Subsequently the Ministry of Railways, Government of India, Railway Board has mandated our Company to operate two Tejas rakes on a pilot project basis.

Continue to leverage the Government's policy relating to our business

Since the implementation of Catering Policy 2017, we have worked as per the mandate given by the Ministry of Railways to address operational, quality and logistics issues in order to improve the catering service offered on trains and in stations, including upgrading of base kitchens. We will continue to capture new opportunities arising from the Catering Policy 2017, such as the providing catering services on trains having pantry car service. In connection with this effort, we plan to strategically withdraw from certain loss making services such as event catering and refocus our corporate resources on our core competence areas.

We believe the Government policy to unbundle the production and distribution of catering service provides a good opportunity to further grow our business, with an opportunity to offer more services ourselves or through our licensees. Under the Catering Policy 2017, food preparation will be operated by us, or alternatively we may tender food preparation separately to caterers that may setup or refurbish base kitchens meeting the conditions and requirements we have established including proper certification and compliance with applicable guidelines and food safety norms. In addition, we are also planning to serve more than 1,500 non-pantry car trains through train side vending ("TSV").

We are the only entity authorized by the Ministry of Railways to manufacture and distribute packaged drinking water at all railway stations and trains, subject to availability of Rail Neer. Currently, we operate ten Rail Neer plants with an installed capacity of approximately 1.09 million litres per day, which caters to approximately 45% of the current demand of packaged drinking water at railway premises and in trains. To increase our presence and meet the remaining and future requirements of the packaged drinking water at station premises and trains, we are commissioning six new Rail Neer plants at Sankrail, Jagi Road, Nagpur, Bhusawal, Jabalpur, and Una. Further four new Rail Neer plants have been approved by the Company's Board of Directors and will be commissioned by 2021.

We have been mandated by the Ministry of Railways to redesign our existing pantry cars with a view to equip them with modern appliances and technology for the ease of cooking and maintaining hygienic standards. Accordingly, we are in the process of re-designing pantry cars with modern equipment. We have engaged the Institute of Hotel Management ("IHM") Pusa, New Delhi to submit a design for the pantry cars. The draft design has been submitted to Rail Coach Factory Kapurthala for consideration. The salient features of redesigned pantry cars of Rajdhani and Durgam Cheruvu express will include compact pantry cars with modern equipment, fully AC coaches, adequate storage facilities for dry and perishable items, and optimum cooking facilities such as combi ovens, brat pans, deep fryers and induction heaters. In addition, the pantry cars will be designed with sufficient staff berths, proper exhaust chimneys, and modern waste disposal appliances. We are currently planning to roll out at least ten new pantry cars in Fiscal 2020 once the design is approved by Indian Railways. We will continue to make investments to improve the quality of services by unbundling food preparation and food distribution, and setting up new base kitchens and upgrading the existing ones.

Leveraging on Government policy will, we believe, allow us to expand our business operations and improve our financial condition through exploring new opportunities made available by the Government.

Strengthen products and services offering online

We offer products and services on various online platforms, including www.irctc.co.in. To leverage the significant number of visitors on our website, we intend to continuously develop our online offerings with enhanced product design capabilities and other value added services in order to offer our customers a personalised experience. As of the date of this Red Herring Prospectus, visitors on our websites, while looking for Indian Railways' tickets, e-catering services and tour packages, have the opportunity to purchase a variety of other products and/or services from third parties who advertise on our website. In addition, to further expand our customer base, we are in the process of incorporating mobile e-wallets services to our payment options. Lastly, as part of our new product offering and cross-selling effort, we are offering optional travel insurance for rail passengers. This scheme offers coverage of up to ₹1 million for death and permanent and total disability and ₹0.75 million for permanent partial disability for a premium payment of only 49 paisa. As of August 31, 2019, more than 1,000million passengers of Indian Railways have opted for this travel insurance. We believe the rise in number of internet users in India and related changes in their shopping habits, and better acceptance of internet as a convenient medium for making purchases, will allow us to leverage our single platform strategy, and, at the same time, capture the needs of customers.

Strengthen operational efficiencies

In order for our management to focus on development and expansion of our core activities, we will continue to outsource non-core activities, such as installing WVMs at railway stations, and unbundling preparation, distribution, cleaning and maintenance in relation to catering services in order to achieve greater control and better efficiency. At present, we have also adopted the following initiatives to improve operational efficiencies:

- *Attracting and retaining talented employees*

Talented employees are essential to our success. We rely on our employees to provide our services, complete various tasks on our projects and deliver quality performance to our customers. With our human resource system and process, we focus on improving health, safety and environment for our employees. We intend to further strengthen our work force through continued on-job skill development and training. We continuously strive to maintain the relatively low employee attrition rate and retain our skilled workers for future expansion by providing them with better packages and safer and healthier working environment.

- *Enhancing quality monitoring mechanism*

We maintain a strong system of internal controls in the key functional and operational areas, including various policies and procedures which ensure the orderly and efficient conduct of our business, including adherence to management's policies, safeguarding of assets, prevention and detection of fraud and error, accuracy and completeness of the accounting records, and the timely preparation of reliable financial information. We will continue to strengthen the quality control processes for services and products which we offer, including quality tests on water brands which we distribute at stations where Rail Neer is not available, and vigorous hygiene monitoring at base kitchens where foods are processed and packaged.

- *Exploring new opportunities by leveraging the strengths of our existing resources*

We will continue to evaluate new business opportunities that are suitable and strategically compatible with our existing operations so as to achieve higher utilization rates on our existing operational resources. We expect to expand the products and services that we offer to our customers while limiting additional expenses by leveraging and expanding on the existing business platforms. For example, cross-selling efforts that use our developed web portal have allowed us to offer products and services that are designed to suit a variety of travel budgets, as well as specific requests. Given the nature of our businesses, it is critical for us to expand continuously in order to reach the largest number of customers. We believe our collaboration with the Government of India is the key to future growth of our business.

Our Operations

Internet Ticketing

We are the only entity authorized by Ministry of Railways to offer Indian Railways' ticket online, and our website attracts a significant number of web visitors on a daily basis. In Fiscal 2019, an average of approximately 1.4 million passengers booked their tickets online for travel on Indian Railways on a daily basis. Such web traffic provided us with opportunities for cross-selling and possibility to generate revenue through value added services. According to *CRISIL*, annual online train bookings are expected to grow from 284 million bookings in Fiscal 2019 to 425-435 million in fiscal 2024. Our internet – ticketing system is designed and operated in conjunction with CRIS.

Our internet ticketing service has resulted in savings for Indian Railways on its infrastructure such as buildings, air-conditioning, electricity, furniture. The core value behind our collaboration with Indian Railways is that instead of the customers travelling to the PRS, the PRS should be brought to the customers' door steps. Then, and at the same time, our website can offer other travel services to passengers who book their tickets online. The booking of railway tickets through our website is now available 24 hours per day, 365 day per year, except for routine daily maintenance from 23:45 hours to 00:20 hours.

We currently operate one of the largest websites in the Asia-Pacific region with a transaction volume of more than 25 million per month, and with approximately 7.2 million logins per day. As of August 31, 2019, we had approximately 53.7 million active registered users, and during the five months ended August 31, 2019, we averaged approximately 40,000 new user registrations per day. Powered by the increasing internet penetration in India, 72.60% of total Indian Railways' ticket bookings were done online through our website/mobile application during the five months ended August 31, 2019. Our continuous growth in internet – ticketing has been driven by our improved process for internet – ticketing reservations, which facilitates booking by various types of credit cards, debit cards, cash cards, e wallets, UPI and net banking facilities.

As part of our on-going strategy to expand our business, we have implemented various initiatives to leverage our website traffic. For example, we have implemented a system to automatically select the most efficient travel package to suit customer's needs in accordance with the input provided by the customer, which improves the customer's willingness to make the purchase. Additionally, with add-on services such as optional travel insurance for rail passengers since September 1, 2016 and expansion into mobile booking, our products and services are designed to meet the ever changing needs of the market. We believe these initiatives in targeted products and services offering allow us to leverage our position as one of the largest and most visited ticketing websites in Asia-Pacific region.

Among the technologies we use in our internet ticketing operations is the "Next Generation E-Ticketing System", or NGeT. We first deployed NGeT in 2014, and we have upgraded NGeT infrastructure regularly from 2014 onwards with 150 servers. As a result, our capacity to issue internet – ticketing has increased from 7,200 tickets per minute to 24,000 tickets per minute as of August 31, 2019. In 2019, we launched a new user NGeT interface that features a more passenger-friendly, clutter-free experience with easier log-in, easier navigation and more security.

Separately, Ministry of Finance, Government of India on November 22, 2016 removed the charges levied by us on passengers booking railway tickets online as service charge at rates of ₹20 per ticket for non AC classes and ₹40 per ticket for AC classes excluding service tax. As part of its mandate, Ministry of Finance by separate notification on July 5, 2017 proposed to reimburse ₹800.00 million to us until the Government of India permits us to recover online ticketing cost/levy of commission on passengers utilizing the online ticketing service we provide. The Ministry of Railways reimbursed the Company an amount of ₹800 million and ₹880 million for Fiscal 2018 and 2019, respectively for its operations costs.

The Department of Economic Affairs, Ministry of Finance, Government of India on July 19, 2019 withdrew the reimbursement of expenses and advised Ministry of Railways to work with us to decide on the charges to be levied by us on the tickets booked by the railway passengers through our website or applications. Subsequently, Ministry of Railways on August 5, 2019 has authorised to us to decide on the service charges to be levied on the passengers for the booking railway tickets online. Accordingly, with effect from September 1, 2019, we propose to charge convenience fee of ₹ 15.00 and ₹ 30.00 on the passengers for the booking railway tickets online for non AC classes and AC classes, respectively. For payment made through UPI/BHIM applications, the convenience fee will be ₹ 10.00 and ₹ 20.00 on the passengers for the booking railway tickets online for non AC classes and AC classes, respectively. Till the software for UPI/BHIM is developed, payment through UPI/BHIM will be incentivised by offering prizes through lottery on regular basis.

IRCTC e Wallet

We offer the IRCTC e-Wallet, which allows users to deposit money in advance with us that can later be used as a payment option along with the other payment options we provide to pay money at the time of booking tickets. IRCTC e-Wallet supports and speeds up internet ticketing to our users and had 0.84 million registered users as of August 31, 2019. Our main objective for e-Wallet is to improve our system performance by allowing users to book tickets faster and reduce dependency on banks. Users will get the benefit of saving precious booking time and service charges. An average of approximately 2,800 tickets were booked per day using e-Wallet during the month of August 2019.

Other technologies

We also provide a loyalty scheme through a co-branded credit card with SBI Card Limited and had approximately 0.49 million card holders as of August 31, 2019. Further, to keep abreast of current market trends, we also provide a mobile application on the Android Platform to our users which has attracted more than 50% of our website traffic. Another mobile application on i-OS platform is underway.

We launched an innovative solution based on artificial intelligence and machine learning to provide quick responses to our users. It helps the website and mobile application visitors by answering their queries without any time lag and improves customer satisfaction and helps to create competitive advantages, drive new business opportunities and foster innovation.

We launched our i-Pay payment gateway on a pilot basis in October 2018. i-Pay is designed to handle domestic debit and credit cards transactions. We are currently evaluating its operational utility and technical capabilities. If successful, we intent to position i-Pay for use in various additional market segments in the future.

Catering

We were incorporated on September 27, 1999 as a CPSE under the administrative control of the Ministry of Railways, to upgrade and professionalize catering and tourism services. In Fiscal 2003, catering service of Indian Railways was handed over to us on "as is where is" basis along with its staff, until 2010, where the Ministry of Railways mandated majority of these catering services to be handed back to Indian Railways. With the Catering Policy 2017, the responsibility for the entire catering services on all mobile units having pantry car service from Indian Railways, as well as part of static catering services of Indian Railways have been handed over to us, and are planning to roll out at least 10 new pantry cars in Fiscal 2020 once the design is approved by Indian Railways.

Presently, our catering services are divided into two areas of focus:

Mobile Catering

This business segment involves catering services on trains. These include services on prepaid trains like Rajdhani, Shatabdi, Duronto, Gatiman, Tejas, Vande Bharat trains and post-paid trains such as mail express trains having pantry cars, as well as trains without pantry cars which are served by train-side vending services. A network of base kitchens supports the supply of meals on mobile trains in accordance with the Catering Policy 2017. We have identified 54 such kitchen units/stations which supply food to these trains. 36 out of the 54 kitchen units are existing units to be renovated and modified, and the other 18 kitchen units will be set up on land to be provided by Indian Railways.

Separately, we are managing on-board catering services in 295 pairs of mail express, and 69 pairs of Rajdhani, Shatabdi, Duronto, Gatiman, Tejas, Vande Bharat trains through licensees awarded by us or Zonal Railways.

In September 2015, Ministry of Railways issued directions and permitted e-catering services to be offered to all trains passing through nominated 45 A1 category stations, which later expanded to most of the A1 & A category railway stations. As of August 31, 2019, e-catering is available at approximately 350 stations and served by more

than 700 food outlets. This, together with the handing over of all catering services on Indian Railways is expected to significantly increase our revenue generated from catering services.

As part of the Catering Policy 2017, all pantry car service contracts awarded by Zonal Railways have been reassigned to us on the same terms and conditions. The sharing of license fee between Indian Railways and our Company is in the ratio of 40:60 as agreed with the Ministry of Railways. As of August 31, 2019, the majority of food production and services have been unbundled in accordance with the Catering Policy 2017.

With an aim to improve quality control, we have introduced new technology to monitor the food production process in our base kitchens. The new system comprises a network of CCTV cameras, installed at its base kitchens which enable live streaming of food preparation for the public through Rail Drishti.

We have engaged third party food safety supervisors to audit all kitchens we manage for the quality of food preparation and testing of prepared food by NABL accredited laboratories.

We have been mandated by the Ministry of Railways to redesign our existing pantry cars with a view to equip them with modern equipment for the ease of cooking and maintaining hygienic standards. In these cases, the revenue sharing between us and the Ministry of Railways will be 85:15 for a period of five years from the date of commissioning such redesign pantry cars.

Static Catering

This segment includes offboard catering services at stations comprising fast food units, food plazas, Jan Ahaars, refreshment rooms, base kitchens, and at executive lounges and other facilities at station premises such as budget hotels and Rail Yatri Niwas.

As of August 31, 2019, we managed 57 Jan Ahaars, 169 refreshment rooms, 27 cell kitchens and 14 base kitchens. We are also operating 138 food plazas and 152 fast food units and increased the total number of operational units to 290. We currently have 100 FP/FFU units at various stages of commissioning. Most of these food plazas and fast food units are ISO certified.

As of August 31, 2019, we operated executive lounges at New Delhi, Jaipur, Agra Cantt, Vishakhapatnam, Madurai, Sealdah and Ahmedabad railway stations. Additionally, we have awarded contracts for setting up, operation, maintenance and transfer back of these executive lounges at Nizamuddin and Varanasi Cantt., Gorakhpur, Lucknow Charbag (NR), Trivandrum Central, Bangalore City, Ernakulam, New Delhi (Pahar ganj side).

As of August 31, 2019, our 14 base kitchens were located at New Delhi, Mumbai Central, Mumbai CSMT, Ahmadabad, Howrah, Rajendra Nagar (Patna), Sealdah, Khargpur, Borsore, Nagpur, Ballarshah and Bengaluru (where we have three units). These base kitchens supply food to premium Rajdhani/Shatabdi/Duronto trains through our Company's managed catering operations. The meals are prepared by professionally trained staff, and regular inspections are conducted to monitor food quality and also to ensure the standards of meals prepared. These units are also monitored by third party food safety supervisors.

As of August 31, 2019, we operated retiring rooms at Jaipur, Madurai, Vadodara, Sealdah, Tirupati, Bilaspur, Udupi, Kacheguda, Lucknow, Thivim, Madgaon railway stations in order to upgrade services provided to travellers of Indian Railways. Additionally, we have awarded contracts for setting up, operation, maintenance and transfer back of retiring rooms at Gorakhpur, Agra Cant, Gwalior, Ahmedabad, Tata Nagar, Lokmanya Tilak Terminus, Mumbai CSMT, Nagpur, Thane, Patna, Raipur, Palakkad, and Tiruchirapalli.

Quality Control & Food Safety

To comply with quality and food safety requirements, we have adopted a Comprehensive Quality Assurance Program, which is designed to ensure transparency and efficiency across the production-logistics-distribution cycle. We also routinely send supervisors to trains operated by us to closely monitor catering services, and with the online monitoring website launched by the Ministry of Railways in 2019, passengers can now access live feed online to watch how their meals are being cooked and packed at our kitchens. Additionally, we have empanelled third party

professional agencies to conduct customer satisfaction surveys and to take necessary remedial actions. Further, in view of the impact on public health, we also regularly carry out food safety audits through third party agencies accredited by National Accreditation Board for Certification Bodies annually.

Packaged Drinking Water (Rail Neer)

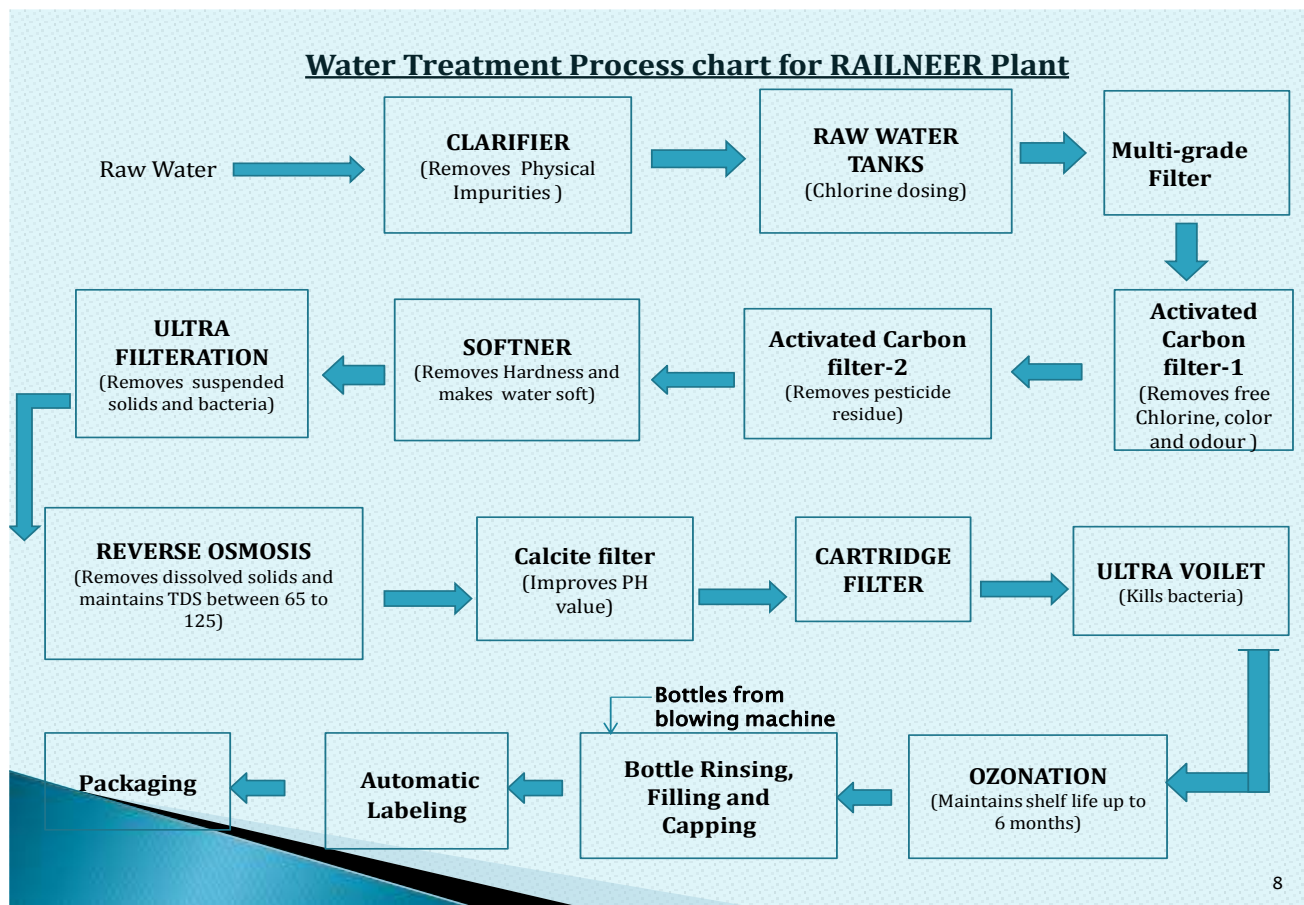

We have ten operational Rail Neer plants located at Delhi, Patna, Palur, Ambernath, Amethi, Parassala Bilaspur, Hapur, Ahmedabad and Bhopal, out of which Rail Neer Plants at Amethi, Parassala, Hapur, Ahmedabad, and Bhopal are under Public Private Partnership (“PPP”) mode. With improving awareness on health and hygiene, increased tourism, and the easy availability of packaged drinking water, per capita consumption of packaged drinking water in India is on the rise. The organized packaged drinking water market is expected to continue its growth and reach more than ₹80 billion in 2019 according to CRISIL Industry Report. To capture this market growth, we have implemented quality control systems and a nationwide distribution network to ensure all products and services are properly produced and delivered on time at the request of our customers. Additionally, we are commissioning six new Rail Neer plants at Sankrail, Jagi Road, Nagpur, Bhusawal, Jabalpur, and Una, which when completed, are expected allow us to deliver up to approximately 80% of the total market demand of packaged drinking water at railway premises and trains. Four additional Rail Neer plants have been approved by the Board of Director of the Company and will be set up by 2021.

The table below sets forth the performance of Rail Neer plants during the Track Record Period.

Fiscal	Turnover (₹ In millions)	Production (bottles in millions)	Plant Capacity (bottles in millions per day)	Installed Plant (%)	Utilization
2019	18.80	215.00	0.08		83.00%
2018	17.50	202.00	0.08		82.00%
2017	16.80	187.00	0.08		81.00%

Our Rail Neer plants have stringent filtration process for removal of pesticide residue. Our Rail Neer plants at Danapur, Nangloi, Ambernath and Palur Rail Neer plants are accredited with ISO: 9001 - 2015 quality management. The quality of other plants is ensured through internal quality checks.

The diagram below illustrates the manufacturing process of our Rail Neer product:

We have also installed WVMs at different train stations and other locations to provide purified, chilled and potable drinking water to railway passengers at an affordable rate. As of August 31, 2019, we have installed more than 1,950 WVMs at approximately 700 stations (out of a total of 1,194 stations of category A1, A, B and C).

Travel and Tourism

We have been mandated by the Indian Railways to provide tourism and travel related services. The various tourism services offered by us include Luxury Train Tours Maharajas' Express, Buddhist Circuit Special Train, Bharat Darshan Special Tourist Trains, theme based tourist trains, Rail Tour Packages, international and domestic air packages, land tour packages, hotel booking, car rental, LTC tours and event management. We are a one stop shop for all travel and tourism related services, and operate our own tourism portal, www.ircctourism.com through which we offer these products and services.

Some of the services we currently offer in this business segment include:

Domestic Tourism

Rail Tour packages: We offer all-inclusive and comprehensive packages that include confirmed onward and return rail journey in addition to other elements of a package such as road transfers, accommodation, meals and sight-seeing at reasonable rates.

Holiday packages: We offer holiday packages (land packages) which include road transfers, accommodation, meals and sight-seeing.

Packages with charter coach and train: These are all inclusive packages like rail tour packages, where the train travel is arranged through chartered coaches or trains by our Company.

Customized tour packages: Our flexibility in accommodating the demands of the customer is clearly demonstrated in customised tour packages. These packages are tailor-made as per the requirement of the customers after considering factors such as budget, level of luxury, places of interest and other customer requirements.

Leave Travel Concession (LTCs): The Government authorized our Company as one among three CPSE for operating LTC tours. We offer general and customised LTC packages to Government employees.

Domestic Air packages

Air packages are increasingly becoming more popular day by day due to limited time at the discretion of people for going on holidays. We provide packages to various destinations like Shirdi, Goa, Delhi, Tirupati, Gangtok, Darjeeling, Kalimpong, Andaman & Nicobar, Ladakh, Srinagar, Kashmir, Mumbai, Mysoor, Coorg, Bangalore and more.

Educational Tours

We operate educational tours for students under our “travel to learn” scheme, and we have tie-ups with various State Governments as well as private schools for operating educational tours for their students.

Inbound Tourist Targeted Tours

Maharajas’ Express

Maharajas’ Express has created a brand image for our Company in the field of luxury tourism in the international arena. Maharajas’ Express has been awarded as the World’s leading Luxury Tourist Train consecutively from 2012 to 2018 at the World Travel Awards. Maharajas’ Express operates on four different itineraries. Three itineraries are of six nights/seven days and one is of three nights/four days. These tours cover cities like Ajanta, Udaipur, Jodhpur, Bikaner, Jaipur, Ranthambore, Agra, Balasinor, Gwalior, Khajuraho, Varanasi and Lucknow. The itineraries have been uploaded with departure dates on the special dedicated website of the train www.the-maharajas.com.

Buddhist Circuit Special Train:

We have operated the Buddhist Circuit special train for 12 years. This is a fully air-conditioned train offering a seven nights and eight days package covering all major Buddhist Pilgrim locations in India and Lumbini in Nepal. The niche tourism product is mostly patronised by international tourists, which come from locations across the globe. As a part of revamping the product and to generate more businesses in the coming years, a new modified tourist friendly rake was introduced in December 2018.

Majestic Rajasthan Tourist Train:

We introduced the Majestic Rajasthan Tourist Train using the new rake of Buddhist Circuit special train to promote various tourist destinations of the princely state of Rajasthan along with the visit to Agra in one of the itineraries. The train tour package primarily targeted to the mid-segment domestic and inbound tourist market, the package will be all inclusive covering all elements of train journey, on-board and off-board meals, all transfers, sightseeing, accommodation in hotels etc. The details and online booking facility of the train is available at our tourism portal “www.majestictouristtrains.com”.

AC Tourist Trains

We utilize the old rake of Buddhist Circuit for operation of AC Tourist Train, which targets both international and domestic passengers with fully air-conditioned coaches.

Outbound tour packages

We operate various tours to international destinations from major cities across India to various international destinations, such as the Middle East, Europe, the United States, Australia and Southeast Asia, among other locations.

Air Ticketing

Our air-ticketing micro-site www.air.irctc.co.in provides online booking facility of domestic as well as international air-tickets at very competitive prices and facilitation charges as compared to other portals in online travel agents market. We also offer mobile application for air ticketing for Android and IOS users.

We also offer complete travel services to corporates, which include air ticketing, booking of domestic as well as international hotels, visa facilitation, overseas insurance and FOREX services.

Mass Tourism

Bharat Darshan/ Aastha Circuit Tourist Train:

One of our most popular tourism products, Bharat Darshan Tourist Trains are special tourist train tour packages offered by us primarily targeting tourists seeking affordable travel and holidays. These trains operate from various cities across India's length and breadth on various circuits covering numerous tourist destinations. The tour packages are inclusive of rail and road travel, all meals, sightseeing and accommodation. Tourists are also insured for an accidental claim up to a sum assured of ₹1million.

State Special trains

Our Company runs these special tourist train tours in collaboration with various state governments. The government selects the beneficiaries of the tour package who are mostly senior citizens. These train tours cover various destinations of tourist and pilgrim importance across India. During Fiscal 2019, we tied up with the state governments of Madhya Pradesh, Chhattisgarh, Rajasthan and Punjab to provide state special trains.

Election Special Trains:

We are entrusted with the job of moving the para-military forces for duty for the general and assembly elections from Fiscal 2014 onwards. We have also been nominated as single window for booking and movement of Election Special Trains. During Fiscal 2019, we operated more than 240 trains for moving para-military forces for assembly elections in the state of Madhya Pradesh, Rajasthan, Chhattisgarh and Karnataka.

Theme Based Tourist trains

Ramayana Express:

We have operated four special tourist trains covering places importance connected with the life of Lord Rama, which we named "Ramayana Express". The destinations covered are Ayodhya (U.P.), Nandigram, Sitamarhi, Janakpur, Varanasi, Prayag, Shringverpur, Chitrakoot, Nasik, Hampi and Rameshwaram. A slip tour to Sri Lanka by flight to Colombo from Chennai was also offered to passengers for an additional charge. The Sri Lankan leg of this ebullient package also included visit to renowned places like Ashok Vatika (Hakkagala Botanical Garden) and temples of the ancient time including Munneshwari, Munnawaram, Hanuman Temple, Kaleniya Vibhisana temple and palace, tea gardens and elephant orphanage.

Unity Express:

On the inauguration ceremony of statue of Sardar Vallabh Bhai Patel (Statue of Unity), Indian Railways offered through our Company a special tourist train named "Unity Express" from October 31, 2018 to November 11, 2018. The package offered was all inclusive tour package ex-Rajkot and covered places like Rameshwaram, Madurai, Kanyakumari, Trivandrum, Tirupathi, Shirdi and Shani Singnapur.

Ram Sethu Express:

This is another unique tour package we offered covering the temples situated in the state of Tamil Nadu. The package named “Ram Sethu Express –Tamil Nadu Temple Tour” operated from February 28, 2019 to March 3, 2019 ex-Chennai (Tambaram Railway Station). This maiden temple tour provided an exclusive opportunity to witness rich architecture and history of these 18 temples of Tamil Nadu.

Other Tourism Activities

Event Management:

We have ventured into the event management business, operating and organising various conferences, events and incentive packages for Indian Railways, PSUs and other institutions.

Charter Trains and Coaches:

We have operated more than 700 (both trains and coaches) charters in Fiscal 2019 for various tourists’ groups. We are nominated as single window agency for booking of full tariff rate (FTR) train and coaches across India and a new online module has been developed and launched on May 18, 2018. The Ministry of Railways has nominated our Company to give the single window booking facility for all trains and coaches on charter basis.

Hill and Heritage Charters

We promote the five hill railways of India viz Nilgiri mountain railway, Darjeeling Himalayan railway (DHR), Kalka-Shimla railway, Kangra Valley Railway and Matheran Railway. We operate hill charters over Kalka-Shimla, Nilgiri Mountain Railway and Darjeeling Himalayan Railways. Our Company has recently launched packages for Kalakund, which is situated in the recently introduced heritage section of Patalpani – Kalakund under the Ratlam Division of Indian Railways.

Luxurious Railway Saloon Car:

We offer chartering of saloon cars. Saloon car generally has a living room, two air-conditioned bedrooms – one twin bedroom and the other similar to AC First Class coupe with attached baths, dining area and a kitchenette. Optional services like attendant, catering, pick and drop can be arranged as per demand of tourists. During Fiscal 2019, we empanelled back-end service providers to provide back-end services to passengers. Indian Railways allocated three fully air-conditioned and one partially air-conditioned saloon cars and five non air-conditioned saloon cars. In Fiscal 2019, we have operated 9 saloon cars successfully. Our Company has requested Indian Railways to provide five exclusive fully air-conditioned saloon cars for operating charters and saloon car tours across its all five IRCTC Zonal Offices.

Cruise Packages:

Our first Cruise Tour package launched in association with Norwegian Cruise ex-Delhi to Denmark and covers Copenhagen (Denmark)- Warnemunde (Berlin)- Gdynia (Gdansk)- Helsinki- St. Petersburg- Nynashamn (Stockholm)- Copenhagen (Denmark) in 12 nights/13 days. We are also building relationships with reputed companies in India to offer Luxury River Cruise Tours on the Ganges and Mighty Brahmaputra. These tours will be offered to its guests of Maharajas Express in the first phase.

Online booking of Retiring Rooms at Stations and Hotel Booking:

As part of our "one-window service" commitment to customers, we have strategic alliances with various hotels and other accommodation providers. We are therefore able to provide online booking of various accommodation facilities in addition to our own Rail Yatri Niwas hotels, executive lounges and railway retiring rooms. As part of our continued efforts to expand our business operations, we are in the process of negotiating for collaboration with

other hotel and homestay providers with the aim of expanding coverage of our online booking through our web portal.

We also provide off line hotel booking to our various corporate clients and also to walk in tourists at our various tourism facilitation centres. Railway passengers having confirmed PNR can now do online booking of retiring rooms across approximately 490 railway stations through our tourism portal, www.ircctourism.com.

Mobile Applications:

In a step towards promoting digitalization initiative of Government of India, we have introduced user friendly travel and tourism mobile applications. 'IRCTC Air' and 'IRCTC Tourism' mobile application were launched on 2016. Mobile applications are already available for Android and IOS users. An integrated IRCTC application featuring rail and air ticketing and IRCTC Tourism was released on January 10, 2017 named as "Rail Connect". As of August 31, 2019, more than 37.90 million downloads of our Rail Connect application has taken place and regular packages are being booked regularly on the application.

We launched our tourism portal www.ircctourism.com in 2007, and have been offering complete online travel solutions to the customers over the last 12 years. The portal has won "Website of the Year" for consecutive Fiscal 2014 and 2015 by "Leisure & Travel" by MatrixLab. The portal offers on-line booking of tourist trains, air tickets, tour packages be it through rail, air or land, hotel and cabs, saloon cars, AC tourist trains, and event management. To be at par with the user friendliness and facilities which other OTAs offer, our Company has revamped its tourism website.

Comprehensive tourism and hospitality service provider in India:

WTTC expects India's travel and tourism industry to GDP to grow by approximately 12% and reach approximately ₹11.7 trillion in fiscal 2024, driven by factors such as improved connectivity and affordability of air and rail travel, government policy initiatives for promoting domestic tourism, growing convenience of online travel bookings, and higher exposure to unexplored domestic and foreign tourist destinations due to social media. The increase in income in India has caused changes in spending habits, which is expected to positively aid the growth of travel and tourism industry. To capture the market growth, we work closely under the Ministry of Railways' directive. Through cross-selling, e-commerce and intelligent travel solutions, we believe our close ties with the Government and private entities have positioned us well to serve as the "one window solution" to customers in the tourism and hospitality industry.

Business Process

Bulk Procurement

We acquire raw materials necessary for our business operations through the use of limited tenders, where we short list companies that are qualified to participate in the limited tender given past track record or reputation of the brand. To ensure supply and control costs, all our contracts tendered for bulk procurement of raw materials are either one- or two-year contracts.

Cost Control

As a CPSE, our budget and pricing mechanisms are subject to directives/notices given by the Ministry of Railways, which in turn limit our ability to adapt according to market when cost of business operation increases. However, through properly designed limited tender processes, we scrutinize products and services offered by our suppliers and ensure the lowest price is being selected for the tender.

Separately, each of our business verticals adopts industry specific cost saving measures to control our cost exposure in doing business. Further, by increasing production capacity at existing Rail Neer plants as well as setting up new Rail Neer plants based on market demand, we were able to reduce both fixed operating cost and distribution cost. All these measures form part of our internal effort to control operation cost given our inflexibility in passing on costs to our customers.

Employees and Manpower

As of August 31, 2019, we had 1,384 full time employees across our business verticals including more than 350 graduates from the Institute of hotel managements and Food Craft Institutes with expertise in hospitality industry. In addition, we have more than 60 employees who are on deputation from various ministries of Government of India and approximately 240 employees on contract basis. We emphasize on employee welfare by various welfare schemes e.g. contributory welfare scheme, medical insurance and fast track promotion to talented employees etc. and other incentives. Our position as a CPSE allowed us to maintain a sizable workforce with relative stability.

Most of our senior management have substantial experience in their respective domain areas and have been instrumental in the growth of our organization. We believe that our management team is well placed to provide strategic leadership and direction to explore new emerging opportunities in these business segments as well as constantly improve our current operations.

Staff Training

To develop employees' performance, we provide various management developmental programs to our employees to keep up with the latest developments and changes in the field of respective operation, technology, human resource management, finance etc. We have also got trained 10% of our middle and senior managerial officials in various management institute like MDI, Gurugram and IIM Rohtak covering various topics e.g. Data analytics, operation and supply chain management, finance and non-finance, developing communication competencies.

Insurance

We have insurance coverage which we consider reasonably sufficient to cover all normal risks associated with our business operations and which we believe is in accordance with the industry standards. We have, *inter-alia*, obtained equipment failure, work accidents, fire or explosion, burglary, special contingencies, money transit, group life term insurance for employees, commercial general liability and product liability. In addition, we have obtained separate insurance coverage for personnel related risks, motor vehicles and loss of movable assets risks, such as the special contingency policy covering our trains. These insurance policies are generally valid for one year and are renewed annually by us. As of the date of this Red Herring Prospectus, there have been no material claims made under the insurance policies.

Pricing Policy

As a CPSE, our pricing strategy flows directly from the rail budgets as well as other instructions given by the Railway Board. In principle, the pricing of all catering items offered to passengers over Indian Railways network, as well as the menu and tariff are all issued and regulated by the Railway Board according to guidelines promulgated from time to time.

Our Brand

We are recognised by the Indian market as one of the leading brands in railway catering and internet ticketing. Our goal is to continue to establish ourselves as the leader in other business segments including travel and tourism packages and packaged drinking water. With value added products and services for passengers, tourists and other customers, targeting both railway and non-railway related services and the like, we continue to build a business portfolio that is scalable and based on our core competence in offering catering and related services to Indian Railways.

We maintain a number of websites and applications (“apps”) to help promote our brand, and provide easy, user friendly access to our Company and the services we offer. The websites and apps we use are summarized in the following table:

Intellectual Property

Our Company currently own 40 trademarks of our branded products that we offer under brand names registered with the Registrar of Trademarks, Delhi, under various combinations and classes. For more details on these trademarks kindly see the chapter “*Government and Other Approvals*” beginning on page 276.

Property

Our Registered Office is located at 11th Floor, B – 148, Statesman House, Barakhamba Road, New Delhi – 110 001, Delhi, India. We have taken our Registered Office on a leasehold basis. We have a network of one (1) tourism office and one (1) internet ticketing centre located at New Delhi, ten (10) Regional Offices located at Lucknow, Jaipur, Chandigarh, Bhopal, Ahmedabad, Guwahati, Bhubaneswar, Patna, Ernakulam and Bangalore and five (5) Zonal offices located at New Delhi, Mumbai, Kolkata, Chennai and Secunderabad. All our Regional Offices and Zonal Offices are taken on leasehold basis. We operate ten (10) Rail Neer plants located at Nagloi, Danapur, Palur, Ambernath, Amethi, Parassala, Bilaspur, Hapur, Ahmedabad and Bhopal, out of which five (5) Rail Neer plants located at Bilaspur, Amethi, Ahmedabad Hapur and Bhopal are on long term lease from third parties.

Competition

As we are the only entity authorized by the Ministry of Railways to offer catering services on board the train and at majority of the railway stations as well as to offer Indian Railways' ticket online, our business operation faces little to no competition in these segments.

For tourism and hospitality segments, the number, size and strength of our competitors varies by type of services and products concerned such as rail tour packages and air tour packages. We are a leading player in rail tour packages. In air tour packages, we compete with Makemytrip, Cox & Kings (India) Limited, Thomas Cook (India) Limited etc. For further details, please see “*Risk Factors*” on page 24.

For packaged drinking water, although we are now the only entity authorized to distribute packaged drinking water at stations and on trains, given the fact that we only cover approximately 45% of the total market demand, passengers are likely to purchase from our competitors in the packaged drinking water market. For further details, please see “*Risk Factors*” on page 24.

Joint Venture

We have entered into a joint venture agreement dated December 10, 2008 with Cox & Kings Limited to form a company viz., RIRTL to operate, acquire, furnish, maintain and manage a premium tourist train with a view to market and sell the holiday packages. The authorized share capital of RIRTL is ₹50 million which is contributed by both the parties equally i.e. ₹25 million each.

In terms of the agreement we shall acquire the coaches / rakes from Indian Railways and further lease the premium train to RIRTL for a period of 15 years i.e. till the term of the agreement. Cox & Kings shall provide unsecured loan amounting to 50% of the total cost of the train to RIRTL and RIRTL shall pay advance lease charges of 50% to us

from this unsecured loan. Therefore, the amount paid by RIRTL to us annually will be less than the lease charges and the difference amount shall be utilized by the RIRTL for repayment of the unsecured loan to Cox & Kings Limited.

Further, RIRTL has a total of nine directors including three independent directors. We and Cox & Kings Limited have appointed three directors and one independent director each, the third independent director shall be appointed by both the parties. The logo / brand / trademark used for operating the premium train shall be owned and registered in the name of RIRTL and the brand name of the premium train will revert to us at the end of the term of the agreement. The agreement shall remain in force for a period of 15 years from the date of first commercial run of the train and thereafter can be renewed for a period of 10 years.

Currently we are involved in a dispute with Cox & Kings Limited and RIRTL, which is more particularly described in the chapter “*Outstanding Litigation and Other Material Developments*” on page 269.

Awards and Recognitions

We have received several awards and recognitions including Satta Awards in the category of “Excellence in Domestic Tour Operations” in 2017, Dun & Bradstreet’s PSU Awards in 2017, India Power Brand 2016 Award, Indian e-Retail Awards 2015, Best Use of Mobile App 2015, Most Trusted Brand in Railways Service Provider, India Pride Awards 2014-15, World Travel Awards 2015, Website of the Year India Award 2015. Our packaged drinking water, Rail Neer, was ranked as top performer by “Consumer Voice” Magazine in 2017. We have been honoured in the Fortune India Next 500 list for the year 2016 – 2017.

Corporate Social Responsibility

We believe in corporate responsibility and contributing to the communities in which we operate. While being focused on sustained financial performance, we are also aware of the necessary and importance of social stewardship. We seek to enrich the lives of future generations through our efforts to improve the lives of less privileged citizens, in relation to health, education, community development, capacity building and other mechanisms implemented from time to time.

The CSR Committee is entrusted with the primary responsibility of formulating the CSR policy of the Company. For further details in relation to the CSR Committee, see “*Our Management*” on page 162.

KEY REGULATIONS AND POLICIES

The following is an overview of certain sector-specific relevant laws and regulations which are applicable to the operations of our Company and its business operations in India. The information detailed below has been obtained from publications available in the public domain. The description of laws and regulations set out below is not exhaustive and is only intended to provide general information to Bidders. The Food Safety and Standards Act, 2006

The Food Safety and Standards Act, 2006 (“FSSA”) was enacted on August 23, 2006 with a view to consolidate the laws relating to food and to establish the Food Safety and Standards Authority of India (“Food Authority”) for setting out scientific standards for articles of food and to regulate their manufacture, storage, distribution, sale and import to ensure availability of safe and wholesome food for human consumption. The standards prescribed by the Food Authority include specifications for ingredients, contaminants, pesticide residue, biological hazards and labels. The FSSA also sets out requirements for licensing and registering food businesses, general principles for food safety, and responsibilities of the food business operator and liability of manufacturers and sellers, and adjudication by ‘Food Safety Appellate Tribunal’. The FSSA covers activities throughout the food distribution chain, from primary production through distribution to retail and catering.

In exercise of powers under the FSSA, the Food Authority has framed the Food Safety and Standards Rules, 2011 (“FSSR”). The FSSR provides the procedure for registration and licensing process for food business and lays down detailed standards for various food products. The FSSR also sets out the enforcement structure of ‘commissioner of food safety’, ‘food safety officer’ and ‘food analyst’ and procedures of taking extracts, seizure, sampling and analysis. The FSSA lays down penalties for various offences (including recall procedures).

The Food Authority has also framed the following food safety and standards regulations:

- Food Safety and Standards (Licensing and Registration of Food Businesses) Regulations, 2011;
- Food Safety and Standards (Food Product Standards and Food Additives) Regulations, 2011;
- Food Safety and Standards (Prohibition and Restriction on Sales) Regulations, 2011;
- Food Safety and Standards (Contaminants, Toxins and Residues) Regulations, 2011;
- Food Safety and Standards (Laboratory and Sampling Analysis) Regulations, 2011;
- Food Safety and Standards (Food Recall Procedure) Regulations, 2017;
- Food Safety and Standards (Approval for Non-Specific Food and Food Ingredients) Regulations, 2017;

- Food Safety and Standards (Packaging) Regulations, 2018; and
- Food Safety and Standards (Labelling and Display) Regulations, 2018

The Food Authority has also issued a food industry guide on Food Safety Management System (FSMS) (“**Food Industry Guide**”) with the intent to provide implementation guidance to food businesses (especially the small and medium businesses) involved in storage of raw material, manufacturing, packing, storage and transportation of bakery and bakery products, to ensure that critical food safety related aspects are addressed throughout the supply chain. The Guidance Document provides directions specifically for FSMS implementation for biscuits, bread, cakes and pies.

The Prevention of Food Adulteration Act, 1954

The Prevention of Food Adulteration Act, 1954 (“**PFA Act**”) is enacted for the purpose of curbing adulteration of food products. It imposes restriction on sale, storage distribution and manufacture of certain food articles. The PFA Act also imposes penalty for several activities mentioned under section 16. Section 16 states that any person shall, in addition to the penalty to which he may be liable under the provisions of section 6 of PFA Act, be punishable with imprisonment for a term which shall not be less than six months but which may extend to three years, and with fine which shall not be less than one thousand rupees.

The Prevention of Food Adulteration Rules, 1955 (“**PFA Rules**”) have also been formulated to give effect to the purposes of the PFA Act. The PFA Rules empower the Food Inspector to inspect all establishments licensed for the manufacture, storage or sale of an article of food within the area assigned to him. Manufacture sale, stocking, distribution for sale of any article of food including prepared food or ready to serve food, cannot be made by any person except under a license.

Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016 (“**BIS Act**”) was notified on 22nd March, 2016 and was brought into force with effect from 12th October, 2017. The BIS Act provides for the establishment of the National Standards Body of India for the harmonious development of the activities of standardisation, conformity assessment and quality assurance of goods, articles, processes, systems and services. The BIS Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. The BIS Act also allows multiple types of simplified conformity assessment schemes including self-declaration of conformity against a standard which will give simplified options to manufacturers to adhere to the standards and get certificate of conformity. The BIS Act enables the Central Government to appoint any authority/agency, in addition to the BIS, to verify the conformity of products and services to a standard and issue certificate of conformity. Further, the BIS Act also provides for repair or recall, including product liability of the products bearing a standard mark but not conforming to the relevant Indian Standard.

Bureau of Indian Standards Rules, 2017 (“BIS Rules”)

Further, the Ministry, vide notification no. G.S.R. 1266(E). dated October 13, 2017, has notified the BIS Rules. The BIS Rules have been notified in supersession of the Bureau of Indian Standards Rules, 1987, except Chapter IV A mentioned herein, and the Bureau of Indian Standards (Appointment, Terms and Conditions of Service of Director General) Rules, 1987. According to the BIS Rules, the Bureau establishes Indian Standards in relation to any goods, article, process, system or service and shall reaffirm, amend, revise or withdraw Indian Standards so established as may be necessary.

Hotel Receipts Tax Act, 1980

The Hotel-Receipts Tax Act, 1980 (“**HRT Act**”) was enacted on December 9, 1980. The Act imposes a special tax on the gross receipts of certain categories of hotels. The hotel-receipts tax will be payable by every person carrying on the business of a hotel wherein the room charges for residential accommodation provided to any person at any

time during the previous year are ₹75 or more per day per individual. The Hotel-Receipts Tax Rules, 1981 have also been enacted for carrying out the purposes of the HRT Act.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 (“**Sale of Goods Act**”) came into force on July 1, 1930. The Sale of Goods Act governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Legal Metrology Act, 2009 and the Legal Metrology (Packaged Commodities) Rules, 2011

The Legal Metrology Act, 2009 (“**Legal Metrology Act**”), received the assent of the President of India on January 13, 2010. The Legal Metrology Act governs the standards/ units/denominations used for weights and measures as well as for goods which are sold or distributed by weights, measure or number. It also states that any transaction/ contract relating to goods/ class of goods shall be as per the weight/ measurements/numbers prescribed by the Legal Metrology Act. Every unit of weight or measure shall be in accordance with the metric system based on the international system of units. Using or keeping any weight or measure otherwise than in accordance with the provisions of the Legal Metrology Act is an offence, as is tampering or altering any reference standard, secondary standard or working standard. Moreover the Legal Metrology Act prohibits any person from quoting any price, issuing a price list, cash memo or other document, in relation to goods or things, otherwise than in accordance with the provisions of the Legal Metrology Act. The specifications with respect to the exact denomination of the weight of goods to be considered in transactions are contained in the Rules made by each State. The Legal Metrology Act also provides Legal Metrology (General) Rules, 2011, which may be followed for due compliance, if the respective State does not provide for Rules in this regard. The Controller of Legal Metrology Department is the competent authority to grant the licence under the Legal Metrology Act. Any manufacturer dealing instruments for weights and measuring of goods must procure a license from the state department under the Legal Metrology Act. Any non-compliance or violation under the Legal Metrology Act may result in inter alia a monetary penalty on the manufacturer or seizure of goods or imprisonment in certain cases.

The Legal Metrology (Packaged Commodities) Rules, 2011 (“**Legal Metrology Rules**”) came into force on April 1, 2011 and was enacted under the Legal Metrology Act. According to the Legal Metrology Rules, no person shall pre-pack or cause or permit to be pre-packed any commodity for sale, distribution or delivery unless a declaration is made on the package as required under the Legal Metrology Rules. Every manufacturer, packer and importer who pre-packs or imports any commodity for sale, distribution or delivery is required to be registered. On September 7, 2016, the Indian Ministry of Consumer Affairs, Food, and Public Distribution’s Department of Legal Metrology amended the Legal Metrology Rules. The amendment empowers the Government of India and state-level competent authorities to establish prices and quantity limits for retail-sale price of anything deemed an “essential commodity” under the Essential Commodities Act, 1955.

Internet Ticketing

The Information Technology Act, 2000

The Information Technology Act, 2000 has been enacted to provide legal recognition for transactions carried out by means of electronic data interchange and other means of electronic communication, commonly referred to as “Electronic Commerce”, which involve the use of alternatives to paper-based methods of communication and storage of information etc. Additionally, the said Act also provides for civil and criminal liabilities including fines and imprisonment for various computer related offences. These include offences relating to unauthorized access to computer systems; it also recognizes contracts concluded through electronic means, creates liability for failure to protect sensitive personal data and gives protection to intermediaries in respect of third party information liability. It also provides civil and criminal Liabilities. The Information Technology Act also provides punishment for offences committed outside India. The Information Technology Act, 2000 creates liability on a body corporate which is negligent in implementing and maintaining reasonable security practices and procedures, and thereby causing

wrongful loss or wrongful gain to any person, while possessing, dealing or handling any sensitive personal data or information in a computer resource owned, controlled or operated by it.

The Department of Information and technology under the Ministry of Communications & information Technology, Government of India, has notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive personal Data or Information) Rules 2011 which gives directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The said Rules also require the body corporate to provide a privacy policy for handling and dealing on personal information, including sensitive personal data.

Intellectual Property Rights

Intellectual property rights in India enjoy protection under both statute and common law. Indian Statutory law provides for copyright protection under the Copyright Act, 1957, trademark protection under the Trade Marks Act, 1999 and design protection under the Designs Act, 2000. These enactments provide an exclusive right to the creator, over the use of his/her creation for a certain period of time and provide for the protection of intellectual property by imposing civil and criminal liability for infringement. India is also a party to several international agreements for the protection of intellectual property rights.

The Trademarks Act, 1999

The Trademarks Act, 1999 (“**TM Act**”) provides for the application, registration and assignment of trademarks in India. The purpose of the TM Act is to grant exclusive rights to marks such as a brand, label and heading and to obtain relief in case of infringement for commercial purposes as a trade description. The registration of a trademark is valid for a period of 10 years, and can be renewed in accordance with the specified procedure. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others.

Application for trademark registry has to be made to Controller-General of Patents, Designs and TM Act who is the Registrar of Trademarks for the purposes of the TM Act. The TM Act prohibits any registration of deceptively similar trademarks or chemical compound among others. It also provides for penalties for infringement, falsifying and falsely applying trademarks.

The Trade Marks Rules, 2017

In March 2017, the Trade Mark Rules, 2017 (“**Trade Mark Rules**”) were notified, in supersession of the Trade Marks Rules, 2002. The Trade Mark Rules brought about changes in the application process, in terms of an increase in application fees and common formats for several kinds of applications. However, the e-filing process has been incentivized by providing for lower application fees. With the Trade Mark Rules, the definition of “Opposition” also saw a change to encompass a greater. Further, the Trade Mark Rules also allow for video conferencing for conducting hearings.

Tourism

The Ministry of Tourism is the nodal agency for the development of tourism in the country. It plays a crucial role in coordinating and supplementing the efforts of the State/Union Territory Governments, catalyzing private investment, strengthening promotional and marketing efforts and in providing trained manpower resources. Acquiring a license issued by the Department of Tourism is a prerequisite for any organization operating in the tours and travels business. Some of the guidelines issued by the Ministry for Travel Trade are detailed below:

1. Guidelines for recognition / renewal or extension as an approved travel agent / agency, introduced from August 27, 2007, and revised with effect from July 18, 2011.
2. The Guidelines for the selection and grant of guide license to Regional Level Tourist Guides, 2011 introduced from September 22, 2011.
3. Code of conduct for safe and honorable tourism adopted on July 1, 2010 .
4. Guidelines for the scheme of market development assistance for promotion of domestic tourism, introduced with effect from January 9, 2009

5. Guidelines for recognition / renewal or extension as an approved inbound tour operator, introduced from August 27, 2007, revised with effect from July 18, 2011.
6. Guidelines for recognition / renewal or extension as an approved tourist transport operator, revised with effect from July 18, 2011
7. Guidelines for recognition / renewal or extension as an approved adventure tour operator, introduced from August 27, 2007, revised with effect from January 2, 2012
8. Guidelines for recognition / renewal or extension as an approved domestic tour operator, introduced from August 27, 2007, revised with effect from July 18, 2011

The Ministry has also issued guidelines overseas marketing such as the Guidelines for joint advertising support and the Guidelines for brochure support. Additionally, as part of its marketing / publicity activities, the Ministry of Tourism brings out brochures, leaflets, maps, films, CDs, etc. on various topics and have issued guidelines for the same.

International Air Transport Association

The International Air Transport Association (“IATA”) is a trade association for the world’s airlines. From 57 founding members in 1945 it now represents approximately 290 airlines in over 117 countries or 82% of total air traffic. It supports many areas of aviation activity and helps formulate industry policy on critical aviation issues. IATA works with governments, the International Civil Aviation Organisation and other relevant authorities to help define the correct regulatory framework for the industry. Membership with IATA brings several benefits including international recognition, increasing communication, driving industry change etc. An accreditation of IATA is necessary to operate as a travel service provider. The purpose of accreditation is to formally recognize travel agents through an IATA Numeric Code that provides a unique identifier for the agent that are authorized to sell and issue international/ domestic tickets on behalf of the airlines in the global travel industry. As such agent one gains access to approximately 250 IATA airline members using a single standard Sales Agency Agreement as well as access to IATAs Billing and Settlement Plan (BSP) and BSP link which provides for a single standard interface for invoicing and payment between the agent and multiple airlines and transport providers. Global customers and airlines can with certainty rely on these agents for ticketing and payment procedure since they are required to meet industry standards identifiable by the IATA and standard procedures which ensure fair and uniform standards in all dealings with the airlines.

- *National Tourism policy, 2002*- A national policy on tourism highlights the importance of the sector and the objectives of tourism development in the country as was presented in the Parliament in 1982. The National Tourism Development Policy was introduced with the objective of positioning tourism as a major engine of economic growth and to harness its direct and multiplier effects for employment and poverty eradication in an environmentally sustainable manner. A new Draft National Tourism policy, 2015 has been released and the same is under consideration by the Government.
- In addition, each state has issued its own tourism policies.

The Consumer Protection Act, 1986

The Consumer Protection Act, 1986 (the “**Consumer Protection Act**”) provides better protection to the interests of consumers. This is enabled with the establishment of consumer councils and other authorities for the settlement of consumers’ disputes and matters connected therewith. The Consumer Protection Act protects the consumers against any unfair/restrictive trade practice that has been adopted by any trader or service provider or if the goods purchased by him suffer from any defect or deficiency. In case of consumer disputes, the same can be referred to the redressal forums set up by the government such as the National Commission, the State Commission and the District Forums. Such redressal forums have the authority to grant the following reliefs, that is, removal of defects, replacement of goods, compensation to the consumer, etc.

- The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013; and
- The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979

Environment Related Laws

Each Company must ensure compliance with environmental legislation, such as the Water (Prevention and Control of Pollution) Act 1974, as amended, the Air (Prevention and Control of Pollution) Act, 1981, as amended, the Environment Protection Act, 1986, as amended, and the rules and regulations thereunder. The basic purpose of these statutes is to control, abate, prevent pollution and conserve the country's forests. The Environmental Protection Act, 1986 (“EPA”) is an “umbrella” legislation designed to provide a framework for co-ordination of the activities of various central and state authorities established under various laws. Under the EPA, the Government of India is empowered to take any measure it deems necessary or expedient for protecting and improving the quality of the environment and preventing and controlling environmental pollution. This includes rules for, *inter alia*, laying down standards for the quality of environment, standards for emission of discharge of environment pollutants from various sources, as provided under the Environment (Protection) Rules, 1986, inspection of any premises, plant, equipment, machinery, examination of manufacturing processes and materials likely to cause pollution. Penalties for violation of the EPA include fines up to RS`100,000 or imprisonment of up to five years, or both. The imprisonment can extend up to seven years if the violation of the EPA continues. There are provisions with respect to certain compliances by persons handling hazardous substances, furnishing of information to the authorities in certain cases, establishment of environment laboratories and appointment of Government analysts.

In order to achieve these objectives, Pollution Control Boards (“PCBs”), which are vested with diverse powers to deal with water and air pollution, have been set up in each state. The PCBs are responsible for setting the standards for maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking inspection to ensure that units or plants are functioning in compliance with the standards prescribed. These authorities also have the power of search, seizure and investigation. The authorities also give advice to the Government on any matters concerning the prevention, control or abatement of pollution. All industries and factories are required to obtain consent orders from the PCBs, which are indicative of the fact that the plant in question is functioning in compliance with the pollution control norms. These consent orders are required to be renewed.

These various environmental laws give primary environmental oversight authority to the Ministry of Environment, Forest and Climate Change (“MoEFCC”), the Central Pollution Control Board (the “CPCB”) and the respective State Pollution Control Boards (the “SPCB”). The MoEFCC is the key national regulatory agency responsible for policy formulation, planning and co-ordination of all issues related to environmental protection. The CPCB is the law enforcing body at the national level. It enforces environmental legislation, coordinates the activities of State Pollution Control Committees, establishes environmental standards and plans and executes a nationwide programme for the prevention, control and abatement of pollution.

On September 14, 2006 the Environmental Impact Assessment Notification S.O. 1533 (the “2006 Notification”) was issued by the Ministry of Environment and Forest. Under the 2006 Notification, the environmental clearance process for new projects consists of four stages – screening, scoping, public consultation and appraisal. After completion of public consultation, the applicant is required to make appropriate changes in the Draft Environment Impact Assessment Report and the Environment Management Plan. The final Environment Impact Assessment Report has to be submitted to the concerned regulatory authority for appraisal. The regulatory authority is required to give its decision within 105 days of the receipt of the final Environment Impact Assessment Report. The prior environmental clearance granted for a project or activity is valid for a period of five years. This period of validity may be extended by the regulatory authority concerned by a maximum period of five years.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the “**Hazardous Waste Rules**”) are to be read with the Environment Protection Act, 1986, as amended. The objective of the Hazardous Waste Rules is to control the collection, reception, treatment and storage of hazardous waste. The Hazardous Waste Rules prescribes for every person who is engaged in generation, treatment, processing, package, storage, transportation, use, collection, destruction, conversion, recycling, offering for sale, import, export, transfer or the like of the hazardous and other wastes to obtain an authorization from the relevant state pollution control board and to dispose waste without harming the environment.

The Water (Prevention and Control of Pollution) Cess Act, 1977, as amended (“Water Cess Act”)

The Water (Prevention and Control of Pollution) Cess Act, 1977, as amended (“**Water Cess Act**”) provides for levy and collection of a cess on water consumed by industries with a view to augment the resources of the Central and State Pollution Control Boards constituted under the Water (Prevention and Control of Pollution) Act, 1974. Under the Water Cess Act, every person carrying on any industry is required to pay a cess calculated on the basis of the amount of water consumed for any of the purposes specified under the Water Cess Act at such rate not exceeding the rate specified under the Water Cess Act. The objective of the Act is to augment the resources of the Central Board and State Board.

The MoU shall be valid till the time it is modified / amended by both the parties.

Joint Venture Agreement dated December 10, 2008 entered between our Company and Cox & Kings (India) Limited (“Cox & Kings”)

Our Company had entered into a joint venture agreement dated December 10, 2008 (“**Agreement**”) with Cox & Kings to form a joint venture viz., ‘Royale Indian Rail Tours Limited’ (“**RIRTL**”) to pool their respective experience, expertise and infrastructure in order to acquire, furnish, maintain and manage a luxury tourist train with a view to market and sell holiday packages. The authorized share capital of RIRTL is ₹50 million which is contributed by both the parties equally i.e. ₹25 million each.

In terms of the Agreement, our Company shall acquire the coaches / rakes from the Indian Railways and further lease the luxury train to RIRTL for a period of 15 years, further renewable for a period of 10 years on mutually agreed terms and condition. Cox & Kings shall provide unsecured loan amounting to 50% of the total cost of the train minus capital subsidy to RIRTL; and RIRTL shall pay advance lease charges of 50% of the train cost minus capital subsidy to our Company from this unsecured loan. The advanced lease charges shall be adjusted against the annual lease charges payable in equal installments over 15 years. Therefore, the amount paid by RIRTL to our Company annually will be less than the annual lease charges and this difference amount shall be utilized by the RIRTL for repayment of the unsecured loan to Cox & Kings.

Further, the board of RIRTL shall comprise of 7 directors including 3 independent directors. Our Company and Cox & Kings shall appoint 2 directors each to act as directors of RIRTL, 1 independent director each and the third independent director jointly appointed by both the parties. The Chairman on the board of RIRTL shall be a nominee of our Company, subject to the approval of Cox & Kings. The logo / brand / trademark used for operating the luxury train shall be owned and registered in the name of RIRTL and the independent brand name of the luxury train will revert to our Company at the end of the term of the agreement. The agreement shall remain in force for a period of 15 years from the date of first commercial run of the train and thereafter can be renewed for a period of 10 years on mutually agreed terms and conditions.

Currently our Company is involved in a dispute with Cox & Kings and RIRTL, which is more particularly described in the chapter “*Outstanding Litigation and Other Material Developments*” on page 269.

Borrowing Powers of our Board

Our Board is empowered to borrow money in accordance with Sections 73 – 76, 179 and 180 of the Companies Act, 2013. Further, in accordance with the Articles of Association, our Board has been empowered to borrow funds subject to certain conditions as required to be met in accordance with the applicable laws and which does not exceed the aggregate for the time being of the paid up capital of our Company and its free reserves.

Corporate governance

In addition to the provisions of the Companies Act and DPE Guidelines on Corporate Governance for Central Public Sector Enterprises (“**DPE Guidelines**”), the provisions of SEBI Listing Regulations will also be applicable to our Company immediately upon the listing of our Equity Shares on the Stock Exchanges.

Our Chairman and Managing Director is an executive Director. As on the date of this Red Herring Prospectus, our Company has 11 Directors on its Board, which includes two Whole-time Directors, two Part-time Government Directors and six Part-time (Non-official) Directors and a Director with additional charge.

Pursuant to MCA notifications dated June 5, 2015, June 13, 2017 and February 5, 2018 and any other notification issued by the MCA, the Central Government has exempted/ modified the applicability of certain provisions of the Companies Act, 2013 in respect of Government Companies. In accordance with this notification, the DPE Guidelines and pursuant to our Articles, matters pertaining to, *inter alia* appointment, remuneration and performance evaluation of our Directors are determined by the President of India. Further, our Statutory Auditor is appointed by the Comptroller and Auditor General of India. Accordingly, in so far as the aforementioned matters are concerned, the terms of reference of our Nomination and Remuneration Committee and Audit Committee only allow these committees to take on record the actions of the President of India or the Comptroller and Auditor General of India, as the case may be.

Pursuant to Regulation 19(4) read with Paragraph A of Part D of Schedule II of SEBI Listing Regulations, provisions relating to (i) identification of persons who are qualified to become directors, (ii) recommending appointment and removal of directors, (iii) recommending extension of the term of independent directors, (iv) formulation of criteria for evaluation of performance of the directors, (v) devising policy on diversity of the board of directors, (vi) formulation of the criteria for determining qualifications, positive attributes and independence of a director, are required to be included in the terms of reference of Nomination and Remuneration Committee. However, since our Company is a government company, the power to appoint directors on our Board is vested with the President of India acting through the MoR and, resultantly, our Nomination and Remuneration Committee and our Board members do not have the power to appoint Directors to our Board. In this regard, our Company had filed an exemption letter dated August 21, 2019 with SEBI under Regulation 300 and of SEBI ICDR Regulations. SEBI

vide its email dated September 17, 2019, has exempted our Company from strict enforcement of the following provisions of SEBI Listing Regulations (a) compliance with Regulation 18(3) read with point (2) of paragraph (A), Schedule II – Part C of SEBI Listing Regulations pertaining to terms of reference of the Audit Committee and (b) compliance with the terms of reference of the Nomination and Remuneration Committee as specified in Regulation 19(4) of SEBI Listing Regulations for this Offer.

Other than as described above, our Company is in compliance with corporate governance norms prescribed under the SEBI Listing Regulations, including in relation to the composition of its committees, such as the Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee, Risk Management Committee and CSR Committee, policy on fraud prevention, whistle blower scheme, right to information, corporate social responsibility and sustainable development policy, accessibility and policy for determining materiality of an event/information for making adequate disclosure of such an event/information before the Stock Exchanges.

ANNEXURE A

Detail of Qualification, Key Audit Matters, Emphasis of matter, Other Matters paragraph disclosed in the Audit Reports for the FY 2018-19, FY 2017-18, FY 2016-17

Para 1. Other Matters reported in the Audit Report the impact of which has been taken in the restated financial statements

a. For the Financial Year ended 31st March 2019

“That the catering service on a large number of trains have been transferred to the company during the financial year under consideration. That some of the departmentally managed trains are being operated on unbundling/partial unbundling model whereby the food preparation and food serving contracts have been given to different licensees and in few cases to even same licensee. In view of the management of the company the operation of such trains is in the nature of departmental catering since partially the food is also being supplied from the base kitchen in most of the trains. Thereby treating the same in the nature of departmental catering, the company has not provided for any share of revenue payable to Indian Railways in terms of the catering policy (which required revenue sharing in the ratio of 15:85 between Indian Railways and IRCTC, and 40:60 in case of licensee model) stating that it has made the representation to the Ministry of Railways that railway share may be paid only in case of generation of profits from operation of departmentally run trains, to be assessed on PAN India Basis and hence train/unit wise statement of affairs was not available. As informed the matter has been referred to the Railway Board.”

A provision has been made in the restated financial statements in line with the terms of effective catering policy.

b. For the Financial Year ended 31st March 2018

“That the catering service on a large number of trains have been transferred to the company during the financial year under consideration. That some of the departmentally managed trains are being operated on unbundling/partial unbundling model whereby the food preparation and food serving contracts have been given to different licensees and in few cases to even same licensee. In view of the management of the company the operation of such trains is in the nature of departmental catering since partially the food is also being supplied from the base kitchen in most of the trains. Thereby treating the same in the nature of departmental catering, the company has not provided for any share of revenue payable to Indian Railways in terms of the catering policy (which required revenue sharing in the ratio of 15:85 between Indian Railways and IRCTC, and 40:60 in case of licensee model) stating that it has made the representation to the Ministry of Railways that railway share may be paid only in case of generation of profits from operation of departmentally run trains, to be assessed on PAN India Basis and hence train/unit wise statement of affairs was not available. As informed the matter has been referred to the Railway Board.”

A provision has been made in the restated financial statements in line with the terms of effective catering policy.

Para 2. Other Matters reported in the Audit Report the impact of which has been taken in the restated financial statements

a. For the Financial Year ended 31st March 2019

“That payments due to vendors registered under MSME Act could not be fully identified & segregated and the entire outstanding amount as at 31st March 2019 has been reported under Trade Payables other than MSME Vendors.

Further, the MSME Vendors reported during the previous year and interest provision on the delayed payment to the same have been repaid/reclassified during the year as other trade payables.”

That in the absence of any confirmation sought/received from the vendors in any of the financial years, the segregation of the MSME Vendors in the restated financials is based on the list certified by the management.

Para 3. Key Audit Matters reported in the Audit Report

a. For the Financial Year ended 31st March 2019

“That with regards to the Ind Accounting Standard 115 on Revenue from Contract with Customers, the company is in receipt of integration charges from booking agents (Non Refundable one time fees) for providing connectivity with the IRCTC Portal for railway ticket booking along with the annual maintenance charges which may vary based on volume of ticket bookings etc. The management is of the opinion that the agreement with the parties for integration charges is generally for one to three years, and subsequently the annual maintenance the contract is renewed but without any integration charges.

Further since the renewal is unilateral at the option of IRCTC such integration charges shall not be deferred as income beyond initial contract period of one to three years.

In our opinion, the contract for integration charges and annual maintenance contract are not distinct contracts therefore Income of integration charges (one time non refundable fees) shall be amortized over the expected contract period instead of recognizing revenue at one time. Further past trend has indicated that there is hardly any case where the contract was not renewed by IRCTC. Accordingly in our view, the one time integration charges shall be recognized as revenue over the estimated contract period (estimated 20 years based on past trend) rather than accruing the entire amount as income based on initial contract of one to three years.

Deferment of such integration charges in terms of above based on the past information compiled by the management has caused overstatement of revenue by ₹ 66.5 Millions during the fiscal 2019 and other equity comprising of reserves and surplus as at 31st March 2019 by Rs.314.1 Millions”

Para 4. Other Matters reported in the Audit Report for the fiscals

1. For the Financial Year ended 31st March 2019

- a. “We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit except for third party balance confirmations including balances payable/receivable from railways. Further the party wise receivables and payables could not be reconciled with the financial ledgers maintained in the ERP system.”
- b. “In our opinion, the internal control as well as the internal audit system is not commensurate with the size of the company and the nature of it’s operations. There is an immediate need to develop stronger MIS for periodic review of various business segments which could reduce the errors and omissions observed during the course of audit. Similarly measures for ensuring control over material and sales realizations from carriage and freight forwarding agents needs to be implemented along with reconciliations for realizations for sales made through such parties.”
- c. “In our opinion, immediate measures need to be taken to upgrade the current ERP system as well as provide adequate training to the staff lack of which posed limitations in making available requisite information and documents during the course of audit. This shall also require identification and reconciliation of the legacy transactions the balances of which is stated to have been existing since the migration of data from earlier financial system to present financials maintained in Oracle apart from legacy transactions pertaining to the period of transfer of operations from/to railways.

Further, reconciliation between the transactions executed through 3rd party applications/portals as well as manual data with the financial information posted in the books of accounts could not be made and accordingly

reliance was placed on information available on records and verified on test check basis as per the financial books. In our opinion the information transfer between all the 3rd party application/portals needs to be fully automated & documented for verification.”

- d. “That the bank balances reflected in the financial statements have been stated as per the books of accounts and are subject to posting of financial payments and receipts crystallized in the company bank accounts but which are pending confirmations/reconciliations. Further the transaction by transaction reconciliation could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous ticket booking and cancellation transactions on behalf of railways.”
- e. “That the liabilities under GST as well as the credit admissibility are subject to reconciliation with the returns filed. The financial transactions and corresponding GST liability on the same could not be reconciled with the returns filed by the company during the course of audit. That as represented to us the assessment of liability on account of various provisions including reverse charge mechanism on payment to railways, reimbursement claims etc. is being done and suitable corrective measures shall be taken before conclusion of the Audit under the GST Act for the financial year under consideration.”
- f. “That with regards to the Ind Accounting Standard 31 on Interest in Joint Ventures, on account of the ongoing litigation with M/s Cox & Kings Ltd. in respect of joint venture company M/s Royale India Rail Tours Limited, for which the financial have not been prepared since 2010-11 and hence the company is neither filing the consolidated financial statements nor the disclosures have been made regarding the financial position of such joint venture company.

Further in view of the termination of the joint venture agreements, the company is of the view that M/s Cox & Kings Ltd cannot invoke arbitration clause in relation to the reliefs sought. Consequential financial impact, if any could not be ascertained.”

- g. “The commissioner of VAT vide order dated 23rd March 2006 had levied VAT on on-board catering services in train treating the same as sales. The plea of the company was not accepted by the Appellate Tribunal as well as by the Hon’ Delhi High Court and SLP is now pending at the Hon’ Supreme Court. The company as a prudent policy has been providing VAT liability but only net of corresponding VAT Input and service tax being paid since only one of the taxes may be applicable. Such VAT Input amounting to Rs.111.9 Million have been stated as balance due from statutory authorities as other current asset. In case the ruling goes against the company, the entire VAT liability (on gross or net basis) along with the interest (as levied) may have to be deposited and a separate service tax refund application may be required to be filed and obtained separately.”

2. For the Financial Year ended 31st March 2018

- a. “We have sought and obtained the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit except for confirmations on the balances receivable/payable to railways as well as other parties. Also, the old balances which as informed to us pertain to the period of transfer of catering business in the financial year 2010 and on account of migration of data from the earlier accounting system to the Oracle System are subject to confirmation/reconciliation from railway as well as other parties.”
- b. “In our opinion, the internal audit system is not commensurate with the size of the company and the nature of it’s operations. Based on our verification of the records and documents, there is a need to strengthen the internal control system within the organization and upgrade and optimize the ERP system and also develop stronger MIS for periodic review of various business segments. Further in our opinion, the identification and reconciliation of the legacy transactions stated to have been existing since the migration of data from earlier financial system to present financials maintained in Oracle system as well as financial transactions pertaining to the period of transfer of operations from/to railways needs to be completed.”

- c. “That the transaction by transaction reconciliation of the banking transactions could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous ticket booking and cancellation transactions on behalf of railways.”
 - d. “That the credit entitlements and liability under the Goods and Service Tax are subject assessment under the act. Further the company has represented that it does not foresee any GST liability on the company’s share of license fee realized by the Railways before the GST Regime and transferred to the company during the GST Regime as a result of takeover of trains under the New Catering Policy 2017. Similarly, No GST liability has been accrued on the reimbursement claims received from the Indian Railways towards the Internet ticketing expenses incurred, on account of GST Credits claimed on input cost reimbursed to the company. As informed to us, the company is in the process of obtaining advance ruling on the above said matters and no provision/liability has been accrued on the same.”
 - e. “That with regards to the Ind Accounting Standard 31 on Interest in Joint Ventures, on account of the ongoing litigation with M/s Cox & Kings Ltd. in respect of joint venture company M/s Royale India Rail Tours Limited, for which the financial have not been prepared since 2010-11 and hence the company is neither filing the consolidated financial statements and nor the disclosures have been made regarding the financial position of such joint venture company. In view of the termination of the joint venture agreements, the company is of the view that M/s Cox & Kings Ltd cannot invoke arbitration clause in relation to the reliefs sought. Consequential financial impact, if any could not be ascertained.”
 - f. “The commissioner of VAT vide order dated 23rd March 2006 had levied VAT on on-board catering services in train treating the same as sales. The plea of the company was not accepted by the Appellate Tribunal as well as by the Hon’ Delhi High Court and SLP is now pending at the Hon’ Supreme Court. The company as a prudent policy has been providing VAT liability but net of corresponding VAT Input and service tax being paid since only one of the taxes may be applicable. In case the ruling goes against the company, the entire VAT liability (on gross or net basis) along with the interest (as levied) may have to be deposited and a separate service tax refund application may be required to be filed and obtained separately”
3. For the Financial Year ended 31st March 2017
- a. “We have to state that external confirmations from trade receivable, trade payables including account with Indian Railways, Centre for Railways Information System, and other governments bodies/agencies etc. could not be obtained during the course of our audit & hence the financial impact of reconciliations with the parties could not be ascertained.”
 - b. “That based on the verification of records and documents in our opinion considering the size of the company and the nature of it’s operations there is a need to strengthen the internal control system within the organization including period end closing activities, extraction/posting of financial data and information maintained at separate applications to the financial books of the company as well as take extra efforts to fully adopt the e-tendering system. Further in our opinion the identification and reconciliation of the legacy transactions stated to have existing since the migration of data from the earlier financial system to present financials maintained in Oracle system as well as financial transactions pertaining to the period of transfer of operations from/to railways needs to be completed.”
 - c. “The transaction by transaction reconciliation of the banking transactions could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous transactions.”
 - d. “That with regards to the Ind Accounting Standard 31 on Interest in Joint Ventures, on account of the ongoing litigation with M/s Cox & Kings Ltd. in respect of joint venture company M/s Royale India Rail Tours Limited, for which the financial have not been prepared since 2010-11 and hence the company is neither filing the consolidated financial statements and nor the disclosures have been made regarding the financial position of such joint venture company. In view of the termination of the joint venture

agreements, the company is of the view that M/s Cox & Kings Ltd cannot invoke arbitration clause in relation to the reliefs sought. Consequential financial impact, if any could not be ascertained.”

- e. “The commissioner of VAT vide order dated 23rd March 2006 had levied VAT on on-board catering services in train treating the same as sales. The plea of the company was not accepted by the Appellate Tribunal as well as by the Hon’ Delhi High Court and SLP is now pending at the Hon’ Supreme Court. The company as a prudent policy has been providing VAT liability but net of corresponding VAT Input and service tax being paid since only one of the taxes may be applicable. In case the ruling goes against the company, the entire VAT liability (on gross or net basis) along with the interest (as levied) may have to be deposited and a separate service tax refund application may be required to be filed and obtained separately.”

Para 5. Reporting on Internal Financial Controls in the Audit Report

1. For the Financial year ended 31st March 2019

“With regard to Internal Financial Control In our opinion, there is a need to strengthen the information system based controls and practices to mitigate risk factors associated with conventional manual control procedures particularly at the branches level. That suitable measure including third party audits have been conducted during the year and representations have been made by the company for improvement and implementation of financial controls wherever required, particularly those associated and interdependent on up gradation and improvement of the current ERP system. We have performed the testing of internal financial controls over financial reporting at the Corporate level and subject to the such IT related limitations, the same were in principal operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.”

2. For the Financial Year ended 31st March 2018

“In our opinion, there is a need to strengthen the information system based controls and practices to mitigate risk factors associated with conventional manual control procedures particularly at the branches level. We have performed the testing of internal financial controls over financial reporting at the Corporate level and the same were in principal operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.”

Para 6. Reporting on additional matters under Section 143(5) in the Audit Report

1. For the Financial Year ended 31st March 2019

- a. “That with regards to the reporting on “whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.” ,

Yes, however the current version of the ERP system (Oracle), is not being used as end to end integrated accounting system since most of the information and calculations is being prepared in Excel Sheets or third party applications and uploaded/posted manually in the Financial Accounting Module.

The IT system requires an overall upgradation, including rectification in some areas like,

- a) master data reconfiguration
- b) reconciliation of legacy transactions
- c) inoperative & redundant ledger accounts, profit centers/departments,

- d) integration issues including correcting the mapping of tax codes as well as subledger accounts &
- e) User controls & adequate staff training”

Note :- 4.1

- (i) Expenditure incurred on civil work on premises located on Railway land other than Railneer Plants has been accounted as lease hold improvement and has been depreciated over a period of ten years.
- (ii) Residential flats constructed on railway land are on lease for a period of 30 years and the same has been depreciated over that period.

Note :- 4.2

IRCTC has taken land from Railways on lease basis for setting up of Railneer Plants at Nangloi, Danapur, Palur and Ambarnath for which lease period has not been fixed by Railway authorities. As per the policy of the Railways the maximum period of lease can be for a period of 35 years which is further renewable for a period of 35 years. Depreciation on buildings of Railneer Plants at Nangloi, Danapur, Palur and Ambarnath has been provided on straight line basis as per accounting policy being followed consistently. IRCTC has written to concerned Railways to confirm the maximum period of lease of such land provided to IRCTC, reply of which is awaited.

Note :- 37.3

By virtue of Joint venture agreement Dated 10.12.2008, Royale Indian Rail Tours Limited (RIRTL) was formed as a joint venture company with Cox and Kings Limited with IRCTC & Cox & King as Shareholders.

A Luxury train of 23 coaches was constructed, funded and created by IRCTC and was given to Royale Indian Rail Tours Limited (RIRTL) for operations on adhoc basis and it was christened as Maharaja's Express. The Train was operated from March 2010 to April 2011. In that intergenem, it was noticed that various agreements between the parties regarding the train operation were not being allowed to be finalized, including the lease agreement for train and MOU with Indian Railways. Further, haulage charges, etc. due were also not being paid. Ultimately IRCTC terminated the agreement with Cox and Kings Ltd on 12/08/2011, as well as also had withdrawn the train from RIRTL.

Cox and Kings Limited filed a petition in Honorable Delhi High Court and after the judgment of Division Bench of High Court in favour of IRCTC, Cox and Kings Ltd approached the Supreme Court. The matter has been decided in favour of IRCTC by Honorable Supreme Court of India with an observation that parties are at liberty to appoint an arbitral Tribunal to settle their disputes. The prayer of Cox & Kings Ltd. before the arbitral Tribunal is for specific performance of the joint venture agreement.

Based on legal opinion available with the Company and in view of the termination of the joint venture agreement, the IRCTC is of the view that Cox and Kings Ltd. cannot invoke the arbitration clause in relation to the reliefs sought. The order on IRCTC's plea has been reserved.

IRCTC does not feel the necessity to recognize the claim of the Cox and Kings Ltd which is for restoration of the Joint Venture Agreement and therefore consequential financial impact is not ascertainable at present. On the other hand, IRCTC has initiated proceedings under section 397 and 398 of the Companies Act, 1956 against Cox and Kings Ltd. and its officers which is sub judice.

Note :- 37.4 VAT Case filed Before Hon'ble Supreme Court of India

The Company has been paying service tax towards on-board catering services in trains in which catering charges are included in railway fare. The commissioner of VAT vide order dated 23.03.2006 considered on-board catering service in trains as sale of goods within the meaning of section 2(zc)(vii) of the said Act.

IRCTC filed an appeal before the Appellate Tribunal Value Added Tax. The Tribunal, while partly allowing the appeal vide Order dated 07.09.2006, held that the observations pertaining to Central Act were beyond the Commissioner's jurisdiction as they pertained to taxability of the goods on sale or purchase taking place in the course of inter-state sale outside the State.

IRCTC assailed the said order by way of filing writ petitions in the Hon'ble High Court of Delhi at New Delhi praying that the services rendered by IRCTC are not liable to Value Added Tax under the Delhi Value Added Tax Act, 2004 and that on-board catering services of the Company are primarily services in which food and beverages are also provided and are liable to service tax only. The Hon'ble Delhi High Court upheld the decision of commissioner of VAT and dismissed the petition of IRCTC. The Hon'ble High Court had stated that Company is liable to pay VAT. However, it may take refund of service tax already paid.

Aggrieved by the Judgement, the Company has moved to Hon'ble Supreme Court, filing Special leave petition against the judgment dated 19.7.2010 passed by the Hon'ble High Court of Delhi. SLP 25292-25319 of 2010 had been admitted and awaiting its turn. The Hon'ble Supreme Court has granted ad-interim direction in the nature of Status Quo on recovery of the demand raised by VAT authorities. Hence the matter is sub-judice and the Company is not liable to pay VAT at present. However, the Company has provided VAT liability net of service tax of ₹ 825.10 Millions up to FY 2017-18 (30th June, 2017) across India as a matter of prudent accounting policy and amount pertaining to current year is reduced from sales. Corresponding VAT input admissibility is shown as balance with Govt. authorities.

Payment Gateways

Company is handling Railway reservations through internet for which five payment gateways and more than thirty five Net Banking/Debit Card networks of almost all the banks are being used. The volume of transactions in all these accounts is very huge and increasing day by day with increase in Booking of tickets. Transaction wise reconciliation has been carried out for the financial year 2018-19 to smoothen the process. However, certain differences are still persisting for financial years prior to 2018-19 which are because of non-comparability of data cycle of IRCTC and the respective banks.

Apart from above, there are some postings which are made after verification & reconciliation of the respective entries.

(j) The Employees' Gratuity Fund Scheme managed by a Trust (SBI Life Insurance Co. Ltd) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method.

(k) Sensitivity Analysis

For the year ended March 31st 2019						Amount (₹ in Millions)
	Change in assumptions	Effect on Gratuity obligation	Effect on Leave Encashment	Effect on Half Pay Leave	Effect on LTC	
Discount Rate	Increase of 0.50%	(30.56)	(27.28)	(13.63)	(0.23)	
	Decrease of 0.50%	34.12	30.44	15.18	0.24	
Salary Growth Rate	Increase of 0.50%	13.77	29.61	14.77	0.24	
	Decrease of 0.50%	(16.28)	(26.84)	(13.41)	(0.24)	

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognized within the statement of financial position.

Financial Reporting of Interest in Joint Ventures

Company had formed a joint venture company with Cox & Kings Limited with 50-50 equal partnership in the name of Royal Indian Rail Tours India Limited (RIRTL), by virtue of joint venture agreement dated 10th December 2008. However due to issues between the equity partners, IRCTC terminated the agreement with Cox & Kings Limited as on 12th August 2011, and also withdrawn the train from RIRTL.

The Company's share of ownership interest, assets, liabilities, income, expenses, contingent liabilities and capital commitments in the joint venture company as at 31st March, 2019 are not available in view of non-finalization of its accounts because of dispute between the parties, due to which the consolidation of Financial Statements as required under Ind AS 110 could not be done. These Financial Statements are the separate financial statements as per Ind AS.

Note :- 46

Impairment of Assets

Company has made an assessment on 31st March, 2019 for any indication of impairment in the carrying amount of Company's Property Plant & Equipment's and Intangibles. On the basis of such assessment, in the opinion of the management no provision for the impairment of Property Plant & Equipment's of the Company is required to be made during the year. The management is of the opinion that the growing popularity of Maharaja Express shall enable the company to generate sufficient cash flows in the future years that fully substantiate the value in use of the train capitalized as fixed asset and hence no provision for impairment is required.

Note :- 47

Licensee managed static catering stalls, which were awarded by Railways, were transferred to IRCTC. As per directive of Ministry of Railways, IRCTC has advised Licensees of static catering stalls for payment of license fee on GDP basis w. e. f. 1st November 2006. However, no written contract with regard to the same exists between IRCTC and licensees of catering stalls.

It has been noticed that many of the licensees are not paying license fee fixed on GDP basis and they have gone to court challenging the fixation of license fee on GDP basis and have obtained stay order from the Hon'ble Supreme Court. There are uncertainties regarding the determination of the amount to be realized from the licensees. The Company has recognized income as per Ind AS - 18 "Revenue" in respect of such licensee catering stalls on the basis of old licensee fees fixed by Indian Railways or amount actually received from licensees, whichever is higher.

Segment Reporting

The CODM & Manager for corporate planning examines the business performance on the basis of the nature of the services rendered by the company, organization structure & internal reporting system and has identified five reportable segments of its business as follows.

- Catering
- Railneer
- Tourism
- State Teertha
- Internet Ticketing.

The Company caters mainly to the needs of the domestic market. As such there are no reportable geographical segments.

The accounting principles used in the preparation of the financial statements is consistently applied to record revenue & expenditure in individual segments, as set out in the note of significant accounting policies.

Revenue and direct expenses in relation to segment are allocated based on items that are individually identifiable to the respective segment while the remainder of the costs are categorized as unallocated expenses. The management believes that it is not practical to provide segment disclosure to these expenses and accordingly these expenses are separately disclosed as unallocated and adjusted only against the total income of the Company. The overall percentage of such unallocable expenses to total revenue is not material.

Assets and liabilities contracted are allocated to different segments based on their individual identity. The fixed assets of corporate/ Zonal/ Regional office have been allocated on the basis of usage and assets / liabilities, which cannot classify to segments, are shown as unallocated assets/ liability. The overall percentage of such unallocable Assets/ Liabilities to total Assets/ Liabilities is not material.

Note :- 64 Financial Risk Management

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the company's operations and to provide guarantees to support its operation. The Company's principal financial assets include trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company financial risk activities are governed by appropriated policies and procedures and that financial risk are identified, measured and managed in accordance with the companies policies and risk objectives. The board of directors reviews and agrees policies for managing each of these risk, which are summarized below:-

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises Interest rate risk and foreign currency risk. Financial instruments affected by market risk includes loans and borrowing, deposits and other non derivative financial instruments.

i) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of change in market interest rate. The company manages its interest risk in accordance with the companies policies and risk objective. Financial instruments affected by interest rate risk includes deposits with banks. Interest rate risk on these financial instruments are very low as interest rate is for the period of financial instruments.

ii) Foreign Currency Risk

The company operated internationally and is exposed to foreign currency risk arising from foreign currency transactions. Company does not hedge any foreign currency risk.

b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The company is exposed to credit risk from its financial activities including trade receivable, deposits with banks, financial institutions and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

c) Financial Instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed in accordance with the companies policy. Investment of surplus are made only with approved with counterparty on the basis of the financial quotes received from the counterparty.

d) Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they become due. The company manages its liquidity risk by ensuring , as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the company's reputation.

The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The company has no bank borrowings. The company believes that the working capital is sufficient to meet its current operational requirements. Any short term- surplus cash generated, over and above the amount required for working capital management and other operational requirements, are retained as cash and investment in short term deposits with banks. The said investments are made in instruments with appropriate maturities and sufficient liquidity.

Note :- 66 Estimates and assumptions

The followings are the key assumptions concerning the future, and the key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities with next financial year.

a) Fair valuation measurement and valuation process

The fair values of financial assets and financial liabilities are measured using the valuation techniques including DCF model. The inputs to these methods are taken from observable markets where possible, but where this it is not feasible, a degree of judgement is required in arriving at fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

b) Taxes

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which losses can be utilized significant management judgement is required to determine the amount of deferred tax asset that can be recognized, based upon the likely timing and level of future taxable profit together with future tax planning strategies.

c) Defined benefit Obligations

Employee benefit obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date

d) Useful lives of property, plant and equipment

The estimated useful lives of property, plant and equipment is as given in the note no 2(n). Estimated useful lives of property, plant and equipment are based on number of factors including the effects of obsolescence, demand, competition, and other economic factors. The Company reviews the useful life of property, plant and equipment at the end of each reporting date. The company was charging the depreciation on its Plant and Machinery of Railneer plants considering the useful life of Plant and Machinery as 25 years as per Schedule II of the Companies Act 2013 treating those as continuous process plant. The company reviewed the useful life of these fixed assets and carried out a technical valuation for the same. Considering the outcome of technical valuation, the company has changed the useful life of these assets and accordingly changed the depreciation for financial year 2018-19 as per the new useful life of the plant and machinery.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our audited financial statements as of and for the fiscal years ended March 31, 2017, 2018, and 2019, and the related notes thereto. Our audited financial statements included in this Red Herring Prospectus are prepared in accordance with Ind AS or Indian GAAP, as applicable, which differs in certain material respects with U.S. GAAP and IFRS. For a discussion of certain significant differences between Indian GAAP and U.S. GAAP, see "Description of Certain Differences between Indian GAAP and U.S. GAAP." You should also read the sections entitled "Risk Factors" and "Forward Looking Statements" on page 24 and 18, respectively, included in this Red Herring Prospectus which discuss a number of other factors and contingencies that could affect our financial condition and results of operations.

Our fiscal year ends on March 31 of each year. Accordingly, all references to a particular fiscal year are to the 12 months ended March 31 of that year.

Overview

As a Central Public Sector Enterprise wholly owned by the Government of India and under the administrative control of the Ministry of Railways, we are the only entity authorized by Indian Railways to provide catering services to railways, online railway tickets and packaged drinking water at railway stations in India. We were incorporated with the objective to upgrade, modernize and professionalize catering and hospitality services, managing hospitality services at railway stations, on trains and other locations and to promote international and domestic tourism in India through public-private participation. We were conferred the status of Mini ratna (Category-I Public Sector Enterprise) by the Government of India, on May 1, 2008.

We operate one of the most transacted websites, www.irctc.co.in, in the Asia-Pacific region with transaction volume averaging 25 to 28 million transactions per month during the five months ended August 31, 2019. We have also diversified into other businesses, including non-railway catering and services such as e-catering, executive lounges and budget hotels, which are in line with our objective to build a "one stop solution" for our customers.

Currently, we operate in four business segments, namely, internet ticketing, catering, packaged and other drinking water under the "Rail Neer" brand, and travel and tourism:

Internet Ticketing: We are the only authorized by Indian Railways to offer railway tickets online through our website and our mobile application. As of August 31, 2019, more than 1.40 million passengers travelled on Indian Railways on a daily basis, which consisted of approximately 71.42% of Indian Railways' tickets booked online. As a result, there are more than 0.84 million tickets booked through www.irctc.co.in and "Rail Connect" on a daily basis. We currently operate one of the most transacted websites in the Asia-Pacific region with a transaction volume of more than 25 million per month and 7.2 million logins per day. The booking of railway tickets through the internet is now available 24 hours per day, 365 day per year, with the only exception being daily maintenance closure from 23:45 hours to 00:20 hours. The main objective behind the introduction of the internet ticketing was that instead of requiring passengers to be physically present at the Passenger Reservation System ("PRS"), the PRS should be brought to the door steps of passengers.

Catering: We provide food catering services to Indian Railway passengers on trains and at stations. On-board catering services are referred to as mobile catering and catering services at stations are referred to as static catering. Pursuant to the catering policy issued by Ministry of Railways dated February 27, 2017, ("**Catering Policy 2017**"), we provide catering services for approximately 350 pre-paid and post-paid trains and 530 static units. We provide catering services through mobile catering units, base kitchens, cell kitchens, refreshment rooms, food plazas, food courts, train side vending, and Jan Ahaars over the Indian Railways network. All other catering units, such as refreshments rooms at stations categorized at B or below, AVMs, milk stalls, and trolleys are managed by zonal railways. We also offer e-catering services to passengers through our mobile application "Food on Track" and our e catering website, www.ecatering.irctc.co.in.

We also operate executive lounges, budget hotels, and retiring rooms for the convenience of the travelling passengers on Indian Railways.

Packaged Drinking Water (Rail Neer): We are the only entity authorized by the Ministry of Railways to manufacture and distribute packaged drinking water at all railway stations and on trains, according to CRISIL. We manufacture and distribute packaged drinking water under brand “Rail Neer”. Currently, we operate ten Rail Neer plants located at Delhi, Patna, Palur, Ambernath, Amethi, Parassala, Bilaspur, Hapur, Ahmedabad and Bhopal, with an installed production capacity of approximately 1.09 million litres per day, which provides approximately 45% of the current demand of packaged drinking water at railway premises and in trains. To increase our presence in the packaged drinking water market at stations, and to meet growing demand, we are commissioning new Rail Neer plants at Sankrail, Jagi Road, Nagpur, Bhusawal, Jabalpur, and Una. Further four new Rail Neer plants have been approved by the Company’s Board of Directors and will be commissioned by 2021. We have also installed water vending machines (“WVMs”) at railway stations to provide purified, chilled and portable drinking water to railway passengers at an affordable price.

Travel and Tourism: We have been mandated by Indian Railways to provide tourism and travel related services. As of the date of this Red Herring Prospectus, we have footprints in all major tourism segments such as hotel bookings, rail, land, cruise and air tour packages and air ticket bookings, and are known as one of India's leading travel and tourism companies catering to the needs of diverse tourist segments. With the strength of being a CPSE under the administrative control of the Ministry of Railways, we specialize in rail tourism.

We have an established track record of delivering strong annual returns to shareholders and our return on equity has exceeded 23% for each fiscal year since Fiscal 2017. We have been a profitable and debt free company since incorporation.

As of August 31, 2019, we have received several awards and recognitions including Satta Awards in the category of “Excellence in Domestic Tour Operations” in 2017, Dun & Bradstreet’s PSU Awards in 2017, India Power Brand 2016 Award, Indian e-Retail Awards 2015, Best Use of Mobile App 2015, Most Trusted Brand in Railways Service Provider India Pride Awards 2014-15, World Travel Awards 2015, Website of the Year India Award 2015. Our packaged drinking water, Rail Neer, was ranked as a top performer by “Consumer Voice” Magazine in 2017. We have honoured in the Fortune India Next 500 list for the year 2016 – 2017.

Significant Factors Affecting our Results of Operations

Our performance and results of operations may be affected by market developments in catering, e-commerce, tourism and hospitality, as well as the packaged drinking water industry. Our future results may be affected by factors mentioned in the "Risk Factors" section of this Red Herring Prospectus and may be particularly affected by the factors set out below.

Our business and revenues are substantially dependent on Indian Railways

Our business and revenues are substantially dependent on the policies of the Ministry of Railways. As a Central Public Sector Enterprise (“CPSE”) wholly owned by the Government of India and under the administrative control of the Ministry of Railways, we are the only entity authorized by the Indian Railways to provide catering services to railways, online railway tickets and packaged drinking water at railway stations in India. Our scope of services is by and large determined by the Ministry of Railways. For example, as part of the initiatives to provide value added services to railway passengers, the Ministry of Railways in its 2016 budget announcement mandated us to cover all catering services in trains and stations categorized as A or A1, and packaged drinking water (under the brand Rail Neer) at railway stations and on trains across the country. Further, we provide our services through executive lounges and budget hotels to passengers travelling by Indian Railways as we aim to provide a "one window solution" to travelers' needs. As we must to act in accordance with the directives of the Government of India, through Ministry of Railways, we cannot assure you that our investments and efforts into our current operation will be profitable. The Government may, for public interest reasons, terminate any of its policy directives without due consideration to the performance of our operation.

As a CPSE, we are often authorized by the Government to offer various products and services to the public on behalf of Indian Railways, and we receive operative support from the Ministry of Railways from time to time. However, there can be no assurance that these directives from the Ministry of Railways will continue to benefit our business at the current level or at all. For example, the Ministry of Railways in 2016 removed the charges we levy on passengers booking railway tickets online as service charge at rates of ₹20 per ticket for non AC classes and ₹40 per ticket for AC classes. This had a material adverse impact on our revenues. The Ministry of Finance by separate notification on July 5, 2017 proposed to reimburse ₹800.00 million to us until the Government of India permits us to recover online ticketing cost/levy of commission on passengers utilizing the online ticketing service we provide. The Ministry of Railways reimbursed our Company in the amount of ₹800 million and ₹880 million for Fiscal 2018 and 2019, respectively for our operations costs. Any similar decisions by the Ministry of Railways in the future could adversely affect our results of operations.

Certain government programs or projects may be subject to delays, extensive internal processes, policy changes, and changes due to local, national and internal political forces, such as state or national elections, insufficiency of Government funds or changes in budgetary allocations of Government entities. For example, as the only CPSE of the Ministry of Railways with focus on railway catering services, we have been entrusted with the responsibility to take over all catering services of Indian Railways pursuant to the Catering Policy 2017 in a phased manner and have directed a significant amount of resources in doing so. For instance, we have been expanding our static catering business in accordance with the mandate under the Catering Policy 2017 to manage food plazas, fast food units and executive lounges. Any change in the mandate may halt the expansion of our business. Although the takeover is in progress, there can be no assurance that this takeover will complete according to schedule or at all. Any withdrawal or adverse changes in Government policies may lead to adverse impact on our on-going business and could, materially and adversely affect our financial condition, capital expenditure, revenues, development and our business operation.

We also face certain constraints that are not applicable to companies in the private sector, and to which may put us at a disadvantage in this competitive market. For instance, we have been instructed by the Ministry of Railways to waive the service charges on customers booking train tickets online through our website, and the Ministry of Railways had in 2010 issued a reversal in which catering services in Indian Railways was largely handed back to Indian Railways. Both events in turn restrict our flexibility to implement certain measures or initiatives. These policy risks may have little to no impact on private sector companies. If we are unable to manage or adapt according to these policy changes, it could materially and adversely impact our business, results of operations and financial condition.

Failure to adapt to technological developments or industry trends could harm our business

We depend on the use of sophisticated information technology and systems for the services that we provide and also for payments, refunds, customer relationship management, communications and administration. As our operations grow both in size and in scope, we must continuously improve and upgrade our systems and infrastructure to offer our customers enhanced services, features and functionality, while maintaining the reliability and integrity of our systems and infrastructure in a cost-effective manner. Our future success also depends on our ability to upgrade our services and infrastructure ahead of rapidly evolving consumer demands.

We may not be able to maintain or replace our existing systems or introduce new technologies and systems as quickly as our competitors, in a cost-effective manner or at all. We may also be unable to devote adequate financial resources to develop or acquire new technologies and systems in the future.

We may not be able to use new technologies effectively, or we may fail to adapt our websites, transaction processing systems and network infrastructure to consumer requirements or emerging industry standards. If we face material delays in introducing new or enhanced solutions, our customers forego the use of our services in favor of those of our competitors in business sectors where we are not the only entity authorized by the Government to provide services. Any of these events could have a material adverse effect on our operations and financial condition.

Market conditions in India

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general.

There have been periods of slowdown in India's economic growth. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil ancillary products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall. Any persisted or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results.

Downturns in the financial and credit markets may impact on our growth, as during an economic slowdown, relevant spending by government may be reduced or deferred until later date which resulting in lower overall spending during the slowdown period. As a CPSE, a significant portion of our business and results of operations are directly or indirectly influenced by the changes of policy by the Government of India.

Changes to monetary policies and other regulations

Our results of operations could be affected by changes in or interpretations of existing laws, or the promulgation of new laws, rules and regulations applicable to our business. As an example of such regulatory and policy change, in India, as of July 1, 2017, a national goods and service tax replaced taxes levied by central and state governments with a unified tax regime in respect of certain goods and services for the whole of India. However, given the recent introduction of the GST in India, there is no well-established practice regarding the implementation of, and compliance with, GST. Further, as GST is implemented, we cannot assure you that we will not be required to comply with additional procedures or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. As the taxation system in India will see significant changes as a result of GST, its consequent effects cannot be determined at present and we cannot assure you that such effects will not have a material adverse effect our business, future financial performance. Any future amendments on laws or regulations such as the implementation of GST may affect our overall tax efficiency, and may result in additional costs.

Continuing relationships with the Government and travel suppliers

Our results of operations depend substantially on the policy of the Ministry of Railways. As a CPSE under the Ministry of Railways, we enjoy a dominant position in acting as intermediary for Indian Railways' service offering to the public, as well as receiving operative support from the Ministry of Railways, and we seek to leverage the significant web traffic we receive on our website. However, there can be no assurance that these market trends or directives from the Ministry of Railways will continue to benefit our business at the current levels or at all. Projects in which Government entities participate in may be subject to delays, extensive internal processes, policy changes, and changes due to local, national and internal political forces, such as periodic elections, insufficiency of Government funds or changes in budgetary allocations of Government or other entities. The Government may, for public interest reason, terminate any of its policy directives without giving consideration to the performance of our operation.

Our results of operations also depend on our ability to maintain our relationships and arrangements with existing suppliers, such as the hotels and the airlines which supply rooms and air tickets to us directly. A substantial portion of our non-railway revenue derived from fees and commissions negotiated with these suppliers for bookings made through our websites or via our other distribution channels. Our ability to maintain and strengthen our relationship with these suppliers will continue to affect our business, results of operations and financial condition.

Critical Accounting Policies

A summary of significant accounting policies applied in the preparation of our financial statements is set out in the notes to the financial statements included elsewhere in this Red Herring Prospectus. The audited financial statements are prepared on an accrual basis of accounting under historical cost convention unless noted below or elsewhere in this Red Herring Prospectus. The measurement bases are more fully described in the accounting policies set out elsewhere in this Red Herring Prospectus. It should be noted that accounting estimates and assumptions are used in preparing the financial statements. Although these estimates are based on our management's best knowledge of current events and actions, actual results may ultimately differ from such estimates.

The financial statements as at and for year ended March 31, 2019 have been prepared in accordance with Indian Accounting Standards (In-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian accounting standards) Amendment Rules 2016.

Revenue Recognition

Sales

Sales of Rail Neer packaged drinking water, food and beverage items are recognized at the point in time when the goods are sold and services rendered and are recorded net of VAT. This part of income does not include inter-depot and inter-unit transfers.

Income from internet ticketing

Income from Internet ticketing is recognized on the basis of value of the service charges earned on the sale of tickets sold through our Company's Web-site www.irctc.co.in. Gross service charges earned on the sales of such tickets on accrual basis have been booked as income and the corresponding railway share is shown as expenses.

Income from catering service

We have been given a mandate by Ministry of Railways to upgrade and professionalize on board catering services and at other locations. To that end, we recognize our income from catering services as per the following policies:

- Income from onboard catering service

Income from the catering services we provide onboard premium trains like Rajdhani, Duranto, Tejas, Gatiman and Shatabdi express trains on Indian Railways network is accounted for on the basis of bills raised for catering services provided to the passengers of Indian Railways on an accrual basis.

- Income from concession fees, user charge and license fee

Concession fee: Income is recognized on accrual basis on monthly pro-rata basis (fraction of the month, if any, has been treated as full month) over the period of time as given in the AS-115 relating to revenue recognition. One-time concession fees we receive are been treated as income received in advance. In case the contracts for the trains are terminated on account of cancellation / withdrawal of the train by the Railway Administration, income is recognized over the period, the contract was in force.

User charges: User charges payable by the food plazas and budget hotels licensees are accounted for on an accrual basis during the period projects were in operation.

License Fees: We account for fixed yearly license fees on an accrual basis on monthly pro-rata basis (fractions of a month, if any, are treated as a full month) during the period projects were in operation. We account for variable license fees on an accrual basis as a fixed percentage of the catering services provided by the contractor. Lastly, license fees are accounted for on an accrual basis as a fixed percentage of the projected revenues of the Rail Yatri Niwas and Railway Hotels operated by the licensees under re-develop, operate, manage and transfer basis.

Income Accrued on Forfeiture of Contracts: Recognition of income from catering contracts terminated on account of breach of terms and conditions was made as follows:

- Up to the date of termination, we recognize income in respect of concession fees over the contract period on monthly pro-rata basis, and in the case of license fees, we recognize income over the period the train has been in operation on monthly pro-rata basis.
- Other income: We recognize the remaining balance of concession fee, license fees and security deposits on forfeiture of contracts are recognized as other income accrued during the year.

Income from package tours

Income from special trains/ coach charters includes basic fares, other charges levied by the railway administration and Company's service charge as a fixed percentage of the basic fare. In case of value added tours, the income includes fares, block booking charges, other charges levied by the railway administration and service charges as fixed percentage of the fare.

For complete tour packages, Buddhist circuit special train and Bharat Darshan trains, income includes the total amount net of service tax collected from the customer.

Integration Charges

We recognize integration charges payable by the principal services provider to IRCTC for registration and integration with IRCTC for reserved rail internet – ticketing service over the contractual period in which the parties to the contract have present enforceable rights and obligations.

Water vending Machines

We are in arbitration proceeding with the licensee for water vending machines and as per the interim order of the arbitration, we recognize and/or accrued revenue based on the date of commencement of each of the water vending machines as against immediate recognition of revenue on the date of commission of first WVM under a cluster arrangement with the licensee.

Interest Income from Fixed Deposits including TDRs and Dividend Income

We recognize income received as interest from fixed deposits and TDRs on an accrual basis by using effective rate of interest. We recognize dividend income when our right to receive the dividend is established.

Employee Benefits

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, wages, and short- term compensated absences etc. are recognized in the period in which the employee renders the related service.

Long Term Employee Benefits

The obligation for long-term employee benefits such as long-term compensated absences, half pay leave and LTC is recognized in the same manner as in the case of defined benefit plans.

Post-Employment Benefits

- Defined contribution plans: The Company makes defined contribution to the Regional Provident Fund Commissioner in respect of provident fund scheme. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

- Defined benefit plans: Company provides post-retirement medical benefits to employees. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of minimum service period. The expected costs of these benefits are accrued over the period of employment using the same accounting methodology as used for defined benefit plans.
- Gratuity is a post-employment defined benefit plan. The liability recognized in the balance sheet is the present value of the defined benefit obligation at the balance sheet date less fair value of plan assets. The defined benefit obligation is calculated by an independent actuary using projected unit credit method.
- Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions in respect of defined benefit plans are recognized in period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Provision/liabilities towards Foreign Service Contribution

Pension and leave salary are made in terms of regulations for employees on deputation or deemed deputation and charged to statement of profit or loss on accrual basis.

Taxation

Current Income Tax

- We compute taxes including current income-tax using the applicable tax rates and tax laws.
- The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the company operates and generates taxable income.
- Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided / paid as and when assessments are completed.

Deferred Tax

We account for deferred taxation in line with AS-12 “Income Taxes” issued by the Ministry of Corporate Affairs.

- We recognize deferred income tax assets and liabilities for temporary differences which are computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
- We recognize deferred income tax asset to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- We review and reduce the carrying amount of deferred income tax assets at each reporting date to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Depreciation and Amortization

We provide for depreciation in accordance with the life specified under Schedule II of the Companies Act, 2013 except for certain items. We calculate depreciation on a pro-rata basis from the date of ready to use. We provide for depreciation up to the date of sale, discard and loss of the assets during the year.

We depreciate each part of an item of "property, plant and equipment" separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset which is based on the estimates and certificate of in house technical expert.

We depreciate leasehold-office developments in respect of office premises and leasehold land (for which lease agreement exists) over the lease period. We account for expenditure incurred on civil work on premises located on railway land (for which no lease agreement exists) as lease hold improvement and has been depreciated over a period of ten years. In respect of residential flats constructed on leasehold land, depreciation is charged over the period of the lease of the land.

Depreciation methods, useful lives and residual values are reviewed at each reporting date.

Provisions

Provisions are recognized in respect of liabilities which can be measured only by using a substantial degree of estimates when:

- We have a present obligation as a result of a past event.
- Probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- The amount of the obligation can be reliably estimated. Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received Provisions are reviewed at each Balance Sheet date.

Discounting of Provisions

Provisions which are expected to be settled beyond 12 months are measured at the present value by using pre-tax discount rate that reflects the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

Contingent Liabilities and Contingent Assets

Contingent liabilities are disclosed in the following cases:

- A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or
- A reliable estimate of the present obligation cannot be made; or
- A possible obligation, unless the probability of outflow of resource is remote.

Contingent assets are disclosed where an inflow of economic benefits is probable.

- Contingent liabilities and provisions needed against contingent liability and contingent assets are reviewed at each reporting date.
- Contingent Liabilities are net of estimated provisions considering possible outflow on settlement.

Foreign Currency Transaction and Translation

Our financial statements are presented in Indian Rupees, which is our functional as well as presentation currency.

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary foreign currency assets and liabilities are translated or converted with reference to the rates of exchange ruling on

the date of the Balance Sheet. Foreign exchange gains and losses resulting from the settlement of such transaction and for the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in profit or loss.

Discussion on the results of operations

Year ended March 31, 2018 compared to year ended March 31, 2019

Revenue

Total revenue for the fiscal year ended March 31, 2019 increased 24.66% to ₹19,566.60 million from ₹15,695.60 million for the fiscal year ended March 31, 2018. This increase was mainly due to increased catering services revenues. Our catering service revenues increased primarily as we operated the catering business throughout all of Fiscal 2019, whereas in Fiscal 2018 we initiated to take over our catering operations from Indian Railways in a phase manner started from September, 2017.

This increase was offset in part by a small decrease in other income.

Revenue from Operations

Revenue from operations for the fiscal year ended March 31, 2019 increased 27.02% to ₹18,678.83 million from ₹14,704.61 million for the fiscal year ended March 31, 2018. This increase of revenue from operations was mainly attributable to increased catering service revenues due to the impact of operating our catering business for the full year of Fiscal 2019.

Other Income

Other income for the fiscal year ended March 31, 2019 decreased 10.4% to ₹887.77 million from ₹990.99 million for the fiscal year ended March 31, 2018. Other income decreased due to our reimbursement of travel insurance premiums claimed from Ministry of Railways.

Expenses

Total expenses for the fiscal year ended March 31, 2019 increased 24.73% to ₹15,266.97 million from ₹12,239.27 million for the fiscal year ended March 31, 2018. This increase in operating expenses was a result of our increased catering business, as well as an increase in other expenses where provision for doubtful debts was made in the amount of ₹461.22 million.

Cost of Materials Consumed

Cost of materials consumed for the fiscal year ended March 31, 2019 decreased 1.58% to ₹933.10 million from ₹948.11 million for the fiscal year ended March 31, 2018. This decrease in cost of material consumed was due to a decrease in our departmental catering business and implementation of unbundling of pre-paid trains.

Excise Duty

There was no expense on excise duty for the fiscal year ended March 31, 2019, while the expense for the fiscal year ended March 31, 2018 was at ₹43.67 million. This change was due to implementation of GST Act 2017, under which no excise duty is levied.

Purchase of Stock-in-Trade

Purchase of stock-in-trade for the fiscal year ended March 31, 2019 decreased 80.41% to ₹309.51 million from ₹1,580.05 million for the fiscal year ended March 31, 2018. This decrease in cost of material consumed was due to a decrease in departmental catering business and implementation of unbundling of pre-paid trains.

Change in Inventories of Finished Goods, Work-in-Progress and Stock-in-Trade

Inventories of finished goods, work-in-progress and stock-in-trade increased 63.7% from the fiscal year ended March 31, 2018 to the fiscal year ended March 31, 2019. This decrease in change in inventories of finished goods, work-in-progress and stock-in-trade was due to increased sales of Rail Neer packaged water.

Expenses of Catering Services

Expenses of catering services for the fiscal year ended March 31, 2019 increased significantly by 159.5% to ₹6,391.02 million from ₹2,462.72 million for the fiscal year ended March 31, 2018. This increase in expenses of catering services was due to increased license fee earnings and unbundling of prepaid trains and corresponding Railway share expenses under our licensee catering business.

Expenses of Tourism

Expenses of tourism for the fiscal year ended March 31, 2019 increased slightly by 1.2% to ₹3,090.09 million from ₹3,052.04 million for the fiscal year ended March 31, 2018 due to a small increase in cost of service providers.

Manufacturing and Direct Expenses

Manufacturing and direct expenses decreased 8.7% for the fiscal year ended March 31, 2019 to ₹612.65 million from ₹670.89 million for the fiscal year ended March 31, 2018. This decrease in manufacturing and direct expenses was due to a decrease in expenses related to our departmental catering business and a decrease in maintenance and other charges in our internet ticketing segment.

Employee Benefits Expenses

Employee benefit expenses for the fiscal year ended March 31, 2019 increased slightly by 1.5% to ₹1,950.58 million from ₹1,921.86 million for the fiscal year ended March 31, 2018, due to annual increments in salaries and allowances of employees.

Financial Costs

Financial costs for the fiscal year ended March 31, 2019 decreased by 19.3% to ₹23.48 million from ₹29.08 million for the fiscal year ended March 31, 2018. The decrease was primarily attributable to decrease in unwinding of discount on security deposits.

Depreciation, Amortization Expenses

Depreciation and amortization expenses for the fiscal year ended March 31, 2019 increased by 21.0% to ₹286.40 million, compared to ₹236.61 million in the fiscal year ended March 31, 2018. This increase was due to increased depreciation in addition of assets and an increase in depreciation of Rail Neer plant assets as a result of a decrease in their depreciation life span.

Other Expenses

Other expenses for the fiscal year ended March 31, 2019, primarily consisting of administrative expenses, increased by 28.75% to ₹1,671.59 million, compared to ₹1,298.25 million in the fiscal year ended March 31, 2018 primarily attributable to provision for doubtful debts of ₹461.22.

Taxation

Income tax expenses for the fiscal year ended March 31, 2019 increased 25.87% to ₹1,573.68 million from ₹1,250.14 million. This increase in income tax expenses was due to our increased profits.

Profit after tax

As a result, profit after tax for the fiscal year ended March 31, 2019 increased by 23.56% to ₹2,725.95 million from ₹2,206.19 million for the fiscal year ended March 31, 2018, which increase was mainly attributed to increased revenues from our catering services as well as revenue increases from concession fees and license fees.

Year ended March 31, 2017 compared to year ended March 31, 2018

Revenue

Total revenue for the fiscal year ended March 31, 2018 slightly decreased by 2.1% to ₹15,695.6 million from ₹16,028.5 million for the fiscal year ended March 31, 2017.

Revenue from Operations

Revenue from operations for the fiscal year ended March 31, 2018 decreased by 4.2% to ₹14,704.61 million from ₹15,353.85 million for the fiscal year ended March 31, 2017. This decrease in income from operations reflects a significant decrease in revenue of ₹3,622.50 million from our internet ticketing segment, which resulted from the Ministry of Railways in November 2016 removing the charges we levied on passengers booking railway tickets online as service charge at rates of ₹20 per ticket for non AC classes and ₹40 per ticket for AC classes. The decrease in internet ticketing revenues was mostly offset by an increase in revenues from our catering segment after we took over catering services from Indian Railways. Revenues from licensee fees also increased.

Other Income

Other income for the fiscal year ended March 31, 2018 increased by 46.9% to ₹990.99 million from ₹674.65 million for the fiscal year ended March 31, 2017. This increase resulted from increased contractual fines and penalties received, higher dividend income from mutual funds, and increased interest income on certain fixed deposits.

Expenses

Total expenses for the fiscal year ended March 31, 2018 slightly decreased by 1.91% to ₹12,239.27 million from ₹12,477.82 million for the fiscal year ended March 31, 2017, mainly attributable to decreased travel and tour expenses associated with a downturn in our tourism business.

Cost of Materials Consumed

Cost of materials consumed for the fiscal year ended March 31, 2018 decreased by 1.18% to ₹948.11 million from ₹959.39 million for the fiscal year ended March 31, 2017 because of decreased costs of material consumed in our catering segment.

Excise Duty

Excise duty for the fiscal year ended March 31, 2018 decreased 72.2% to ₹43.67 million from ₹157.36 million for the fiscal year ended March 31, 2017. This significant decrease in excise duty was due to implementation of the GST Act, which took effect on July 1, 2017.

Purchase of Stock-in-Trade

Purchase of stock-in-trade increased 37.5% to ₹1,580.05 million for the fiscal year ended March 31, 2018 from ₹1,149.20 million for the fiscal year ended March 31, 2017. This increase in purchase of stock-in-trade was due to increased revenues from our catering business.

Change in Inventories of Finished Goods, Work-in-Progress and Stock-in-Trade

Inventories of finished goods, work-in-progress and stock-in-trade decreased significantly by 163.43% from the fiscal year ended March 31, 2017 to the fiscal year ended March 31, 2018. This significant decrease was mainly due to increase in closing stock of finished goods of Rail Neer.

Expenses of Catering Services

Catering services expenses for the fiscal year ended March 31, 2018 increased significantly by 215.37% to ₹2,462.72 million from ₹780.91 million for the fiscal year ended March 31, 2017. The increase in expenses of catering services was due to increased license fee earnings, unbundling of prepaid trains, and a corresponding increase in Indian Railway shared expenses under our licensee catering business.

Expenses of Tourism

Expenses of tourism for the fiscal year ended March 31, 2018 decreased 26.6% to ₹3,052.04 million from ₹4,155.77 million for the fiscal year ended March 31, 2017. This decrease in expenses of tourism was due to decreased tourism income.

Manufacturing and Direct Expenses

Manufacturing and direct expenses for the fiscal year ended March 31, 2018 decreased 71.8% to ₹670.89 million from ₹2,377.61 million for the fiscal year ended March 31, 2017. This decrease in manufacturing and direct expenses was due to a decrease in expense towards Indian Railway share on our internet ticketing segment, as the Government of India withdrew the service charge on internet – ticketing.

Employee Benefits Expenses

Employee benefit expenses for the fiscal year ended March 31, 2018 increased 17.3% to ₹1,921.86 million from ₹1,638.49 million for the fiscal year ended March 31, 2017. This increase in employee benefit costs was attributed mainly due to higher salaries, wages and bonus expenses as a result of our implementation of the 7th pay commission (CDA), and the 3rd PRC (IDA), as well as annual incremental increases.

Financial Costs

Financial costs increased 14.7% to ₹29.08 million for the fiscal year ended March 31, 2018 from ₹25.35 million for the fiscal year ended March 31, 2017. This increase was due to increase in unwinding discounts on security deposits.

Depreciation, Amortization Expense

Depreciation and amortization expenses increased by 5.6% to ₹236.61 million for the fiscal year ended March 31, 2018, compared to ₹224.14 million in the fiscal year ended March 31, 2017.

Other Expenses

Other expenses, primarily consisting of administrative expenses, increased 29.5% to ₹1,298.25 million for the fiscal year ended March 31, 2018, compared to ₹1,003.28 million for the fiscal year ended March 31, 2017. The increase was primarily attributable to increased office rent and expenses incurred on travel insurance under directives issued by Government of India.

Taxation

Income tax expenses for the fiscal year ended March 31, 2018 decreased slightly to ₹1,250.14 million from ₹1,259.86 million for the fiscal year ended March 31, 2017 due to decrease in profit before tax.

Profit after tax

As a result, profit after tax for the fiscal year ended March 31, 2018 decreased slightly by 3.69% to ₹2,206.19 million from ₹2,290.81 million for the fiscal year ended March 31, 2017 corresponding with our decrease in profit before tax.

Certain Emphasis of Matters and Qualifications Noted by Auditors

Statutory auditors of our Company have included certain remarks in their respective audit reports of our Company. The table below sets out the remarks of the Auditor and the management's response to such remarks:

S. No	Remarks	Management's Response
Financial Year Ended 31 March, 2019		
Para- 2	That the catering service on a large number of trains have been transferred to the company during the financial year under consideration. That some of the departmentally managed trains are being operated on unbundling/partial unbundling model whereby the food preparation and food serving contracts have been given to different licensees and in few cases to even same licensee. In view of the management of the company the operation of such trains is in the nature of departmental catering since partially the food is also being supplied from the base kitchen in most of the trains. Thereby treating the same in the nature of departmental catering, the company has not provided for any share of revenue payable to Indian Railways in terms of the catering policy (which required revenue sharing in the ratio of 15:85 between Indian Railways and IRCTC, and 40:60 in case of licensee model) stating that it has made the representation to the Ministry of Railways that railway share may be paid only in case of generation of profits from operation of departmentally run trains, to be assessed on PAN India Basis and hence train/unit wise statement of affairs was not available. As informed the matter has been referred to the Railway Board.	Under the old catering policy, revenue sharing on departmental catering business was to be done on the basis of overall profitability in this business on PAN India basis. In line with above, the Corporation has represented to Railways for exemption of railways share on revenue in case of trains is being managed under unbundling/partial unbundling model. Hence the provision of the same has not been made in accounts

S. No	Remarks	Management's Response
	A provision has been made in the restated financial statements in line with the terms of effective catering policy.	
Para- 3	<p>That payments due to vendors registered under MSME Act could not be fully identified & segregated and the entire outstanding amount as at 31st March 2019 has been reported under Trade Payables other than MSME Vendors. Further, the MSME Vendors reported during the previous year and interest provision on the delayed payment to the same have been repaid/reclassified during the year as other trade payables.</p> <p>That in the absence of any confirmation sought/received from the vendors in any of the financial years, these segregation of the MSME Vendors in the restated financials is based on the list certified by the management.</p>	<p>Segregation of creditors as MSMEs is being done, thus the whole amount outstanding for MSMEs are reported under Trade payable during F/y 2018-19.</p>
Para- 4	<p>That with regards to the Ind Accounting Standard 115 on Revenue from Contract with Customers, the company is in receipt of integration charges from booking agents (Non Refundable one time fees) for providing connectivity with the IRCTC Portal for railway ticket booking along with the annual maintenance charges which may vary based on volume of ticket bookings etc. The management is of the opinion that the agreement with the parties for integration charges is generally for one to three years, and subsequently the annual maintenance the contract is renewed but without any integration charges.</p> <p>Further since the renewal is unilateral at the option of IRCTC such integration charges shall not be deferred as income beyond initial contract period of one to three years.</p> <p>In our opinion, the contract for integration charges and annual maintenance contract are not distinct contracts therefore Income of integration charges (one time non refundable fees) shall be amortized over the expected contract period instead of recognizing revenue at one time. Further past trend has indicated that there is hardly any case where the contract was not renewed by IRCTC. Accordingly in our view, the one time integration charges shall be recognized as revenue over the estimated contract period (estimated 20 years based on past trend) rather than accruing the entire amount as</p>	<p>Our Company is in receipt of integration charges from booking agents (Non Refundable one time fees) for providing connectivity with the IRCTC Portal for railway ticket booking along with the annual maintenance charges which may vary based on volume of ticket bookings etc.</p> <p>The management is of the opinion that the agreement with the parties for integration charges is generally for one to three years, and subsequently the annual maintenance the contract is renewed but without any integration charges and it's only on the discretion of IRCTC. Therefore, the present accounting treatment as per Ind AS 115 is in line with the stand taken by the company.</p> <p>Further, since the renewal is unilateral at the option of IRCTC, such integration charges shall not be deferred as income beyond initial contract period of one to three years. And the corporation is differed the revenue received in term of integration charges the basis of Ind As 115.</p>

	income based on initial contract of one to three years. Deferment of such integration charges in terms of above based on the past information compiled by the management has caused overstatement of revenue by ₹ 6.65 crores during the fiscal 2019 and other equity comprising of reserves and surplus as at 31st March 2019 by ₹ 31.41 crores	
Para- 5	We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit except for third party balance confirmations including balances payable/receivable from railways. Further the party wise receivables and payables could not be reconciled with the financial ledgers maintained in the ERP system.	<p>Approx. 75% of outstanding in respect of trade receivables/trade payables are related to different Zonal Railways. Further the Railway do the accounting on Cash basis and Hence Balances in regard to receivable/payable can't be confirmed by Railway on a particular date. However, regular reconciliation meetings are being held with concerned Zonal Railways to reconcile & recover the dues from railways.</p> <p>Further, party wise receivable and payable ledger could not be reconciled as the difference arises due to legacy transaction and migration of data from earlier financial system to present financial system in oracle and the same will be reconciled by identification of legacy transaction during the implementation of latest version of ERP</p>
	In our opinion, the internal control as well as the internal audit system is not commensurate with the size of the company and the nature of it's operations. There is an immediate need to develop stronger MIS for periodic review of various business segments which could reduce the errors and omissions observed during the course of audit. Similarly measures for ensuring control over material and sales realizations from carriage and freight forwarding agents needs to be implemented along with reconciliations for realizations for sales made through such parties	<p>A. The internal audit is carried out by a reputed professional firm which is enlisted with C&AG and audit is being done in accordance with the detailed scope of work in line with the Company's operations.</p> <p>B. The internal control system is well in place in the Corporation in view of the following:-</p> <p>i. The Company is voluntarily getting the cost audit done by a reputed Cost Accountants firm in spite of non-applicability of the cost audit to the Corporation;</p> <p>ii. The special audit for system improvement and for strengthen the internal control system has been carried out by reputed professional firms for different zones on the recommendation of Statutory auditor during the F/Y 2018-19 and necessary action is being taken on the auditor recommendations.</p> <p>iii. There are other different types of audits like audits by C&AG, various tax audits etc. conducted in the corporation;</p> <p>iv. The transactions are being carried out and authorized in line with SOP (schedule of Powers) in the Corporation;</p> <p>v. There are policies like Whistle Blower policy, Anti fraud policy and also vigilance department in the corporation to prevent and detect fraud and no frauds have been detected in</p>

		<p>the Corporation;</p> <p>vi. Audit Committee of the Company holds regular meetings to discuss the financial matters/internal control systems.</p> <p>Recommendation of Auditor for further strengthening the internal control shall be duly considered and complied</p>
	<p>In our opinion, immediate measures need to be taken to upgrade the current ERP system as well as provide adequate training to the staff lack of which posed limitations in making available requisite information and documents during the course of audit. This shall also require identification and reconciliation of the legacy transactions the balances of which is stated to have been existing since the migration of data from earlier financial system to present financials maintained in Oracle apart from legacy transactions pertaining to the period of transfer of operations from/to railways.</p> <p>Further, reconciliation between the transactions executed through 3rd party applications/portals as well as manual data with the financial information posted in the books of accounts could not be made and accordingly reliance was placed on information available on records and verified on test check basis as per the financial books. In our opinion the information transfer between all the 3rd party application/portals needs to be fully automated & documented for verification.</p>	<p>The upgradation of ERP to its latest version is under progress. The training and identification of legacy transaction will be an integral part of the implementation of new version. Further augmentation of training need of staff shall be considered and implemented.</p> <p>Furthermore, the corporation intends to take the services of expert in industries so as to strengthen the control.</p>
	<p>That the bank balances reflected in the financial statements have been stated as per the books of accounts and are subject to posting of financial payments and receipts crystallized in the company bank accounts but which are pending confirmations/reconciliations. Further the transaction by transaction reconciliation could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous ticket booking and cancellation transactions on behalf of railways.</p>	<p>Presently, the accounting reconciliation is done on monthly basis between amounts credited/debited from Bank accounts and records available with IRCTC transaction Data. If amount matches in both the records and no discrepancy is found, then it is considered that the reconciliation is final. However, if it is found that there is any mismatch between these records, then transaction level reconciliation is being done to find out the exceptional transaction. There after the concerned banks are coordinated on regular basis for recovery of such mismatching transaction or otherwise.</p> <p>The volume of transactions is very huge. At present, around 8 to 9 lakh transactions are taking place on daily basis through Payment Gateway</p>

	<p>That the liabilities under GST as well as the credit admissibility are subject to reconciliation with the returns filed. The financial transactions and corresponding GST liability on the same could not be reconciled with the returns filed by the company during the course of audit. That as represented to us the assessment of liability on account of various provisions including reverse charge mechanism on payment to railways, reimbursement claims etc. is being done and suitable corrective measures shall be taken before conclusion of the Audit under the GST Act for the financial year under consideration.</p>	<p>Assessment of liability on account of various provisions including reverse charge mechanism on payment to railways, reimbursement claims etc. is being done and suitable corrective measures shall be taken before conclusion of the Audit under the GST Act for the financial year under consideration</p>
	<p>That with regards to the Ind Accounting Standard 31 on Interest in Joint Ventures, on account of the ongoing litigation with M/s Cox & Kings Ltd. in respect of joint venture company M/s Royale India Rail Tours Limited, for which the financial have not been prepared since 2010-11 and hence the company is neither filing the consolidated financial statements nor the disclosures have been made regarding the financial position of such joint venture company.</p> <p>Further in view of the termination of the joint venture agreements, the company is of the view that M/s Cox & Kings Ltd cannot invoke arbitration clause in relation to the reliefs sought. Consequential financial impact, if any could not be ascertained.</p>	<p>The Arbitration is pending and the facts have already been disclosed in note no.37.3 and 45 of the financial statements for the F.Y.2018-19. The said notes have been disclosed in financial statements w.e.f. F.Y.2011-12 as per advice of the statutory auditors.</p>
	<p>The commissioner of VAT vide order dated 23rd March 2006 had levied VAT on on-board catering services in train treating the same as sales. The plea of the company was not accepted by the Appellate Tribunal as well as by the Hon' Delhi High Court and SLP is now pending at the Hon' Supreme Court. The company as a prudent policy has been providing VAT liability but only net of corresponding VAT Input and service tax being paid since only one of the taxes may be applicable. Such VAT Input amounting to ₹ 11.19 Crores have been stated as balance due from statutory authorities as other current asset. In case the ruling goes against the company, the entire VAT liability (on gross or net basis) along with the interest (as</p>	<p>The case is pending with the Hon'ble Supreme Court of India and it has already been disclosed in note no.37.4 of the financial statements of the Company for F.Y.2018-19. Para - 6	With regard to Internal Financial Control In our opinion, there is a need to strengthen the information system based controls and practices to mitigate risk factors associated with conventional manual control procedures particularly at the branches level. That suitable measure including third party audits have been conducted during the year and representations have been made by the company for improvement and implementation of financial controls wherever required, particularly those associated and interdependent on up gradation and improvement of the current ERP system. We have performed the testing of internal financial controls over financial reporting at the Corporate level and subject to the such IT related limitations, the same were in principal operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.	<p>The internal control system is well in place in the Corporation in view of the following:-</p> <p>i. 	That the transaction by transaction reconciliation of the banking transactions could not be made for some of the bank accounts being handled at Internet Ticketing division of the company on account of voluminous ticket booking and cancellation transactions on behalf of railways.	<p>Presently, the accounting reconciliation is done on monthly basis between amounts credited/debited from Bank accounts and records available with IRCTC transaction Data. If amount matches in both the records and no discrepancy is found, then it is considered that the reconciliation is final. However, if it is found that there is any mismatch between these records, then transaction level reconciliation is being done to find out the exceptional transaction. There after the concerned banks are coordinated on regular basis for recovery of such mismatching transaction or otherwise.</p> <p>The volume of transactions is very huge. At present, around 8 to 9 lakh transactions are taking place on daily basis through Payment Gateway and Net banking/ATM cum Debit cards (43 banks for Nget Ticketing service).</p> <p>The above facts have already been disclosed in note no.38 of the financial statements. The said note has been disclosed in financial statements w.e.f. F.Y.2012-13 as per advice of the statutory auditors.</p>

Similarly, No GST liability has been accrued on the reimbursement claims received from the Indian Railways towards the Internet ticketing expenses incurred, on account of GST Credits claimed on input cost reimbursed to the company. As informed to us, the company is in the process of obtaining advance ruling on the above said matters and no provision/liability has been accrued on the same.	<p>payable in advance in installments i.e. first for 2 year, then for next 2 years and finally for last 1 year. The Ministry of Railways vide its Catering Policy 2017 has assigned the on board catering contracts to IRCTC and accordingly tripartite agreement has been entered amongst the Indian Railway, IRCTC and the licensee, wherein Indian Railways has assigned all its rights and responsibilities of on board catering to IRCTC. Further, the IRCTC shall share 40% of the amount of license fees received by it from licenses as per the tripartite agreement with the Indian Railways.</p> <p>The Goods and Service Tax Act, 2017 has been implemented w.e.f .1st July, 2017 and is applicable for the supply to be made on or after 1st July, 2017. In the present case the IRCTC has received the amount of license fee for the grant of license which was granted prior to the applicability of GST. The amount of licenses fees received by Indian Railways was not chargeable to service tax as per the provisions of Finance Act at the time of its receipt. The proportionate amount paid by Indian Railways to IRCTC is towards the remaining part of the tender which was awarded prior to the implementation of GST. The assigning of license by Indian Railways to its 100 % subsidiary does change the nomenclature of the transaction as the license has been awarded prior to the implementation of GST. The incidence of tax is the event when the service is provided/supplied to the service recipient. Thus the Service being "grant of license" was provided by Indian Railways at the time when the license was awarded. As held in various judicial pronouncements that the tax cannot be levied for the service provided prior to enactment of Act or amendment made if any. As the service recipient is the same person and no additional benefit/services have been rendered.</p> <p>2) The IRCTC is having the online portal i.e. www.irctc.gov.in for booking of tickets for Railways. The Government of India through Ministry of Railways, in the public interest to promote Hon'ble Prime Minister programme of 'Digital India' has waived off the service charges, charged by IRCTC from passengers for booking of online train tickets. Therefore, the IRCTC is not charging any amount towards the service charges from the passengers. The IRCTC is incurring operating expenses such as up gradation and maintenance cost of server, manpower</p>

The IRCTC has sent the detail of expenditure incurred by it to the Ministry of Railways and the Ministry has sanctioned a sum of Rs. 80 crores towards the operating cost incurred by IRCTC for providing e-ticketing facilities to the passengers. The IRCTC has not charged any margin on the cost incurred by it.</p> <p>The amount received from Railways does not fall in the definition of consideration as defined u/s 2(31) of CGST Act, as reimbursement of expenses received from Central and State Government are excluded from the consideration. Further section 15 (2) excludes the amount of reimbursement of expenses received from the Central Government and State Government from the value of taxable supply.</p> <p>However, IRCTC has applied for advance ruling on the above issues and will take necessary action as per the decision of the Authority of Advance Ruling.</p>

Para - 5	In our opinion, there is a need to strengthen the information system based controls and practices to mitigate risk factors associated with conventional manual control procedures particularly at the branches level. We have performed the testing of internal financial controls over financial reporting at the Corporate level and the same were in principal operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.	<p>The internal audit is carried out by a reputed professional firm which is enlisted with C&AG and audit is being done in accordance with the detailed scope of work in line with the Company's operations.</p> <p>The internal control system is well in place in the Corporation in view of the following:-</p> <ol style="list-style-type: none"> The Corporation is voluntarily getting the cost audit done by a reputed Cost Accountants firm in spite of non-applicability of the cost audit to the Corporation; There are other different types of audits like audits by C&AG, various tax audits etc. conducted in the corporation; The transactions are being carried out and authorized in line with SOP (schedule of Powers) in the Corporation; There are policies like Whistle Blower policy, Anti fraud policy and also vigilance department in the corporation to prevent and detect fraud and no frauds have been detected in the Corporation; Audit Committee of the Corporation holds regular meeting to discuss the financial matters/internal control systems. Para- 4	We have to state that external confirmations from trade receivable, trade payables including account with Indian Railways, Centre for Railways Information System, and other governments bodies/agencies etc. could not be obtained during the course of our audit & hence the financial impact of reconciliations with the parties could not be ascertained.	The major parties are zonal railways. There is no system in Railways to confirm the balances, however, regular reconciliation meetings are being held with concerned Zonal Railways to reconcile & recover the dues from railways.
	That based on the verification of records and documents in our opinion considering the size of the company and the nature of it's operations there is a need to strengthen the internal control system within the organization including period end closing activities, extraction/posting of financial data and information maintained at separate applications to the financial books of the company as well as take extra efforts to fully adopt the e-tendering system. Further in our opinion the identification and reconciliation of the legacy transactions stated to have existing since the migration of data from the earlier financial system to present financials maintained in Oracle system as well as financial transactions pertaining to the period of transfer of operations from/to railways needs to be completed.	<p>The internal control system is well in place in the Corporation in view of the following:-</p> <ol style="list-style-type: none"> The internal audit is carried out by a reputed professional firm which is enlisted with C&AG and audit is being done in accordance with the detailed scope of work; The Corporation is voluntarily getting the cost audit done by a reputed Cost Accountants firm in spite of non-applicability of the cost audit to the Corporation; There are other audits like different types of audits by C&AG, various tax audits etc. conducted in the corporation; The transactions are being carried out and authorized in line with SOP (schedule of Powers) in the Corporation; There are policies like Whistle Blower policy, Anti fraud policy and also vigilance department in the corporation to prevent and detect fraud and no

Qualitative disclosure about market risks

Our business exposes us to a variety of market risks, including changes in foreign currency risk. The following discussion contains forward-looking statements that are subject to risks, uncertainties and assumptions about us. These statements are based upon current expectations and projections about future events. These are important factors that could cause our actual results and performance to differ materially from such forward-looking statements, including those risks discussed under section entitled “*Risk Factors*”.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Our exposure to foreign currency risk is mainly due to our international operation and transactions that involve foreign currencies. Our management researches and monitors the movement of applicable foreign currency rates in aim to manage any such risk at a comparatively low level.

Known Trends and Uncertainties

Except as described elsewhere in this Red Herring Prospectus, there are no known trends or uncertainties which are expected to have a material adverse impact on our revenues or income from continuing operations.

Unusual or Infrequent Events or Transactions

As of the date of this Red Herring Prospectus, there have been no unusual or infrequent events or transactions including unusual trends on account of business activity, unusual items of income, change of accounting policies and discretionary reduction of expenses.

Significant Economic Changes that Materially Affected or are likely to Affect Revenue from Operations

Indian rules and regulations as well as the overall growth of the Indian economy have a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations. There are no significant economic changes that materially affected our operations or are likely to affect income from continuing operations except as described in the section titled “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on pages 24, 87 and 126, respectively.

Material Increase in Revenue from Operations or Other Income

Our business has been affected and we expect that it will continue to be affected by the trends identified above in “*Significant Factors Affecting Our Results of Operations*” and the uncertainties described in the section titled “*Risk Factors*” on page 24, there are no known factors which we expect to have a material adverse impact on revenue from operations or other income.

Future Relationships between Costs and Income

Other than as described in this section and the sections of this Red Herring Prospectus entitled “*Risk Factors*” and “*Our Business*” and on pages 24 and 126, respectively. To our knowledge, except as disclosed in this Red Herring Prospectus, there are no known factors which will have a material adverse impact on our business operations or financial condition.

New Products or Business Segments

Except as set out in this Red Herring Prospectus, we have not announced and do not expect to announce in the near future any new products or business segments.

Competitive Conditions

As we are the only entity authorized by the Ministry of Railways to offer catering services on board the train and at majority of the railway stations as well as to offer Indian Railways' ticket online, our business operation faces little to no competition in these segments. For details, please refer to the discussions of our competition in "*Risk Factors*" on page 24 and "*Our Business*" on page 126.

Supplier or Customers Concentration

We are not dependent on any particular supplier or customer.

Significant Developments after March 31, 2019

Except as set out in this Red Herring Prospectus, to our knowledge, no circumstances have arisen since the date of the last financial statements as disclosed in this Red Herring Prospectus which have materially or adversely affected or are likely to affect, our operations or profitability, or the value of our assets or our ability to pay our material liabilities within the next 12 months.

FINANCIAL INDEBTEDNESS

As on the date of this Red Herring Prospectus, our Company does not have any outstanding or sanctioned fund-based facilities. However, we have availed certain bank guarantee facilities from Kotak Mahindra Bank Limited and IDBI Bank Limited aggregating to ₹ 86.60 million, in order to be able to meet our contractual obligations towards our clients.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND OTHER MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding: (i) criminal proceedings; (ii) actions by statutory/regulatory authorities; (iii) claims related to direct and indirect tax proceedings; and (iv) other outstanding material litigations involving our Company and Directors. Further, there are no disciplinary actions including penalties imposed by SEBI or any stock exchanges against our promoter in the last five Fiscals.

*In relation to (iv) above, our Board has, in its meeting held on July 26, 2019 adopted a policy of materiality for identification of material litigation (“**Materiality Policy**”). In terms of the Materiality Policy, any outstanding litigation shall be considered material if:*

- (a) the monetary amount of the claim made by or against our Company, RIRTL and Directors in any such pending litigation is equal to or in excess of 1% of the total revenue of our Company or 5% of the profits before tax of our Company (whichever is lower) as per the Restated Financial Statements for Fiscal 2019, included in this Red Herring Prospectus. The total revenue of our Company as per the Restated Financial Statements for the Fiscal 2019 was ₹19,566.60 million while the profit before tax of our Company as per the Restated Financial Statements for the Fiscal 2019 was ₹4,299.63 million. Accordingly, all outstanding litigation involving our Company, RIRTL and our Directors in which the amount involved exceeds ₹195.67 million (being 1% of the total revenue of our Company as per our Restated Financial Statements for the Fiscal 2019) have been identified as material and disclosures have been included where the aggregate amount involved in an individual litigation exceeds ₹195.67 million;*
- (b) the decision in one case is likely to affect the decision in similar cases, even though the amount involved in an individual litigation may not exceed ₹195.67 million; or*
- (c) such litigation does not meet the specific threshold and parameters as set out in (a) or (b) above, but where an adverse outcome would materially and adversely affect the business, operations, prospects or financial position or reputation of our Company.*

It is clarified that for the purposes of the above, pre – litigation notices received by our Company, RIRTL or our Directors shall, unless otherwise decided by our Board, not be considered as material litigation until such time that litigation proceedings are initiated in respect of such notice before any judicial forum.

Unless stated to the contrary, the information provided below is as of the date of this Red Herring Prospectus. All terms defined in a particular litigation are for that particular litigation only.

LITIGATION INVOLVING OUR COMPANY

Litigation against our Company

Criminal Proceedings

1. A criminal complaints bearing nos. 511 of 2008 has been filed by Union of India through Labour Enforcement Officer, Jaipur (“**Complainant**”) against our Company and the erstwhile group general manager (north zone), Vishnu Kumar and chief regional manager, Jaipur for contravention of the provisions of the Contract Labour (Regulation and Abolition) Act, 1970 and the Contract Labour (Regulation and Abolition) Rules, 1971. The Complainant, on inspection of the premises of our Company situated at Jaipur on August 21, 2008 allegedly found that our Company was undertaking the work through contracted labour without obtaining a valid registration certificate, not maintaining the register of contractors, not displaying the notices showing the rates of wages, working hours, wage period, date of payment of wages, name and address of inspector having jurisdiction and date of payment of unpaid wages etc., non-maintenance of register of contracts, non – submission of annual returns in form XXV to the registering officer etc. Due to the abovementioned non – compliances, the Complainant then filed the complaints before the Civil Judge and Judicial Magistrate Court – 8 Jaipur which is currently pending.

2. A criminal complaint bearing no. 192 of 2016 has been filed by Ramchandra Kutar, Food Safety Officer, Rail Health unit, Sayajiganj, Vadodra on behalf of Western Railway ("**Food Safety Officer**") against our Company's Railneer Plant GIP DAM, Ambernath and Gulam Haidar Yusuf Miya, Miya S. Malik, Shivkumar R. Agrawal (together "**the vendors**") and Raja Bhattacharya, ("**Accused**") for contravention of section 3(1) (zz) (v) (iii), 26 (2) (i) and 27 (2) (c) read with section 66 of Food Safety and Standards Act, 2006 ("**FSS Act**") and the regulation no. 2.10.8 FSS (Food Product Standards and Food Additive) Regulation 2011 ("**FSS Regulations**"). On inspection of stalls of vendors at Bharuch railway station for collection of food sample under the FSS Act on August 22, 2015, the Food Safety Officer collected multiple samples of Rail Neer packaged drinking water for testing and analysis. On receipt of the analysis report from Food Analyst, Vadodra, it was allegedly found that the packaged drinking water was substandard as the total viable count of the phenol compound in the water was more than the prescribed limits and it did not comply with standards and provisions laid down Regulation 2.10.8 of FSS Regulation in respect of microbial count. The Food Safety Officer, post receipt of the prosecution order on May 7, 2016 from the Joint Food Safety Commissioner, Churchgate, Mumbai, filed the complaint on behalf of Western Railway in the capacity of a public servant before the Judicial Magistrate First Class (Railway) Surat, which is currently pending.
3. A criminal complaint no. 5100820/SS/2016 has been filed by the P.B. Pawar, Inspector of Legal Metrology, Kurla, Mumbai ("**Complainant**") against our Company's Railneer Plant GIP DAM, Ambernath, our erstwhile Directors, Sriram Venkatachalam and Amritbir Kaur Brar, and our present Chairman & Managing Director Mahendra Pratap Mall, who was also the erstwhile Director (Finance) (collectively, the "**Accused**"), before the Additional Chief Metropolitan Magistrate, Kurla, at court no. 51, Kurla, seeking a trial of the Accused for contravention of section 18(1) Legal Metrology Act, 2009 ("**Act**") and rules 2(m) and 24 of the Legal Metrology (Packaged Commodities) Rules, 2011 ("**Rules**") punishable under section 36 (1) of the Act.. The Complainant had carried out an inspection at a stall of M/s. Chantulal and sons in the Kurla railway station, Mumbai, and allegedly found, *inter alia*, that the Rail Neer packaged drinking water being sold at the stall did not declare the selling price as per rule 2(m) of the Rules. Consequently, our Company had applied for compounding of the said offence before the Deputy Controller of Legal Metrology, Mumbai. The Deputy Controller of Legal Metrology vide order dated July 29, 2016 bearing no. CR-258 compounded the offence and directed our Company and Directors to pay a compounding fee of ₹15,000 each, aggregating to ₹60,000 in total. However, since our Company has elected not to pay the said unreasonable compounding fee, the Inspector of Legal Metrology has filed the said criminal complaint alleging that our Company and Directors have contravened various provisions of the Rules which is a punishable offence under the Act. The matter is presently pending.
4. Two criminal cases bearing no. 1 of 2017 and 2 of 2017 have been filed by Ajay Kumar Tripathi, Food Safety Officer, North West Railway, Ajmer ("**Complainant**") against our Company's Regional Office, Jaipur and Others ("**Accused**") for offences under Sub Section 2 (ii) of Section 26, Section 52 of FSS Act and FSS Regulations before the office of Adjudicating officer and Additional District Magistrate (Administration), Ajmer. The Complainant conducted survey of Jan Aahar units on June 5, 2015 and December 3, 2015 respectively on the platform of Ajmer railway station. The following samples were collected (i) dairy based drink products (ii) sweetened carbonated water coca cola etc. (iii) packaged drinking water Rail Neer which were being sold at the said units. On inspection it was found that the products which were being sold at the catering units are misbranded. The complaints are pending before the Adjudicating officer.
5. A criminal case bearing no. 78 of 2018 have been filed by Ajay Kumar Tripathi, Food Safety Officer, North West Railway, Jaipur ("**Complainant**") against our Company's Nangloi Rail Neer plant and Others ("**Accused**") for offences under Sub Section 2 (ii) of Section 26 and punishable under Section 52 of FSS Act and FSS Regulations before the office of Adjudicating officer and Additional District Magistrate (Administration), Jaipur. The Complainant conducted survey of Rail Neer Packaged Drinking Water on April 18, 2016 on the platform of Jaipur railway station. On inspection it was found that the products which were being sold at the catering units are misbranded. The complaints are pending before the Adjudicating officer.
6. The State of Uttar Pradesh through Food Safety Officer Gautam Budh Nagar and Executive authorized authority cum ADM Gautam Budh Nagar ("**Respondents**") had initiated proceedings against our Company as case no. D2009 / 2014 under section 68 of the Food Safety and Standards Act, 2006 for the alleged

contravention of section 3(1) (zx), 26 (2) (ii) and 51 of the Food Safety and Standards Act, 2006 for having used substandard raw materials in our base kitchen at Noida. Thereafter, the Additional District Magistrate, Gautam Buddh Nagar (“**ADM**”) passed a judgement against our Company for allegedly possessing substandard material and imposed a penalty of ₹45,000. Being aggrieved by the said Judgement, our Company has filed an appeal no 446/2016 against the Respondents under section 70 of the Food Safety and Standards Act, 2006 for setting aside of the final judgement dated October 20, 2016. The same is currently pending before the Statutory Appellate Authority.

7. A criminal complaint bearing no CR 1970 c of 2018 has been filed by State through Labour Enforcement Officer (Central)-II Guwahati and an inspector appointed under section 28(1) of the Contract Labour (Regulation and Abolition) Act, 1970 against our company represented by Anuj Dutta, AGM Guwahati and Sh. M.P. Mall, CMD New Delhi, for contravention of the provisions of contract labour (Regulation and Abolition) Act 1970 and Contract Labour (Regulation and Abolition) Central rules 1971. The complainant, on inspection conducted on December 5, 2017 allegedly found that notices pertaining to the rate of wages, hours of work, wage period, date of payment of wages, name and addresses of Inspector, date of payment of unpaid wages has not been properly displayed. It was also allegedly found that the register of contractors in form XII not maintained, there is failure in intimating the date of commencement/completion of work in form VI B and that more than 100 personnels were found engaged without obtaining valid certificate of registration. Due to the aforementioned alleged non compliances, the complainant filed a complaint bearing no CR 1970 c of 2018 before the Chief Judicial Magistrate, Guwahati. Our Company has filed a criminal revision petition bearing no. 11 of 2019 before the Gauhati High Court seeking to quash the complaint. The Gauhati High court vide order dated January 9, 2019 suspended the further proceeding in CR 1970 c of 2018, till the returnable date, i.e. February 15, 2019. Further, the Gauhati High Court vide its order dated February 15, 2019 has declared that the interim orders passed earlier will continue until further orders. The next date of hearing has not been disclosed.

Other material pending litigations

1. Cox & Kings Limited (“**C&K**”) has initiated 2 arbitration proceedings *vide* two separate statement of claims dated November 09, 2011 and July 26, 2012, against our Company with respect to our Joint Venture Company, RIRTL; one pertaining to the joint venture agreement dated December 10, 2008 (“**JV Agreement**”) and the other pertaining to the articles of association of RIRTL (“**Arbitration Proceedings**”) Our Company and C&K had entered into the JV Agreement for the formation of RIRTL for the purpose of running, operating and managing the luxury tourist train, Maharajas’ Express (“**Train**”) for a minimum period of 15 years on lease to be taken from our Company.

Our Company, *vide* letter dated August 12, 2011, had withdrawn the use of the trains by RIRTL as there was no lease agreement entered into for the same and had terminated the JV Agreement *inter alia* on account of non-payment of dues by C&K and breach of several provisions of the JV Agreement. C&K had challenged the said termination by approaching the High Court of Delhi seeking a stay on the said termination of the JV Agreement. The single bench of High Court of Delhi had *vide* its order dated September 06, 2011 *inter alia* directed that for the period commencing from September 14, 2011 until December 31, 2011, the Train shall continue to run as it was being run as per the JV Agreement under the supervision of a receiver and further directed that parties may initiate steps to resolve the dispute by way of arbitration.

Being aggrieved by the said order passed by the single bench of High Court of Delhi, our Company filed a first appeal before the division bench of the High Court of Delhi challenging the said order and contending that since the JV Agreement has been terminated and our Company being the owner of the Train cannot be compelled to operate the Train in accordance with the terms of the JV Agreement. The division bench *vide* its order dated January 02, 2012 allowed the appeal and set aside the order dated September 06, 2011 passed by the single bench of High Court of Delhi and upheld that the terminated JV Agreement cannot be restored and that our Company would continue to operate the Train and whatever bookings have been made by C&K would also be transferred to our Company.

C&K, being aggrieved by the said order dated January 02, 2012 passed by the division bench of the High Court of Delhi, preferred a special leave petition (“**SLP**”) before the Supreme Court of India. The Supreme Court of India *vide* order dated July 05, 2012 dismissed the SLP and upheld the order of the division bench of

the High Court of Delhi regarding operation of the Train by our Company and also granted liberty to the parties to appoint arbitral tribunal to settle the disputes.

C&K has initiated the said Arbitration Proceedings against our Company and RIRTL seeking relief *inter alia* that (i) the JV Agreement be specifically be performed (ii) the termination of the JV agreement be struck down (iii) pending the hearing and final disposal of the claim, it be directed that the Train continues to operate as part of RIRTL (iv) our Company be permanently restrained from using the rake/coaches of the Train for any other purpose other than for exclusive use of the JV Company (v) to execute a formal lease agreement for the Train in terms of the JV Agreement (vi) our Company be directed to pay ₹200 million towards shortfall of the working capital of the JV Company and (iv) in the alternative and in the unlikely event that specific performance of the JV Agreement is not granted then claim of damages amounting to ₹3,510 million.

The Arbitration Proceedings are pending for hearing before the arbitral tribunal.

Simultaneously, our Company has also initiated proceeding before NCLT (erstwhile Company Law Board) under sections 388B, 397, 398, 399 and 403 of the Companies Act, 1956. For details, see "Litigation by our Company - Other material pending litigations." under this chapter.

2. Earth Water Private Limited (erstwhile Fontus Water Private Limited ("**Fontus**")) has initiated arbitration proceedings against our Company seeking *inter alia*, damages of ₹248.78 million from various disputes arising out implementation of the contracts documents awarded to Fontus by our Company along with exemplary costs of ₹5 million for alleged mental harassment. On the mandate having been given by Ministry of Railways, our Company had invited operators to participate in bids for management of Water Vending Machine units ("**WVMs**") for sale of potable drinking water through automatic potable WVMs at various railway stations. In May, 2014, Fontus was empaneled under the expression of interest for the project and thereafter participated in tender process and awarded license for 12 clusters. Fontus has alleged that our Company had, from the outset, caused difficulties in and delayed the implementation of the project, including lack of clarity and delayed provision of electricity and water connections, poor locations and sites, lack of clarity on policy matters such as payment of security deposit for electricity connections, and wrongful demands of security deposit in contradiction to the terms of the arrangement between the parties pursuant to the model bid document, letter of award and the letter of acceptance of award. In addition to damages and exemplary costs, Fontus has *inter alia* also prayed for our Company to be directed to refund or adjust any excess security deposit paid by Fontus, extend the completion period of the commissioning of WVM, and re-assess the terms of the project. The arbitration proceedings are presently pending before the sole arbitrator.
3. A total of 13 writ petitions have been filed by various entities against the Union of India, through the Ministry of Railways, Government of India ("**Respondent**"), and others before the High Court of Delhi. Out of the 13 writ petitions, Writ Petition (C) Nos. 11513 of 2017, 11548 of 2017, 11552 of 2017, 11553 of 2017, 11581 of 2017, 11588 of 2017, 11595 of 2017, 11637 of 2017 and 11638 of 2017 have been filed by M/s. Brandavan Food Products, Writ Petition (C) Nos. 11550 of 2017 and 11587 of 2017 have been filed by Satyam Caterers Private Limited, and Writ Petition (C) Nos. 11570 of 2017 and 11678 of 2017 have been filed by R.K. Associates & Hoteliers Private Limited (M/s. Brandavan Food Products, Satyam Caterers Private Limited and R.K. Associates & Hoteliers Private Limited are collectively referred to as "**Petitioners**"). The Respondent had published tenders for provision of catering services on various trains operating in India. The Petitioners were selected as successful bidders in respect of different trains. On October 9, 2013, vide commercial circular no. 63/ 2013, the Respondent introduced the service of 'combo' meals to passengers in place of regular second meal of the day where more than one meal service are provided. Thereafter, vide commercial circular no. 67/ 2013, the Respondent restored regular meal in place of combo meal without any increase in charges. Further, the Respondent, vide commercial circular no. 32/ 2014 dated August 6, 2014, directed that 'Welcome Drinks' are to be served to all passengers without any reimbursement to the catering companies. The Petitioners have challenged enforcement of the aforementioned commercial circular nos. 67/ 2013 and 32/ 2014 and have additionally prayed for an aggregate amount of ₹737.71 million due to losses incurred on account of service of welcome drinks and / or 'regular' meals at the price of 'combo' meals. The matters are presently pending.

4. An application bearing Case No. 30 of 2018 under Section 19(1)(a) of the Competition Act, 2002 (“**Act**”) has been filed by Meet Shah against our Company and the Indian Railways for the alleged abuse of dominant position under Section 4 of the Act in online ticketing operations of Indian Railways. Pursuant to the direction of the Competition Commission of India, the Joint Director General of the Competition Commission of India (“**JDG**”) has issued a notice dated December 19, 2018 bearing F.No. DG/CCI/IW/1/20/2018/397 to our Company (“**Notice**”). The JDG has initiated investigations in the matter and has, vide the Notice, raised certain queries and requested our Company to furnish certain documents. The queries, in the context of the alleged abuse of dominant position, primarily relate to the ticketing services provided by our Company, our role in the determination of the passenger fare, and the rounding off of the passenger fare to the next multiple of 5 included in the base fare. Our Company has responded to the Notice vide letter dated January 24, 2019, stating *inter alia*, that (i) the passenger fare is uniform for all channels of booking since the fare is fetched through the central Indian Railway Passenger Reservation System (“**PRS**”); (ii) our Company has no role in the determination of passenger fare and merely acts as a facilitator between the PRS and the passenger; (iii) our Company does not charge any service fee or commission for providing the ticketing services, but is compensated by the MoR; (iv) the policy of rounding off of the fare is a decision of the MoR introduced to treat all passengers equally and to enable smooth and efficient ticket booking process at the railway counters. The matter is presently pending.
5. A.K. Roy (“**Claimant**”) had initiated forty eight arbitration proceedings against our Company seeking compensation for alleged breach of terms of condition for operation and management of catering services in 29 temporary trains and 19 regular trains. The Claimant, being one of the contractors of our Company was awarded the license for operation and management of catering services against payment of a certain license fee. Our Company had terminated his license on account of his failure to pay the license fee and failure to perform certain obligations, thereby breaching the terms and conditions of the license. The Claimant has initiated arbitration proceedings against our Company and filed separate statement of claims on the basis of each contract. The arbitrator awarded a sum of ₹9.77 million in favor of the Claimant in 37 arbitration matters and a sum of ₹2.19 million awarded in favor of our Company in 11 arbitration matters. Being aggrieved by the award passed by the arbitrator, the Claimant has filed objections before various courts under section 34 of Arbitration and Conciliation Act, 1996 in 21 arbitration matters. Further, out of 21 arbitration matters, 4 matters are pending for hearing before Patiala House Court. Further, our Company has also filed objections against the amount awarded to A.K. Roy in 14 matters which are currently pending.
6. 2 special leave petitions bearing SLP(C) nos. 32952 of 2015 and 3249 of 2016 (“**SLPs**”) have been filed by Sanjeevani Foods and Beverages and others, and Indian Railway Caterer’s Association and others, respectively (collectively “**Respondents**”), , against the Union of India, our Company and others, before the Supreme Court of India. Both the SLPs have been filed challenging the order dated October 28, 2015 passed by the High Court of Bombay (“**Impugned Order**”). *Vide* the Impugned Order, the High Court of Bombay has dismissed the writ petitions filed by the Respondents, wherein they had challenged the circular no. 15 of 2003 dated March 11, 2003 issued by MoR and letters dated October 13, 2015 and October 17, 2015 issued by Central Railways and Western Railways, making it mandatory to sell only Rail Neer brand packaged drinking water at various railway stations and trains, thereby allegedly creating a monopoly (“**Impugned Decision**”). The SLPs have been filed on the grounds that the Impugned Decision is arbitrary, unreasonable, discriminatory and illegal. The Respondents have *inter alia* prayed that special leave be granted to appeal against the Impugned Order. The Supreme Court *vide* order dated May 13, 2016 had stayed the operation of the Impugned Decision and directed that the said Impugned Decision will not come in the way of catering/vending licensees in Mumbai division to stock up and deal with other brands of packaged/bottled water in addition to Rail Neer such of which are approved by the Zonal Railways. However, the Supreme Court *vide* order dated August 11, 2016 has vacated the said stay. Both the SLPs are pending for hearing before the Supreme Court of India.

1. Our Company has filed a petition bearing number 12(ND)/ 2012 against RIRTL, Cox & Kings Limited (“C&K”) and others before the erstwhile Company Law Board (“CLB”) under sections 388B, 397, 398, 399 and 403 of the Companies Act, 1956. Our Company has sought interim reliefs *inter alia* that (i) C&K and the directors nominated by it on the board of RIRTL or its officers be restrained from transferring, alienating or dealing with any movable or immovable assets in any manner of RIRTL (ii) directing C&K to maintain status quo with respect to the shares held by it in RIRTL and injunction restraining C&K from exercising any right as a shareholder of RIRTL (iii) restraining C&K from making any representation to the public at large associating itself with RIRTL or ‘The Maharajas’ Express’(iv) restraining C&K and others from operating the bank accounts of RIRTL. Our Company has also sought final reliefs *inter alia* that (i) C&K be directed to sell its shareholding in RIRTL to our Company at a value of ₹10 per share or at a fair valuation (ii) order that the board of RIRTL be reconstituted with representatives of only our Company (iii) directing the removal of the nominee directors of C&K from the board of RIRTL (iv) deleting the articles of association of RIRTL which have a potential of leading to a deadlock between the shareholders of RIRTL and (v) declare that our Company is not liable to pay any amounts to C&K for providing off-board services for the period from 2010-2011.

The CLB vide its order dated February 02, 2012 rejected the interim relief claimed by our Company.

Further, during the ongoing proceedings, C&K had filed an application before the CLB praying for an order directing the RoC to mark RIRTL as “having management disputes”. The CLB, *vide* order dated January 21, 2015 had directed the RoC to mark RIRTL as “having management dispute” and granted liberty to both parties to approach it for appointment of directors in the eventuality of any vacancy. Accordingly, our Company had filed an application praying for the issuance of directions to give effect to the names of nominee directors on behalf of our Company on the board of RIRTL and consequently, the NCLT *vide* order dated November 15, 2016 accepted the appointment of 3 persons namely Dr. A.K. Manocha (the then chairman and managing director of our Company), Amritbir Kaur Brar (the then Whole-time Director (Tourism & Marketing) of our Company) and Abdul Hayat (the then Group General Manager - Finance of our Company) as nominee directors on behalf of our Company on the board of RIRTL.

The said matter is presently pending for hearing before NCLT.

Our Board, by way of resolution dated August 21, 2019, has approved the Draft Red Herring Prospectus.

Our Company has received in-principle approvals from BSE and NSE for listing of the Equity Shares pursuant to letters dated September 6, 2019 and September 5, 2019, respectively.

Prohibition by SEBI or other Governmental authorities

Our Company, our Directors, our Promoter or persons in control of our Company, have not been prohibited from accessing the capital market for any reason or debarred from buying, selling or dealing in securities under any order or direction passed by SEBI or any other regulatory or governmental authority or court, including any securities market regulator in any jurisdiction.

Our Promoter, our Directors, persons in control of our Company were not, and are not, a promoter or a director or persons in control of any other company which is debarred from accessing the capital market under any order or directions made by SEBI.

Neither our Company, nor our Promoter or our Directors have been identified as Wilful Defaulters.

None of our Directors are associated in any manner with the securities market, including securities market related businesses, and there has been no action taken by SEBI against our Directors or any entity in which any of our Directors are involved as a promoter or director in the five years preceding the date of this Red Herring Prospectus.

The listing of any securities of our Company has never been refused at any time by any of the stock exchanges in India or abroad.

Confirmation under the Companies (Significant Beneficial Ownership) Rules, 2018

Section 89 of the Companies Act, 2013 which deals with declaration in respect of beneficial interest in any share is not applicable to the Government Companies.

Eligibility for the Offer

Our Company confirms that it is not ineligible to make the Offer in terms of the SEBI ICDR Regulations, to the extent applicable. There are no outstanding warrants, options or rights to convert debentures, loans or other instruments convertible into, or which would entitle any person any option to receive Equity Shares, as on the date of this Red Herring Prospectus.

The Selling Shareholder confirms that it has held the Equity Shares being offered for sale in this Offer for a period of at least one year prior to the date of filing this Red Herring Prospectus with SEBI and that it is in compliance with Regulation 8 of the SEBI ICDR Regulations.

Our Company is eligible for the Offer in accordance with Regulation 6(1) of the SEBI ICDR Regulations as set out under the eligibility criteria calculated as per our Restated Financial Information:

- Our Company has had net tangible assets of at least ₹30 million, calculated on a restated basis, in each of the preceding three full years (of 12 months each), of which not more than 50% are held in monetary assets;
- Our Company has a pre-tax operating profit of at least ₹150 million, calculated on a restated basis, during the preceding three years (of 12 months each), with operating profit in each of these three years;
- Our Company has a net worth of at least ₹10 million in each of the three preceding full years (of 12 months each) calculated on a restated basis; and
- Our Company has not changed its name since its incorporation.

Our Company's net tangible assets, monetary assets and monetary assets as a percentage of the net tangible assets, operating profits and net worth, derived from the Restated Financial Information included in this Red Herring Prospectus as at and for the last three Fiscals are set forth below:

(₹ in million)			
Particulars	As on March 31, 2019	As on March 31, 2018	As on March 31, 2017
Net tangible assets, as restated ⁽ⁱ⁾	10,166.22	9,823.42	8,004.59
Monetary assets, as restated ⁽ⁱⁱ⁾	17,794.29	14,249.83	11,795.98
Monetary assets, as restated, as a % of net tangible assets, as restated ⁽ⁱⁱⁱ⁾	175.03	145.06	147.37

Disclaimer in respect of Jurisdiction

The Offer is being made in India to persons resident in India (who are competent to contract under the Indian Contract Act, 1872, as amended, including Indian nationals resident in India, HUFs, companies, corporate bodies and societies registered under the applicable laws in India and authorized to invest in shares, domestic Mutual Funds, Indian financial institutions, commercial banks, regional rural banks, co-operative banks (subject to RBI permission), or trusts registered under applicable trust law and who are authorized under their constitution to hold and invest in shares, public financial institutions as specified in Section 2(72) of the Companies Act, 2013, multilateral and bilateral development financial institutions, state industrial development corporations, insurance companies registered with IRDAI, permitted provident funds and pension funds, insurance funds set up and managed by the army and navy or air force of the Union of India, National Investment Fund and insurance funds set up and managed by the Department of Posts, India), systemically important NBFCs and to FPIs, Eligible NRIs and other eligible foreign investors (viz. FVCIs, multilateral and bilateral development financial institutions).

This Red Herring Prospectus does not, however, constitute an offer to sell or an invitation to subscribe Equity Shares offered hereby in any jurisdiction to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession this Red Herring Prospectus comes is required to inform himself or herself about, and to observe, any such restrictions. Any dispute arising out of this Offer will be subject to the jurisdiction of appropriate court(s) in New Delhi only. Invitations to subscribe to or purchase the Equity Shares in the Offer will be made only pursuant to this Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Offer, which comprises this Red Herring Prospectus and the preliminary international wrap for the Offer, if the recipient is outside India. No person outside India is eligible to bid for Equity Shares in the Offer unless that person has received the preliminary offering memorandum for the Offer, which contains the selling restrictions for the Offer outside India.

Eligibility and Transfer Restrictions

The offer and sale of the Equity Shares has not been, and will not be, registered under the U.S. Securities Act or any state securities laws in the United States and the Equity Shares may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States and only in offshore transactions in reliance on Regulation S promulgated under the Securities Act and pursuant to the applicable laws of the jurisdiction where those offers and sales occur.

The Offered Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

All Equity Shares Offered and Sold in this Offer

Each purchaser that is acquiring the Offered Shares offered pursuant to this Offer outside the United States, by its acceptance of this Red Herring Prospectus and of the Offered Shares offered pursuant to this Offer, will be deemed to have acknowledged, represented to and agreed with our Company and the BRLMs that it has received a copy of this Red Herring Prospectus and such other information as it deems necessary to make an informed investment decision and that:

- (1) the purchaser is authorized to consummate the purchase of the Offered Shares offered pursuant to this Offer in compliance with all applicable laws and regulations;
- (2) the purchaser acknowledges that this offer and sale of the Offered Shares offered pursuant to this Offer has not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state of the United States and accordingly may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act;
- (3) the purchaser is purchasing the Offered Shares offered pursuant to this Offer in an offshore transaction meeting the requirements of Rule 903 of Regulation S promulgated under the U.S. Securities Act;
- (4) the purchaser and the person, if any, for whose account or benefit the purchaser is acquiring the Offered Shares offered pursuant to this Offer, was located outside the United States at the time (i) this offer was made to it and (ii) when the buy order for such Offered Shares was originated and continues to be located outside the United States and has not purchased such Offered Shares for the account or benefit of any person in the United States or entered into any arrangement for the transfer of such Offered Shares or any economic interest therein to any person in the United States;
- (5) the purchaser is not an affiliate of our Company or a person acting on behalf of an affiliate;
- (6) the purchaser is not acquiring the Offered Shares as a result of any “directed selling efforts” (within the meaning of Rule 902(c) of Regulation S);
- (7) our Company will not recognize any offer, sale, pledge or other transfer of such Offered Shares made other than in compliance with the above-stated restrictions; and
- (8) the purchaser acknowledges that our Company, the BRLMs, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Offered Shares are no longer accurate, it will promptly notify our Company, and if it is acquiring any of such Offered Shares as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

In relation to each EEA State that has implemented the Prospectus Directive (Directive 2003/71/EC) (each, a “Relevant Member State”), an offer to the public of any Equity Shares may be made at any time under the following exemptions under the Prospectus Directive, if they have been implemented in that Relevant Member State:

- (a) to any legal entity which is a qualified investor as defined under the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors), subject to obtaining the prior consent of the Underwriters; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of Offered Shares shall result in a requirement for our Company or any Underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive and each person who receives any communication in respect of, or who acquires any Offered Shares under, the offers contemplated in this Red Herring Prospectus will be deemed to have represented, warranted and agreed to with the Underwriter and our Company that it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive.

For the purposes of this provision, the expression an “offer to the public” in relation to any of the Offered Shares in any Relevant Member States means the communication in any form and by any means of sufficient information on

the terms of this offer and the Offered Shares to be offered so as to enable an investor to decide to purchase or subscribe for the Offered Shares, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State.

In the case of any Offered Shares acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the Offered Shares acquired by it in the offering have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any Offered Shares to the public in a Relevant Member State prior to the publication of a prospectus in relation to the Offered Shares which has been approved by the competent authority in that relevant member state or, where appropriate, approved in another Relevant Member State and notified to the competent authority in the Relevant Member State, all in accordance with the Prospectus Directive, other than their offer or resale to qualified investors or in circumstances in which the prior consent of the Underwriters has been obtained to each such proposed offer or resale.

Our Company, the Underwriters and their affiliates, and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

Bidders are advised to ensure that any Bid from them does not exceed investment limits or the maximum number of Equity Shares that can be held by them under applicable law. Further, each Bidder, where required, must agree in the Allotment.

SECTION VII – OFFER INFORMATION

TERMS OF THE OFFER

The Offer comprises an offer for sale of the Offered Shares by the Selling Shareholder. The Offered Shares (including Employee Reservation Portion) being Allotted pursuant to this Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, SEBI Listing Regulations, the Memorandum of Association and Articles of Association, the terms of the Red Herring Prospectus, the Prospectus, the abridged prospectus, ASBA Form, any Revision Form, Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advices and other documents/certificates that may be executed in respect of this Offer. The Offered Shares shall also be subject to all applicable laws, guidelines, rules, notifications and regulations relating to the offer of capital, and listing and trading of securities issued from time to time by the SEBI, the GoI, the Stock Exchanges, the RBI, RoC and/or other authorities, as in force on the date of this Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the RBI, the GoI, the Stock Exchanges, the RoC, the RBI and/or any other authorities, as in force and to the extent applicable or such other conditions as may be prescribed by such authorities, while granting their approval for this Offer.

The Offer

The Offer consists of an offer for sale of the Offered Shares by the Selling Shareholder.

For details in relation to Offer expenses, see “*Objects of the Offer*” and “*Other Regulatory and Statutory Disclosures*” beginning on pages 75 and 282, respectively.

Ranking of the Offered Shares

The Equity Shares being offered and transferred in the Offer shall rank *pari passu* in all respects with the existing Equity Shares including rights in respect of the right to receive dividend and other corporate benefits, if any, declared by our Company after the date of Allotment. For further details, see “*Description of Equity Shares and Terms of the Articles of Association*” on page 326.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders of our Company, as per the provisions of the Companies Act, the Memorandum of Association, Articles of Association, CPSE Capital Restructuring Guidelines, the SEBI Listing Regulations and other applicable laws including guidelines or directives that may be issued by the GoI in this respect. All dividends, declared by our Company after the date of Allotment (pursuant to the Allotment of Offered Shares), will be payable to the Allottees, in accordance with applicable law. For further details in relation to dividends, see “*Dividend Policy*” and “*Description of Equity Shares and Terms of the Articles of Association*” on pages 186 and 326 respectively.

Face Value, Offer Price and Price Band

The face value of each Equity Share is ₹10. The Floor Price of the Offered Shares is ₹ [●] per Equity Share and the Cap Price is ₹ [●].

The Price Band, minimum Bid Lot size, the Retail Discount and the Employee Discount for this Offer will be decided by our Company and the Selling Shareholder, in consultation with the BRLMs, and will be advertised in all editions of the English national daily newspaper Financial Express and all editions of the Hindi national daily newspaper Jansatta (Hindi being the regional language of Delhi where our Registered Office is located) each with wide circulation, at least two Working Days prior to the Bid/ Offer Opening Date and shall be made available to the Stock Exchanges for the purpose of uploading the same on their respective websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the ASBA Forms available on the websites of the Stock Exchanges. The Offer Price shall be determined by the Selling Shareholder and our Company, in consultation with the BRLMs, after the Bid/Offer Closing Date, on the basis of assessment of market demand for the Offered Shares by way of Book Building Process.

At any given point of time there shall be only one denomination of Equity Shares.

Retail Discount and Employee Discount

A discount of ₹ [●] per Equity Share on the Offer Price may be offered to the Retail Individual Bidders and a discount of ₹ [●] per Equity Share on the Offer Price may be offered to the Eligible Employees bidding in the Employee Reservation Portion. Retail Individual Bidders Bidding at the Cut-Off Price have to ensure payment at the Cap Price, less Retail Discount, as applicable, at the time of making a Bid. Eligible Employees Bidding in the Employee Reservation Portion respectively at the Cut-Off Price have to ensure payment at the Cap Price, less Employee Discount, as applicable, at the time of making a Bid.

Compliance with disclosure and accounting norms

Our Company shall comply with applicable disclosure and accounting norms as specified by SEBI from time to time.

Rights of our Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person, by proxy or by “e-voting” in accordance with the provisions of the Companies Act and the rules made thereunder;
- Right to receive offers for purchasing rights shares and be allotted bonus shares, if announced;
- Right to receive any surplus on liquidation, subject to any statutory and other preferential claims being satisfied;
- Right to freely transfer their Equity Shares, subject to foreign exchange regulations and other applicable laws; and
- Such other rights, as may be available to a shareholder of a listed public company under the applicable law, including the Companies Act, the SEBI Listing Regulations, and the Memorandum of Association and Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see “*Description of Equity Shares and Terms of the Articles of Association*” beginning on page 326.

Allotment only in Dematerialized Form

Pursuant to Section 29 of the Companies Act, 2013, the Equity Shares shall be Allotted only in dematerialized form. Further, as per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialized form on the Stock Exchanges. Hence, the Equity Shares offered through this Red Herring Prospectus can be applied for in the dematerialized form only. In this context, our Company has entered into two agreements with the Depositories and the Registrar to the Offer:

- Tripartite Agreement dated July 4, 2019 among our Company, CDSL and the Registrar to the Offer; and

- Tripartite Agreement dated September 25, 2017 among our Company, NSDL and the Registrar to the Offer.

Market Lot and Trading Lot

Since trading of the Equity Shares will be in dematerialized form, the tradable lot is one Equity Share. Allotment in this Offer will be only in dematerialized form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares to successful Bidder.

Joint Holders

Subject to the provisions contained in our Articles of Association, where two or more persons are registered as the holders of any Equity Share, they shall be entitled to hold the same as joint tenants with benefits of survivorship.

Jurisdiction

The courts/ authorities of New Delhi, India will have exclusive jurisdiction in relation to this Offer.

Nomination facility to Bidders

In accordance with Section 72 of the Companies Act, 2013 read with the Companies (Share Capital and Debenture) Rules, 2014, as amended, the First or Sole Bidder, along with other joint Bidders, may nominate any one person in whom, in the event of the death of Sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Offered Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale, transfer or alienation of equity share(s) by the person nominating. A nomination may be cancelled or varied by nominating any other person in place of the present nominee by the holder of the Equity Shares who has made the nomination by giving a notice of such cancellation. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the Registrar to this Offer of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall, upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety (90) days, our Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialized form, there shall be no requirement to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Bidders will prevail. If the investors wish to change their nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Offer

Our Company and the Selling Shareholder, in consultation with the BRLMs, reserve the right not to proceed with the entire or portion of this Offer for any reason at any time after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company and the Selling Shareholder in consultation with the BRLMs decides not to proceed with the Offer at all, our Company shall issue a public notice in the same newspapers in which the Pre-Offer advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be

prescribed by SEBI, providing reasons for not proceeding with this Offer. Our Company shall also promptly inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed. The BRLMs, through the Registrar to this Offer, shall notify the SCSBs and Sponsor Banks, as applicable, to unblock the bank accounts of the Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which the Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the final RoC approval of the Prospectus after it is registered with the RoC and filed with the SEBI and Stock Exchanges.

Bid/ Offer Programme

BID/ OFFER OPENS ON	MONDAY, SEPTEMBER 30, 2019
BID/ OFFER CLOSES ON	THURSDAY, OCTOBER 3, 2019

An indicative timetable in respect of this Offer is set out below:

Event	Indicative Date
Bid/ Offer Closing Date	October 3, 2019
Finalisation of Basis of Allotment with the Designated Stock Exchange	On or about October 9, 2019
Unblocking of funds from the ASBA Account	On or about October 10, 2019
Credit of Equity Shares to depository accounts of Allottees	On or about October 11, 2019
Commencement of trading of the Equity Shares on the Stock Exchanges	On or about October 14, 2019

The above timetable, other than the Bid/Offer Closing Date, is indicative and does not constitute any obligation on our Company and/ or the Selling Shareholder and/or the BRLMs.

Whilst our Company and the Selling Shareholder shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within six (6) Working Days of the Bid/ Offer Closing Date or such period as may be prescribed, the timetable may be changed due to various factors, such as extension of the Bid/ Offer period by our Company and the Selling Shareholder, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. The Selling Shareholder confirms, that it shall extend reasonable co-operation required by our Company and the BRLMs for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares (offered by Selling Shareholder) at the Stock Exchanges within six (6) Working Days from the Offer Closing Date or such time as may be prescribed by SEBI.

SEBI is in the process of streamlining and reducing the post issue timeline for IPOs. Any circulars or notifications from SEBI after the date of this Red herring Prospectus may result in changes to the abovementioned timelines.

Submission of Bids:

Bid/Offer Period (except the Bid/Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time) (“IST”)
Bid/Offer Closing Date	
Submission and Revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/ Offer Closing Date, the Bids shall be uploaded until:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) Until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, after taking into account the total number of applications received up to the closure of timings and reported by the BRLMs to the

Stock Exchanges, in case of Bids by Retail Individual Bidders and Eligible Employees Bidding in the Employee Reservation Portion.

On Bid/ Offer Closing Date, extension of time will be granted by Stock Exchanges only for uploading Bids received by Retail Individual Bidders and Eligible Employees Bidding under the Employee Reservation Portion after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

For the avoidance of doubt, it is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs and the Sponsor Bank will be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one (1) day prior to the Bid/Offer Closing Date and, in any case, not later than 1.00 p.m. IST on the Bid/Offer Closing Date. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, as is typically experienced in public offering, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded on the electronic bidding system will not be considered for allocation under this Offer. Investors may please note that as per letter no. List/smd/sm/2006 dated July 3, 2006 and letter no. NSE/IPO/25101- 6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays, Sundays and public holidays as declared by the Stock Exchanges. Bids will be accepted only during Monday to Friday (excluding any public holiday). Bids by the Bidders shall be uploaded by the SCSBs in the electronic system to be provided by the Stock Exchanges. None of our Company, the Selling Shareholder or any member of the Syndicate shall be liable for any failure in (i) uploading or downloading the Bids due to faults in any software/hardware system or otherwise; and (ii) the blocking of application amount by RIBs bank on receipt of instruction from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism. Any time mentioned in this Red Herring Prospectus is Indian Standard Time.

Our Company and the Selling Shareholder, in consultation with the BRLMs, reserve the right to revise the Price Band during the Bid/ Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band or in case of force majeure, banking strike or similar circumstances, the Bid/Offer Period will be extended by at least three (3) additional Working Days following such as event, subject to the Bid/Offer Period not exceeding ten (10) Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a press release, and also by indicating the change on the website of the BRLMs and at the terminals of the Syndicate Members and by intimation to Self-Certified Banks (“SCSBs”), the Sponsor Bank, and other Designated Intermediaries, as applicable. However, in case of revision in the Price Band, the Bid Lot shall remain the same.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic ASBA Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges may be taken as the final data for the purpose of Allotment. Further, in case of such a discrepancy, the Registrar to the Offer shall ask for rectified data. Bidders may please note that as per letters dated July 03, 2006 and July 06, 2006, issued by the BSE and NSE respectively, Bids and any revisions in Bids shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges.

Minimum Subscription

As this is an offer for sale by the Selling Shareholder, the requirement of minimum subscription of 90% of the Offer under the SEBI ICDR Regulations is not applicable to this Offer. However, if our Company does not receive the minimum subscription in the Offer as specified under terms of the Rule 19(2)(b) of the SCRR, as applicable, including through devolvement of Underwriters, if any, within sixty (60) days from the date of Bid/ Offer Closing Date, our Company and the Selling Shareholder shall forthwith refund the entire subscription amount received. If

there is a delay beyond the prescribed time, our Company and the Selling Shareholder shall pay interest at the rate of 15% per annum for the period of delay or at such rate as prescribed under the applicable law.

Further, our Company and the Selling Shareholder shall ensure that the number of prospective Allottees to whom the Offered Shares will be allotted shall not be less than 1,000 in compliance with Regulation 49(1) of the SEBI ICDR Regulations failing which the entire application money shall be unblocked in the respective ASBA Accounts of the Bidders. In case of delay, if any, in unblocking the ASBA Accounts within such timeline as prescribed under applicable laws, our Company and the Selling Shareholder shall be liable to pay interest on the application money in accordance with applicable laws.

Arrangements for Disposal of Odd Lots

Since our Equity Shares will be traded in dematerialized form only and the market lot for our Equity Shares will be one Equity Share, no arrangements for disposal of odd lots are required.

Restrictions, if any, on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Offer capital of our Company, the Promoters' minimum contribution as per Regulations 16 of the SEBI ICDR Regulations, as provided in "*Capital Structure*" on page 67 and except as provided in the Articles of Association of our Company, there are no restrictions on transfer and transmission of Equity Shares or on their consolidation or splitting. For details, please refer to the section titled "*Description of Equity Shares and Terms of the Articles of Association*" on page 326.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

However, a Bid by an Eligible Employee in the Employee Reservation Portion will be considered for allocation, in the first instance, for a Bid Amount of up to ₹200,000, net of Employee Discount. In the event of under-subscription in the Employee Reservation Portion (post the initial Allocation of up to ₹200,000 per Eligible Employee), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to an Eligible Employee not exceeding ₹500,000 (which shall be less the Employee Discount, if applicable). The unsubscribed portion, if any, in the Employee Reservation Portion (after allocation to Eligible Employees with Bid Amounts over ₹200,000 upto a maximum of ₹500,000, net of Employee Discount), shall be added to the Net Offer.*

OFFER PROCEDURE

All Bidders should review the General Information Document, which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document is available on the websites of the Stock Exchanges and the BRLMs. Please refer to the relevant provisions of the General Information Document which are applicable to the Offer.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iii) Payment Instructions for Bidders/Applicants; (iv) Allotment in the Offer; (v) General instructions (limited to instructions for completing the Bid Form); (vi) Submission of Bid Form; (vii) Other Instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (viii) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (vi) mode of making refunds; and (vii) interest in case of delay in Allotment or refund.

SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by SEBI.

Our Company, the Selling Shareholder and the members of the Syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Red Herring Prospectus and the Prospectus.

This Offer shall be one of the first initial public offerings through the UPI Mechanism under the UPI Phase II. Our Company and the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Offer.

Book Building Procedure

The Offer is being made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Net Offer shall be available for allocation to QIBs. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not less than 15% of the Net Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Offer shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price.

Further, up to 160,000 Equity Shares shall be offered for allocation and Allotment on a proportionate basis to the Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids being received from them at or above the Offer Price. All Bidders, shall participate in the Offer mandatorily through the ASBA process by providing details of their respective bank account in which the Bid Amount will be blocked by SCSBs.

Under-subscription, if any, in any category (including Employee Reservation Category), except in the QIB Category, would be allowed to be met with spill-over from any other category or combination of categories at the discretion of our Company and the Selling Shareholders in consultation with the Lead Managers and Designated Stock Exchange. In the event of undersubscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹ 200,000 (net of Employee Discount), subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹ 500,000 (net of Employee Discount). A discount of up to ₹ [●] per Equity Share may be offered to Eligible Employees bidding in the Employee Reservation Portion in accordance with the SEBI ICDR Regulations. The unsubscribed portion, if any, in the Employee Reservation Portion (after allocation up to ₹ 500,000, net of Employee Discount), shall be added to the Net Offer.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges. Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The ASBA which do not have the details of the Bidders' depository accounts, including DP ID, Client ID, UPI ID (in case of Retail Individual Bidders using the UPI mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted the Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer. Investors rematerializing their Equity Shares subsequent to Allotment should note that any transfer of such Equity Shares shall be subject to the Companies Act, 2013, the rules made thereunder and any other applicable law.

Phased implementation of UPI for Bids by Retail Individual Bidders as per the UPI Circulars

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) **Phase I:** This phase was applicable from January 1, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the ASBA with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) **Phase II:** This phase has commenced with effect from July 1, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the ASBA Form by a Retail Individual Bidder through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.
- c) **Phase III:** Subsequently, the time duration from public issue closure to listing would be reduced to be three Working Days.

This Offer is under Phase II and it may be among one of the first few initial public offerings in which the process of physical movement of ASBA Forms from intermediaries to SCSBs for blocking of funds is discontinued and is replaced by the UPI Mechanism.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed ICICI Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to

facilitate collection of requests and / or payment instructions of the Retail Individual Bidders into the UPI mechanism.

A Retail Individual Bidder making applications using the UPI Mechanism shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in the Offer. The SCSBs, upon receipt of the ASBA Form will upload the Bid details along with the UPI ID in the bidding platform of the Stock Exchanges. Applications made by the Retail Individual Bidders using third party bank accounts or using UPI IDs linked to the bank accounts of any third parties are liable for rejection. The Bankers to the Offer shall provide the investors' UPI linked bank account details to the RTA for the purpose of reconciliation. Post uploading of the Bid details on the bidding platform, the Stock Exchanges will validate the PAN and demat account details of Retail Individual Bidders with the Depositories.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

ASBA Form

All Bidders shall mandatorily participate in the Offer only through the ASBA process. Bidders must provide either (i) the bank account details and authorisation to block funds in the ASBA Form, or (ii) the UPI ID, as applicable, in the relevant space provided in the ASBA Form. Retail Individual Bidders submitting ASBA Forms with the Syndicate, sub-syndicate, Registered Brokers, RTAs or with CDPs are required to utilize the UPI Mechanism. It is clarified that Retail Individual Bidders may continue to submit physical ASBA Forms with SCSBs without using the UPI Mechanism. The ASBA Forms that do not contain such details will be rejected. Applications made by the RIBs using third party bank account or using third party linked bank account UPI ID are liable for rejection.

Copies of the ASBA Form and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centers, and at the Registered Office of our Company. Electronic copies of the ASBA Form will also be available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com) at least one (1) day prior to the Bid/Offer Opening Date. Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount can be blocked by the SCSB at the time of submitting the Bid.

Bidders (other than RIBs using the UPI Mechanism) must provide bank account details and authorization by the ASBA bank account holder to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Form that does not contain such detail are liable to be rejected. The Sponsor Bank shall provide details of the UPI linked bank account of the Bidders to the Registrar to the Offer for purpose of reconciliation.

RIBs must provide the UPI ID in the relevant space provided in the ASBA Form and the ASBA Form that does not contain the UPI ID are liable to be rejected.

RIBs submitting a ASBA Form to any Designated Intermediary (other than SCSBs) should ensure that only the UPI ID is mentioned in the Field Number 7 i.e. Payment Details in the ASBA Form. ASBA Forms submitted by RIBs to Designated Intermediary (other than SCSBs) with ASBA Account details in Field Number 7, are liable to be rejected.

Further, such Bidders, including RIBs, shall ensure that the Bids are submitted at the Bidding Centres only on ASBA Forms bearing the stamp of the relevant Designated Intermediary (except in case of electronic ASBA Forms) and ASBA Forms (except electronic ASBA Forms) not bearing such specified stamp may be liable for rejection. Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank, as applicable, at the time of submitting the Bid. Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a RIB who is not Bidding using the UPI Mechanism.

The prescribed color of the ASBA Form for the various categories of Bidders is as follows:

Category	Colour of ASBA Form*
Resident Indians including resident QIBs, Non-Institutional Bidders, Retail Individual Bidders and Eligible NRIs applying on a non-repatriation basis	White
Eligible NRIs, FVCIs, FPIs and registered multilateral and bilateral institutions applying on a repatriation basis	Blue
Eligible Employees bidding in the Employee Reservation Portion **	Pink

* Excluding electronic ASBA Form

*** Up to 160,000 Equity Shares shall be reserved for allocation and Allotment on a proportionate basis to the Eligible Employees Bidding in the Employee Reservation Portion., subject to valid Bids being received from them at or above the Offer Price. ASBA Forms for Eligible Employees will be made available at the Registered and Corporate Office of the Company.*

In case of ASBA Forms, Designated Intermediaries shall upload the relevant bid details in the electronic bidding system of the Stock Exchanges. Designated Intermediaries (other than SCSBs) shall submit/deliver the ASBA Form (except a ASBA Form RIBs) to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any escrow bank. Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a RIB who is not Bidding using the UPI Mechanism.

For RIBs, the Stock Exchanges shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to the RIBs for blocking of funds.

Electronic registration of Bids

- The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Offer.
- On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in this Red Herring Prospectus.
- Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1:00 pm on the next Working Day following the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Participation by the Promoter, associates/ affiliate of the BRLMs and the Syndicate Members

The BRLMs and the Syndicate Members shall not be allowed to purchase Offered Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLMs and the Syndicate Members may Bid for the Offered Shares in the Net Offer, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders. Where the allocation is on a proportionate basis,

and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLMs and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

The Promoter Selling Shareholders and the members of the Promoter Group will not participate in the Offer except to the extent of the Offered Shares.

For the purposes of this section, a QIB who has any of the following rights shall be deemed to be a “person related to the Promoters or Promoter Group”: (a) rights under a shareholders’ agreement or voting agreement entered into with the Promoters or members of the Promoter Group; (b) veto rights; or (c) right to appoint any nominee director on our Board.

Bids by Mutual Funds

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the ASBA Form. Failing this, our Company and the Selling Shareholder reserve the right to reject any Bid without assigning any reason therefor.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any Company’s paid-up share capital carrying voting rights.

Bids by Eligible NRIs

Eligible NRIs may obtain copies of ASBA Form from the BRLMs, Syndicate Member and sub-syndicate members at select locations as specified in the ASBA Form. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIBs using the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIBs Bidding using the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the ASBA Form. However, NRIs applying in the Offer through the UPI Mechanism, are advised to enquire with the relevant bank where their account is UPI linked prior to submitting their ASBA Form.

Eligible NRIs Bidding on a repatriation basis are advised to use the ASBA Form for Non-Residents (Blue in color).

Eligible NRI Bidders Bidding on a non-repatriation basis are advised to use the ASBA Form for Residents (White in color).

Bids by HUFs

Hindu Undivided Families or HUFs, in the individual name of the Karta. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the ASBA Form/Application Form as follows: “Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by FPIs

In terms of the SEBI FPI Regulations, the issue of equity shares to a single FPI or an investor group (which means multiple entities having common ownership, directly or indirectly, of more than fifty percent or common control) must be below 10% of our post-Offer equity share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by our Board followed by a special resolution passed by the shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

Additionally, the aggregate foreign portfolio investment up to 24% of the paid-up capital on a fully diluted basis or the sectoral/statutory cap, whichever is lower, does not require Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in transfer of ownership and control of the resident Indian company from resident Indian citizens or transfer of ownership or control to persons resident outside India. Other investments by a person resident outside India will be subject to conditions of Government approval and compliance of sectoral conditions as laid down in these regulations.

In accordance with the FEMA Regulations, participation by FPIs is restricted under Schedule 2 of the FEMA Regulations, in accordance with applicable law, subject to limit of the individual holding of an FPI below 10% of the post-Offer paid-up Equity Share capital of our Company and the aggregate limit for FPI investment not exceeding 24% of the post-Offer paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap, if any by way of a resolution passed by the board of directors followed by a special resolution passed by the shareholders of a company. For details of restrictions on investment by FPIs, see “Restrictions on Foreign Ownership of Indian Securities” beginning on page 325.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI date January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. The FPIs who wish to participate in the Offer are advised to use the ASBA Form for non-residents. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; (ii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iii) such offshore derivative instruments shall not be issued to or transferred to persons who do not satisfy the conditions specified in Regulation 4 of the SEBI FPI Regulations. An FPI is also required to ensure, inter alia, that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- a. such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- b. prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

All non-resident investors should note that dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company, the Selling Shareholder or the BRLMs shall not be responsible for the loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Bids by SEBI-registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations, *inter-alia*, prescribe the investment restrictions on the VCFs, FVCIs and AIFs, respectively, registered with SEBI. Accordingly, the holding by any individual VCF or FVCI registered with SEBI, in any company should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The Category I and II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one investee company. A VCF registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All non-resident investors should note that dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Our Company, the Selling Shareholder or the BRLMs shall not be responsible for the loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Bids by limited liability partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the ASBA Form. Failing this, our Company and the Selling Shareholder reserve the right to reject any Bid without assigning any reason thereof.

Bids by banking companies

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the ASBA Form, failing which our Company in consultation with the Selling Shareholder, reserve the right to reject any Bid without assigning any reason therefor.

The investment limit for banking companies in non-financial services companies, not being subsidiaries, as per the Banking Regulation Act, 1949, as amended (the "**Banking Regulation Act**"), and the Master Direction – Reserve Bank of India (Financial Services provided by Banks) Directions, 2016 ("**Financial Services Directions**"), is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banks' own paid-up share capital and reserves, whichever is less. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a time-bound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to inter alia make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed under 5(b)(i) of the Financial Services Directions), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a) (v) (c) (i) of the Financial Services Directions. Further,

the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the investee company's paid-up share capital and reserves.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Further, pursuant to office memorandum dated June 5, 2017 issued by the Department of Economic Affairs, Ministry of Finance, Government of India, the FIPB has been abolished. Accordingly, the process for foreign direct investment (“**FDI**”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the DIPP.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DIPP issued the Consolidated Foreign Direct Investment Policy notified by the DIPP D/o IPP F. No. 5(1)/2017-FC-1 dated August 28, 2017 effective from August 28, 2017 (the “**FDI Policy**”), consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI or any other relevant authority, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy and the transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in the Offer.

The Equity Shares have not been and will not be registered under the Securities Act, or any state securities laws in the United States, and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws in the United States. Accordingly, the Equity Shares are being offered and outside the United States in offshore transactions in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholder and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Offered Shares Bid for do not exceed the applicable limits under laws or regulations.

SECTION VIII – DESCRIPTION OF EQUITY SHARES AND TERMS OF THE ARTICLES OF ASSOCIATION

Pursuant to the Companies Act and the SEBI ICDR Regulations the main provisions of our Articles of Association relating to, among others, voting rights, dividend, lien, forfeiture, restrictions on transfer and transmission of Equity Shares or debentures and/or on their consolidation/splitting are detailed below. 33	The provisions of these Articles relating to joint holders of shares shall mutatis mutandis apply to any other securities including debentures of the Company registered in joint names.	Provisions as to joint holders as to shares to apply mutatis mutandis to debentures, etc.
34	Notwithstanding anything contained in the articles, every holder of securities of the Company may, at any time, nominate a person in whom his/her securities shall vest in the event of his/her death and the provisions of Section 72 of the Companies Act, 2013 shall apply in respect of such nomination. No person shall be recognized by the Company as a nominee unless an intimation of the appointment of the said person as nominee has been given to the Company during the lifetime of the holder(s) of the securities of the Company in the manner specified under Section 72 of the Companies Act, 2013 read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014. The Company shall not be in any way responsible for transferring the securities consequent upon such nomination. If the holder(s) of the securities survive(s) nominee, then the nomination made by the holder(s) shall be of no effect and shall automatically stand revoked.	Nomination
ALTERATION OF CAPITAL		
35	The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution. A. Subject to the provisions of Section 61, the company may, by ordinary resolution: - i. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; ii. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; iii. sub-divide its shares, or any of them, into shares of smaller amount than is fixed by the memorandum, so, however, that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived; iv. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person, and diminish the amount of share capital by the amount of share so cancelled.	Power to alter share capital
	B. Where shares are converted into stock— i. the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit: Provided that the Board may, from time to time, fix the minimum	Conversion of Shares into stock

	(ix) If the sum payable in respect of any call not paid on or before the day appointed for payment thereof, the holder for the time being or allottee of the Securities in respect of which a call shall have been made, shall pay interest as Board of Directors may determine, from the day appointed for the payment thereof to the day of actual payment, but the Board of Directors may waive payment of such interest wholly or in part.	When interest on Calls is payable
	(x) Any sum, which by the terms of issue of Securities becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall for the purposes of these Articles be deemed to be call duly made and payable on the date on which by the terms of issue the same becomes payable, and in case of non-payment all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.	Sums deemed to be call
	On the trial or hearing of any action or suit brought by the Company against any Member or Debenture holder or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares or debentures, it shall be sufficient to prove that the name of the Member or Debenture holder in respect of whose shares or debentures the money is sought to be recovered, appears entered on the Register of Members or Debenture holders as the holder, at or subsequently to the date at which the money sought to be recovered is alleged to have become due on the share and debentures in respect of which such money is sought to be recovered, that the resolution making the call is duly recorded in the Minute Book; and that notice of such call was duly given to the Member or Debenture holder or his representatives issued in pursuance of these Articles and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive of the debt.	
	(xi) Neither the receipt by the Company of a portion of any money which shall from time to time be due from any Member or Debenture holder to the Company in respect of his shares or debentures, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the company from thereafter proceeding to enforce a forfeiture of such shares or debentures as hereinafter provided.	
	(a) The Board may, if it thinks fit, subject to the provision of the Act agree to and receive from any Member willing to advance the same, all or any part of the amounts of his shares beyond the sums actually called up and upon the money so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made, the Board may pay or allow interest, at such rate (as the Board may deem fit) as the	Calls paid in advance

LIEN		
39	<p>(i) The Company shall have a first and paramount lien upon all the Shares (other than fully paid-up shares)/debentures/securities registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures/securities and no equitable interest in any shares shall be created except upon the footing and condition that this Article will have full effect, and such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares. Unless otherwise agreed by the Board, registration of a transfer of shares/debentures/securities shall operate as a waiver of the Company's lien if any on such shares/debentures/securities. The Directors may at any time declare any shares/debentures/securities wholly or in part to be exempt from the provisions of this clause.</p> <p>(ii) The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien: Provided that no sale shall be made— unless a sum in respect of which the lien exists is presently payable; or until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency or otherwise.</p> <p>(iii) To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the shares comprised in any such transfer. The receipt of the Company for the consideration (if any) given for the share on the sake thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings with reference to the sale.</p> <p>(iv) The net proceeds of the sale shall be received by the Company and</p>	<p>Lien</p> <p>As to enforcing Lien by sale</p> <p>Application of proceeds</p>
